PREFACE

Articles 169 and 170 of the Constitution of the Islamic Republic of Pakistan, 1973 read with Sections 8 and 12 of the Auditor-General's (Functions, Powers and Terms and Conditions of Service) Ordinance, 2001 require the Auditor-General of Pakistan to conduct audit of the accounts of Federal Government, Provincial Governments and the accounts of any authority or body, established by these Governments. Auditor-General of Pakistan, being Auditor-General of Azad Jammu & Kashmir (AJ&K) and Gilgit-Baltistan (GB) also conducts audit in both these Regions under their respective legal provisions.

This consolidated Audit Report (Federal) is based on audits of the accounts of 1407 entities of Federal Government for the financial year 2022-23, conducted by 13 Field Audit Offices, and also contains some audit observations for the previous years. The audit was conducted during 2023-24 on a test check basis to report significant audit findings to the stakeholders. The report includes only the systemic issues and audit findings carrying high monetary value. Relatively less significant issues shall be pursued with the respective Principal Accounting Officers (PAO) in meetings of Departmental Accounts Committee (DAC) and in cases where the PAOs do not initiate appropriate action, the audit observations will be brought to the notice of the Public Accounts Committee in the next year's Audit Report. Sectoral analysis has been added in this report covering strategic review and overall perspective of audit results.

Impact Audit – A new concept of Impact Audit has been introduced, which is an attempt to determine the impact of a new programme or recent changes to an existing programme, with its specific focus on service delivery.

Audit findings indicate the need for adherence to the regularity framework besides instituting and strengthening the internal controls to avoid violation of rules and regulations.

Most of the audit observations included in this report have been finalized in the light of written responses of the management and discussions in the DAC meetings.

(Muhammad Ajmal Gondal)
Auditor-General of Pakistan

Islamabad

Dated: . . .2024

EXECUTIVE SUMMARY

a. Scope of Audit

Department of Audit-General of Pakistan (DAGP) is mandated to conduct audit of 7,911 formations working under different PAOs/Ministries at Federal level. Audit coverage relating to expenditure for the current audit year, under compliance audit category, comprises 1,407 formations having a total expenditure of Rs. 21,604.818 billion and receipts of Rs. 4,888.030 billion for the financial year 2022-23.

In addition to this compliance audit report, DAGP conducted Financial Attest Audits, Special Audits, Performance Audits, Forensic Audits, Impact Audit etc. Reports of these audits are published separately.

b. Recoveries at the instance of audit

Against total expenditure of Rs. 7.561 billion on Department of the Auditor-General of Pakistan, an amount of Rs. 719.156 billion was recovered from January, 2023 to December, 2023.

c. Audit Methodology

Desk audit was carried out to understand systems, procedures and control environment of audited entities. Permanent files of the audited entities were updated and utilized for understanding the institutional framework. Audit methodology included:

- i. Understanding the business processes with respect to control mechanism.
- ii. Identification of key controls on the basis of prior years' audit experience/special directions from the Auditor General's office.
- iii. Prioritizing risk areas by determining significance and risks associated with the identified key controls.
- iv. Design/update audit programmes for testing the identified risk conditions.
- v. Selection of audit formations on the basis of:
 - a. Materiality/significance.
 - b. Risk assessment.
- vi. Selecting samples as per sampling criteria/high value items/key items.
- vii. Execution of audit programmes.

- viii. Identification of weaknesses in internal controls and development of audit observations and recommendations relating to non-compliance with rules, regulations and prescribed procedures.
- ix. Evaluating results.
- x. Reporting.
- xi. Follow-up.

d. Audit Impact

Audit has contributed towards adding value to the control mechanism of organizations which complied with audit recommendations. As a result of audit, management's awareness about internal controls and overall financial discipline has improved compliance with Rules and Regulations. Some of the major actions / initiatives taken by Ministries/Divisions on the pointations/recommendations of Audit are as under:

- i. Excise Department, Islamabad started to collect GST on printing of smart card and number plates.
- ii. Pakistan Rangers, Sindh started disbursing Internal Security Duty Allowance received from Government of Sindh through monthly payroll of AGPR.
- iii. CDNS started crediting the Sales Tax on Services in proper head of account of the provinces.
- iv. Wafaqi Mohtasib has prepared the service rules for its employees after approval from the Federal Cabinet.
- v. ETPB started geo-tagging its properties through department of Survey of Pakistan.
- vi. KPT agreed to prepare its audited financial statements for the last 10 years.
- vii. Rent amounting to Rs. 663.172 million was recovered from allottees of ETPB.
- viii. 4,985-acre land of ETPB (value Rs. 27,692.125 million) was retrieved from the encroachers.
- ix. The National Disaster Management Authority (NDMA) approached the National Bank of Pakistan to increase the interest rates on the NDMF balances in consonance with increase in policy rates announced by State Bank of Pakistan (SBP) from time to time.

- x. Pak-EPA started maintaining proper registers for Initial Environmental Examination (IEE) and Environmental Impact Assessment (EIA) approvals as required under the regulations.
- xi. PPOD started depositing postal revenue into FCF with effect from the FY 2022-23 and deposited the amount of profit earned on Western Union NIDA account into FCF.
- xii. The Finance Division, Law & Justice Division and PAC agreed with the audit viewpoint to recover the amount paid by PPOD to PTCL on account of pledged DSCs of subscribers.
- xiii. After promulgation of new cash management regime, PPOD devised new procedures for agency functions.
- xiv. NRTC and TIP management established the Procurement Fora.
- xv. NRTC committed to add Price Variation Clause in its upcoming contracts to safeguard the company from expected losses.
- xvi. PTA and FAB established its online application portal for finalization of allocation and site clearance of various telecom operators.
- xvii. The telecommunication entities improved the mechanism for timely recovery of receivables from designated customers, telecom operators and others.
- xviii. The telecommunication entities agreed to strengthen the internal controls and internal audit wings of their organizations.
- xix. The ECAC management initiated the PKI Project after lapse of five years.
- xx. Pakistan Railways initiated accrual based accounting system by adopting IFRS.
- xxi. Pakistan Railways management rectified its accounts by Rs 57,045.53 million and revised its financial statements for the FY 2022-23.
- xxii. Pakistan Railways initiated computerized/digital fuel management system to improve the efficiency of fuel management processes.
- xxiii. LPG producing companies have started submission of monthly return thereby improving monitoring, reconciliation and collection of Petroleum Levy on LPG.
- xxiv. Petroleum Division changed the mechanism for deposit of Petroleum Levy on continuous pointing out of default by M/s Cnergyico Pk Ltd. Now the recipient of Petroleum product from M/s Cnergyico Pk Ltd. is required to first deposit the amount

of Petroleum Levy in Government exchequer and then refinery would deliver the product.

- xxv. GHPL was recording sales proceeds of disposal of plant and equipment of different E&P companies (depleted fields surrendered by E&P companies) as other income in their accounts. Such sale proceeds are now being deposited in Government exchequer.
- xxvi. NHA added clause B.3 in the Request for Proposal/ Standard Bidding Documents for procurement of works under Public-Private Partnership.
- xxvii. NHA agreed to devise a parity evaluation mechanism for periodic revision of Composite Schedule of Rates and place it before National Highway Executive Board on quarterly basis.
- xxviii. CDA agreed to prepare a comprehensive plan and SOP for strict monitoring of private housing societies.
- xxix. CDA agreed to install integrated Enterprise Resource Planning (ERP) system to streamline the revenue collection, its reporting and phase-wise implementation is in process.
- xxx. FBR reformed the refund payment system and introduced a fully automated refund payments system known as FASTER that resulted in significant improvement in processing time and redressal of issue of excess sanction.
- xxxi. FWO, which was a refusing entity since inception, agreed for statutory audit. Compliance with Authority Audit of HQ FWO alongwith its Groups has been conducted.
- xxxii. The policy regarding distribution of CNE fund has been revised by Ministry of Defence and as per revised policy, cost of Government store utilized for treatment of CNE patients is now being recovered before distribution of shares.
- xxxiii. Partial compliance of A-1 Land Policy for Welfare & Commercial activities has been started by Ministry of Defence. As a result, recovery has been started and deposited into government exchequer on regular basis.

e. Comments on Internal Controls and Internal Audit Department

The present report has identified a range of irregularities, which have been recurring over the years. The recurrence of these irregularities indicates that systemic issues were cropping up either due to inadequate oversight mechanism or inappropriate design of internal controls.

Although many Audit Entities have internal audit setups, but the financial irregularities observed during the current audit reflect that this function failed to deliver effectively. The efficient functioning of internal audit would have helped the management in effective implementation of internal controls and strengthening the internal control environment in audited entities. It is high time that positions of Chief Finance & Accounts Officers (CF&AO) and Chief Internal Auditors (CIA), as enacted through PMF Act coupled with Financial Management and Powers of Principal Accounting Offices Regulations 2021, are put in place in all Ministries/Divisions and their services are effectively utilized to strengthen Public Financial Management (PFM) System.

f. Key Audit Findings of the Report

Major audit findings included in this Audit Report are:

- i. Misappropriation and embezzlement of public money and fictitious payments
- ii. Maintenance of accounts with commercial banks outside government treasury
- iii. Poor asset management
- iv. Blockage of capital amount
- v. Blockage of revenue
- vi. Issues of contract management
- vii. Defective and unexecuted works
- viii. Design related issues in civil work
- ix. Double booking of expenditure
- x. Encroachment of railway land
- xi. HR/ employees related issues
- xii. Inadmissible expenditure
- xiii. Less collection of income tax and sales tax
- xiv. Less deduction / levy of income tax
- xv. Less realization of sales tax
- xvi. Non-deposit of income tax
- xvii. Incorrect claim of tax credit
- xviii. Irregular Investments
- xix. Irregular mutations of land
- xx. Violation of PPRA Regulations
- xxi. Non-achievement of stated objectives of Development Schemes
- xxii. Non-preparation of annual appropriation accounts and annual financial statements

- xxiii. Non-production of auditable record by certain Organizations
- xxiv. Non-reconciliation of accounts
- xxv. Non-settlement of circular debt
- xxvi. Non-utilization of allocated funds
- xxvii. Lacking financial management
- xxviii. Excessive refunds by Tax Authorities
- xxix. Service delivery issues
- xxx. Splitting of work to avoid open competition
- xxxi. Weak internal controls
- xxxii. Payments without approval of competent authority

AUDIT REPORT
ON
THE ACCOUNTS OF
FEDERAL GOVERNMENT - (CIVIL)
AUDIT YEAR 2023-24

AUDITOR-GENERAL OF PAKISTAN

DIRECTORATE GENERAL AUDIT (FEDERAL GOVERNMENT)

CHAPTER 1

PUBLIC FINANCIAL MANAGEMENT ISSUES

1.1 Sectoral Analysis

The Directorate General Audit (Federal Government) analyzed the financial management of the Federal Government by reviewing budget estimates, Appropriation Accounts and Financial Statements for the financial year 2022-23. Grants of all Ministries/Division included in Audit Plan, overall financial health and fiscal discipline were reviewed in the light of Accounting Policy and Procedure Manual, Financial Audit Manual, Public Finance Management Act, General Financial Rules, field audit of internal controls of selected formations and relevant legislations like Fiscal Responsibility and Debt Limitation Act 2005.

The analysis revealed certain deficiencies and shortcomings which were shared with the management and all the stakeholders which include AGPR, CGA, Ministry of Finance and all the PAOs of the relevant Ministries/Divisions and other entities for corrective measures.

1.1.1 Analysis of appropriation accounts of federal government

It was observed that during the financial year 2022-23 the Federal Government had certain financial management issues which include:

- i. Unnecessary allocation of supplementary grants leading to blocking of public funds
- ii. Demand of budget without need assessment leading to surrender of budget.
- iii. Lapse of funds due to non-surrendering of funds in time
- iv. Non-recording of commitments leading to poor budget management

As per Appropriation Accounts for the financial year 2022-23 there was a total provision of Rs. 31,815.629 billion, however, after surrender and supplementary grants final allocation was Rs. 38,616.656 billion. The actual expenditure was Rs. 38,675.387 billion which was Rs. 58.731 billion (0.15% excess) over and above the final allocation. Detail of charged and voted expenditure is as under:

(Rupees in billion)

Heads	No. of Grants	Original	Supplementary Grant		Surrender (-)	Final Grant	Actual Expenditure	Excess / (Savings)	
			Printed	Not Printed				Amount	% age
Current	86	3,248.508	473.114	587.320	(638.697)	3,670.245	3,691.578	21.333	0.58%
Development	40	1,008.516	30.499	52.347	(245.665)	845.873	929.860	83.986	9.03%

Charged	14	27,558.605	20.753	7,358.695	(837.516)	34,100.537	34,053.949	(46.588)	0.14%
Total		31,815.629	524.367	7,998.362	(1,721.878)	38,616.656	38,675.387	58.731	0.15%

*(excluding five (5) grants i.e. Defence Services, Geological Survey of Pakistan, Foreign Affairs and Capital Outlay on Civil Works).

Comparison of the current year's excess with the previous year's excess indicates improvement in budgeting of Federal Government. Trend of expenditure in comparison to the final budget is tabulated as below:

(Rupees in billion)

Year	Final Grant	Actual Expenditure	Excess / (Savings)	% (saving) / Excess
2017-18	27,480.98	30,714.14	3,233.16	11.77%
2018-19	26,150.15	48,038.00	21,887.85	83.70%
2019-20	22,375.35	22,523.86	148.51	0.66%
2020-21	21,727.53	25,966.21	4,238.68	19.40%
2021-22	29,625.31	29,663.17	37.86	0.13%
2022-23	38,616.656	38,675.387	58.731	0.15%

Overall appropriation figures revealed that the Federal Government granted supplementary grants of Rs. 8,678.242 billion, out of which Rs. 8,049.415 billion was not approved by the Parliament.

In three (3) grants there was a saving of Rs 3.508 billion after supplementary grants of Rs. 1.364 billion, showing non-utilization of 100% supplementary grants; and in 32 Grants, against the supplementary grant of Rs. 7,960.675 billion, Rs. 47.912 billion could not be utilized. Whereas in 19 supplementary grants amounting to Rs.369.119 billion an amount of Rs. 83.146 billion was spent in excess. The details are summed up in the **Figure-I**.

Non-utilization of Supplementary Grants (3 Grants)	<ul style="list-style-type: none"> • Supplementary Grant Rs. 1.364 Billion • Savings w.r.t. final Grant Rs. 3.508 Billion resulting in non-utilization of SG
Excessive Supplementary Grants (32 Grants)	<ul style="list-style-type: none"> • Supplementary Grant Rs. 7,960.675 billion • The amount of Rs.47.912 billion could not be utilized
Insufficient Supplementary Grants (19 Grants)	<ul style="list-style-type: none"> • Supplementary Grant Rs.369.119 Billion • Excess w.r.t Final Grant Rs.83.146 billion resulting in insufficient SG

Figure-I Variation of SGs from Actual Requirements

There was a slight decrease in share of total expenditure on current and development grants during financial year 2022-23 as compared to financial year 2021-22 showing reduced resource allocation on development and current expenditure, negatively affecting the growth of the economy as shown in **Figure-II**:

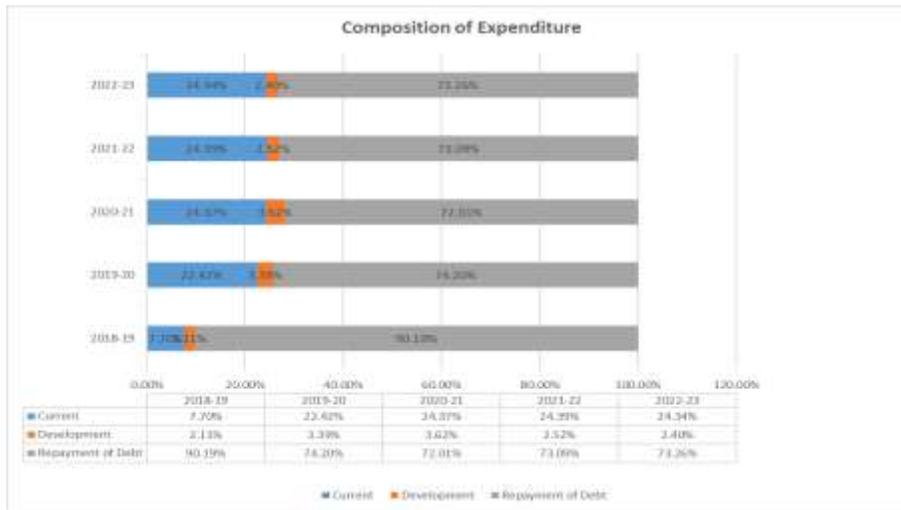

Figure-II – Current, Development and Repayment of debt expenditure as % of Total Expenditure

Flow of expenditure: As per Appropriation Accounts of the Federal Government, for the financial year 2022-23, the total expenditure of Rs. 38,675.39 billion was booked by the AGPR and its subordinate offices as detailed below.

(Rs. in billion)

Economic Functions	FY 2022-23		FY 2021-22	
	Expenditure	%	Expenditure	%
i. Interest Payment	5,702.16		21,681.63	73.09%
ii- Principal Repayments of Loans	28,332.41		3,213.74	10.83%
A- Total Debt Servicing (i+ii)	34,034.57	91.42%	24,895.37	83.93%
B- Other than Debt	3,195.04	8.58%	3,357.96	11.32%
01 - General Public Service (A+B)	37,229.61	96.26%	28,253.33	95.25%
02 - Defence Affairs & Services	11.56	0.03%	6.64	0.02%
03 - Public Order and Safety Affairs	228.77	0.59%	208.32	0.70%
04 - Economic Affairs	540.99	1.40%	589.92	1.99%
05 - Environment Protection	4.70	0.01%	10.09	0.03%
06 - Housing and Community Amenities	9.06	0.02%	10.49	0.04%
07 - Health	35.89	0.09%	162.56	0.55%
08 - Recreation, Culture and Religion	17.48	0.05%	15.74	0.05%
09 - Education Affairs and Services	146.94	0.38%	54.96	0.19%
10 - Social Protection	450.39	1.16%	351.13	1.18%
Grand Total	38,675.39	100.00%	29,663.17	100.00%

Figure-III Flow of expenditure

As evident from the table above, a high percentage of expenditure i.e. 96.26% was expended on General Public Service which includes 91.42% on repayment of debt and interest payments during 2022-23, the same was 83.93% during 2021-22. Therefore, the Federal Government was left with a meager 12% of total expenditure for socio-economic functions (other than debt) which is lower than last year's percentage of 16.07%.

1.1.2 Analysis of financial statements of Federal Government

As per Financial Statements of the Federal Government, for the financial year 2022-23 government expended Rs. 40,404.18 billion against total receipts of Rs 40,382.70 billion out of Federal Consolidated Fund as detailed below:

In billion		
Particular	FY 2022-23	FY 2021-22
Revenue Receipts	4,643.53	3,759.58
Capital receipts (Debts/recovery of loans/adv)	35,739.17	27,839.79
TOTAL RECEIPTS	40,382.70	31,599.37
Revenue payments	11,082.23	8,883.05
Capital payments	29,321.96	22,325.80
TOTAL PAYMENTS	40,404.18	31,208.85

a. **Five Year trend in Public debt¹:** Trend of domestic and foreign debt for the last 5 years is shown in the table given below. As per the Financial Statement of the Federal Government, for the financial year 2022-23 there was an increase in receipt of domestic-floating & permanent debts to Rs.25.17 trillion & Rs. 7.29 trillion as compared to last year's receipt of Rs.17.94 trillion and Rs. 6.53 trillion, respectively. However, receipt of foreign debt was reduced to Rs. 2.88 trillion as compared to previous year's receipts of Rs. 3.08 trillion.

During financial year 2022-23 Federal Government paid off Rs. 22.63 trillion floating and Rs. 2.46 trillion permanent domestic debts as well as Rs.3.24 trillion of foreign debt.

Resultantly, the federal government increased its debts by Rs 7.01 trillion during 2022-23.

Year	Receipts				Payments				Net Increase /(decrease)
	Domestic Debt		Foreign Debt	Total Receipts	Domestic Debt		Foreign Debt	Total	
	Floating	Permanent			Floating	Permanent			
2019	37.68	8.58	1.48	47.74	41.07	1.28	0.97	43.32	4.42
2020	14.30	3.05	2.08	19.43	14.13	1.23	1.36	16.72	2.71
2021	14.55	3.18	2.24	19.96	13.807	0.96	0.96	15.72	4.24
2022	17.94	6.53	3.08	27.54	17.96	1.88	1.84	21.68	5.86
2023	25.17	7.29	2.88	35.34	22.63	2.46	3.24	28.33	7.01

b. **Composition of total Receipts²:** To meet its expenditures, Federal Government mainly relied on borrowings in the shape of public debt (*domestic and foreign debt*) which contributed

¹ Financial Statement 2022-23 Page# 34-35

² Financial Statements 2022-23 Page # 15

Rs. 35,335.74 billion (87.5%) of total receipt. There is more reliance on borrowings as compared to last year when public debt to the tune of Rs. 27,543.98 billion was part of the total receipts.

(Rs. in billion)

Particulars	FY 2022-23	FY 2021-22
Revenue-Receipts	4,643.53	3,759.58
Taxation	3,019.64	2,671.65
Non-taxation	1,623.89	1,087.94
Capital-Receipts	35,739.17	27,839.79
Domestic debt	32,456.17	24,460.58
Foreign debt	2,879.57	3,083.40
Recoveries of loans and advances	403.43	295.81
Total Receipts	40,382.70	31,599.37

During the financial year 2022-23 tax receipts of Federal Government were Rs. 7,177.035 billion as compared to Rs. 6,155.166 billion for the previous financial year, which represents an increase of 16.6%. Out of total tax collections for the financial year 2022-23, the Federal Government has transferred Rs. 4,097,393 million to the provinces. These transfers are made from all heads of taxes in accordance with the NFC award. The net tax reported after the transfers leave the Federal Government with tax revenue of Rs 3,019.642 billion against Rs. 2,671.647 billion in comparison with the previous financial year.

c. Composition of tax receipts: In 2022-23 there was a growth in Income tax including nominal growth in Sales Tax, Federal Excise, and other taxes increased by Rs 434.21 billion as compared to previous financial year 2021-22³. However, there was a decrease in collection of customs duty during CFY. The same is reflected in the Figure-V:

³ Financial Statements 2022-23 Page # 19

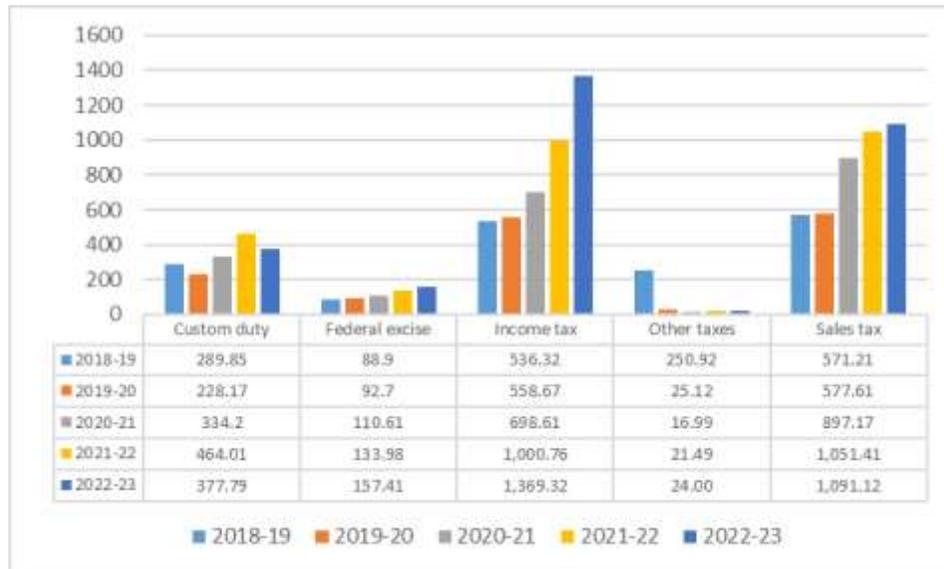

Figure-V -5 year trend in Tax Receipts of the Federal Government

According to Economic Survey of Pakistan, Tax expenditure has been estimated at Rs. 2,239.6 billion.⁴ Last year amount booked as tax expenditure was Rs. 1,757.035 billion.

d. Non-tax receipts: The Federal Government is experiencing increase in total non-tax receipts of Rs 1,623.89 billion as compared to previous year, mainly due to increase in development surcharge & royalties and economic service receipts.

⁴ Economic Survey of Pakistan 2022-23, Annex-II (Page-312)

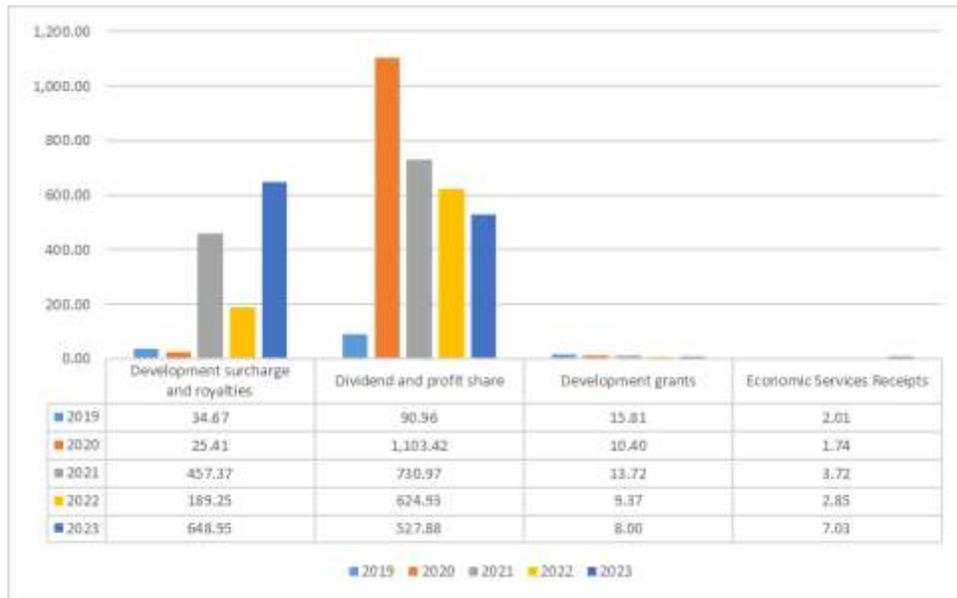

Figure-VI -Non-Tax Receipts of the Federal Government in FY 2022-23⁵

Strenuous efforts are required to increase the tax and non-tax receipts of the Government to reduce dependency on debt.

1.2 Key issues highlighted in Financial Attest Audit

Federal Government (AGPR)

1.2.1 93% of the total supplementary grants remained unapproved by Parliament - Rs. 8,049.415 billion

Article 84 of Constitution of Islamic Republic of Pakistan, 1973 states that if in respect of any financial year it is found, (a) that the amount authorized to be expended for a particular service for the current financial year is insufficient, or that a need has arisen for expenditure upon some new service not included in the Annual Budget Statement for that year; or (b) that any money has been spent on any service during a financial year in excess of the amount granted for that service for that year; the Federal Government shall have power to authorize expenditure from the Federal Consolidated Fund, whether the expenditure is charged by the Constitution upon that Fund or not, and shall cause to be laid before the National Assembly a Supplementary Budget Statement or, as the case may be, an Excess Budget Statement, setting out the amount of that expenditure, and the

⁵ Financial Statements 2022-23 page # 19

provisions of Articles 80 to 83 shall apply to those statements as they apply to the Annual Budget Statement.

Para 31 of Supreme Court of Pakistan’s Judgment dated 5.12.2013 states that the Phrase, “Supplementary Budget Statement, makes it abundantly clear that the Supplementary Budget Statement, in the normal course, is to be placed before the National Assembly during the same Financial Year.

During Certification Audit of Manuscripts of Appropriation Accounts for the year 2022-23, it was noted that Federal Government approved supplementary grants of Rs. 8,678.242 billion during 2022-23 as per details below:

(Rupees)

Particulars	Amount	Percent
Total Supplementary Grants as per Manuscript of Appropriation Accounts for 2022-23	8,678,242,311,000	
Supplementary Grants printed in Supplementary Schedule of Authorized Expenditure	(628,826,583,000)	7%
Supplementary Grants not printed in Supplementary Schedule of Authorized Expenditure	8,049,415,728,000	93%

Audit observed that the Supplementary Grants of Rs. 8,049.415 billion (93% of total Supplementary Grants) were not authorized by the Parliament during financial year i.e. 2022-23.

Audit is of the view that Supplementary Grants of Rs. 8,049.415 billion were unauthorized as these supplementary grants were not tabled before the National Assembly during FY 2022-23.

The DAC in its meeting dated 22.11.2023 directed the management of AGPR to hold a meeting with DG Audit (FG) and discuss all observations to reconcile the issues, and outcome may be discussed in the next DAC meeting with Finance Division.

In compliance with DAC recommendations, a meeting was convened with AGPR, and para was referred for management letter for further discussion in next DAC meeting.

Audit recommends that supplementary grants should be placed before National Assembly during the same Financial Year in compliance of Article 84 of Constitution of Islamic Republic of Pakistan, 1973 and Supreme Court of Pakistan’s Judgment dated 5.12. 2013.

1.2.2 Expenditure in excess of Final Grants without Supplementary Grant – Rs. 94,656.871 million

Article 84 of Constitution of Islamic Republic of Pakistan, 1973 states that if in respect of any financial year it is found, (a) that the amount authorized to be expended for a particular service for the current financial year is insufficient, or that a need has arisen for expenditure upon some new service not included in the Annual Budget Statement for that year; or (b) that any money has been spent on any service during a financial year in excess of the amount granted for that service for that year; the Federal Government shall have power to authorize expenditure from the Federal Consolidated Fund, whether the expenditure is charged by the Constitution upon that Fund or not, and shall cause to be laid before the National Assembly a Supplementary Budget Statement or, as the case may be, an Excess Budget Statement, setting out the amount of that expenditure, and the provisions of Articles 80 to 83 shall apply to those statements as they apply to the Annual Budget Statement.

Section 25(1) of Public Finance Act, 2019 provides that the expenditure in excess of the amount of budget grant as well as the expenditure not falling within the scope or intention of any budget grant, unless regularized by a supplementary grant, shall be treated as excess expenditure.

During Certification Audit of Manuscripts of Appropriation Accounts and Financial Statements of Federal Government for the year 2022-23, it was observed that the Ministries/Divisions incurred excess expenditure of Rs 94.657 billion under 11 demands. Details are as under:

Demand Type	No. of Demands	Final Budget	Expenditure	Excess
Charge	1	935,844,147	936,620,790	776,643
Current	5	24,706,706,570	27,373,715,374	2,667,008,804
Development	5	354,053,858,302	446,042,943,896	91,989,085,594
Grand Total	11	379,696,409,019	474,353,280,060	94,656,871,041

(Rupees)

Audit is of the view that incurring expenditure in

excess of final grants was irregular and against Provision of the Constitution of Pakistan.

The DAC in its meeting dated 22.11.2023 directed the management of AGPR to hold a meeting with DG Audit (FG) and discuss all observations to reconcile the issues and final outcomes may be discussed in the next DAC meeting with Finance Division.

In compliance with DAC recommendations, a meeting was convened with AGPR, and para was referred for management letter for further discussion in next DAC meeting.

Audit recommends that AGPR should be directed to stop payments without allocation of budget in the relevant head.

1.2.3 Expenditure charged to the Revenue Account instead of Capital Account – Rs. 218.046 billion

Para 184 of GFR Vol-I states that provision for expenditure on all buildings, communications and other works required by civil departments, which Government has not specifically allotted to such departments, should be included in the Grant for "Civil Works", to be administered and accounted for by the Public Works Department. No such work may be financed partly from funds provided in a departmental budget and partly from the budget for civil works.

During Certification Audit of Manuscripts of Appropriation Accounts and Financial Statements of Federal Government for the year 2022-23, it was noticed that the expenditure of Rs 218.046 billion was charged to object-head A-12-Civil Works under Current Grants and Development Grants:

Grant	Nos	Expenditure* in Rs.
Charge	4	7,092,000
Current	36	197,459,833,444
Development	175	20,579,083,490
Grand Total	215	218,046,008,934

**Excluding demands from 122 to 131 i.e. Development expenditure on capital account.*

Audit observed that the Ministry of Finance got approved funds from the Parliament under Budget Head A-12-Civil Works in different current and development demands but the expenditure was charged to Revenue Account instead of Capital Account.

Audit is of the view due to non-booking of civil works expenditure as capital expenditure presentation in the books of accounts was affected.

The management of AGPR replied that the para relates to Finance Division. While preparing the annual budget, Finance Division should provide the budget of Civil Works under the proper grant of M/o Housing and Works instead of under different grants of Ministries / Divisions so that the expenditure against the said budget could be charged to Capital Account.

The DAC in its meeting dated 22.11.2023 directed the management of AGPR to hold a meeting with DG Audit (FG) and discuss all observations to reconcile the issues, and final outcomes may be discussed in the next DAC meeting with Finance Division.

In compliance with DAC recommendations, a meeting was convened with AGPR, and para was referred for management letter for further discussion in next DAC meeting.

Audit recommends that expenditure on Civil Works be charged to Capital Expenditure as required under the rules.

1.2.4 Variation in appropriation account and head wise expenditure of PPOD provided by the AGPR – Rs. 1,213.811 million

Para 2.2.2.6 of APPM provides that “the Accountant General Pakistan Revenues (AGPR) is responsible for the centralized accounting and reporting of federal transactions. Additionally, the AGPR is responsible for the consolidation of summarized financial information prepared by federal self-accounting entities.

Para 2.3.3.1 of APPM provides that “the accounting system must produce sufficient information for the adequate control of the government’s finances. This objective shall be addressed by:

- Preparation of monthly and annual accounts
- Availability of an audit trail through sub-ledgers, registers and source documents to substantiate the financial reports.
- Preparation of additional operational information by entities as required.
- On-going review of information requirement by users.

During Certification Audit of Manuscripts of Appropriation Accounts and Financial Statements of Federal Government for the year 2022-23, it was observed that expenditure under grant No. 26 pertaining to Pakistan Post Office Department (PPOD) was Rs. 18,697.566 million. Details are as under:

Amount Rs. in million

Document	No. and Name of the Grant/Appropriation	Original Grant / Appropriation	Surrender	Final Grant / Appropriation	Actual Expenditure	Excess (Savings) /
Appropriation Account	26 - Pakistan Post Office Department	15,719.000	(255.883)	15,463.116	18,697.566	3,234.449
AGPR Data	26 - Pakistan Post Office Department	14,738.507	(255.233)	15,263.469	17,483.755	2,220.286
	Variation	980.493	-	199.647	1,213.811	

Audit observed that there was variation of Rs 1,213.811 million in the expenditure shown in the appropriation accounts and head-wise expenditure (soft data) provided by the AGPR.

Audit is of the view that due to the non-availability of complete audit trail the certification process has been compromised resulting in scope limitation.

The management replied that actual expenditure of Rs 18.697 million was reported to PPOD, and department did not point out any variation.

The DAC in its meeting dated 22.11.2023 directed the management of AGPR to hold a meeting with DG Audit (FG) and discuss all observations to reconcile the issues, and that final outcomes may be discussed in the next DAC meeting with Finance Division.

In compliance with DAC recommendations, a meeting was convened with AGPR, and para was referred for management letter for further discussion in next DAC meeting.

Audit recommends that reconciled expenditure along with soft data extracted through SAP system be provided and matter may be inquired.

Central Directorate of National Savings (CDNS)

1.2.5 Non-transfer of provincial sales tax on services to the respective province– Rs 15.125 million

The Controller General of Accounts vide letter dated 09.07.2021 devised a mechanism for accounting, reporting and settlement of withheld sales tax on services levied by the provincial governments and also opened new heads of accounts under the object element “G-Liabilities” as detailed below:

Major Object	G05	Control Account
Major Object	G051	Misc
Detailed Object	G05120	Sales Tax on Services (Punjab)
Detailed Object	G05121	Sales Tax on Services (Sindh)
Detailed Object	G05122	Sales Tax on Services (KPK)
Detailed Object	G05123	Sales Tax on Services (Balochistan)

During scrutiny of data provided by the management of CDNS, Islamabad, it was noted that management deducted Rs 15.125 million on account of sales tax on services under the head of account “Services Rendered” during Financial Year 2022-23.

Audit observed that provincial sales tax on services amounting to Rs 15.125 million was not booked under the relevant object head as evident from SAP report.

Audit is of the view that this practice resulted in misclassification of CDNS receipt accounts which may ultimately result in overstatement of receipts of Federal Government.

Management replied that in compliance of audit observation, all the account offices have been instructed to book the payment of “Sales tax on services” under the relevant object heads of Sales Tax on Services of the respective provinces as conveyed / revised by the CGA. Now booking is properly being done by the Regional Accounts Offices.

The DAC in its meeting held on 22.01.2023 recommended the para for settlement subject to regularization by Finance Division.

Audit recommends that DAC directions may be complied with.

Pakistan Mint

1.2.6 Overstatement of receipt – Rs. 17.115 million

Rule 12 of GFR Vol-I requires that, a controlling officer must see not only that the total expenditure is kept within the limits of the authorized appropriation but also that the funds allotted to spending units are expended in the public interest and upon objects for which the money was provided. In order 'to maintain proper control, he should arrange to be kept informed, not only of what has actually been spent from an appropriation but also what commitments and liabilities have been and will be incurred against it.'

During Certification Audit of Manuscript of Appropriation Accounts of Pakistan Mint Lahore for the Year 2022-23, it was observed that Pak Mint recovered an amount of Rs 17.115 million from the pay of employees residing in Mint colony during financial year 2022-23 and deposited the same into receipt account of Pak Mint.

(in Rupees)

Particulars	Electricity	Gas	Total
Recovered from Employees	15,990,887	1,125,038	17,115,925

Audit observed that the recovered amount was irregularly deposited into receipt and collection account G-10104 of Pakistan Mint as this amount does not belong to mint receipts.

Audit is of the view that depositing personal recoveries of employees into receipt account of Pakistan mint enhanced the actual receipts and overstated the receipts by Rs.17.115 million.

The management replied that Pak Mint is maintaining Assignment Account therefore receipt cannot be deposited into said account. Therefore, recoveries of utility were deposited into G10101-Mint Receipt and Payment.

The DAC in its meeting held on 22.01.2023 accepted the viewpoint of Audit and directed the management to resolve the issue in consultation with AGPR to avoid such lapse in future.

Audit recommends that management of Pak Mint should comply with the directions of DAC.

CHAPTER 2

2. IMPACT AUDIT: INITIATIVES TAKEN FOR BETTER SERVICE DELIVERY IN EXCISE & TAXATION DEPARTMENT ISLAMABAD

2.1 Introduction

2.1.1 Background

Pakistan's vision 2025 gives special emphasis on knowledge intensive activities that contribute to advancement in technical and digital innovation. Through digital economy, GOP wants to ensure economic prosperity, citizen facilitation and empowerment. In wake of this vision, Excise and Taxation Department, also known as Islamabad Excise, as a part of Islamabad Capital Territory Administration, has also prioritized multiple initiatives to enhance confidence building measures for taxpayers, harnessing tax culture and facilitating general public.

The Excise and Taxation Department serves as a pivotal government agency which is responsible for the administration and collection of various taxes, duties, and excise fee on activities within its jurisdiction in the federal capital territory. Apart from registration of motor vehicles, its primary mandate is to ensure the fair and efficient collection of revenues that contribute to the development of the region and the provision of essential public services.

The Department has multidimensional functions that encompass gathering of both direct and indirect taxes. It oversees the collection of Road Tax, Income Tax (Adjustable), Professional Tax, Advance Tax and Capital Value Tax, Bed Tax, etc. which are direct taxes levied on individuals and businesses based on their earnings. Additionally, the department administers indirect taxes such as the federal excise duty, which is levied on specific goods and services, contributing to the national revenue pool.

2.1.2 Overview of Digital Initiatives

To enhance operational efficiency and to facilitate ease of compliance, the Excise and Taxation Department has embraced technological advancements. It has introduced several online platforms and digital services that enable taxpayers to book online appointments, make payments, and access relevant information through user-friendly interfaces. This modernization can potentially simplify the tax/fee payment process. It can also promote transparency and reduce administrative burdens. Some of the initiatives taken by the department are as under:

- i. Online payment collection system
- ii. Introduction of bio-metric verification system

- iii. Introduction of online appointment system
- iv. Door to door registration

i.

The following are the overall objectives of these digital initiatives:

- i. To facilitate the taxpayers and enhance Govt. revenue receipts and recovery
- ii. To bring evolution in tax management system and promote tax culture
- iii. To ease out mechanism of vehicle registration through digital platforms
- iv. To authenticate the process of vehicle transfer through biometric

In order to analyze the impact of these initiatives on public facilitation, improvement in revenue and service delivery, in comparison with manual services before such interventions, DGA (FG) has performed Impact Audit by employing different data analysis and audit techniques.

2.2 Audit Scope

The scope of this Audit is to evaluate the impact of introduction of digital services including the systems of online payment, biometric verification, online appointment and door to door registration services of Excise and Taxation Department Islamabad on revenue collection, ease of accessing services and improvement in vehicle registration and transfer processes.

2.3 Audit Objectives:

- i. To evaluate the effectiveness and efficiency of digital services in terms of tax collection, vehicle registration and biometric verification etc.
- ii. Provide recommendations for improvement and enhancement.

2.4 Audit methodology

The audit methodology involved a structured approach using time-series analysis. It encompasses a comprehensive review of pre-computerization processes to establish a baseline for comparison. Quantitative and qualitative data on relevant performance indicators were used. Data was collected on indicators of improvement in revenue generation, ease of accessing services and improvement in vehicle registration and transfer processes. Analysis was made employing statistical techniques to measure changes in performance metrics. A qualitative survey was also conducted on a random sample to assess the awareness and effectiveness of new digital systems.

2.5 IMPACT AUDIT FINDINGS

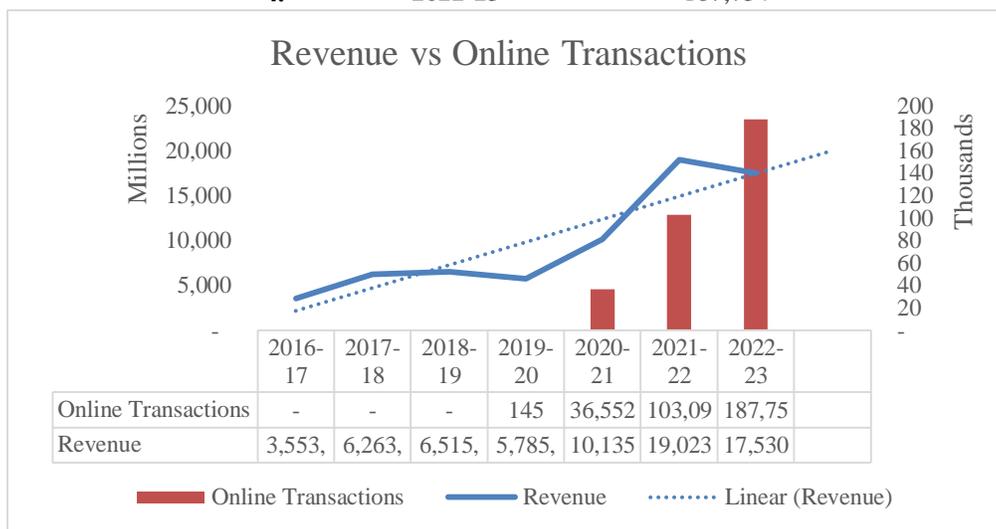

Excise & Taxation Department Islamabad had taken following digital and citizen friendly initiatives in larger public interest. Audit evaluated the impact of each of these digital initiatives

for improved service delivery and revenue generation. There was no rival cause involved for comparison as these initiatives were taken as a replacement of manual operations. However, percentage increases were calculated with regard to base year data, where applicable.

2.5.1 Online Payment Collection System

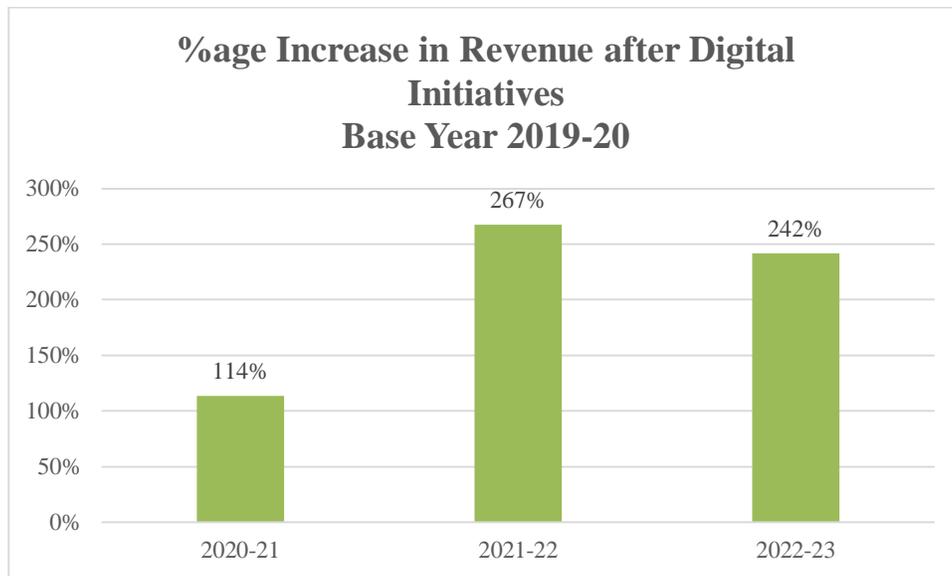

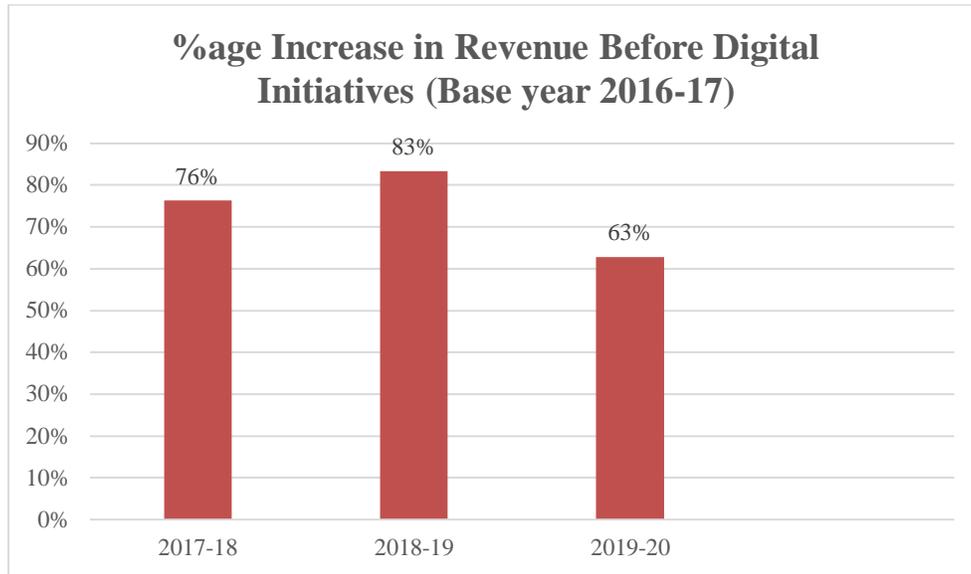

Through the online payment system implemented by the department on 01.06.2020, the general public can pay the Road Tax / Token Tax and registration fee/transfer of ownership fee through a software application namely “CITY ISLAMABAD”. The application generates a unique Payment Slip ID which provides option to pay the fees/taxes either by e-Sahulat Center of NADRA across the country or through 1-link service. The above said service has enabled the vehicle owners to pay registration fee/transfer of ownership and Road Tax/Token Tax of their respective vehicles in a more facilitated manner. The initiative helps them to avoid the past practice of standing in long queues for payment. The trend of online transactions for vehicle registration is as under:

S. No.	Financial Year	No. of online Transactions
1.	2019-20	145
2.	2020-21	36,552
3.	2021-22	103,098
4.	2022-23	187,754

The above graph shows that the number of online transactions has been consistently growing, as more citizens have preferred to use online payment facility over the years. The same is further substantiated from the fact that due to the introduction of online payment system, the revenue generated by Excise and Taxation Department, Islamabad has increased from Rs. 6.515

billion during 2018-19 to Rs. 17.530 billion in 2022-23. The charts below depict the yearly revenue growth percentage before the introduction of digital initiatives (with base year 2016-2017) and after the digital initiatives (with base year 2019-2020).

The charts show that the revenue growth has significantly increased after the introduction of digital initiatives by Excise and Taxation Department, Islamabad.

The increase in revenue was less significant in 2022-23 as compared to substantiated increase in revenue after online system introduced in 2019. It to mention that the revenue growth

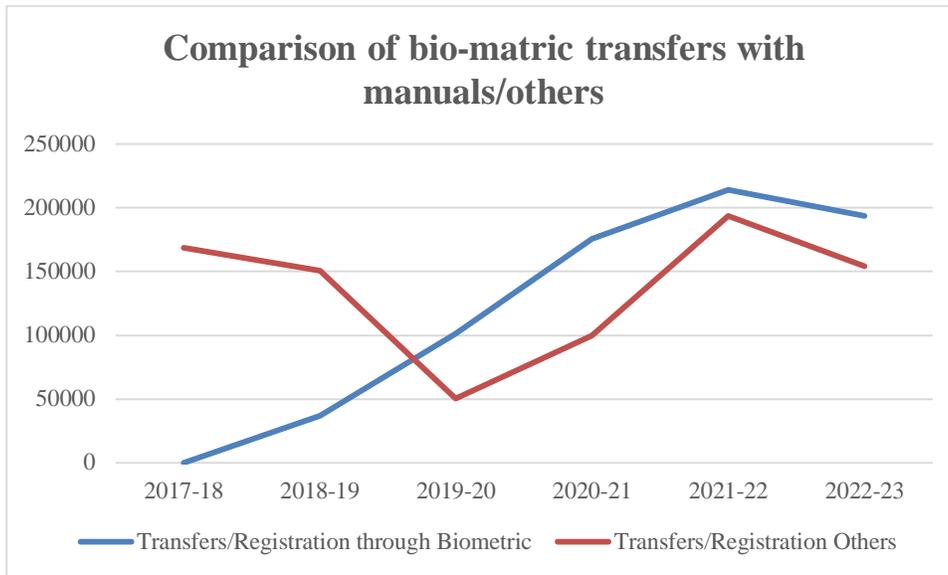

has slowed down a little during 2022-23 due to the fact that taxation rate of new registration in Islamabad is much higher than that in Rawalpindi.

During a qualitative survey by Audit, it was noted that 76.4 percent of survey respondents were aware of digital services, though almost 98 percent considered it as a useful initiative by the Excise and Taxation Department Islamabad.

2.5.2 Introduction of Biometric Verification System

Before introduction of biometric verification system for registration / transfer of ownership of vehicles there were chances of ownership transfer fraudulently by presenting fake/fabricated transfer letter. Biometric verification provides for a unique authentication system with no chance of malpractice and connivance.

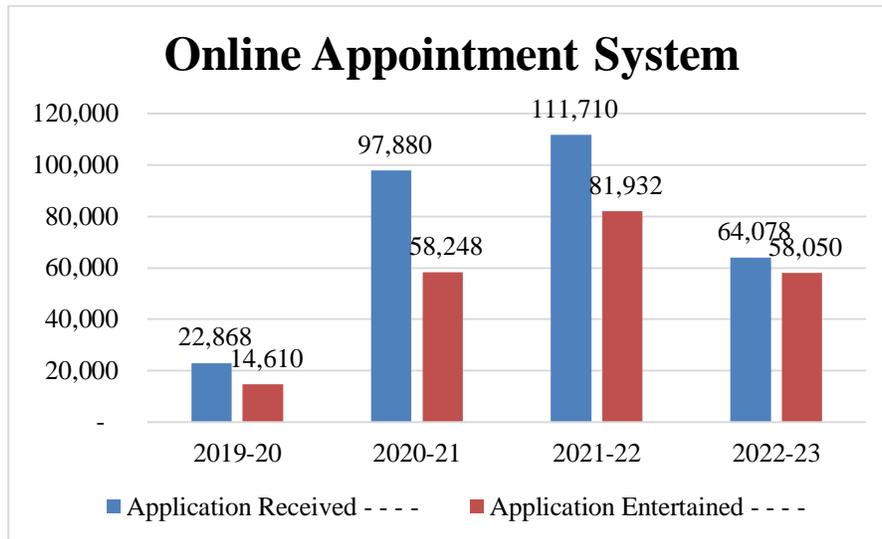

Since the start of initiative of Biometric Verification System on 01.03.2019, the chance of getting a vehicle transferred fraudulently or illegally must have considerably reduced owing to the inherent security feature of biometric verification system. It is even more robust in comparison with the previous system of vehicle transfers through manual buyer/seller verification. The said system made the registration process transparent and ensured elimination of agent mafia involvement. Currently, the BVS facility is available at e-Sahulat centers of NADRA all over Pakistan. With the start of Biometric Verification, the number of vehicle transfers has increased two times because now the purchaser must have to transfer the vehicle in his name in certain period of time otherwise a penalty will be imposed on purchaser. In previous system, the purchaser needed only a transfer letter signed by the seller without any validity. Trend of bio-metric registration/transfer cases vs manual /other transfers (companies/government vehicles, engine change, duplicate book, etc.) is as under:

It is clear from above chart that the number of transfers through bio-metric was on increasing trend as vehicle transfer in case of individuals is mandatory to be routed through biometric verification. However, Audit noted that transfers / registrations of bank-leased, auctioned and imported vehicles are still lying outside bio-metric verification, which also showed upward trend and will remain potential cases of fraudulent transfers. The absence of fraudulent cases data in manual system possesses a limitation to Audit for analyzing the trend in fraudulent cases. During a qualitative survey by Audit, an overwhelming majority of respondents (98.3 percent) have considered it as an initiative that is an effective control against fraudulent practices.

2.5.3 Introduction of Online Appointment System

During Covid-19 pandemic, the department initiated an online appointment system for registration /transfer of vehicles w.e.f. 20.08.2019. After initial data entry the system generates an appointment number and also intimates the date and time for client to approach the office for registration / transfer of vehicle. A separate counter has also been designated at the premises for the said purpose. Due to the online appointment system, the general public has been facilitated for registration / transfer of their respective vehicles without standing in long queues at department. Detail of online application cases is as under:

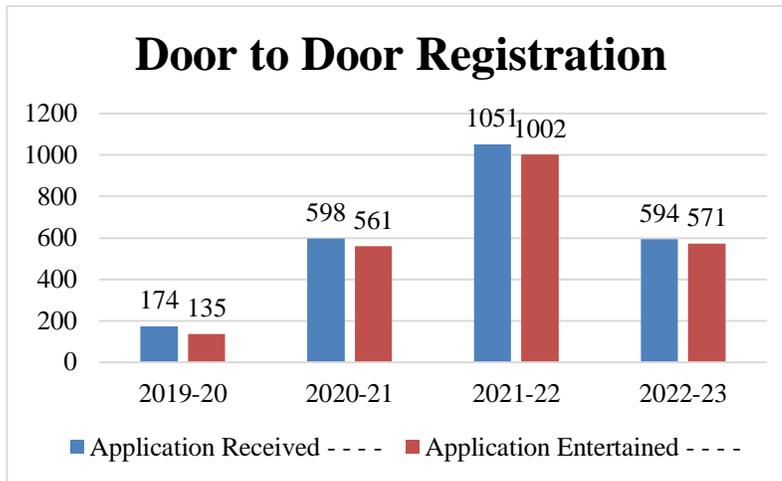

Audit noted that citizens have been increasingly utilizing the online appointment facility which indicates it as a citizen friendly initiative. However, Audit noted a decline in the use of online appointment application during 2023, which is a cause of concern, and the department should take measures to maintain this facility.

During the survey by Audit, 94.3 percent responses showed that people consider it a useful digital initiative but on the other side, only 52.8 percent were aware of this service.

2.5.4 Door To Door Registration

The Excise & Taxation Department, with collaboration of NADRA, started a Door to Door Registration of Vehicle w.e.f. 20.08.2019 for facilitation of general public. Through this service, the applicants can contact with a call center and take appointment for the service. The staff of Excise & Taxation Department will then visit the applicants at their vicinity for completing due process at doorstep.

Audit noted that registration/transfer of vehicles at doorstep of citizens has shown an increasing trend with a little decline in 2022-23. Overall, the chart shows an upward trend but it is not a hugely popular service, probably because of increased fees involved. The decline in use of above service is a matter of concern for audit and the department should take measures to keep it intact. As per survey results, most of the respondents considered it as a useful initiative, a significant number (38.4 percent) was not even aware of this service.

2.6 Conclusion

Audit concludes that the digital initiatives taken by the department have shown positive impact on service delivery and thereby brought improvement in revenue generation. The impact is mainly attributable to the increased number of digital transaction over a period, facilitation of citizens by enhancing outreach of the service through door to door facility, saving time through online appointments and improvement in revenue generation. Biometrically authenticated transfers are inherently more secure, therefore, it is a strong step by the department to reduce fraudulent/bogus transfers of vehicles. Further, the online accessibility of digital service to the citizens has also reduced the role of agent mafia. The online initiative has also offered 24/7 accessibility of departmental facilities. On contrary, Audit also noted a decline in all the key indicators during 2022-23 which needs to be explored for ensuring continuation of digital efforts for enhanced service delivery. Moreover, awareness among masses for using digital services needs to be enhanced.

2.7 Audit Recommendations

- i. The continuation of digital initiatives is strongly recommended to ensure continuity of public facilitation and improvement in revenue generation.

- ii. A mechanism should be devised to authenticate transfer of vehicles lying outside the system to avoid fraudulent transfer.
- iii. Audit recommends that the Department should take measures to ensure that more residents become aware of the digital services to stay facilitated.
- iv. Audit recommends ensuring the effectiveness and reliability of online tax collection systems. In this regard, IS Audit of the technology infrastructure including security protocols and data encryption methods are highly recommended to identify the potential vulnerabilities.
- v. Continuous monitoring of transaction logs and system activities are recommended to help detect anomalies or irregularities which may result in fraudulent activities.
- vi. Audit recommends investing in employees training programs to enhance the skills of tax administration personnel responsible for managing online tax collection systems. This includes staying abreast of the latest technological advancements and cyber security measures to effectively respond to evolving threats and risks posed to the system.

CHAPTER 3

MINISTRY OF AVIATION

3.1 Introduction

As per Schedule II [Rule 3 (3)] Distribution of Business among the Divisions read with Schedule III [rule-4(4)] Rules of Business 1973 following main businesses have been assigned to the Division amongst the other functions.

- i. Aircraft and air navigation; administration of the Civil Aviation Ordinance, 1960
- ii. Regulation, organization and safety of air traffic and of aerodromes and administration of Airports Security Force
- iii. Matters related to Pakistan International Airlines Corporation
- iv. Air Service agreements with different countries and other international agencies concerned with aviation.
- v. Federal Meteorological Organizations and Meteorological observations and World Meteorological Organizations

ATTACHED DEPARTMENTS / AUTONOMOUS BODIES/COMPANIES

- i. Pakistan Meteorological Department
- ii. Airports Security Force
- iii. Civil Aviation Authority (CAA)
- iv. PIACL

Sr. No.	Description	Total No.	Audited	Expenditure Audited (FY 2022-23) Rs. in million	Revenue/Receipt Audited (FY 2022-23) Rs. in million
1	Formations	20	4	3,546.362	-
2	Assignment Accounts (Excluding FAP)	-	-	-	-
3	Authorities / Autonomous Bodies etc. under the PAO	-	-	-	-
4	Foreign Aided Project (FAP)	-	-	-	-

3.2 Comments on Budget & Accounts (Variance Analysis)

The final budget allocated to the Aviation Division for the financial year 2022-23 was Rs. 15,485.26 million, out of which the Division expended an amount of Rs.15,474.02 million. Grant-wise detail of current and development expenditure is as under:

(Rs. In millions)

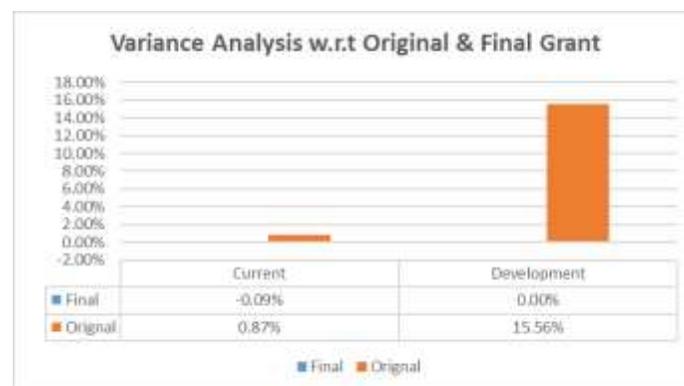

Grant No	Type of Grant	Original Grant	Supplementary Grant	Surrender (-)	Final Grant	Actual Expenditure	Excess/ (Saving)	% age Excess/ (Saving)
1	Current	2,227.23	.00	-15.77	2,211.45	2,194.90	-16.55	-0.75%
2	Current	10,195.97	222.04	-87.15	10,330.86	10,336.19	5.33	0.05%
	Total Current	12,423.20	222.04	-102.92	12,542.31	12,531.09	-11.22	-0.09%
91	Development	2,484.87	839.13	-381.05	2,942.95	2,942.93	-.02	0.00%
	G Total	14,908.07	1,061.17	-483.97	15,485.26	15,474.02	-11.24	-0.07%

Audit noted that there was an overall savings of Rs.11.24 million, which was mainly due to current expenditure.

Supplementary Grants obtained without careful cash forecasting

According to Para 71 of GFR (Volume I), while framing budget estimates, the authorities should exercise utmost foresight. Rules of good governance demand that budget processes are carried out in accordance with clearly defined expectations and assumptions and a coordinated calendar of activity.

As shown in the chart below, bifurcating total allocation into current and development expenditure it is observed that, in case of development expenditure, there was 15% of excess w.r.t original grant which finally became 0% w.r.t Final Grant and in case of current expenditure 0.87% of excess expenditure reduced to 0.09% of saving in expenditure.

3.3 Classified Summary of Audit Observations

Audit observations, amounting to Rs. 16.994 million, were raised in this report during the audit of **Aviation Division**. Summary of the audit observations classified by nature is as under:

(Rupees in million)

S. No	Classification	Amount
1	Non-production of record	-
2	Reported cases of fraud, embezzlement and Misappropriation	-
3	Irregularities

3.5 AUDIT PARAS

Airport Security Force Headquarters, Karachi

3.5.1 Irregular obtaining of pay orders in the name of ASFF Surety Fund – Rs. 12.093 million

Clause 2(j) of the Public Finance Management Act 2019 calls for the compliance of law, rules, regulations, maintaining high standard of prudence, vigilance, due diligence and ensuring value for money while incurring expenditure and collecting government receipts.

Clause 7(a) of invitation to tender and general instructions of bidding documents regarding earnest money states that Pay Order/Bank Draft in Favor of ASFF Surety Fund from Schedule banks of Pakistan at 3% of total contract be deposited in separate envelope along with tender documents. Firms' offer will be disqualified in absence of Earnest Money.

Clause 21(a) of the contract agreement signed between all the suppliers and ASF HQ, Karachi states that to ensure timely and correct supply of stores, the firm will furnish unconditional

guarantee in the form of pay order in favor of ASFF Surety Fund within 10 days of signing of contract of total amount i.e. 10% of the total value of the contract. The pay order will remain valid for 60 days after acceptance of the stores, it will be returned to supplier after acceptance of stores by the consignee.

The management of Airports Security Force (HQ), Karachi purchased different items from contractors and obtained a pay order/demand draft amounting to Rs. 12,093,546 as 3% Earnest money and 10% performance guarantee during the financial year 2022-23. The summary is given below:

Particulars	Amount (Rs)
3% Earnest Money	3,072,209
10% Performance Guarantee	9,021,337
Total	12,093,546

Audit observed that:

- i. Earnest Money & Performance Guarantee in the shape of pay orders was obtained in the name of Airport Security Force Foundation Security Fund Account which is a separate account of i.e. ASF Foundation, and is not related to ASF HQ.
- ii. Whether the Pay orders were deposited into ASFF Funds or returned to bidders/suppliers was neither known nor any proof thereof was provided.
- iii. Utilization of Government money for Foundation Activities was not covered under the rule.

Audit is of the view that the accounts of the Foundation were benefited by the Government money which was irregular.

Audit recommends that inquiry may be conducted to fix the responsibility.

Note: The issue was reported earlier also in the Audit Report for Audit Year 2022-23 vide para number 2.5.2 having financial impact of Rs. 65.865 million. Recurrence of same irregularity is a matter of serious concern.

Airport Security Force Islamabad

3.5.2 Whereabouts of Tents not known– Rs. 4.901 Million

GFR 23 stays that every Government officer should realize fully and clearly that he will be held personally responsible for any loss sustained by Government through fraud or negligence on his part and that he will also be held personally responsible for any loss arising from fraud or

negligence on the part of any other Government officer to the extent to which it may be shown that he contributed to the loss by his own action or negligence.

