AUDITOR-GENERAL OF PAKISTAN

Special Sectors Audit Wing
Constitution Avenue
Islamabad

No. PforR/PMO/AMIS/F-41/PF-IV/ 850

Dated: 22-08-2025

**Director Generals,
Field Audit Offices.**

Subject: Complete Implementation of AMIS in Field Audit Offices

Dear _____,

The complete implementation of the Audit Management Information System (AMIS) across all field audit offices is now being prioritized as mandatory and effective immediately.

2. In this regard, it is directed to be ensured that audit paras are uploaded directly from the field at the time they are drafted by Field Audit Teams. This will allow for real-time visibility and review by the Deputy Director, followed by the Director, and then the DG. This approach will enable better coordination and timely feedback during the audit process.

3. All field offices are directed to strictly adhere to this workflow without exception. This approach is intended to replace the previous practice of uploading paras only after the formal approval of the Director General. It is aimed at improving efficiency, transparency and workflow integration. All offices must ensure that their inputs into the system are timely, complete and error-free.

4. You are directed to ensure that this process is implemented at the earliest in your respective offices. Your cooperation in this regard is highly appreciated.

F. P. J.
Project Director/DAG (SSA)