Airport Security Force, Headquarters, Karachi purchased 44 Tents for 8 men and 46 tents for 4 men amounting to Rs. 9.960 million from M/s BSF Associate, Karachi during 2021-22, and delivered them to Airport Security Force, Islamabad for 23rd March Parade, 2022.

Audit observed that during audit of ASF Headquarters, Karachi the management provided receiving note of 90 tents from Islamabad Office whereas during audit of ASF, Islamabad it was observed that only 45 tents were received as per Receiving Voucher dated 20.06.2022 by ASF Islamabad. Details are as under:

S. No.	Description	Qty	Rate	Amount
1.	Tent for 8 Men	19	123,950	2,355,050
2.	Tent for 4 Men	26	97,950	2,546,700
			Total	4,901,750

Audit is of the view that one of the receiving notes may be fake. It could either be the note provided during audit of ASF Headquarters, Karachi, or the one provided during audit of ASF, Islamabad.

The PAO was requested to provide justification on 27.06.2023 but neither reply was received nor was DAC convened till finalization of the report.

Audit recommends that the matter may be inquired and outcome may be shared with audit.

CHAPTER 4

BOARD OF INVESTMENT

4.1 Introduction

The Board of Investment (BOI) was established with broad based responsibilities of promotion of investment in all sectors of economy, facilitation of local and foreign investors for speedy materialization of their projects, enhancement of Pakistan's international competitiveness and contribution to economic and social development.

BOI assists companies and investors who are investing or intend to invest in Pakistan as well as facilitates the implementation and operation of their projects. The wide range of services provided by BOI also includes provision of information on the opportunities for investment and facilitating companies that are looking for joint ventures.

BOI acts as a focal point of contact for existing and prospective investors, both domestic and foreign, to provide them with all necessary information and assistance in coordination with other Government Departments/Agencies at Federal and Provincial level.

Sr. No.	Description	Total No.	Audited	Expenditure Audited (FY 2022-23) Rs. in million	Revenue/Receipt Audited (FY 2022-23) Rs. in million
1	Formations	-	-	-	-

4	Foreign Aided Project (FAP)	-	-	-	-

4.2 Comments on Budget & Accounts (Variance Analysis)

The final budget allocated to the Board of Investment for the financial year 2022-23 was Rs. 450.77 million, out of which the Division expended an amount of Rs.463.77 million. Grant-wise detail of current expenditure and development expenditure is as under:

(Rs. in millions)							
Grant No	Type of Grant	Original Grant	Surrender (-)	Final Grant	Actual Expenditure	Excess/ (Saving)	% age Excess/ (Saving)
13	Current	377.67	-1.89	375.77	388.89	13.11	3.37%
92*	Development	107.50	-32.50	75.00	74.75	-25	-0.34%
	Total	485.17	-34.39	450.77	463.63	12.86	2.77%

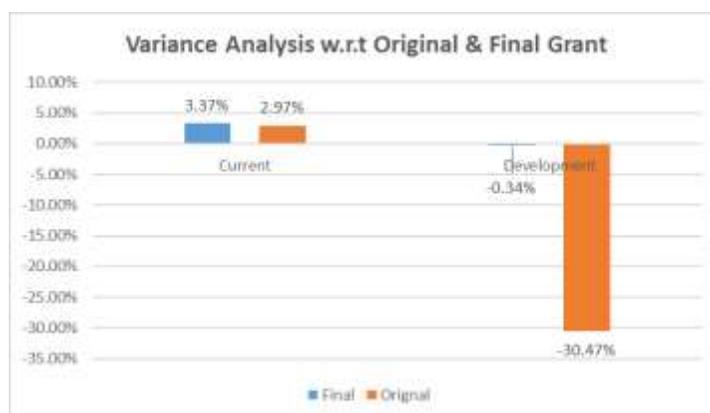

* Development Project of BoI named CPEC-ICDP (ID9436) was reflected under grant 92 of Cabinet

The audit noted that there was an overall excess expenditure of Rs.12.86 million, mainly pertaining to current expenditure.

Supplementary Grants obtained without careful cash forecasting

According to Para 71 of GFR (Volume I), while framing budget estimates, the authorities should exercise utmost foresight. Rules of good governance demand that budget processes are carried out in accordance with clearly defined expectations and assumptions and a coordinated calendar of activity.

As shown in the chart below, bifurcating total allocation into current and development expenditure, it is observed that, in case of development expenditure, there were 30.47% of saving w.r.t original grant which was finally reduced to 0.34% w.r.t Final Grant and in case of current expenditure 2.97% of excess expenditure rose to 3.37%.

4.3 Classified Summary of Audit Observations

Audit observations, amounting to Rs.13.872 million, were raised in this report during the current audit of **Board of Investment**. Summary of the audit observations classified by nature is as under:

(Rupees in million)

4.5 AUDIT PARAS

4.5.1 Hiring of services without competition - Rs. 5.555 million

Rule 12(1) of the Public Procurement Rules, 2004 states that procurement over five hundred thousand Pakistani Rupees and up to the limit of three million Pakistani Rupees shall be advertised on the Authority's website in the manner and format specified by regulation by the Authority from time to time. These procurement opportunities may also be advertised in print media, if deemed necessary by the procuring agency.

Rule 42(c)(v) of PPRA states that a procuring agency shall engage in direct contracting in case of an emergency: Provided that the procuring agencies shall specify appropriate fora vested with necessary authority to declare an emergency.

The management of the project titled "Establishment of PMU on CPEC – Industrial Cooperation Development Project (CPEC-ICDP)" incurred an expenditure of Rs.5,554,904 on account of Conferences & Seminar during 2021-22.

(Rupees)				
Sr	Firm	Particulars	Amount	
1	M/S Shift Three Media	Event Management at PC Lahore	3,017,114	
2.	M/s Quarks (pvt) Ltd	Making of HD 4k Documentary	2,537,790	
Total Rs.			5,554,904	

Audit observed that services of above said firms were hired without open competition as required under PPRA Rules,2004.

Audit further observed that M/s Shift Three Media was registered for GST in September, 2020 and had less than one year of experience.

Audit is of the view that hiring of services in violation of PPRA Rules,2004 was irregular.

The management replied that considering the COVID-19 restrictions imposed on holding gatherings during that period, it is understandable that the event was organized on short notice due to unforeseen circumstances and the need to adapt to changing circumstances. PPRA Rules 42(c)v allows for emergency procurement in exceptional situations where the delay in following the regular procurement process could cause significant harm or damage to the organization or its objectives. Given the urgency of the B2B event and the limited time available for planning and execution, it can be argued that the situation warranted the application of this rule. In this regard the approval of the Secretary was obtained, which signifies adherence to the internal protocols and decision-making hierarchy. This demonstrates responsible governance and ensures that the necessary authorization was obtained before proceeding with the emergency procurement. As there was no pre-qualified vendor for the making of a documentary movie was associated with BOI, hence all arrangements are being made in extreme emergency in the public interest and open bidding method cannot be met.

The reply of the management was not acceptable as neither evidence regarding declaration of emergency in accordance with 42(c)v was provided to audit nor fora specified, vested with the authority to declare emergency, recommended the procurement.

Audit recommends fixing of the responsibility for violation of PPRA Rules besides regularization of expenditure.

4.5.2 Hiring of hotel services without competition – Rs.8.317 million

Rule-12(1) of the Public Procurement Rules, 2004 states that procurement over five hundred thousand Pakistani Rupees and up to the limit of three million Pakistani Rupees shall be advertised on the Authority’s website in the manner and format specified by regulation by the Authority from time to time. These procurement opportunities may also be advertised in print media, if deemed necessary by the procuring agency.

The management of the project titled “Establishment of PMU on CPEC – Industrial Cooperation Development Project (CPEC-ICDP)” hired services of different hotels to conduct conferences including lunch / dinners for the participants and incurred an expenditure of Rs. 8,317,082 as detailed below:

Year	Vendor Name	Amount	Cheque No	Date
------	-------------	--------	-----------	------

2021-22	Pearl Continental Hotel Lahore	2,936,830	8812659	13/04/2022
2021-22	Hashwani Hotels Limited	2,881,726	8979469	21/06/2022
2020-21	Hashwani Hotels Limited	1,309,236	8429180	15/06/2021
2019-20	Islamabad Marriott Hotel	907,410	7814143	20/06/2020
2020-21	Hashwani Hotels Limited	281,880	8026305	01/01/2021
	Total	8,317,082		

The audit observed that services were hired without open competition as required under PPRA Rules.

The audit also observed that the signed list of participants was also not available with the management.

Audit is of the view that irregularity was committed by hiring services without any competition and in violation of PPRA Rules, 2004.

The management replied that regarding the challenges faced during the procurement of hotel services for conferences in the project. It is noted that there were two main issues firstly, the ban on public gatherings due to COVID-19 restrictions, and secondly, the restriction on the movement of Chinese investors by the Chinese Embassy. As a result, B2B events were organized on short notice, leading to services being hired without going through a competitive bidding process. The COVID-19 pandemic has indeed imposed various restrictions and limitations on public gatherings, including conferences and events.

The management, however, accepted the viewpoint of audit that services of hotels were hired without any competition.

Audit recommends fixing the responsibility for violation of PPRA Rules and regularization of the expenditure from Finance Division.

CHAPTER 5

CABINET DIVISION

5.1 Introduction

As per Schedule II [Rule 3 (3)] Distribution of Business among the Divisions read with Schedule III [rule 4(4)] Rules of Business 1973 (As amended up to 23rd April, 2019) following main businesses have been assigned to the Division amongst the other functions.

- 1- All secretarial work for the Cabinet, National Economic Council and their Committees, Secretaries' Committee.
- 2- Appointments, resignations, salaries, allowances and privileges of Provincial Governors.
- 3- Setting up of a Division, allocation of business to a Division and constitution of a Division or group of Divisions as a Ministry.
- 4- Coordination of defense effort at the national level by forging effective liaison between the Armed Forces, Federal Ministries and the Provincial Governments at the national level.
- 5- Instructions for delegations abroad and categorization of international conferences.
- 6- Security and proper custody of official documents and security instructions for protection of classified matter in Civil Departments.
- 7- Resettlement and rehabilitation of civilians and civil Government servants uprooted from East Pakistan including policy for grant of relief and compensation for losses suffered by them.
- 8- Administrative control of the National Electric Power Regulatory Authority, Pakistan Telecommunications Authority, Frequency Allocation Board, Oil and Gas Regulatory Authority, Public Procurement Regulatory Authority, Intellectual Property Organization of Pakistan and Capital Development Authority.
- 9- People's Works Program (Rural Development Program).
- 10- Selection of scholars against Pakistan Chairs Abroad by the Special Selection Board.

ATTACHED DEPARTMENTS/ AUTONOMOUS BODIES

- i. Abandoned Property Organization
- ii. Department of Communication Security.
- iii. Department of Stationery Forms.
- iv. Department of Archives.
- v. Intelligence Bureau
- vi. Islamabad Club as an Autonomous Body.

vii. Public Procurement Regulatory Authority

Sr. No.	Description	Total No.	Audited	Expenditure Audited (FY-2022-23) Rs. in million	Revenue / Receipt Audited (FY 2022-23) Rs. in million

5.2 Comments on Budget & Accounts (Variance Analysis)

The final budget allocated to the Cabinet Division for the financial year 2022-23 was Rs.52,471.66 million, out of which the Division expended an amount of Rs.52,405.64 million. Grant-wise detail of current expenditure and development expenditure is as under:

(Rs. in million)

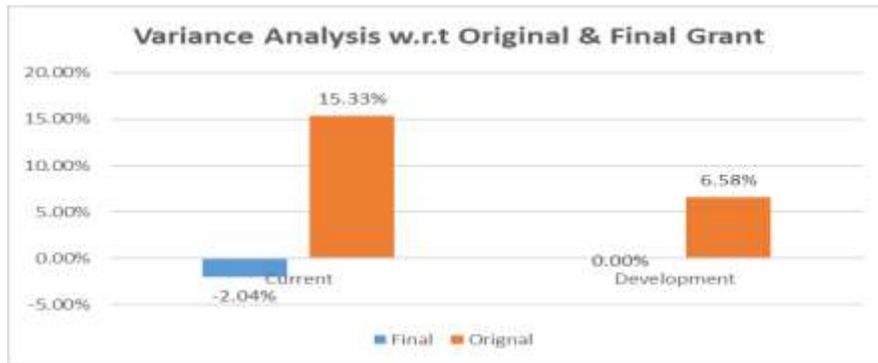

Grant No	Type of Grant	Heads	Original Grant	Supplementary Grant	Surrender (-)	Final Grant	Actual Expenditure	Excess/ (Saving)	% age Excess/ (Saving)
1	Current	Cabinet	277.00	.00	-80.39	196.61	185.32	-11.29	-5.74%
2	Current	Cabinet Division	2,048.00	1,055.00	-619.71	2,483.29	2,429.91	-53.38	-2.15%
3	Current	Emergency Relief and Repatriation	387.00	125.82	0.00	512.82	512.42	-.40	-0.08%
	Total Current		2,712.00	1,180.82	-700.10	3,192.72	3,127.65	-65.07	-2.04%
86	Development	Development Expenditure	46,235.00	18,729.38	-15,685.43	49,278.94	49,277.99	-.95	0.00%
	G Total		48,947.00	19,910.19	-16,385.53	52,471.66	52,405.64	-66.02	-0.13%

Audit noted that there was an overall saving of Rs.66.02 million, which was mainly due to saving in current grants.

Supplementary Grants obtained without careful cash forecasting

According to Para 71 of General Financial Rules (Volume I), while framing budget estimates, the authorities should exercise utmost foresight. Rules of good governance demand that budget processes are carried out in accordance with clearly defined expectations and assumptions and a coordinated calendar of activity.

As shown in the chart below, bifurcating total allocation into current and development expenditure, it is observed that, in case of current expenditure 15.33% of excess expenditure becomes 2.04% of saving in expenditure.

5.3 Classified Summary of Audit Observations

Audit observations, amounting to Rs. 990.339 million, were raised in this report during the current audit of the Cabinet Division. Summary of the audit observations classified by nature is as under:

(Rupees in million)

S. No	Classification	Amount

5.5 AUDIT PARAS

Special Audit of Toshakhana

5.5.1 Irregular and unauthorized modification in Toshakhana Rules 1973

In Case NO. 233/31/73 dated 9.10.1973, the Federal Cabinet has approved the Rules for the acceptance of gifts and their disposal. The Prime Minister while approving the Rules prior to Federal Cabinet noted his remarks “The Prime Minister was pleased to observe that in the past different standards of conduct were observed with regard to the Toshakhana rules. While honest people had observed these rules strictly, the corrupt people had manipulated these for their own ends. Some of the past Governments had been particularly notorious in this regard. “In 1956 when the then Prime Minister of Pakistan visited Brother Country the members of the Pakistan delegation were given some very expensive gifts by the Chinese Government. However, these people deposited imitations bought in Hong Kong in the Toshakhana and retained the original gifts. It is necessary to frame proper and realistic rules of Toshakhana in such a way that honest people are not placed at a disadvantage”.

Serial No. 2 (23) Schedule II Rule 3 (3) of Rules of Business, 1973 states that the business of government shall be distributed among the Divisions in the manner indicated in Schedule II in which Toshakhana was distributed to Cabinet Division.

The management of Cabinet Division (Toshakhana) converted Toshakhana Rules to Toshakhana procedures after 1973. These procedures were continuously amended, i.e., 2001, 2004, 2006, 2007, 2011, 2017 and 2018 (Supporting documents pages-35 to 41 Policy 2018 Volume-I).

During Special Audit of Toshakhana, audit observed as under:

- i. Amendments in Toshakhana Rules framed in 1973 were made frequently from time to time without approval from the Federal Cabinet as was done in 1973.
- ii. Relaxation of rules was obtained for Prime Minister against the Rules.
- iii. Rules were superseded ab initio through framing of procedures in 2001, 2004, 2006, 2007, 2011, 2017 and 2018.

Further, other paras of personal nature pertaining to the Special Audit of Toshakhana are pending for want of replies from the management and verifications of record. Special Audit Report will be issued separately after completing necessary requirements.

Audit is of the view that amendments and replacing of Toshakhana Rules with policies procedures and relaxation of Rules was irregular and unauthorized.

Audit recommends that matter may be inquired and responsibility be fixed.

5.5.2 Non-reconciliation of receipt collected through challans against gifts – Rs. 226.987 million

Regulation 7 (P) of Financial Management and Powers of Principal Accounting Officers Regulations, 2021 The principal accounting officer shall be responsible for monitoring the budget execution progress, and undertake reconciliation with accounting offices on monthly basis, related to revenues and expenditure of the division, department, sub-ordinate office or demand for grant under his control, through chief finance and accounts officer and furnish reconciled statement of revenue and expenditure, separately to Finance Division on quarterly basis, through chief finance and accounts officer.

Para 7 (i) of the System of Financial Control and Budgeting issued vide Finance Division O.M. dated 13.06.2006 states that the Chief Finance and Accounts Officer shall systematize proper maintenance of accounts and their timely reconciliation with the actual figures of the CGA/AGPR and maintenance of 'Liability Register' in the Ministry/Division, its Attached Departments and SubOrdinate Offices. He shall monitor the progress of the expenditure and receipts and furnish, with the approval of the Principal Accounting Officer, a monthly statement of departmental expenditure and receipts to Financial Adviser's Organization and the Finance Division (budget and Accounts Section –Budget Wing) by the 10th and the reconciled statement of expenditure and receipts by the 25th of the month following the month to which it relates.

The management of Cabinet Division (Toshakhana) has collected an amount of Rs. 226.987 million as percentage of assessment value of gifts from recipients and through auction from 2002 to February 28, 2023 through bank chalans. Detail is as under:

S. No.	Year	Amount
1.	2022	5,702,530
2.	2021	4,068,543
3.	2020	14,437,250
4.	2019	10,802,9464
5.	2018	47,527,586
6.	2017	62,404,078
7.	2016	25,032,057
8.	2015	9,927,085
9.	2014	1,520,915

10.	2013	1,246,800
11.	2012	2,209,480
12.	2011	3,634,282
13.	2010	1,524,035
14.	2009	21,643,499
15.	2008	1,130,971
16.	2007	5,473,274
17.	2006	2,883,962
18.	2005	1,535,766
19.	2004	1,720,347
20.	2003	2,219,130
21.	2002	342,665
	Total	226,987,201

During Special Audit of Toshakhana, it was observed that the Cabinet Division has not reconciled the bank challans figure with the Federal Treasury Office.

Further, other paras of personal nature pertaining to the Special Audit of Toshakhana are pending for want of replies from the management and verifications of record. Special Audit Report will be issued separately after completing necessary requirements.

Audit is of the view that in the absence of reconciled figures audit is not in a position to verify the actual amount deposited in Government kitty.

Audit recommends that matter may be inquired, verification of each challan be carried out and responsibility be fixed for non-reconciliation of receipts.

5.5.3 Non-Production of record relating to Toshakhana Cabinet Division

The Honorable Supreme Court of Pakistan in its judgment dated 08.07.2013 declared and directed in Para 27(b) that the Auditor General, in order for him to fulfill his duties under Articles 169 and 170 of the Constitution, is not only authorized but also obliged to seek access to any and all records actually maintained by all Federal and Provincial Governments, as well as all entities established by or under the control of the Federal and Provincial Governments, regardless of the designation of such records as secret or otherwise.

Section 14 (2) of Auditor General's (Functions, Powers and Terms and Conditions of Service) Ordinance, 2001 states that the officer in-charge of any office or department shall afford all facilities and provide record for audit inspection and comply with requests for information in as complete a form as possible and with all reasonable expedition.

Section 14(3) of Auditor General's (Functions, Powers and Terms and Conditions of Service) Ordinance, 2001 states that any person or authority hindering the auditorial functions of the Auditor General regarding inspection of accounts shall be subject to disciplinary action under relevant Efficiency and Discipline Rules, applicable to such person.

During Special Audit of Toshakhana, the Cabinet Division was requested to provide the following auditable record pertaining to Toshakhana vide requisition Nos. 5 (Supporting documents pages-1147 to 1148 Policy 2018 Volue-IV).

- i. List of complete gifts received in Toshakhana from 1990 to 2002 Requisition No. 5 dated 19.04.2023.
- ii. All gifts' files (in original) along with files index register from 1990 to 2002 Requisition No.5 dated 19.04.2023.
- iii. Copies of approved Rules/Regulations/SoPs of Toshakhana and subsequent amendments made from 1990 to 2002 Requisition No.5 dated 19.04.2023.
- iv. First Entry Registers (FER), Toshakhana Stock Registers and Bank Challan Register from 1990 to 2002, Requisition No.5 dated 19.04.2023.
- v. Physical verification report of gifts displayed in various government buildings' as well as in Toshakhana from 1990 to 2002. Requisition No.5 dated 19.04.2023.
- vi. List of items auctioned along with bank challan from 1990 to 2002, Requisition No. 5 dated 19.04.2023.

Further, other paras of personal nature pertaining to the Special Audit of Toshakhana are pending for want of replies from the management and verifications of record. Special Audit Report will be issued separately after completing necessary requirements.

Audit of the view that in the absence of aforementioned information/record Audit is unable to ascertain the authenticity of data.

The management replied that as per the recommendation of Inter-Ministerial Committee on Toshakhana, the Federal Cabinet on 22.02.2023 approved the declassification of Toshakhana record from 2002 onwards. The record prior to 2002 is classified and hence cannot be provided letter No.F.No.8/3/2022-TK dated 19.04.2023.

The reply of the management is not acceptable because the clarified in its verdict that under Articles 169 and 170 of the Constitution, the Auditor General is not only authorized but also obliged to seek access to any and all records actually maintained by all Federal and Provincial

Governments, as well as all entities established by or under the control of the Federal and Provincial Governments, regardless of the designation of such records as secret or otherwise.

Audit recommends inquiry to fix responsibility besides production of record.

5.5.4 Non-conducting of physical verification of Toshakhana gifts displayed in prominent places

Para 8 of Office Memorandum No. 8/5/2017-TK dated 18.12.2018 states that the Gifts deposited in the Toshakhana which are fit for display, shall be properly catalogued and then displayed in the prominent buildings/institutions owned by Government or in the official residences of the Head of the State or the Head of the Government. Such articles shall be properly entered in the Toshakhana register and in the stock registers of the respective offices/institutions.

Para 9 of Office Memorandum No. 8/5/2017-TK dated 18.12.2018 states that an annual physical verification shall be carried out in respect of such articles by an authorized officer of the Cabinet Division in the first quarter of each calendar year.

The management of Cabinet Division was required to carry out physical verification of first quarter of each calendar year of those gifts which were displayed by the Toshakhana in the prominent buildings/institutions owned by the Government or in the official residences of the Head of the State or the Head of the Government (Supporting documents pages-1377 Policy 2018 Volume-IV).

Further, other paras of personal nature pertaining to the Special Audit of Toshakhana are pending for want of replies from the management and verifications of record. Special Audit Report will be issued separately after completing necessary requirements.

Further, other paras of personal nature pertaining to the Special Audit of Toshakhana are pending for want of replies from the management and verifications of record and will be issued separately after completing necessary requirements.

Audit recommends that matter may be inquired and necessary verification as required under procedures be carried out without further delay.

5.5.5 Non provision of certificate regarding physical verifications in original form and actual quantity

Para 9 of Office Memorandum No. 8/5/2017-TK dated 18.12.2018 of Procedure for acceptance and disposal of gifts states that an annual physical verification shall be carried out in respect of such articles by an authorized officer of the Cabinet Division in the first quarter of each calendar year.

Rule 159 of GFR Volume I states that a physical verification of all stores should be made at least once in every year under rules prescribed by competent authority, and subject to the condition that the verification is not entrusted to a person i. who is the custodian, the ledger, keeper, or the accountant of the stores to be verified, or who is a nominee of, or is employed under the custodian, the ledger keeper or the accountant or ii. Who is not conversant with the classification, nomenclature and technique of the particular classes of stores to be verified. The verification should never be left to low paid subordinates and in the case of large and important stores, it should be as far as possible, entrusted to a responsible officer who is independent of the superior executive officer in charge of the stores.

Rule 160 of GFR Volume I states that a certificate of verification of stores with its results should be recorded on the list, inventory or account, as the case may be, where such a verification is carried out.

Rules 161 of GFR Volume I states that in making a physical verification the following instructions should invariably be observed: i. verification must always be made in the presence of the officer responsible for the custody of the stores or of a responsible person deputed by him; ii. All discrepancies noticed should be brought to account immediately, so that the stores account may represent the true state of the stores; and iii. Shortages and damages, as well as unserviceable stores, should be reported immediately to the authority competent to write off the loss.

During Special Audit of Toshakhana, the Cabinet Division was requested to provide the following auditable record pertaining to Toshakhana vide requisition Nos. 5 (Supporting documents pages-1377 Policy 2018 Volume-IV).

- i. Physical verification certificate for existence of articles in original form and quantity as received in Toshakhana from Competent Authority – Serial No. 1, Requisition No. 5 dated 19.04.2023 and Reminder dated 28.04.2023.
- ii. Physical verification certificate for existence of articles in original form and quantity as displayed in prominent places from Competent Authority – Serial No.2, Requisition No. 5 dated 19.04.2023.

The management replied that Physical verification of articles in original form and quantity is time taking activity that requires services of an official and private expert to assess and evaluate the value and quality of each item. At present, there is no private appraiser engaged with the Cabinet Division. As and when the hiring process is completed the required physical verification will be carried out and the report will be submitted to the Audit. Letter No.8/3/2022-TK dated 09.05.2023.

Moreover, they also stated that last physical verification report for displayed items issued in 2019 are attached. Letter No.9/3/2022-TK dated 09.05.2023.

The reply of the management is not acceptable as this process is regular annual exercise which was not yet completed.

Further, other paras of personal nature pertaining to the Special Audit of Toshakhana are pending for want of replies from the management and verifications of record. Special Audit Report will be issued separately after completing necessary requirements.

Audit is of the view that in the absence of aforementioned information/record Audit is unable to ascertain the authenticity of data.

Audit recommends inquiry to fix responsibility besides production of record.

5.5.6 Irregular conducting of auction of Toshakhana articles as per given time line

Para 9 of Office Memorandum NO. 8/5/2017-TK dated 18.12.2018 of Procedure for acceptance and disposal of gifts states that gifts which are not fit to be retained or displayed shall be disposed off by periodical sales to be arranged by the Cabinet Division, Government of Pakistan. These sales shall be held once or twice a year. The list of gifts to be sold shall be circulated to all Federal Government officers and officers of the Armed Forces. The articles not purchased in two consecutive auctions by the Government Servants should be disposed of to the public through sealed bids.

The management of Cabinet Division (Toshakhana) auctioned Toshakhana gifts through restricted circulation to Federal Government officers from 1973 to 2022 as per following details (Supporting documents pages-1378 to 1829 Policy 2018 Volume-V):

S #	Auction Year
1.	1987
2.	1993
3.	1995
4.	2001
5.	2007
6.	2010
7.	2012
8.	2015

During Special Audit of Toshakhana, Audit observed as under:

- i. As per Toshakhana procedures the management was required to dispose off gifts through auctions at least once or twice in a year but the management failed to carry out the auctions in time.
- ii. The management also failed to provide the evidence for circulation of auction notification to all federal government and armed forces organizations.
- iii. No public auction was held as of to date.

Further, other paras of personal nature pertaining to the Special Audit of Toshakhana are pending for want of replies from the management and verifications of record. Special Audit Report will be issued separately after completing necessary requirements.

Audit is of the view that delays in conducting of auction, non-catering of all federal government and armed forces and non-conducting of open auctions was irregular.

Audit recommends inquiry to fix responsibility.

5.5.7 Irregular enlistment of Private Appraiser for evaluation of gifts

Para 5 (i) of Office Memorandum No. 8/5/2017-TK dated 18.12.2018 of Procedure for acceptance and disposal of gifts states that Cabinet Division will get the value of the gifts assessed from Government Sector experts in FBR. Cabinet Division will also get the value of gifts assessed by the private appraisers borne on its approved panel.

Para 2 of the Tender Notice dated 05.08.2018 states that only those firms which have resource to evaluate the goods of latest designs and technology should apply for enlistment.

The Cabinet Division vide letter dated 13.12.2016 taken the two firms namely M/s Agilent and M/s Immix Prime and appraisers for assessment of gifts articles (Supporting documents pages-1830 to 1877 Policy 2018 Volume-V).

During Special Audit of Toshakhana, Audit observed as under:

- i. Both firms i.e. M/s Agilent and M/s Immix Prime were registered as importer/exporter and other personal services and have no experience of evaluation of articles.
- ii. As per company profile M/s Agilent has no evaluator having expertise to evaluate the goods of latest designs and technology of wrist watches, jewelries, handicraft etc.
- iii. Company profile of M/s Immix Prime was not available on record.
- iv. Another tender notice was published in the press on 05.08.2018 for enlistment of the evaluators by the Cabinet Division.

- v. As per Minutes of the Tender Committee held on 20.08.2018 M/s Agilent was again enlisted as evaluator/appraiser on the basis of its previous 02 years' experience with the Cabinet Division for assessment of gifts articles.

Audit is of the view that the firm was selected without having any experience of assessment of diamonds, gold, watches, jewelries, handicrafts etc. and undue favour was extended to the firm.

Further, other paras of personal nature pertaining to the Special Audit of Toshakhana are pending for want of replies from the management and verifications of record. Special Audit Report will be issued separately after completing necessary requirements.

Audit recommends the fact finding inquiry be made and responsibility be fixed for irregular enlistment of private evaluator.

5.5.8 Irregular and unauthorized approval for disposal of gifts without delegation of powers – Rs.42.505 million

Para 1 (23) Schedule II Rule 3(3) of Rules of Business, 1973 describes that the business of government shall be distributed among the Divisions in the manner indicated in Schedule II which also includes "Toshakhana".

Regulation 8 (b) of the Financial Management and Powers of Principal Accounting Officers Regulations, 2021 under these regulations. Finance Division is delegating financial powers to principal accounting officers, heads of departments and sub-ordinates offices as per the attached Schedule. The principal accounting officers and other officers shall exercise the delegated powers and sanction expenditure accordingly.

The management of Cabinet Division was requested through requisition to provide copies of delegation of powers with regard to disposal of gifts in Toshakhana. The management of Toshakhana stated that there was no delegation for disposal of gifts in Cabinet Division before 18.12.2018. The first delegation letter was issued on 18.12.2018 and second was on 18.06.2021. Prior to 18.12.2018 approval were given by the officers without delegation of powers. (Supporting documents pages-2186 to 2749 Policy 2011 Volume-1 & 2):

During Special Audit of Toshakhana, Audit observed as under:

- i. The disposal of cases other than Secretary Cabinet without any delegation was irregular and unauthorized.
- ii. On sample test basis it was found that cases amounting to Rs. 13.985 million was disposed of by the Deputy Secretary Administration and Rs. 28.520 million by Joint Secretary Administration.
- iii. Because of handling of disposal of gift cases proper procedures for acceptance and disposal of gifts were not followed.

iv. Irregularities in assessment of gifts and disposal of gifts were observed.

Further, other paras of personal nature pertaining to the Special Audit of Toshakhana are pending for want of replies from the management and verifications of record. Special Audit Report will be issued separately after completing necessary requirements.

Audit is of the view that disposal of gifts without any delegation by the Secretary Cabinet was irregular and unauthorized.

Audit recommends the fact finding inquiry be made and responsibility be fixed for irregular and unauthorized use of powers.

Islamabad Club, Islamabad

5.5.9 Irregular Payment for Purchases and Civil Work under Development of Lake at cricket ground Rs.14.462 million

As per rule-21 of PPR, subject to the provisions of rules 22 to 37 the procuring agencies shall engage in open competitive bidding if the cost of the object to be procured is more than the prescribed financial limit (of Rs. one hundred thousand) which is applicable under sub-clause (i) of clause (b) of rule 42.

As per PPR-9 , save as otherwise provided and subject to the regulation made by the Authority, with the prior approval of the Federal Government, a procuring agency shall announce in an appropriate manner all proposed procurements for each financial year and shall proceed accordingly without any splitting or regrouping of the procurements so planned. The annual requirements thus determined would be advertised in advance on the Authority's website as well as on the website of the procuring agency in case the procuring agency has its own website.

The management of Islamabad Club made payment of Rs.14,462,049/-during the financial year, 2022-23 on account of purchase of various items and execution of civil works for development of a lake at cricket ground.

Audit observed as under:

- i. The civil works were performed in the absence of any approved civil works rules.
- ii. The approved annual procurement plan was not found on record.
- iii. The items were procured by splitting the purchase to avoid open competitive bidding and sanction from the higher authority.
- iv. The works performed were of the same nature and performed with repeated orders.

Audit is of the view that execution of civil works without approved civil works rules and without open competitive bidding was unauthorized and in violation of PPRA Rules.

The management did not reply till finalization of report.

Audit recommends that the matter may be inquired at appropriate level under intimation to audit and responsibility be fixed for violation of PPRA Rules.

5.5.10 Payment on account of Ex-Gratia to club employees despite operating loss and without budget provision - Rs. 96.082 million

As per Fundamental Rule 9(9) states that honorarium means a recurring or non-recurring payment granted to a government servant from general revenues as remuneration for special work of an occasional or intermittent character.

As per Islamabad club service regulations- 2022, schedule-vi policy regarding ex-gratia payment (formerly annual bonus) states that, yearly ex-gratia will be paid to employees who are permanent or on contract of minimum one year and/or as per terms of the contract. Ex-gratia payment shall be calculated on the last drawn basic salary. One ex-gratia payment is equal to three basic salaries.

The management of Islamabad Club made ex-gratia payment of Rs.100.32 million to club employees during the financial year, 2022-23.

Audit observed as under;

- i. Ex-gratia payment of Rs.69.061 million was made as annual ex-gratia (equal to 03 Basics of Decemeber-2022) on 04.04.2023.
- ii. Later on, ex-gratia payment of Rs.24.909 million equal to (one month basic) was made on 20.06.2023 as advance ex-gratia.
- iii. No-budgetary allocation was available under the relevant head of expenditure in the budget estimates for the year 2022-23.
- iv. The organization showed an operating loss of Rs.199.270 million for the financial year 2022-23.

Audit is of the view that, the payment of ex-gratia without any approved performance indicators and budget provision in budget estimates 2022-23 was unauthorized.

The management did not reply till finalization of report.

Audit recommends that the unauthorized payments may be recovered/regularized from competent forum in accordance with approved performance criteria as per rules.

5.5.11 Unauthorized refund of corporate membership entrance fee - Rs. 25.10 million

As per Islamabad club membership regulations- 2022, Part-vii membership affairs, fee (1) (3) states that, a candidate for Membership in any category shall deposit 50% or relevant amount of the applicable Entrance Fee, in the category they are applying for, at the time of submission of

membership application form. The remaining balance of Entrance Fee shall be paid at the rate applicable at the time of grant of membership. Once the successful candidate deposits the full entrance fee, they shall be issued a membership card and provided /referred to the E-copy of membership regulations (on Club's website). Membership thereafter shall be governed by the rules, regulations, policies and SOPs of the Club. Entrance fee once paid shall be non-refundable for all categories of memberships after grant of membership.

The management of Islamabad Club cancelled the corporate membership of National Endowment Scholarships for Talent (NEST) and refunded Rs. 25.10 million including application processing fee to NEST.

Audit observed as under:

- i. The entrance fee and application processing fee were not refundable once membership had been granted.
- ii. The membership was granted after an interview and recommendation of the Balloting Committee.

Audit is of the view that refund of entrance fee was in violation of above referred regulations and resulted in reduced club revenues.

The management did not reply till finalization of report.

Audit recommends that the unauthorized refund may be recovered under intimation to audit and responsibility be fixed for allowing refund in violation of club membership regulations.

5.5.12 Non-Recovery/receipts of receivable against the members - Rs. 104.560 million

Section 4 (f) of the Islamabad Club (Administration) Ordinance, 1978 states that “any sum Payable to, or recoverable by, the Company shall be deemed to be payable to, or recoverable by the Administrator”.

The financial statement for the financial year 2021-22 (un-approved) at note No.27.1-Credit Risk states that overall receivables from members amounted to Rs. 104,560,187 for the year. Furthermore, the notes to the financial statements also state that an amount of Rs. 23,277,599 comprises long outstanding dues from members since 2018.

Audit observed that the club had receivables outstanding since 2018. The heavy amount of receivables from the members constitutes a serious lapse on the part of local management as the main source of income for the Club is entrance fee and monthly subscription from the members.

Audit is of the view that non-collection of outstanding receivables from the members is a violation of Section 4(f) of the Islamabad Club (Administration) Ordinance, 1978 and indicates weak internal control on the part of the management.

The management did not reply till finalization of report.

Audit recommends that the receivables amount may be recognized/receive under intimation to audit.

5.5.13 Irregular execution of works (in-house schemes) without detailed estimates and payments without any measurements - Rs. 302.625 million

Para 56 of CPWD Code states that a properly detailed estimate must be prepared for the sanction of competent authority; this sanction is known as the technical sanction to the estimate and, except in cases such as are referred to in paragraphs 58 and 75, must be obtained before the construction of the work is commenced. As its name indicates, it amounts to no more than a guarantee that the proposals are structurally sound, and that the estimates are accurately calculated and based on adequate data.

Para 208 of Central Public Works Account (CPWA) Code states that “payments of all work done otherwise than by daily labour and for all supplies are made on the basis of measurements recorded in Measurement Books (MBs) in Form 23 in accordance with rules in Para 209 of CPWA Code.”

The management of Islamabad Club, Islamabad executed different in-house schemes/projects (construction, repair, renovation, etc.) amounting to Rs. 173,344,972 during 2021-22 and Rs. 129,279,882 during 2022-23.

Audit observed that all the works amounting to Rs. 302,624,854 were executed without any detailed estimates and payments were also made without any measurement in violation of rules.

Audit is of the view that execution of works without detailed estimates and further payments amounting to Rs. 302.625 million without detailed measurement was unauthorized.

Audit is also of the view that without detailed estimates and measurements the authenticity of the expenditure could not be ascertained.

Audit recommends that responsibility may be fixed for the irregularity.

5.5.14 Unauthorized procurement of flood lights without open competition – Rs. 16.120 million

Para 12(2) of Public Procurement Rules, 2004 states that all procurement opportunities over three million Pakistani Rupees should be advertised on the Authority's website as well as in other print media or newspapers having wide circulation. The advertisement in the newspapers shall principally appear in at least two national dailies, one in English and the other in Urdu.

Islamabad Club purchased 62 LED lights from M/s Signify Pakistan Limited at a cost of Rs. 16.120 million through purchase order No. 201473 dated 09.02.2021 on the rates offered by the said company to Mari Petroleum Company Limited (MPCL).

Audit observed that the purchases were made without open competition and without any confirmation of rates offered by the said company to MPCL in violation of rules.

Audit observed that management procured 62 flood lights without open competition amounting to Rs. 16,120,000.

Audit also observed that 10 flood lights amounting to Rs. 2.600 million were missing.

Audit is of the view that procurement without open competition was unauthorized and missing of flood lights is a serious lapse on the part of club management.

Audit recommends that responsibility may be fixed for the irregular procurement and missing flood lights.

5.5.15 Unauthorized execution of permanent civil works without approval of drawing / design from CDA – Rs. 93.655 million

Section 6 of the Islamabad Building Regulations, 1963 states that every person who intends to erect or re-erect a building shall submit to the Authority an application in writing on the prescribed form A-1 for permission to execute the work and the name of the Licensed Architect/Engineer whom he employs to supervise its erection.

Clause-2 of Lease Agreement dated 10.11.1970 between Islamabad Club and CDA states that the Lessee shall utilize the leased land only for the purpose of Golf Courses and may erect with the prior approval of the Authority necessary building in accordance with the designs, plans and specification submitted by the lessee and approved, in writing by the Lessor, and thereafter, the Lessee shall not make any structural alteration or addition to such building without previous approval of the Lessor.

Islamabad club awarded work vide letter IC/SO/2021/1.1/271 dated 20.04.2021 "Construction of Futsal Court, Service blocks, Gazebos, Hospitality boxes and Tuck Shop in Polo

complex, Islamabad Club” to M/s Khewa Khan and Brothers amounting to Rs. 59,177,655. The work was completed at a cost of Rs. 67.816 million.

Similarly, Islamabad Club awarded work of “construction of Cricket Ground Pavilion (Grey Structure) to M/s Al-Qaim Construction Pvt. Ltd amounting to Rs. 25,839,291.

Audit observed that all permanent civil works were executed without approval of drawing and design from Capital Development Authority (CDA) in violation of lease agreement.

Audit is of the view that execution of projects/schemes without approval from CDA was unauthorized.

The management did not reply till finalization of the report.

Audit recommends that responsibility may be fixed for the irregularity.

5.5.16 Unauthorized payment development projects without measurement – Rs. 105.268 million

Para 208 of Central Public Works Account (CPWA) Code states that “payments of all work done otherwise than by daily labour and for all supplies are made on the basis of measurements recorded in Measurement Books (MBs) in Form 23 in accordance with rules in Para 209 of CPWA Code.”

Islamabad Club executed development projects/Schemes during 2021-23 amounting to Rs. 105,268,286.

Audit observed that payments against civil works were made without recording detailed measurement in Measurement Books in violation of Rules.

Audit is of the view that payment without actual assessment and recording of measurements was unauthorized.

The management did not reply till finalization of the report.

Audit recommends that responsibility may be fixed for the irregularity besides maintenance of measurement books.

5.5.17 Unauthorized hiring of consultant without open competition - Rs 4.4 million

Para 20 of Public Procurement Rules states that the procuring agencies shall use open competitive bidding as the principal method of procurement for the procurement of goods, services and works.

The management of Islamabad club, Islamabad hired consultancy services from M/s Suhail & Fawad Architect for project “Construction of Futsal Court, Service blocks, Gazebos, Hospitality boxes and Tuck Shop” in Polo complex, Islamabad Club and made payment amounting to Rs.4.4 million.

Audit observed that the management hired consultancy services without open competition.

Audit is of the view that hiring consultancy services without open competition is violation of PPRA rules.

Audit recommends that responsibility may be fixed for the irregularity.

Public Procurement Regulatory Authority

5.5.18 Non-collection of receivables - Rs. 208.900 million

Para 26 of GFR (Vol-I) states that subject to any special arrangement that may be authorized by competent authority with respect to any particular class of receipts, it is the duty of the departmental Controlling officers to see that all sums due to Government are regularly and promptly assessed, realized and duly credited in the Public Account.

The management of Public Procurement Regulatory Authority (PPRA), Islamabad issued invoices amounting to Rs. 417,802,458, received payments of Rs. 251,713,773 (including backlog of Rs. 24,115,527) and an amount of Rs. 208,900,000 was outstanding/receivable on account of tenders, sales auctions, evaluations, trainings, etc. as on 30.06.2023.

Audit observed that the management did not collect the amount(s) of due receivables.

Audit recommends early recovery/collection of receivables/outstanding amounts.

5.5.19 Non-Investment of Contributory Provident Fund (CPF) – Rs.19.167 million

Sr. 66(1) of Public Procurement Regulatory Authority (PPRA) Service Regulations states that the amount of CPF (comprising of the employees’ contribution and the equivalent amount provided by the Authority) will be invested in such profitable ventures or placed in a bank account as approved by the Management Committee of the Fund.

The management of Public Procurement Regulatory Authority (PPRA), Islamabad collected by deduction of Rs. 9,583,741 as “employees’ contribution” towards Contributory Provident Fund (CPF) and equivalent amount as “employer’s contribution” during the financial year 2022-23.

Audit observed that the accumulated balances of the CPF of PPRA employees were neither invested nor were placed in a (separate) bank account as required under the Regulations.

Audit is of the view that non-investment of CPF deprived the employees of the profit on one hand and violation of provisions of Regulations on the other hand.

The management did not reply till finalization of the report.

Audit recommends investment of CPF at the earliest.

CHAPTER 6

COMMERCE DIVISION

6.1 Introduction

As per Schedule II [Rule 3 (3)] Distribution of Business among the Divisions read with Schedule III [rule 4(4)] Rules of Business 1973 following main business have been assigned to the Division amongst the other functions.

- 1- Imports and exports across custom frontiers.
- 2- Interprovincial trade.
- 3- Commercial intelligence and statistics.
- 4- Tariff policy and its implementation.
- 5- Regulation and control of insurance agencies.
- 6- Intellectual property organizations Pakistan

ATTACHED DEPARTMENTS/ AUTONOMOUS BODIES

- i. Trading Corporation of Pakistan
- ii. National Tariff Commission
- iii. State Life Insurance Corporation
- iv. Foreign Trade Institute of Pakistan
- v. Pakistan Reinsurance Company
- vi. Pakistan Institute of Fashion and Design
- vii. National Insurance Company
- viii. Pakistan Tobacco Board
- ix. Federation of Chambers and Industry
- x. Pakistan Horticulture Development and Export Board

Sr. No.	Description	Total No.	Audited	Expenditure Audited (FY-2022-22)	Revenue / Receipt Audited (FY 2022-23)
1	Formations	15	2	4,107.972	
2	Assignment Accounts (Excluding FAP)	1	-	-	-
3	Authorities / Autonomous Bodies etc. under the PAO	2	2	280.000	-
4	Foreign Aided Project (FAP)	-	-	-	-

6.2 Comments on Budget & Accounts (Variance Analysis)

The final budget allocated to the Commerce Division for the financial year 2022-23 was Rs. 12,241.70 million, out of which the Division expended an amount of Rs.12,183.66 million. Grant-wise detail of current expenditure and development expenditure is as under:

(Rs. In million)

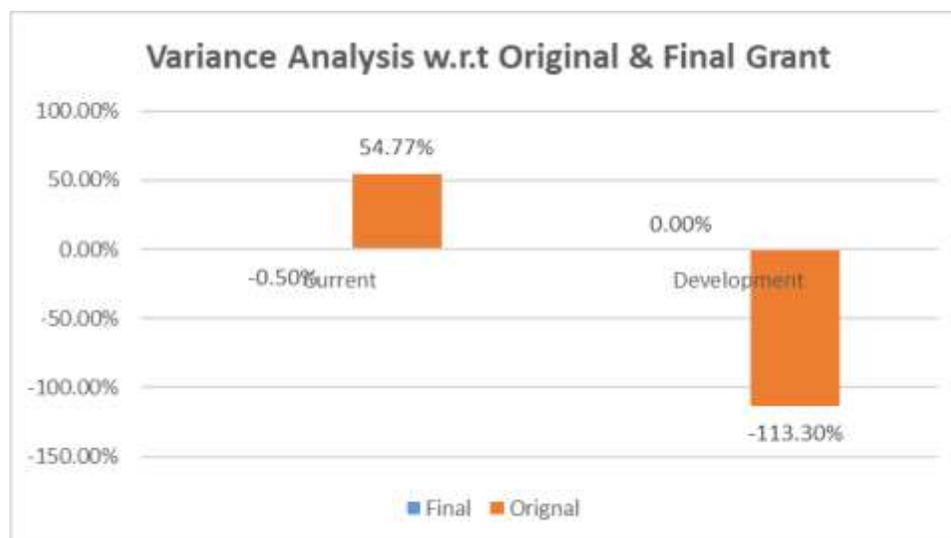

Grant No	Type of Grant	Original Grant	Suppl Grant	Surrender (-)	Final Grant	Actual Expenditure	Excess/ (Saving)	% age Excess/ (Saving)
23	Current	5,261.80	6,480.43	-51.13	11,691.09	11,633.06	-58.03	-0.50%
96	Development	1,174.44	.00	-623.83	550.61	550.61	.00	0.00%
	G Total	6,436.24	6,480.43	-674.97	12,241.70	12,183.66	-58.03	-0.50%

Audit noted that there was an overall saving of Rs.58.03 million, mainly comprising saving in current expenditure.

Supplementary Grants obtained without careful cash forecasting

According to Para 71 of General Financial Rules (Volume I), while framing budget estimates, the authorities should exercise utmost foresight. Rules of good governance demand that budget processes are carried out in accordance with clearly defined expectations and assumptions and a coordinated calendar of activity.

As shown in the chart below, bifurcating total allocation into current and development expenditure, it was observed that, in case of development expenditure, there was 113.3% of saving w.r.t original grant which finally became 0% excess/saving w.r.t Final Grant, and in case of current expenditure 54.77% of excess expenditure reduced to 0.5% of saving in expenditure.

6.3 Classified Summary of Audit Observations

Audit observations, amounting to Rs.606.037 million, were raised in this report during the current audit of **Ministry of Commerce**. Summary of the audit observations classified by nature is as under:

6.5 AUDIT PARAS

Export Development Fund, Karachi

6.5.1 Mis-procurement of Event Manager Services during EHCS, 2023 - Rs 67.319 million

Rule 29 of Public Procurement Rules, 2004 states that procuring agencies shall formulate an appropriate evaluation criterion listing all the relevant information against which a bid is to be evaluated. Such evaluation criteria shall form an integral part of the bidding documents. Failure to provide for an unambiguous evaluation criterion in the bidding documents shall amount to mis-procurement.

Rule 30(1) of Public Procurement Rules, 2004 states that all bids shall be evaluated in accordance with the evaluation criteria and other terms and conditions set forth in the prescribed bidding documents.

Clause 17.2 of the Instructions to Bidder (ITB) states that the original and copy or copies of the bid shall be typed or written in indelible ink and shall be signed by the Bidder or a person or persons duly authorized to bind the Bidder to the contract. All pages of the bid, except for un-amended printed literature, shall be initialed by the person or persons signing the bid.

A Tender Notice for hiring the services of Event Manager for Engineering and Healthcare Show (February 23-25, 2023) was published on 14.09.2022 based on Single Stage Two Envelops procedure as per Rule 36(b) of Public Procurement Rules, 2004.

In response to the advertisement, two firms, i.e. M/s Pegasus Consultancy (Pvt) Ltd and M/s Badar Expo Solutions were technically qualified for further procurement process.

The management of EDF, Karachi awarded a contract of event management to M/s Pegasus Consultancy (Pvt) Ltd and paid an amount of Rs 67.319 million to the firm during FY 2022-23.

Audit observed that:

- i. The bid quoted by M/s Pegasus was not signed by the bidder or a person(s) duly authorized to bind the bidder to the contract. Furthermore, all pages of the bid were not initialed by the person or persons signing the bid.
- ii. The procuring agency provided ambiguous evaluation criteria in the bidding process as the quantity of carpeting area at Sr. 4 of the BOQs was not disclosed.
- iii. The procuring agency did not evaluate the bids in accordance with prescribed evaluation criteria, as M/s Pegasus quoted rates without taxes.

Audit is of the view that:

- i. Procurement was made in violation of provisions of Public Procurement Rules, 2004 and constituted mis-procurement.
- ii. Awarding of contract to a non-compliant bidder was unauthorized.
- iii. The incurrence of expenditure was irregular and unauthorized.

The management replied that M/s Pegasus Consultancy PVT Ltd was duly signed as per clause 17(ii) of the bidding document.

The procuring agency, upon inquiry from the bidders informed them about the quantity of carpet. M/s Pegasus was informed via email in reply to their query raised through the email, whereas the M/s Badar Expo Solution was informed verbally via telecom & further M/s BAXXX was requested to send any further query in writing.

The procuring agency evaluated the bids in accordance with prescribed evaluation criteria as M/s Pegasus quoted the rates with all Government taxes. Furthermore, the invoices submitted by the bidder amounting to Rs. 68.1 million are inclusive of 13% SRB.

The reply was not accepted as the contract was awarded to a non-compliant bidder. Furthermore, the procuring agency provided ambiguous evaluation criteria in the bidding process.

Audit recommends fixing of responsibility for the irregularity.

6.5.2 Non-refund of unspent balance of EDF and income generated during EHCS-2022 - Rs 41.665 million

Rule 668 of FTRs states that advances granted under special orders of competent authority to Government officers for departmental or allied purposes may be drawn on the responsibility and receipt of the officers for whom they are sanctioned, subject to adjustment by submission of detailed accounts supported by vouchers or by refund, as may be necessary.

Ministry of Commerce (EDF Wing) O.M. No.EDF-6(8)/2009-EDF dated 26.06.2023 states that EDF will have the right on the income accruing to the beneficiaries from the moneys provided by the EDF in the form of interest or renting of assets to entities other than exporters, trade promotion officers and trade bodies.

The management of Export Development Fund (EDF), Karachi released an amount of Rs 179,639,051 for holding “Engineering and Health Care Show-2022” by the Trade Development Authority of Pakistan (TDAP) vide cheque No. B-955381 dated 27.12.2021.

The project completion report along with summary of actual cost of EHCS-2022 shows that there was a saving of Rs 34,164,972 and an income of Rs 7,500,000 generated from the event.

Audit observed that TDAP management did not refund the saving/unspent amount and income generated from the event to EDF.

Audit is of the view that non-refund of saving/unspent amount and income deprived the Fund from its due receipts.

The management replied that the E&M Division concluded the event, submitted the Completion Form-III of EDF and the file was submitted to MS-Division to send back the saved balance of EHCS 2022 to EDF, the file is under process and the amount will be sent back to EDF accordingly, the EDF will be informed in next fortnight.

The management has accepted the audit observation, but the amount has not yet been refunded by TDAP management.

Audit recommends early refund of saving/unspent amount and income generated from event along with interest.

6.5.3 Non-obtaining of performance guarantee / non-forfeiture of bid security resulted in provision of substandard items for EHCS, 2023 - Rs 14.621 million

Rule 39 of Public Procurement Rules, 2004 states that where needed and clearly expressed in the bidding documents, the procuring agency shall require the successful bidder to furnish a performance guarantee which shall not exceed ten per cent of the contract amount.

The management of EDF/TDAP, Karachi issued Work Order for hiring of Event Management Company for Engineering and Health Care Show (EHCS), 2022 to M/s Badar Expo Solution vide No. TDAP/EHCS-TDAP/1/2022 dated 15.02.2022 attached therewith BOQs amounting to Rs 76,699,952. During the event of EHCS-2022, a BOQ item (Fashion Show) amounting to Rs 18,205,452 was cancelled, resulting in remaining BOQ amounting to Rs 58,195,500.

An amount of Rs 46.782 million was paid to M/s Badar Expo Solution against their provided BOQ items' claim amounting to Rs 61.404 million during FY 2021-22, as per following details:

Sr.	Bill No.	Amount Claimed	Claim Admitted	Deductions
1	First Running Bill	19,828,500	14,189,356	5,639,144
2	Second Running Bill	41,575,000	32,593,000	8,982,000
Total		61,403,500	46,782,356	14,621,144

Audit observed that:

- i. No performance guarantee was obtained from M/s Badar Expo Solution while awarding the contract resultantly deductions amounting to Rs 14.621 million were made from the bills/claims due to either non-provision of items or provision of substandard items/services.
- ii. The bid security of the contractor was not forfeited on non-provision of items or provision of substandard items / services.

Audit is of the view that the non-obtaining of performance guarantee and non-forfeiture of bid security was in violation of PPRA rules and provision of the contract agreement.

The management replied that as per bidding document/BoQ requirement, the bidder provided substandard services in many heads, due to which amount of Rs. 14.6 million was deducted. The Bidder submitted the bid guarantee of Rs. 3 million on stamp paper verified by its bank, the same was held by TDAP, the same was returned back to firm after the settlement of

payment. The procuring agency deducted an amount of Rs. 14.6 million from bidder's amount of 61.4 million as penalty for providing the substandard items/services.

The reply was not accepted as the amount was deducted for the provision of services which were of inadequate quality and no penalty was charged to the Bidder. Furthermore, the bid guarantee was also returned to the Bidder without taking any action against the Bidder.

Audit recommends fixing responsibility on the person(s) at fault for non-obtaining of performance guarantee & non-forfeiture of bid security and non-initiating the case for blacklisting of the firm for non-provision of BOQ items.

6.5.4 Un-authorized retention and investment of EDF's fund in four PLS Accounts by Karachi Garment City - Rs. 423.9 million

According to OM No.6(8)/2009-EDF dated 21.07.2014 issued by EDF Secretariat, all beneficiaries shall be required to open a Joint Account with TDAP to receive the amount approved by EDF Board.

In continuation of the aforesaid OM another OM dated 02.01.2015 was issued by EDF Secretariat which states it should be mandatory for all the Accounts to be opened in National Bank of Pakistan only, and EDF funds should not be placed in any profit-oriented accounts.

The management of EDF, Karachi released funds from EDF to Karachi Garment City. These funds were deposited into different PLS accounts maintained by the Garment City, Karachi and later invested in TDR and earned profit of Rs. 48 million on the EDF funds.

Audit observed as under:

- i. EDF, Karachi did not monitor the expenditure made from these unauthorized accounts.
- ii. EDF, Karachi did not have the details of the exact amount of balances in these accounts.
- iii. The record of expenditure made from these Accounts over the years is not available with EDF, Karachi.
- iv. These accounts are still operative, and the amount has not been transferred to the joint account.
- v. Karachi Garments City, Karachi invested the amounts in TDR without approval of EDF Board.

- vi. A statement available in the file shows that the total allocation of Rs. 375 million was kept in commercial banks and profit of Rs. 48.9 million was earned over the years.

Audit is of the view that the investment of funds and its retention in commercial bank accounts without the approval of the Board is against the EDF Board instructions.

The management provided reply/response of the KGCC:

- i. For EDF funds of Rs 375 million released during 2007 to 2014, KGCC was never informed of instructions to deposit these in joint account with TDAP. As such, funds were put in the company's bank account with the approval of KGCC-BOD. Later, KGCC invested available idle/unutilized EDF funds as TDR to meet administrative/running expenses of KGCC office from the profit earned.
- ii. The instructions for depositing EDF funds in joint account were conveyed for the first time when funds of Rs 52.930 million were released on 15.06.2015, which were fully complied with. Presently, an amount of Rs 125.932 million is parked in a joint account with TDAP in NBP.

The EDF management did not respond to the audit observation regarding violation of instructions issued on utilization of EDF funds.

Audit recommends holding of an inquiry to fix responsibility on person(s) at fault.

6.5.5 Non-utilization of EDF Funds provided to PHMA - Rs. 27.532 million

Para 23 of GFR states that every Government officer should realize fully and clearly that he will be held personally responsible for any loss sustained by Government through fraud or negligence on his part and that he will also be held personally responsible for any loss arising from fraud or negligence on the part of any other Government officer to the extent to which it may be shown that he contributed to the loss by his own action or negligence.

The EDF, Karachi released funds amounting to Rs 20.880 million to Pakistan Hosiery Manufacturers Associations (PHMA)- Institute of Knitwear Technology (IKTK) as approved by the board in its 76th meeting held on 22.6.2017 for the following purpose, and funds were transferred to joint account on October 25,2017.

S.No.	Particulars	Amount (Rs)
1	Color matching equipment	4,200,000
2	Knitting Machines (3)	6,000,000
3	Dying Equipment	2,325,000
4	Computer Lab	943,000
5	Fashion Design Studio	1,500,000

6	Testing & Quality Control Equipment	5,912,120
	Total	20,880,120

Audit observed as under:

- i. The EDF Board approved the proposal of PHMA without analyzing the space requirement of the institute. It was later found that PHMA did not have accommodation to install the machinery and equipment due to which the funds allocated remained unutilized to date.
- ii. After a lapse of five years the building of the closed PKTI institute, Nazimabad was handed over to PHMA-Institute of Knitwear Technology (IKTK) and further allocation of funds amounting to Rs. 6,652,000 was made with the approval of Board for renovation and operationalization of the building/institute of PKTI, Nazimabad but the same were also not utilized till 31.08.2023.

Audit is of the view that non-utilization of funds was serious lapse on the part of stakeholders, as the proposal of PHMA was not analyzed properly and funds were allocated without recognizing the fact that the institute did not have accommodation to install machinery.

The EDF management did not provide its reply to the audit observation.

Audit recommends holding of inquiry to fix responsibility and retrieval of unutilized EDF funds along with interest.

6.5.6 Whereabouts of money withdrawn from profit bearing joint account of EPB and SMA Rizvi Textile Institute not known- Rs 30.00 million

Para 23 of GFR states that every Government officer should realize fully and clearly that he will be held personally responsible for any loss sustained by Government through fraud or negligence on his part and that he will also be held personally responsible for any loss arising from fraud or negligence on the part of any other Government officer to the extent to which it may be shown that he contributed to the loss by his own action or negligence.

Endowment amounting to Rs. 30 million was given to S.M.A Rizvi, Textile Institute, Karachi vide cheque No.451840 dated 09.02.2001. The entire amount was deposited into the profit oriented joint account of EPB and SMA Rizvi Textile Institute maintained in Metropolitan Bank Ltd Main Branch I.I Chundrigar Road, Karachi. In 2005, the amount was withdrawn from the bank for avoiding zakat deduction which was not redeposited.

Audit observed as under:

- i. The amount of Rs 30.00 million was withdrawn from the above-mentioned Bank Account and was not deposited back into the bank account.
- ii. The detail of Profit earned from the investment was not provided to audit.
- iii. The whereabouts of the funds drawn were not known to the EDF management.

Audit is of the view that it is serious negligence on the part of management of EDF, Karachi and the likelihood of risk of misappropriation of the amount was high .

The EDF management did not provide its reply to the audit observation.

Audit recommends holding of inquiry to fix responsibility and retrieval of unutilized EDF funds.

CHAPTER 7

DEFENCE DIVISION

7.1 Introduction

As per Schedule II [Rule 3 (3)] Distribution of Business among the Divisions read with Schedule III [rule 4(4)] Rules of Business 1973 following main business have been assigned to the Division amongst the other functions.

Defence of the Federation or any part thereof in peace or war including Army, Naval and Air Force of the Federation and any other armed forces raised or maintained by the Federation; and armed forces which are not the forces of the Federation but are attached to or operating with any of the armed forces of the Federation.

- 1- Civilian employees paid by the Defence services.
- 2- International Red Cross and Geneva Conventions in so far as they affect belligerents.
- 3- Pardons, reprieves and respites, etc. of all personnel belonging to the Armed Forces.
- 4- Administration of Military Lands and Cantonments Group.
- 5- National Maritime Policy.
- 6- Marine surveys and elimination of dangers to navigation.

ATTACHED DEPARTMENTS/ AUTONOMOUS BODIES

- i. Directorate of Military Land and Cantonments.
- ii. Federal Government Educational Institutions (Cantonments/Garrisons) Directorate.
- iii. Pakistan Military Accounts Department.
- iv. Office of the Surveyor General of Pakistan.
- v. Pakistan Armed Services Board.
- vi. Pakistan Maritime Security Agency.

Sr. No.	Description	Total No.	Audited	Expenditure Audited (FY 2022-23) Rs. in million	Revenue/Receipt Audited (FY 2022-23) Rs. in million

2	Assignment Accounts (Excluding FAP)	-	-	-	-
3	Authorities / Autonomous Bodies etc. under the PAO	-	-	-	-
4	Foreign Aided Project (FAP)	-	-	-	-

7.2 Comments on Budget & Accounts (Variance Analysis)

The final budget allocated to the Defence Division for the financial year 2022-23 was Rs. 11,431.79 million, out of which the Division expended an amount of Rs.11,322.56 million. Grant-wise detail of current and development expenditure is as under:

(Rs. In million)

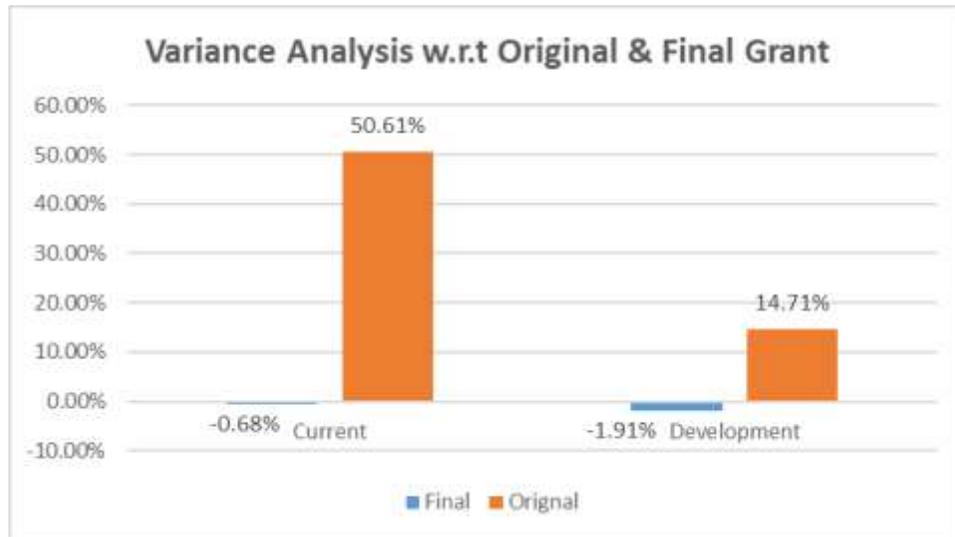

Grant No	Type of Grant	Original Grant	Suppl Grant	Surrender (-)	Final Grant	Actual Expenditure	Excess/ (Saving)	% age Excess/ (Saving)
27	Current	4,299.25	4,572.36	-107.01	8,764.61	8,705.38	-59.23	-0.68%
98	Development	2,232.09	450.00	-14.91	2,667.19	2,617.18	-50.00	-1.91%
	G Total	6,531.34	5,022.36	-121.92	11,431.79	11,322.56	-109.23	-0.96%

Audit noted that there was an overall saving of Rs. 109.23 million, which was mainly due to savings in current / development expenditure.

Supplementary Grants obtained without careful cash forecasting

According to Para 71 of General Financial Rules (Volume I), while framing budget estimates, the authorities should exercise utmost foresight. Rules of good governance demand that budget processes are carried out in accordance with clearly defined expectations and assumptions and a coordinated calendar of activity.

As shown in the chart below, bifurcating total allocation into current and development expenditure it is observed that, in case of development expenditure, there was 14.71% of excess w.r.t original grant which was finally become 1.91% saving w.r.t Final Grant and in case of current expenditure 50.61% of excess reduced to 0.68% of saving.

7.3 Classified Summary of Audit Observations

Audit observations, amounting to Rs.36.588 million, were raised in this report during the current audit of **Defence Division**. Summary of the audit observations classified by nature is as under:

7.5 AUDIT PARAS

Pakistan Maritime Security Agency (PMSA)

7.5.1 Irregular expenditure on Pakistani Delegations Abroad - Rs. 6.886 million

As per GFR 10(i) every public officer is expected to exercise the same vigilance in respect of expenditure incurred from public moneys as a person of ordinary prudence would exercise in respect of expenditure of his own money.

According to Finance Division's O.M. No.7(1)Exp.IV/2016-340 dated 07.07.2022, there shall be a complete ban on official visit abroad by Govt. functionaries.

The management of Pakistan Maritime Security Agency, Karachi incurred an expenditure of Rs. 6,886,569 on Pakistani delegation abroad during Financial Year 2022-23.

Audit observed that expenditure on Pakistani delegation abroad was incurred during the ban period.

Audit is of the view that expenditure on visits abroad during the ban period was unjustified and irregular.

The Management did not reply till finalization of report.

Audit recommends that either ex-post facto approval be taken from Prime Minister or recoveries may be initiated.

Survey of Pakistan

7.5.2 Irregular procurement of GNSS sets - Rs. 29.702 million

Rule 37(A)(1) of Public Procurement Rules, 2004 states that an unsolicited proposal received by the procuring agency from any individual or agency, private or public, consistent with the mission of the procuring agency, shall be assessed by the assessment committee, consisting of at least three technical experts, to be notified by the procuring agency. The assessment committee shall ascertain the viability of the proposal.

The management of Survey of Pakistan (SoP), Rawalpindi constituted a Technical Committee-I for the procurement of GNSS sets under the project titled “Cadastral Mapping” vide notification No. 93-c/14-A-8/IHD dated 11.11.2020 comprising of following officers for technical input assessment of equipment as under:

- i. Mr. Shah Muhammad, Director (Chairman)
- ii. Mr. Irshad Ali, Assistant Director (Member)
- iii. Mr. Atif Shoaib, Survey Officer (Member)
- iv. Mr. Farhan Zafar, Survey Officer (Member)

The tender was floated in newspapers on 31.03.2021 and M/s Shaheen was technically qualified and was the lowest at a cost of Rs. 47,802,649. Later on, it was revealed that the firm did not possess relevant experience in supply of GNSS as per complaint lodged by M/s KBS on 28.05.2021 and on this contention tender was rejected. An inquiry was initiated which gave its recommendation on 26.08.2021 that the Technical Committee was not aware of technicality of items and Public Procurement Rules, 2004. The same procurement was retendered on 05.08.2021 but the Technical Committee remained unchanged which was found technically unqualified in the inquiry report. A supply order was issued after evaluation to M/s Sandhu Engineering at a cost of Rs. 29,702,802.

Audit observed as under:

- i. Bids were evaluated by the same Technical Committee which was declared disqualified in the inquiry report.. Furthermore, financial bids were opened after one month of technical evaluation without any solid reason.
- ii. An amount of Rs. 1,271,360 was paid to M/s Sandhu as rent of similar equipment without tender for the period April, 2021 to June, 2021 and an amount of Rs. 13,659,725 was paid to M/s Sandhu as rent after tender for the period July, 21 to December, 2021.
- iii. Had the selection process of the firm been undertaken with due care during the first tendering process, there would have been no need to make rental payment(s) for the equipment.

Audit is of the view that due to negligence in constitution of Technical Committee public exchequer sustained loss in the form of payment of rent of equipment. Moreover, equipment in 2nd tendering process was also procured on the recommendation of same Technical Committee which had been declared technically unqualified by the inquiry committee.

The management replied that procurement of GNSS was made in accordance with PPRA Rules. The re-tender was initiated in accordance with Rule 33 (Rejection of bid) & Rule 34 (Re-bidding). The Rule does not require reconstitution of a technical or purchase committee. The

procuring Agency can revise specifications, evaluation criteria or any other condition for bidders as it may deem necessary for re-tendering. Accordingly, framing technical specifications and subsequent evaluation of bid by the same technical committee (as for initial bid) was not mandatory. The report of the Inquiry Committee and its recommendation were not received by the Project Management Unit till completion of evaluation and procurement process. Therefore, the technical committee was not revised. The Rules are silent about duration of time frame between technical evaluation and financial evaluation. There is only condition that contract is signed within validity period of the bid which was duly full filled.

The reply was not accepted because the management kept the same technical committee which was termed unqualified by the inquiry committee due to their incapacity to evaluate such types of bids.

Audit recommends holding of inquiry to probe the matter.

CHAPTER 8

ECONOMIC AFFAIRS DIVISION

8.1 Introduction

As per Schedule II [Rule 3 (3)] Distribution of Business among the Divisions read with Schedule III [rule 4(4)] Rules of Business 1973 (as amended up to 1st December 2021) following main functions have been assigned to the Division:

1. Assessment of requirements; programming and negotiations for external economic assistance from foreign Governments and organizations.
2. Matters relating to IBRD, IDA, IFC, ADB and IFAD.
3. Economic matters pertaining to the Economic and Social Council of the United Nations, Governing Council of UNDP, ESCAP (Economic and Social Commission for Asia and Pacific), Colombo Plan and OECD (DAC).
4. Negotiations and coordination activities, etc., pertaining to economic cooperation with other countries (excluding RCD and IPECC).
5. Assessment of requirements, programming and negotiation for securing technical assistance to Pakistan from foreign Governments organizations including nominations for EDI Courses.

6. External debt management, including authorization of remittances for all external debt servicing, compilation and accounting and analysis of economic assistance from all foreign governments and organizations.
7. Review and appraisal of international and regional economic trends and their impact on the national economy. Proposals concerning changes in International Economic Order.
8. Matters relating to transfer of technology under UNDP assistance.
9. Matters relating to International Islamic Development Bank.
10. Financial Action Task Force (FATF) Cell.

ATTACHED DEPARTMENTS / AUTONOMOUS BODIES

Sr. No.	Description	Total No.	Audited	Expenditure Audited (FY 2022-23) Rs. in million	Revenue / Receipt Audited (FY 2022-23) Rs. in million

2	Assignment Accounts (Excluding FAP)				
3	Authorities / Autonomous Bodies etc. under the PAO				
4	Foreign Aided Project (FAP)				

8.2 Comments on Budget & Accounts (Variance Analysis)

The final budget allocated to the Economic Affairs Division for the financial year 2022-23 was Rs. 11,288.70 million, out of which the Division expended an amount of Rs. 11,270.40 million. Grant-wise detail of current expenditure is as under:

Rs. in million

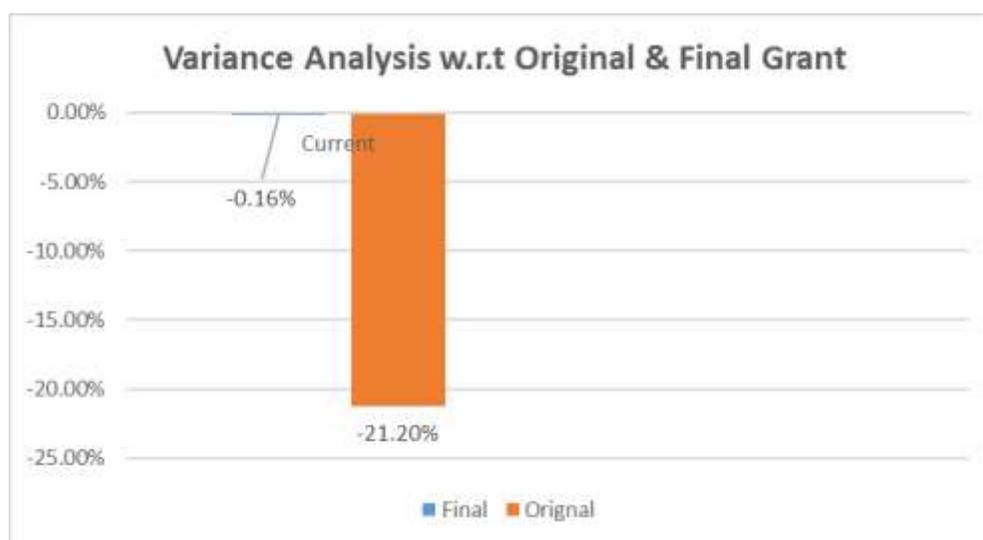

Grant No	Type of Grant	Heads	Original Grant	Surrender (-)	Final Grant	Actual Expenditure	Excess/ (Saving)	% age Excess/ (Saving)
31	Current	Main	681.06	16.71	664.35	658.30	-6.05	-0.92%
32	Current	Misc	12,978.99	2,354.64	10,624.35	10,612.11	-12.25	-0.12%
	Total		13,660.05	2,371.35	11,288.70	11,270.40	-18.30	-0.16%

Audit noted that there was an overall saving of Rs.18.30 million, which was mainly due to saving in development grant.

Supplementary Grants obtained without careful cash forecasting

According to Para 71 of General Financial Rules (Volume I), while framing budget estimates, the authorities should exercise utmost foresight. Rules of good governance demand that budget processes are carried out in accordance with clearly defined expectations and assumptions and a coordinated calendar of activity.

As shown in the chart below, bifurcating total allocation into current expenditure, it was observed that there was 21.20 % of saving w.r.t original grant which was finally reduced to 0.16 % w.r.t final grant.

8.3 Classified Summary of Audit Observations

Audit observations, amounting to Rs. 52.018 million, were raised in this report during the current audit of the Economic Affairs Division. Summary of the audit observations classified by nature is as under:

(Rupees in million)		
S. No	Classification	Amount
1	Non-production of record	
2	Reported cases of fraud, embezzlement and Misappropriation	
3	Irregularities	
A	<i>HR/Employees related Irregularities</i>	
B	<i>Procurement related irregularities</i>

Total	16	4	1	15	-

8.5 AUDIT PARAS

Economic Affairs Division

8.5.1 Irregular cash withdrawal of honorarium by DDO-Rs. 52.018 million

According to Rule-157 of Federal Treasury Rules “Cheques drawn in favour of Government officers and departments in settlement of Government dues shall always be crossed “A/c payee only - not negotiable”.

Drawing and Disbursing Officer Ministry of Economic Affairs, Islamabad had drawn cash money of Rs. 52,018,240 for disbursement of honorarium to their officers & officials during financial years 2021-22 and 2022-23. Details are as under:

F.Y	Gross Amount (Rs.)	Net amount (Rs.)	Cheque No. & date
2021-22	27,785,420	26,742,321	8995165 dated 30-06-2022
2022-23	21,006,160	20,104,044	9652146 dated 23-06-2023
2022-23	3,226,660	3,065,327	9695590 dated 21-06-2023
Total	52,018,240	49,911,692	

Audit observed that instead of making payment of honorarium through crossed cheques or through pay roll, the cash money of Rs. 52.018 million was withdrawn by the DDO for making payment to officers/officials of the Ministry.

Audit is of the view that cash withdrawal of honorarium amounting to Rs. 52.018 million by the DDO was in violation of rules and irregular.

The management replied that the approval of the honorarium from the Minister was received on 29th June 2022 and 22nd June, 2023, respectively. After which the last date for

acceptance of change statement by AGPR had also passed and it was not possible to make all cheques in such a short time and deliver to each employee separately.

The reply is not tenable as the late processing of case for grant of honorarium resulted in cash payment through DDO in violation of rules.

The DAC was convened on 26.12.2023 and directed to avoid this practice in future.

Audit recommends appropriate action against the persons concerned for not processing the case of honorarium timely well before close of financial year. Audit further recommends that such practice should be discontinued in future.

CHAPTER 9

ESTABLISHMENT DIVISION

9.1 Introduction

As per Schedule II [Rule 3 (3)] Distribution of Business among the Divisions read with Schedule III [rule 4(4)] Rules of Business 1973 (As amended up to 23rd April 2019) following main businesses have been assigned to the Division amongst the other functions.

Regulation of all matters of general applicability to civil posts in connection with the affairs of the Federation:

1. Formation of Occupational Groups
2. Policy regarding recruitment to various grades
3. The Federal Government functions in regard to Federal Public Service Commission.
4. Career Planning
5. Services Tribunal Act, 1973.
6. Idea Award Scheme.
7. Pakistan Public Administration Research.

ATTACHED DEPARTMENTS / AUTONOMOUS BODIES

9.2 Comments on Budget & Accounts (Variance Analysis)

The final budget allocated to the Establishment Division for the financial year 2022-23 was Rs. 6,580.71 million, out of which the Division expended an amount of Rs.6,500.34 million. Grant-wise detail of current and development expenditure is as under:

(Rs. In million)

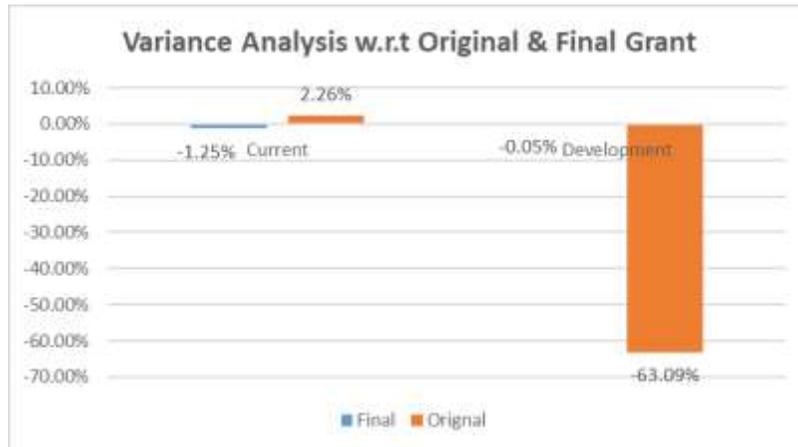

Grant No	Type of Grant	Original Grant	Suppl Grant	Surrender (-)	Final Grant	Actual Expenditure	Excess/ (Saving)	% age Excess/ (Saving)
16	Current	6,203.07	261.03	-40.35	6,423.75	6,343.46	-80.29	-1.25%
93	Development	425.00	0.00	-268.03	156.97	156.89	-0.08	-0.05%
	G Total	6,628.07	261.03	-308.39	6,580.71	6,500.34	-80.37	-0.05%

Audit noted that there was an overall saving of Rs. 80.37 million, which was mainly due to saving in current grant.

Supplementary Grants obtained without careful cash forecasting

According to Para 71 of General Financial Rules (Volume I), while framing budget estimates, the authorities should exercise utmost foresight. Rules of good governance demand that budget processes are carried out in accordance with clearly defined expectations and assumptions and a coordinated calendar of activity.

As shown in the chart below, bifurcating total allocation into current and development expenditure, it was observed that, in case of development grant, there was a 63.09% saving w.r.t original grant which was finally reduced to 0.05% saving w.r.t Final Grant and in case of current grant 2.26% of excess was become 1.25% saving.

9.5 AUDIT PARAS

Establishment Division (Main)

9.5.1 Irregular expenditure on engagement of Contingent Paid Staff - Rs. 8.666 million

Finance Division vide U.O.Nos.F.1(2)DFA(Estt)/2012-13 dated 15.08.2018, 06.08.2019, 30.07.2020, 24.08.2021 & 13.09.2022 gave concurrence to the proposal of Establishment Division for continuation / extension of post of Contingent Paid Staff in Establishment Division for the FYs 2018-19, 2019-20, 2020-21, 2021-22 & 2022-23, respectively, subject to the condition(s) that

Establishment Division was to fill up posts on regular basis on merit as soon as possible (while approving every year).

The management of the Establishment Division incurred an expenditure amounting to Rs. 8,665,776 on payment of salaries to twenty-eight (28) persons appointed as Contingent Paid Staff (CPS) during the FY 2022-23.

Audit observed that the Establishment Division did not appoint the staff on a regular basis, as per instructions of the Finance Division from time to time, instead the expenditure was incurred on engagement of Contingent / Daily Paid Staff.

Audit is of the view that non-compliance of the Finance Division's instructions regarding appointment of staff on regular basis and incurrence of expenditure (every year) on engagement of Contingent Paid Staff is irregular and unauthorized.

The DAC was held on 17.01.2024. The DAC was apprised that the appointment of contingent paid staff was made in BPS-01-04 against the sanctioned /vacant posts duly endorsed by the Finance Division. The process of recruitment was initiated, and vacancies were advertised in National Dailies on 28.05.2023. In the meantime, the Election Commission of Pakistan imposed ban on all kinds of recruitments in Ministry/Division during Care-Taker Government vide ECP's letter dated 15.08.2023.

The DAC directed the management to expedite the recruitment process after lifting the ban on completion of General Election process and proof of recruitment may be provided to audit.

Audit recommends that decision of the DAC may be implemented.

Staff Welfare Organization

9.5.2 Non-Recovery of Outstanding Rent from Utility Stores Corporation - Rs. 12.379 Million

Section 10(I) of the Islamabad Rent Restriction Ordinance, 2001 states that the rent of residential as well as a non-residential building shall stand automatically increased at the end of every three years of its tenancy by twenty-five percent of the rent already being paid by the tenant.

Pak. PWD vide letter No. CIII/WXIII/111/565 dated 22.02.2005 and vide letter dated 09.03.2005 visited the building and made a rent assessment of the premises on Plot No. ID-2, G-6/1-1 and ID-16, Sector G-6, Aabpara Islamabad.

The properties of Staff Welfare Organization (SWO), Islamabad primarily meant for setting up Lady Industrial Home and Library for the welfare of Federal Government Employees and their Families were rented to the Utility Stores Corporation on temporary basis on 01.07.1971 with monthly rent of Rs 600. No written / formal lease agreement had been signed since that time till now. The detail of outstanding rent is as under:

Period	Rent Due	Rent Paid	Rent Recoverable
01.07.1971 to 31.07.2023	20,275,292	7,896,240	12,379,052

Audit observed that:

1. The management did not recover outstanding rent of Rs.12.379 million after applying 25% increase in rent after every three years.
2. The SWO management failed to make a lease agreement with Utility Stores Corporation.

Audit is of the view that non-recovery of outstanding amount from the tenant resulted in non realization of revenue amounting to Rs. 12.379 million.

The DAC was held on 17.01.2024. The DAC directed the management to expedite the recovery of outstanding rent and vacation of building.

Audit recommends that recovery of outstanding rent be ensured besides fixing responsibility for non-execution of rent agreement.

Federal Employees Benevolent & Group Insurance Fund

9.5.3 Payment of escalation over and above the approved PC-I – Rs. 351.734 million

Section 4.3 of the revised PC-I for Multi Storey FEB&GIF Tower Multipurpose Building in Blue Area (Jinnah Avenue) Islamabad elaborates the Project Cost which included the Escalation cost as Rs. 515.730 million.

The management of the FEB&GIF provided the Price Adjustment Summary which reflects the escalation of Rs. 867.464 million.

Audit observed that the escalation amount as per summary provided is over and above the approved escalation by Rs. 351.734 million.

Audit is of the view that escalation over and above the approved project cost is irregular and unauthorized.

The management informed that PC-I of the subject project is under revision and the subject over and above escalation amount is being covered in the proposed revision.

The DAC was held on 17.01.2024. The DAC directed the management to produce the revised PC-I and get it verified from audit.

Audit recommends that responsibility may be fixed for payment of escalation over and above the provision of revised PC-I without further revision.

9.5.4 Recovery of wrongly transferred funds to NBP – Rs. 9.414 million

Section 7(c) of the Federal Employees Benevolent Fund and Group Insurance Act, 1969 states that the Board shall have power to do or cause to be done all acts and things necessary for the proper administration and management of the moneys or properties in the Benevolent Fund and the Insurance Fund.

The FEB&GIF made an analysis of the payments and identified an amount of Rs. 12,623,839 as wrong/overpayment by the NBP, out of which an amount of Rs. 3,210,1564 was refunded by the Bank.

Audit observed as under:

- i. The remaining overpaid amount of Rs. 9,413,675 has not yet been refunded to FEB&GIF.
- ii. No disciplinary proceedings were initiated against the persons who wrongly transferred the amount to the Bank.

Audit is of the view that non-retrieval of the amount was an undue financial favour to the bank.

The management replied that the FEB&GIF disbursed the amount of Monthly Benevolent Grant amongst the beneficiaries through NBP across the country. During this exercise some of the beneficiaries either die or get married/remarried or their accounts become dormant/inactive, but FEB&GIF remains unaware of such facts till NBP authorities or beneficiaries themselves intimate it to that extent. Till such time, the amount of Monthly Benevolent Grant keeps remitting to their accounts as per SOPs provided by NBP for Direct Credit System (DCS).

The DAC was held on 17.01.2024. The DAC directed the management to reconcile the figures with NBP and share final reconciliation with Audit.

Audit recommends a mechanism for timely sharing of beneficiary data between NBP and the department be implemented ; and that recovery of overpaid amount from NBP may be made and got verified by audit besides fixing of the responsibility on the persons who wrongly transferred the amount to the Bank.

9.5.5 Recovery of balance lying in the in-active accounts from NBP – Rs. 160.708 million

Section 7(c) of the Federal Employees Benevolent Fund and Group Insurance Act, 1969 states that the Board shall have power to do or cause to be done all acts and things necessary for the proper administration and management of the moneys or properties in the Benevolent Fund and the Insurance Fund.

The management of FEB&GIF established Contribution Branch with the responsibility to keep record of contribution received from the contributors for both funds (Benevolent and Group Insurance) and also reconciliation of Demand Draft Payments (DDPs) made by the bank.

Audit observed as under:

- i. As per the analysis report on the status of the payments made, un-claimed balance of Rs. 160.708 million was lying in various inactive NBP accounts up to 11-05-2023.
- ii. The NBP on 12-06-2023 accepted partially an amount of Rs. 78.297 million as lying in the inactive accounts thereby admitting that the NBP had been keeping the funds in inactive accounts.
- iii. The Bank has not yet started refunding the amount.

Audit is of the view that non-retrieval of the amount was an undue financial benefit to the bank besides being an inherent risk in the internal control system of the organization.

The DAC was held on 17.01.2024. The DAC decided that the amount may be reconciled in consultation with the National Bank of Pakistan and the detail may be shared with the Audit.

Audit recommends that the matter of inactive accounts and keeping balances thereof, may be resolved and amounts lying in the inactive accounts may be retrieved. Audit further recommends that the internal control system be strengthened to avoid such lapses in the future.

Civil Services Academy, (CSA)

9.5.6 Un-authorized maintenance of Employees Welfare Fund and incurring of expenditure without approved rules - Rs. 42.493 million

Serial No. 11(16) of Schedule-II of Rule 3(3) of Rules of Business, 1973 has assigned the Finance Division to frame rules on pay and allowances, retirement benefits, leave benefits and other financial terms and conditions of service.

Para 25 of GFR Vol-I states that all Departmental regulations in so far as they embody orders or instructions of a financial character or have important financial bearing should be made by, or with the approval of, the Ministry of Finance.

Management of Civil Services Academy (CSA), Lahore was maintaining Employees Welfare Fund Account No. 1250-00501589-01 with HBL, Walton Road, Lahore. The receipts and expenditure of this account as per bank statement was as under:

(Rupees)			
Opening Balance as on 01-07-2022	Receipts (Cr)	Expenditure (Dr)	Closing Balance as on 30-06-2023
10,282,359	32,816,278	42,493,248	605,389

Audit observed that the Welfare Fund was established and being maintained, without the approval of the Finance Division. Moreover, the expenditure of Rs 42.493 million was incurred without approved rules/regulations/policy.

Audit is of the view that the maintenance of bank account and incurring of expenditure without approved rules from Finance Division was unauthorized.

The management did not reply till finalization of the report.

Audit recommends obtaining approval of the Finance Division for maintenance and operation of bank account and rules & regulations for incurring expenditure.

9.5.7 Unauthorized transfer of fund from Assignment Account to bank accounts – Rs. 14.539 million

Section 23 (2) of Public Finance Management Act, 2019 states that “No authority shall transfer public moneys for investment or deposit from government account including the assignment accounts to other bank account without prior approval from the Federal Government.”

Para ix of Provisional Indicative Budget Ceiling of Civil Services Academy, Lahore for FY 2022-23 issued by Finance Division on 09-05-2022 stipulates that money cannot be transferred from an assignment account to other bank accounts.

Management of Civil Services Academy (CSA), Lahore was maintaining Assignment Account No.1001 (1158391924) at NBP, Main Branch the Mall, Lahore. The management transferred an amount of Rs. 14,538,940/- from assignment account to following bank accounts during FY 2022-23. Details are as under:

Sr. #	Transfer To Whom	Amount
1.	DG's Misc. Receipts Fund NBP Account No.1618-3150986885	3,885,268
2.	Director (F&A) NBP Account No. 1618-003069947250	7,996,772
3.	Employees Welfare HBL Account No. 1250-00501589-01	2,656,900
	Total	14,538,940

Audit observed that the management transferred an amount of Rs. 14.538 million from assignment account to bank accounts which was in violation of instructions of the Finance Division.

Audit is of the view that transfer of fund from assignment account to non-lapsable accounts and commercial bank accounts was in violation of instructions of the Finance Division and Article 80 of the Constitution of Islamic Republic of Pakistan was irregular and unauthorized.

The management did not reply till finalization of the report.

Audit recommends fixing of the responsibility for the said lapse and refund of unspent amount into Government Account.

CHAPTER 10

FEDERAL EDUCATION AND PROFESSIONAL TRAINING DIVISION

10.1 Introduction

As per Schedule II [Rule 3 (3)] Distribution of Business among the Divisions read with Schedule III [rule 4(4)] Rules of Business 1973 (As amended up to 23rd April 2019) following main businesses have been assigned to the Division amongst the other functions.

25- Relationship with UNESCO and participation in its activities, liaison with other international agencies and organizations in educational programs.

ATTACHED DEPARTMENTS / AUTONOMOUS BODIES

- i. National Training Bureau.
- ii. Pakistan Manpower Institute.
- iii. Federal Directorate of Education Islamabad.
- iv. Directorate General of Special Education.
- v. Academy of Educational Planning and Management, Islamabad
- vi. Federal Board of Intermediate and Secondary Education, Islamabad
- vii. National Education Assessment Centre, Islamabad
- viii. Pakistan National Commission for UNESCO (PNCU)
- ix. Inter-Board Committee of Chairmen
- x. National College of Arts Rawalpindi & Lahore.
- xi. Private Educational Institution Regulation Authority.

Sr. No.	Description	Total No.	Audited	Expenditure Audited (FY-2022-23) Rs. in million	Revenue / Receipt Audited (FY 2022-23) Rs. in million
1.	Formations	495	17	8,312.503	428.419
2.	Assignment Accounts (Excluding FAP)	16	-	-	-
3.	Authorities / Autonomous Bodies etc. under the PAO	5	5	9,891.263	-
4.	Foreign Aided Project (FAP)	-	-	-	-

10.2 Comments on Budget & Accounts (Variance Analysis)

The final budget allocated to the Federal Education and Professional Training Division for the financial year 2022-23 was Rs. 28,089.62 million, out of which the Division expended an amount of Rs. 31,780.75 million. Grant-wise detail of current and development expenditure is as under:

(Rs. In million)

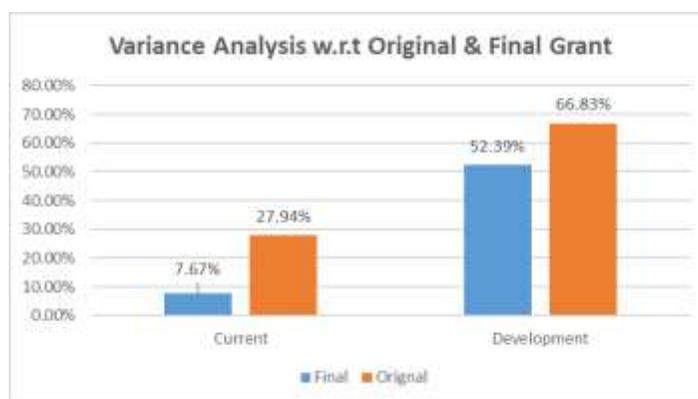

Grant No	Type of Grant	Original Grant	Suppl Grant	Surrender (-)	Final Grant	Actual Expenditure	Excess/ (Saving)	% age Excess/ (Saving)
36	Current	20,746.61	4,040.00	-134.01	24,652.60	26,542.91	1,890.31	7.67%
102	Development	3,139.60	567.12	-269.70	3,437.02	5,237.84	1,800.82	52.39%
	Total	23,886.21	4,607.12	-403.71	28,089.62	31,780.75	3,691.13	13.14%

Audit noted that there was an overall excess of Rs. 3,691.13 million, which was mainly due to excess in current / development grants.

Supplementary Grants obtained without careful cash forecasting

According to Para 71 of General Financial Rules (Volume I), while framing budget estimates, the authorities should exercise utmost foresight. Rules of good governance demand that budget processes are carried out in accordance with clearly defined expectations and assumptions and a coordinated calendar of activity.

As shown in the chart below, bifurcating total allocation into current and development expenditure, it was observed that in case of development grant, there was 66.83% of excess w.r.t original grant which was finally reduced to 52.39% excess w.r.t Final Grant and in case of current grant 27.94% of excess was reduced to 7.67%.

10.3 Classified Summary of Audit Observations

Audit observations, amounting to Rs.1,067.813 million, were raised in this report during the current audit of **Federal Education And Professional Training Division**. Summary of the audit observations classified by nature is as under:

(Rupees in million)

S. No	Classification	Amount
1	Non-production of record

10.5 AUDIT PARAS

National Rahmatul-Lil-Aalameen Wa Khatamun Nabiyyin Authority

10.5.1 Irregular appointment of Chairman and Members in MP Scales without advertisement – Rs. 13.350 million

Clause 3 (i to vii) of Establishment Division O.M. No. 1/3/2020-E-6 dated 22-06-2020 related to management position scales policy 2020 provide insights about the following criteria such as sanction of post (s), wide advertisement of posts including terms of reference, Job description, Job Specifications, Tenure of appointment and Pay package in the national press, composition of scrutiny committee, scrutinize applications based on the advertised criteria, no short listing of eligible candidates and all candidates having basic eligibility as per advertised eligibility criteria will be called for interview by the Selection Committee, list of all eligible candidates duly signed by the scrutiny committee, original score sheet and minutes of the meeting of the selection committee duly for initial recruitment.

Clause 5 (1 & 2) of ibid determines the required qualification, experience and age limit. The required qualification and experience for MP-I scale is PhD in relevant subject(s) with 14 years-professional experience or Masters in relevant subject(s) with 18 years' post qualification experience in the relevant field. However, the age limit is 45-62 on the closing date of submission of applications.

Clause 6 (iii) of ibid states that a civil servants/government servant is selected through competitive process against any such position, he/she shall either resign from government service or seek early retirement, severing his/her connection/lien with their parent cadre/Ministry/Division/organization, etc., before joining the MP Scale Position.

The following officers were appointed as a Chairman and Members in Authority since its inception and made payments of Rs 13.350 million as under:

S. #	Employee Name	Member Name	Duration	Payment	Age at time of Appointment
1	Dr Ejaz Akram	Chairman	06-12-2021 to 31-12-2021	565,233	Not Available
2	Dr Amir Tauseef	Member Media	10-02-2022 to 07-11-2022	6,235,824	Not Available
3	Mr. Tanveer Anjum	Member International Research	03-02-2022 to 30-06-2022	3,166,091	Not Available
4	Mr. Ayesha Laghari	Member Prescribing Curricula	24-01-2022 to 30-06-2022	3,383,128	Not Available

Audit observed as under:

- i. The recruitment of Chairman and members was made through service provider firm in violation of the instructions of the Establishment Division.
- ii. All the appointments were made on MP scale without following the process as envisaged in Clause 3 (i to vii) of MP Scale Policy, 2020.
- iii. Copies of academic qualification, experience certificates, CV, NIC, etc., were not available on record to determine the eligibility criteria of each candidate/applicant.
- iv. The evidence relating to resignation or seeking of retirement from the previous posts/service or serving his/her connection/lien with their parent cadre/Ministry/Division/organization, etc., before joining the new assignment, was not available on record.
- v. Copy of approval of arrears allowed to officers placed at Serial # 2 from the Prime Minister was not shared.

Audit is of the view that the appointment of Chairman and Members was made through service provider firm instead of advertisement, in violation of MP Scale policy, and therefore was irregular.

The management did not reply.

Audit recommends fixing the responsibility for making appointment without advertisement in violation of government rules and procedures.

National College of Arts, Lahore

10.5.2 Unauthorized expenditure due to appointments of visiting faculty without advertisement of posts - Rs. 114.397 million

Cabinet Secretariat establishment Division Notification No F.53/I/2008-SP dated 22.10.2014 for recruitment in Ministries / Division / Attached/ Departments / Subordinate offices/ Autonomous Bodies/ Semi-Autonomous envisages that vacancies as per the Provincial Regional Quota etc. shall be advertised through widely published National / Provincial / Regional newspaper.

The management of National College of Arts Lahore made recruitments of the visiting faculty, but the vacancies were not advertised in the print media as required in the above Establishment Division Notification. An expenditure of Rs. 114.397 million was incurred on account of lecture fees.

Audit observed that

- i. The appointments without advertisement of posts in the print media were irregular.
- ii. The appointment contracts were further extended by the Vice Chancellor without prior approval of the competent authority.
- iii. Appointment in violation of Government instructions were irregular.

Audit is of the view that appointments without advertisement of posts and grant of increment were irregular.

The management did not reply.

Audit recommends that responsibility may be fixed for the irregularity.

10.5.3 Non-investment of pension contribution - Rs. 80.816 million.

BOG(NCA) in its meeting approved deduction of pension contribution from its employees as conveyed vide letter No. NCZ/178 dated 9-10-2019 and an equal contribution by the college to the pension fund BoG also:

- i. Decided to open a pension fund bank account and invest the money in profit earning securities.
- ii. Directed that the employees be given the right to choose between paying the pension contribution or relinquish the right to pension.

The management of NCA has been deducting pension contribution along with college contribution equal to 7.5% of salary which has accumulated to total of Rs. 80.816 Million.

Audit observed that:

- i. Management did not open pension fund account.
- ii. Management did not invest the contributed amount in profitable schemes.
- iii. Non-maintaining of pension Funds is a violation of BOG instructions.

Audit is of the view that non-investment of pension contribution funds in profitable schemes deprived the college from the benefit of its due revenue.

The management did not reply.

Audit recommends that responsibility may be fixed for the irregularity.

10.5.4 Irregular expenditure on repair of building - Rs. 24.923 million

Para 192 of GFR Volume-I states that “When works allotted to a civil department other than the Public Works Department are executed departmentally, whether directly or through contractors, the form and procedure relating to expenditure on such works should be prescribed by departmental regulations framed in consultation with the Accountant General generally on the principles underlying the financial and accounting rules prescribed for similar works carried out by the Public Works Department. In the absence of departmental regulations, Federal Government rules were applicable.

Para 178 of GFR Vol-1 states that except in cases covered by any special rules or orders of Government, no work should be commenced or liability incurred in connection with it until Administrative approval has been obtained from the authority appropriate in each case; sanction, either special or general, of competent authority has been obtained authorizing the expenditure; a

properly detailed design and estimate has been sanctioned; and funds to cover the charge during the year have been provided by competent authority.

Management of National College of Arts Lahore incurred an expenditure of Rs. 24.923 million under the head repair of building during the financial year 2020-21 & 2022-23 as follows:

Sr. No.	Head of Account	Financial year	Amount (Rs.)
1	Repair of Office Building	2020-21	8,423,284
2	Repair of Office Building	2021-22	8,122,195
3	Repair of Office Building	2022-23	8,377,672
Total			24,923,151

Audit observed that;

- i. Expenditure was split up to avoid the requirement of open tender.
- ii. Management did not prepare estimates for each repair, for administrative approval from the competent authority.
- iii. Management did not prepare the measurement books / sheet for each work to calculate the cost viz a viz the work done.
- iv. The expense amount of Rs. 24.923 million on account of repair for each work was not got verified by audit.
- v. Technical sanction from technical qualified officer / Competent Authority was not obtained prior to execute the work.

Audit is of the view that expenditure without technical sanction from the Competent Authority and preparation of Measurement Book was irregular and doubtful.

The management did not reply.

Audit recommends that responsibility may be fixed for the irregularity.

10.5.5 Unsecured expenditure without surety bond and payment of scholarships - Rs. 45.272 million

Clause 10 of Agreement Surety bond pertaining to scholarship award states that the person getting scholarship shall regularly submit the 6 monthly report related to her study work through the academic supervisor, to the Principal and a final comprehensive report immediately on completion of study for which scholarship was obtained.

Clause 12 of agreement Surety bond states that the person will produce two sureties of Government Officers of Grade-17 or above with more than five years of service left.

Clause 13 of Agreement Surety bond states that Surety Bond and Guarantee Bond need to be registered with Registrar Sub-Court City Lahore.

Management of National College of Arts Lahore awarded scholarship for higher education abroad to the teaching staff during financial year 2020-23. The detail is given below:

Sr	Name	From	To	Leave Type	Reason	Amount in PKR
1	Ms. Zunaira Batool	1/1/2023	12/31/2023	Study Leave	PhD	1,120,160

		Joined				
13	Mr. M. Shahzad Tanveer	11/5/2022	12/10/2022	ex-Pakistan	Residency	1,852,930
		Joined				
14	Ms. Rida Fatima	11/5/2022	12/10/2022	ex-Pakistan	Residency	18,453
		Joined				
15	Mr. M. Zafar Iqbal	4/21/2023	7/20/2023	ex-Pakistan	Short Course	890,000
		Joined				
Total						45,272,158

Audit observed that:

- i. Management did not obtain surety of Government officer of Grade 17 or above on the approved format.
- ii. Signatures of two witnesses were recorded on surety bond in all cases instead of obtaining signatures of Guarantors.

Audit is of the view that non-obtaining of surety bond / guarantee from office of BPS – 17 or above is violation of surety Bond Agreement.

Audit is also of the view that payment of Rs. 45.272 million without Surety Bond is irregular, carries financial risk and reflects weak administrative control.

The management did not reply.

Audit recommends that surety bonds may be obtained besides fixing responsibility for the irregularity.

10.5.6 Non-maintaining of record of paintings / sculptures available at NCA valuing millions of Rupees

Rule 148 of GFR states that all materials received should be examined, counted, measured or weighed as the case may be, when delivery is taken, and they should be taken in charge by a responsible Government officer who should see that the quantities are correct and their quality good, and record a certificate to that effect. The officer receiving the stores should also be required to give a certificate that he has actually received the materials and recorded them in the appropriate stock register.

Rule 155 of GFR states that a reliable list, inventory or account of all stores in the custody of Government officers should be maintained in a form prescribed by competent authority to enable a ready verification of stores and check of accounts at any time, and transactions must be recorded in as they occur.

During scrutiny of auditable record of National College of Arts Lahore for the financial year 2021-23, it was noted that the paintings / sculptures / antiques worth millions of rupees were available at the premises of NCA Lahore, however, these valuable items were not taken on stock. No entry was found in the stock register of NCA produced to audit. In the absence of complete record, the facts could not be verified.

The record submitted to audit relating to paintings/ sculptures is not verifiable as it does not contain any list, inventory duly verified by competent authority. Moreover the record is not maintained in the prescribed stock register format.

Audit is of the view that due to not being taken on proper stock register, these paintings / sculptures are vulnerable to theft / embezzlement.

The management did not reply.

Audit recommends maintaining asset register, stock register along with assessing and recording the estimated value of articles painting, etc.

Pakistan Institute of Fashion & Design, Lahore

10.5.7 Non-Deduction of withholding taxes from M/S AGCN Pakistan for purchase of IT Equipment– Rs.12.939 million

Section 159 (2) of Income Tax Ordinance States that a person required to collect advance tax under Division II of this Part or deduct tax from a payment under Division III of this Part 1 [or deduct or collect tax under Chapter XII] shall collect or deduct the full amount of tax specified in Division II or III 2 [or Chapter XII], as the case may be, unless there is in force a certificate issued under sub-section (1) relating to the collection or deduction of such tax, in which case the person shall comply with the certificate.

Project Management of “Purchase of Equipment, Furnishing, Curriculum Development and Training of PIFD Lahore” made procurement of IT equipment costing Rs. 67.995 million from M/S AGCN Pakistan. Details are as under:

Sr. No	Name of Company	Invoice NO	Amount (Rs)	Income Tax @ 4.5%	Sales Tax @ 17%	Total (Rs)
1	AGCN Pak	2016/AGCN/07	35,327,699	1,589,746	5,133,084	6,722,831
2	AGCN Pak	2016-04	32,667,741	1,470,048	4,746,595	6,216,643
Total			67,995,440	3,059,795	9,879,679	12,939,474

Audit observed that:

- i. Management of PIFD processed the claim of the vendor for payment but did not withhold income tax due on supplies.

- ii. The exemption claimed by the supplier / vendor was not admissible as the supplier did not provide the essential documents for the exemption i.e. bill of entry, certificate of exemption issued by the FBR.
- iii. Payment without deduction of tax is irregular.

Audit is of the view that payment to the supplier without deduction of Income Tax & Sales Tax of Rs. 12.939 million is irregular and Government may sustain loss of Rs. 12.939 million due to non-recovery of tax.

The management did not reply till finalization of the report.

Audit recommends that inquiry may be held to fix the responsibility.

10.5.8 Irregular termination of PSDP project resulting in likely misappropriation of Government Property for Rs. 648.447 million

Para 1.21(iv) of Manual of PSDP Projects states that “the project closure brings project execution to a formal conclusion, informing all stakeholders about the completion of the project, and winding up technical, operational, and administrative actions. PC-IV form is required to be submitted at the time of project closure or the termination of the physical implementation of the project. At the stage of project closure, PC-IV is submitted”.

Rule 10 of GFR Vol 1 states that “every public officer is expected to exercise the same vigilance in respect of expenditure incurred from public moneys as a person of ordinary prudence would exercise in respect of expenditure of his own money”.

PSDP project titled “Purchase of Equipment Furnishing Curriculum Development and Training of PIFD Lahore” was approved by CDWP on 20-3-2007 and by ECNEC on 20th September 2007. The original cost of Project was 755.747 million. The project was required to be completed by June 2011”.

Later on, time extension with approved cost & scope was granted up to 30-6-2018 by CDWP in a meeting held on 19-10-2017. Again, a time extension up to 30.06.2020 was allowed.

Audit observed that:

- i. The executing agency failed to complete the project even by the extended time i.e. 30.06.2020.
- ii. The project was discontinued by the Administrative Ministry at a cost of Rs.583.447 million instead of the approved cost.

- iii. Handing over/taking over was not done between Ministry of Commerce & Ministry of Education.
- iv. Closure of project without preparation & submission of PC-IV was against the Government instructions.
- v. Proper stock/inventory of the durable goods/equipment was not maintained.
- vi. The aims and objectives of the project to sustain the PIFD as a competitive university were not achieved.

Audit is of the view that project management / ministry failed to establish the status of PIFD as world class competitive institute.

Audit notes that there was inefficiency on the part of project management to complete the project despite extension up to 30.06.2020 .

The management did not reply till finalization of the report.

Audit recommends that inquiry may be held to fix the responsibility.

10.5.9 Irregular utilization of interest on investments of pension fund- Rs. 25.048 million

Para 12 of GFR Vol-1 states that “a controlling officer must see not only that the total expenditure is kept within the limits of the authorized appropriation but also that the funds allotted to spending units are expended in the public interest and upon objects for which the money was provided”.

Rule-23 of GFR Vol-I also states that “every Government officer should realize fully and clearly that he will be held personally responsible for any loss sustained by Government through fraud or negligence on his part and that he will also be held personally responsible for any loss arising from fraud or negligence on the part of any other Government officer to the extent to which it may be shown that he contributed to the loss by his own action or negligence”.

The management of Pakistan Institute of Fashion and Design (PIFD), Lahore made investments in Term Deposit Receipts (TDRs) in commercial banks from pension funds and earned interest on these investments for Rs.25.048 million during the financial years 2019-23. The details are given below:

(Amounts in Rs.)				
Sr. No.	Financial Year	Amount of Investment	Interest Earned	Amount re-invested
1.	2019-20	30,000,000	3,780,000	30,000,000
2.	2020-21	30,000,000	3,240,000	30,000,000

3.		30,000,000	3,240,000	30,000,000
4.	2021-22	56,000,000	939,879	56,000,000
5.		56,000,000	8,807,803	56,000,000
6.	2022-23	30,000,000	5,040,000	30,000,000
	Total		25,047,682	

Audit observed that:

- i. The management of PIFD did not prepare a rational working balance.
- ii. The management transferred the interest amount Rs. 25.048 million in recurring Account No. 50397000268851 and spent it for its operational expenditure during financial years 2019-23.
- iii. Spending of interest earned for its operational expenditure was irregular.

Audit is of the view that:

- i. Utilization of earned interest of Rs. 25.048 million is irregular and unauthorized.
- ii. Management deprived the institute of the benefits of optimal use/further investment of earned interest.
- iii. Inefficiency on the part of management to maintain a rational working balance cannot be ruled out.

The management did not reply till finalization of the report.

Audit recommends that inquiry may be held to fix the responsibility.

10.5.10 Irregular establishment of pension fund and retention of public money - Rs.86.00 million

The Senate of PIFD in its meeting held on 8th May 2018 approved Pension Rules, actuarial valuation of the Pension liability and opening of separate bank account for Pension Fund. Further, the senate approved Pension Fund Rules for the regular employees of PIFD having service with PIFD since 1st July 2002 and onwards, subject to issuance of NOC by HEC.

The management of Pakistan Institute of Fashion and Design (PIFD), Lahore established Pension Fund for the regular employees of PIFD having service with PIFD since 1st July 2002 and onwards and retained an amount of Rs.86.00 million for the financial years 2019-23. Details are as under:

(Rs. in million)

Sr. No.	Financial Year	Amount contributed by Institute
1	2019-20	30.00
2	2021-22	56.00

Total	86.00
--------------	--------------

Audit observed that:

- i. The management created Pension Fund without pension contribution by the employees.
- ii. The management created Pension Fund without approval of Higher Education Commission (HEC).
- iii. The management opened a bank account for pension fund without the approval of Finance Division.
- iv. Management did not conduct actuarial studies/ valuation to ascertain pension liability.

Audit is of the view that:

- i. Creation of pension fund without the approval of HEC is irregular.
- ii. Non recovery of Pension contribution by the employees is huge burden on the Institute and violation of Government Instructions.

The management did not reply till finalization of the report.

Audit recommends that inquiry may be held to fix the responsibility.

10.5.11 Irregular expenditure due to appointment of visiting faculty without advertisement - Rs. 12.241 million

Cabinet Secretariat establishment Division Notification No F.53/I/2008-SP dated 22.10.2014 for recruitment in Ministries / Division / Attached/ Departments / Subordinate offices/ Autonomous Bodies/ Semi-Autonomous envisages that vacancies as per the Provincial Regional Quota etc. shall be advertised through widely published National / Provincial / Regional newspaper.

Management of Pakistan Institute of Fashion and Design Lahore made recruitments of the visiting faculty, but the vacancies were not advertised in the print media. The detail of payments made to visiting faculty is given below:-

Sr. NO	Financial Year	Amount
1	2019-20	1,674,400
2	2020-21	4,027,520
3	2021-22	2,722,560
4	2022-23	3,816,800
Total		12,241,280

Audit observed that:

- i. The appointments without advertisement of posts in print media were irregular.
- ii. The appointment contracts were further extended by the management without prior approval of the competent authority.
- iii. The officers were granted annual increments without any provision in the recruitment rules / statues.
- iv. Appointments in violation of Government instructions were irregular.

Audit is of the view that appointments without advertisement of posts and grant of increment were irregular.

Audit is also of the view that payment of pay & allowances to the visiting faculty without advertisement of vacancies was unauthorized.

The management did not reply till finalization of the report.

Audit recommends that inquiry may be held to fix the responsibility.

Pakistan Boy Scouts Association

10.5.12 Irregular Drawl in Cash to DDO Rs. 6.614 million

According to Rule-157 of Federal Treasury Rules “Cheques drawn in favor of Government officers and departments in settlement of Government dues shall always be crossed “A/c payee only—not negotiable”.

Drawing and Disbursing Officer PBSA, Islamabad had drawn cash money of Rs. 6.614 million for expenditure on various training courses, events, and camping activities.

Sr No.	Voucher No.	Cheque No.	Cheque Date	Amount Rs.
1	GF-20	268202625	18.07.2022	318,000
2	GF-30	268202644	12.08.2022	499,000
3	GF-64	276639314	01.11.2022	450,000
4	GF-68	276639318	04.11.2022	362,000
5	GF-77	289889181	18.11.2022	250,000
3	GF-113	289889222	26.12.2022	450,000
4	GF-131	289889245	18.01.2023	350,000
5	GF-136	289889249	30.01.2023	200,000
5	GF-145	289889257	09.02.2023	100,000
6	GF-149	289889261	16.02.2023	190,000
7	GF-169	26615041	20.03.2023	384,000
8	GF-170	26615042	21.03.2023	300,000
9	GF-174	26615048	29.03.2023	299,000

10	GF-181	26614983	07.04.2023	470,000
11	GF-194	26614997	04.05.2023	300,000
12	GF-197	26615000	05.05.2023	237,000
13	GF-210	26615117	15.05.2023	299,000
14	GF-211	26615118	15.05.2023	330,000
15	GF-220	26615127	02.06.2023	490,000
16	GF-225	26615132	05.06.2023	180,500
17	GF-229	26615136	06.06.2023	155,500
	TOTAL			6,614,000

Audit observed that instead of making payment through crossed cheques or through pay roll, the cash money of Rs. 6.614 million was withdrawn by the DDO for various expenditure throughout the year.

Audit is of the view DDO payments of Rs. 6.614 million are in violation of rules and are irregular.

The management replied that the amount was spent through-out the FY 2022-23 in different Training / Programs & events which was required to be spent in different sub-parts. Thus, drawing an amount through crossed cheques in this regard was unbearable for disbursement in various requisitions. However, such practice would be restricted in future, seeing the possibility.

The reply indicates that the management has accepted the audit observations.

Audit recommends that responsibility for the lapse be fixed, and the practice be discontinued.

10.5.13 Non-transparent Appointment of Director and Consultant

Para-3 of the Pakistan Boy Scouts Association Ordinance, 1959 (Ordinance No.XLIV of 1959) states that “the constitution, powers and functions of the Association shall, notwithstanding anything in the Companies Act, 1913(III of 1913(III of 1913), be such as may be prescribed by rules to be made by the Association, with the previous approval in writing of Central Government, and until such rules are made, the rules of the Pakistan Boy Scouts Association registered under the Societies Registration Act, 1860(XXI of 1860), and in force immediately before the commencement of this Ordinance, shall continue in force and be deemed to have been made under this section”.

According to Establishment Division’s O.M.No.F.53/1/2008-SP dated 22nd October, 2014 “Ministries / Divisions / Attached Departments /Subordinate Offices/Autonomous Bodies / Semi-

Autonomous Bodies/Corporations/Companies /Authorities etc. are required to follow the recruitment policy as under:

- i. Initial appointment shall be made strictly in accordance with the provisions contained in the Recruitment Rules of the post concerned. In the absence of Recruitment Rules, Ministries / Divisions/Attached Departments / Subordinate Offices/Autonomous Bodies / Semi-Autonomous Bodies / Corporations / Companies / Authorities etc. are first required to frame the Recruitment Rules and lay down the eligibility conditions for such appointments. No recruitment shall be made in the absence of approved Recruitment Rules.
- ii. Administrative Ministries/Divisions shall ensure merit and transparency in the recruitment process at all levels.

PBSA appointed Director and Consultant during FY 2022-23:

S. No.	Post	Date of Appointment
1	Director Youth Programme	31.10.2022
2	Consultant PBSA	03.02.2023

Audit observed as under:

- i. The appointment of the Director and Consultant was made without approved Recruitment Rules as required under Pakistan Boy Scouts Association Ordinance, 1959 (Ordinance No.XLIV of 1959) and instructions issued by the Establishment Division.
 - ii. Both Officers were appointed without completion of codal formalities i.e. advertisement, conducting of written test, short-listing for interview, preparation of merit list, and minutes of the meeting signed by the recruitment committee etc.
 - iii. No Character Certificate, Medical Certificate, or Bachelor's degree was furnished.
- Audit is of the view that the appointment was made in a non-transparent manner in violation of rules and instructions of the Government.

The management replied that with the sudden departure of our previous Director Youth Program, the vacuum within the organization was left. There was a risk of Programs disruption and a negative impact on the youth affairs were not tolerable for our organization as, after Covid-19 there was rush of the programs which the only Director Youth Program has to shoulder it.

So, accordingly to stopgap arrangement, Mr. Naik Akhtar Javed (LT) – M.Phil (Part-I), was preferred to station as Director Youth vide this office letter No. PBSA/4-17/PF/MNA/81 dated 31st October, 2022, who was recommended by National Executive committee, PBSA in its 154th

Meeting held at National Headquarters, Pakistan Boy Scouts Association on 27th October, 2022. Further, the highest forum i.e. National Council, PBSA in its 77th Extra Ordinary Meeting held at National Headquarters, PBSA on 30th January, 2023 also endorsed the said recommendations of 154th meeting of National Executive Committee.

It is pertinent to mention here that Mr. Naik Akhtar Javed is M. Phil (Pak studies), M.A (Persian and Pak. Studies) and a qualified Scout Leader (LT) and has been attached since 1978 to this profession. He has 30 year plus experience of educational institutions of Pakistan, and also attended many international events to present Pakistan and he brought good name in the field of scouting. He equally had performed very well, in Pakistan as well as abroad.

Further, management replied that a consultant was required to improve the liaison with sister organizations at national & international level along with donor organizations. The matter was discussed in 152nd Meeting of the National Executive Committee of PBSA, held at NHQ, Pakistan Boy Scouts Association, Islamabad dated 3rd April, 2022. Consequently, the forum has given the approval to hire a suitable candidate for the purpose.

In the light of that decision, the management of PBSA hired Ms. Tamana Banori on an initial basis for a period of three months w.e.f 23rd November, 2022, keeping her vast experience in the same field.

During this short period of her contract, she succeeded and got a project from the International Labour Organization (ILO). However, the National Executive Committee, being the second highest forum of PBSA, in its 154th meeting, held at Islamabad dated 27-10-2022 has approved her contract on a lump-sum salary of Rs. 300,000/-. After completion of the contract on 22nd February, 2023, it was extended up to 22nd May, 2023 for an additional term of 3 months. This decision was taken in the 155th meeting of the National Executive Committee, PBSA held on 18th November, 2022. Similarly, the management has extended her contract for a 3rd term from 23rd May, 2022 to 22nd August, 2023

The reply is not cogent. Nothing was explained about non- preparation of rules, non-observing merit in selection of the consultant.

Audit recommends responsibility for the lapse be fixed.

CHAPTER 11

FEDERAL PUBLIC SERVICE COMMISSION

11.1 Introduction

The Federal Public Service Commission (FPSC) is a statutory body of the Government of Pakistan, constituted in 1947, functions under the guiding principles of Articles 18, 25, 27, 34, 36, and 38 of the Constitution of the Islamic Republic of Pakistan 1973 and under Section 7 of the Federal Public Service Commission Ordinance 1977.

ATTACHED DEPARTMENTS / AUTONOMOUS BODIES

- i. FPSC Regional Office, Lahore
- ii. FPSC Regional Office, Karachi
- iii. FPSC Regional Office, Peshawar
- iv. FPSC Regional Office, Quetta
- v. FPSC Regional Office, Gilgit
- vi. FPSC, Regional Office D.I.Khan
- vii. FPSC, Regional Office Sukkur.
- viii. FPSC, Regional Office, Multan.

Sr. No.	Description	Total No.	Audited	Expenditure Audited (FY-2022-23) Rs. in million	Revenue / Receipt Audited (FY-2022-23) Rs. in million
1	Formations	9	1	845.483	-
2	Assignment Accounts (Excluding FAP)	-	-	-	-
3	Authorities / Autonomous Bodies etc. under the PAO	-	-	-	-
4	Foreign Aided Project (FAP)	-	-	-	-

11.2 Comments on Budget & Accounts (Variance Analysis)

The final budget allocated to the Federal Public Service Commission for the financial year 2022-23 was Rs.991.64 million, out of which the Division expended an amount of Rs.988.64 million. Grant detail of current expenditure is as under:

(Rs. In million)

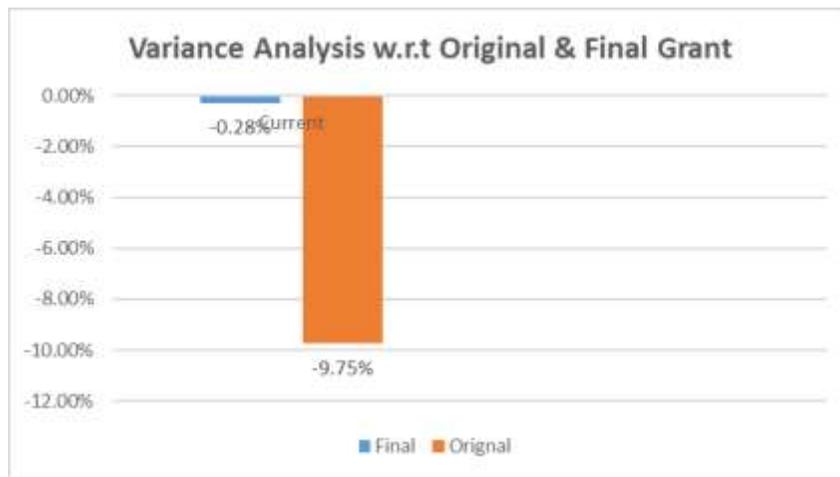

Grant No	Type of Grant	Original Grant	Suppl Grant	Surrender (-)	Final Grant	Actual Expenditure	Excess/ (Saving)	% age Excess/ (Saving)
17	Current	1,085.30	0.00	-93.65	991.64	988.84	-2.80	-0.28%

Audit noted that there was an overall saving of Rs. 2.80 million in current grant.

Supplementary Grants obtained without careful cash forecasting

According to Para 71 of General Financial Rules (Volume I), while framing budget estimates, the authorities should exercise utmost foresight. Rules of good governance demand that budget processes are carried out in accordance with clearly defined expectations and assumptions and a coordinated calendar of activity.

As shown in the chart below, bifurcating total allocation into actual expenditure, it is observed that there was 9.75% of saving w.r.t original grant and become 0.28% with respect to Final Grant:

11.3 Classified Summary of Audit Observations

Audit observations, amounting to Rs. 413.69 million, were raised in this report during the current audit of **Federal Public Service Commission**. Summary of the audit observations classified by nature is as under:

(Rupees in million)

S. No	Classification	Amount
1	Non-production of record

11.5 AUDIT PARAS

Federal Public Service Commission, Islamabad

11.5.1 Irregular cash payments - Rs. 354.687 million

Rule 157 of Federal Treasury Rules Vol-I states that “payment of two thousand and above to local bodies firms and private persons may be made through bank order. Cheque shall always be crossed Payee’s Account only-not negotiable”.

The management of Federal Public Service Commission, Islamabad made payment to vendors as well as its employees during financial year 2021-22.

Audit observed that:

- i. Funds amounting to Rs. 354,244,361 were drawn in cash through open cheques for disbursement to individuals instead of payment to them through crossed cheques or through direct credit to their bank accounts.
- ii. Payments were made to Deputy Supervisors (Honorary) in cash amounting to Rs. 0.442 million instead of cross cheques/payees account only who are usually gazetted officers.

Audit is of the view that payments made in cash instead of through cross cheque are against the provisions of FTRs.

The management did not reply.

Audit recommends that cash payments be stopped forthwith, payments be made through cross cheques, fix the responsibility on persons at fault besides regularization of expenditure from the Finance Division.

11.5.2 Irregular drawl of funds for depositing into Commercial Bank Account maintained under the title “Director Secrecy” - Rs. 6.767 million

Establishment Division letter No.11/7/52-SE. II dated 07.06.1952 method of payments to examiners provides for opening of a bank account by the Secretary, Pakistan Public Service Commission in his own name with an amount of Rs. 5,000 at an approved bank and to making payments to examiners by means of cheques out of that amount. The sum of Rs. 5,000 will be drawn from the State Bank of Pakistan and will be deposited in the personal accounts of the Secretary, Pakistan Public Service Commission. This sum will be recouped from time to time by drawing further advances, as and when required, through bills which will not bear the names of any examiners. There will be no pre-audit of such bills and the accounts will be audited secretly by an official of the office of the AGPR (Now DG Audit) at stated intervals. Such bills should, however, be supported with certificate in the following form:

“Certified that the amounts shown in the bill have been disbursed to the examiners and their receipts duly stamped have been obtained and filed in the confidential branch of the Commission’s office”.

The management of Federal Public Service Commission (FPSC), Islamabad drew an amount of Rs. 6.767 million during the year 2021-2022 from the head of account “A-03919-Payment to Others for Services Rendered” and deposited into Bank Account No. 0854-22-000775-4, National Bank of Pakistan, Super Market Branch, Islamabad. The bank account was opened and is maintained under the title “Director Secrecy”

Audit observed as under:

- i. The bank account was required to be opened under the title of Secretary but was opened and is being maintained by the Director Secrecy irregularly.
- ii. No arrangements were made since the opening of the bank account to carry out the proper audit of the accounts of Secrecy Wing of FPSC in accordance with the instructions contained in the Establishment Division’s letter No.11/7/52-SE. II dated 07.06.1952.

Audit is of the view that amounts from the government account were drawn in disregard to the instructions contained in the Establishment Division’s letter No.11/7/52-SE. II dated 07.06.1952.

The management did not reply.

Audit recommends that a proper inquiry into the matter should be carried out.

11.5.3 Irregular Withdrawal of Funds under Account No. 4019573836 (Titled Secretary FPSC) - Rs. 52.238 million

Section 30(2)(d) of Public Finance Management Act, 2019 states that all the Ministries and Divisions, attached departments and subordinate offices shall ensure placement of all public moneys into the Treasury Single Account.

The management of Federal Public Service Commission, Islamabad maintained bank account for the purpose of payment to exam/paper setter only payee's account during financial year 2021-22.

Audit observed that:

1. Heavy amounts were withdrawn from this bank account.
2. The funds were transferred to another bank account from this bank account.

Audit is of the view that heavy amounts were withdrawn from this bank in spite of only payee's account. Withdrawal of heavy amount from this account and transfer to other accounts are irregular and unauthorized.

The management did not reply.

Audit recommends that payment should be made through payees only account and stoppage of irregular practice. Audit also recommends that responsibility may be fixed for irregular withdrawal of amounts.

11.5.4 Non-appointment of Member from Private Sector

In terms of Section 3(4) of Federal Public Service Commission (FPSC) Ordinance, 1977 the Commission shall have:

(a) not less than one half of the members who shall be persons having held office in the service of Pakistan in basic pay scale 21 or above post, provided that no serving Government servant shall be appointed as a member.

(b) at least one member each from:-

- (i) retired judges of the superior judiciary.
- (ii) retired officers not below the rank of Major-General or equivalent of the Armed Forces; and

(iii) Women and the private sector possessing such qualifications and experience as the Federal Government may by rules prescribe.

Regulation 3 of Federal Public Service Commission (Composition and Condition of Service) Regulations, 1978 states that the Commission shall consist of a Chairman and not more than eleven members.

There are ten (Including two Additional Members) serving members in the Commission and one seat is vacant. Details are as under:

S. No.	Name	Date of joining FPSC	Ex-Service (Group)
1	Mr. Fazal Abbas Maken	12.11.2020	PAS
2	Mr. Muhammad Nafees Zakria	17.11.2020	FSP
3	Mr. Muhammad Tahir	30.11.2020	PSP
4	Capt. ® Shahid Ashraf Tarar	18.01.2021	PAS
5	Mr. Akbar Hussain Durrani (TI)	01.04.2022	PAS
6	Dr. Akhtar Nazir Warraich	01.04.2022	PAS
7	Flt Lt. (Retd.) Khawaja Daud Ahmed	01.04.2022	PAS
8	Dr. Tanveer Ahmed Qurashi	04.04.2022	PAS
9	Ms. Yasmeen Masood	04.04.2022	PAS
10	Mr. Zaheer Pervaiz	30-06-2022	FSP

Audit observed that:

1. No member from the private sector has been posted in the Commission.
2. Two additional members were nominated/ posted on vacant posts without observing the requirement of ordinance.

Audit is of the view that non-appointment of Member from Private Sector is violation of FPSC Ordinance and due to this FPSC is deprived of expertise from other respected professions.

The management did not reply.

Audit recommends that appointment of member from private sector should be made for completion of composition of the Commission.

CHAPTER 12

FINANCE DIVISION

12.1 Introduction

Following functions are main functions assigned to the Finance Division under the Rules of Business, 1973 amongst the other functions:

1. The finances of the Federal Government and financial matters affecting the country as a whole.

3	Authorities / Autonomous Bodies etc. under the PAO	14	3	30,142.605	-
4	Foreign Aided Project (FAP)	5	-	-	-

12.2 Comments on Budget & Accounts (Variance Analysis)

The final budget allocated to the Finance Division for the financial year 2022-23 was Rs. 30,788,680.14 million, out of which the Division expended an amount of Rs. 30,800,772.99 million. Grant-wise detail of current and development expenditure is as under:

(Rs. In million)

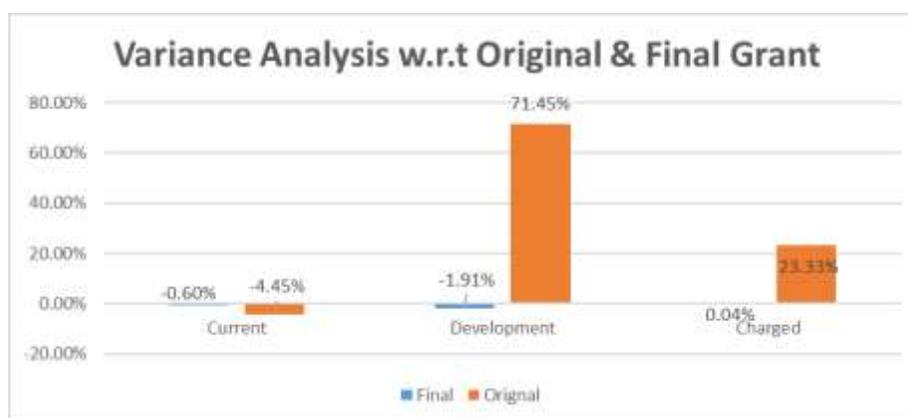

Grant No	Type of Grant	Original Grant	Suppl Grant	Surrender (-)	Final Grant	Actual Expenditure	Excess/ (Saving)	% age Excess/ (Saving)
41	Current	2,609.97	.00	-86.96	2,523.01	2,478.64	-44.37	-1.79%
42	Current	5,468.31	.00	-210.63	5,257.68	5,255.23	-2.45	-0.05%
	Total Current	8,078.28	.00	-297.59	7,780.69	7,733.87	-46.82	-0.60%
106	Development	1,660.00	7,840.00	-3,572.60	5,927.40	5,814.28	-113.11	-1.91%
C	Charged	510,971.76	214,398.09	.00	725,369.85	759,891.50	34,521.65	4.54%
G	Charged	3,439,090.26	1,510,909.74	-.50	4,949,999.50	4,936,024.76	-13,974.74	-0.28%
H	Charged	19,654,367.91	5,445,234.79	.00	25,099,602.70	25,091,308.58	-8,294.12	-0.03%
	Total Charged	23,604,429.94	7,170,542.62	-.50	30,774,972.05	30,787,224.83	12,252.78	0.04%
	G Total	23,614,168.21	7,178,382.62	-3,870.69	30,788,680.14	30,800,772.99	12,092.85	0.04%

Audit noted that there was an overall excess of Rs. 12,092.85 million, which was mainly due to excess in charged expenditure.

Supplementary Grants obtained without careful cash forecasting

According to Para 71 of General Financial Rules (Volume I), while framing budget estimates, the authorities should exercise utmost foresight. Rules of good governance demand that budget processes are carried out in accordance with clearly defined expectations and assumptions and a coordinated calendar of activity.

As shown in the chart below, bifurcating total allocation into current, development and charge expenditure, it is observed that, in case of charged expenditure, there was 23.33% of excess w.r.t Original grant which finally became 0.4% excess w.r.t Final Grant, in case of development grant 71.45% of excess was reduced to 1.91% saving and in case of current grant 4.45% saving was finally became 0.60% saving.

12.3 Classified Summary of Audit Observations

Audit observations, amounting to Rs.20,111.38 million, were raised in this report during the current audit of **Finance Division**. Summary of the audit observations classified by nature is as under:

(Rupees in million)		
S. No	Classification	Amount
1	Non-production of record	
2	Reported cases of fraud, embezzlement and Misappropriation	53.808

12.5 AUDIT PARAS

Special Study on House Building Advance and Conveyance Advance on the Direction of President of Pakistan

12.5.1 Unauthorized grant of Advances under hardship cases

As per procedures and mechanism decided by the Finance Division in consultation with AGPR in a meeting held on 07.12.2015 under the Chairmanship of Federal Finance Secretary

- i. Out of total allocation, 10% funds instead of 5% approved earlier would be earmarked for the hardship cases.
- ii. The hardship cases shall be decided by a two-member committee consisting of AGPR and AFS (IGF).
- iii. For hardship cases criteria would be prepared jointly by the Finance Division and AGPR.

The management of AGPR Islamabad and its sub-offices at Karachi & Quetta incurred an expenditure of Rs 9,102 million on account of HBA and MCA during 2022-23. However, as per SAP data of FACs amounting to Rs 2,486.09 million were issued under hardship quota.

Audit observed as under:-

- i. Payments were made without the approval of two-member committee consisting of AGPR and AFS (IGF).
- ii. 38% of the funds were utilized for payment under hardship in violation of 10% quota as detailed below:

Amount in million			
House Building Advance (AGPR Islamabad, Karachi, Quetta)	Particulars	Amount	%
	AGPR	519	11%
	MOF	1,338	27%
	Hardship	1,857.09	38%
	Other	3,074	62%
	Grand Total	4,931.05	
Motor Car Advance (AGPR Islamabad)	Particulars	Amount	%
	AGPR	168	10%
	MOF	461	28%
	Hardship	629	38%
	Other	1025	62%
	G Total	1,654	

Audit is of the view that out of turn HBAs and MCAs were granted in violation of approved criteria and without approval of the committee.

Audit recommends that cases for hardship should be processed on the recommendations of hardship committee as per SoPs already approved and quota for 10% hardship cases should be strictly followed.

12.5.2 Non processing of Advances through SAP by Sub-Offices at Lahore, Gilgit and Peshawar

As per procedures and mechanism decided by the Finance Division in consultation with AGPR in a meeting held on 07.12.2015 under the Chairmanship of Federal Finance Secretary, AGPR would ensure a transparent and merit-based mechanism for preparation and maintenance of priority and general waiting lists for the advances. A web-based mechanism would be developed to maintain priority and a general waiting list of various advances. The list would be displayed on the web pages of AGPR and Finance Division.

The management of AGPR was requested to provide SAP data pertaining to Islamabad and all sub-offices. However, SAP data and waiting list of HBA/MCA pertaining to sub-offices at Gilgit, Lahore and Peshawar were not provided being maintained manually, as informed by the management of AGPR. It was observed that waiting list and payment of advances are being processed manually by the sub-offices of AGPR at Gilgit, Lahore and Peshawar. Therefore, SAP data of advances was not available to audit for analysis.

Audit is of the view that non-processing of HBA / MCA cases through SAP was a violation of decisions made during meeting dated 07.12.2015 which provide room for grant of advances in violation of the policy/merit.

Audit recommends that all cases at sub-offices of AGPR should be processed through SAP instead of manual processing.

Ministry of Finance

12.5.3 Payment of honoraria without approved policy – Rs.240.167 million

Fundamental Rule 9(9) states that honorarium means a recurring or non-recurring payment granted to a government servant from general revenues as remuneration for special work of an occasional or intermittent character. Government decision No. 5 under FR 9(9) clarifies that any work which falls within the orbit of the normal duties of a government servant cannot, as far as he is concerned, be treated as ‘special work’.

The Cabinet vide Decision in Case No.438/24/2018 dated 31.05.2018 directed inter alia that a new policy for the grant of honorarium may be presented to the newly elected government for approval. Based on the above decision of the Cabinet, Honorable Prime Minister on 16th April, 2020 directed Finance Division to place a draft policy before the Cabinet. Furthermore, Financial Management and Powers of Principal Accounting Officers Regulations, 2021 at Serial No.62 warrants formulation of a policy for grant of honoraria.

The Finance Division incurred expenditure amounting to Rs.240,167,079 on account of payment of honoraria, up to four running basic pay, during financial year 2022-23 as under:

Sr. No.	Pay Scale	Amount
1	BPS-01 to 20	225,456,397
2	BPS-21 to 22	13,513,682
3	Secretary Office	1,024,327
4	FBR Employees	172,700
Total Rs.		240,167,106

Audit observed as under:

- i. The payment of four honoraria without approved policy of the Cabinet is violation of rules.
- ii. The honoraria were granted through DDO Vendor No.30005932 instead of crossed cheques or inclusion in pay slip of the employees.
- iii. The honoraria were not included in salaries i.e. payment through salary slips of the employees which reduced the tax slabs for the purpose of payment of income tax.

Audit is of view that grant of honoraria without approved policy of the Cabinet is not only serious lapse on the part of management but also violation of the directives of the Prime Minister and financial instructions laid down in Financial Management and Powers of Principal Accounting Officers Regulations, 2021.

The management replied that during financial year 2022-23, honoraria were granted amounting to Rs.240,025,940 to the employees of Finance Division on three (03) occasions, as per detail below:

- i. Amounting to Rs. 220,860 in August, 2022 through pay slip (left over employees of Finance Division).
- ii. Amounting to Rs.947,161 in the month of May, 2023 through pay slip (granted by the outgoing Finance Secretary).
- iii. Amounting to Rs.238,857,919 (budget honoraria up to 4-month basic pay) in recognition of the services rendered as per criteria duly approved by Finance Minister as Chairman (ECC). ECC decision dated 01-07-1996 allows payment of honoraria to BS 1-20 for officers BPS 21-22, specific approval was obtained from Finance Minister in the capacity of Chairman, ECC.

Financial Management and Powers of PAO Regulation, 2021 vide Sr. No.63 allows payment of honoraria as per prescribed policy. The Cabinet vide its decision dated 31.05.2018 directed that a new policy for grant of honoraria may be presented to newly elected government for approval. The Prime Minister also directed the Finance Division on 16.04.2020 to place a policy on honoraria before the Cabinet. In compliance with these directions, Finance Division submitted honoraria policy before the ECC, which was considered / approved by the Committee in its meeting dated 03.06.2022.

The Pay Roll System runs on 21st of each month whereas the budget honoraria are usually approved in the last week of June of each Financial Year, it is not possible to draw the honoraria through Pay Roll System of AGPR. Therefore, AGPR approve Cash payment through DDO in the last days of closing of Financial Year.

It is stated that the tax from the Budget Honoraria was deducted as per following rates:

35,000	0%
35,000 - 80,000	2%
80,000 - 140,000	5%
140,000 - 200,000	7%
200,000 – above	10%

The reply of the management is not acceptable as the honoraria was paid without approval of policy from the Cabinet. Further, the ECC in its decision granted honoraria for the specific time

period as no directions for the future was included in the decision and as per Rules of Business. Functions of ECC does not includes the mandate for provision of honoraria.

Audit recommends recovering the excess amount paid more than provision of rules besides formulation and approval of policy from Cabinet in the light of decision of the Prime Minister.

12.5.4 Excess drawl of subsidies by Utility Stores Corporation of Pakistan – Rs.1,064.300 million

As per Para-4(c) of Finance Division (Budget Wing) letter No. F.3(1)FO/2022-23 dated 07.07.2022 states that in pursuance of the provisions of the Public Finance Management Act, 2019, Rule 3(9) of the Cash Management and Treasury Single Account Rules 2020 and Financial Management and Powers of Principal Accounting Officers Regulations, 2021, the budget release strategy for Recurrent Budget for the Current Financial Year (CFY) 2022-23 is being issued for implementation with immediate effect and until further orders.

- i. The PAOs concerned shall prepare quarterly funds requirement plans within allocated budget for Current Financial Year and shall share with relevant Wings of Finance Division before start of each quarter.
- ii. Finance Division may review the quarterly requirement plan for subsidies and may convey its views and comments to the PAO concerned within two weeks.
- iii. While firming up its views and comments Finance Division shall consider, inter-alia, fiscal space as well as cash balances availability.
- iv. Release of funds by the PAO for subsidies shall be made in accordance with the fund's requirement plans, as modified in light of Finance Division's comments.
- v. The sanction for expenditure will be issued by PAO concerned and copy will be sent to Budget Wing, Finance Division for entry in SAP System.

During financial year 2022-23 the Utility Stores Corporation of Pakistan (Pvt.) Limited drawn amount of Rs.4,997.020 million from AGPR for payment of subsidy for utilization of fund under Ramzan Relief Package. As per Ministry of Industries & Production letter No. CFO/Subsidy/2023-13 dated 07.06.2023 subsidy consumed for Special Package and Prime Minister's Free Ata Initiative for 2023 the total subsidy claimed was Rs.3,932.720 million. Audit observed as under:

- i. The actual claimed amount was less than the amount drawn from the AGPR (i.e. Rs.1,064.300 million less) without taking into consideration funds requirement plans.
- ii. The subsidy drawn for Ramzan Relief Package was utilized in PM Free Ata Initiative
- iii. The amount was paid in advance for payment of subsidies for sale of commodities.

- iv. The difference in the subsidies for the last three years indicates the unusual enhancement of subsidies provided to Utility Stores Corporation of Pakistan (Pvt.) Limited.
- v. The amount was not reconciled by the Finance Division.

Audit is of the view that the drawl of advance subsidies in excess and non-reconciliation of the same is a serious lapse on the part of management.

The management did not reply till finalization of this report.

Audit recommends inquiring the matter.

Regional Directorate of National Savings, Sukkur

12.5.5 Non recovery/write off of amount lost against dacoity and embezzlement at different centers in Sukkur Region - Rs. 6.377 million

GFR-23 states that, every Government officer should realize fully and clearly that he will be held personally responsible for any loss sustained by Government through fraud or negligence on his part and that he will also be held personally responsible for any loss arising from fraud or negligence on the part of any other Government officer to the extent to which it may be shown that he contributed to the loss by his own action or negligence.

Para 20 (1) GFR Volume-I states that, any loss of public money, departmental revenue or other property held by or on behalf of Government, caused by defalcation or otherwise, which is discovered in a treasury or other office or department; should be immediately reported by the officer concerned to his immediate official superior as well as to the Accountant General, even when such loss has been made good by the party responsible for it.

Serial No. 7 of Appendix-2 Rule 23 of GFR Volume-I states that, in all cases of fraud, embezzlement or similar offences, departmental proceedings should be instituted at the earliest possible moment against all the delinquents and conducted with strict adherence to the Rules.

The management of Regional Directorate of National Savings, Sukkur provided a statement showing an amount of Rs. 6,377,866 outstanding up to March 2023 against losses involving incidents of different nature i.e. dacoity, embezzlement, fraud and forgery that have been occurred over the years at different saving centers in Sukkur region. The summary is as under:

S#.	Nature of Incidents	Amount
1	Embezzlement, fraud, forgery etc.	3,535,224
2	Dacoity / looted amount	2,842,642
	Total	6,377,866

Audit observed that only Rs.4,150,074/- (39%) of total amount of Rs.10,527,940 was recovered through insurance claims and from culprits whereas as a sum of Rs.6,377,866/-(61%) was still outstanding as most of the proceedings of cases were pending since long. No efforts were made to expedite the proceedings and finalize the cases of loss.

Audit is of the view that non-recovery of amount lost was lapse on the part of management as most of the incidences were neither covered with insurance claims nor finalized for recovery from concerned officials/culprits or got written off from Finance Division.

The irregularity was pointed out vide OS-01 dated.27.03.2023 to justify the position, but no reply was received till the finalization of report.

Audit recommends that efforts may be made to finalize proceedings for recovery of outstanding amount otherwise the same may be got written off/regularized from Finance Division.

12.5.6 Non-recovery on account of over/wrong payment to depositors Rs.4.880 million

Rule 26 of GFR Vol-I states that it is the responsibility of every controlling officer to see that all sums due to the government are regularly and promptly assessed and realized and duly credited.

As per rule No.35 of Mahana Amadni Rules 1983, the depositor shall repay in lumpsum any payment made by mistake or overpayment received by him.

In terms of para 7.2 (I)(ii)(a) of national savings accounting procedures given in Handbook vol-II, it shall be the joint responsibility of officer/official and the centre in-charge/authorized officer, to effect recoveries from the customers.

The management of Regional Directorate of National Savings, Sukkur provided a statement showing different recoveries against depositors relating to audit period 2009-10 to 2021-22 outstanding up to March 2023.

The audit observed that an amount of Rs. 4,880,153/- was still outstanding on account of over/wrong payment made to depositors at different centers under administrative control of RDNS Sukkur.

Audit is of the view that non-recovery/adjustment of amount outstanding against depositors was lapse on the part of management and violation of above rules.

The irregularity was pointed out vide OS-03 dated.27.03.2023 to justify the position, but no reply was received till the finalization of report.

Audit recommends that outstanding amount regarding over/wrong payment may be recovered/adjusted from depositors under intimation to Audit.

12.5.7 Non-recovery on account of Excess/Irregular payment of profit on investment Rs.8.284 million

Rule 26 of GFR Vol-I states that it is the responsibility of every controlling officer to see that all sums due to the government are regularly and promptly assessed and realized and duly credited.

As per rule No.35 of Mahana Amadni Rules 1983, the depositor shall repay in lumpsum any payment made by mistake or overpayment received by him.

In terms of para 7.2 (I)(ii)(a) of national savings accounting procedures given in Handbook vol-II, it shall be the joint responsibility of officer/official and the centre in-charge/authorized officer, to effect recoveries from the customers.

The management of Regional Directorate of National Savings, Sukkur provided a statement showing different recoveries against depositors relating to audit period 2009-10 to 2021-22 outstanding up to March 2023.

Audit observed that an amount of Rs.8,284,880/- was still outstanding on account of excess/irregular payment of profit on investment made by customers at different centers under administrative control of RDNS Sukkur.

Audit is of the view that non-recovery/adjustment of amount outstanding against depositors on account of excess payment of profit was lapse on the part of management and violation of above rules.

The irregularity was pointed out vide OS-04 dated.27.03.2023 to justify the position, but no reply was received till the finalization of report.

Audit recommends that outstanding amount regarding excess payment of profit on investment may be recovered/adjusted from investors under intimation to Audit.

12.5.8 Non-recovery on account of non-deduction/less deduction of tax on profit & Zakat -Rs.9.774 million

Section 151(1)(d) of Income tax ordinance 2001, requires that where a banking company or a financial institution pays any profit on any bond, certificate, debenture, security or instrument of any kind , the payer of the profit shall deduct tax at the rate 15% of amount exceeding 5 lac (30% in case on non-active tax payer) as reduced by the amount of Zakat, if any, paid by the recipient under the Zakat and Ushr Ordinance, 1980 (XVII of 1980), at the time the profit is paid to the recipient.

As per rule No.35 of Mahana Amadni Rules 1983, the depositor shall repay in lumpsum any payment made by mistake or overpayment received by him.

In terms of para 7.2 (I)(ii)(a) of national savings accounting procedures given in Handbook vol-II, it shall be the joint responsibility of officer/official and the centre in-charge/authorized officer, to effect recoveries from the customers.

The management of Regional Directorate of National Savings, Sukkur provided a statement showing different recoveries against depositors relating to audit period 2009-10 to 2021-22 outstanding up to March 2023. Accordingly, detail of recovery on account of non-deduction/less deduction of tax on profit and zakat is as under:

S#.	Recovery of	Amount
1	WHT on Profit	8,522,835
2	Zakat	1,251,182
	Total	9,774,017

The audit observed that an amount of Rs. 9,774,017/- was still outstanding on account of non-deduction/less deduction of withholding tax on profit and zakat against customers at different centers under administrative control of RDNS Sukkur.

Audit is of the view that non-recovery/adjustment of amount outstanding against depositors on account of non-deduction/less deduction of tax on profit and zakat was lapse on the part of management and violation of above rules.

The irregularity was pointed out on 27.03.2023, but no reply was received till the finalization of report.

Audit recommends that outstanding amount regarding non-deduction/less deduction of tax on profit & zakat may be recovered/adjusted from depositors under intimation to Audit.

12.5.9 Unverified payment to nominees of deceased depositors – Rs. 15.740 million

Section 4 of Government Savings Bank Act, 1873 states that a depositor may, in such manner and form as may be prescribed by rules of the Government Savings Bank, make nomination conferring upon any person or persons the right to receive on the death of depositor the whole or any part of the deposit standing to his credit.

The Management of Regional Directorate of National Savings, Sukkur provided death case register of deceased depositors from 01.01.2017 to 20.12.2022 of NSC-III Sukkur wherein an amount of Rs.15,740,000 was paid against deceased depositors.

Audit observed that above payments were made without any entry in relevant columns of nominee, transfer and cheque no. against names of deceased depositors as shown in death case register. Furthermore, no acknowledgment was obtained from the recipient of the amount.

Audit is of the view that in the absence of record of payments made to nominees, audit could not verify the authenticity of disbursement of payments.

The irregularity was pointed out on 30.03.2023, but no reply was received till finalization of the report.

Audit recommends that matter may be enquired to verify payments made to genuine nominees of deceased depositors and acknowledgement by them in respect of all centers.

Regional Directorate National Savings, Karachi

12.5.10 Public money placed at risk Rs.18,714.423 million

CDNS Islamabad letter No. 1(17)ADMN-IV/2016-VOL-I dated 29.04.2021 states that the insurance coverage for the cash in transit through National Savings Treasury Vans is Rs. 180 million.

The management of Regional Directorate of National Savings, Karachi receives cash from the State Bank of Pakistan on a daily basis for payment to different clients during the audit period 2021-2022.

The audit observed that the cash ceiling limit of Rs. 360 million was not complied with by the management as in a number of cases cash amounting to Rs. 18,714.423 million over and above the prescribed ceiling was received by the management.

Audit is of the view that retention of cash beyond ceiling/insurance coverage is held irregular and might be at risk of loss/robbery etc. as no insurance can be claimed against the excess amount.

The matter was reported to the management vide audit memo No.01 dated 17.07.2023 and No.02 dated 14.04.2023 to justify the matter, but no reply was received till the close of the audit.

Audit recommends that either the cash ceiling limit be observed in letter and spirit or may be enhanced as per requirement.

12.5.11 Loss due to Dacoity and embezzlement not yet recovered - Rs. 47.431 million

Rule 23 of GFR Vol-I states that “every Government officer should realize fully and clearly that he will be held personally responsible for any loss sustained by Government through fraud or negligence on his part and that he will also be held personally responsible for any loss arising from fraud or negligence on the part of any other Government officer to the extent to which it may be shown that he contributed to the loss by his own action or negligence”.

The incidents of dacoity, embezzlement, fraud and forgery etc. had occurred in different National Saving Centers located in the Karachi Region over a period of four decades. The total amount involved in all such cases was Rs. 23,307,702/- as detailed below. Out of this, a sum of Rs. 7,367,579/- (31.61% of the principal amount) has been recovered either by the management through departmental proceedings or from the Insurance Company.

Amount involved in Embezzled, Fraud, Dacoity	Amount Recovered till June 2022	Amount Outstanding	Recovery%
23,307,702	7,367,579	15,940,123	31.61%

Similarly, during review of record and Internal Audit Report of RDNS Hyderabad for the period 2016-17, it was noted that a fraud, forgery and embezzlement of Rs.31.49 million was pointed out in a few branches of National Savings Centers.

SC Code	Name of Centre	Recoveries other than Dacoity and Embezzlement	Looted and Embezzled	Total Outstanding Recoveries
HD-03	NSC Digri	350	0	350
HD-04	NSC Gari Khata	650	0	650
HD-05	NSC Gurnagar	62429	0	62,429
HD-07	NSC Hali Road	0	32,456	32,456

HD-08	NSC Hussainabad-I	10,229	0	10,229
HD-10	NSC-II Latifabad	2,739	0	2,739
HD-13	NSC-I Mirpur Khas	69,668	37,000	105,668
HD-18	NSC Qasimabad	30,950	0	30,950
HD-20	NSC Sakrand	0	42,145	42,145
HD-23	NSC Sambara Tower	737,957	29,663,618	30,401,575
HD-26	Tando M. Khan	14,500	567,206	581,705
HD-29	NS Treasury	0	200,000	200,000
HD-30	DDO RDNS	21,013	0	21,013
Total		949,495	30,542,425	31,491,917

Audit observed that a sum of Rs. 15.940 million (61% of the principal amount) was still outstanding at the close of the fiscal year 2021-22 from National Saving Centers located in the Karachi Region. Besides, there was no evidence on record to show that the whole amount of loss had been recovered from the Insurance Company or the departmental action had been finalized against the officials involved. Further, the management could not recover the embezzled/ looted amount from RDNS Hyderabad concerned persons till the closing of audit.

Audit is of the view that non-recovery of outstanding amounts even after lapse of four decades **since** 1980 and embezzled amount from the concerned is negligence on the part of the management and loss to government.

The irregularity was reported to the management on 17.04.2023 for National saving Centers in Karachi regions and on 27.03.2023 for RDNS Hyderabad regarding recovery and details of the cases but no reply received.

Audit recommends that the amount may be recovered from the concerned persons besides fixing responsibility on the person at fault.

CHAPTER 13

HIGHER EDUCATION COMMISSION

13.1 Introduction

Higher Education Commission (HEC) was set up through an Ordinance in September, 2002 to facilitate the development of indigenous universities to be world-class centers of higher education, research and development.

To address the challenges of higher education a comprehensive strategy has been defined by HEC that identifies the core strategic aims for reform as (i) Faculty development, (ii) Improving access, (iii) Excellence in learning and research, and (iv) Relevance to national priorities. These strategic aims are supported by well-integrated cross-cutting themes for developing leadership, governance and management, enhancing quality assessment and accreditation and physical and technological infrastructure development.

ATTACHED DEPARTMENTS/ AUTONOMOUS BODIES

- All Public-Sector Universities

Sr. No.	Description	Total No.	Audited	Expenditure Audited (FY 2022-23) Rs. in million	Revenue/Receipt Audited (FY 2022-23) Rs. in million
1	Formations	27	21	90,380.549	9,723.400
2	Assignment Accounts (Excluding FAP)	37	6	34,943	
3	Authorities / Autonomous Bodies etc. under the PAO	21	0		
4	Foreign Aided Project (FAP)	2	2	1,980.852	

13.2 Comments on Budget & Accounts (Variance Analysis)

The final budget allocated to the Higher Education Commission for the financial year 2022-23 was Rs. 113,413.91 million, out of which the Division expended an amount of Rs. 113,098.89 million. Grant-wise detail of current and development expenditure is as under:

(Rs. In million)

Grant No	Type of Grant	Original Grant	Suppl Grant	Surrender (-)	Final Grant	Actual Expenditure	Excess/ (Saving)	% age Excess/ (Saving)
37	Current	66,025.00	3,960.00	0.00	69,985.00	69,750.77	-234.23	-0.34%
103	Development	44,178.91	0.00	-750.00	43,428.91	43,348.12	-80.78	-0.19%

	Total	110,203.91	3,960.00	-750.00	113,413.91	113,098.89	-315.02	-0.52%
--	-------	------------	----------	---------	------------	------------	---------	--------

Audit noted that there was an overall saving of Rs.315.02 million, which was mainly due to saving in development grant.

Supplementary Grants obtained without careful cash forecasting

According to Para 71 of General Financial Rules (Volume I), while framing budget estimates, the authorities should exercise utmost foresight. Rules of good governance demand that budget processes are carried out in accordance with clearly defined expectations and assumptions and a coordinated calendar of activity.

As shown in the chart below, bifurcating total allocation into current, development and charge expenditure, it was observed that, in case of development grant, there was 1.92% of saving w.r.t original grant which was finally reduced to saving of 0.19% w.r.t Final Grant and in case of current grant 5.34% excess was finally reduced to 0.34% saving.

13.3 Classified Summary of Audit Observations

Audit observations, amounting to Rs. 3,231.579 million, were raised in this report during the current audit of **Higher Education Commission**. Summary of the audit observations classified by nature is as under:

(Rupees in million)

S. No	Classification	Amount
1	Non-production of record	-
2	Reported cases of fraud, embezzlement and Misappropriation	
3	Irregularities	

A	<i>HR/Employees related Irregularities</i>	16.25
B	<i>Procurement related irregularities</i>	98.53
C	<i>Management of account with commercial banks</i>	105.92
D	<i>Recovery</i>	1,609.10
E	<i>Internal Control</i>	455.16
4	Value for money and service delivery	-
5	Others	946.62

13.4 Status of compliance with PAC Directives

13.5 AUDIT PARAS

Higher Education Commission

13.5.1 Non-Utilization of funds released under IPFP/SRGP - Rs. 248.917 million

Para 12 of GFR (Vol-I) states that a controlling officer must see not only that the total expenditure is kept within the limits of the authorized appropriation but also that the fund allotted to spending units are expended in the public interest and upon objects for which the money was provided.

Rule 170-B (7) of Federal Treasury Rules states that no money shall be drawn from the assignment account unless it is required for immediate disbursement.

Rule 170-B (8) of Federal Treasury Rules states that it shall not be permissible to draw the whole amount authorized or part thereof and to place it in a separate account at the treasury or in a commercial bank.

Clause 14 of the Policy on Interim Placement of Fresh PhDs (IPFP) Phase-II states that the duration of IPFP placement will be one year from the date of joining.

The management of Higher Education Commission (HEC), Islamabad released research grants amounting to Rs 272.869 million for 344 Start Up Research Grant Program (SRGP) under IPFP during March – April 2021.

Audit observed that:

- i. Out of 344 research grants/proposals, only 26 projects involving Rs 23.952 million could be completed by June, 2022.
- ii. Research grants for 247 projects amounting to Rs 248.917 million released from Assignment Account were neither utilized nor refunded by the researchers/institutes/ universities.
- iii. Cheque Numbers and Dates of release(s) of research grants for fifty (50) projects involving the amount of Rs 43.214 million were not available with HEC.
- iv. University Name, Title of Research Proposal, Cheque Numbers, Amounts, Dates of release(s) of research grants for 21 projects/proposals were not available with HEC.

Audit is of the view that non-utilization of research grants within a one-year period and retention of unutilized research grants released from Assignment Account under IPFP/SRGP was irregular.

Audit is also of the view that funds were drawn from Assignment Account merely to park in bank accounts of researchers/institutes/universities without any immediate need.

Audit recommends retrieval of unutilized research grants and depositing same into the Federal Consolidated Fund (FCF) immediately.

13.5.2 Unauthorized drawl of funds from Assignment Account and retention thereof in bank accounts- Rs. 101.042 million

Rule 170-B (7) of Federal Treasury Rules states that no money shall be drawn from the assignment account unless it is required for immediate disbursement.

Rule 170-B (8) of Federal Treasury Rules states that it shall not be permissible to draw the whole amount authorized or part thereof and to place it in a separate account at the treasury or in a commercial bank.

The management of Higher Education Commission (HEC), Islamabad drew funds amounting to Rs 36,635.991 million from Assignment Accounts, incurred expenditure / released funds amounting to Rs 36,534.949 million and retained an amount of Rs 101.042 million during the financial year 2021-22, as per following details:

S.	Account No.	Account Description	Receipt	Expenditure / Release	Balance Amount (Rs)
1	270345-5	Recurring Grant - Promotion of Research IUAA	15,940,000,000	15,845,411,613	94,588,387
2	2167-7	PSDP Grant	20,695,991,000	20,689,537,373	6,453,627
		TOTAL	36,635,991,000	36,534,948,986	101,042,014

Audit observed that the funds drawn from Assignment Accounts which were not required for immediate disbursement were retained in the bank accounts.

Audit is of the view that drawl of funds from the Assignment Accounts without any immediate need and deposit/retention thereof in bank accounts was irregular.

Audit recommends discontinuation of irregular practices besides depositing of drawl amount into Federal Consolidated Fund (FCF) immediately.

13.5.3 Unauthorized appointment of Contingent Paid Staff in BPS - 6 to 17 - Rs. 16.248 million

In terms of Para 81(j) of General Financial Rules (Volume-I) contingent expenditure may be incurred on hiring/appointment of contingent staff (part time employees such as Sweepers, Farashes, Malis, etc.,).

The management of Higher Education Commission (HEC), Islamabad incurred an expenditure of Rs. 70.070 million on payment of salaries to three hundred and three (303) Contingent Paid Staff (CPS) appointed/engaged during the financial year 2021-22.

Audit observed that out of 303, thirty-nine (39) Contingent Paid Staff (CPS) were appointed/engaged in BPS-6 to BPS-17 and expenditure of Rs. 16.248 million was incurred on payment of their salaries.

Audit is of the view that appointment of Contingent Paid Staff (CPS) in BPS-6 to BPS-17 and incurrence of expenditure on payment of their salaries in violation of provisions of the General Financial Rules was irregular.

Audit recommends discontinuation of irregular practice, fixing responsibility for misuse of authority and appointment on regular basis, if so required.

13.5.4 Non-Recovery of scholarship amount from defaulters - Rs 1,557.547 million

Para 1 of minutes of the 30th meeting of National Scholarship Management Committee (NSMC) states that the scholars may be held for the breach of agreement. If it fails in any of the following states: 1.1: withdrawal from course of study; 1.2: non-response during the study period; 1.3: MS completed but failed to seek PHD admission; 1.6: refuse to serve the bond period after completion of approved course of study; 1.19: failed to submit the required progress reports or comprehensive reports within specific period.

Para 2 of the minutes of the 30th meeting of National Scholarship Management Committee (NSMC) states that in case of breach of agreement, the scholars shall be bound to pay the HEC a penalty at the rate of 25% beside compensate the HEC by making a refund of total expenditure amount including travel cost, etc.

The management of Higher Education Commission (HEC), Islamabad awarded foreign scholarships. Detail is as under:

S.No	Project Name	Awarded	Completed	Studying	Canceled	Absconder
1	Overseas Scholarship Phase-II	1876	1383	82	341	70
2	HRDIUESTP PH-I	1245	756	425	45	19
3	Master leading to PHD	165	56	106	3	0
4	Academic and research linkages	761	167	594	0	0
5	PH-D Scholarship program under PAK-US knowledge corridor	409	8	396	1	4
6	Overseas scholarship Phase-III	597	594	0	3	0
7	Post Doctoral Phase-III	163	95	67	1	0
8	Law Graduate program for Baluchistan	13	7	6	0	0
9	Full bright scholarship Phase-III	92	0	92	89	3

Audit observed that the following scholars were absconders/defaulters and did not return to Pakistan to serve in different universities after completion of their education as per agreement:

S. No	Project Name	Absconder	EUR	US	GBP	CAD	AUD	AIR Fare	Total (Rs.)
1	Overseas Scholarship Phase-II	70	2,770,522€ (2,770,522*300= 831,156,600	264,890 \$ (264,890*300= 79,467,000	498,279(£) (498,279*350= 174,397,650	26,845\$ 26,845* 200=5,369,000	552,574 \$ (552,574*300=165,772,200	7,784,061	1,263,946,511
2	HRDI UESTP PH-I	19	888,416€ (888,416*300= =266,524,800					2,302,051	268,826,851
3	PHD Scholarship PAK-US Knowledge corridor	5		55,949\$ (55,949*300=16,784,700				281,250	17,065,950
4	Full bright scholarship Phase-III	3	9002€ (9002*300=2,700,600		3806(£) (3806*350=1,332,100		12,251\$ (12,251*300=3,675,300		7,708,000
Grand Total									1,557,547,312

Audit is of the view that non-recovery from defaulted scholars indicates the wasteful and unstructured spending of taxpayers' money.

The management replied that HEC at the time of scholarship award, sign a deed of agreement with every scholar on agreed terms and conditions before the scholarship award. In case, the scholar violates any terms and conditions written in the agreement during course of study or refused to abide by after completion of study, HEC follow the Standard Operating Procedures (SOPs) duly approved by National Scholarships Management Committee (NSMC). Efforts are being made to recover funds/public/taxpayers' money from defaulters as early as possible which are permissible under the law.

The reply is not satisfactory as documentary evidence in support of the reply was not provided.

Audit recommends that efforts should be made to recover the public money from the defaulters or guarantors as the case may be.

13.5.5 Irregular expenditure on repair of office buildings - Rs. 39.064 million

Para 192 of GFR (Vol-I) states that when works allotted to a civil department other than the Public Works Department are executed departmentally, whether direct or through contractors, the form and procedure relating to expenditure on such works should be prescribed by departmental regulations framed in consultation with the Accountant General generally on the

principles underlying the financial and accounting rules prescribed for similar works carried out by the Public Works Department.

The management of Higher Education Commission (HEC), Islamabad incurred an expenditure of Rs. 39.064 million on repair of buildings/civil works during the financial year 2022-23, as per following details:

(Amounts in Rupees)				
S.	Electrification Plumbing and Other Infrastructure	Office Buildings R&M	Other Civil Works Construction of Building & Structure	Total
1	8,104,076	1,565,292	29,395,104	39,064,472

Audit observed that the expenditure on repair of buildings/civil works was incurred without making departmental regulations.

Audit is of the view that the expenditure incurred without framing departmental regulations was irregular.

The management replied that the expenditure was incurred by following PPRA regulations through an open competitive bidding process and framework agreements as per relevant PPRA rules. All the codal formalities were met while awarding the tender and expenditure thereof. HEC Executive Director, being the PAO of the organization, is fully authorized by HEC Commission to sanction all expenditure within budget in connection with implementation of HEC projects. Moreover, HEC is also in the process of getting approval of its departmental regulations/SOP's for civil works.

The reply is not satisfactory as HEC incurred expenditure without framing its departmental regulations/SOP for civil works and without technical approval of estimates by a competent Engineer.

Audit recommends that the management should either frame rules or get the works executed from a civil works organization/Deptt. besides regularization of the expenditure.

13.5.6 Non adjustment of advances - Rs. 84.287 million

Para 11 of GFR (Vol-I) states that each head of a department is responsible for enforcing financial order and strict economy at every step. He is responsible for observance of all relevant financial rules and regulations both by his own office and by subordinate disbursing officers.

Rule 668 of the FTR Volume-I states that advances granted under special orders of competent authority to Government officers for departmental or allied purposes may be drawn on the responsibility and receipt of the officers for whom they are sanctioned, subject to adjustment by submission of detailed accounts supported by vouchers or by refund, as may be necessary.

The management of Higher Education Commission (HEC), Islamabad paid advances amounting to Rs. 84,287,674 to its employees and universities during FY 2022-23.

Audit observed that advances were neither adjusted nor refunded till the close of the financial year.

Audit is of the view that non-adjustment of advances in violation of provisions of Federal Treasury Rules was irregular.

The management replied that the advances are paid for the recurring activities and are in process of adjustment accordingly. Out of Rs. 84.287 million advances, Rs. 36.731 million has already been adjusted, the remaining advances amounting to Rs. 47.556 million, mostly issued to HEIs are in process of adjustment. Although the expenses have already been incurred the adjustment procedure takes time. All concerned divisions/sections have been directed to submit adjustments of advances at the earliest.

The reply is not satisfactory as management did not provide complete details of adjustment of Rs. 36.731 million as claimed in the reply and remaining balance of Rs. 47.556 million is still outstanding.

Audit recommends that adjustment of outstanding amount may be made, besides providing complete detail adjusted amount.

Pakistan Study Centre, Jamshoro

13.5.7 Non-recovery of outstanding fee from the students and University of Sindh – Rs. 11.253 million

Para 26 of GFR Volume-I states that it is the duty of department Controlling Officers to see that all sums due to Government are regularly and promptly assessed, realized and duly credited in the Public Account.

Further Para 28 of GFR Vol-I “No amount due to Government should be left outstanding without sufficient reason, and where any dues appear to be irrecoverable the orders of competent authority for their adjustment must be sought”.

Pakistan Study Centre, Jamshoro provided list of students who were studying in different batches of MA and BS programs during financial year 2022-23.

Audit observed that the Centre did not recover the outstanding fees of Rs. 5.622 million from students. Similarly, in some cases the University of Sindh collected fee from the students on behalf of the Center but retained the amount in its own account. Details are as under:

(Rupees)

S. No.	Defaulter	Programs	Year of Admission	Outstanding amount
1	Students	BS-II	2022	1,526,550
2		BS-III	2021	1,962,100
3		BS-IV	2020	2,063,400
4		MA-Final	2022	70,400
5	University of Sindh	MA-merit	2022	903000
6		BS-merit		3495900
7		BS-Self		540900
8		BS-Special Self		675900
9		BS-SU Employees		14600
Total				11,252,750

Audit is of the view that non-recovery of Rs. 11.253 million in time from students and University of Sindh was a serious lapse on the part of management as the Centre was already facing an acute shortage of funds.

The irregularity was pointed out vide memo No.02 dated 06.09.2023 to justify the position, but no reply was received till the finalization of report.

Audit recommends that the outstanding fee may be recovered deposited into the Centre's account under intimation to audit.

Federal Urdu University of Arts Science and Technology , Karachi

13.5.8 Irregular expenditure of Need Based Scholarship amount – Rs. 40.321 million

Rule 12 of General Financial Rules Vol-I states that a Controlling Officer must see not only that the total expenditure is kept within the limits of the authorized appropriation but also that the fund allotted to spending units are expended in the public interest and upon objects for which the money was provided.

The management of FUUAST, Karachi received Rs. 40.321 million from HEC on account of Need Based Scholarship in the Askari Bank Account No.0861650501457.

Audit observed that the management utilized the amount of Need Based Scholarship in recurring expenditure instead of granting scholarships to needy students. Moreover, the management did not provide a record for total funds received through need-based scholarship.

Audit is of the view that utilization of funds of need-based scholarship in incurring regular expenditure is irregular.

Management was requested on 28.09.2023 but no reply was received till finalization of the report.

Audit recommends that the matter may be investigated at the highest forum against the person(s) who violated the government rules.

13.5.9 Non-adjustment/Non-recovery of advances amounting to Rs.16.281 million

Rule 668 of Federal Treasury Rules Volume-I, states that, “advances granted under special orders of the competent authority to officers/officials for departmental or allied purposes may be drawn on the responsibility and receipt of the Officers for whom they are sanctioned subject to adjustment by submission of detailed account supported by vouchers or by refund as may be necessary.”

Rule 11.8 of TA Manual states, “TA Advances should be adjusted through TA bill immediately on return to headquarters or on 30th June, whichever is earlier. A Second Advance cannot be allowed until the previous advance has been adjusted. If a Government servant has been paid an advance for a particular journey, the TA bill for that journey will not be admitted in audit unless the advance drawn for the purpose is properly adjusted”.

Rule 666 (b) of Federal Treasury Rules Volume-I, states that, “An advance must be adjusted on or before the close of the financial year.

The management of Federal Urdu University of Arts, Science and Technology Karachi granted TA/DA and Miscellaneous advances amounting to Rs. 16.281 million up to June 2023.

Audit observed that the advances were neither recovered nor adjusted from the concerned employees up to 30.06.2023.

Audit is of the view that non adjustment of TA/DA/Miscellaneous Advances since long has resulted in blockage of public funds and shows financial indiscipline in the university.

An audit memo No.01 dated 25.09.2023 was issued to the management for clarification but it was replied that the management has recovered only Rs.0.455 million leaving outstanding of Rs.15.826 million, but no evidence of recovery was shown to audit.

Audit recommends that the advances may be recovered from the concerned employees and deposited into government treasury.

13.5.10 Non-recovery of Outstanding Rent from National Bank of Pakistan – Rs. 4.879 million

Rule 26 of GFR Volume-I states that it is the duty of the departmental Controlling Officers to see that all sums due to Government are regularly and promptly assessed, realized and duly credited in the Public Account.

Rule 28 of GFR Volume-I “No amount due to Government should be left outstanding without sufficient reason, and where any dues appear to be irrecoverable the orders of competent authority for their adjustment must be sought”.

The management of FUUAST, Karachi rented out 5400 sq ft building to National bank of Pakistan @ Rs. 225 per sq ft amounting to Rs. 1,215,000.

Audit observed that the management had not recovered the rent from National Bank of Pakistan amounting to Rs. 4.879 million.

Audit is of the view that the University sustained loss of above amount due to non-recovery of outstanding rent.

An audit memo No.16 dated 28.09.2023 was issued for clarification but no reply was received till the closing of audit.

Audit recommends that the outstanding rent may be recovered from the NBP.

Shaikh Zayed Islamic Centre (SZIC), Karachi

13.5.11 Non-recovery of house rent ceiling from the unauthorized employees of SZIC & Others – Rs. 8.394 million

As per rule 25(4) of Accommodation Allocation Rules, 2002, “In case an accommodation is occupied or retained without legitimate allotment or is trespassed, the Estate Office shall charge rent at the rates given below from the occupant for the period of unauthorized occupation or retention:

(a) in case of unauthorized retention beyond legally allotted period, rent equivalent to one rental ceiling of the category of his entitlement or the category of the house under occupation, whichever is more, shall be charged for each month for the entire period of unauthorized occupation.

(b) in case of trespassing or unauthorized occupation, rent equivalent to two rental ceilings of the category of his entitlement or the category of the house occupied, whichever is more, shall be charged for each month for the entire period of unauthorized occupation.

The management of the SZIC, Karachi is maintaining 22 houses in its Residential Colony.

The audit observed that the management recovered only Rs. 1.413 million instead of Rs.9.807 million in accordance with their entitlement of house ceiling resulting in less recovery of Rs.8.394 million.

Audit further observed that House No. A-1 and No. C-1 measuring 500 sq. yards and 240 sq. yards respectively had been occupied by the officers of the non-entitled departments and rent paid by them is Rs. 84,000 (Rs.7,000 x 12) and Rs.54,000 (Rs.4500 x 12) respectively during 2022-2023 instead of charging double rental house ceiling as per entitlement or category of house, whichever is higher in disregard of above (b) rule

Six retired employees of the Centre continue to occupy the houses without the approval of competent authority. They are not even paying monthly rent in accordance with the above rule (a)

Audit is of the view that due to non-recovery from the unauthorized retired employees and others, the Centre sustained a loss of income Rs. 8.394 million and presently serving employees also could not avail the residential facility.

The management replied that notices were being issued from time to time for eviction of house to the retired staff and deduction from the retired staff had been made from the monthly pension according to the rental house ceiling as per their grades.

Audit recommends that fruitful efforts may be made to vacate government property from illegal occupants and recover the outstanding amount at the earliest.

National Skill University, Islamabad

13.5.12 Irregular appointments of ninety (90) officers/officials on regular basis and 73 officers/officials on contract basis

Establishment Division letter No. F.53/1, 2008-SP dated 16.01.2015 states the Mechanism to Ensure Merit Based Recruitment in the Ministries/ Divisions /Sub-ordinate Offices/Autonomous/Semi-Autonomous Bodies/ Corporations/ Companies /Authorities.

The initial screening of the applicants would be conducted by the centralized Screening test to be carried out by a Testing Agency which would be hired by the Administrative Ministries/ Divisions in consultation with the Establishment Division. Top 05 (five) candidates would be short listed for interview for each post to be filled through fresh recruitment,

The short-listed applicants as a result of screening test would be interviewed after verification of academic/ professional credentials and testimonial. The Departmental Selection Committee (DSC) constituted vide Rule 2(e) of the Civil Servants (Appointment, Promotion, and Transfer) Rules 1973 would adjudge the applicant on the following criteria for selection in term of %.

Test %	Interview %
70%	30%

The management of National Skill University advertised posts on 07.02.2020, 23.08.2020, 24.11.2020, 24.01.2021, 01.10.2021, 01.01.2022, 20.03.2022 and 10.05.2023 for appointments in different grades on regular and contract basis. The appointments were made by adopting 50% criteria for interview and 25% each for academic and written test.

Audit observed as under:

- i. Complete detail of candidates who applied for the posts was not available from record provided to audit.
- ii. Record reveals that few appointments in BPS-19 to BPS-21 were made directly through interview basis without conducting written tests.
- iii. Record pertaining to skill test and its results was not found available on record.
- iv. Details of candidates who applied for the posts and the list of top five candidates who were called for interview were not available on record.
- v. Complete list of shortlisted candidates for appointment from BPS-01 to BPS-18 submitted to NTS to conduct written test was not found available on record.
- vi. National Testing Service conducted the written test BPS-01 to BPS-18 but NTS report of test qualified candidates was not found available on record.

- vii. The management of NSU did not frame its statutes, rules and regulations, therefore, Government rules for appointment should have been followed.

Audit is of the view that appointments without following Establishment Division's instructions and other codal formalities were irregular.

Management did not reply.

Audit recommends that matter may be inquired to fix the responsibility for irregular appointments.

13.5.13 Non-preparation and approval of statutes from Senate, non-provision of Rules and Regulations by National Skill University and incurring of an expenditure of Rs. 946.621 million

Section 28 of the National Skill University Act, 2018 states that the Authorities and the other bodies of the University may make rules, to be published in the official Gazette consistent with this Act; statutes or regulations for any matter relating to the affairs of the University which have not been provided for by this Act, or that is not required to be regulated by Statues for Regulations, including rules for the conduct of business.

The management of NSU, Islamabad incurred an expenditure of Rs. 946,621,587 as detailed below:

(Rupees)				
S, No.	Financial Year	Expenditure from Recurring/ own source.	Expenditure from Development	Total expenditure
1	2017-18	-	6,797,042	6,797,042
2	2018-19	-	4,377,964	4,377,964
3	2019-20	3,520	27,893,931	27,897,451
4	2020-21	8,333,086	127,554,843	135,887,929
5	2021-22	27,621,642	257,326,971	284,948,613
6	2022-23	116,751,361	369,961,227	486,712,588
			Total	946,621,587

Audit observed as under:

- i. The management of NSU incurred expenditure without any approved statutes.
- ii. Management of NSU appointed several officers/officials on contract and on regular basis in the last five years and paid salaries without statutes.
- iii. Management established Muridke campus without statutes.

Audit is of the view that non preparation of statutes, rules/regulations and incurring of expenditures, making appointments and establishing other campuses was in violation of the NSU Act, 2018.

Management did not reply.

Audit recommends that responsibility may be fixed for incurring of expenditure without preparation and approval of rules and statutes from Senate.

13.5.14 Wasteful expenditure on hiring of consultant firm for development of Business Plan for National Skill University - Rs. 9.998 million

Para 10 of GFR states that every officer incurring or authorizing expenditure from public funds should be guided by high standards of financial propriety. Every public officer is expected to exercise the same vigilance in respect of expenditure incurred from public moneys as a person of ordinary prudence would exercise in respect of expenditure of his own money.

The management of National Skill University (NSU), Islamabad signed consultancy contract agreement with Consultant (Pvt) Ltd Lahore on 15.01.2018 for development of business plan and made payment of Rs. 9,998,532. The firm submitted its final report on 05.09.2018.

Audit observed that the report was not utilized for the establishment of National Skill University, Islamabad. Therefore, expenditure on consultancy was wasteful.

Management did not reply.

Audit recommends that matter may be inquired into, and responsibility may be fixed.

Allama Iqbal Open University, Islamabad

13.5.15 Irregular appointment of ninety nine (99) employees without observing provincial/regional quota

Cabinet Secretariat Establishment Division Notification No F.53/1/2008- SP dated 22.10.2014, for recruitment in Ministries/Divisions/Attached Departments/ Subordinate Offices/ Autonomous Bodies/semi-Autonomous envisages that vacancies as per the Provincial/ Regional quota etc. shall be advertised through widely published National/Provincial/Regional newspapers.

The management of AIOU Islamabad appointed 99 employees on regular and contract basis during 2022-2023, as per following details:

S.No.	Designation	PBS	No. of employees
1	Assistant Professor	19	6
2	Deputy Controller	18	1
3	Deputy Registrar	18	1
4	Deputy Regional Director	18	1
5	Asst. Controller of Exams	17	1
6	Assistant Registrar	17	2
7	Horticulture Officer	17	1
8	Assistant Treasurer	17	1
9	Assistant Libertarian	17	1
10	Assistant Regional Director	17	3
11	Assistant Manager	17	1
12	Research Assistant	16	3
13	Technical Store Officer	16	1
14	Assistant	15	8
15	Data Entry Operator	14	5
16	Accounts Assistant	14	2
17	Transport Supervisor	13	1
18	UDC	11	14
19	Dispenser Dresser	9	1
20	LDC	9	37
21	Chowkidar	2	2
22	Sanitary Worker	2	6
	Total		99

Audit observed as under:

- i. The appointment of 99 officers/officials was made without observing Provincial/Regional/Male/ Female/Disabled Quota.
- ii. The merit list based on tests administered to applicants was not shown to audit.
- iii. Scrutiny test / exam papers were not shown to Audit to check the authenticity of marks obtained in merit list.
- iv. The primary criteria of scrutiny was not observed before taking exam/scrutiny test.
- v. The recruitment was neither made on the recommendation of the Selection Board nor with the approval of the Executive Council as required by the AIOU Act 1974.

Audit is of the view that appointment of employees without observing Provincial/Regional/Male/Female/ Disabled Quota is violation of Government rules. The appointments are irregular and unauthorized due to non-observance of the prescribed quota. The process of recruitment is doubtful and unauthentic due to the non-provision of access to the record of recruitment.

The management did not reply till finalization of the report.

Audit recommends that matter may be inquired into, and responsibility be fixed for the irregularity besides making future appointments through open competition and observing all codal formalities.

Bahria University, Islamabad

13.5.16 Irregular expenditure without calling open tender - Rs. 16.201 million

According to Rule 12(1) of Public Procurement Rules 2004, procurements over five hundred thousand Pakistani Rupees and up to the limit of three million Pakistani Rupees shall be advertised on the Authority's website in the manner and format specified by regulation by the Authority from time to time.

Rule-10 ibid further states that any terms, specifications, standards, features, characteristics and requirements prescribing the technical or quality characteristics shall be generic in nature and shall not include reference to brand name, model number, catalogue number, name or origin of the country or similar classification.

The management of Bahira University, Islamabad executed contract agreement with M/s Islamabad Industrial & Trading Corporation, Karachi for supply, installation and commissioning of two (02) Vertical Transportation Units consisting of Hyundai's Korea-made elevators at total cost of Rs. 14,660,500 for the project titled "New Academic Block Bahira University, Islamabad". The final payment of Rs. 16,201,580 was made to the firm vide voucher No.100001-02-27 dated 06.02.2020.

Audit observed as under:

- i. The expenditure was incurred on supply, installation and commissioning of two elevators without calling open tender as required under the PPRA Rules, 2004.
- ii. Supply Order for two 1000 Kg Hyundai lifts (Chinese origin) was issued vide Para-4 of Minutes-25 for which no quotation was received. The elevators were not imported from original manufacturer i.e. M/s Hyundai South Korea.
- iii. As per the contract agreement the total cost of elevators with local installation was Rs. 15,960,580 (Rs. 14,660,580 + 1,300,000), whereas the additional payment of Rs. 241,000 was made to the supplier without any claim/invoice, which resulted in an overpayment.
- iv. No installation and commissioning report of elevators was enclosed with the final bill of the firm due to which the Audit could not verify the actual date of supply, installation and commissioning of the elevators.

Audit is of the view that the expenditure was incurred without open competition in violation of PPRA Rules, 2004 which is irregular.

The management replied that procurement of 02 Hyundai elevators was done on proprietary basis under PPRA Rule 42c(ii). A Technical Committee was formed by the Rector for purchase of lift. Quotations were called from three firms, i.e. M/s DWP Technologies Pvt Ltd which was authorized distributor of Sanyo Japan, M/s Horizon Elevator Engineers which was authorized distributor of HD-Fauji and M/s IITC Islamabad, the authorized distributor of Hyundai Elevators. After technical scrutiny by the Committee, M/s IITC Islamabad was selected as the only authorized sole / exclusive agent of Hyundai Elevators. The Technical Committee recommended Hyundai Brand because lifts of same brand are installed at different locations in BU while considering available trained staff and maintenance activities. Payment of Rs 241,000 was made to the firm after obtaining approval from the Rector.

The reply is not cogent as the University was required to float open tender without mentioning brand name of the elevators.

Audit recommends fixing of responsibility on the persons at fault besides regularization of expenditure from the Finance Division.

13.5.17 Irregular purchase of Air Conditioners without calling open tender - Rs. 4.783 million

Rule 12(1) of Public Procurement Rules,2004 states that procurements over five hundred thousand Pakistani Rupees and up to the limit of three million Pakistani Rupees shall be advertised on the Authority's website in the manner and format specified by regulation by the Authority from time to time.

Rule-10 ibid further states that any terms, specifications, standards, features, characteristics and requirements prescribing the technical or quality characteristics shall be generic in nature and shall not include reference to brand name, model number, catalogue number, name or origin of the country or similar classification.

The management of Bahria University Islamabad incurred an expenditure of Rs. 4,783,200 on purchase of 55 wall-mounted inverter ACs for new building of Innovation and Commercialization Centre building from M/s DWP Technologies (Pvt) Ltd. The payment was made to the firm vide Voucher No.100001-09-59 dated 20.09.2019.

Audit observed that the expenditure was incurred without calling open tender as required under PPRA Rules, 2004. Thus the University was deprived of the benefit of competitive rates.

Audit is of the view that incurring expenditure on purchase of ACs without observing PPRA Rules, 2004 is irregular.

The management replied that procurement of ACs for ICCB building is in accordance with PPRA Rule 42c (ii). Gree Brand was recommended by the technical committee because of standardization and ease of subsequent maintenance as its ACs are already installed at different locations on same Purchase Order rates. Issuance of work order was on proprietary basis as M/s DWP is the exclusive agent / dealer of Gree Brand A/Cs in Pakistan.

The reply is not convincing as Rule 10 of PPRA Rules, 2004 states that any terms, specifications, standards, features, characteristics and requirements prescribing the technical or quality characteristics shall be generic in nature and shall not include reference to brand name, model number, catalogue number, name or origin of the country or similar classification. Therefore, the purchase of Gree air conditioners from authorized dealer and without calling open tender is violation of PPRA Rules, 2004.

Audit recommends fixing of responsibility on the persons at fault besides regularization of expenditure from the Finance Division.

Quaid-i-Azam University, Islamabad

13.5.18 Irregular procurement without open tender - Rs. 28.482 million

Rule 20 of Public Procurement Rules, 2004 states that the procuring agencies shall use open competitive bidding as the principal method of procurement for the procurement of goods, services and works.

The management of Quaid-e-Azam University (QAU), Islamabad incurred an expenditure of Rs. 28,481,767 on procurement of various items from different vendors / firms during financial year 2022-23.

Audit observed as under:

- i. Expenditure was incurred through quotations by splitting up sanctions to avoid calling of open tender(s).
- ii. No open tender was floated to get the benefit of competitive rates as required under PPRA Rules, 2004.

Audit is of the view that expenditure was incurred by splitting up of sanctions to expenditure to avoid open calling of open tender. Therefore, audit holds the expenditure as irregular.

Audit recommends discontinuation of irregular practice besides fixing of responsibility for the irregularity.

Karakoram International University, Gilgit

13.5.19 Irregular appointment of members of the Syndicate and Academic Council

Clause 19(1)(c) of KIU Order, 2008 states that three professors from diverse departments, who are not members of the Senate, (are) to be elected by the University Teachers in accordance with the procedure to be prescribed by the Senate.

Clause 19(3) of KIU Order, 2008 states that as regards the three professors described in clause 19(1)(c) the Senate may, as an alternative to elections, prescribe a procedure for proposal of a panel of names by the Representation Committee set up in the terms given in clause 23. Appointment of persons proposed by the Representation Committee may be made by the Senate on the recommendation of the Vice-Chancellor.

Clause 23 of Karakoram International University Order, 2008 states that there shall also be a Representation Committee constituted by the Senate through Statute for the recommendation of persons for appointment to the Academic Council in accordance with the provisions of clause 21(2).

The KIU provided the list of Syndicate members which included only one professor i.e. Dr. Sher Wali Khan, Professor (Tenured Faculty), KIU, Gilgit from diverse departments as member of Syndicate. Further, the KIU Senate vide Notification No.KIU-Adm-1(1)/2020/43835 dated 08.04.2021 appointed the following members of Academic Council i.e. five members representing the departments and three principles of affiliated colleges:

S# Name of Member

Five Members Representing the Departments

1. Dr. Akbar Khan, Biological Sciences
2. Dr. Sajjad Ali, Chemistry
3. Dr. Sadaruddin Qutoshi, Educational Development
4. Dr. Kifayat Ullah, Economics
5. Dr. Fazal Wahab, Physics

Three Principles of Affiliated Colleges

1. Principal, Government Degree College for Boys, Gilgit
2. Principal, Fatima Jinnah Women Degree College, Gilgit
3. Principal, Boys Degree College, Muhammad Abad, Danyore Gilgit

Audit observed that the above member of the Syndicate was appointed without recommendations of Representation Committee duly constituted by the Senate and the remaining

two Members (Professors) were yet to be appointed. Furthermore, members of the Academic Council were also appointed without recommendations of Representation Committee duly constituted by the Senate.

Audit is of the view that appointment of members of the Syndicate and Academic Council without the recommendations of Representation Committee was irregular.

The management did not reply till finalization of the report.

Audit recommends that the irregularity be regularized from the competent forum.

13.5.20 Non-recovery/adjustments of long outstanding advances - Rs. 15.623 million

Rule 668 of FTR Volume-I states that advances granted under special orders of competent authority to government officers for departmental or allied purposes may be drawn on the responsibility and receipt of the officers for whom they are sanctioned, subject to adjustment by submission of detailed accounts supported by vouchers or by refund as may be necessary.

The management of Karakorum International University (KIU), Gilgit provided a list of temporary advances amounting to Rs. 15,623,746 paid to 65 officers/officials on various occasions including research projects as per detail provided.

Audit observed as under:

- i. Reasons for the grant of temporary advances are not known to Audit.
- ii. The said officers/officials have not submitted adjustment accounts of the temporary advances of Rs. 15.623 million till July 2023.
- iii. No action or recovery was initiated against the said officers/officials by the Finance Department of KIU.

Audit is of the view that non-adjustment/recovery of advances is lapse on part of the management.

The management did not reply till finalization of the report.

Audit recommends that irregular practice be stopped forthwith besides immediate adjustment/recovery of the outstanding advances.

National University of Modern Languages Islamabad

13.5.21 Irregular expenditure on civil works without obtaining Technical Sanctions - Rs. 81.638 million

Para-56 of CPWD Code states that for each individual work proposed to be carried out, a properly detailed estimate must be prepared for the sanction of competent authority; this sanction is known as the technical sanction to the estimate to be obtained before the construction of the work is commenced. It indicates that the proposals are structurally sound and that the estimates are accurately calculated and based on adequate data. Such sanction will be accorded by the authorized officer of the Public Works Department.

The management of National University of Modern Languages, Islamabad incurred an expenditure of Rs. 81.638 million on execution of civil works and repairs of office buildings during financial year 2021-22.

Audit observed that the expenditure was incurred without obtaining Technical Sanctions by an authorized/competent engineer of Pak. PWD.

Audit is of the view that Technical Sanction can only be accorded by an authorized Engineer of the Pak PWD who has the competency to check the authenticity of the drawing designs and detailed estimates of civil work/building.

The management replied that expenditure was incurred on civil works for uplifting of university buildings and hostels giving better environment to faculty, staff and students after approval of competent authority. Furthermore, NUML University, Islamabad is an autonomous body, therefore, obtaining of technical sanction from Pak PWD is not required at this level. Technical Sanction of civil work and repair of office building has been obtained from the competent authority (Rector NUML) as per SOP's of Civil Work of University.

The reply is not convincing as the management of NUML is not empowered to grant Technical Sanction by overriding the General Financial Rules.

Audit recommends fixing of responsibility for non-obtaining of Technical Sanction from the Pak. PWD besides observing the rules in future.

Sheikh Zayed Islamic Centre, University of Punjab

13.5.22 Irregular expenditure due to non-transparent selection of visiting faculty - Rs.4.380 million

Cabinet Secretariat, Establishment Division Notification No. F.53/1/2008-SP, dated 22.10.2014 for recruitment in Ministries/Division/Attached Departments/Sub-Ordinate Officers/Autonomous Bodies, Semi-Autonomous bodies envisages that vacancies as per the provincial/Regional quota etc. shall be advertised through widely published National / Provincial /Regional newspapers.

Management of Sheikh Zayed Islamic Centre, University of Punjab, Lahore made appointments of visiting faculty for various disciplines during the financial year 2022-23. The details are given below.

Sr. No.	Name of Teacher	Date of Appointment	Date of Termination	Total Months	Total Days	Amount
1	Dr. H. A. Qayum	15-09-2022	30-06-2023	9	15	228,400
2	Habib Ur Rehman	15-09-2022	31-01-2023	4	16	42,000
3	Sohail Rafiq	15-09-2022	31-01-2023	9	15	170,800
4	Dr. H. A. Basit	15-09-2022	31-01-2023	9	15	205,600
5	Dr. Samina Sadia	15-09-2022	31-01-2023	9	15	84,000
6	Dr. Khalid Mahmood	15-09-2022	31-01-2023	9	15	124,000
7	Bilal Mustafa	15-09-2022	31-01-2023	9	15	355,800
8	M. Sohail	15-09-2022	31-01-2023	9	15	334,400
9	Tayyaba Razzaq	15-09-2022	31-01-2023	9	15	405,600
10	Dr. Asma Ali	15-09-2022	31-01-2023	9	15	426,000
11	Abdur Rehman Sajid	15-09-2022	31-01-2023	9	15	103,400
12	Maria Maqsood	15-09-2022	31-01-2023	9	15	213,600
13	Maria Ali	15-09-2022	31-01-2023	9	15	201,600
14	Syeda Fakhra Naseem	15-09-2022	31-01-2023	9	15	216,000
15	Prof. Dr. M. Abdullah	15-09-2022	31-01-2023	9	15	182,000
16	Mahnoor Saif	9/2/2023	30-06-2023	4	21	39,600
17	Dr. Razia Noor	15-09-2022	31-01-2023	9	15	324,000
18	Ms. Saima Yousaf	15-09-2022	31-01-2023	9	15	214,800
19	Sarwar Khan	9/2/2023	30-06-2023	9	15	84,000
20	Imran Malik	15-09-2022	31-01-2023	4	16	54,000
21	Dr. Mubashar Hussain	9/2/2023	30-06-2023	9	15	137,200
22	Dr. Muhammad Ijaz	15-09-2022	31-01-2023	4	16	72,000
23	Dr. Nauman Anwar	15-09-2022	31-01-2023	4	16	25,200
24	Mirza Imran	9/2/2023	30-06-2023	4	21	60,000
25	Ms. Shaheen	9/2/2023	30-06-2023	4	21	30,000
26	Ms. Rumaisa Mariam	9/2/2023	30-06-2023	4	21	45,600
		Total				4,379,600

Audit observed that:

- i. Management made appointments without advertisement of vacancies in the print media.
- ii. The requisite selection criteria, i.e. educational qualification, experience, age limit were not prepared for short listing of the candidates.
- iii. The minutes of the notified selection committee for short listing and selection of suitable candidates were not maintained.
- iv. Selection without following the requisite procedure was irregular and non-transparent.

Audit is of the view that appointment of faculty without advertisement and without following prescribed procedure was irregular and non-transparent.

The management did not reply.

Audit recommends that inquiry may be held to fix the responsibility.

CHAPTER 14

HOUSING AND WORKS DIVISION

14.1 Introduction

Following functions have been assigned to the Ministry of Housing and Works as per Rules of Business, 1973 amongst the other functions:

- i. Acquisition and development of sites, construction, furnishing and maintenance of Federal Government buildings, except those under the Defence Division.
- ii. Provision of Govt owned office accommodation and residential accommodation for officers and staff of the Federal Government.
- iii. Coordination of Civil Works Budget.
- iv. Execution of Federal Government works.
- v. Provision of Government owned office accommodation and residential accommodation for officers and staff of the Federal Government; acquisition; requisitioning and hiring of residential accommodation and payment of compensation or rent.
- vi. Land and buildings belonging to the Federation wherever situated, and revenues derived therefrom.
- vii. Administration of the Federal Government Lands and Buildings (Recovery of Possession) Ordinance, 1965.
- viii. Matters relating to the National Construction (Domestic) Limited.
- ix. Administrative control of the National Housing Authority.

ATTACHED DEPARTMENTS/ AUTONOMOUS BODIES

1. Estate Office.
2. National Housing Authority
3. Office of the Director General, Pakistan Public Works Department.

Sr. No.	Description	Total No.	Audited	Expenditure Audited (FY-2022-23) Rs. in million	Revenue / Receipt Audited (FY 2022-23) Rs. in million
1	Formations	2	1	382.477	-

2	Assignment Accounts (Excluding FAP)	-	-	-	-
3	Authorities / Autonomous Bodies etc. under the PAO	-	-	-	-
4	Foreign Aided Project (FAP)	-	-	-	-

14.2 Comments on Budget & Accounts (Variance Analysis)

The final budget allocated to the Housing and Works Division for the financial year 2022-23 was Rs. 7,160.11 million, out of which the Division expended an amount of Rs.4,791.73 million. Grant-wise detail of current and development expenditure is as under:

(Rupees in million)

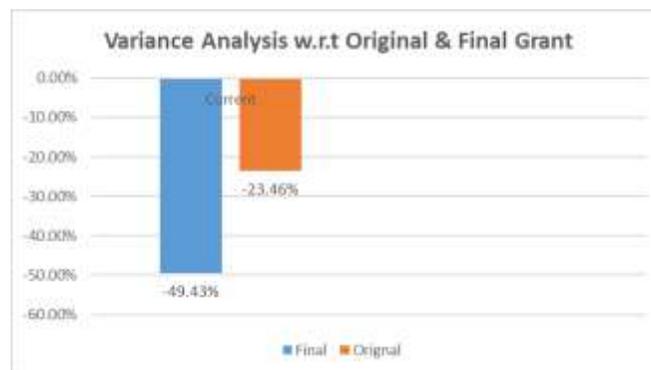

Grant No	Type of Grant	Original Grant	Suppl Grant	Surrender (-)	Final Grant	Actual Expenditure	Excess/ (Saving)	% age Excess/ (Saving)
50	Current	5,915.84	1,274.22	-29.95	7,160.11	4,791.73	-2,368.38	-49.43%

Audit noted that there was saving of Rs. 2,368.38 million, which was mainly due to saving in current grant.

Supplementary Grants obtained without careful cash forecasting

According to Para 71 of General Financial Rules (Volume I), while framing budget estimates, the authorities should exercise utmost foresight. Rules of good governance demand that budget processes are carried out in accordance with clearly defined expectations and assumptions and a coordinated calendar of activity.

As shown in the chart below, bifurcating total allocation into current expenditure, it was observed that there was 23.46% of saving w.r.t original grant which was increased to 49.43% w.r.t final grant.

14.3 Classified Summary of Audit Observations

Audit observations, amounting to Rs. 8,058.41 million, were raised in this report during the current audit of **Housing and Works Division**. Summary of the audit observations classified by nature is as under:

(Rupees in million)

S. No	Classification	Amount
1	Non-production of record	
2	Reported cases of fraud, embezzlement and Misappropriation

14.5 AUDIT PARAS

Ministry of Housing and Works

14.5.1 Unauthorized release of funds in commercial bank accounts of M/s Akhuwat Islamic Microfinance without obtaining approval of Accounting Procedure from Finance Division - Rs. 7.00 billion

Article 02(2.13) of the Agreement executed between Ministry of Housing and Works, Islamabad and M/s Akhuwat Islamic Microfinance (AIM) on 20.11.2019 for disbursement of interest free loans for Low-Cost Housing Schemes under Naya Pakistan Housing Authority Programme states that the AIM shall maintain two separate bank accounts: one for disbursement of loan and second for deposit of recovery of loan installments at head office level. However, the AIM may use its additional/subsidiaries bank accounts for disbursements and recoveries to ensure strong internal controls.

Article 02(2.14) of ibid agreement further states that the AIM shall reconcile main Recovery and Disbursement accounts (head office level) with the bank on a monthly basis within 30 days.

The Ministry of Housing and Works approached the Finance Division for vetting of the draft agreement before its finalization. In response, the Finance Division vide U.O No. 2(30) DFA(H&W)/2018-19 dated 27.07.2019, inter alia, raised observations on Article 02 (2.13, 2.14, 2.15, and 2.16) of the draft agreement as under:

Article No.	Remarks
2 (2.13)	<ul style="list-style-type: none"> Detailed accounting procedure with regards to withdrawal of public money from the Federal Consolidated Fund and payment to the beneficiaries through AIM must be approved from Finance Division. Specifically, instead of commercial bank accounts for deposit/use of public money, payments to the beneficiaries through operation of lapsable assignment account is recommended in view of constitutional and codal provisions. For receipt of repayments of loan and further revolving the amounts, a fund account under the head of account "G-Liabilities" be opened under the public account for the project.
2.14, 2.15 2.16	<ul style="list-style-type: none"> The allocated funds will be released by the Authority in the Assignment Account of AIM as per the agreed strategy whereas subsequent disbursement of amount to end-users will be in installments through crossed cheques. The amount repaid by the beneficiaries as per the Amortization Schedule will be deposited in the public account which is non-lapsable and revolved as per requirements. The trail of flow of funds from GoP to Akhuwat and onward disbursal to the eligible borrowers and backwards may be captured with a robust reporting reconciliation and monitoring regime.

The Ministry of Housing and Works released funds amounting to Rs. 7.00 billion in commercial bank accounts of M/s Akhuwat Islamic Microfinance (AIM) during financial year 2019-20 to 2020-21 as under:

S.No.	Cheque No.	Date	Amount (Rs.)
1	7663670	07.01.2020	1,000,000,000
2	7703968	05.03.2020	1,000,000,000
3	7890872	26.06.2020	1,000,000,000
4	8022609	12.02.2021	500,000,000
5	8225504	22.04.2021	1,500,000,000
6	8404497	04.06.2021	2,000,000,000
Total			7,000,000,000

The profit earned by the AIM since inception till 30.06.2023 was as under:

S.No.	Bank Account No.	Amount (Rs.)
1	20058447820155	58,621,546
2	20058447820178	22,462,301
3	50097918093052	14,974,096
4	50097918092852	5,179,930
	Total	101,237,873

Audit observed as under:

- i. The Ministry of Housing and Works released funds amounting to Rs. 7.00 billion in commercial bank accounts of M/s Akhuwat Islamic Microfinance (AIM) without obtaining approval of Accounting Procedure from Finance Division.
- ii. The insertion of articles in Agreement regarding release of funds in bank accounts of AIM was not in accordance with the advice of Finance Division. Thus, undue favour was extended to M/s Akhuwat Islamic Microfinance in this regard.
- iii. M/s Akhuwat Islamic Microfinance (AIM) did not reconcile main recovery and disbursement accounts as required under Article 02(2.14) of the Agreement as no Monthly Reconciliation Statement for the financial years 2019-20 to 2022-23 was provided to Audit.

Audit is of the view that release of funds amounting to Rs. 7.00 billion by the Ministry of Housing and Works in commercial bank accounts of M/s Akhuwat Islamic Microfinance (AIM) without obtaining approval of Accounting Procedure from the Finance Division was unauthorized.

The management replied that the funds were released with the concurrence of the Finance Division. The Service Agreement executed between M/o Housing and Works and M/s Akhuwat Islamic Microfinance (AIM) was approved by the Federal Cabinet in its meeting held on 22.10.2019. As per Article 2.13 of the Service Agreement the AIM shall maintain two separate Bank Accounts: one for disbursement of loan and second for deposit of recovery of loan installments at head office level. However, the AIM may use its additional / subsidiaries' bank accounts for disbursements and recoveries to ensure strong internal controls.

It is evident that the service agreement was approved by the Federal Cabinet in its meeting held on 22.10.2019 and it placed no restriction to release funds in Commercial Banks. As per agreement clause 2.14, the AIM shall reconcile main recovery and disbursement accounts (Head Office level) with the bank on a monthly basis within 30 days. However, all monthly reconciliation

statements of disbursement and recovery accounts are available with AIM in its Head Office. If Audit requires, the same may be demanded for further submission to Audit.

The reply is not convincing. Nothing was explained about approval of accounting procedure before the release of funds. Funds were released in bank accounts of the AIM despite observations of Finance Division.

Audit recommends holding of inquiry against the persons at fault besides getting approval of Accounting Procedure from the Finance Division.

14.5.2 Unauthorized collection of management fee by M/s Akhuwat Islamic Microfinance - Rs. 949.468 million

Rule 19(ii) of GFR (Volume-I) states that as far as possible, legal and financial advice should be taken in the drafting of contracts and before they are finally entered into.

Rule-19(v) of GFR (Volume-I) states that no contract involving an uncertain or indefinite liability or any condition of an unusual character should be entered into without the previous consent of the Ministry of Finance.

Ministry of Housing and Works, Islamabad executed an Agreement with M/s Akhuwat Islamic Microfinance (AIM) on 20.11.2019 for the disbursement of interest-free loans for Low-Cost Housing Schemes under the Naya Pakistan Housing Authority Programme. The Agreement, inter alia, contained the following articles regarding recovery of the Management Fee from the borrowers:

Article-2(2.22) states that the AIM will receive Management Fee as mentioned in clause 3.4(i) of Article-3 from borrowers along with each instalment amount over the repayment period.

Articles-3.4(i) states that management fee will be received from the borrower @ 4.49% per annum on total disbursed amount.

Prior to execution of the agreement, the Ministry approached the Finance Division for vetting of draft Agreement. In response, the Finance Division vide U.O No.2(30) DFA (H&W)/2018-19 dated 27.07.2019 raised observations on Article 02(2) and 3.4(i) of the draft Agreement as under:

Article No.	Remarks
--------------------	----------------

- 2.22
 - The spirit of the project is disbursement of interest-free micro-lending, whereas, AIM would be paid for its management fee. Payment of management fee should be through an arrangement at head office level, in the light of disbursed amount, duly verified through bank outflows.
 - AIM should not enter into any installment structure with borrowers for sake of management fee. Payment of management, at head office level, will eliminate the confusion at borrowers' level and minimize potential for exploitation.
- 3.4(i)
 - Management fee to be claimed from the authority, based on verified disbursed amount after due audit. Collection of management fees must not be made from the borrower by AIM or his sub-contractor.

M/s Akhuwat Islamic Microfinance (AIM) disbursed total loan of Rs. 1,1470,476,374 to applicants and collected Management Fee of Rs. 949,468,568 from the loanees up to 30.06.2023.

Audit observed that despite issuance of advice by Finance Division, the Ministry of Housing and Works did not make any arrangement for the collection of the Management Fee at the head office level after verification through bank and due audit. The Ministry allowed M/s Akhuwat Islamic Microfinance (AIM) to collect Management Fee of Rs. 949.468 million from the borrowers by setting aside the observation /advice of the Finance Division.

Audit is of the view that insertion of Article 2(2.22) and Articles 3.4(i) in the agreement regarding collection of management fee without the approval of the Finance Division is unauthorized.

The management replied that a meeting of Technical / Financial Advisor Committee on Low-Cost Housing under Naya Pakistan Housing Programme was held on 02.08.2019 in the Ministry of Housing and Works to discuss Finance Division's observations / recommendations on the draft Service Agreements between the Government of Pakistan and AIM. The meeting was also attended by the Joint Secretary, Finance Division. The observations/ recommendations of Finance Division were discussed. It was observed and agreed by all the participants that the recommendations were already in-built in the Operational Manual and were implicitly part of the draft agreement. With respect to Article 2.22, it was decided in the meeting that the management fee would be paid by the borrower. With respect to Article 3.4(i), it was decided in the meeting that since AIM was not demanding any Mobilization Advance, therefore, the same stood not relevant.

The reply is not convincing. The agreement was executed by setting aside the observation / advice of the Finance Division. No mechanism was devised at Ministry level for collection of the Management Fee.

Audit recommends that Ministry of Housing and Works should make necessary arrangements for collection of management fee instead of M/s Akhuwat Islamic Microfinance as per the advice of the Finance Division.

14.5.3 Non-deposit of markup into Government Account by M/s Akhuwat Islamic Microfinance - Rs. 90.362 million

Article-2(2.16) of the agreement dated 20.11.2019 executed between Ministry of Housing and Works and M/s Akhuwat Islamic Microfinance (AIM), Lahore states that the AIM shall remit (after deducting bank charges or applicable taxes, if any) the mark-up earned from the bank deposits of main Disbursement and Recovery accounts relating to the project to the Authority as and when demanded.

The Ministry of Housing and Works released funds amounting to Rs. 7.00 billion in commercial bank accounts of M/s Akhuwat Islamic Microfinance (AIM) during financial year 2019-20 to 2020-21 for Low-Cost Housing Scheme.

As per M/s Akhuwat Islamic Microfinance (AIM)'s letter No.CR-2023-00131 dated 15.07.2023 the markup of Rs. 101,237,873 was earned by the AIM on bank deposits as under:

(Rupees)		
S. No.	Bank Account No.	Profit Earned since inception till 30.06.2023
1	20058447820155	58,621,546
2	20058447820178	22,462,301
3	50097918093052	14,974,096
4	50097918092852	5,179,930
Total		101,237,873

Out of the total markup of Rs. 101,237,873 the AIM deposited an amount of Rs. 10,875,000 into Government account vide cheque No. 25502158 dated 03.12.2021. Thereafter, no further amount of markup was deposited till 30.06.2023 by the company.

Audit observed as under:

- i. M/s Akhuwat Islamic Microfinance (AIM) did not deposit the remaining markup of Rs. 90,362,872 into Government Account as per provision of the Agreement.
- ii. Ministry of Housing and Works never asked the AIM to deposit the balance amount of mark up of Rs. 90.362 million into Government account which was retained outside the Public Exchequer for period of more than one and half year.

Audit is of the view that due to non-deposit of mark up of Rs. 90.362 million, the public exchequer was deprived of its due receipt, besides violation of the provision of Agreement by M/s Akhuwat Islamic Microfinance.

The management did not reply.

Audit recommends recovery of balance amount and deposit the same into Government account.

14.5.4 Irregular allotment of Federal Lodge-II Shami Road Peshawar to Office of Provincial Election Commissioner and non-recovery of rent thereof - Rs. 18.583 million

Rule-04 of Allotment of Semi-Permanent Accommodation in Federal Government Hostel Rules, 2019 states that Accommodation (except 48-Family suits) shall be allotted on semi-permanent basis to the Federal Government employees, holding substantive posts in BS-17 and above on regular basis, for the period and within the quota as specified.

Ministry of Housing and Works Islamabad vide letter No.F.10(2)/2020-Policy dated 22.07.2020 allotted Federal Lodge-II, Shami Road, Peshawar to Office of the Provincial Election Commissioner KPK, Peshawar and executed lease agreement w.e.f. 20.07.2020 for period of three years at monthly rent of Rs. 511,000. Ministry of Housing and Works further directed the Pak. PWD to take over the items relating to bedding and other accessories and safely store at Federal Lodge-I or for disposal before handing over the possession of building to the allottee.

The allottee department was required to make payment of monthly rent for the period w.e.f. 20.06.2020 to 30.06.2023 into Government Account as under:

S.No.	Period	(Rupees)	
		Rent per month	Rent recoverable
1	20.06.2020 to 30.06.2020	511,000	187,366
2	01.07.2020 to 30.06.2023 (36 months)	511,000	18,396,000
Total			18,583,366

Audit observed as under:

- i. The allotment of Federal Lodge-II, Shami Road, Peshawar to Office of Provincial Election Commissioner for office accommodation was violation of Allotment of Semi-Permanent Accommodation in Federal Government Hostel Rules, 2019.
- ii. Office of the Provincial Election Commissioner did not deposit the rent of the said building amounting to Rs. 18.538 million.

- iii. The whereabouts of items taken over from Federal Lodge-II by Pak. PWD was not known to Audit.
- iv. Handing over / taking over reports signed by the Pak. PWD and representative of Office of Provincial Election Commissioner, KPK Peshawar were not available in the Ministry. Therefore, Audit could not verify actual date of possession of the building by the allottee organization.

Audit is of the view that the allotment of Federal Lodge-II was made in violation of the above quoted rules. Due to non-recovery of outstanding rent the public exchequer was deprived of its due receipt.

The management did not reply.

Audit recommends recovery of outstanding rent besides taking appropriate action against the people responsible for the lapses.

CHAPTER 15

KASHMIR AFFAIRS AND GILGIT BALTISTAN DIVISION

15.1 Introduction

As per Schedule II [Rule 3 (3)] Distribution of Business among the Divisions read with Schedule III [rule 4(4)] Rules of Business 1973 (As amended up to 1st December, 2021) following main business have been assigned to the Division amongst the other functions.

1. Policy, Planning and Development for Gilgit-Baltistan.
2. Co-ordination with the Government of Gilgit-Baltistan and Gilgit-Baltistan Council.
3. Co-ordination with the Azad Government of the State of Jammu and Kashmir and the AJ&K Council.
4. Matters relating to the Settlement of Kashmir dispute, other than those falling within the purview of the Foreign Affairs Division.
5. Administration of Jammu and Kashmir State Property in Pakistan.
6. Processing of development schemes reflected in the PSDP of M/o Kashmir Affairs and Gilgit-Baltistan at the level of CDWP and ECNEC.
7. Co-ordination between the Federal Government Organizations and the Government of Gilgit-Baltistan and the Gilgit-Baltistan Council.
8. Mainstreaming population factor in development planning process, in Azad Jammu and Kashmir and Gilgit-Baltistan.
9. Management and distribution of Zakat and Ushr in Azad Jammu and Kashmir and Gilgit-Baltistan and the related and ancillary matters including distribution setup and monitoring and auditing thereof.

ATTACHED DEPARTMENTS / AUTONOMOUS BODIES

- i. Administrator Jammu and Kashmir state properties Lahore.
- ii. Gilgit Baltistan Council
- iii. AJK Council

Sr. No.	Description	Total No.	Audited	Expenditure Audited (FY-2022-23) Rs. in million	Revenue / Receipt Audited (FY 2022-23) Rs. in million
---------	-------------	-----------	---------	---	---

15.2 Comments on Budget & Accounts (Variance Analysis)

Final budget allocated to the Kashmir Affairs and Gilgit Baltistan Division for the financial year 2022-23 was Rs. 1,267.27 million, out of which the Division expended an amount of Rs.1,259.87 million. Grant-wise detail of current and development expenditure is as under:

(Rs. in million)

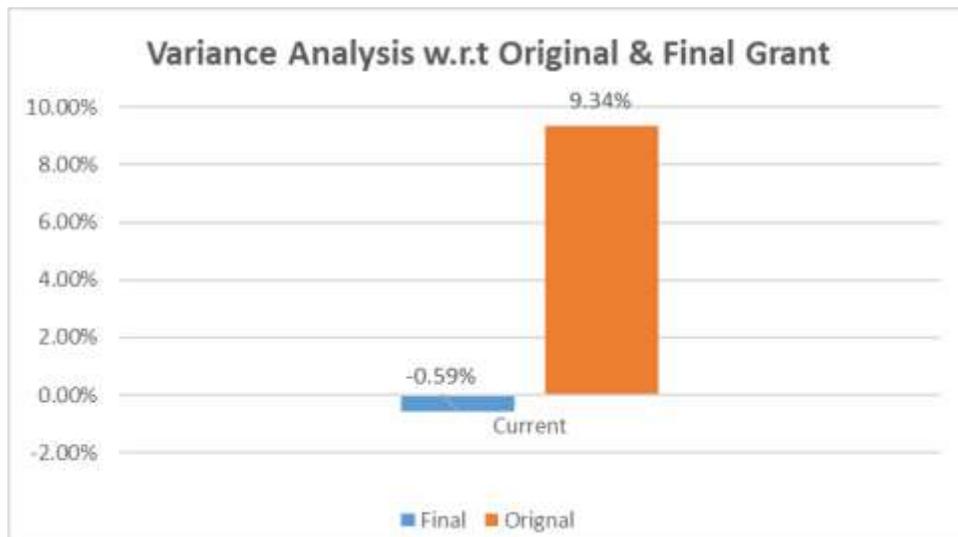

Grant No	Type of Grant	Original Grant	Suppl Grant	Surrender (-)	Final Grant	Actual Expenditure	Excess/ (Saving)	% age Excess/ (Saving)
63	Current	1,142.16	147.91	-22.80	1,267.27	1,259.87	-7.40	-0.59%

The audit noted that there was an overall saving of Rs.7.40 million.

Supplementary Grants obtained without careful cash forecasting

According to Para 71 of General Financial Rules (Volume I), while framing budget estimates, the authorities should exercise utmost foresight. Rules of good governance demand that budget processes are carried out in accordance with clearly defined expectations and assumptions and a coordinated calendar of activity.

As shown in the chart below, it was observed that, in the case of current grant, there was 9.34% excess w.r.t original grant which was finally become 0.59% saving w.r.t final grant.

15.3 Classified Summary of Audit Observations

Audit observations, amounting to Rs. 105.59 million, were raised in this report during the current audit of Kashmir Affairs and Gilgit Baltistan Division. Summary of the audit observations classified by nature is as under:

(Rupees in million)

S. No	Classification	Amount
1	Non-production of record

15.5 AUDIT PARAS

Ministry of Kashmir Affairs & Gilgit-Baltistan

15.5.1 Irregular maintenance of Special Purpose Funds - Rs. 6.946 million

Section 32(1) of Public Finance Management Act, 2019 states that if monies have been appropriated by the National Assembly for a fund established under any law or with the approval of the Federal Government, the Finance Division shall notify rules or regulations and issue directives for the management and control of such a fund. Any statutory instrument shall-

- i. State the purposes for which the special fund has been established.
- ii. Identify the principal accounting officer responsible for its operations; and
- iii. Specify that the cash balances of such funds shall form part of the Public Account of the Federation.

Section 32(2) of Public Finance Management Act, 2019 states that where the Federal Government is satisfied that either:

- i. The purposes for which any special fund was established have been fully served; or
- ii. It is in the public interest to wind up a special fund, it shall notify dissolution of the said special fund and any credit balances in such fund shall be transferred to the Federal Consolidated Fund. An evaluation report and regulation of such funds shall be notified by the Finance Division.

The management of Ministry of KA&GB is maintaining following funds:

- i. Prime Minister's Welfare Fund for grant of stipends to the students from State of Jammu and Kashmir under NBP Account No. 3001108033; an amount of Rs 6,946,187 was disbursed during 2021-22.
- ii. The Prime Minister's Welfare Fund for J & Kashmir Refugees through NBP under Account No. 4001131873; an amount of Rs 300,000 was disbursed during 2021-22.

Audit observed that rules and regulations for the management and control of Funds were not approved / notified by the Finance Division.

Audit also observed that no record was available regarding creation of these Funds before promulgation of PFM Act, 2019.

Audit is of the view that maintenance of Funds without approval of rules and in the absence of record relating to approval/creation thereof was irregular.

The management replied that in the compliance of the O.M No. WR-4(2)/83 dated 08.08.1984, the Bank account titled ‘Prime Minister’s Welfare Fund’ at NBP, ‘S’ Block, Pak Secretariat, Islamabad was opened on 30.08.1992 for granting the stipends to the students of AJ&K & Refugees completing all the codal formalities. After the lapse of 30 years the record is not available because the record falls in ‘C’ Category of record, under which the record is maintained only for 03 to 09 years vide retention schedule of the Secretariat Instructions. The matter will be taken up with the Finance Division in the light of Section 32 of PFM Act, 2019.

The reply is not relevant as rules / regulations governing the funds do not fall in C category of record. The fund is being operated without approved rules / regulations which is an irregularity.

Audit recommends that rules and regulations for the management and control of these Funds be framed and approved from Finance Division.

Special Audit of Jammu and Kashmir States Property, Lahore

15.5.2 Illegal construction of residential society ‘Jammu and Kashmir Garden’

Rule 3B (2) of Jammu & Kashmir (Administration of Property) Rules, 1961 states that if the tenant desires to change the purpose of tenancy due to change in category or nature of land because of urbanization or development and to use the agriculture land or residential properties for residential or commercial purposes and to make construction thereon accordingly he shall apply to the Administrator.

Rule 3B(3) of Jammu & Kashmir (Administration of Property) Rules, 1961 states that on application under sub-rule (2) the Administrator may grant the permission subject to the following conditions, namely:- a) In case of change of use from agricultural to commercial due to urbanization, a committee comprising of the Administrator, Administrative Officer (Admin) and Patwari of the Office of the Administrator shall determine the magnitude of the area that has to be converted with the approval of the Management Committee of the J&K State Property. Provided that property up to a maximum of one kanal may be allowed to be used for commercial purpose and the rest of holding should be surrendered to the department

The J&K State Property have 2325 Acres land situated at villages of Sultan-Pura and Rehman-Pura, Jalo, Lahore. Land measuring 156 Kanal under Khata No. 16 and 63 situated at village Rehmanpura, Lahore. The land was under the tenancy of Mst. Zahida Begum and Mr. Ali Hassan & Humayun Jahangir.

Audit observed as under:

- i. An illegal society namely 'Awan Garden' was established at Khasra No. (509, 661, 665, 659, 660, 662, 666, 667, 511, 512, 513 and 508) 10.01.2019.
- ii. As per Note of Deputy Secretary, Mst Shumail (Zahida Begum) and others had given their consent and commitment on 10.05.2019 during the hearing of the case by the Rent Enhancement committee to restore the land to its original position within 4 weeks, and that the land was only used for agriculture purpose without changing the status of the land.
- iii. As per affidavit submitted by Mst Zahida Begum she had sold the land to Mr. Waseem Ahmed Khan and received the amount.
- iv. The land measuring 100 Kanal was transferred in the name of Mr. Waseem Ahmed on 22.07.2017 and 56 Kanal 8 Marla to Mr. Muhammad Shafiq without changing the status of land as agricultural land, as per commitment of the original lessees.
- v. The new lessees, i.e. Mr. Waseem Ahmed and Mr. Muhammad Shafiq applied for change of status of the land as almost 100 Kanal land was already developed as a housing scheme due to which the management changed the status of the land and changed the name of the society from 'Awan Garden' to 'Jammu and Kashmir Garden'.
- vi. On new agreements, official stamp of 'Jammu Kashmir Garden' was affixed dated 11.02.2021.

Audit is of the view that giving legal status to an illegal housing society without the approval of the Management Committee was unauthorized.

The management replies that land measuring 156 kanal bearing khasra Nos. 508 to 513, 600, 661, 662, 666 to 667 situated at Village Rehmanpura was under tenancy of Mst. Zahida Begum, Ali Hassan and Humayun Jahangir @ Rs. 120/- per/acre/annum. On receipt of information regarding unauthorized construction of houses by the illegal occupant in the name of Awan Garden immediate action was taken by demolishing the construction with the help of local administration in January, 2019. However, an illegal occupant namely Imran Mir obtained status quo from the court of law. It may also be noted that the illegal occupant filed four cases against the department on this issue in different courts of law. The legal branch of this office had got the status quo vacated from the concerned court and the department is still vigorously pursuing the case related to the said property.

Later on, tenancy of above land was changed in favor of. M/s Waseem Ahmad Khan & Muhammad Shafique w.e.f. 01.07.2019 @ Rs. 7,000/- per/acre/annum vide agreement dated 22-

07-2019, resulting in an increase in the Government revenue from Rs.2,400 to Rs.137,244/- per annum on restoring to its original status, i.e. agricultural land, besides depositing of transfer fee amounting to Rs.50,000/- Later, on the request of the tenants the status of the land measuring 100-kanals was changed from Agriculture to Residential @ Rs.56,000/- per acre/annum amounting to Rs.700,000/- and rest of 56-Kanal remains on agriculture status.

During DAC meeting held on 12.06.2023 and 21.06.2023 it was informed that a fact-finding inquiry had been conducted by the Ministry which has established that change of land use and consequent contracts were without any lawful authority and were therefore without any legal effect. The inquiry report therefore, recommended criminal and administrative proceedings. The DAC recommended that the fact-finding inquiry report may also be shared with the Audit.

The DAC further recommended that the illegal residential units or the so-called housing society namely Jammu & Kashmir Garden may be demolished along with cancellation of lease agreements. It was also recommended that criminal and departmental proceedings may be taken to their logical end within the next two months. The DAC recommended that subject Para may be placed before the PAC for final decision.

Audit recommends that the decision of the DAC may be implemented.

15.5.3 Illegal sale of property of four (04) Kanal at Sultanpura

Rule 3B (2) of Jammu & Kashmir (Administration of Property) Rules, 1961 states that if the tenant desires to change the purpose of tenancy due to change in category or nature of land because of urbanization or development and to use the agricultural land or residential properties for residential or commercial purposes and to make construction thereon accordingly he shall apply to the Administrator.

Rule 3B(3) of Jammu & Kashmir (Administration of Property) Rules, 1961 states that on application under sub-rule (2) the Administrator may grant the permission subject to the following conditions, namely:- a) In case of change of use from agricultural to commercial due to urbanization, a committee comprising of the Administrator, Administrative Officer (Admin) and Patwari of the Office of the Administrator shall determine the magnitude of the area that has to be converted with the approval of the Management Committee of the J&K State Property.

Provided that such property shall be up to a maximum of one Kanal may be allowed to be used for commercial purpose and the rest of holding should be surrendered to the department.

The Administrator, J&K State Property awarded tenancy of land situated in Khasra No. 2-min, 3-min and 17 mint mouza Sultanpura, Lahore to M/s Mian Imtiaz Ali & Mian Zaheer-ud-din Babar on 23.08.2001 as per following details:

- i. Kanal 12 Marla (Commercial) @ Rs. 1,800 per Kanal per month
- ii. Kanal 18 Marla (Residential) @ Rs. 400 per Kanal per Annum

Audit observed as under:

- i. Out of total land 4 Kanals were sold by Mr. Mian Imtiaz Ali (one of the owners) @ Rs. 400,000 to Mr. Rashid Ali on 15.08.2008.
- ii. The lease was transferred to Mr. Rashid Ali without any permission from the other owner, i.e. Mian Zaheer-din Babar. As per the statement of rent collector Mian Zaheer-ud-Babar disowned the property but in the original file there is no proof of this statement.
- iii. Mr. Rashid Ali purchased the remaining land from different persons and total land was transferred in the name of Mr. Rashid Ali by the Administrator, J&K State Property.

Audit is of the view that original lessee sold the land illegally and the management transferred the land in the name of new tenant illegally without the approval of the Management Committee.

The management replied that M/s Mian Imtiaz Ahmed and Zaheer-ud-Din Babar submitted an application on 15.08.2001 and stated that an area of 5-Kanal and 10-Marla of government land was under the occupation of encroachers. They requested that the said land may be allotted to them for rent and they will get the land vacated from the illegal occupants.

The Administrator considered their application and allotted an area measuring 3-Kanal and 18-Marla on rent @ Rs.1800/- per kanal per annum. Now the department is receiving income from this land @ Rs. 333,475/- per annum. It is worth mentioning that Government of Pakistan had imposed complete ban on sale of J&K State properties since 1986.

The DAC held on 12.06.2023 and 21.06.2023 recommended the management to cancel tenancy and ensure fresh leasing on the basis of competitive bidding. The DAC also recommended departmental proceedings against the delinquents.

Audit recommends that the decision of the DAC may be implemented.

15.5.4 Illegal construction on agricultural land Property No. 109

Rule 3B (2) of Jammu & Kashmir (Administration of Property) Rules, 1961 states that if the tenant desires to change the purpose of tenancy due to change in category or nature of land because of urbanization or development and to use the agricultural land or residential properties

for residential or commercial purposes and to make construction thereon accordingly he shall apply to the Administrator.

Rule 3B(3) of Jammu & Kashmir (Administration of Property) Rules, 1961 states that on application under sub-rule (2) the Administrator may grant the permission subject to the following conditions, namely:- a) In case of change of use from agricultural to commercial due to urbanization, a committee comprising of the Administrator, Administrative Officer (Admin) and Patwari of the Office of the Administrator shall determine the magnitude of the area that has to be converted with the approval of the Management Committee of the J&K State Property.

Provided that such property shall be up to a maximum of one kanal may be allowed to be used for commercial purpose and the rest of holding should be surrendered to the department

Administrator vide Notice dated 27.11.2020 states that Mr. Mian Abbas was making illegal construction on agricultural land of this office land situated at mouza Rehmanpura, Lahore.

On 05.02.2021 Mr. Abbas Ali admitted that he had started construction of the boundary wall and House at Property No. 109 and requested to change the status from agricultural to residential purpose.

The management entered into agreement dated 30.03.2021 with Mr. Mian Abbas with the condition for use of land only for residential purpose and to allow raising of superstructure on the land in form of residential units, fix and realize the rent thereof, and also transfer the lease-hold rights in accordance with the procedure.

Audit observed as under:

- i. Mr. Mian Abbas Ali started construction of house on agriculture land but instead of cancellation of lease and further lease through open competition the management changed the status of the agricultural land to favor Mr. Mian Abbas in violation of rules.
- ii. On 25.08.2021 the change of status from agriculture to residential was cancelled but the property was further divided into 18 units which were transferred in the name of new tenants by the Administrator before 25.08.2021 and 6 units were transferred after 25.08.2021.

Audit is of the view that change of status of property by Administrator without the approval of the Management Committee was unauthorized.

The management replied that Administrator J&K State Property was authorized to change the status of property from agricultural to residential as per rule 3B (2) and 3B (3) of J & K

Administration of Property Rules, 1961. The matter of changing the status of the said land is pending with the Joint Secretary, KA & GB for a final decision.

The DAC held on 12.06.2023 and 21.06.2023 recommended early completion of the appeal process. The DAC also recommended reversal of all transfers after the cancellation. The DAC further recommended action against the persons responsible for transfer of property after the cancellation.

Audit recommends that inquiry may be held to fix the responsibility.

15.5.5 Illegal sale of property No.65, Sultan-Pura

Rule 3B (2) of Jammu & Kashmir (Administration of Property) Rules, 1961 states that if the tenant desires to change the purpose of tenancy due to change in category or nature of land because of urbanization or development and to use the agricultural land or residential properties for residential or commercial purposes and to make construction thereon accordingly he shall apply to the Administrator.

Rule 3B(3) of Jammu & Kashmir (Administration of Property) Rules, 1961 states that on application under sub-rule (2) the Administrator may grant the permission subject to the following conditions, namely:- a) In case of change of use from agricultural to commercial due to urbanization, a committee comprising of the Administrator, Administrative Officer (Admin) and Patwari of the Office of the Administrator shall determine the magnitude of the area that has to be converted with the approval of the Management Committee of the J&K State Property.

Provided that such property shall be up to a maximum of one kanal may be allowed to be used for commercial purpose and the rest of holding should be surrendered to the department.

Property No 65 (8 Marla commercial) was allotted to Mr. Mia Imtiaz Ali in which he sold shop No 21 on 3.2.2006 to Mr. Kismat Zada at amount Rs. 90 per Marla and development charges Rs. 100,000; Shop Nos. 25 and 26 dated 30.4.2006 to Mr. Muhammad Ramzan at amount Rs. 200 per Marla and development charges Rs. 200,000; and on 06.04.2006 shop No 24 to Mr. Abid Tanveer at Rs. 90 per marla and development charges Rs. 140,000 with all rights of further construction. Mr. Abid Tanveer on 07.02.2008 again sold shop No 24 to Mr. Shahbaz Ahmad at Rs. 240,000.

Mr. Muhammad Ramzan on 10.9.14 sold shop no 25 and 26 to Mr. Muhammad Shafiq-ur-Rehman at Rs. 350,000 each; Mr. Muhammad Shafiq-ur-Rehman on 5.12.2015 further sold the same shops to Mr. Sayeed Ahmed Rs. 700,000 each. Mr. Muhammad Ramzan dated 18.3.2017 sold shop to Mr. Usman Butt at Rs.700,000 with all rights of use and further construction.'

The audit observed that property was divided into 13 shops/units and sold at market value without approval from lessor i.e. M/s Jammu and Kashmir State Properties, Lahore in violation of rules and agreement and without approval from the Management Committee.

Audit is of the view that division of property and further selling at market rate and payment of nominal amount of rent to Jammu and Kashmir State Properties, Lahore put significant loss to public exchequer.

Audit is also of the view that instead of agreements with new tenants the lease with the original lessee should be canceled as provided in the agreement as the lessee cannot sell the property to anyone.

The management replied that M/S Mian Imtiaz Ahmed and Zaheer-ud-Din Babar submitted an application on 15.08.2001 and stated that an area of 5-Kanal and 10-Marla of government land was under the occupation of encroachers. They requested that the said land may be allotted to them for rent and they will get the land vacated from the illegal occupants.

The Administrator considered their application and allotted an area measuring 3-Kanal and 18-Marla on rent @ Rs. 1800/- per kanal per annum. Now the department is receiving income from this land @ Rs. 333,475/- per annum. Zaheer-ud-Din Babar and Mian Imtiaz Ahmed constructed the shops from their own pocket and rented them out to the different persons receiving the cost of structure. After the death of above tenant, sitting tenants of shops requested the department that they were willing to pay the rent to the department on the condition that tenancy of shops may be transferred to them.

The DAC held on 12.06.2023 and 21.06.2023 recommended cancellation of the tenancy and holding of inquiry for fixing the responsibility.

Audit recommends that matter may be inquired, and responsibility may be fixed.

15.5.6 Illegal award of tenancy and further transfer of property No. 104

Rule 3B (2) of Jammu & Kashmir (Administration of Property) Rules, 1961 states that if the tenant desires to change the purpose of tenancy due to change in category or nature of land because of urbanization or development and to use the agricultural land or residential properties for residential or commercial purposes and to make construction thereon accordingly he shall apply to the Administrator.

Rule 3B(3) of Jammu & Kashmir (Administration of Property) Rules, 1961 states that on application under sub-rule (2) the Administrator may grant the permission subject to the following

conditions, namely:- a) In case of change of use from agricultural to commercial due to urbanization, a committee comprising of the Administrator, Administrative Officer (Admin) and Patwari of the Office of the Administrator shall determine the magnitude of the area that has to be converted with the approval of the Management Committee of the J&K State Property.

Provided that such property shall be up to a maximum of one kanal may be allowed to be used for commercial purpose and the rest of holding should be surrendered to the department.

On 27.11.2020, the Administrator served notice to Mr. Zaheer Khan S/o Faqir Muhammad Khan that he had illegally occupied the agricultural land measuring 21 Kanal 9 Marla situated at Mouza Sultanpura, Lahore. On 19.11.2020, Mr. Zaheer Khan applied for allotment of 21 Kanal 9 Marla as he had the possession of the said land. On 14.12.2020 Patwari of the Area reported that the land is vacant and nobody had physical possession of the land. On 08.01.2021, the land was leased to Mr. Zaheer Khan for residential purposes only as per orders of the Administrator.

The management entered into agreement dated 19.01.2021 that land of 17 Kanal was allotted for Residential/Commercial purpose and allowed Mr. Zaheer Khan to construct residential/commercial units on the department land and fix and realize the rent, and also transfer the lease-hold rights in accordance with the procedure. On 28.06.2021, Mr. Zaheer Khan applied for change of status of 12 Marlas from residential to Commercial. Rent Collector submitted the proposal for change of residential land to commercial land on which the Rent Inspector objected that: 'How does the law of the department allow in this regard to make residential land to commercial?' but the Administrator approved the proposal of rent collector on 09.07.2021.

Audit observed as under:

- i. The land should be allotted on the basis of an open auction as Mr. Zaheer Khan was not in possession of the land at the time of allotment as per reports and order of the Administrator.
- ii. The tenant sold almost 16 Kanal to 10 different persons and the management changed the tenancy in the name of new lessees illegally.
- iii. The land was allotted for residential purpose only as per orders of the Administrator but at the time of agreement commercial purpose was also included illegally.
- iv. After observing the mistake in the agreement, the management again entered into two new agreements with Mr. Zaheer Khan, one for 17 Kanal (Residential) and 12 Marla (Commercial) on 11.03.2022 and 10.03.2022, respectively.

Audit is of the view that allotment of land and change of status without approval of the Management Committee and further transfer was illegal and without any law.

Audit is also of the view that lessee was given undue favor at the cost of the government.

The management replied that the land measuring 17 kanal situated at Sultanpura, Lahore, was lying vacant. Irrigation Department, Government of Punjab and Anti-Narcotics Force time and again tried to illegally occupy the above land. Furthermore, there was also a dispute regarding ownership of subject land between the Irrigation Department, Govt. of Punjab and J&K State Property.

In order to safeguard the valuable property of the government from illegal encroachers, it was leased out to Mr. Zaheer Khan on his own request and in the best interest of the department. Furthermore, the Irrigation department filed an appeal before the Commissioner Lahore for ownership of land which was contested by the department, and it was decided in favor of J&K State Property.

On 08.01.2021, on the request of the tenant, the status of the above land changed from agricultural to residential as per the J&K State Property Rules 1961. The department entered into agreement with Mr. Zaheer Khan and allotted him an area measuring 17 Kanal on rent for residential purpose @ Rs.600/- per Marla per annum which comes to Rs.204,000/- per annum.

On 28.06.2021, Mr. Zaheer Khan applied for change of status of 12 Marlas from residential to commercial and agreed to pay the rent at commercial rate of Rs.1,094/- per Marla per annum, which was accepted.

The land was rented out in line with Rule 3B (2) and 3B (3) in the interest of the department for raising its income from the piece of land which was lying vacant and to protect Government land from illegal occupation.

The DAC held on 12.06.2023 and 21.06.2023 recommended that documentary evidence for legal transfer of tenancy as per rules may be shared with the Audit.

Audit recommends that inquiry may be held to fix the responsibility.

15.5.7 Illegal construction on agricultural land Property No. 111

Rule 3B (2) of Jammu & Kashmir (Administration of Property) Rules, 1961 states that if the tenant desires to change the purpose of tenancy due to change in category or nature of land because of urbanization or development and to use the agricultural land or residential properties for residential or commercial purposes and to make construction thereon accordingly he shall apply to the Administrator.

Rule 3B(3) of Jammu & Kashmir (Administration of Property) Rules, 1961 states that on application under sub-rule (2) the Administrator may grant the permission subject to the following conditions, namely:- a) In case of change of use from agricultural to commercial due to urbanization, a committee comprising of the Administrator, Administrative Officer (Admin) and Patwari of the Office of the Administrator shall determine the magnitude of the area that has to be converted with the approval of the Management Committee of the J&K State Property.

Provided that such property shall be up to a maximum of one kanal may be allowed to be used for commercial purpose and the rest of holding should be surrendered to the department.

Administrator vide Notice dated 27.11.2020 states that Mr. Nazar Iqbal Bawa was making illegal construction of the agricultural land of this office land situated at Mouza Sultanpura, Lahore.

On 22.03.2021 Mr. Nazar Iqbal admitted that he had started construction of plots at Property No. 111 and requested to change the status from agriculture to Residential purpose and requested to transfer the Khata 34 Kanal 11 Marla in the name of Nazar Iqbal, 3 Kanal 10 Marla in the name of Liaqat Ali and 4 Kanal in the name of Tasleem Iqbal. The Administrator, J&K on 08.04.2021 approved the request of Mr. Nazar Iqbal.

The management entered into agreements dated 08.04.2021 with all three persons with the condition for use of land only for residential purpose and allow to raise superstructure on the land in the form of residential units, fix and realize the rent thereof, and also transfer the lease-hold rights in the accordance with the procedure.

Audit observed that Mr. Nazar Iqbal started construction of plots illegally on agricultural land but instead of cancellation of lease and further lease through open competition, the management changed the status of the agricultural land in favor Mr. Nazar Iqbal in violation of rules and without approval of the Management Committee.

Audit also observed that as per 'khata register' of J&K State Property the land is still being used as agricultural land.

The management replied that property No. 111 is in the tenancy of Mr. Nazar Iqbal Bawa who sought permission for construction of superstructure and admitted raising the rent to Rs. 259,125/- instead of Rs. 519/- per annum. The tenancy of 34-Kanal 11-Marla was transferred to Nazar Iqbal, 3-Kanal 10-Marla to Liaqat Ali and 4-Kanal to Tasleem Iqbal @ 7,000/- per Kanal per annum in the light of Rule 3B (2) and 3B(3). The tenancy has been transferred in the interest of the department.

The DAC held on 12.06.2023 and 21.06.2023 recommended to cancel the tenancy as per observation of audit and inquiry be conducted to fix the responsibility.

Audit recommends that inquiry may be held to fix the responsibility.

15.5.8 Non-recovery of arrears from defaulters at Village Purab – Rs. 27.012 million

Section 5(c) of J&K State Property Ordinance, 1961 states that any sum due, whether as rent or otherwise, in respect of any of the aforesaid properties, if not paid within the time specified by the Administrator, shall be recoverable as arrears of land revenue.

The Administrator, J&K State Property rented out agriculture land of village Purab to 60 tenants during 2016.

Audit observed that an amount of Rs. 27.012 million was not recovered from 41 tenants.

Audit is of the view that non-recovery of rent amount was irregular and deprived the department of the benefit of its due receipts.

The management replied that the matter was referred to District Collector Sheikhpura for recovery of arrears of 'lagan' amounting to Rs. 27.012 million from the contractors of Village Purab, Tehsil Muridke, District Sheikhpura. District Collector Sheikhpura has repeatedly been requested for the recovery of arrears of lagan, but no positive response has been received so far.

The DAC held on 12.06.2023 and 21.06.2023 recommended that efforts may be made to recover the outstanding amount as per law. The audit also requested to share the efforts made by the department for recovery of arrears.

Audit recommends that arrears should be recovered and deposited into the government account.

15.5.9 Illegal encroachment on agricultural land at Sultanpura and Rehmanpura

Rule 3(d) of Jammu & Kashmir (Administration of Property) Rules, 1961 states that the Administrator may, for any purpose connected with, or incidental to, the administration and management of the property;- (a) Enter into any transaction or agreement; (b) Execute any contract or document or other instrument; (c) Receive and give full and effectual discharge for or in respect of any property or any money received or liabilities incurred; (d) Take necessary steps, having regard to the provisions of Sub-Section- (3) of Section-3, for taking possession and assuming

control of any property, for summarily evicting any person in unauthorized construction on any property;

The J&K State Property have 2325 Acres land situated at villages of Sultanpura and Rehmanpura, Jallo, Lahore.

Audit observed that out of total land of 2325 acres there was encroachment on 361 Kanal at Sultanpura and 118 kanal 10 Marla at Rehmanpura.

Audit is of the view that due to non-monitoring of land the encroachment occurred.

The management replied that this office requested the Deputy Commissioner Lahore to take legal action against the illegal occupants and illegal construction may be demolished through local Administration. The local administration along with the field staff of this office carried out a complete survey of illegal constructions but no further action has been taken in this regard so far.

The DAC held on 12.06.2023 and 21.06.2023 directed that all encroachments may be removed using all available resources including district administration and law enforcement agencies.

Audit recommends that all encroachment should be removed as per the provisions of the Ordinance.

15.5.10 Irregular release of Security at village Purab - Rs 7.500 million

Clause 14 of Lease Agreement the security/CDR amount of Rs. 750,000 deposited by the lessee at the time of bidding with the lessor will be retained till expiry of lease.

The management of Jammu and Kashmir State Properties, Lahore leased 10 lots at village Purab, Tehsil Muridke, District Sheikhpura at C.D.R amounting to Rs. 750,000 each lost to following lessors. Details are as under:

Sr.No	Lesser	Lot No. (A-K-M)
1.	Nabi Ahmad S/o Khursheed Ahmad	1 (51-2-15)
2.	Zulfiqar Ali S/o Wakeel Ahmad	2 (87-01-03)
3.	Muhammad Asif S/o Muhammad Yousaf	3 (89-04-17)
4.	Usama Qamar S/o Qamar-ul-Zaman	4 (94-00-11)
5.	Imran Ali S/o Riaz	5 (81-03-05)
6.	Rehmat Ali S/o Gulzar Ahmad Khan	6 (94-06-00)
7.	Mahmood Ahmad S/o Mushtaq Ahmad	7 (94-00-04)
8.	Rana Khalil-ur-Rehman S/o Nawab	8 (86-03-13)
9.	Syed Iqbal Hussain Shah S/o Bashir Shah	9 (79-03-12)

Audit observed that management released security deposit amounting to Rs. 7,500,000 (750,000 x 10) to lessee before completion of contract period of 3 years.

Audit is of the view that release of security deposit before completion of contract period was unauthorized.

The management replied that the said lots were leased out and received C.D.R amounting to Rs. 750,000 against each lot as security to different lessees. The contractors of village purab submitted an application stating that due to financial crises they were not in position to deposit the amount of lagan and requested to adjust the security deposit in the lagan.

The Deputy Administrator who was working as Administrator on a current charge basis allowed them to adjust the C.D.R.

The DAC held on 12.06.2023 and 21.06.2023 directed to conduct an inquiry to fix the responsibility.

Audit recommends that the matter may be inquired into to fix the responsibility and outcome may be shared with the Audit.

15.5.11 Illegal sale and change of status of agricultural land into commercial land – Rs. 25.000 million

Rule 3B (2) of Jammu & Kashmir (Administration of Property) Rules, 1961 states that if the tenant desires to change the purpose of tenancy due to change in category or nature of land because of urbanization or development and to use the agricultural land or residential properties for residential or commercial purposes and to make construction thereon accordingly he shall apply to the Administrator.

Rule 3B(3) of Jammu & Kashmir (Administration of Property) Rules, 1961 states that on application under sub-rule (2) the Administrator may grant the permission subject to the following conditions, namely:- a) In case of change of use from agricultural to commercial due to urbanization, a committee comprising of the Administrator, Administrative Officer (Admin) and Patwari of the Office of the Administrator shall determine the magnitude of the area that has to be converted with the approval of the Management Committee of the J&K State Property.

Provided that such property shall be up to a maximum of one kanal may be allowed to be used for commercial purpose and the rest of holding should be surrendered to the department.

Muhammad Asif Khan S/o Muhammad Sadiq Khan constructed dairy farm on agricultural land 8 kanal 15 Marla Khasra No. 1863, Sultanpura in 2011.

Mr. Asif Khan sold the land to Mr. Amir Kamal Raja at a cost of Rs. 25.000 million on 13.10.2015.

Mr. Nusrat Kamal Raja, father of Mr. Amir Kamal Raja applied that he had the physical possession of agriculture land and running a dairy farm and requested to change the status of the agriculture land to residential land.

Administrator, J&K vide order dated 26.03.2021 allowed the change of status of agricultural land into residential land without considering that the state land cannot be sold to another person. Instead of cancellation of the lease the status of the land was changed from agricultural to residential without the approval of the Management Committee.

Audit is of the view that agriculture land which was already used for commercial purpose and change of its status from agriculture to commercial was unauthorized.

Audit is also of the view that selling of J&K State property was not covered under any rule which should be cancelled and re-leased through open auction.

The management replied that the tenant, Mr. Amir Kamal Raja, applied for a change in use of land from agriculture to residential. Administrator, J&K vide order dated 26.03.2021 allowed the change of status of agricultural land into residential land in line with rule 3B (2) and 3B(3) of J& K (Administration of Property) Rules, 961.

The DAC held on 12.06.2023 and 21.06.2023 recommended that relevant records be shared with the Audit.

Audit recommends that inquiry may be held to fix the responsibility.

15.5.12 Non-recovery of arrears from tenants – Rs. 8.625 million

Section 5(c) of J&K State Property Ordinance, 1961 states that any sum due, whether as rent or otherwise, in respect of any of the aforesaid properties, if not paid within the time specified by the Administrator, shall be recoverable as arrears of land revenue.

Administrator, J&K State Property rented out its property to different tenants at Lahore.

The audit observed that an amount of Rs. 8.625 million was not recovered as rent from the tenants.

Audit is of the view that non-recovery of rent deprived the department of the benefit of its due receipt.

The management replied that accumulation of arrears and their recovery was a continuous phenomenon. Concerned field staff have been strictly directed to recover the arrear up to 30.06.2023 failing which strict action will be taken against them. It is worth mentioning here that the amount of Rs. 6.397 million has been recovered out of the above-mentioned amount. As soon as the arrears are fully recovered, the audit will be informed accordingly.

The DAC held on 12.06.2023 and 21.06.2023 recommended that the recovery of remaining amount be ensured on priority.

Audit recommends that arrears should be recovered, and notices should be issued to defaulter for ejection from the property.

15.5.13 Loss due to non-deduction of tax on advertisement - Rs. 15.549 million

Section 153(1) states that every prescribed person making a payment in full or part including a payment by way of advance to a resident person or (a) for the sale of goods; (b) for the rendering of or providing of services; (c) on the execution of a contract, other than a contract for the sale of goods or the rendering of or providing services, shall at the time of making the payment, deduct tax from the gross amount payable (including sales tax, if any) at the rate specified in Division III of Part III of the First Schedule.

The management of Jammu and Kashmir State Property, Lahore incurred an expenditure on advertisement during 2018-22. Details are as under:

Sr.No	Year	Amount Rs.	(Rupees)
1.	2018	234,935	
2.	2019	9,565,339	
3.	2020	35,271,375	
4.	2021	35,953,044	
5.	2022	16,161,580	
	Total	97,186,273	

Audit observed that the management paid advertisement charges without deducting tax amounting to Rs. 15.550 million.

Audit is of the view that due to non-deduction of tax amounting to Rs. 15,549,804 the government was deprived of the benefit of its due revenue.

Audit is also of the view that the suppliers were favored by not deducting tax from payments.

The management replied that the amount mentioned by the audit team had been miscalculated. On total expenditure of Rs. 74,904,632 an amount of Rs. 3,181,568 @ 4.5% was deducted as income tax.

The reply was not accepted because audit objected to non-deduction of sales tax on service only.

The DAC held on 12.06.2023 and 21.06.2023 directed that the record of payment by the Ministry and deduction of the sales tax be shared with the Audit.

Audit recommends that amount may be recovered and deposited into Government Treasury and matter may be inquired to fixed responsibility.

15.5.14 Irregular execution of development project ‘Construction of Muridke Road, Sheikhpura’ - Rs. 14.959 million

Planning and Development Division letter No. 21(2-Gen) PIA/PC/2004 dated 18.12.2004 states that the autonomous organizations whether commercial or non-commercial having Board by whatever name called, should be competent to sanction their development schemes with 100% self-financing with no government guarantee and involving less than 25% foreign exchange / foreign assistance. A Development Working Party should be constituted by each organization and notified to consider and approve their self-financed projects. The Development working party should be headed by the Chairman/Head of the Organization and among others, should include representatives of the Planning and Development Division, Finance Division and the concerned Ministry/Division each not below the rank of Joint Secretary.

The DDWP meeting held on 20.02.2018 approved the development scheme titled ‘Rehabilitation/Construction of Metaled Road from Village Purab to Kot Pindi-Das Tehsil Muridke, Sheikhpura 2.3 KM’ at a cost of Rs. 14.959 million.

The Administrator, Jammu and Kashmir State Property, Lahore awarded a contract to M/s Chaudhary Enterprises for “Rehabilitation/construction of Metaled Road from village to Kot Pindi Das Muridke Road, Sheikhpura” on 30.03.2018.

Audit observed as under:

- i. There was no member from the Planning Division in DDWP meeting in violation of the instruction of the Planning Division.
- ii. The road which was constructed was not the property of the J&K State Property.
- iii. The work was carried out by a contractor not registered with Pakistan Engineering Council.
- iv. The work was executed without any technical sanction of estimates.

Audit is of the view that expenditure on a property not owned by J&K State Property, without approval from the delegated forum and construction by a non-registered contractor was unauthorized.

The management did not reply till finalization of the report.

Audit recommends matter may be inquired to fix the responsibility.

CHAPTER 16

MINISTRY OF INDUSTRIES AND PRODUCTION

16.1 Introduction

As per Schedule II [Rule 3 (3)] Distribution of Business among the Divisions read with Schedule III [rule 4(4)] Rules of Business 1973 (as amended up to 23rd April, 2019) following main businesses have been assigned to the Division:

1. National industrial planning and coordination.
2. Industrial policy.
3. Employment of foreign personnel in commercial and industrial enterprises.
4. Federal agencies and institutions for:
 - i. promoting industrial productivity.
 - ii. promoting of special studies in the industrial fields; and
 - iii. testing industrial products.
5. Keeping a watch, from the national angle, over general price trends and supply position of essential commodities; price and distribution control over items to be distributed by statutory orders between the provinces.
6. Import and distribution of white oil.
7. Explosive (excluding the administration of Explosive Substances Act, 1908) and safety measures under the Petroleum Act, 1934 and Rules made thereunder.
8. Prescription and review of criteria for assessment of spare parts and raw materials for industries.
9. Administrative, financial, operational, personnel and commercial matters of Pakistan Garments Corporation.
10. Ghee Corporation of Pakistan Limited, and Pakistan Edible Oils Corporation Limited.
11. National Fertilizer Corporation, Lahore.
12. Development of Industries (Federal Control) (Repeal) Ordinance, 1979.
13. Economic Reforms (Protection of Industries) Regulation, 1972.
14. All matters relating to state industrial enterprises, especially, in basic and heavy industries, namely:
 - a) State Engineering Corporation, Karachi.
 - b) State Cement Corporation, Lahore.
 - c) Automobile Corporation, Karachi.
 - d) State Petroleum Refining and Petrochemical Corporation, Karachi.
 - e) Federal Chemical and Ceramics Corporation, Karachi.
 - f) Pakistan Steel Mills Corporation, Karachi.

g) Pakistan Industrial Development Corporation (PIDC).

ATTACHED DEPARTMENTS/ AUTONOMOUS BODIES

- i. Department of Explosives.
- ii. Pakistan Industrial Technical Assistance Centre, Lahore
- iii. Engineering Development Board

Sr. No.	Description	Total No.	Audited	Expenditure Audited (FY 2022-23) Rs. in million	Revenue/Receipt Audited (FY 2022-23) Rs. in million

16.2 Comments on Budget & Accounts (Variance Analysis)

The final budget allocated to the Industries and Production Division for the financial year 2022-23 was Rs. 50,067.18 million, out of which the Division expended an amount of Rs. 50,024.09 million. Grant-wise detail of current and development expenditure is as under:

(Rs. In million)

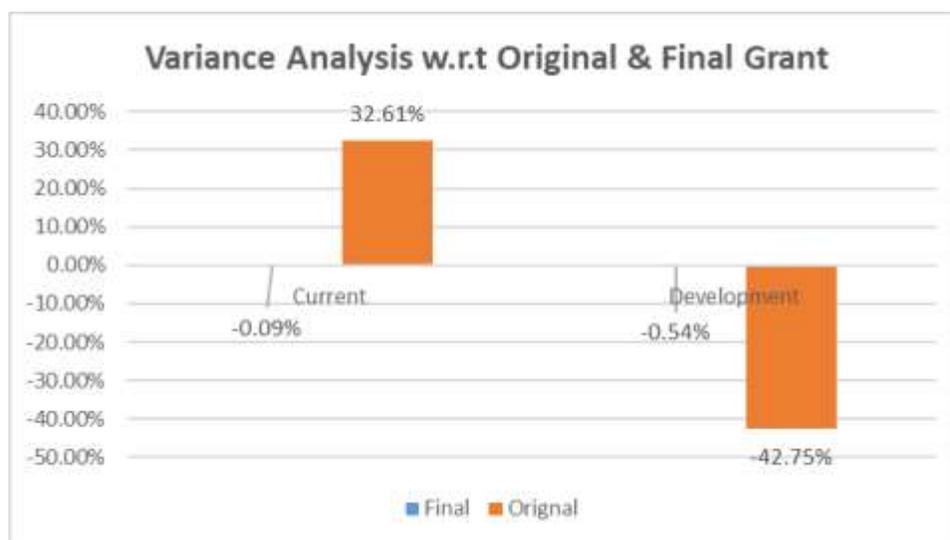

Grant No	Type of Grant	Heads	Original Grant	Suppl Grant	Surrender (-)	Final Grant	Actual Expenditure	Excess/ (Saving)	% age Excess/ (Saving)
52	Current	Industries and Production Division	33,631.42	16,411.04	-57.67	49,984.79	49,944.64	-40.14	-0.08%
53	Current	Financial Action Task Force (FATF) Secretariat	79.72	7.00	-4.32	82.40	79.44	-2.96	-3.72%
	Current Total		33,711.14	16,418.04	-61.99	50,067.18	50,024.09	-43.10	-0.09%
129	Development	Industrial Development (Capital Outlay)	2,850.00	.00	-842.69	2,007.31	1,996.48	-10.83	-0.54%
	Total		36,561.14	16,418.04	-904.69	52,074.49	52,020.56	-53.93	0.10%

Audit noted that there was an overall saving of Rs. 53.93 million due to saving in Current and Development grants.

Supplementary Grants obtained without careful cash forecasting

According to Para 71 of General Financial Rules (Volume I), while framing budget estimates, the authorities should exercise utmost foresight. Rules of good governance demand that budget processes are carried out in accordance with clearly defined expectations and assumptions and a coordinated calendar of activity.

As shown in the chart below, bifurcating total allocation into current, development and charge expenditure, it was observed that, in case of development grant, there was 42.75% of saving w.r.t original grant which was finally reduced to 0.54% w.r.t final grant and in case of current grant 32.61% excess was finally reduced to 0.09% saving.

16.3 Classified Summary of Audit Observations

Audit observations, amounting to Rs. 170.13 million, were raised in this report during the current audit of **Ministry of Industries and Production**. Summary of the audit observations classified by nature is as under:

(Rupees in million)

S. No	Classification	Amount
1	Non-production of record

16.5 AUDIT PARAS

Engineering Development Board (EDB) Islamabad

16.5.1 Unauthorized payment of Pay & Allowances to the CEO, EDB without obtaining approval of extension from the Prime Minister - Rs. 9.560 million

Para 04 of the Establishment Division's O.M No. 1/3/2020-E-6 dated 22.06.2020 states that the appointment in MP Scale shall initially be for a period of three (03) years which will be extended to two (02) years on annual basis subject to satisfactory performance evaluation of the incumbent by the Performance Evaluation Committee provided in Schedule -II.

Para-5 of ibid further states that annual extension in the contract will also be given by the Prime Minister on the recommendations of Performance Evaluation Committee.

Mr. Raza Abbas Shah was appointed as Chief Executive Officer, EDB, (MP-I Scale) vide Establishment Division's Notification No.1/70/2019-E-6 dated 17.12.2019 for a period of two years. The officer assumed the charge of the post w.e.f. 19.12.2019. The two years' tenure of the officer expired on 18.12.2021. Ministry of Industries and Production vide letter No. F1(1)/2014-LED-4 dated 21.04.2022 allowed Mr. Raza Abbas Shah to continue working as CEO, EDB and draw salary till appointment of a regular CEO. The management of EDB made a payment of Pay & Allowances amounting to Rs. 9,560,213 to the officer.

Later on, the officer was also appointed as regular CEO, EDB vide Establishment Division's Notification No.1/70/2019-E-6 dated 26.01.2023 and he assumed the charge of the post on 27.01.2023 for a further period of two years.

Audit observed that the Ministry of Industries & Production did not obtain approval of the Prime Minister for extension of period of the CEO, EDB in MP-I Scale w.e.f. 19.12.2021 to 26.01.2023 after completion of all codal formalities as required under Management Position Scale Policy, 2020 issued by the Establishment Division. Therefore, the payment of Pay & Allowances of Rs. 9.560 million made to the said officer was unauthorized.

Audit is of the view that the approval of extension granted by the Ministry of Industries and Production in violation of Policy of the Establishment Division is irregular.

The management replied that Mr. Raza Abbas Shah, CEO, EDB was appointed in MP-I Scales vide Establishment Division's Notification dated 17.12.2019 for a period of two years, he joined EDB on 19.12.2019 and he completed his tenure on 18.12.2021. The agenda for extension in the contract of the CEO, EDB with performance rendered during the contract period, was taken up with the Board of Management in its 50th meeting held on 17.12.2021. The Rules of Business of EDB delegate all the administrative and financial power to the Chairman to run the affairs of the Board within the budgetary allocation approved by the government. The Chairman in consideration of his performance and to ensure continuity in framing/implementing policies recommended an extension in the contract period of the CEO subject to approval of the government. EDB took up the case of extension in the contract period case accompanied by the performance of the CEO with the Ministry. Ministry vide letter No.F.No.1(1)/2014-LED-IV dated 21.04.2021 provided that Mr. Raza Abbas Shah be allowed to continue working as CEO, EDB and draw salary till the appointment of a regular CEO. Pay and Allowances were released consequent to the extension order by the Ministry/Government.

The reply is not cogent because the extension was granted without the approval of the Prime Minister who is the competent authority for MP Scales.

Audit recommends holding of inquiry to fix the responsibility for the lapse besides getting ex-post approval of the Prime Minister for extension in period of the CEO, EDB.

16.5.2 Unauthorized payment of insurance premium to M/s EFU Life Assurance Ltd. - Rs. 5.541 million

As per Rule-17 of EDB Employees Contribution Provident Fund Modified Rules, 2010 a withdrawal of any amount by employees shall not be allowed by the Trustee, except on special

grounds in the following circumstances, or a similar nature: “To pay premium on policies of insurance on the life of the subscriber or his wife, provided that policy is assigned to the Trustee of the fund and deposited with them.”

The management of Engineering Development Board (EDB), Islamabad paid Rs. 5,541,112 to M/s EFU Life Assurance Ltd. on account of insurance premium of 24 employees and its renewal as under:

				(Rupees)
S. No.	Particular of Payment	Invoice No & Date	Cheque No.& date	Amount
1	Payment of Insurance Premium	No. NIL dated 24.09.2020	76819365 dt.29.09.2020	2,770,556
2	Premium Renewal	No. NIL dated 27.07.2021	19493636 dt. 20.09.2021	2,770,556
Total Rs.				5,541,112

In addition to the above payments, these 24 employees were also provided insurance coverage by the Federal Employees Benevolent and Group Insurance Fund and their monthly group insurance contribution was being sent to Federal Employees Benevolent and Group Insurance Fund regularly.

Audit observed as under:

- i. The EFU Life Assurance Policies of employees were neither assigned to the Board of Trustees nor it was their obligation to pay insurance premium of 24 employees amounting to Rs.5.541 million to EFU Life Assurance Ltd. out of EDB Employees Provident Fund.
- ii. The selection of M/s EFU Life Assurance Ltd. was made without obtaining open competition as required under Public Procurement Rules, 2004.
- iii. The payment was made to EFU Life Assurance Ltd. without any written agreement containing terms and conditions.

Audit is of the view that payment of insurance premium in violation of above said rules is unauthorized.

The management replied that the insurance policies were assigned to the Fund. The Board of Trustees made all the payments of premium since 2013 on the request of the employees complying to the Rules 17.5 and 18.4 of the EDB Employees Contributory Provident Fund Modified Rules, 2010. In 2013, the Board of Trustees and employees of the organization took presentations from M/s State Life Insurance Corporation and EFU Life Assurance Limited. M/s EFU Life Assurance Limited quoted a better policy and was selected after completing all the codal

formalities and to the satisfaction of the employees of the organization. The original policies in which all the terms and conditions are mentioned are in the safe custody of the Secretary, Board of Trustees, Contributory Provident Fund. Moreover, all the codal formalities was completed in 2013. EDB Employees Contributory Provident Fund is a recognized Provident Fund of the organization managed by the Board of Trustees duly approved by the Income Tax Commissioner. The Fund was established back in 1980 and since then it has continued in compliance with the provisions of the Trust Deed.

The reply is not convincing. Nothing was explained about registration of the said employees with Federal Government Employees Benevolent and Group Insurance Fund for insurance coverage. The employees were extended double benefit.

Audit recommends holding of inquiry to fix responsibility besides regularization of expenditure from the Board.

National Productivity Organization (NPO)

16.5.3 Irregular printing of books from M/s PASTIC - Rs. 9.031 million

Financial Management and Powers of Principal Accounting Officer Regulations, 2021 states that printing at a press other than a Press of the Printing Corporation of Pakistan should be undertaken only if the Principal Accounting Officer is satisfied that it is in public interest to do so and record a certificate to that effect.

Rule 12(1) of Public Procurement Rules, 2004 states that procurement over five hundred thousand Pakistani rupee and up to the limit of three million Pak rupees shall be advertised on the authority's web site in the manner and format specified by the authority from time to time. These procurement opportunities may also be advertised in print media, if deemed necessary by the procuring agency.

The management of National Productivity Organization (NPO), Islamabad called three quotations for printing of 100,000 booklets and the work amounting to Rs. 9,031,315 was awarded to M/s PASTIC.

Audit observed that:

- i. That printing from a press other than Printing Corporation of Pakistan was carried out in violation of FMP Regulations, 2021 and without observing Public Procurement Rules, 2004.

- ii. No certificate from the PAO regarding printing of booklets from a press other than PCP was obtained.

Audit is of the view that expenditure on printing of booklets from M/s PASTIC is irregular.

The management replied that NPO followed PPRA Rule 42(C)(VI) which allowed a procuring agency may utilize the alternative methods of procurement of goods, services and works through direct contracting method. Procuring agency shall only engage in direct contracting if the following conditions exist “when the price of goods, services or works is fixed by the government or any other authority, agency or body duly authorized by the Government, on its behalf. As the M/s PASTIC, Ministry of Science & Technology is a department of Federal Government. M/s PASTIC has been assigned role by Government of Pakistan for information, dissemination of related documents and therefore, department assigned the task to M/s PASTIC.

The reply of the department was not acceptable as printing of booklets was carried out in violation of FMP Regulations, 2021 and without observing Public Procurement Rules, 2004.

Audit recommends that the irregular practice be discontinued and irregularity be got condoned from the competent authority.

CHAPTER 17

INFORMATION TECHNOLOGY AND TELECOMMUNICATION DIVISION

17.1.1 Introduction

As per Schedule II [Rule 3 (3)] Distribution of Business among the Divisions read with Schedule III [rule 4(4)] Rules of Business 1973 (As amended up to 23rd April, 2019) following main businesses have been assigned to the Division amongst the other functions.

Preparation of an overall integrated plan as well as formulation of policy for the development and improvement of Information Technology & Telecommunications Division, including related infrastructure, in Pakistan.

- i. Co-ordination with the Provincial Governments, autonomous bodies, private sector, international organizations and foreign countries in respect of information technology and telecommunications.
- ii. Human resource development in the field of information technology and telecommunications.
- iii. Promotion of information technology applications.
- iv. Providing guidelines for the standardization of software for use within the Government.
- v. Planning, policy making and legislation covering all aspects of telecommunications excluding radio and television and issuance of policy directives.
- vi. Matters relating to Pakistan Computer Bureau, Pakistan Software Export Board and the Electronic Government Directorate.
- vii. All matters relating to National Telecommunication Corporation (NTC), Telecommunications Foundation (TF), Special Communications Organization (SCO), Virtual University (V.U) and Electronic Certification Accreditation Council.
- viii. The administration of the Prevention of Electronic Crimes Ordinance 2007, and the rules made there under.
- ix. Safeguard interest of Government of Pakistan in entities having public shares or government equity like PTCL, USF Co & ICT R&D Co.
- x. Federal Government functions in regard to Pakistan Telecommunication Authority (PTA) and Frequency Allocation Board (FAB).

ATTACHED DEPARTMENTS/ AUTONOMOUS BODIES

- i. National Information Technology Board
- ii. COMSATS (Inter-Islamic Network for Information Technology)
- iii. Virtual University

Sr. No.	Description	Total No.	Audited	Expenditure Audited (FY 2022-23) Rs. in million	Revenue/Receipt Audited (FY 2022-23) Rs. in million

17.2 Comments on Budget & Accounts (Variance Analysis)

Final budget allocated to the Information Technology and Telecommunication Division for the financial year 2022-23 was Rs.13,516.64 million, out of which the Division expended an amount of Rs. 16,236.89 million. Grant-wise detail of current and development expenditure is as under:

(Rs. In million)

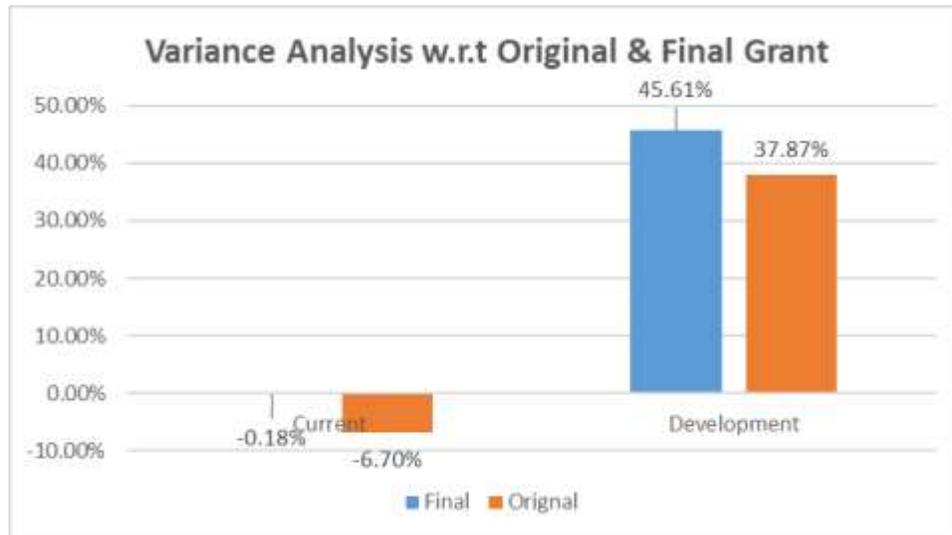

Grant No	Type of Grant	Original Grant	Suppl Grant	Surrender (-)	Final Grant	Actual Expenditure	Excess/ (Saving)	% age Excess/ (Saving)
56	Current	8,047.87	.00	-525.71	7,522.16	7,508.51	-13.65	-0.18%
111	Development	6,330.70	.00	-336.22	5,994.48	8,728.37	2,733.89	45.61%
Total		14,378.57	.00	-861.92	13,516.64	16,236.89	2,720.24	20.13%

Audit noted that there was an overall excess of Rs.2,720.24 million due to excess in Developments grant.

Supplementary Grants obtained without careful cash forecasting

According to Para 71 of General Financial Rules (Volume I), while framing budget estimates, the authorities should exercise utmost foresight. Rules of good governance demand that budget processes are carried out in accordance with clearly defined expectations and assumptions and a coordinated calendar of activity.

As shown in the chart below, bifurcating total allocation into current and development expenditure, it was observed that, in case of development grant, there was 37.87% of excess w.r.t original grant which was finally increased up to 45.61% excess w.r.t final grant and in case of current grant 6.70% saving was finally reduced to 0.18%.

17.3 Classified Summary of Audit Observations

Audit observations, amounting to Rs. 1,057.501 million, were raised in this report during the current audit of **Information Technology And Telecommunication Division**. Summary of the audit observations classified by nature is as under:

(Rupees in million)

17.5 AUDIT PARAS

National Information Technology Board (NITB)

17.5.1 Loss due to non-supply of IT items - Rs. 28.15 million

Rule 23 of GFR (Volume-I) states that every Government officer should realize fully and clearly that he will be held personally responsible for any loss sustained by Government through fraud or negligence on his part and that he will also be held personally responsible for any loss arising from fraud or negligence on the part of any other Government officer to the extent to which it may be shown that he contributed to the loss by his own action or negligence.

Rule 38B of Public Procurement Rules, 2004 states that the procuring agency shall consider a single bid in goods, works and services if it has financial conformance in terms of rate reasonability.

A Development Project (PSDP) titled “Smart Office” was approved by Departmental Development Working Party (DDWP) on 16.09.2020 under the administrative control of Ministry of Information Technology for a period of 36 months with the total original cost of Rs. 572.80 million. The implementation period of the project was 30 months.

The management of the project floated a tender for Enterprises Level Communication & Collaboration Unified Platform & E-Office Mobile Applications. Three bids were received. The Technical Committee in its meeting held on 10.11.2020 opened the technical bids and rejected two bidders on technical basis and only one vendor M/s TelcoNet Services (Pvt) Ltd was qualified for financial bid. The financial bid was opened on 29.02.2021. M/s TelcoNet Services (Pvt) Ltd was the only bidder in the financial bid.

Later on, the Ministry of Information Technology & Telecommunication took following decisions in its meeting held on 20.07.2022.

- The contract/Agreement with existing vendor M/s TelcoNet Services will be terminated as per terms and conditions of agreement, in consultation with Legal Wing of MOIT, NITB will take vendor on board to avoid any litigation or hindrance in the project.

- The procurement of software will be re-tendered in which technical and financial terms will be updated in view of best interest of NITB and avoid OEM related issues in future. The RFP shall be prepared in due consultation with Member-IT in line with the recommendation of the Planning Division.
- PMU shall be restored to complete the project activities by March, 2023 in compliance with Planning Division decision.

In the light of instructions received from Ministry of Information Technology & Communication, the NITB took following decision in its meeting with Project Director (TelcoNet Services Pvt Ltd) held on 03.09.2022 under the chairmanship of DG (PMO):

- Amount of Rs. 28.15 million already paid to the vendor shall be returned by the vendor.
- The vendor shall hand over the already developed Lot-II (Development of e-Office Mobile Version immediately).
- NITB shall clear the Lot-II payment of Rs. 15.75 million as per the signed agreement.
- The vendor shall adjust the Lot-II payments in the already paid amount of Rs. 28.15 million.

Audit observed as under:

- i. The management purchased items without financial conformance in terms of rate reasonability.
- ii. The tender for purchase of above items was floated without proper planning & PC-1 was submitted to Ministry of Planning Development & Special Initiatives without proper consultation with IT experts.
- iii. The management failed to recover overpayment of Rs. 28.15 million from M/s TelcoNet Services Pvt Ltd as decided in the meeting held on 03.09.2022.
- iv. The management failed to receive Lot-II (Development of e-Office Mobile Version) costing Rs. 15.75 million as decided in the meeting held on 03.09.2022.
- v. Financial bid of Development of e-Office Mobile APP (Lot-II) shows Rs. 14.999 million whereas at the time of agreement the management had agreed to pay Rs. 15.749 million.
- vi. Project activities were required to be completed by March, 2023, however, after lapse of considerable time the status of completion of project is unknown and no record has been presented to Audit regarding its current status.

Audit is of the view that management of NITB failed to properly plan and execute the project. Further, the management of Smart Office did not recover the overpayment of Rs. 28.15 million from vendor till date.

The management replied that within one month the recovery procedure will be initiated. Moreover, the vendor's Bank Guarantee of Rs. 30.2 million is in the custody of NITB.

The reply is not acceptable as the management failed to properly plan and execute the project. Further, overpayment of Rs. 28.15 million has not so far been recovered.

Audit recommends recovery of overpayment of Rs. 28.15 million after the adjustments (if any) from M/s TelcoNet Services Pvt Ltd.

17.5.2 Irregular procurement of IT Equipment without establishing fair competition - Rs. 44.658 million

Rule 38B of PPRA Rules, 2004 "Single responsive bid in goods, work and services" states that:

- The procuring agency shall consider single bid in goods, works and services if it:
 - (b) is not in conflict with any provision of the Ordinance.
 - (c) conforms to the technical specifications.
 - (d) has financial conformance in terms of rate reasonability.

The management of National Information Technology Board, Islamabad (NITB) incurred an expenditure of Rs. 44.658 million for Purchase of Software & Repair of Software during financial years 2021-23. Detail is given below:

Sr#	Cost Centre	Head of Account	Amount (Rs)	Vender	Financial Year
1	IB-3251	A09202-Software	17,614,707	D-Tech & Consultancy (pvt) Ltd	2022-23
2	IB-3251	A09202-Software	14,094,864	GlowBug Technologies Pvt	2022-23
3	IB-3251	A09202-Software	6,998,355	IGATE Solution	
4		A13702-Repair of Software	5,950,517	GBM Pakistan Ltd	2021-22

Audit observed as under:

- i. The management approved single bids at the time of evaluation and made purchases at single quoted prices without financial conformance in terms of rate reasonability.
- ii. The management did not establish fair competition for procurement and deprived the government of the benefits of fair competition.

Audit is of the view that expenditure incurred without financial conformance in terms of rate reasonability is irregular.

The management replied that it is mandate of NITB to provide assistance on governance to all Federal Government Ministries/Divisions/Departments etc. For provision of uninterrupted assistance, the NITB needs to procure software for which process was initiated and in instant case where single bidder was involved, the price reasonability has been checked from previous order issued to this firm of the same items and found reasonable.

The reply was not accepted as procurement was made in violation of Public Procurement Rules, 2004.

Audit recommends that irregularity may be got regularized from competent forum.

17.5.3 Irregular renewal of contract period without advertisement of posts - Rs. 222.115 million

The standard terms and conditions of contract employment issued by the Establishment Division vide O.M.No.10/52/95.2 dated 18.07.1996 as amended from time-to-time state that the period of contract should not exceed two years and the post should be advertised.

The management of National Information Technology Board (NITB), Islamabad made an agreement with M/s ALM Outsourcing Services Pvt Ltd on 16.01.2020 for hiring services of different IT professionals for a period of two years to develop customize, re-utilize existing code using contemporary software development platforms, tools, frameworks, languages and process application/services, mobile application and desktop application. The contract period was extended up to 30.06.2024. The amount of Rs. 222.115 million was paid to M/s ALM Outsourcing Services Pvt Ltd during the financial years 2021-22 and 2022-2023.

Audit observed that:

- i. The agreement was extended for a period of further two years w.e.f. 23.01.2022 to avoid the advertisement of the posts.
- ii. The services of professionals were hired without provision of posts in New Item Statement (NIS).
- iii. The professionals hired in different positions did not meet the minimum qualification and experience fixed for the positions.
- iv. The task completion reports of professionals were not available on record.

Audit is of the view that the contract was extended for more than two years to avoid the advertisement of the posts in the press is irregular.

The management replied that the contract was extended as a stopgap arrangement till the finalization of Employees’ Service/Recruitment Rules under Sections 19, 20(2)(c) of the recent enactment of the National Information Technology Board Act, 2022 and under Rule 3(2) of Civil Servant (Appointment Promotion and Transfer) Rules 1973. The said task is awarded to M/s ALM Outsourcing (Pvt.) Ltd. after completion of all PPRA processes.

The reply is not cogent because contract cannot be extended beyond two years.

Audit recommends irregularity may be condoned by the Competent Authority.

Virtual University of Pakistan, Lahore

17.5.4 Non-transparent procurement of desktop computers & laptops – Rs.252.746million

Para 4 of PPRA Rules, 2004 states that “procuring agencies, while engaging in procurements, shall ensure that the procurements are conducted in a fair and transparent manner, the object of procurement brings value for money to the agency and the procurement process is efficient and economical”.

Para 2(c) (x to xii) of annexure 4 to a summary for the Economic Coordination Committee of the Cabinet No NG (11)-12 (64)/14-LNG- Interim –Pt dated 25th Feb-2014 states that the Secretary Law emphasized that in a case where there is a single bidder the same should be more calculative, vigilant and diligent as there are more chances of higher and non-competitive price. It is therefore imperative that the quote by the single bidder needs to be examined rationally keeping in view the precedents, market conditions, international best practices and interest of the people.

Management of Virtual University of Pakistan, Lahore floated a tender No.VU-22-23/04/683 as “Single Stage Two Envelope Bidding Procedure” for the procurement of Desktop Computers, Computer Workstations & Laptops in which two bidders participated as per following details:-

Item No.	Description	Quantity	M/S Bahria Enterprises Systems & Technologies	M/S ASMD
1a	All-in-One (AIO) Computer Systems	110	Technically non-Compliant	Did not quote
1b	All-in-One (AIO) Computer Systems	300	Technically non-Compliant	Did not quote
2	Desktop Computer Systems without LED's	250	Technically non-Compliant	Technically non-Compliant
3	Workstation Computers	4	Technically non-Compliant	Did not quote

4	Laptops	8	Technically Compliant	Did not quote
---	---------	---	-----------------------	---------------

Audit observed that:-

- i. Non-quoting of any technical specification by M/s ASMD indicates that there was collusion between M/S ASMD & M/S Bahria Enterprises Systems & Technologies.
- ii. The financial proposal of M/S ASMD was returned unopened.
- iii. The Technical evaluation committee relaxed the technical specifications for items 1 to 3 above in favor of M/S Bahria Enterprises Systems & Technologies after opening of bid.
- iv. The proposal of sole financial bidder M/S Bahria Enterprises Systems & Technologies was accepted despite being technically non-compliant at following rates:-

Item No.	Description	Quantity	Rate Per Unit (Incl of Taxes) Rs.	Total Amount/ Rate (Rs)
1a	All-in-One (AIO) Computer Systems	110	368,277	40,510,470
1b	All-in-One (AIO) Computer Systems	300	417,753	125,325,900
2	Desktop Computer Systems without LED's	250	310,406	77,601,500
3	Workstation Computers	4	1,524,938	6,099,752
4	Laptops	8	400,995	3,207,960
Total Amount				252,745,582

- v. Hence tender for an amount of Rs.252,745,582/- was awarded to technically non-compliant and sole financial bidder instead of re-bidding.

Audit is of the view that:

- i. The technical evaluation committee relaxed the technical specifications for items 1 to 3 contained in tender documents after opening bid.
- ii. Undue favor was granted to M/s Bahria Enterprise Systems & Technologies by awarding contract despite it being a technically non-compliant bidder.
- iii. Tender was awarded in violation of instructions of Economic Coordination Committee of the Federal Cabinet.

The reply was not furnished by the department.

Audit recommends investigating the matter for fixing responsibility.

17.5.5 Non-recovery of dues from students - Rs.200.160 million

Para 26 of General Financial Rules Vol-I states that it is the duty of the departmental Controlling officers to see that all sums due to the Government are regularly and promptly assessed, realized and duly credited in the Public Account.

Management of Virtual University of Pakistan, Lahore failed to recover dues from students amounting Rs.200.160 million during financial years 2021-22 & 2022-23.

Audit observed while scrutinizing the fee record that heavy amounts of fees were outstanding against students.

Audit is of the view that action of the management showed weak controls regarding collection of Campus dues from the students.

The reply was not furnished by the department.

Audit recommends that the dues may be recovered from the students at the earliest and deposited into government treasury under intimation to audit.

17.5.6 Non-deduction of tax from the private campus owners (PVCs) on account of payment of share - Rs.160.999 million

Para 2 of Revenue Division DO No. 1(1)/CH/FBR/19 dated 28-8-2019 states that “Federal Government, any development authority, other body corporate or institution established under a federal law, a corporation, company or a regulatory authority set up, owned and controlled either directly or indirectly by the Federal Government is required to withhold tax inter alia on payments on account of contracts executed”.

Management of Virtual University of Pakistan, Lahore entered into service provider contract for establishment of virtual campuses and made payment of the share to the concerned campus owners. The detail of payments made to the PVCs and tax recoverable is given as under:

S.N	Financial Year	Head of Accounts					Tax amount (Rs.) @ 7.5%
		PVC Tuition Fee Share	PVC Exam Share	PVC Prospectus Share	Total Payment		
1	2021-22	880,138,963	62,667,725	5,759,100	948,565,788	71,142,434	
2	2022-23	1,077,847,279	105,588,525	14,708,400	1,198,084,204	89,856,315	
	Total					160,998,749	

Audit observed that the University did not withhold income tax @ 7.5% amounting to Rs.160.999 million on the shares paid to the service providers for the period 2021-22 & 2022-23.

Audit is of the view that non-deduction of tax amounting Rs.160.999 million from the vendors deprived the Government of its due revenue.

The reply was not furnished by the department.

Audit recommends affecting the recovery of income tax after proper investigation besides fixing the responsibility.

17.5.7 Non-recovery of outstanding dues - Rs.119.408 million

Rule 26 of GFR Vol-I states that it is the duty of the departmental Controlling officers to see that all sums due to Government are regularly and promptly assessed, realized and duly credited in the Public Account.

Management of Virtual University of Pakistan, Lahore entered into service agreements with the various organizations during the financial year 2021-22& 2022-23. The amount of Rs.119.408 million was outstanding against the following organizations. The detail is given as under:

Sr. No	Name of Organization	Outstanding Amount	(Rupees)
1.	Federal Investigation Agency (FIA), Islamabad	26,100,000	
2.	Institute of Chartered Accountants of Pakistan (ICAP)	18,811,278	
3.	National Institute of Technology Board (NITB)	1,150,299	
4.	Digi Skills Training Program 2.0 (IGNITE)	37,412,848	
5.	Digi Skills Training & Support Program for Southern Baluchistan (Phase-1)	35,933,236	
	Total	119,407,661	

Audit observed that:

- i. The concerned agency/organization did not clear the outstanding dues by the target dates.
- ii. The management did not take effective steps for recovery of outstanding dues.
- iii. The reasons for non-payment by the agency / organization concerned were also not clarified in the audit.

Audit is of the view that the Government sustained a loss of Rs.119.408 million due to non-recovery of outstanding dues.

The reply was not furnished by the department.

Audit recommends investigating the matter for fixing responsibility and to make concrete efforts for early recovery of the outstanding dues.

17.5.8 Mis-procurement of janitorial services – Rs.29.265 million.

The technical evaluation criteria for janitorial services tender documents clause 1 states that “minimum (ten) 10 years of operational experience is required (& company less than 10 years of operational experience will not be considered)

The technical evaluation criteria for janitorial services tender documents clause 2 states that “A bidder not meeting the 70% pass marks limit will be rejected in Technical Evaluation.”

Management of Virtual University of Pakistan, Lahore floated a tender No. VU/22-23/08/622 as “Single Stage Two Envelope Bidding Procedure” for hiring of Janitorial Services. The following bidders participated:-

Sl.	Name of Bidder	Total	Marks
1	M/s Advanced Management & Maintenance Services Pvt Ltd	100	68
2	M/s One Source Maintenance Pvt Ltd	100	93
3	M/s Ali Brothers Pvt Ltd	100	77
4	M/s Adan Kiani Enterprises Pvt Ltd	100	78
5	M/s HRSG Pvt Ltd	100	55
6	M/s Outsiders Pvt Ltd	100	93

Audit observed that:

- i. M/s Advanced Management & Maintenance Services Pvt. Ltd and M/s HRSG Pvt. Ltd failed to secure 70% marks to secure the contract.
- i. As per the comparative statement (technical) it was revealed that M/s Adan Kiani Enterprises Pvt. Ltd was established in 2016 (only six years old at the time of awarding of contract), hence did not qualify for the competition.
- ii. However, M/s Adan Kiani Enterprises was awarded contract for Janitorial Services by the management of VU.
- iii. An expenditure of Rs.29,265,377/- has been incurred up till 30.06.2023.

Audit is of the view that the management granted undue favor to the vendor by violating the clause of its tender documents which tantamount to mis-procurement.

The reply was not furnished by the department.

Audit recommends investigating the matter for fixing responsibility.

CHAPTER 18

INFORMATION AND BROADCASTING DIVISION

18.1 Introduction

As per Schedule II [Rule 3 (3)] Distribution of Business among the Divisions read with Schedule III [rule 4(4)] Rules of Business 1973 (As amended up to 23rd April, 2019) following main business have been assigned to the Division amongst the other functions.

1. Policy relating to internal publicity on national matters including the administration of the provisions of the Post Office, Act, 1898, and section 5 (1) (b) of the Telegraph Act, 1885, in so far as they relate to the Press.

6. (i) Policy regarding government advertisement; control of advertisement and placement; (ii) Audit of circulation of newspapers.
7. Administration of the Newsprint Control Ordinance, 1971.
8. National Anthem
9. Liaison and coordination with agencies and media on matters concerning Government policies and activities.
10. Administration of the Information Group.
11. External Publicity.
12. Pakistan National Centers.
13. (i) Administration of-
 - a. Pakistan Broadcasting Corporation Act, 1973.
 - b. Associated Press of Pakistan (Taking Over) Ordinance, 1961; and
 - c. Pakistan Electronic Media Regulatory Authority.(ii) Matters relating to-
 - a. The Pakistan Television Corporation; and
 - b. Omitted vide SRO NO.48(1)/2016 dated 26.01.2016.
 - c. Shalimar Recording and Broadcasting Company.
14. Training facilities for Radio and Television personnel.
15. Special Selection Board for selection of Press Officers for posting in Pakistan Missions abroad.
16. Establishment of tourists centers abroad.

17. Administration of the Newspapers Employees (Conditions of Service) Act, 1973.
18. (i) National Institute of Folk and Traditional Heritage of Pakistan (Lok Virsa).
(ii) Pakistan National Council of Arts.
19. Cultural pacts and protocols with other countries.

ATTACHED DEPARTMENTS/ AUTONOMOUS BODIES

1. Press Information Department.
2. Directorate of Electronic Media and Publication.
3. Implementation Tribunal for Newspaper employees.
4. Central Board of Films Censor, Islamabad.
5. Federal Land Commission
6. Pakistan Electronic Media Regulatory Authority
7. Audit Bureau of Circulation

Sr. No.	Description	Total No.	Audited	Expenditure Audited (FY 2022-23) Rs. in million	Revenue/Receipt Audited (FY 2022-23) Rs. in million
1	Formations	68	4	9,654.422	-
2	Assignment Accounts (Excluding FAP)	-	-	-	-
3	Authorities / Autonomous Bodies etc. under the PAO	-	-	-	-
4	Foreign Aided Project (FAP)	-	-	-	-

18.2 Comments on Budget & Accounts (Variance Analysis)

The final budget allocated to the Information & Broadcasting Division for the financial year 2022-23 was Rs. 14,835.36 million, out of which the Division expended an amount of Rs. 14,968.26 million. Grant-wise detail of current and development expenditure is as under:

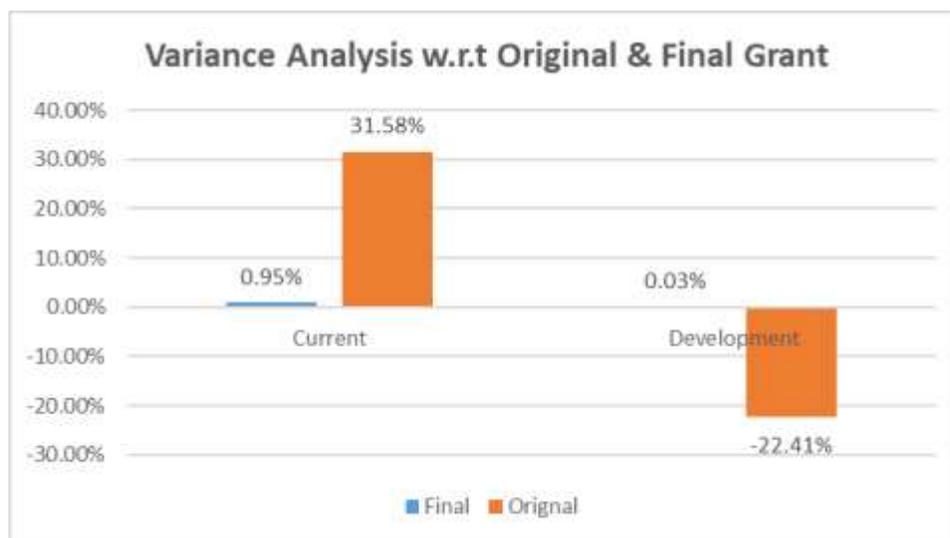

(Rs. In million)									
Grant No	Type of Grant	Heads	Original Grant	Suppl Grant	Surrender (-)	Final Grant	Actual Expenditure	Excess/ (Saving)	% age Excess/ (Saving)
54	Current	Main	2,822.33	3,438.40	-19.75	6,240.98	6,399.44	158.46	2.48%
55	Current	Misc	6,674.00	881.60	-49.48	7,506.13	7,480.20	-25.93	-0.35%
	Current Total		9,496.34	4,320.00	-69.23	13,747.11	13,879.64	132.53	0.95%
110	Development	Dev	1,332.57	.00	-244.32	1,088.25	1,088.62	.37	0.03%
	Total		10,828.91	4,320.00	-313.55	14,835.36	14,968.26	132.90	0.89%

Audit noted that there was an overall excess of Rs.132.9 million due to excess in current grants.

Supplementary Grants obtained without careful cash forecasting

According to Para 71 of General Financial Rules (Volume I), while framing budget estimates, the authorities should exercise utmost foresight. Rules of good governance demand that budget processes are carried out in accordance with clearly defined expectations and assumptions and a coordinated calendar of activity.

As shown in the chart below, bifurcating total allocation into current, development and charge expenditure, it was observed that, in case of development grant, there was 22.41% of saving w.r.t original grant which finally became 0.03% excess w.r.t final grant and in case of current grant 31.58% excess was finally reduced to 0.95% excess.

18.3 Classified Summary of Audit Observations

Audit observations, amounting to Rs. 5,733.77 million, were raised in this report during the current audit of **Information And Broadcasting Division**. Summary of the audit observations classified by nature is as under:

(Rupees in million)

18.5 AUDIT PARAS

Press Information Department, Islamabad

18.5.1 Use of Supplementary Grant within Press Information Department (PID), Islamabad-Rs. 1,790.045 million

Para 13 (viii) (c) of the New System of Financial Control and Budgeting, 2006 states that the funds obtained through Supplementary Grants shall be expended for the purposes for which these have been sanctioned. In Current Expenditure, demands for Supplementary Grants/Technical Supplementary Grants shall not be made, except in extraordinary circumstances for which full justifications shall have to be furnished to the Financial Adviser/Finance Division with reason as to why the additional expenditure could not be foreseen at the time of submission of proposals for budget provision.

The Economic Coordination Committee (ECC) of the Cabinet considered the summary dated 21st November 2022, submitted by the Ministry of Information & Broadcasting regarding “Allocation of Budget to Launch Comprehensive Media Awareness Campaign on Government’s Flood related initiatives, Programs and Projects and Rs. 50.000 head of account A03919 Payment to other for services rendered” and approved allocation of funds to the tune of Rs. 2.00 billion in favor of the Ministry of Information & Broadcasting through Supplementary Grant for Current Financial year 2022-23.

Press Information Department (PID) received a Supplementary Grant of Rs. 1,950,000,000 under Head of account A03907-Advertising & Publicity for campaign on government's flood related initiatives.

Audit observed that out of Rs. 1950.000 million only Rs. 159.955 million was utilized for the intended media campaign and the remaining amount of Rs. 1790.045 million was spent on unspecified expenditures in violation of the ECC and Cabinet decision.

Audit is of the view that use of the Supplementary Grant indicates significant irregularities as Rs. 1,790.045 million was diverted from the intended media campaign, constituting a breach of financial regulations.

Management did not reply till finalization of report.

Audit recommends that responsibility may be fixed for the irregularity.

Pakistan Electronic Media Regulatory Authority

18.5.2 Loss due to delay in the grant of various licenses to provisionally successful bidders - Rs. 1,393.575 million

Section 22 of PEMRA Amendment Act, 2007 states that the Authority shall take a decision on the application for a license within one hundred days from the receipt of the application.

Rule 09(5) of the Pakistan Electronic Media Regulatory Authority Rules, 2009 states that the Authority shall, within one hundred days from the date of its receipt, take decision on the application for grant of a license subject to clearance from the Ministry of Interior.

Item No. 5 of the Minutes of the 155th Authority Meeting held on 28.02.2020, the Authority, unanimously, decided that the following should be added as a provision to Rule 9(5) of PEMRA Rules, 2009:

- a) Provided that if the security clearance from the Ministry of Interior is not received within sixty days from the receipt of the application by the Ministry, final thirty days shall be provided to the Ministry of Interior to decide the pending application.
- b) Provided further that in the event, no final response is received within the extended thirty days, the application may be presented before the Authority for decision which shall in compliance to Section 22 of the PEMRA Ordinance, 2002 decide the application for grant of license accordingly.

The management of PEMRA awarded Provisional Licenses to 17 successful bidders (15 licenses to provisionally successful bidders on 03.05.2019 and 02 licenses to provisionally successful bidders on 11.10.2018) amounting to Rs 1,639,500,000 and 15% earnest money of the total bid price amounting to Rs. 245,925,000 was retained by PEMRA from these 17 successful bidders.

Audit observed that:

- i. Those 17 selected bidders were not granted licenses despite lapse of more than 44 months (three years and eight months) in violation of Section 22 of the PEMRA Ordinance, 2002 as amended by PEMRA Amendment Act 2007, Rule 09(5) of the PEMRA Rules, 2009 and Item No. 5 of the Minutes of the 155 Authority Meeting held on 28.02.2020.
- ii. The public exchequer was deprived of the remaining 85% of Applicable License Fee (ALF) revenue amounting to Rs 1,393,575,000 due to non-clearance of security from Ministry of Interior.

Audit is of the view that non-grant of licenses caused loss to the public exchequer and was a serious lapse on the part of Ministry of Interior as grant of license could not be pending for indefinite period of time.

The management did not reply till finalization of the Report.

Audit recommends that responsibility may be fixed for non-granting of licenses as per PEMRA Ordinance, Rules and Minutes of the Authority meeting.

18.5.3 Non-recovery of outstanding dues from M/s Shahzad Sky Pvt Ltd - Rs. 2,469.298 million

Clause 7 of the Terms and Conditions for the Direct-To-Home (DTH) license provides fee structure payable by the licensee. As per this clause, the licensee shall pay a fixed annual fee of Rs 10 million to the Authority. A late payment fee @ 5% per month, up to a maximum of 15%, for the late payment of annual fee shall be payable.

Clause 7.1 of the Terms and Conditions for the Direct-To-Home (DTH) license states that the licensee shall deposit with the Authority a bank guarantee equal to 10% of the Applicable License Fee as a performance guarantee from any bank of AA+ (Long Term Rating) and A+ (Short Term Rating), which shall remain with the Authority for the entire duration of this license.

Clause 2.3 of the Terms and Conditions for the Direct-To-Home (DTH) License states that the Licensee shall launch the DTH service within one year of grant of license.

The Authority issued DTH license to M/s Shahzad Sky Pvt (Ltd) Islamabad on 11.02.2019 with a bid price of Rs. 4,898 million. The remaining license fee was to be recovered from licensee @ Rs. 244.900 million on an annual basis in 10 equal installments.

The management of PEMRA, Islamabad was required to recover an amount of Rs. 2,469.298 million from M/s Shahzad Sky Pvt (Ltd) on account of annual installments, annual subscription, late payment surcharges up to 30.06.2023.

Audit observed as under:

- i. The remaining amount regarding installments, annual subscription and late payments charges amounting to Rs. 2,469.298 million up to 30.06.2023 has not been recovered.
- ii. Performance Bank Guarantee amounting to Rs. 489.800 million has not been deposited by licensee.
- iii. Advance tax amounting to Rs. 979.600 million has not been recovered by the management from licensee.
- iv. The licensee has not started its operation/services till September, 2023.

Audit is of the view that non-realization of outstanding dues from the licensee is a serious lapse on the part of PEMRA management which deprived the Authority/Government from its due receipts.

The management replied that audit has rightly observed about the relevant provisions of DTH license terms and conditions according to which the mentioned amount is leviable on the licensee. It is also a matter of fact that the project is first ever DTH to be launched in Pakistan requiring investment of billions of rupees for infrastructure, technology, human resources, establishment, maintenance and operationalization of the project. In line with the prevalent conditions and global scenarios, i.e. exchange rate difference, Covid-19, the PEMRA Authority had rightly extended one year to the licensee for launching of its operations. If the successful bidders remain unsuccessful to launch their licensed services for one or other reasons, then in light of the provisions of the law and approved process of the Authority, the other participant would be invited into the process subject to receipt of security clearance from Ministry of Interior. Whereas the matter of Advance Tax is subjudice in the Honorable Islamabad High Court.

The management has accepted the viewpoint of audit.

Audit recommends that matter may be investigated under intimation to audit.

18.5.4 Non-recovery of fines imposed by the PEMRA on various licensees - Rs. 24.350 million

Rule 5 of Pakistan Electronic Media Regulatory Authority Rules, 2009 states that the License shall be granted for a period of five, ten or fifteen years subject to payment of fee as set out in Schedule-B.

Rule 8(2) Pakistan Electronic Media Regulatory Authority, 2009 states that every licensee shall follow the specified timeline relating to the payment of any dues of the Authority.

Section 29(6) of Pakistan Electronic Media Regulatory Authority Ordinance, 2002 as amended by PEMRA Amendment Act 2007 states that the authority may, after the licensee has been given reasonable opportunity to show cause, impose fine up to one million rupees on a licensee who contravenes any of the provisions of this Ordinance or the rules or regulations made there under.

The Pakistan Electronic Media Regulatory Authority imposed fines amounting to Rs 24.350 million on various licensees during 2022-23.

Audit observed that the fine imposed had not been recovered from the licensees.

Audit is of the view that non-recovery of fines is a lapse on the part of the management which deprived the Government of its due receipts.

The management replied that out of the total amount of fine imposed, Rs. 1.9 million had already been recovered, case of Rs. 9.2 million is sub-judice and recovery of remaining amount of Rs. 13.25 million was actively pursued.

The management has accepted the audit observation.

Audit recommends that amount be recovered from concerned at the earliest.

18.5.5 Non-collection of outstanding license Fees - Rs. 51.762 million

Section 29-A of the Pakistan Electronic Media Regulatory Authority (Amendment) Act, 2007 states that all dues including outstanding license fee, annual renewal fee or any other charges including fine as imposed by the Authority shall be recoverable as arrears of land revenue.

The management of PEMRA issued licenses under various categories during the financial year 2022-23.

The audit observed that the management did not recover outstanding dues amounting to Rs. 51.762 million in violation of Section 29-A of the Pakistan Electronic Media Regulatory Authority (Amendment) Act, 2007, as per following details:

S. No.	Category	Amount (Rs.)
1	Cable TV	23,508,492
2	Satellite TV	20,200,000
3	FM Radio	4,131,500
4	Landing Rights	3,922,500
Total		51,762,492

Audit is of the view that non-recovery/collection of outstanding fees is lapse on the part of PEMRA which deprived the Government of its due receipts.

The management replied that PEMRA is actively perusing recovery of outstanding dues. The amount of Rs. 13.924 million has been recovered up to 31.08.2023. PEMRA is vigorously perusing the recovery and the remaining amount i.e. Rs. 37,838,992 will be recovered soon. It is an ongoing process.

The management has accepted the audit observation.

Audit recommends that outstanding dues may be recovered immediately.

Note: The issue was reported earlier also in the Audit Report for Audit Year 2022-23 vide para number 12.5.7 having financial impact of Rs. 46.747 million. Recurrence of same irregularity is a matter of serious concern.

18.5.6 Irregular expenditure on internet services - Rs. 4.738 million

As per Para-11 of Policy for Internet, Intranet, Websites and E-mail in Federal Government Organizations issued by Cabinet Division, "Following guidelines are provided on provision and use of Internet facilities to Government Organizations:

- a. The Internet connection should be taken from the National Telecommunications Corporation (NTC), where available.
- b. The regions in Pakistan where NTC has not established its infrastructure yet, Government offices in those regions can acquire Internet connections from their local ISPs. The choice of the local ISP should be based on the ranking of ISPs done by Pakistan Telecommunication Authority (PTA).

As per Rule 12 of Public Procurement Rules, 2004 "procurements over five hundred thousand Pakistani Rupees and up to the limit of three million Pakistani Rupees shall be advertised

on the Authority’s website in the manner and format specified by regulation by the Authority from time to time.”

The management of Pakistan Media Regulatory Authority (PEMRA), Islamabad incurred an expenditure of Rs. 4.738 million on internet charges from M/s Nayatel Pvt Ltd, Islamabad during 2022-23.

Audit observed as under:

- i) The acquiring of internet services from the M/s Nayatel Pvt Ltd Islamabad, a private operator other than NTC, is in violation of instructions issued by the Cabinet Division. NTC was never approached for issuance of NOC and for getting to rank of ISPs before installation.
- ii) The expenditure was incurred without calling open tender thus the Government exchequer was deprived of the benefit of competitive rates.

Audit is of the view that incurrence of expenditure on internet services acquired from M/s Nayatel Pvt Ltd in violation of the instructions issued by the Cabinet Division and without open competition was irregular.

The management replied that PEMRA acquired the services of M/s PTCL and M/s Nayatel in addition to M/s NTC to provide uninterrupted internet services to its monitoring setup.

The reply was not accepted as instructions issued by the Cabinet Division were violated and services were acquired without open competition.

Audit recommends that matter may be taken up with NTC for issuance of NOC regarding using internet services of M/s PTCL and Nayatel.

18.5.7 Non-receipt of Annual Gross Advertisement Revenue from licensees Satellite TV Channels

Rule 17 of the Pakistan Electronic Media Regulatory Authority Rules, 2009 states that the licensee shall maintain proper accounts, as required by the applicable laws, and shall cause to be carried out the audit of its accounts by one or more auditors who are chartered accountants within the meaning of the Chartered Accountant Ordinance, 1961 (X of 1961) and shall submit the audited financial statements to the Authority not later than three months of the closing date of its financial year.

Schedule - B of the Pakistan Electronic Media Regulatory Authority Rules, 2009 states that annual gross advertisement revenue (ranging from 5% to 7.5% of the Annual Gross Advertisement Revenue) shall be realized from the licensees of Satellite TV Channels.

The management of PEMRA was required to ensure the receipts of 5% to 7.5% of the Annual Gross Advertisement Revenue from the licensees of Satellite TV channels along with audited financial statements.

Audit observed that:

- i. Duly audited annual Financial Statements were not submitted to PEMRA by the licensees in violation of Rule 17 of the Pakistan Electronic Media Regulatory Authority Rules, 2009.
- ii. PEMRA did not receive 5% to 7.5% of the Annual Gross Advertisement Revenue from the licensees of Satellite TV Channels.

Audit is of the view that PEMRA was deprived from its due receipts due to non-realization of the Annual Gross Advertisement Revenue from the licensees of Satellite TV Stations since formulation of the Rules from the year 2009 to 2022.

The management replied that STV licensees are required to pay 5% to 7.5% of annual gross advertisement revenue depending upon their license category. As a matter of fact, Pakistan Broadcasters Association had obtained stay order against PEMRA on the payment of Gross Annual Advertisement Revenue from the Honorable Sindh High Court vide its order dated 17.12.2009. The honorable Sindh High Court had suspended the notices issued by PEMRA and disposed of the matter against PEMRA. Against the court order, PEMRA filed a review petition with Honorable Supreme Court of Pakistan. The Court on 24.05.2019 has disposed of the appeals of PEMRA with the direction to PEMRA to proceed against the licensees under PEMRA Rules 2009. Accordingly, notices have been issued to licensees for recovery of Gross Annual Advertisement Revenue (GAAR) under Rule-17 of PEMRA Rules, 2009. The notices of PEMRA were subsequently challenged by Pakistan Broadcaster Association (PBA) in Islamabad High Court, which has issued a stay order.

Audit recommends that matter may be taken up with Honorable High Court for recovery.

CHAPTER 19

MINISTRY OF INTER PROVINCIAL COORDINATION

19.1 Introduction

As per Schedule II [Rule 3 (3)] Distribution of Business among the Divisions read with Schedule III [rule 4(4)] Rules of Business 1973 (As amended up to 23rd April, 2019) following main business have been assigned to the Division amongst the other functions.

1. General coordination between the Federal Government and the Provinces in the economic, cultural and administrative fields.
2. Promoting uniformity of approach in formulation of policy and implementation among the Provinces and the Federal Government in all fields of common concern.
3. Discussions of policy issues emanating from the provinces which have administrative or economic implications for the country as a whole.
4. All Secretarial work for the Council of Common Interests and their committees.
5. Any other matter referred to the Division by a Province or any of the Ministry or Division of the Federal Government.
6. Malam Jabba Resort Ltd.
7. Pakistan Veterinary Medical Council Islamabad.
8. Inter Board Committee of Chairmen, Islamabad.
9. Medical, nursing, dental, pharmaceutical, para-medical and allied subjects; -
 - i. education abroad; and
 - ii. Educational facilities for backward areas and for foreign nationals, except the nomination of candidates from Federally Administered Tribal Areas for admission to Medical College.
10. Legislation covering all aspects of sports affairs and matters ancillary thereto.

ATTACHED DEPARTMENTS/ AUTONOMOUS BODIES

- i. Department of Tourist Services in Islamabad.
- ii. Pakistan Cricket Board
- iii. Pakistan Sports Board.
- iv. Guns & Country Club
- v. Pakistan Veterinary Medical Council, Islamabad.

Sr. No.	Description	Total No.	Audited	Expenditure Audited (FY-2022-23) Rs. in million	Revenue / Receipt Audited (FY 2022-23) Rs. in million
1	Formations	25	5	14,965.547	21,431.382
2	Assignment Accounts (Excluding FAP)	-	-	-	-
3	Authorities / Autonomous Bodies etc. under the PAO	-	-	-	-
4	Foreign Aided Project (FAP)	-	-	-	-

19.2 Comments on Budget & Accounts (Variance Analysis)

The final budget allocated to the Inter Provincial Coordination Division for the financial year 2022-23 was Rs.3,650.80 million, out of which the Division expended an amount of Rs.3,524.35 million. Grant-wise detail of current and development expenditure is as under:

(Rs. In million)

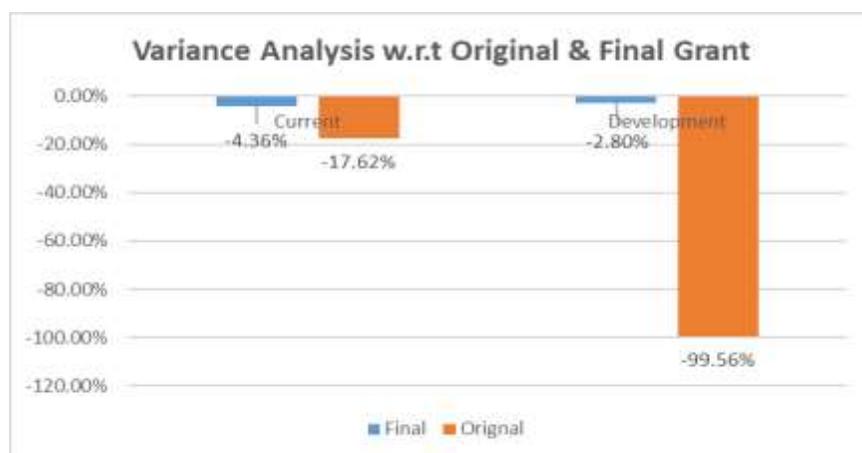

Grant No	Type of Grant	Original Grant	Suppl Grant	Surrender (-)	Final Grant	Actual Expenditure	Excess/ (Saving)	% age Excess/ (Saving)
62	Current	2,098.62	10.00	-246.57	1,862.05	1,784.28	-77.77	-4.36%
113	Development	3,472.42	.00	-1,683.68	1,788.74	1,740.07	-48.67	-2.80%
Total		5,571.04	10.00	-1,930.24	3,650.80	3,524.35	-126.45	-3.46%

Audit noted that there was an overall savings of Rs. 126.45 million, which was mainly due to savings in both grants.

Supplementary Grants obtained without careful cash forecasting

According to Para 71 of General Financial Rules (Volume I), while framing budget estimates, the authorities should exercise utmost foresight. Rules of good governance demand that budget processes are carried out in accordance with clearly defined expectations and assumptions and a coordinated calendar of activity.

As shown in the chart below, bifurcating total allocation into current and development expenditure, it was observed that, in case of development grant, there was 99.56% of saving w.r.t original grant which was finally reduced to 2.80% w.r.t final grant and in case of current grant 17.62% saving was finally reduced to 4.36%.

19.3 Classified Summary of Audit Observations

Audit observations, amounting to Rs. 2,981.954 million, were raised in this report during the current audit of **Ministry Of Inter Provincial Coordination**. Summary of the audit observations classified by nature is as under:

(Rupees in million)

S. No	Classification	Amount
1	Non-production of record	
2	Reported cases of fraud, embezzlement and Misappropriation

19.5 AUDIT PARAS

Pakistan Sports Board

19.5.1 Unauthorized maintenance and operation of Staff Welfare Fund – Rs. 11.165 million

General Financial Rule 25 states that all department regulations in so far as they embody orders of instructions of a financial character or have important financial bearing should be made by or with the approval of the Ministry of Finance.

Section 5 of Sports (Development and Control) Ordinance, 1962 states that the Board may make rules and regulations for carrying its objects into effect.

Serial No. 11(16) of Schedule-II of Rule 3(3) of Rules of Business, 1973 has assigned the Finance Division to frame rules on pay and allowances, retirement benefits, leave benefits and other financial terms and conditions of service.

Pakistan Sports Board (PSB), Islamabad is maintaining a Staff Welfare Fund jointly contributed @ 2% of basic pay of the employees and @ 2% by PSB from government budget. An additional 10% share from PSB's receipt is also contributed to be part of the fund. A bank account No. 4171228734 is being maintained with National Bank Pakistan, Aabpara Branch, Islamabad with a balance of Rs. 11,164,969 as on 30.06.2023.

Audit observed that maintenance and operation of Staff Welfare Fund was a violation of PSB Ordinance. The contribution from receipt and government budget without the approval of the Finance Division was contrary to Rules of Business, 1973.

Audit is of the view that maintenance and operation of Staff Welfare Fund with the contribution from government budget / receipt without the approval of the Finance Division is unauthorized.

DAC in its meeting held on 18.01.2024 directed to formulate their rules regarding operation of Staff Welfare Fund and to also get Ex-post Facto approval of the expenditure in question from the Board for the operation of the Fund.

Audit recommends that this irregular practice should be discontinued forthwith besides fixing of responsibility.

19.5.2 Unauthorized grant-in-aid to non-affiliated sports organizations – Rs. 13.800 million

Article 7(xxxix) of Constitution of the Pakistan Sports Board, 2022 states that the Board shall have the function to give grants-in-aid and subsidies from time to time to the national games and sports organizations affiliated to the Board.

Article 20(9) of Constitution of the Pakistan Sports Board, 2022 states that only the duly recognized or affiliated national sports federation shall be entitled to financial grant as admissible.

Pakistan Sports Board (PSB), Islamabad disbursed an amount of Rs.13,800,000 as advance on account of grant-in-aid to M/s Sports in Pakistan, Karachi during financial year 2022-23. Details are as under:

(Amount in Rs.)				
Sl. No.	Description / Purpose	Cheque No.	Dated	Amount
1.	Official sponsor of 67 th National Track Championship, 2022	B-234106	08.11.2022	4,800,000
2.	Organization of Karachi Duathlon Season– III, 2023	B-356706	19.06.2023	9,000,000
Total				13,800,000

Audit observed that:

- i. M/s Sports in Pakistan, Karachi is neither a sports body nor an affiliated sport federation / association with PSB. Instead it is an event organizer of art, entertainment and recreation activities.
- ii. M/s Sports in Pakistan, Karachi was official sponsor of 67th National Track Championship, 2022 being conducted / organized by Pakistan Cycling Federation.

Audit is of the view that granting of Board funds to non-affiliated sports federation / associations was violation of PSB Constitution, and unauthorized.

DAC in its meeting held on 18.01.2024 directed that the para may be placed before the PAC.

Audit recommends recovering the amount and depositing it into government treasury besides fixing of responsibility.

Pakistan Cricket Board (PCB) including PSL-7 & 8

19.5.3 Unauthorized Payment of Meeting and Daily Allowances to the Members of BOG - Rs 16.386 million

Regulation 2 (C) of the Regulation for PCB Board of Governor's Entitlements states that the BOG Member shall be entitled to payment of following daily allowances when required to travel outside of Lahore on official duty, the Chairman shall be entitled to Daily Allowances as detailed below:

- a) Domestic PKR. 10,000 per day (For outstation only)
- b) International (Worldwide) US\$ 300 with accommodation to be arranged by PCB.
- c) International (UK) US\$ 400 with accommodation to be arranged by PCB.

Regulation 2(D) of the Regulations for PCB Board of Governor's Entitlements states that in the event any BOG Member is required to participate in meetings, as member of any PCB Committee, they will be paid a Committee Member Allowance amounting to PKR 10,000 (Pakistan Rupees Ten Thousand only).

The Pakistan Cricket Board paid Meeting and Daily Allowances amounting to Rs.11,725,000 @ Rs. 25,000 and Rs. 10,000 to the following Members of BOG/ Management Committee during the financial year 2022-23 as detailed below:

(Amount in Rupees)

Names of Member of BOG/MC	Meeting Allowance	Daily Allowance	Total Allowances
Mr. Shakil Ahmad Shaikh	2,700,000	1,560,000	4,260,000
Mr. Muhammad Haroon Rashid Dar	2,675,000	1,030,000	3,505,000
Mr. Aizad Sayid	He was paid meeting and daily allowances for 116 days from 23.01.2023 to 18.06.2023 (25,000*116+10,000*116) – Rs. 100,000 as meeting allowance for actual five meetings		3,960,000
Mr. Najam Sethi	2,650,000	2,010,605	4,660,605
Total			16,385,605

Audit observed that only five meeting of the BOG were held on 23.12.2022, 31.12.2022, 13.03.2023, 13.06.2023 and 14.06.2023 during December, 2022 to June, 2023 whereas the above-mentioned members were paid meeting and daily allowances for the entire month of February (28

Days), March (31 Days), April (30 Days) and June (18 Days). Similarly, Mr. Aizad Sayid, member Management Committee from Lahore was paid meeting and daily allowances @ Rs.25,000 and Rs.10,000 respectively. Payment of the daily allowance amounting to Rs 1,060,000 to Mr. Aizad Sayid was also not admissible to local member who did not travel outside Lahore to attend meeting of Management Committee.

Audit further observed that meeting allowance was claimed @ Rs25,000 instead of Rs.20,000 resulting over payment of Rs.1,655,000 to Mr. Shakil Ahmad Sheikh, Mr. Muhammad Haroon Rashid Dar, and Mr. Aizad Sayid

Audit is of the view that payment of Meeting and Daily Allowances over and above the prescribed period and at higher rates was unauthorized which resulted in the loss of Rs.11.725 million to the Board.

The management replied that BOG was replaced with Management Committee with executive powers that enhanced the rates of TA/DA.

The reply was not accepted because payment was irregular. Furthermore, TA/DA should not be a source of income.

DAC in its meeting held on 18.01.2024 directed to recover the excess amount paid under intimation to Audit.

Audit recommends that an inquiry may be conducted for unauthorized payment of meeting and Daily Allowances and the overpaid sums recovered.

19.5.4 Irregular appointment of Legal Advisors without concurrence of Law Division - Rs.22.808 million

Para (v) of Ministry of Law, Justice and Human Rights policy guidelines for nominations/recommendations for appointment of legal advisors and engagement/placement of advocates on the panel of advocates of various department issued vide letter No F.6/1/2013-LA dated 03.06.2015, every Government department or Semi Government or Public Corporate Body shall seek concurrence of the Law, Justice and Human Rights Division for engagement of lawyer where professional fee exceeds Rs 300,000. In such a case, the concerned Department will send a Panel of at least three Advocates for selection of one of them along with proposed professional fee for approval of the Law, Justice and Human Rights Division. Any failure in doing so will render the engagement of Advocate/Counsel etc. void and no ex-post facto approval will be allowed.

The Pakistan Cricket Board appointed following Law firms/ lawyers and paid an amount of Rs. 22,807,937 as legal charges during the financial year 2022-23. Details are as under:

Sr. No.	Name of Law firm/ Lawyer	Amount Rs.
1	Rizvi & Rizvi	17,852,437
2	M/s Justice Retired Fazal-e-Miran Chauhan	2,600,000
3	M/s Justice Faqir Khokhar	1,100,000
4	M/s FGE Ebrahim Hossain	1,255,500
	Total	22,807,937

Audit observed that the Law firms/ Lawyers were appointed without seeking concurrence of the Law, Justice and Human Rights Division for their engagement.

Audit is of the view that appointment of Law firms/Lawyers without concurrence of the Law, Justice and Human Rights Division was irregular, and payment of professional fee was unauthorized.

The management replied that individual payments made to lawyers are less than Rs. 300,000 in one instance and thus they do not fall under the purview of binding imposed by Ministry of Law and Justice.

DAC in its meeting held on 18.01.2024 directed to submit the case to Ministry of Law and Justice through Ministry of IPC for exemption from the above-mentioned restriction.

Audit recommends that responsibility may be fixed for irregular appointment of Legal Advisors without concurrence of Law and Justice Division.

19.5.5 Non-Distribution of Income realized from PSL-8-Rs 1,993.122 million

As per agreements signed for holding PSL-8 matches income realized from such tournaments/matches is distributed in prescribed ratio between PCB and Franchises.

The management of PCB incurred an expenditure of Rs.1,361.312 million against total income realized in Central Pool Revenue of Rs.3,354.435 million resulting in saving of Rs. 1,993.122 million in the event of PSL-8 during the financial year 2022-23.

Audit observed that savings worth Rs. 1,993.122 million was still lying undistributed between PCB and PSL franchises as no evidence of disbursement was produced to Audit.

Audit is of the view that non-distribution of Income realized from PSL-8 despite completion of the events and closing of financial year was a lapse on the part of local management.

The management replied that currently the financial statements pertaining to PSL-8 are being scrutinized. The amount would be distributed among franchises as soon as the final income after expenses is realized.

DAC in its meeting held on 18.01.2024 directed to finalize the accounts and distribute the amount among the franchises at the earliest.

Audit recommends that the decision of the DAC may be implemented.

19.5.6 Irregular insurance of property from a private insurance company - Rs. 9.238 million

Section 166(3) of the Insurance Ordinance, 2000 states that all insurance business relating to any public property, or to any risk or liability appertaining to any public property, shall be placed with the National Insurance Company Limited (NICL) under Ministry of Commerce only and shall not be placed with any other insurer.

Finance Division's U.O F.No.4 (1)/Coord-1/2022 dated 12.09.2022 emphasises the implementation of Section 166 (3) of the Insurance Ordinance, 2000.

PCB entered into an agreement with M/s Atlas Insurance Limited for the Assets insurance amounting to Rs. 9,238,100 @ Rs. 2,309,525 per quarter for the financial year 2022-23.

Audit observed that agreement was made with M/s Atlas Insurance Limited instead of NICL in violation of the Insurance Ordinance, 2000.

Audit is of the view that the insurance of the Property/ Assets from a private insurance company was irregular.

DAC in its meeting held on 18.01.2024 directed to initiate insurance agreement with NICL or process the case for exemption from the concerned Ministry.

Audit recommends that responsibility may be fixed for the irregularity.

Pakistan Veterinary Medical Council (PVMC)

19.5.7 Non-observance of limitation on annual admissions

Regulation 11 of the Pakistan Veterinary Medical Council (Accreditation and Equivalence) Regulations, 2015 states that number of annual admissions in an institution shall be determined and decided by the Committee after inspecting the facilities available in accordance with these

regulations. The maximum number of students allowed in the morning session may not exceed one hundred and twenty-five and in the evening, session may not exceed seventy-five. The Council may, however, increase the upper limit commensurate with available resources on recommendations of the Committee. The decision of the Committee shall be binding on the institution. Disregard of the committee's decision will render the institution liable to action under the Act and regulations made thereunder.

The record of Doctor of Veterinary Medicine (DVM) undergraduate registered students with PVMC revealed that 2415 students have been admitted in the 10 institutes/colleges all over Pakistan during financial year 2022-23.

Sr.#	Name of Institution	Morning			Evening		
		Enroll	Allowed	Excess	Enroll	Allowed	Excess
1	University of Veterinary & Animal Sciences, Lahore	128	125	03	75	75	-
2	University of Agriculture, Faisalabad	128	125	03	75	75	-
3	Sindh Agriculture University, Tandojam	154	125	29	75	75	-
4	Riphah College of Veterinary Sciences, Lahore	165	165	-	116	110	06
5	Peer Mehar Ali Shah, Arid Agriculture University, Rawalpindi	82	60	22	48	50	-
6	Bahauddin Zakariya University, Multan	54	60	06	47	40	07
7	College of Veterinary & Animal Sciences, Jhang	81	60	21	59	40	19
8	Gomal University, D.I.Khan	82	60	22	-	-	-
9	University of Agriculture, Peshawar	95	125	30	-	-	-
10	University of Poonch, Rawalakot	68	50	18	-	-	-
Total		1037	955	118	495	465	32

Audit observed that 150 students were given admission over and above prescribed authorization by the PVMC as approved in Accreditation and Equivalence Regulations, 2015.

Audit is of the view that council did not observe the above-mentioned regulations and excess admissions were irregular and unauthorized.

The management replied that as pointed out by the Federal Audit F.Y 2022-23, PVMC will ensure that in future all the Institutions/Colleges/Universities, providing veterinary education will be instructed to strictly adhere to the allowed enrollment of students in the morning and evening sessions. The instructions issued to the Institutions/Colleges/Universities will be shared with Federal Audit.

The management has accepted the viewpoint of Audit.

DAC in its meeting held on 18.01.2024 directed to strengthen their regulatory role and to initiate strict action against transgressing institutions and impose penalty on the analogy of PMDC and other regulatory bodies.

Audit recommends that responsibility may be fixed for unauthorized admission over and above prescribed limit.

19.5.8 Loss due to non-realization of outstanding fees from registered graduates - Rs. 42.775 million

Section-9(4) of the Pakistan Veterinary Medical Council Regulations, 2000 states that the Council may receive registration and renewal fee, from veterinary, Animal Husbandry Graduates and institutions, benefactions and contributions from the Federal Government, Provincial Governments and private persons and bodies and proceeds of sales of report.

The management of PVMC, Islamabad maintained a register of DVM Registration and Collecting Registration/ Renewal Fee received from Veterinary/ Animal Husbandry Graduates. As per record, there are 19500 DVM registered with the Council out of which 5941 registrations are expired and need to be renewed.

Audit observed as under:

- i. The management did not take any action for renewal fee and fine where registration validity had expired which resulted in the loss of Rs.42,775,000 to the Council.
- ii. The Council did not devise any mechanism for timely registration, renewal and collection of fees.
- iii. The Council was deprived of its due receipts of Rs.42.775 million on due time.

The management replied that the matter will be placed in the forthcoming Council meeting. In future the veterinarians will be reminded for renewal of their registration with PVMC, in this way, PVMC will increase its resources/earnings.

The management accepted the viewpoint of Audit.

DAC was not convened till finalization of this report.

Audit recommends that responsibility for the lapse may be fixed, and the outstanding fees and fines recovered.

Special Audit of Guns and Country Club, Islamabad

19.5.9 Unknown whereabouts / encroachment of 38.727 Acres of the Club land

Clause 3(b) of M.L. Regulation No.63 (CDA Byelaws) states that “encroachment” means illegal occupation of land or procuring its allotment in any unauthorized manner or by illegal means and includes the use of any land otherwise than in accordance with the terms of its lease, license or allotment.

Clause 6 of M.L Regulation No.63 (CDA Byelaws) states that if the authority is satisfied that any land given on lease to any person is not being used for the purpose within the meaning of the rules of the Capital Development Authority, it may cancel the lease and acquire the possession of such land without paying any compensation to the lessee.

As per 2(3) of Resolution No. F-4/1/2010-PCB/GC dated 30.09.2002 as amended on 29.01.2011 of Ministry of Minorities, Culture, Sports, Tourism & Youth Affairs through which Gun & Country Club was established states that the Club shall be located adjacent to Pakistan Sports Complex, Islamabad spanning on area of 72 Acres of land.

CDA Chairman gave presentation to the PAC on the Gun Club and stated that a land of 145 acres was allotted to Pakistan Sports Board (PSB) in 1977 and the total cost of the land was Rs.736,600 at the rate of Rs.5,060 per acre. He said in the year 2000, the 9th SAF Games were proposed to be held in Islamabad and steering committee was constituted which reserved 44 acres for shooting ranges at the PSB out of allocated 145 acres of land.

As per SUO MOTU CASE No.14 of 2011 date of hearing 09.07.2018 it was stated that ‘we would also like to highlight that the resolution dated 30.09.2022 upon which the club has placed reliance to justify its occupation of approximately 37 acres of land in its possession is neither a deed of transfer nor a deed or document of lease or license’.

Further letter No. GCC/MANCOM/2021 dated 31.08.2021 of the Gun & Country Club addressed to the Financial Advisor / Member, CDA states that the land measuring 33.273 acres is allotted to the Gun and Country Club with retrospective effect.

The Gun and Country Club, Islamabad was provided a land of 72 Acres by the Pakistan Sports Board for running a Gun Club.

Audit observed as under:

- i. The actual land as per resolution required to be under possession of the Gun and Country Club, Islamabad was 72 Acres, but 33.273 acres of land was retained by the Club.
- ii. As per CDA, Islamabad 72 acres of land was provided to the Club and Property Tax of the same was claimed. But before the Honorable Supreme Court of Pakistan the Gun & Country Club accepted that approximately 37 acres of land is in possession of the Club without any deed of transfer nor a deed or document of lease or license.
- iii. The Gun & Country Club accepted before the Honorable Supreme Court of Pakistan that approximately 37 acres of land is allotted to the Gun and Country Club however, as per letter addressed to the Financial Advisor / Member, CDA it was stated that the land measuring 33.273 acres is allotted to the Gun and Country Club which is further reduced by 3.727 acres than the actual land in possession of the Club.

Audit is of the view that the whereabouts of the 38.727 acres of land were not known, which was required to be under the possession of the Gun & Country Club. Further, no documents were available with the club which led towards the encroachment of land of the club.

The management replied that the matter has been put-up with CDA and the concerned Ministry. Two meetings have been conducted in this regard. The CDA is being approached for lease of the land.

Management accepted the view of Audit.

Audit recommends looking into the matter under intimation to Audit.

19.5.10 Non-deposit of excess balances in Sports Endowment Fund Account - Rs. 480.087 million

Section 8 of the Gun Club Resolution, 2002 states the income of the Club, howsoever, derived shall be applied to discharge all its liabilities and applied towards maintenance upkeep and improvement in the quality of service, the general ambiance and facilities extended by the Club to its members and the excess amount, if any, shall be deposited in Sports Endowment Fund.

The Gun and Country Club, Islamabad was established through a Resolution No. F-4/1/2002-S-II dated 30.09.2002 published on 18.11.2002 under Ministry of Minorities, Culture, Sports, Tourism and Youth Affairs and transferred to Ministry of Inter Provincial Coordination subsequently. The Club generated income amounting to Rs.166,448,164 and Rs.229,424,714 and

retained balances of Rs.384,092,260 and Rs.480,086,737 during financial year 2021-22 and 2022-23 respectively. Details are as under:

(Amount in Rupees)				
Sr. No.	Account No.	Bank Name.	Account Type	Balance as on 30.06.2023
1.	01940060002501	Faysal Bank	Current	1,297,167
2.	0010064100060019	Allied Bank	Business Account	11,205,015
3.	0010064100060031	Allied Bank	PLS Account	467,107,251
4.	01941450002504	Faysal Bank	Saving Account	383
5.	00351002493543	Bank Alfalah	Saving Account	116,225
6.	00351002493248	Bank Alfalah	Saving Account	360,696
Total Rs.				480,086,737

Audit observed that:

- i. As per the Gun Club Resolution, 2002 all the excess amount after upkeep and improvement expenditures was meant to be deposited into Sports Endowment Fund but the fund was not created and maintained.
- ii. The Gun & Country Club did not make rules of Endowment Fund to be presented by the Administrator to the Federal Government for approval.
- iii. The excess amount of Rs.480,086,737 during financial year 2022-23 was retained in bank accounts which was required to be deposited in Sports Endowment Fund.
- iv. The Gun & Country Club did not provide the bank statement of account at Faysal Bank, account No.0113-1490 at Blue Area Islamabad.

Audit is of the view that as per the Gun & Country Club Resolution the excess balances were required to be deposited in Sports Endowment Fund after approval of its rules and procedures from the Finance Division.

The management replied that the Endowment Fund was created and GCC was depositing the funds in the said account. In 2014 the then management of Gun and Country Club decided to merge the accounts to use fund for operational expenses. Merged accounts are also called Sports Endowment Fund Saving accounts. The account is to be used for Promotions of Sports, organizing sports events and Shooting Competitions with the operational/expenditure account.

The reply of the management is not acceptable as the Endowment Fund was not created as per the requirement of the Club's Act.

Audit recommends creating Endowment Fund under intimation to Audit.

19.5.11 Investment of funds without competition – Rs.350.00 million

Finance Division O.M. No. F.4(1)/2002-BR-11 dated 02.07.2003 states that investment of working balances / surplus funds be made subject to fulfillment of various requirements such as investment in A rating banks, competitive bidding process, investment exceeding Rs. 10 million shall not be kept in one bank, setting up of in-house professional treasury management functions, formation of Investment Committee, employment of qualified investment management staff, utilization of services of professional fund managers approved by SECP, annual certificate of the Chief Executive of the organization, etc.

The Gun & Country Club, Islamabad invested an amount of Rs.350.00 million in Allied Bank account No.0010064100060019 during financial year 2022-23.

Audit observed as under:

- i) Competitive bidding process was not carried out.
- ii) There existed no in-house professional treasury management functions.
- iii) Investment Committee was not constituted.
- iv) Qualified investment management staff were not employed.
- v) The services of professional fund managers approved by SECP were not obtained.

Audit is of the view that the investment made without in-house professional treasury management function and competitive bidding process was irregular and unauthorized.

The management replied that we have provided sufficient details of investment funds, to the Auditor.

The reply of the management is not cogent as the management invested an amount without competition.

Audit recommends inquiry to fix responsibility besides stopping the practice.

19.5.12 Non-payment of Property Tax - 32.000 million

Clause 89 (1) of the Islamabad Capital Territory Local Government Act, 2015 states that the property tax, under this Act, shall be collected by Metropolitan Corporation.

As per 2(3) Ministry of Minorities, Culture, Sports, Tourism & Youth Affairs Resolution No. F-4/1/2010-PCB/GC dated 30.09.2002 as amended on 29.01.2011 through which Gun &

Country Club was established states that the Club shall be located adjacent to Pakistan Sports Complex, Islamabad spanning on area of 72 Acres of land.

The same was also stated by CDA before the honorable Supreme Court of Pakistan stated that 72 acres of land was occupied by the Gun & Country Club since, 2002.

CDA Chairman gave presentation to the PAC on the Gun Club and stated that a land of 145 acres was allotted to Pakistan Sports Board (PSB) in 1977 and the total cost of the land was Rs. 736,600 at the rate of Rs.5,060 per acre. He said in year 2000, the 9th SAF Games were proposed to be held in Islamabad and steering committee was constituted which reserved 44 acres for shooting ranges at the PSB out of allocated 145 acres of land.

Further letter No. GCC/MANCOM/2021 dated 31.08.2021 of the Gun & Country Club addressed to the Financial Advisor / Member, CDA states that the land measuring 33.273 acres is allotted to the Gun and Country Club with retrospective effect.

The Gun & Country Club (GCC), Islamabad occupied 72 acres land of CDA from 2002 to date. Metropolitan Corporation Islamabad/CDA vide No. MCI/DDG/(Rev)/(G&CC)/2021/400 dated 17.06.2021 informed that payment on account Property Tax amounting to Rs.32.00 million has been accumulated against Gun & Country Club from July 2004 to June 2021 and DAC in its meeting directed to recover the outstanding dues from Gun & Country Club, Islamabad on account of Property Tax on or before 30.06.2021 to avoid embarrassment before PAC.

Audit observed that the long outstanding amount of property tax i.e. 2004 to 2021 was required to be paid without any delay but the same amount is still payable even after passing of one year after receiving final notice from Metropolitan Corporation Islamabad/CDA.

Audit is of the view that non-payment of property tax deprived the Government treasury from its due receipts and lapse on the part of club.

The management replied that the matter of land occupied by GCC is sub-judice in the Honorable Supreme Court of Pakistan vide Court Order dated 31.07.2023. The matter of land is under consideration with Ministry of Inter Provincial Coordination (IPC), Islamabad in the light of directions of Honorable Supreme Court of Pakistan. Since the matter is undecided, it is requested that we may wait till the final outcome and settlement by the Honorable Supreme Court of Pakistan and other relevant authorities in the matter.

The management accepted the viewpoint of Audit.

Audit recommends resolving the issue of property tax under intimation to Audit.

19.5.13 Keeping of arms and ammunitions without licenses and without inspection

As per Rule 18 of Chapter-III of Pakistan Arms Rules 2023, institutional arms license may be issued to:

- a) a company registered under the company's law for provision of security services,
- b) a company or legal entity partially or fully owned by the Federal Government, a Provincial Government or Government of Gilgit-Baltistan and Azad Jammu and Kashmir,
- c) institute of Government established by law, and
- d) corporations or companies established under the Companies law which require licenses for security of their premises.

Rule 19(1) of Chapter-III of Pakistan Arms Rules 2023 states that the Minister and the Secretary of the Interior Division or Special Secretary of the Interior Division duly authorized by the Secretary thereof may allow NPB or PB arms licenses as the case may be to an institution as defined in rule 18.

The Gun & Country Club retained 07 Shot Guns, 13 .22 Pistols & Rifles and 14 Pistol for target shooting.

Audit observed that:

- i. The arms were retained without licenses.
- ii. The Technical Committee for arms and ammunitions was not constituted.
- iii. Certificates of originality of arms and ammunition were not available.
- iv. Periodic inspection reports and fitness certificates of arms were not available.
- v. Details of repair and maintenance were not available.
- vi. Details of replacement and disposed of arms and ammunition were also not maintained.

Audit is of the view that retention of arms and ammunition without licenses is a serious lapse on the part of the club.

The management replied that the Licenses of all arms of the club have been processed. Shooting technical committee has been constituted for the said purpose.

The management accepted the viewpoint of Audit.

Audit recommends looking into the matter and get arms & ammunitions licensed from the Ministry of Interior.

19.5.14 Non-Reconciliation/misappropriation of membership fee

Para 23 of GFR states that every Government officer should realize fully and clearly that he will be held personally responsible for any loss sustained by Government through fraud or negligence on his part and that he will also be held personally responsible for any loss arising from fraud or negligence on the part of any other Government officer to the extent to which it may be shown that he contributed to the loss by his own action or negligence.

The Gun and Country Club, Islamabad was required to submit and reconcile its collected membership fee, collect fee in cheques instead of cash, ensure timely submission of membership fee, etc. Some of the instances noted by Audit are as under:

- i. A letter was issued to Mr. Sikandar Khan for submission of membership fee on 01.08.2022 and membership card was issued on 20.06.2023 without any fee submission details in file.
- ii. Mr. Shoaib Qaisrani, Membership No.1346 was asked to submit Rs.1.00 million as membership fee which was received on 17.08.2022, however a letter was issued on same date a letter of Rs. 0.4 million was placed in the file against the membership fee.
- iii. Another member Ms. Rida Noor, Membership No.1312 submitted 0.4 million for membership, but there was 0.1 million outstanding against her.
- iv. Mr. Farhan Qamar, Membership No.1304 submitted 3 cheques amounting to Rs.1.00 million but only an amount of Rs. 0.4 million was deposited while 0.6 million is still outstanding.
- v. Col. Rtd Mr. Nauman Aziz, Membership No.1240 submitted 0.4 million in cash as membership fee to Assistant Manager Admin, while only Rs.0.2 million was deposited.
- vi. Mr. Abdul Waheed, Membership No.1283 submitted cheques for Rs. 1.3 million and the only amount of Rs.0.8 million was deposited.
- vii. The widow of Mr. Sadiq, Membership No. 1095, was asked to submit Rs.0.4 million as membership transfer fee and the same amount was deposited in the Club account against the rules.
- viii. Mr. Haroon K. Hashmi, Membership No.1301 has an outstanding amount of Rs.0.6 million, on demand he stated that the amount was given in cash to Assistant Manager Admin.

Audit is of the view that misappropriation in deposit of membership fee and transfer of membership with unlawful fee is a serious lapse on the part of club.

The management replied that an inquiry has been conducted by MC members has recommended to impose penalty of dismissal from service on Mr. Yasir Javaid (Ex M Admin) and Mr. Muhammad Asghar (Ex-Assistant Manager Admin). Moreover, a process of reconciliation is underway and a report will be sent to law enforcement agencies for recovery of pilfered amounts.

The management accepted the viewpoint of Audit.

Audit recommends inquiry to fix the responsibility besides recovery.

Audit also recommends strengthening of internal financial controls to avoid such instances in future.

19.5.15 Irregular payment to the contractor for repair of building, construction work and upholstery - Rs.8.620 million

Rule 12(1) of Public Procurement Rules, 2004 states procurements over five hundred thousand Pakistani Rupees and up to the limit of three million Pakistani Rupees shall be advertised on the Authority's website in the manner and format specified by regulation by the Authority from time to time. These procurement opportunities may also be advertised in print media, if deemed necessary by the procuring agency.

The Gun and Country club, Islamabad incurred expenditure of Rs.2,465,802 during financial year 2021-22 and Rs.3,886,341 during financial year 2022-23 on repair of building and construction work. Further expenditure on paint work of building and shooting ranges amounting to Rs.1,423,628 and upholstery amounting to Rs.845,200 was also incurred during financial year 2022-23.

Audit observed that the work was awarded without open competition and estimates of the work to be executed.

The management replied that the said repair of building, construction work and upholstery were performed through prequalified vendors in different time frames as per time-to-time requirement generated by the respective departments. The procurement was under Rs.500,000 as per the rules of GCC the amount lower than Rs.500,000 will not be advertised on any platform.

The reply of the management is not acceptable as no details of prequalification of vendors were provided to Audit. Further, no approved procurement rules of the Club were provided to Audit.

Audit recommends stopping the practice besides inquiry to fix the responsibility.

CHAPTER 20

MINISTRY OF INTERIOR

20.1 Introduction

As per Schedule II [Rule 3 (3)] Distribution of Business among the Divisions read with Schedule III [rule 4(4)] Rules of Business 1973 (As amended up to 23rd April, 2019) following main business have been assigned to the Division amongst the other functions.

4	Foreign Aided Project (FAP)				

20.2 Comments on Budget & Accounts (Variance Analysis)

The final budget allocated to the Interior Division for the financial year 2022-23 was Rs. 240,995.26 million, out of which the Division expended an amount of Rs. 233,263.48 million. The Division had five current and one development grant. Grant-wise detail of current and development expenditure is as under:

(Rs. In million)

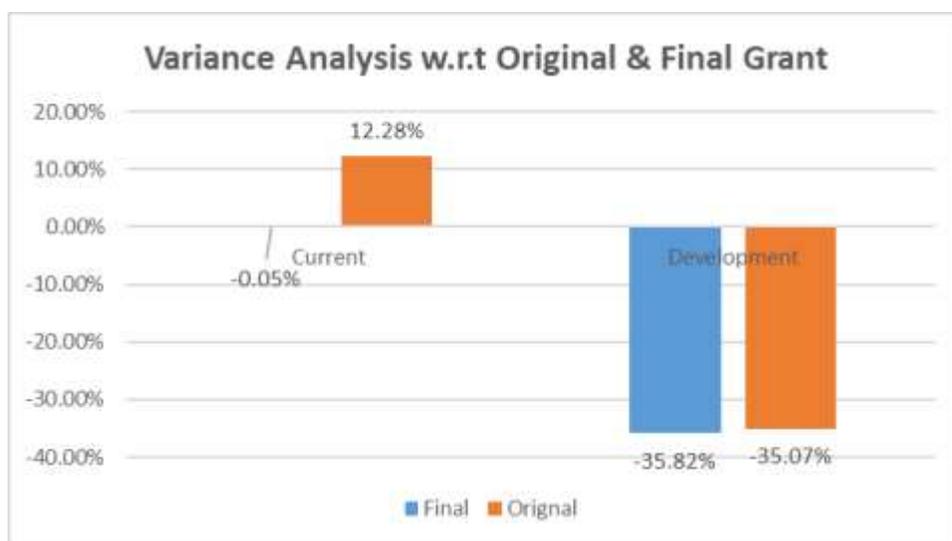

Grant No	Type of Grant	Heads	Original Grant	Suppl Grant	Surr (-)	Final Grant	Actual Expenditure	Excess/ (Saving)	% age Excess/ (Saving)
57	Current	Main	12,040.87	6,825.78	-630.17	18,236.48	14,649.43	-3,587.05	-24.49%
58	Current	Misc	6,614.00	2,773.20	.00	9,387.20	9,714.64	327.44	3.37%
59	Current	ICT	13,978.59	1,150.10	-56.87	15,071.82	15,117.02	45.20	0.30%
60	Current	Civil Armed Forces	162,669.54	13,992.76	-10.47	176,651.84	179,763.77	3,111.93	1.73%
61	Current	NCTA	268.89	110.65	-27.18	352.36	351.79	-.58	-0.16%
589	Total		195,571.89	24,852.50	-724.69	219,699.70	219,596.63	-103.06	-0.05%
108	Development	Dev	21,048.72	1,817.18	-1,570.33	21,295.56	13,666.84	-7,628.72	-35.82%
	Total		216,620.60	26,669.67	-2,295.01	240,995.26	233,263.48	-7,731.78	-3.31%

Audit noted that there was an overall saving of Rs.7,731.48 million, which was mainly due to saving in development grants.

Supplementary Grants obtained without careful cash forecasting

According to Para 71 of General Financial Rules (Volume I), while framing budget estimates, the authorities should exercise utmost foresight. Rules of good governance demand that budget processes are carried out in accordance with clearly defined expectations and assumptions and a coordinated calendar of activity.

As shown in the chart below, bifurcating total allocation into current, development and charge expenditure, it was observed that, in case of development grant, there was 35.07% of saving w.r.t original grant which was finally increased to 35.82% w.r.t final grant and in case of current grant 12.28% excess was finally became 0.05% saving.

20.3 Classified Summary of Audit Observations

Audit observations, amounting to Rs. 31,615.359 million, were raised in this report during the current audit of **Ministry Of Interior**. Summary of the audit observations classified by nature is as under:

(Rupees in million)

S. No	Classification	Amount
1	Non-production of record	
2	Reported cases of fraud, embezzlement and Misappropriation	243.23

20.5 AUDIT PARAS

Interior Division (Main)

20.5.1 Whereabouts not known of 1,985 Arm Licenses – Rs. 10.921 million

General Financial Rule 11 states that each head of a department is responsible for enforcing financial order and strict economy at every step. He is responsible for observance of all relevant financial rules and regulations both by his own office and by subordinate disbursing officers.

The management of Ministry of Interior, Islamabad provided a statement obtained from NADRA which showed that NADRA issued 46,465 Arm Licenses and collected an amount of Rs. 422,374,000 on behalf of the Ministry of Interior during financial year 2022-23.

Nos. of Arm Licenses issued			Receipt (Rs.)
NPB	PB	Total	
30,656	15,809	46,465	422,374,000

However, Ministry of Interior, Islamabad provided detail / information regarding issuance of Arms Licenses during 2022-23. Detail is as under:

Sl. No.	Description	Nos. of Arm Licenses			Amount
		NPB	PB	Total	(Rs.)
1.	Cases of purchased and entry of weapon	7,435	10,312	17,747	280,017,500
2.	Arm License issued to retired Forces personnel	667	321	898	3,912,500
3.	Renewal Cases	23,005	5,327	28,332	141,519,000
4.	Institutional Licenses	1,058	314	1,372	7,261,000
5.	Cases for transfer / restoration / cancellation	44	57	101	584,750
	Total	32,209	16,331	48,450	433,294,750

Audit observed as under:

- i) Aforementioned information shows variation of 1,985 (48,450 – 46,465) Arm Licenses between NADRA and Ministry of Interior.
- ii) Management did not provide record of Arm License fee amounting to Rs. 10,920,750 (Rs. 433,294,750 – Rs. 422,374,000).

Audit is of the view that due to absence of any mechanism of Arm Licenses reconciliation between Ministry and NADRA, variation of 1,985 Arm Licenses (amounting to Rs. 10,920,750) was arising, which leads to non-realization of receipt.

The management did not reply till finalization of report.

PAO was informed on 03.01.2024 but DAC was not convened till finalization of the Report.

Audit recommends fixing of responsibility for non-reconciliation and less deposit of arm license fee into government treasury.

Excise and Taxation Department, ICT, Islamabad

20.5.2 Loss due to Non-collection of GST – Rs. Rs. 43.866 million

Rules 3 of Sales Tax Act, 1990 states that subject to the provisions of this Act, there shall be charged, levied and paid a tax known as sales tax at the rate of 17% of the value of (a) taxable supplies made by a registered person in the course or furtherance of any taxable activity carried on

by him; and (b) goods imported into Pakistan, irrespective of their final destination in territories of Pakistan.

The management of Excise and Taxation Department, Islamabad issued vehicles number plates to the owners at the rate of Rs. 800 per number plate. Details are as under:

S. No	Financial Year	Total No. Plates Issued	Amount without Sales Tax	Rate of Sales Tax	Amount with Tax
1	2018-19	75974	60,779,200	17%	10,332,464
2	2019-20	36318	29,054,400	17%	4,939,248
3	2020-21	63031	50,424,800	17%	8,572,216
4	2021-22	94762	75,809,600	17%	12,887,632
5	2022-23 up to 13.02.2023	36963	29,570,400	17%	5,026,968
6	14.02.2023 to 30.06.2023	14632	11,705,600	18%	2,107,008
Total					43,865,536

Audit observed that the number plates were issued without charging sales tax from the owners of the vehicles in violation of Rule.

Audit is of the view that due to non-collection of GST amounting to Rs. 43.866 million the government was deprived of benefit of its due revenue.

The management did not reply till finalization of the report.

PAO was informed on 05.12.2023 but DAC was not convened till finalization of the Report.

Audit recommends that the amount may be recovered from the owners and deposited into the government treasury.

20.5.3 Loss of revenue due to incomplete record of Hotels' capacity

Section 12(1) of Bed Tax and amendments under Finance Act of 1965 (as amended in Finance Act 2019) states that there shall be levied and collected in prescribed manner from all the Hotels, having at least twenty-five (25) lodging units (means number of Beds), a Bed Tax at the rate of five percent (5%) of invoice or bill excluding Sales Tax and other applicable Taxes.

Further, at the time of registration applicants provide the details of lodging units in the prescribed forms.

The management of excise and Taxation department, Islamabad collected bed tax amounting to Rs. 484,975,847 during 2022-23. Details are as under:

(Amount in Rupees)

Sr. No	Hotels in ICT	Total Bed Tax
1	M/s. Islamabad Hotel	19,037,243
2	M/s. Miraj Hotel, Islamabad.	1,194,765
3	M/s. Hotel Margalla (Pvt) Ltd	29,788,849
4	M/s. Atlas Hotel, Islamabad.	299,588
5	M/s. VIRIDI Hotels, Islamabad.	2,955,622
6	M/s. Islamabad Serena Hotel	254,029,712
7	M/s. Ramada Hotel	34,553,528
8	M/s. Roomy Signature	29,228,014
9	M/s Islamabad Marriot Hotel	113,888,526
	Total	484,975,847

As per registration record of Department of Tourism Services under Ministry of IPC there are 120 hotels operating in ICT. Category-wise detail is as under:

Hotel Level	Number
5 star	2
4 star	2
3 star	8
2 star	10
1 star	98
Total	120

Audit observed that:

- i. Out of 120 hotels, the management only collected tax from nine (09) hotels.
- ii. The management neither had the basic information about the bed capacity and month wise room rent collected by hotels nor the annual financial statement showing the month-wise revenue statements of hotels.

Audit is of view that due to incomplete record of hotels, less bed tax was realized causing loss to the public exchequer.

The management did not reply till finalization of the report.

PAO was informed on 05.12.2023 but DAC was not convened till finalization of the Report.

Audit recommends that details about the tax collected may be provided to audit and tax may be collected from the remaining hotels in the light of their annual financial statement and occupancy record.

20.5.4 Non-deposit of due bed tax – Rs. 6.598 million

Para 26 of GFR Volume-I states that subject to any special arrangement that may be authorized by competent authority with respect to any particular class of receipts, it is the duty of the departmental controlling officers to see that all sums due to Government are regularly and promptly assessed, realized and duly credited in the public account.

Audit observed that as per statement provided by ETO, bed tax collected during year 2022-23 was Rs. 524,587,074 whereas bed tax manual register showed Rs. 517,989,535. There was a difference of Rs 6,597,539.

Audit is of the view that due to the difference in two documents the actual amount of collection could not be ascertained.

The management did not reply till finalization of the report.

PAO was informed on 05.12.2023 but DAC was not convened till finalization of the Report.

Audit recommends that matter may be inquired to fix responsibility.

20.5.5 Less recovery of professional tax from establishments – Rs. 12.430 million

Section 11 of Finance Act, 2019 states that the professional tax is recoverable from Establishment with employees exceeding 25 @ Rs 5,000 annum and Recruiting Agencies -Rs 10,000/- annum.

Section 11 of Finance Act, 2019 states that the professional tax is recoverable from Establishment with capital exceeding PKR 50 million but not exceeding PKR 100 million @ Rs 35,000 annum.

Excise & Taxation Office, Islamabad registered and collected professional tax from following institutions/establishments during 2022-23. Details are as under:-

Establishments	(Amount in Rupees)	
	Nos of establishment Registered for Tax collection	Collected Tax Amount Rs.
Educational Establishment	8	168,000

Recruiting agencies	5	50,000
Food Business	4	9,000
Pharmaceuticals companies and private hospitals	12	378,000
Travel agencies and Tour Guides	7	11,000
Total		616,000

Audit observed that management did not collect professional tax from following un-registered establishments. Details are as under:

Establishments	No' of Establishment Un-registered	(Amount in Rupees)
		Due Tax Amount Rs.
Educational Establishment	752	3,760,000
Recruiting agencies	167	1,630,000
Food Business	292	1,460,000
Pharmaceuticals companies and private hospitals	61	2,170,000
Travel agencies and Tour Guides	682	3,410,000
Total		12,430,000

Audit is of the view that due to incomplete registration exact amount of tax due i.e. the principal professional tax amount with arrears cannot be calculated or recovered.

The management did not reply till finalization of the report.

PAO was informed on 05.12.2023 but DAC was not convened till finalization of the Report.

Audit recommends that proper record of establishments in ICT be maintained to realize the ascertained amount of collection and prevent loss to the exchequer.

Note: The issue was reported earlier also in the Audit Report for Audit Year 2022-23 vide para number 14.5.37 having financial impact of Rs. 3.905 million. Recurrence of same irregularity is a matter of serious concern.

Federal Investigation Agency (HQ), Islamabad

20.5.6 Mis-procurement due to award of contract to 2nd lowest bidder in violation of PPRA Rules- Rs 27.50 million

Rule 36(b) of Public Procurement Rules, 2004 states that (viii) after the evaluation and approval of the technical proposal the procuring agency, shall at a time within the bid validity

period, publicly open the financial proposals of the technically accepted bids only. The financial proposal of bids found technically non-responsive shall be returned un-opened to the respective bidders, (ix) the bid found to be the lowest evaluated bid shall be accepted.

Management of Inter Border Management System (IBMS) Islamabad purchased 200 Lenovo V50t Desktops from M/s Mega Plus amounting to Rs. 30,310,400.

Audit observed that M/s IBL Unisys quoted Rs. 27.539 million without tax and M/s Mega Plus quoted Rs. 30.310 million without tax. While calculating the bid price, the management added GST @ 17% in the bid of M/s Unisys and GST @ 5% in the bid of M/s Mega Plus due to which the bid of M/s Unisys who was the lowest bidder exceeded from bid of M/s Mega Plus.

Audit is of the view that award of work to 2nd lowest bidder was mis-procurement and violation of PPRA Rules.

PAO was informed on 03.01.2024 but neither reply was furnished nor DAC convened till finalization of the Report.

Audit recommends that inquiry may be held to fix the responsibility for mis-procurement and amount may be recovered.

20.5.7 Wasteful expenditure on hiring of staff - Rs 6.00 million

Para-23 of GFR (Vol-I) states that every Government officer should realize fully and clearly that he will be held personally responsible for any loss sustained by Government through fraud or negligence on his part and that he will also be held personally responsible for any loss arising from fraud or negligence on the part of any other Government officer to the extent to which it may be shown that he contributed to the loss by his own action or negligence.

Management of Inter Border Management System (IBMS) Islamabad paid Rs. 6.00 million to Virtual University for conduct of test for recruitment/hiring of staff for the IBMS Phase-II.

Audit observed that expenditure was incurred for conducting test for recruitment, but no recruitment was made till November, 2023 and project is also near to its completion in June, 2024.

Audit is of the view that expenditure without availing its benefits was wasteful and loss to Government. Further, the efficiency and effectiveness of the project without required staff could not be achieved.

PAO was informed on 03.01.2024 but neither reply was furnished nor was DAC convened till finalization of the Report.

Audit recommends that staff should be recruited to achieve the project objectives.

20.5.8 Irregular payment of office building rent - Rs 12.544 million

Para-23 of GFR (Vol-I) states that every Government officer should realize fully and clearly that he will be held personally responsible for any loss sustained by Government through fraud or negligence on his part and that he will also be held personally responsible for any loss arising from fraud or negligence on the part of any other Government officer to the extent to which it may be shown that he contributed to the loss by his own action or negligence.

FIA, Zone Islamabad hired office building at Qaiser Waseem Plaza, Madni Chowk, G13/3 Islamabad 3rd floor covered area 9324Sq.ft for the period 16.01.2021 to 31.12.2022 and 2nd floor covered area 9145Sq.ft for the period 18.6.2021 to 28.02.2022 from M/s Muhammad Gulistan Khan and paid rent amounting to Rs. 12,544,000.

Audit observed that:

- i. Payment was made without agreement.
- ii. Payment was made without the revision of the agreement and without the approval of the competent authority.
- iii. At the time of payment the owner was not alive
- iv. Accommodation of building and payment of rent was made without approval from Ministry of Finance
- v. Payment was made to other than owner.

Audit is of the view that payment without approval and without agreement, to third party, was irregular and unauthorized.

PAO was informed on 03.01.2024 but neither reply was furnished nor was DAC convened till finalization of the Report.

Audit recommends that matter may be inquired and responsibility for the lapse fixed.

Gilgit Baltistan Scouts, Gilgit

20.5.9 Irregular procurement without open competition in DBDP–Rs.22.25 million

As per Note ‘e’ to the MOU signed between WAPDA and Gilgit-Baltistan Scouts, Gilgit all purchases shall be made in accordance with the provision of Public Procurement Rules.

Rule 12(1) of Public Procurement Rules, 2004 states that procurements over five hundred thousand Pakistani Rupees and up to the limit of three million Pakistani Rupees shall be advertised on the Authority’s website in the manner and format specified by regulation by the Authority from time to time. These procurement opportunities may also be advertised in print media.

Gilgit-Baltistan Scouts purchased arm & ammunition amounting to Rs. 37.483 million for Diamer Bhasha Dam Project during 2022-23.

(Amount in Rupees)

Messer	Items Purchased	Amount
Shibli Electronic Pvt Ltd	Night vision sights	22,250,000

Audit observed that the items were purchased without open competition and the amount was given in advance without receipt of items.

Audit is of the view that purchases without open competition deprived the government of the benefit of the competitive rates. Audit is also of the view that advance payment without the approval of the Finance Division was unauthorized.

The management replied that Night Vision Sights have been procured from M/S Shibli Electronic Pvt (Ltd) which is the Original Equipment Manufacturer (OEM) of items in Pakistan.

The reply was not accepted because no documentary evidence was produced in support of the reply.

The DAC in its meeting held on 12.12.2023 directed that documentary evidence of the sole OEM in respect of Shibli Electronics be verified.

Audit recommends that responsibility may be fixed for the irregularity.

20.5.10 Irregular purchase of medical & Lab equipment without specification - Rs. 53.533 million

Rule 38 b (1) of PPRA, 2004 states that the procuring agency shall consider single bid in goods, works and services if it meets the evaluation criteria, ensures compliance of specifications and other terms & conditions expressed in advertisement or bid solicitation documents, is not in conflict with any provision of the Ordinance, and conforms to the technical specifications, has financial conformance in terms of rate reasonability.

GB Scouts, Gilgit procured medical and lab equipment for 116 wings during 2022-23. Details are as under:

(Amount in Rupees)

Messer	Description of items	Quantity	Rates Rs.	Amount
Zeem Enterprises	X-Ray Machine Toshiba	1	10,584,028	10,584,028
	Motorized bed	15	225,000	3,375,000
	Patient bed	15	95,500	1,432,500
	CBC Test Machine	2	953,500	1,907,000
	Suction Machine	5	91,500	457,500
	Surgical Table complete (japan)	1	1,550,000	1,550,000
	ECG Machine (Japan)	2	530,000	1,060,000
	Anesthesia Machine (Germany)	2	3,550,000	7,100,000
	Dental Unit with Hydraulic Chair complete	1	3,560,000	3,560,000
	Ventilator Machine	5	995,000	4,975,000
	Dialysis Machine (Germany)	1	1,283,500	1,283,500
Nadir & Sons Enterprises	VHF Handheld Micro set	40	128,000	5,120,000
	VHF static base with extra cable	2	900,000	1,800,000
	VHF Mobile base with extra cable	2	760,000	1,520,000
	EFT 101	10	55,000	550,000
	Acid for battery	300	450	135,000
	DC wire Coil (90ms/coil)	4	660,000	2,640,000
	Dc Search Lite	20	12,000	240,000
	AC Search Lite	35	14,000	490,000
	HP Laser printer	1	2,258,000	2,258,000
	Elect wire 7/36 (coil)	8	7,500	60,000
	Solar Panel 180 w	20	33,000	660,000
	Bty 120 AH 12 v	20	32,800	656,000
Stabilizer 10000 w	4	30,000	120,000	
Total				53,533,528

Audit observed that technical specifications of all the items were neither mentioned in tender documents nor specified during the award of contract and in the contract agreement.

Audit is of the view that procurement without technical specification was unauthorized and a violation of the rules.

The management of GB Scouts replied that medical & laboratory / Signal Equipment have been purchased for 116 Wing during FY-2022/23. Specifications of the items were issued to participating firms along with Invitation Tender (IT).

The reply was not accepted because specifications of items were neither mentioned in tender nor in bidding documents.

DAC in its meeting held on 12.12.2023 directed that documentary evidence may be verified within two weeks.

Audit recommends that inquiry may be held to fix the responsibility.

20.5.11 Non-Deduction of 5% House Rent Charges

According to Fundamental Rule 45A, all employees shall pay 5% of their running Basic Pay to Government from the date of allotment of Government accommodation / availing hiring facility.

Under rule 26 (1) of Accommodation Allocation Rules 2002, a government servant who is allotted government accommodation shall pay 5% as rental charges. This implies that the employees in possession of official accommodation are not entitled to draw house rent allowance.

The management of Gilgit-Baltistan Scouts maintained official accommodation in its garrison and wings headquarters and houses and flats were allotted to the officers/officials of Gilgit-Baltistan Scouts.

Audit observed that 5% House Rent Charges was not deducted from the salary of the employees who were allotted official accommodation.

Audit is of the view that non-deduction of House Rent Charges was irregular.

The management of GB Scouts replied that maintenance of allotted houses is being done by the concerned officers/officials at their own expenses as budget for Repair & Maintenance work is not being allocated to this organization. Hence, deduction of 5% house rent from the officers/officials is not justified. However, House Rent Allowance is being deducted from the monthly salary of officers/officials directly by AGPR (SO) Gilgit

The reply indicates that the management has accepted the audit observation.

DAC in its meeting held on 12.12.2023 directed that recovery shall be made by the allottees.

Audit recommends that the amount may be calculated, recovery initiated and deposited into the government treasury.

Islamabad Food Authority

20.5.12 Unauthorized constitution of Islamabad Food Authority

Section 3(1) of Islamabad Capital Territory Food Safety Act, 2021 states that the Government shall, by notification in the official Gazette, establish the ICT Food Authority to carry out the purposes of this Act.

The Supreme Court of Pakistan vide its judgment dated 18.08.2016 in Civil Appeals No. 1428 to 1436 of 2016 (Mustafa Impex Case), vide Para 84, inter-alia, decided/concluded as under:

(ii) The Federal Government is the collective entity described as the Cabinet constituting the Prime Minister and Federal Ministers.

(iii) Neither a Secretary, nor a Minister and nor the Prime Minister are the Federal Government and the exercise, or purported exercise, of a statutory power exercisable by the Federal Government by any of them, especially, in relation to fiscal matters, is constitutionally invalid and a nullity in the eyes of the law.

Chief Commissioner, Islamabad vide Notification No. 11(4)/Admin/2022 dated 08.09.2022 constitute Islamabad Food Authority.

Audit observed that the Authority was established by Chief Commissioner, Islamabad without the approval of the Federal Government in violation of the Judgment of the Supreme Court of Pakistan.

Audit is of the view that Chief Commissioner, Islamabad cannot enjoy those authorities which cannot be exercised by Prime Minister of Pakistan.

The management replied that IFA has been constituted with the approval of Chief Commissioner ICT as the President of Pakistan has conferred executive authority of Federation to Administrator for Islamabad Capital Territory vide Order No. 18 of 1980.

The reply was not accepted because approval of Federal Government was required as per judgment of Supreme Court of Pakistan.

DAC in its meeting held on 27.12.2023 directed to submit case for obtaining clarification from Law Division.

Audit recommends that inquiry may be held to fix the responsibility.

20.5.13 Unauthorized appointments without approved service rules & regulation and without approval of the Board

As per Establishment letter No. F.No.6/4/96-R-3 dated 02.11.2021 stated that all autonomous bodies/Corporations/Organizations, etc. need to be submit its draft rules for approval to the competent authority as specified in their respective Act/Ordinance. However, these service rules are required to be submitted to Establishment Division for vetting/concurrence.

The management of Islamabad Food Authority appointed 17 Officers/Officials on Project Pay Scales during 2022-23. Details are as under:

S. No.	Name	Designation	PPS
1	Dr. Tahira Siddiqui	Deputy Director operation	8
2	Muhammad Kashif Hussain	Dairy Specialist	7
3	Imran Khan	Food Safety Officer	7
4	Khurram Kabir	Food Safety Officer	7
5	Nafeesa Kirn	Food Safety Officer	7
6	Mahnoor Syed	Public analyst	7
7	Muhammad Shahbaz Arshad	Veterinary Specialist	7
8	Ibrahim Jamil	Assistant Food Safety Officer	6
9	Nayab Rao	Assistant Food Safety Officer	6
10	Hafiz Muhammad Shahbaz Anwar	Assistant Food Safety Officer	6
11	Junaid Ashraf	Assistant Food Safety Officer	6
12	Muhammad Naeem Zubairi	Inspector	5
13	Azaz Safdar	Inspector	5
14	Zubair Abbas	Inspector	5
15	Muhammad Bilal	Lab Assistant	5
16	Hassan Aziz	Lab Assistant	5

Audit observed as under:

- i. The management appointed the employees without framing Service Rules regarding terms and conditions of the service of its employees.
- ii. As per record, Note 51 of File states that HR Committee prepared results of Interview and Written Test and submitted its recommendations. However, in Note 53 the Chief Commissioner/Chairperson, IFA directed to re-interview without any justification.

- iii. Minutes of the HR Committee which recommends the appointment of the Employees were only signed by two members. The Minutes are still unsigned as on 11.07.2023 by the Chairman of the Committee and four other Members whereas appointment letters were issued in the month of February, 2023.
- iv. The appointments were made without approval of the Board.
- v. Employees were appointed under the Islamabad Food Authority whereas payment of Pay and Allowances were made from AGPR under regular budget from Federal Consolidated Fund.

Audit is of the view that appointments without any Service rules and without approval from the Board were a serious lapse on the part of the management.

The management replied that regulations have been framed and notified. Approval of the HR committee of the Board has been obtained prior to appointment. Re-interview was not conducted rather the results were re-analyzed due to inclusion of Deputy Commissioner in the HR Committee.

DAC in its meeting held on 27.12.2023 directed to get Board approval, Minutes of HR Committee meeting verified from Audit, Service Rules shall be framed as a regulation without rules has no legal standing. DAC further directed departmental fact-finding inquiry to probe the matter of reasons for re-interview and issuance of appointment orders without approval of the HR Committee and submission of report within two weeks.

Audit recommends that inquiry may be held to fix the responsibility.

Pakistan Rangers (Sindh)

20.5.14 Non-deduction of Income tax on IS Duty Allowance – Rs. 133.895 million

Section 12(1) of Income Tax Ordinance, 2001 states that Any salary received by an employee in a tax year, other than salary that is exempt from tax under this Ordinance, shall be chargeable to tax in that year under the head “Salary”. (2) Salary means any amount received by an employee from any employment, whether of a revenue or capital nature, including — (a) any pay, wages or other remuneration provided to an employee, including leave pay, payment in lieu of leave overtime payment, bonus, commission, fees, gratuity or work condition supplements.

Section 149 of Income tax ordinance 2001, states that every person responsible for paying salary (including honorarium/cash reward paid to an employee) shall, at the time of payment, deduct tax from the amount paid at the following rates:

Taxable Income Rs.	Tax Applicable 2022-23
Up to 600,000	0%
600,001-1,200,000	2.5 % of the amount above Rs. 600,000
1,200,001-2,400,000	Rs.15,000 + 12.5 % of the amount above Rs. 1,200,000
2,400,001-3,600,000	Rs 165,000 + 20 % of the amount above Rs 2,400,000
3,600,001-6,000,000	Rs 405,000 + 25 % of the amount above Rs 3,600,000
6,000,001-12,000,000	Rs 1,005,000 + 32.5% of the amount above Rs 6,000,000
Above 12,000,000	Rs. 2,955,000 + 35% of the amount above Rs 12,000,000

Serial No. 39A of Second Schedule of Section 53 of Income Tax Ordinance States that any amount paid as internal security allowance, compensation in lieu of bearer allowance, kit allowance, ration allowance, special messing allowance, SSG allowance, Northern Areas compensatory allowance, special pay for Northern Areas and height allowance to the Armed Forces personnel.

Pakistan Rangers (Sindh) paid an amount of Rs. 2,677.902 million to its officers and official as Internal Security Duty Allowance during 2022-23.

Audit observed that Internal Security Duty Allowance was not exempted from Income Tax for Civil Armed Forces, but the management did not include the amount in the gross annual income of officers and official of Rangers due to which Income Tax amounting to Rs. 133.895 million @ 5% of the total amount was not deducted.

Audit is of the view that non-deduction of income tax on ISD Allowance was irregular and deprived the government from the benefit of its due revenue.

The management replied that Internal Security Duty Allowance is linked with daily allowance, which is paid at the rate of half daily per day in lieu of performing Internal Security Duty. Daily allowance is a nontaxable allowance. Similarly, the income tax on Internal Security Duty Allowance is also exempted.

Further, the exemption of income tax on Internal Security Duty Allowance was allowed after detailed discussion between AG Sindh Karachi & AGPR sub office Karachi vide Accountant General Sindh letter number. CAA-II/P.R-IS Duty /2020 /21 /355 dated 21 May 2023. Moreover, the income tax on Internal Security Duty Allowance has been exempted vide General Headquarters AG branch PPA Dte Rawalpindi letter number. 4636/006/IT Cell-XSP2TSA dated 05 August 2022.

The reply was not accepted because neither Accountant General Sindh nor AGPR is competent to grant exemption on Income Tax.

Audit recommends that amount may be recovered and deposited into Government Treasury.

20.5.15 Unauthorized payment of IS duty allowance to 43 Wing - Rs 64 million

Para 10 (ii) of GFR states that “the expenditure should not be prima facie more than the occasion demands”.

Finance Division O.M. No. F.No.11(5)-R-I/2008-192 dated 22.04.2009 states that Internal Security Allowance is admissible to all those personnel of Civil Armed Forces who are deployed on internal security in the field in the requisition by the Federal/Provincial Governments and the cost would be borne by the requisitioning authority.

Pakistan Rangers (Sindh) paid an amount of Rs. 64 million to the officers / officials of 43 Wing during 2022-23.

Audit observed that 43 Wing was deputed with CPEC and was not deployed on internal security duty requisitioned by Government of Sindh.

Audit is of the view that as internal security allowance authorized for troops deputed on internal security and payment of such allowance to others was irregular and unauthorized.

The management replied that all Pakistan Rangers (Sindh) setups including 43 Wing are performing internal security duties on national / international events, religious procession/ gathering, Sports, IDEAS, Census, Election, Polio Campaign and other Internal Security duties. 43 Wing is also drawing pay and allowances from Pakistan Rangers (Sindh).

During verification of records the management did not provide any record in support of the reply.

Audit recommends that amount may be recovered and deposited into the government treasury.

20.5.16 Doubtful execution of work – Rs. 131.356 million

Rule 23 of Public Procurement Rules, 2004 states that procuring agencies shall formulate precise and unambiguous bidding documents that shall be made available to the bidders immediately after the publication of the invitation to bid.

Para 208 of Central Public Works Account (CPWA) Code states that payments of all work done otherwise than by daily labour and for all supplies are made on the basis of measurements recorded in Measurement Books (MBs) in Form 23 in accordance with rules.

HQ Pakistan Rangers Sindh incurred expenditure on repair and maintenance work on its buildings amounting to Rs.131,356,000 through tenders during 2022-23.

Audit observed as under:

- i. The management just mentioned the name of work to be executed without any quantity to be executed in the bidding documents.
- ii. Bidding documents did not contain any information like detailed estimates to be executed, i.e. distemper, flooring, lighting, plumbing, etc.
- iii. The contractors quoted lump sum rates without mentioning item wise rates and without knowing the quantum of work to be executed.
- iv. Payments were made without any detailed measurement entered in MB.

Audit is of the view that without mentioning the quantities/specification of work executed the authenticity of the expenditure could not be ascertained.

Audit is of the view that the bidding process without precise and unambiguous bidding documents creates doubts about the whole process which needs to be addressed.

The management of Pakistan Rangers Sindh, Karachi replied that all procedural requirements were fulfilled as per PPRA rules such as:

- a. Tender document issued to applied firm and specification of work required to carried out also provided for bids.
- b. Advertisement published in newspapers and uploaded in PPRA website in which it was mentioned that details of works can be obtained from Headquarters Pakistan Rangers (Sindh).
- c. According to specification and quantities given to contractors, they quoted the rates. However, they only mentioned final rates of work without details. The Procedure will be adopted in future as observed by audit.
- d. Pakistan Rangers (Sindh) concluded Lump Sum contracts with different contractors basing on covered areas. Therefore, Measurement books are required to be maintained as one time measure.

The reply indicates that the management has accepted the audit observation regarding execution of work without any detailed estimates and without any measurement.

Audit recommends that responsibility may be fixed for the irregularity.

20.5.17 Non-deduction of Sales Tax on Services from contractor – Rs. 17.076 million

Rule 3 of Sindh Sales Tax on Services Act, 2011 states that, the provisions of this chapter shall apply to a person required to be registered under the Sindh Sales Tax on Services Act, 2011 and “taxable services” means the services listed in the Second schedule to the Sindh Sales Tax on Services Act, 2011.

Services provided or rendered by persons engaged in maintenance and cleaning services at S. No. 9822.2000 or rendered by specified persons or businesses under First Schedule of Sindh Sales Tax on Services Act, 2011 are liable to pay SST @13%.

HQ Pakistan Rangers Sindh incurred expenditure on repair and maintenance work during 2022-23 amounting to Rs.131.356 million.

Audit observed that sales tax on services at rate of 13% was not deducted from contractors amounting to Rs. 17.076 million.

Audit is of the view that non-deduction of sales tax on services deprived the government from the benefit of its due revenue.

The management of Pakistan Rangers Sindh, Karachi replied that this department executed works out of Federal Budget and 7.5% Income tax has been recovered overall from contracts executed with different firms. No services have been taken from the Govt of Sindh, therefore no Sindh Sales tax was included in the contracts.

The reply was not accepted because the non-deduction of Sales Tax on Services was a violation of rules.

Audit recommends that the amount may be recovered and deposited into the government treasury.

20.5.18 Doubtful award of repair and maintenance work of official building and residence – Rs. 7.5 million

Para-23 of GFR Volume-I states that, every government officer should realize fully and clearly that he will be held personally responsible for any loss sustained by Government through

fraud or negligence on his part and that he will also be held personally responsible for any loss arising from fraud or negligence on the part of any other Government officer to the extent to which it may be shown that he contributed to the loss by his own action or negligence.

Pakistan Rangers (Sindh), Works Section Thar Rangers awarded a work for repair and maintenance of official and residential building at a cost of Rs. 7,589,730 to M/s AH Engineering & Construction Service, Hyderabad on 10.05.2023 with a completion period up to 15.06.2023.

Audit observed as under:

- i. The contract agreement was signed on 15.06.2023 which was the completion date.
- ii. As shown in the official file, 5% Share will be deducted by M/s Afnan Transport & Co from Total Amount (Rs. 7,589,730 x 5% = Rs. 379,486) who was not a contractor
- iii. Completion certificates were printed on the letter head of the contractor by the management.
- iv.

Audit is of the view that completion of work within one day is not humanly possible and the 5% share given to M/s Afnan Transport & Co creates further doubts about the whole process.

The management replied that the contract was awarded to M/S A.H Construction on 10 May 2023. Payment was made according to the Contract Agreement. Contract Agreement was signed on 10.05.2023 but date was wrongly written as 15.06.2023. The documents having details as 5% share is not a legal document as it is not possible to give amount to any other contractor who is not contracted as evident in contract agreement executed with M/S A.H Construction and cheques were also issued in favor of the firm.

The reply was not accepted because the contract agreement was signed on 15.06.2023 and 5% share to be given to M/s Afnan Transport & Co was written in the official file.

Audit recommends that inquiry may be held to fix the responsibility.

20.5.19 Irregular award of repair & Maintenance work of (SIGN) without open tender – Rs.10.696 million

Rule 12(2) of Public Procurement Rules, 2014 states that all procurement opportunities over two million rupees should be advertised on the Authority's website as well as in other print media or newspapers having wide circulation. The advertisement in the newspapers shall principally appear in at least two national dailies, one in English and the other in Urdu.

Pakistan Ranger Sindh, HQ Karachi incurred expenditure on repair and maintenance of machine and equipment (SIGN) from Internal Security Budget amounting to Rs. 10,696,000 during 2022-23.

The audit observed that the work was awarded to M/s Azam Enterprises without open competition.

Audit is of the view that award of work without open tender/bidding was a violation of PPRA rules due to which the government was deprived of from the benefit of competitive rates.

The management replied that it is pertinent to mention that communication equipment is operationally deployed at borders and being used by troops on internal security duties round the clock. Tender for Repair / maintenance cannot be called since time limits laid down for bidding process cannot be met in short time required to keep the equipment functional round the clock. Equipment cannot be kept faulty for a long duration and is repaired in minimum time. This repair work is considered as an operational emergency and covered under relaxation available vide Para 2g Public Procurement Rules 2004 (Emergency)

The reply is not acceptable, as the management accepted in their reply that repair work should be awarded without calling of open tender.

Audit recommends that responsibility may be fixed for the irregularity.

20.5.20 Irregular payment of service charges – Rs. 24.742 million

Para-397 of Federal Treasury Rules states that, as a general rule, and subject to such exceptions as may be authorized by the Government, no payment can be made to a contractor, except for work actually done or supplies actually received.

As per the Technical Proposal submitted by National Radio Telecommunication Corporation, all the base station installations will be made by Sindh Rangers Personnel. NRTC could perform testing of a base station installed by Sindh Rangers.

Pakistan Ranger Sindh, HQ Karachi paid an amount of Rs. 24.742 million to M/s NRTC for Installation and Commissioning during 2022-23.

Audit observes that installation work was performed by Pakistan Rangers Sindh, but the contractor charged an amount of Rs. 24,742,485 as installation and commissioning charges. Details are as under:

Description	Installation Chargers Rs
P-25 LMR Base/Mobile/Handheld Radio sets	19,150,034
P-25 BTS/Repeater/Microwave Radio Link/LMR Base/ Mobile Handheld Radio Sets	5,592,451

Total	24,742,485
-------	------------

Audit is of the view that payment without rendering services was unauthorized which needs to be recovered and deposited into the government treasury.

The management replied that as per technical proposal (Brochure) submitted by M/S NRTC, installation and commission will be carried out by Pakistan Rangers (Sindh) for which payment was also made to M/S NRTC. Said proposal was not final/ signed/ approved and not related to Budget under Head A09601-Plant and Machinery (Signals), nor unit price/ estimate cost of equipment mentioned in Technical Proposal (Brochure).

The reply is not acceptable, as no documentary proof was provided during verification as mentioned in their reply.

Audit recommends that responsibility may be fixed for the irregularity.

20.5.21 Whereabouts of receipts from candidates not known – Rs 8.558 million

Para 26 of GFR Volume-I states that subject to any special arrangement that may be authorized by competent authority with respect to any particular class of receipts, it is the duty of the departmental controlling officers to see that all sums due to Government are regularly and promptly assessed, realized and duly credited in the public account.

Pakistan Rangers Sindh, HQ Karachi conducted recruitment of troops during 2022-23. During the process 17,116 candidates appeared and registered.

During the Audit it was revealed that Rs.500 were collected from each candidate for initial registration by the management amounting to Rs. 8,558,000 (17,116 x 500) but its whereabouts was not produced to Audit. Further as per instructions collected amount should have been deposited in a bank account maintained in Askari Bank of Pakistan.

Audit is of the view that retention of receipts and non-maintenance of complete record was irregular and unauthorized.

The management replied that due to non-availability of budget for recruitment process, the collected fee was utilized for necessary expenditure during process of recruitment all over Pakistan.

The reply is not acceptable, as it is evident from the statement provided by the management that 17,116 candidates reported to the Centre for physical test for which the collected fee comes to Rs.8.558 million (17,116 x 500), whereas management only realized fee of Rs.2.279 million (for

4,465 x 500). Moreover, the same collected amount was utilized in recruitment expenses instead of depositing into the Government treasury.

Audit recommends that amount may be deposited into Government Treasury.

20.5.22 Irregular payment of electricity and gas bill of Sec, HQ, Indus Ranger commander

Para-23 of GFR Volume-I states that, every government officer should realize fully and clearly that he will be held personally responsible for any loss sustained by Government through fraud or negligence on his part and that he will also be held personally responsible for any loss arising from fraud or negligence on the part of any other Government officer to the extent to which it may be shown that he contributed to the loss by his own action or negligence.

Audit observed that electricity and gas bills of Indus House allotted to Sector Commander Indus Rangers were paid from government budget.

Audit is of the view that payment of utility charges on behalf of an officer from the government budget was irregular and unauthorized.

The management replied that the premises of Indus House is situated at Staff Colony Shaheed Benazir Abad (Nawab Shah), the same building is being utilized as senior officer mess. Sec Commander IR is residing without family as bachelor, because his family is residing in Karachi and paying their utility bills from own expenses. IS Coy / Administration staff and guards/troops are deployed in an adjacent building where the electricity meter has not been installed and these troops are also using the electricity from the meter of said Indus House (Senior Officer Mess).

The reply was not accepted because Indus Rangers was not deployed on internal security duty, therefore, payment of electricity bills from Internal Security Funds cannot be justified.

Audit recommends that the actual amount may be recovered from the occupant and deposited into the government treasury.

20.5.23 Unauthorized payment of electricity bills of Rangers Residential Accommodations – Rs. 31.795 million

Para 12 of GFR states that a Controlling officer must see not only that the total expenditure is kept within the limits of the authorized appropriation but also that the funds allotted to spending units are expended in the public interest and upon objects for which the money was provided.

Pakistan Rangers (Sindh) incurred an expenditure of Rs. 31.795 million on electricity during April 2023 to June, 2023 on following addresses:

(Amount in Rupees)

S. No.	Consumer No	ADDRESS	Apr,2023	May,2023	Jun,2023	Total

		Total	6,080,413	7,262,776	18,452,014	31,795,203

Audit is of the view that payment of electricity for used for residential purposes from the government funding was unauthorized which needs to be recovered.

The management replied that payment was made by Energy Department Government of Sindh to Karachi Electric directly. All connections have been verified by this office and there are no Residential Connections.

The reply is not acceptable, the payment for electricity of residential areas of officers of Pakistan Rangers Sindh from Government budget is unauthorized.

Audit recommends that the amount may be recovered from the occupants and deposited into the government treasury.

20.5.24 Irregular payment of electricity bill of Ranger shooting & saddle club

Para-23 of GFR Volume-I states that, every government officer should realize fully and clearly that he will be held personally responsible for any loss sustained by Government through fraud or negligence on his part and that he will also be held personally responsible for any loss arising from fraud or negligence on the part of any other Government officer to the extent to which it may be shown that he contributed to the loss by his own action or negligence.

Finance Division O.M. No. F.No.11(5)-R-I/2008-192 dated 22.04.2009 states that Internal Security Allowance is admissible to all those personnel of Civil Armed Forces who are deployed on internal security in the field in the requisition by the Federal/Provincial Governments and the cost would be borne by the requisitioning authority.

Audit observed that Pakistan Ranger Sindh, paid electricity bills of Ranger Shooting and Saddle Club from internal security (IS) grant/budget.

Audit is of the view that payment of bills of Rangers Shooting and Saddle Club from internal security grant/budget was irregular and unauthorized.

The management replied that it is apprised that firing range / training camp established adjacent to shooting and saddle club Pakistan Rangers Sindh is for conduct of various training courses to refine training skills of troops deployed at mega city Karachi, so as to make them proficient enough to maintain law and order / internal security & to conduct operational duties. Shooting & saddle club also provides training to enhance firing skills and riding of the Pakistan Ranges departmental troops without any charges.

The reply is not acceptable, as there is no proof in support of reply provided to audit.

Audit recommends that the amount may be recovered and deposited into the government treasury.

20.5.25 Whereabouts of receipts of Ranger Shooting and Saddle Club

Para 26 of GFR Volume-I states that subject to any special arrangement that may be authorized by competent authority with respect to any particular class of receipts, it is the duty of the departmental controlling officers to see that all sums due to Government are regularly and promptly assessed, realized and duly credited in the public account.

Pakistan Ranger Sindh is running Rangers Shooting and Saddle Club at Guddaph on commercial basis, but no record related to members and receipts collected and deposited in Government Treasury was provided.

Audit is of the view that retention of receipts and non-maintenance of complete record was irregular.

The management replied that it is apprised that firing range / training camp is established next to the shooting and saddle club for Pakistan Rangers (Sindh) to conduct various training courses to refine skills of troops deployed in Karachi. The aim is to make them proficient in maintaining law and order situation, internal security and performing operational duties. The shooting & saddle club offers free training to enhance firing and riding skills for Pakistan Rangers (Sindh) departmental troops, emphasizing its non-commercial nature.

The reply is not accepted because membership form for public is available on the website of the club which proves that club was running on commercial basis.

Audit recommends that a complete record may be produced.

20.5.26 Unauthorized purchase of Vehicles – Rs. 70.048 million

Finance Division vide O.M. No. F.7(1) Exp.IV/2016-340 dated 07.07.2022 imposed ban on purchase of all type of vehicles from current and development budget except utility vehicles such as ambulances, buses for educational institutions, solid waste vehicles, etc.

Pakistan Rangers Sindh, HQ Karachi incurred expenditure on procurement of UN mission vehicles and other equipment's:

Sr No	Vehicles/other	(Million) Amount Rs
1.	Toyota Hilux DC-Revo	24.848
2.	Fork Lifter	16.2
4.	Truck	29
Total		70.048

The audit observed that vehicles were purchased without the approval of the Cabinet and Finance Division.

Audit is of the view that purchase of vehicles without approval was irregular and unauthorized.

The management replied that the vehicles were purchased for UN Mission after receipt of special funds with approval of Ministry of Interior. Regular intimation on procurement of said vehicles have also been conveyed to Ministry of Interior and Military Operation Directorate (General Headquarters) vide our letter 1831/Wpns/Ord-LIJA2X dated 12 May 2023.

The reply is not acceptable. The vehicles were purchased without obtaining NOC from Finance and Cabinet Division is unauthorized.

Audit recommends that responsibility may be fixed for the irregularity.

20.5.27 Un-authorized purchase of Net mosquito from ineligible bidder - Rs 30.249 million

Clause 6 of Tender Documents dated 05.12.2022 states that tender should be accompanied with Call Deposit or Bank Draft or Pay Order @ 3% of total value of the tender at the rate quoted in the name of Director General Pakistan Rangers (Sindh) as Earnest Money as per following rates, otherwise tender will be ignored/rejected.

Pakistan Rangers (Sindh) awarded the contract for supply of 5,000 net mosquito folding @ Rs. 3,750 each to M/s The Chief Corporation on 22.02.2023. The total amount of the contract was Rs. 18.750 million.

Similarly, Pakistan Rangers (Sindh) awarded the contract for supply of 287,572 meter Tape Nawar @ Rs. 39.99 per meter to M/s The Chief Corporation on 28.03.2023. The total amount of the contract was Rs. 11.499 million.

Audit observed that the contractor deposited only Rs. 5,000 with the bid as earnest money which should have been Rs. 562,500 for net mosquito and deposited Rs. 2,000 only with bid as earnest money for Tape Nawar which should have been 344,970 as provided in the tender documents but instead of rejecting the bid the management awarded the contract to the ineligible bidder.

Audit is of the view that awarding work to an ineligible contractor was unauthorized.

The management replied that procurement of Net Mosquito was carried out through open tender and contract was awarded after comprehensive technical scrutiny by a special board of officers. Moreover, M/S Chief Corporation Lahore, after qualifying all technical requirements of the Force was also the lowest bidder. Thus, procurement was carried out as per Rule 36 b (9) of PPRA 2004 of the lowest quoted rates instead of calculation of Bid Security (Earnest Money).

Earnest money is attached with Financial Bids that are opened on the date of awarding the contract to technically qualified bidder.

The reply was not cogent because the management accepted that earnest money was not considered during award of contract which was a violation of PPRA.

Audit recommends that inquiry may be held to fix the responsibility.

20.5.28 Unauthorized award of work to 2nd lowest bidder – Rs. 46.154 million

Para-23 of GFR Volume-I states that, every government officer should realize fully and clearly that he will be held personally responsible for any loss sustained by Government through fraud or negligence on his part and that he will also be held personally responsible for any loss arising from fraud or negligence on the part of any other Government officer to the extent to which it may be shown that he contributed to the loss by his own action or negligence.

Pakistan Rangers Sindh, HQ Karachi procured Bullet Proof Jackets plates from M/s BSF at a cost of Rs. 97,590,500 during 2022-23.

Audit observed that M/s National Radio Transmission Corporation quoted Rs. 60,143,850 for the whole procurement but the management awarded the contract to M/s BSF as per following details:

Size	NRTC Rate Rs.	BSF Rate Rs.	Difference Rs.	Quantity	Amount Rs.
Small	40,365	63,000	22,635	100	2,263,500
Medium	60,548	116,500	55,952	657	36,760,464
Large	76,694	148,000	71,306	100	7,130,600
Total					46,154,564

Audit is of the view that due to award of contract at higher rate the loss of Rs. 46.154 million was incurred which needs to be recovered.

The management replied that procurement of Bullet Proof Jacket Plates was carried out through open tender after fulfillment of all codal formalities. The contract was awarded to M/S BSF Associate, Karachi being lowest in quoted rates. M/S BSF quoted rates of quantity in pairs while M/S NRTC clearly quoted in numbers.

The reply is not acceptable. The management ignored the offer of lowest bidder i.e. M/s.NRTC and awarded the work to 2nd lowest bidder i.e. M/s. BSF Associate, Karachi.

Audit recommends that inquiry may be held to fix the responsibility.

Pakistan Rangers (Punjab)

20.5.29 Unauthorized award of work without obtaining earnest money- Rs. 129.912 million

As per tender notice Clause 2, firms registered with the HQ Pakistan Rangers Punjab will deposit 2% and un-registered firm will deposit 5% as security in favor of Director General Pakistan Rangers (Punjab) by pay order, call deposit or bank draft which is refundable.

Pakistan Rangers Punjab incurred expenditure on procurement of goods and services during 2022-23. Details are as under:-

(Amount in Rupees)

Rv No	Contractor	Item	Tender Quantity	Qty Purchased	Rate	Amount
1	Smart Trading	Fire extinguisher		161	18,500	2,978,500
2	Smart Trading	Tape Niwar	6523	2,438	460	1,121,480
3	Apex Corporation	Parat 32"	78	78	9,500	741,000
4	Apex Corporation	Saddler set for Horses	35	14	58,000	812,000
5	Sadqal Brothers	Ground Sheet	9291	9,291	2,250	20,904,750

14	Smart Trading	Tape Niwar	6523	1,524	460	701,040
15	Smart Trading	Fire extinguisher 50 kg (DCP)	262	101	18,500	1,868,500
16	Apex Corporation	karahi (large)	121	49	9,500	465,500
17	Apex Corporation	saddlery set	35	9	58,000	522,000
25	Sadqal Brothers	Anti-Riot Kit	700	414	64,000	26,496,000
26	Apex Corporation	Charpoy Iron Single	5366	347	6,800	2,359,600
28	Sultan Enterprises	Shalwar Qameez Gray	4557	1,521	3,600	5,475,600
30	Sultan Enterprises	thermal suit	10756	2,000	2,400	4,800,000
33	Sadqal Brothers	Anti-Riot Kit	700	190	64,000	12,160,000
37	Sultan Enterprises	Blanket GS	21370	16,801	1,600	26,881,600
39	Smart Trading	Tape Niwar		5,128	460	2,358,880
Total						129,911,650

Audit observed that work was awarded to supplier/contractor without obtaining call deposit in shape of pay order or bank draft in violation of the tender documents.

Audit also observed that instead of rejecting the tender, the management accepted the tender and works were awarded to ineligible bidders.

Audit is of the view that award of work without obtaining earnest money was irregular and in violation of rules.

The management replied that earnest money in shape of CDRs was obtained for successful bidders at the time of award of work/supply order. However, during verification no such record was produced.

DAC in its meeting held on 27.12.2023 directed to provide CDRs to Audit for verification.

Audit recommends matter may be inquired to fix responsibility.

20.5.30 Doubtful purchase of POL from M/s Hassan filling station through manual slips and amount paid to PSO against fleet card - Rs.5.591 million

Para-23 of GFR Volume-I states that, every government officer should realize fully and clearly that he will be held personally responsible for any loss sustained by Government through fraud or negligence on his part and that he will also be held personally responsible for any loss arising from fraud or negligence on the part of any other Government officer to the extent to which it may be shown that he contributed to the loss by his own action or negligence.

Pakistan Rangers Punjab incurred expenditure on procurement of POL during 2022-23 amounting to Rs. 365,807,195.

Audit observed that that procurement of POL was made from M/s Hassan filling station whereas, the invoices were paid in cash against fleet card account no 12163471 of M/s PSO amounting to Rs 5,591,642.

(Amount in Rupees)

Bill No	Billing Period	Supplier	Name of items	Quantity	Rate	Amount Rs.
63228	1.7.22 -7.7.22	Hassan filling station	Diesel	16,800.25	277.20	4,657,030
63228	1.7.22 -7.7.22	Hassan filling station	Petrol	780.18	249.40	194,577
63233	18.8.22 -19.8.22	Hassan filling station	Diesel	2,655.51	245.17	651,052
63233	18.8.22 -19.8.22	Hassan filling station	Petrol	379.23	234.64	88,983
Total						5,591,642

Audit is of the view that payment of bills other than supplier showed that either no purchases were made, or payment was made to other vendors.

The management replied that POL was procured from M/s Hassan filling station on manual slips and payment was made through crossed cheque in the name of vendor. However, during verification no such record was produced.

DAC in its meeting held on 27.12.2023 directed the management that reconciliation with filling station & PSO shall be carried out and provided to Audit.

Audit recommends that matter may be inquired to fixed responsibility and outcomes may be shared with the Audit.

20.5.31 Irregular expenditure without open Competition - Rs. 5.628 million

Rule 20 of Public Procurement Rules, 2004 states that the procuring agencies shall use open competitive bidding as the principal method of procurement for the procurement of goods, services and works.

Rule 12 (1) of Public Procurement Rules, 2004 states that all procurement opportunities for over 500,000 should be advertised on the Authority's website in the manners and format specified by regulation. The procurement opportunities may also be advertised in print media, if deemed necessary by a procuring agency. Pakistan Rangers Punjab procured spare parts for FCIs from M/s Hashim Trader Lahore amounting to Rs.5,628,961.

Audit observed that procurement was made without open tender.

Audit is of the view that expenditure without open competition was irregular and deprived Pakistan Ranger Punjab of the advantage of competitive rates.

The management replied that quotations from security cleared firms were obtained for supply of Fire Control Instruments being security item and supply order was issued to lowest bidder after completion of codal formalities.

DAC in its meeting held on 27.12.2023 directed to provide notification for declaration of FCI from Ministry of Interior as security item and other relevant record to Audit for verification within 7 days.

Audit recommends that inquiry should be initiated, and responsibility be fixed for misprocurement.

Pakistan Coast Guards

20.5.32 Irregular advance payment to M/s Paragon- Rs. 86 million

Para 397 of Federal Treasury Rules states that, as a general rule, and subject to such exceptions as may be authorized by the Government, no payment can be made to a contractor, except for work actually done or supplies actually received.

Pakistan Coast Guard incurred expenditure on procurement of 400 SMGs Chinese 7.62x39mm from M/s Paragon amounting to Rs. 86,000,000.

The audit observed that the whole amount of Rs. 86 million was paid as advance to M/s Paragon before actual receipt of weapons.

Audit is of the view that advance payment before rendering services and goods was irregular and a violation of rule.

The management replied that funds were allocated through supplementary grant on 19th June, 2023. Advance payment for supply of 400 SMGs was secured by obtaining cheque of equal amount. Supply has been completed and weapons taken on stock after post supply inspection.

Audit contended that advance payment without the approval of the Finance Division and without obtaining guarantee was not justified.

DAC in its meeting held on 12.12.2023 directed that shipment documents, inspection report, stock register and other relevant record may be verified within one month.

Audit recommends that responsibility may be fixed for the irregularity.

20.5.33 Irregular payment to M/s Abdul Latif - Rs 13.007 million

Rule 19 of Public Procurement Rules, 2004 states that the procuring agencies shall specify a mechanism and manner to permanently or temporarily bar, from participating in their respective procurement proceedings, suppliers and contractors who either consistently fail to provide satisfactory performances or are found to be indulging in corrupt or fraudulent practices. Such barring action shall be duly publicized and communicated to the Authority: Provided that any supplier or contractor who is to be blacklisted shall be accorded an adequate opportunity of being heard.

The management of Pakistan Coast Guard, Karachi paid an amount of Rs. 13.008 million to M/s Abdul Latif contractor during 2022-23.

During the audit year 2021-22 audit had objected that M/s Abdul Latif Contractor NTN Certificate No. 1512809-1 has three businesses on same NTN No. i.e. M/s Abdul Latif Contractor, M/s Shahid Latif Ghouri & Brothers and M/s Bilal Latif Contractor due to which the procurement process was not transparent which may lead to misappropriation of funds.

Audit is of the view that the same contractor, i.e. M/s Abdul Latif was again paid in the current year which the same contractor was paid again in current year which was irregular and unauthorized.

The management replied that all the three firms, i.e. M/s Abdul Latif, M/s Shahid Latif and Bilal Latif have been blacklisted and ceased to participate in the bidding in the future.

The DAC in its meeting held on 12.12.2023 directed that blacklisting orders shall be verified from Audit within two weeks.

Audit recommends that matter may be inquired to fix responsibility.

Note: The issue was reported earlier also in the Audit Report for Audit Year 2022-23 vide para number 14.5.23 having financial impact of Rs. 10.174 million. Recurrence of same irregularity is a matter of serious concern.

20.5.34 Irregular execution of agreements with all distributors – Rs. 57.466 million

Rule 36(b) of Public Procurement Rules, 2004 states that the bid shall comprise a single package containing two separate envelopes. Each envelope shall contain separately the financial proposal and the technical proposal, and the bid found to be the most advantageous bid shall be accepted.

Para 3(a) of tender documents states that tender will be opened as per single stage two envelopes bidding procedure as given in the Para 36(b) of PPRA Rules, 2004.

The management of Pakistan Coast Guard procured Drugs and Medicines from different contractors during 2022-23 amounting to Rs. 57,465,691 million.

The audit also observed that an agreement was signed with all the contractors/distributors through single contract.

Audit is of the view that through single contract procurement from each supplier/distributor could not be bifurcated.

The management replied that the contract for supply of medicines was awarded to lowest bidders in compliance with PPRA Rules. A single contract with all contractors/distributors was signed due to the same terms and conditions and specification of medicines. Contract agreement

for supply of specific items is being executed with individual contractors in compliance with the Audit Observation.

DAC in its meeting held on 12.12.2023 directed that individual agreements may be verified from audit.

Audit recommends that the irregular practice should be stopped besides fixing responsibility.

Note: The issue was reported earlier also in the Audit Report for Audit Year 2022-23 vide para number 14.5.23 having financial impact of Rs. 10.174 million. Recurrence of same irregularity is a matter of serious concern.

Local Government and Rural Development, Islamabad

20.5.35 Irregular retention of Contractor Security - Rs. 8.720 million

Para 399 (iii) of CPWA Code states that unclaimed securities for more than three completed years should be credited to government as lapsed deposit.

The Executive Engineer, Local Government & Rural development is maintaining accounts in Pakistan Post Office having balance of Rs. 350.377 million as on 30.6.2022.

Audit observed that contractors' unclaimed securities amounting to Rs 8.720 million were retained by the department instead of depositing into the treasury. Details are as under:

(Amount in Rupees)

Sr. No.	Scheme	Amount Rs.
1.	Street Pavement @ Ghur Srdar	81,160
2.	Construction of Nullah/pulli Hardogher	102,834
3.	Street /Sewer line @ Sihala Chaudhrian Phase-II	119,988
4.	Street Pavement @ Khadrapur	1,689,149
5.	Water Supply Scheme @ Shahpur	132,808
6.	Water Supply Scheme @ Pundori	422,502
7.	Water Supply Scheme @ Mohra Nugial	642,629
8.	Rehabilitation of Chak Khandan Syeda Road	57,500
9.	Construction of Road Chak Khnadar	40,490
10.	Street pavement @ Ghori Town	59,827
11.	Construction of road @ Talhar	1,643,014
12.	Water Supply Scheme Sihala/ Mohra Naigal	45,201
13.	Street Pavement House Malik Bashir @ Ghora Syedan	2,337
14.	Repair of Road in Area of Pindori	203,044
15.	Water supply scheme @ Kot Hathial Phase-II	42,272
16.	Street Pavement in Mohra Nagial, Humak Shikhpur & Kartana	2,377,777
17.	Construction of 6 KM Rural Roads in UC Koral Phase-II	1,057,533

	Total	8,720,065
--	--------------	------------------

Audit is of the view that retention of lapsed deposit was unauthorized.

The management did not reply.

Audit recommends that contractor's unclaimed security should be deposited into Government Treasury.

20.5.36 Irregular execution of work on road owned by Government of Punjab - Rs. 100 million

Para 12 of GFR states that a controlling officer must see not only that the total expenditure is kept within the limits of the authorized appropriation but also that the funds allotted to spending units are expended in the public interest and upon objects for which the money was provided.

The Executive Engineer awarded a work for rehabilitation up-gradation of Koral Road to M/s Irfan Developer at cost of Rs. 100 million.

Audit observed that the constructed road was under the ownership of Government of Punjab.

Audit is of the view that the fund of LG & Rd Islamabad should not be spent on the property owned by the Government of Punjab C&W department.

The management did not reply.

Audit recommends that inquiry may be held to fix the responsibility.

20.5.37 Excess payment for additional length of bridge - Rs. 5.251 million

Para 2.21 of B&R Code states that in cases where administrative approval for a certain sum has been accorded to a project by Government the Head of the Department concerned, should not, of his own authority and without previous reference to Government direct the Buildings and Roads Department to provide for extensive additions and alternations and thus exceed the estimated cost by, more than 5 per cent, necessitating the submission of an application for revised administrative approval.

The Executive Engineer LG & RD awarded a work for Designed Cum Construction of 85 feet bridge at Bari Imam, Islamabad to M/s Rawal Builders at a cost of Rs. 318,000 per RFT for

non-scheduled items and 3.5 % above on scheduled items. Total contractual cost comes to Rs. 36.359 million and date of completion was 06.06.2022.

Audit observed that as per measurement book No 563-page no. 32 the management paid an amount of Rs. 22.418 million 63.51% of total executed work for 111 RFT bridge length. Whereas, as per technical sanction and tender documents the bridge length was 85 RFT. Hence, a quantity of 26 RFT amounting to Rs. 5.251 million was overpaid to contractor (26 RFT x Rs. 318,000 x 63.51%).

Audit is of the view that enhancement of length without technical sanction was unauthorized.

The management did not reply.

Audit recommends that an inquiry may be held to fix the responsibility besides recovery of overpaid amount from the contractor.

20.5.38 Tempering in quoted rates - Rs. 2.310 million

Rule 31(1) of Public Procurement Rules, 2004 states that no bidder shall be allowed to alter or modify his bid after the bids have been opened. However, the procuring agency may seek and accept clarifications to the bid that do not change the substance of the bid.

The Executive Engineer, LGRD awarded work installation of streetlights in Shamas colony railway roads Phase-II at the rate of Rs.177,600 for 110 streetlights.

Audit observed that the contractor installed 110 streetlights at a cost of Rs. 177,600 each whereas, as per tender document the contractor quoted Rs. 156,600 which was enhanced to 177,600 by altering the quoted rate.

Hence, an amount of Rs.2.310 million was paid in excess of the quoted rate (110x 21,000).

The management did not reply.

Audit recommends an inquiry in the matter and outcome may be shared with Audit.

20.5.39 Loss due to award of work to 2nd lowest bidder - Rs. 3.011 million

Public Procurement Rule 38 states that the bidder with the most advantageous bid, if not in conflict with any other law, rules, regulations or policy of the Federal Government, shall be awarded the procurement contract, within the original or extended period of bid validity.

The management of Local Government and Rural Development, Islamabad awarded the following works to contractors amounting to Rs. 40.000 million during financial year 2022-23:

(Amount in Rupees)				
Sl. No.	Name of Work	Awarded to	Awarded on	Contract Amount (Rs.)
1.	Construction of road from dispensary to culvert along with protection wall at Golra Sharif	M/s Ch. Qaiser Hayat	12.12.2022	25,000,000
2.	Rehabilitation of Railway Station Golra Road Phase-II	M/s Islamabad Enterprises	24.11.2022	15,000,000
Total				40,000,000

Audit observed that:

- i) The management awarded the aforementioned works to the second (2nd) lowest instead of first (1st) lowest which is misprocurement.

(Amount in Rupees.)					
Sl. No.	Contractor	Bidder	Estimated Cost	Bid Amount	Quoted Rate
Construction of road from dispensary to culvert along with protection wall at Golra Sharif					
1.	M/s Sidrial Associates	1 st Lowest	25,000,000	14,500,000	42% Below
2.	M/s Ch. Qaiser Hayat	2 nd Lowest	25,000,000	16,500,000	34% Below
Difference (2nd lowest – 1st Lowest) (A)				2,000,000	
Rehabilitation of Railway Station Golra Road Phase-II					
3.	M/s HUE Indoors	1 st Lowest	15,000,000	8,847,105	41.01% below
4.	M/s Islamabad Enterprises	2 nd Lowest	15,000,000	9,858,000	34.28% below
Difference (2nd lowest – 1st Lowest) (B)				1,010,895	
Difference (A + B)				3,010,895	

- ii) Escape / denying to execution work by the First lowest bidder were not on record.
- iii) Work (at Sl. No. 02) was awarded on 24.11.2022, however, the completion period was three (03) months i.e. 23.02.2023 but contract agreement was signed with the contractor on 07.01.2023 after one (01) month and fourteen (14) days.
- iv) The Work Completion Certificate was neither dated nor date of completion of work was mentioned to ascertain whether the work completed as per given time or otherwise.

Audit is of the view that award of contracts to second (2nd) lowest instead of first (1st) lowest caused loss to public exchequer amounting to Rs. 3,010,895.

Neither the management replied nor was the DAC convened till finalization of this report.

Audit recommends probing the matter for fixing of responsibility.

Directorate of Immigration and Passports Southern Zone Karachi

20.5.40 Loss due to delay in deposit of Passport & Visa fees receipts by NBP into SBP - Rs.7.622 million

According to minutes of the meeting held dated 20.03.2019, under the chairmanship of Joint Secretary (Budget Implementation) Finance Division, regarding timely deposit, reporting and reconciliation of Passport fee, the representatives of DG immigration and passport highlighted the problem of non-reporting of passport receipts, less deposit, delayed reporting and incomplete reporting which contributed to delayed issuance of passports. NBP representatives on their part assured to provide better services and to improve the reporting and reconciliation regime, by developing an IT-based solution for the collection of passport fees, deposit and settlement of consolidated receipts by chest branch on a daily basis.

Rule 7 of FTR states that all money received by or tendered to Government officers on account of the revenues of the Federal Government shall without undue delay be paid in full into a treasury or into the Bank.

The management of Directorate of Immigration & Passports (Southern Zone) Karachi provided a few challans regarding consolidated receipts i.e. Passport Fee, Visa Fee amounting to Rs. 783,500,224/- as deposited by NBP into SBP.

Audit observed that NBP had deposited the amount after a lapse of 3 to 102 days instead of daily basis into SBP in violation of the above policy and government rules. As such the Government was deprived of the profit that could have been earned if the funds had been received by Government in time. From the available record, Audit calculated an estimated profit that could have been earned amounting to Rs. 7,622,921/- as per SBP Policy rates for the month of November 2022 to June 2023.

Audit is of the view that delays in the deposit of consolidated receipts amounting to Rs. 783,500,224/- million after a lapse of 3 to 102 days instead of daily basis into SBP deprived the government exchequer of its due share of profit amounting to Rs. 7,622,921/-, which was a lapse on the part of management for not pursuing the matter with NBP.

The management has not submitted a reply within given time frame and till finalization of the report.

Audit recommends that responsibility may be fixed for non-compliance of the decisions taken in the meeting of the Finance Division besides regularization of the matter.

Federal Investigation Agency, Cyber Crime Wing, Lahore Zone

20.5.41 Inordinate delay in finalization of cybercrime inquiries in violation of Standard Order of FIA (HQ)

Federal Investigation Agency (HQ), Islamabad vide letter No. FIA/ P&C/SO/2020/2652-82 dated 04.11.2020 issued Standard Order (SO) No.05/2020 containing directions and guidelines regarding verification, inquiry proceedings, investigation of cases, change/transfer of inquiry/investigation and matters connected therewith. Para 10 of the Standard Order states that (ii) the inquiry officer will restrict the scope of the probe to the extent of the issues/points approved by the 'circle in charge' and finalize the inquiry with 45 days (in case of ATHC/Cyber Crime) and 90 days (in case of inquiries of the other specialized circles).

Para-10(b) (iv) further states that "Delay in inquiry on the ground of non-availability of record by an EO shall be constructed as inefficiency on the part of EO and Supervisory Officer except in enquires where action u/s 194 Cr.P.C followed by Sec.175 PPC has been taken matter reported to Zonal Directorate through supervisory officer".

Para-10(vi) states that in case enquiries are not finalized within 45 days (ATHC/Cyber Crime enquiries) and 90 days (in the enquiries of other circles), due to its complex nature, wider scope or other justifiable reasons. Zonal Director may grant an extension up to 90 days for its completion, on the basis of the sound reasons to be provided by the EO through Circle In charge.

The management of FIA Cyber Crime Wing, Lahore Zone, Lahore started 240 Enquiries of cybercrimes during financial year 2021-22. Out of total 240 Enquiries the Cyber Crime Wing finalized and submitted 36 interim challans to the Courts.

Audit observed as under:

- i. Despite lapse of considerable period of more than two years total two hundred and four (204) Enquires were still pending in the Cyber Crime Wing Lahore Zone, Lahore.
- ii. Due to improper monitoring no action was initiated against the concerned Enquiry Officers responsible for the delay.

Audit is of the view that Standard Order issued by the FIA Headquarters, Islamabad was not complied with. Due to non-finalization of Enquires the efficiency of concerned officers of Cyber Crime Wing is questionable.

The management did not reply.

Audit recommends inquiry to fix the responsibility for the lapse besides finalization of all pending enquiries at the earliest.

Inspector General Frontier Corps (North), Balochistan

20.5.42 Unauthorized / unjustified allocation and utilization of budget on account of Repair of Transport - Rs. 520.000 million

Rule 11 of GFR Vol-I states that each head of a department is responsible for enforcing financial order and strict economy at every step. He is responsible for observance of all relevant financial rules and regulations both by his own office and by subordinate disbursing officers.

Para 12 of GFR states that a controlling officer must see not only that the total expenditure is kept within the limits of the authorized appropriation but also that the fund allotted to spending units are expended in the public interest and upon objects for which the money was provided. In order to maintain proper control, he should arrange to be kept informed, not only of what has actually been spent from an appropriation but also what commitments and liabilities have been and will be incurred against it. He must be in a position to assume before Government and the Public Accounts Committee, if necessary, complete responsibility for departmental expenditure and to explain or justify any instance of excess or financial irregularity that may be brought to notice as a result of audit scrutiny or otherwise”.

The management of Inspector General Frontier Corps (North) Balochistan incurred an expenditure of Rs. 520,354,470 on purchase of spare parts for vehicles during financial year 2022-23.

Audit observed that Ministry of Interior allocated funds amounting to Rs.538,705,885 to the Frontier Corps (North) Balochistan under head of repair of transport. A detailed analysis revealed that Rs.520,354,470 constituting 97% of the total allocation, were allocated and utilized by the HQFC(N) through cost centre QA2018 having only 94 vehicles out of 2,800 vehicles. The remaining Rs.18,351,415, amounting to 3% of the total expenditure, were allocated and utilized by the 11 under command corps/ units having 2,706 vehicles, with a per corps share of only 0.31 % detailed as under:

(Amount in Rupees)

Head of account	Total Allocation to FC (North)	Drawn by HQFC	Drawn by 11 Under command Corps	per Corp share
Repair of transport	538,705,885	520,354,470	18,351,415	1,668,310
	100%	97%	3%	0.31%

Audit is of the view that 97% of the total allocation was drawn and utilized by the HQFC(N), leaving only 3% for the 11 under command corps working on field, with a per corps share of 0.31% which is a substantial imbalance and unjustified distribution of funds and excess budget was allocated to HQFC than budget estimates and less budget was allocated to under command corps.

Neither the management replied nor was the DAC convened till finalization of this report.

Audit recommends proper allocation of resources along with justification of distribution to each unit/cost center on basis of actual requirement besides inquiry to fix responsibility.

20.5.43 Non-payment of insurance claims to Shuhada and injured persons of FC (North) – Rs.100.200 million

According to Clause 3.10 of the Contract Agreement, the J.S Bank will provide all FC employees having an active JS Wallet Account with insurance of PKR 600,000.

GFR-23 states every Government officer should realize fully and clearly that he will be held personally responsible for any loss sustained by Government through fraud or negligence on his part and that he will also be held personally responsible for any loss arising from fraud or negligence on the part of any other Government officer to the extent to which it may be shown that he contributed to the loss by his own action or negligence.

The management of Inspector General Frontier Corps (North) Balochistan awarded a contract to JS bank for disbursement of pay and allowances of employee of FC (North) Balochistan. As per Agreement the J.S Bank was required to provide all FC employees having an active JS Wallet Account with insurance of PKR 600,000.

Audit observed that Rs.100,200,000 was to be paid by J.S Bank to 167 martyrs (Shuhada) but the amount was not paid by JS Bank to families of Shuhada of FC (North) Balochistan during financial year 2022-23.

Audit is of the view that non-payment of insurance by JS Bank is a violation of the agreement and non-imposition of penalty on bank is undue favor by the management.

Neither the management replied nor was the DAC convened till finalization of this report.

Audit recommends that the subject amount may be recovered from the J.S Bank and paid to families of shuhada and injured persons on priority basis.

20.5.44 Irregular hiring of services of JS Bank for disbursement of pay & allowances to 43448 FC personnel

Rule 12(2) of PPRA states that all procurement opportunities over three million Pakistani Rupees should be advertised on the Authority website as well as in other print media or newspapers having wide circulation. The advertisement in the newspapers shall principally appear in at least two national dailies, one in English and the other in Urdu.

Rule 19(i) of GFR Vol-I states that no contract involving an uncertain or indefinite liability, or any condition of an unusual character should be entered into without the previous consent of the Ministry of Finance. The terms of a contract must be precise and definite and there must be no room for ambiguity or misconstruction therein.

The management of Inspector General Frontier Corps (North) Balochistan hired the services of J. S Bank for disbursement of pay and allowances of 43448 FC personnels. A total of Rs. 19.994 billion was disbursed through JS Bank Mobile Wallet (MW) accounts to the employees of 11 units under command corps during 2022-23.

Audit observed as under:

- i. Headquarters Frontier Corps hired J.S. Bank services for disbursement of pay & allowance to employees without open competition.
- ii. Hiring the services of JS Bank without competition deprived employees of better incentive packages, such as free insurance, loan facilities, complimentary ATM cards and cheque books, and lower annual charges. In contrast, previously HBL offered free ATM cards and cheque books, while J.S. Bank charges Rs.1,380 per year for each employee for ATM.
- iii. Neither a branch of J.S Bank nor ATM facility was available in Sibi city.
- iv. Pay and allowances were disbursed through Mobile Wallet (MW) Accounts of branchless banking instead of proper bank accounts.
- v. Government employees have option to draw their salaries from any scheduled bank authorized by State Bank of Pakistan. Moreover. Government employees can change their

banks for drawing salaries on their own will but have to provide NOC from previous bank branch. Neither option from employee nor NOC from previous bank was provided to audit.

- vi. No details of disbursement from J.S. Bank to the employees' accounts were available on record.

Audit is of the view that hiring services of J.S Bank without open competition with less facilities and more charges without having branches at all stations. Further, management was required to obtain NOC from each employee regarding opening of account.

Neither the management replied nor was the DAC convened till finalization of this report.

Audit recommends hiring services from a well-reputed bank through open competition, offering better incentives and lower costs for employees besides inquiry to fix responsibility.

20.5.45 Unauthenticated expenditure on account of Cost of Other Store & payment through centralized system – Rs. 5,588. 303 million.

Rule 25 of GFR Volume -1 states All Departmental regulations in so far as they embody orders or instructions of a financial character or have important financial bearing should be made by, or with the approval of, the Ministry of Finance and also violation of GFR-12.

The management of Inspector General Frontier Corps (North) Balochistan incurred an expenditure of Rs. 5,588,303,280 incurred on account Cost of the Stores (A03942) during financial year 2022-23.

Audit observed as under:

- i. Daily Parade state duly singed by concerned officer/ commandant of units/ wings
- ii. Daily Messing Register duly singed by concerned commandant of units/ wings
- iii. Feeding registers duly singed by concerned officer/ commandant of unit/ wing
- iv. Ration Goshwaras duly singed by Q branch of concerned unit and wing commandants.
- v. Monthly ration Returns of concerned units
- vi. Line committee report of concern Wing.
- vii. CRO-II for in & out status of FC personals.
- viii. Detail of SOS, OSL and AWOL persons
- ix. List of family man receiving dry ration
Leave Ration

Audit is of the view that due to non-availability of appropriate internal controls and pre-audit system of the records/supporting documents, the risk of misappropriation cannot be overruled, and the subject expenditure cannot be authenticated.

Neither the management replied nor was the DAC convened till finalization of this report.

Audit recommends that the practice of centralized payment for other cost centers may be stopped forthwith, and budget may be allocated/spent under the concern cost centers beside strengthen the centralized internal control for payment through their respective cost center.

20.5.46 Unjustified/rush of expenditure on account of POL to avoid lapse of funds - Rs.1,102.572 million

Para 23 of GFR states that every Government officer should realize fully and clearly that he will be held personally responsible for any loss sustained by Government through fraud or negligence on his part and that he will also be held personally responsible for any loss arising from fraud or negligence on the part of any other Government officer to the extent to which it may be shown that he contributed to the loss by his own action or negligence.

Para 10 of GFR Vol-I states that every officer incurring or authorizing expenditure from public funds should be guided by high standards of financial propriety.

The management of Inspector General Frontier Crops (North) Balochistan incurred expenditure of Rs.1,887,792,681 on account of POL charges during 2022-23. Details are as under:

Sr No	Month	Expenditure
1	July	0
2	August	54,828,778
3	September	53,246,001
4	October	51,209,151
5	November	60,849,774
6	December	96,380,799
7	January	150,764,145
8	February	58,365,471
9	March	258,006,483
10	April	1,570,039
11	May	0
12	June	1,102,572,040
Total Expenditure during year		1,887,792,681
% Expenditure in month of June		58%

Audit observed that the local office has incurred expenditure of Rs.1,102,572,040 on account of POL in month of June which is 58 % of total expenditure.

Audit further observed that the Logbooks, Movement register and issuance record were not available with the management to authenticate the expenditure.

Audit is of the view that the expenditure was made in the month of June just to avoid lapse of funds and non-maintenance of record is a serious lapse on the part of management.

Neither the management replied nor was the DAC convened till finalization of this report.

Audit recommends inquiry to fix responsibility besides provision of record of POL on priority basis.

Inspector General Frontier Corps (South) Balochistan

20.5.47 Unauthenticated expenditure for Cost of Other Store & payment through centralized system – Rs. 5,031.589 million

As per Rule 11 of GFR Volume-I each head of a department is responsible for enforcing financial order and strict economy at every step. He is responsible for observance of all relevant financial rules and regulations both by his own office and by subordinate disbursing officers.

Rule 25 of GFR Volume -1 states all Departmental regulations so far as they embody orders or instructions of a financial character or have important financial bearing should be made by, or with the approval of, the Ministry of Finance.

The management of Inspector General Frontier Corps (South) Balochistan incurred expenditure of Rs. 5,031,589,508 on account of Cost of the Stores (A03942) during financial year 2022-23.

Audit observed that ration bills pertaining to others/Sub-ordinate units were paid from the cost center of Headquarter FC (TB3906) through centralization, without approval of Finance Division.

Audit further observed that the following record / supporting documents of concerned units/ wings were not available in local office to verify and authenticate the subject expenditure:

- i. Daily Parade state duly signed by concerned officer/ commandant of units/ wings
- ii. Daily Messing Register duly signed by concerned commandant of units/ wings
- iii. Feeding registers duly signed by concerned officer/ commandant of unit/ wing
- iv. Ration Goshwaras duly signed by Q branch of concerned unit and wing commandants.
- v. Monthly ration Returns of concerned units
- vi. Line committee report of concern Wing.
- vii. CRO-II for in & out status of FC personals.

- viii. Detail of SOS, OSL and AWOL persons
- ix. List of family man receiving dry ration
- x. Leave Ration

Further, that Subject expenditure incurred on behalf of other Sub-ordinate/cost centers was not reconciled with concerned units.

Audit is of the views that while payment through centralized system the three level of pre-audit and internal controls i.e. at wing commander level, at Q Branch of Sub-ordinate Office/ Units and at Accounts branch / Account Officer and commandant level were not established besides non-maintenance of record is a serious lapse on the part of management.

Neither the management replied nor was DAC convened till finalization of this report.

Audit recommends to review the practice of centralized payment of other cost centers and to allocate/spend the budget under the concerned cost centers besides strengthening the internal control at headquarter and corp level.

20.5.48 Nonpayment of insurance claims by J.S bank to Shuhada and injured persons of FC (South) - Rs. 42.000 million

According to Clause 3.10 of the Contract Agreement, The J.S Bank will be provided all FC employees having an active JS Wallet Account with insurance of PKR 600,000.

As per Para 11 of GFR Vol-I each head of a department is responsible for enforcing financial order and strict economy at every step. He is responsible for observance of all relevant financial rules and regulations both by his own office and by subordinate disbursing officers.

The management of Inspector General Frontier Crops (South) Balochistan awarded a contract to JS bank for disbursement of pay and allowances of employee of FC (North) Balochistan. As per Agreement the J.S Bank was required to provide all FC employees having an active JS Wallet Account with insurance of PKR 600,000.

Audit observed that Rs.42,000,000 was to be paid by J.S Bank to 44 martyrs (Shuhada) and 26 in service death but the amount was not paid by JS Bank to families of FC (South) Balochistan during financial year 2022-23.

Audit is of the view that non-payment of insurance by JS Bank is a violation of the agreement and non-imposition of penalty on bank is undue favor by the management.

Neither the management replied nor was the DAC convened till finalization of this report.

Audit recommend that subject amount may be recovered from the J.S Bank and paid to families of shuhada and in service death persons on priority basis.

20.5.49 Irregular hiring of services of JS Bank for disbursement of pay & allowances to 35000 FC personnel.

Para-7 of GFR Vol-I states, unless otherwise expressly authorized by any law or rule or order having the force of law, money may not be removed from the Public Account for investment or deposit elsewhere without the consent of the Ministry of Finance.

Rule 12(2) of PPRA states that all procurement opportunities over two million Pakistani Rupees should be advertised on the Authority website as well as in other print media or newspapers having wide circulation. The advertisement in the newspapers shall principally appear in at least two national dailies, one in English and the other in Urdu.

The management of Inspector General Frontier Corps (South) Balochistan hired the services of J.S Bank for disbursement of pay and allowances during financial year 2022-23.

Audit observed as under:

- i. The management of Headquarters Frontier Corps hired J.S. Bank services for disbursement of pay & allowance to employees without open competition.
- ii. Hiring the services of JS Bank without competition deprived employees of better incentive packages, such as free insurance, loan facilities, complimentary ATM cards and cheque books, and lower annual charges. In contrast, previously HBL offered free ATM cards and cheque books, while J.S. Bank charges Rs.1,380 per year for each employee for ATM.
- iii. Government employees have option to draw their salaries from any scheduled bank authorized by State Bank of Pakistan. Moreover. Government employees can change their banks for drawing salaries on their own will but have to provide NOC from previous bank branch. Neither option from employee nor NOC from previous bank was provided to audit.
- iv. Mobile wallet / branchless bank account was opened for disbursement of pay & Allowance of 35000 plus personal features of JS wallet account are not that of a normal bank ID/ account number as there are monthly and annual limits on it and payment of pension, commutation and GP Fund could not be processed being high in amount. Nor there is the cheque leaf drawl facility in this type of accounts.
- v. JS Bank is a small and low-profile bank and pooling of all employees' salary there by compulsion is not in line with Finance Division policy. Besides, if there goes something wrong in one bank, all employees might suffer. Therefore, it is not safe and reliable to bring all employees into the pool of JS Bank, which is a comparatively small bank having limited assets.

- vi. No details of disbursement from J.S. Bank to the employee's accounts were available on record.

Audit is of the view that hiring services of J.S Bank without open competition with less facilities and more charges without having branches at all stations. Further, management was required to obtain NOC from each employee regarding opening of account.

Neither the management replied nor was the DAC convened till finalization of this report.

Audit recommends hiring services from a well-reputed bank through open competition, offering better incentives and lower costs for employees besides inquiry to fix responsibility.

Note: The issue was reported earlier also in the Audit Report for Audit Year 2022-23 vide para number 14.5.64. Recurrence of same irregularity is a matter of serious concern.

20.5.50 Doubtful expenditure on purchase of Drugs & medicines - Rs. 130.000 million

Rule 12 of GFR Vol-I requires that, "A Controlling officer must see not only that the total expenditure is kept within the limits of the authorized appropriation but also that the funds allotted to spending units are expended in the public interest and upon objects for which the money was provided. In order 'to maintain proper control, he should arrange to be kept informed, not only of what has actually been spent from an appropriation but also what commitments and liabilities have been and will be incurred against it.

The management of Inspector General Frontier Corps (South) Balochistan incurred an expenditure of Rs.130.000 million on accounts of purchase of drugs and medicine during financial year 2022-23.

Audit observed that:

- i. Drugs and medicine were purchased for other cost center / sub-ordinate corps and payment was made from the cost center (TB3906).
- ii. Purchased medicine were given to 10 other units/ corps having separate cost center.
- iii. Neither demand nor requisition of the medicines from Under Command Corps/ Units were available on record.
- iv. OPD slip, Doctor's prescription, and medicine issuance slips were not available.
- v. Record of issuance and distribution of medicine were also not available.
- vi. Various items of bulk were purchased in local purchase on higher rates.

- vii. Details of patients to whom these medicines were issued were not available.
- viii. The expenditure/supplied items were not reconciled with Under-Command Corps/ Units.
- ix. Local purchase of medicine of Rs. 29.000 million, for emergency purposes, was made from a medical firm in Peshawar and these medicines were to be supplied to 64 wings in emergency at Balochistan located at distance of hundreds of Kilometers.

Audit is of the view that the expenditure is doubtful, and authenticity cannot be determined in absence of above record.

Neither the management replied nor was the DAC convened till finalization of this report.

Audit recommends inquiry to fix the responsibility besides stopping the centralized purchase of drugs and medicine and proper maintenance of record. Further, Medicine may be purchased by each corps/ unit on required basis.

Inspector General Frontier Corps (North) KP

20.5.51 Loss to government due to award of contract on higher rates Rs. 33.376 million

Para 38 of PPRA, 2004 states that the bidder with the lowest evaluated bid, if not in conflict with any other law, rules, regulations or policy of the Federal Government, shall be awarded the procurement contract, within the original or extended period of bid validity.

The Inspector General Frontier Corps (North) floated tender for the purchase of Mini TI Cameras.

Audit observed that 03 Bidders participated in the bid process and offered the following rates. The bidder at serial No-01 offered the lowest rate. However, the contract was awarded to the bidder at S.No-02.

#	Item	<u>Bidder No-1</u> Mars Network	<u>Bidder No-2</u> Super Net	<u>Bidder No-3</u> Crimson International
1	Mini TI Cameras	Rate 444,600	Rate 1,456,001	Rate 1,594,593

Audit is of the view that the management was required to conduct procurement process as per PPRA Rules in a transparent and economical manner.

The procurement of the subject items at higher rates resulted in a loss of Rs.33.376 million. Details are as below.

#	Item	<u>Bidder No-1</u> Mars Network <u>Per unit Rate</u>	<u>Bidder No-2</u> Super Net <u>Per unit Rate</u>	Difference	Quantity	Amount (Rs)
1	Mini TI Cameras	444,600	1,456,001	1,011,401	33	33,376,233
Total						33,376,233

The observation was issued on 14.08.2023 but no reply was received till finalization of the report.

Audit recommends that matter may be inquired for fixing responsibility.

20.5.52 Doubtful supply of Diesel to various subordinate units - Rs. 230.00million

Para 148 of GFR states that all materials received should be examined, counted, measured or weighed as the case may be, when delivery is taken, and they should be taken in charge by a responsible Government officer who should see that the quantities are correct and their quality good, and record a certificate to that effect. The officer receiving the stores should also be required to give a certificate that he has actually received the materials and recorded them in the appropriate stock register.

The IGFC KP North incurred expenditure of Rs.230,000,052 on account of Supply of Diesel under the head A03807-POL Charges and issued to various sub-ordinate Units during the year 2022-23. Details are as under:

S.No	Units	Quantity in Liters	Rate	Supplier	Amount in Rs.
1	Chitral Scouts	96468			27,057,345
2	Dir Scouts	96468			27,057,345
3	Bajaur Scouts	128669			36,089,081
4	Mohmand Rifles	112546		Ihsan Ullah	31,566,902
5	Khyber Rifles	112546	280.48	& Co	31,566,902
6	Bara Rifles	96468			27,057,345
7	Tirah Rifles	96468			27,057,345
8	Orakzai Scouts	80390			22,547,787
	Total	820023			230,000,052

Audit observed that:

1. Demand for additional diesel form the Units was not available on record.
2. Issue and Receipt Vouchers were not available on record.
3. Stock issue/received register was not available.
4. Consumption details of the above quantities of diesel were not provided.

Audit is of the view that the units were provided with sufficient resources to meet their POL requirements under the head A03807-POL. Hence supply of POL to the Subordinate Units by the Headquarter was unjustified.

Due to the above-mentioned irregularities, the audit could not ascertain the justification for issuance of the 820023 Liter Diesel, which indicates the weak financial and internal controls of the Organization.

The observation was issued to the management on 14.08.2023 but no response was received till finalization of the audit report.

Audit recommends that responsibility may be fixed besides provision of justification and documentary evidence.

20.5.53 Irregular draws of Pay & Allowances through DDO - Rs. 250.938 million

Clause 2.3.2.8 of Accounting Policies and Procedure Manual states that ‘the accounting system shall include controls to minimize the risk of fraud and corruption. This objective shall be addressed by issue of payment through direct bank transfer and cheques’.

The management of the following formations under the Headquarter Frontier Corps KP (North) incurred an amount of Rs.250,938,440 on account of salaries during the financial year 2022-23. Details are as under:

Para No of AIR	Name of Office	Description	Controlling Authority	Amount in Rs
10	Orakzai Scouts	Pay & allowances	IGFC (N) KP	76,060,420
09	Bajaur Scouts	Pay & allowances	IGFC (N) KP	61,064,936
11	Khyber Rifles	Pay & allowances	IGFC (N) KP	26,229,523
10	Tirah Rifles	Pay & allowances	IGFC (N) KP	28,993,784
09	Mohmand Rifles	Pay & allowances	IGFC (N) KP	41,683,813
05	Dir Scouts	Pay & Allowances	IGFC (N) KP	16,905,964
Total (Rs.)				250,938,440

Audit observed that salaries of Jawans were drawn through Drawing and disbursing officer (DDO) instead of vendor /individual bank accounts of payees.

Audit is of the view that withdrawal of salaries and operating expenses on DDO was irregular and in violation of the above stated rule.

Audit holds that the management was bound to ensure the payment of salaries through bank accounts.

The irregularity occurred due to weak financial and internal control of the Organization.

The management (s) replied that pay and allowances of recruits were drawn through DDO due to their new appointment. Furthermore, now the bank accounts are opened for all employees and salaries are routed through banks.

The management accepted the Audit observation.

Audit recommends that responsibility may be fixed besides stopping the recurring irregularity under intimation to audit.

Note: The issue was reported earlier also in the Audit Report for Audit Year 2022-23 vide para number 19.5.12 having financial impact of Rs. 1,561.0148 million. Recurrence of same irregularity is a matter of serious concern.

Inspector General Frontier Corps (South) KP

20.5.54 Irregular expenditure for the supply of ration without open tendering- Rs.205.709 million

Para 04 of PPRA Rules-2004 states that, procuring agencies, while engaging in procurements, shall ensure that the procurements are conducted in a fair and transparent manner, the object of procurement brings value for money to the agency and the procurement process is efficient and economical.

The management(s) of the following formations, under the administrative control of IGFC South KP, extended the Contracts of 2021-22 for the supply of Ration for FY-2022-23, and made a payment of Rs.205,708,844 up to 06.2023. Details are as under:

Para No	Name of Formation	Description	Expenditure (Rs.)
12	Kurram Militia	A03942-Cost of Other Stores,	102,646,492
03	Bhittani Rifles	Purchase of Ration	103,062,352
	Total (Rs.)		205,708,844

Audit observed that the management modified the agreement and revised the rates w.e.f. December-2022.

Audit holds that the contractors were bound to supply the ration as per rates approved/agreed upon in the amended slip. However, the management revised the rates without calling fresh tenders and the contractors were extended undue favor.

Due to this act of the management the payment of Rs. 205,708,844 was held as irregular.

The management replied that the tender process for the supply of ration was conducted by the HQFC. The contracts were revised in light of Clause-17 of the Contract agreement and accordingly ration supply as per approved contracts and rates was ensured.

The reply of the management was not accepted as modification in rates is a violation of the PPRA Rules.

The PAO was requested on 03.01.2024 to convene the DAC but DAC was not convened till finalization of the Report.

Audit recommends that responsibility may be fixed for the pointed-out irregularity besides recovery of the loss sustained by the government.

20.5.55 Irregular draws of Pay & Allowances through DDO - Rs. 211.238 million

Clause 2.3.2.8 of Accounting Policies and Procedure Manual states that ‘the accounting system shall include controls to minimize the risk of fraud and corruption. This objective shall be addressed by issue of payment through direct bank transfer and cheques’.

The management of the following formations under Headquarter Frontier Corps KP (South) and incurred an amount of Rs. 211,237,997 on account of salaries during the financial year 2022-23. Detailed as under:

Para No of AIR	Name of Office	Description	Controlling Authority	Amount in Rs
04	Thall Scouts	Pay & allowances	IGFC (S) KP	10,869,908
11	Bhittani Rifles	Pay & allowances	IGFC (S) KP	57,881,772
11	Shawal Rifles	Pay & allowances	IGFC (S) KP	124,231,423
05	South Waziristan Scouts	Pay & allowances	IGFC (S) KP	18,254,894
Total (Rs.)				211,237,997

Audit observed that salaries of Jawans were drawn through drawing and disbursing officer (DDO) instead of vendor /individual bank accounts of payees.

Audit is of the view that withdrawal of salaries and operating expenses on DDO was irregular and in violation of the above stated rule.

Audit holds that the management was bound to ensure the payment of salaries through bank accounts as required under the above quoted rules.

The management (s) replied that pay and allowances of recruits were drawn through DDO due to their new appointment. Furthermore, now the bank accounts are opened for all employees and salaries are routed through banks.

The management accepted the Audit observation.

The PAO was requested on 03.01.2024 to convene the DAC but DAC was not convened till finalization of the Report.

Audit recommends that responsibility may be fixed besides stoppage of such recurring irregularity under intimation to audit.

Note: The issued was reported earlier also in the Audit Report for Audit Year 2022-23 vide para number 14.5.51 having financial impact of Rs. 5,811.840 million. Recurrence of same irregularity is a matter of serious concern.

20.5.56 Non-transparent procurement of Stationery items in violation of PPRA Rules - Rs. 8.339 million

Para 28 (2) of PPRA 2004 states that all bids shall be opened publicly in the presence of the bidders or their representatives who may choose to be present, at the time and place announced prior to the bidding. The procuring agency shall read aloud the unit price as well as the bid amount and shall record the minutes of the bid opening. All bidders in attendance shall sign an attendance sheet. All bids submitted after the time prescribed shall be rejected and returned without being opened.

Para 38 of PPRA 2004 states that acceptance of bids the bidder with the lowest evaluated bid, if not in conflict with any other law, rules, regulations or policy of the Federal Government, shall be awarded the procurement contract, within the original or extended period of bid validity.

The management of Headquarter Frontier Corps (South) floated the tender for Stationery and Printing items on 30.08.2022. The tenders were required to reach the quarter concerned on or before 10.30 am, 12.09.2022. Subsequently different contractors participated in the bidding process and awarded the contract to the lowest bidder i.e. Silk Route Contracting Pvt Ltd.

Audit observed that the management incurred an expenditure of Rs. 8,338,700 on the purchase of stationary items and paid to M/S Silk Route Contracting Pvt Ltd during the financial year 2022-23. Details are given below.

Cheque No.	Date	Amount
8194770	19.10.2022	1,598,000
8703220	05.12.2022	1,654,000
8964526	17.03.2023	147,000
8965116	10.05.2023	2,645,000
8965821	14.06.2023	147,000
8965820	14.06.2023	1,910,000
8966074	27.06.2023	237,700
<i>Total</i>		<i>8,338,700</i>

The following irregularities were noticed.

- Minimum response time of 15 days was not given to the participants.
- Sealed envelopes were not available on record which indicates that the quotations were collected by hand in violation of the PPRA rules.
- Attendance of bidders/participants was not available on record.
- The quotations were unsigned, undated and unstamped.

In light of the above facts the procurement was held as non-transparent and irregular.

Audit holds that the management was required to conduct the procurement process in transparent manner as provided in the PPRA rules.

The management replied that the procurement was made in compliance with PPRA Rules and all other codal formalities were followed. The points raised in the audit para are noted for future compliance.

The management accepted the audit observation.

Audit recommends that responsibility may be fixed for violation of PPRA Rules.

20.5.57 Loss to government due to purchase of Uniform Articles at higher rates-Rs.46.125 million.

Para 38 of PPRA 2004 states that the bidder with the lowest evaluated bid, if not in conflict with any other law, rules, regulations or policy of the Federal Government, shall be awarded the procurement contract, within the original or extended period of bid validity.

Para-29 of PPRA Rules-2004 states that procuring agencies shall formulate an appropriate evaluation criterion listing all the relevant information against which a bid is to be evaluated. Such evaluation criteria shall form an integral part of the bidding documents. Failure to provide for an unambiguous evaluation criterion in the bidding documents shall amount to mis-procurement.

Para 2 (h) of PPRA Rules-2004 states that “most advantageous bid” means,- (i) a bid or proposal for goods, works or services that after meeting the eligibility or qualification criteria, is found substantially responsive to the terms and conditions as set out in the bidding or request for proposals document; and (ii) evaluated as the highest ranked bid or proposal on the basis of cost or quality or qualification or any combination thereof, as specified in the bidding documents or request for proposal documents which shall be in conformity with the selection techniques to be issued by the Authority;

The management of Frontier Corps Headquarter (South) KP floated tenders for the purchase of Uniform articles. Subsequently different rates were quoted by the participants.

The audit observed that contracts were awarded to the contractors who offered higher rates.

Audit is of the view that due to purchase of Uniform Articles at higher rates resulted in a loss of Rs.46,124,610, as shown in the statement below:

Para No	Items	Supply rate	Lowest rate	Difference	Quantity	Loss
11	Desert Shoes	5,238	4,419	1089	20,000	21,780,000
14	Jogger Shoes	2,525	1,872	653	10,000	6,530,000
18	Stitched PDC Uniform with Field Cap	3,732	3,350	382	40,000	15,280,000
20	Vest Green half Sleeves	499.99	435	64.99	39,000	2,534,610
Total (Rs.)						46,124,610

Audit holds that the management was required to conduct the procurements in an economical manner as required under the above quoted rules.

The management replied that the purchases were made on the recommendation of the Procurement Board on the basis of superior and good quality.

The reply of the management was not accepted due to the fact that the superiority of the quality of the procured items was not proven through tests/trials or any other measure for assessment of the quality.

Audit recommends that responsibility may be fixed for the pointed-out irregularity.

Works Branch Frontier Corps (North) at KP

20.5.58 Irregular payment on account of WAPDA Charges-Rs.23.920 million

Para-12 of GFR Vol-I states that a controlling officer must see not only that the total expenditure is kept within the limits of the authorized appropriation but also that the fund allotted to spending units are expended in the public interest and upon objects for which the money was provided.

The management of Works Branch Frontier Corps (North) at KP Peshawar paid an amount of Rs.23,920,000 on account of WAPDA Charges in the projects mentioned below, during the financial year 2022-23.

S.No	Name of Work	Contractor	Amount
1	Construction of accommodation for 2x Wing's HQs at Jamal Maya and Ghari Killi Orakzai Tribal District	M/S Atif Khan Khattak	11,960,000
2	Construction of accommodation for 2x Wing's HQs at Barai Pakdara and Mehraban Killi (Tarkho kas), Khyber Tribal District	M/S Zenith Construction & Engineering	11,960,000
	Total (Rs.)		23,920,000

Audit observed that the subject charges were paid to the contractor instead of Service Providers i.e. TESCO/WAPDA. Furthermore, the necessary record in justification of the subject expenditure i.e. Demand Notice/ Bill of WAPDA/TESCO etc. was not available on record.

Audit is of the view that the subject charges were required to be paid to the concerned service provider i.e. WAPDA/TESCO etc. along with the provision of payment record. As the same was not done and the charges were paid to the contractor(s), the expenditure was therefore, held irregular.

Audit holds that the subject payment was unjustified.

The management was requested to furnish preliminary replies to the observation statements vide No.FG(A)/OS/2023-24/12 dated: 25.09.2023. However, no reply was furnished.

The PAO was requested on 03.01.2024 to convene the DAC but DAC was not convened till finalization of the Report.

Audit recommends that the payment of WAPDA charges may be recovered from the contractor.

Commandant Mohmand Rifles

20.5.59 Non-production of anti-smuggling cases record

Section 14(2) of Auditor-General's (Functions, Powers and Terms and Conditions of Service) Ordinance, 2001 states that the officer in charge of any office or department shall afford all facilities and provide record for audit inspection and comply with requests for information in as complete a form as possible and with all reasonable expedition.

Section 14(3) of Auditor-General's (Functions, Powers and Terms and Conditions of Service) Ordinance, 2001 states that 'any person or authority hindering the auditorial functions of the Auditor-General regarding inspection of accounts shall be subject to disciplinary action under relevant Efficiency and Discipline Rules, applicable to such person.

The Commandant Mohmand Rifles was delegated power of customs authority as detailed below. However, no vehicles were reported to Collector Custom House Peshawar during the year 2022-23.

Despite the written request to produce the following record for audit scrutiny, the management did not produce the same.

S.No.	Name of activity
1	Anti-smuggling record
2	List of ceased vehicles and further action
3	List of ceased ammunition and further action
4	Other confiscated items

Audit is of the view that non-production of record created doubts and was violation of above rule.

Audit holds that due to non-provision of the subject record the facts were concealed and functions of the Auditor-General of Pakistan were hindered.

The management replied that no fresh case was reported during the audit period 2022-23 due to closure of border (Gorsal Gate). Secondly, anti-smuggling cell is controlled centrally from HQFC. All the records were available with HQFC.

The reply was not accepted, documentary evidence was not provided to audit.

The PAO was requested on 03.01.2024 to convene the DAC but DAC was not convened till finalization of the Report.

Audit recommends that the record may be produced for audit scrutiny besides fixing responsibility under intimation to audit.

Auqaf Directorate, Islamabad

20.5.60 Irregular expenditure out of Shrine Fund – Rs. 75.125 million

Section 2 (1) of the Islamabad Capital Territory Waqf Properties Act, 2020 states “prescribed” means prescribed by rules made under this Act.

Section 19 (1) of the Islamabad Capital Territory Waqf Properties Act, 2020 states that the Chief Administrator shall maintain a complete record of all properties under his control and management and shall keep accounts of income and expenditure of such properties including expenditure on the chief administrator and his establishment, in such manner as may be prescribed.

The management of Auqaf Directorate, Islamabad incurred expenditure of Rs. 75.125 million out of shrine funds during 2022-23.

Audit observed that expenditure was made on pay, pension, security guards services, religious functions, POL, uniforms, repair of vehicle, honorarium etc. without prescribed rules.

Audit is of the view that utilization of shrine fund without prescribed rule was irregular and unauthorized.

The management did not reply.

The PAO was requested on 03.01.2024 to convene the DAC but DAC was not convened till finalization of the Report.

Audit recommends that rules for utilization of shrine fund may be framed at the earliest.

20.5.61 Irregular appointment of skilled / unskilled workers without open competition and expenditure thereon - Rs. 24.407 million

Establishment Division O.M. No. F.531/1/2008-SP dated 22.10.2014 states that vacancies in each Ministry / Division Department / Autonomous Body / Corporation as per the provincial / regional quota etc. shall be advertised through widely published National / Provincial / Regional newspaper.

Establishment Division O.M. No. F-53 /1/2008-SP dated 22.10.2014 states that Administrative Ministries/ Divisions shall ensure merit and transparency in the recruitment process

at all level and vacancies in posts should be filled only against the approved sanctioned strength of the said category.

Establishment Division vide O.M. No. F.53/1/2008-SP dated 16.01.2015 devised a mechanism to ensure transparency and merit-based recruitment in the Ministries / Division / Attached departments / Autonomous bodies / Semi. Autonomies Bodies / Corporation, Companies and Authorities.

The management of Auqaf Directorate, Islamabad appointed skilled / unskilled worker and paid Rs. 24.407 million on monthly wages basis during the financial year 2022-23.

Audit observed as under:

- i. The above recruitments were made without advertisement and open competitors.
- ii. The details of qualification, skills, age, job description, duty station was not provided to Audit.
- iii. The domicile quota was not observed while recruitment of skilled / unskilled workers.
- iv. The recruitments / appointments were made without sanctioned posts.

Audit is of the view that recruitments of skilled and unskilled workers without advertisement and non-observing the qualification, skills and age was irregular.

The management did not reply.

The PAO was requested on 03.01.2024 to convene the DAC but DAC was not convened till finalization of the Report.

Audit recommends that matter may be inquired at appropriate level for fixing of responsibility.

20.5.62 Non-recovery of rent of shop from the tenant – Rs. 6.480 million

Para 26 of GFR-26 Vol-I states that subject to any special arrangement that may be authorized by competent authority with respect to any particular class of receipts, it is the duty of the departmental Controlling officers to see that all sums due to Government: are regularly and promptly assessed, realized and duly credited in the Public Account.

The management of Auqaf Directorate, Islamabad entered into an agreement on 27.09.2012 with Mr. Iftikhar Ahmed resident of People Colony No.1, House No.B-68, Faisalabad for leased out the shop # 1 (measuring 35x35), Masjid Al Shohada, Aabpara, Islamabad @ Rs.

40,000 per month for a period of three years commencing from 27.09.2012. The lessee deposited the rent of shop for an initial period of seven months only up to 27.04.2013. The detail of total rent of shop which is recoverable from the tenant is as under:

Period	Total Rent (Rs.)	Deposited (Rs)	Outstanding (Rs.)
01.05.2013 to 30.06.2023 (140 months)	4,880,000	400,000	4,480,000
01.10.2008 to 19.01.2011 (28 months)	2,000,064	Nil	2,000,064

Audit observed as under:

- i. The tenant of the shop did not deposit the outstanding rent of Rs. 4.480 million into government treasury since the last ten years
- ii. The agreement signed dated 27.09.2012 indicates that tenant has also not deposited the previous rent shop for the period 01.10.2008 to 19.01.2011 amounting to Rs. 2,000,064.
- iii. The shop was rented out to the tenants without calling open tender and open competition.
- iv. The agreement of shop was not revised after expiry of the earlier period.
- v. The management did not vacate the shop from the tenant since the default of the recovery of the rent.

Audit is of the view that non-recovery of shop rent and non-vacation of the timely occupation from the tenants after default of the rent recovery is a major lapse and negligence on the part of the management which deprived the public exchequer from its due receipt.

The management did not reply.

The PAO was requested on 03.01.2024 to convene the DAC but DAC was not convened till finalization of the Report.

Audit recommends that recovery of rent from the tenant may be made at the earliest.

20.5.63 Non-recovery of rent of leased out properties – Rs. 7.567 million

Para 26 of GFR-26 Vol-I states that subject to any special arrangement that may be authorized by competent authority with respect to any particular class of receipts, it is the duty of the departmental Controlling officers to see that all sums due to Government: are regularly and promptly assessed, realized and duly credited in the Public Account.

The management of Auqaf Directorate, Islamabad awarded the following contracts to different contractors:

S.No.	Contractor's Name	Contractor	Contract Amount (Rs)	%age	Amount (Rs.)
1.	M/s Haji Qamar and Sons, Islamabad	Live Animals	3,350,000	33%	1,105,500
2.	M/s Zain ul Abidin, Islamabad	Chillah Gah, Lohi Dandi	1,200,000	33%	396,000
3.	M/s Haji Qamar and Sons, Islamabad	Shoes Keeping	10,500,000	33%	3,465,000
4.	M/s Arshad Contractors, Islamabad	Darbar Sakhi Darvesh, Badshah Mianan Thub, Sihala	5,200,000	50%	2,600,000
Total					7,566,500

Audit observed as under:

- i. The contractors neither deposited the above amounts of contracts on successful award of contracts nor the remaining recoveries of contracts up to October, 2023 as no record of recoveries was provided to audit.
- ii. The contract agreements were also not provided to audit.
- iii. The proof of deposit of income tax was also not provided to audit
- iv. The terms and conditions in shoe keeping contracts clearly state that the contractor will receive five rupees of pair from visitors whereas during the visit of audit team observed that contractor was receiving twenty rupees of pair from the visitors.

Audit is of the view that non-recovery of rents put loss to public exchequer.

The management did not reply.

The PAO was requested on 03.01.2024 to convene the DAC but DAC was not convened till finalization of the Report.

Audit recommends that recovery of contract amounts may be made from the contractors and deposited into government treasury at the earliest.

Islamabad Traffic Police

20.5.64 Unnecessary delay in depositing revenue of the Government in Federal Consolidated Fund – Rs.271.116 million

Rule 32 of GFR Volume I states that it is the duty of every court or authority having the power to fine to see that the money realized reaches the treasury and that adequate precautions are taken against double refunds of fines or refunds of fines not actually paid into the treasury.

A meeting in the office of the collector FTO, Islamabad was held on 05.01.2016 regarding paper less system in Digital Driving License being issued by ITP and Electronic Challan system being introduced by the ITP in collaboration with National Bank of Pakistan and Ufone for transfer of amount to NBP through Mobi Cash and Ufone etc.

After detailed discussion on both the issues it was unanimously decided by the all participants of meeting that:-

A system/interface will be installed in the office of the FTO for reconciliation of fine money collected/ deposited on a/c of challans and it will be connected with NBP and Electronic Control Room established in ITP/HQ.

The amount being deposited on a/c of challans by violators will be transmitted quickly on same day to Govt, i.e. NBP. National Bank of Pakistan will continue to report to the FTO the receipt collected on behalf of ITP in TR-6 as per previous practice.

The management of Islamabad Traffic Police (ITP), Islamabad imposed fine on traffic violators and an amount of Rs. 271,151,715 was collected and deposited by NBP and deposited under the Head C-02638 during financial year 2022-23.

Audit observed that NBP collects fine amount on daily basis and the same was required to be deposited in Govt. Treasury immediately whereas NBP retains the fine amount for the whole month and remits the fine amount to the Govt. Treasury in last three days of month without any legitimate reasons.

Audit also observed that the management of ITP was required to report this deviation immediately as they have real time access and focal person as indicated in Article 12 of agreement, but the management of ITP was unaware about the issue for long time.

Audit is of the view that delay in depositing government revenue in Federal Consolidated Fund was irregular and against the instructions of Government/agreement.

The management replied that the zonal Chief Manager, NBP was approached regarding such delays vide ITP letter No. 1615/Admin/Traffic, dated 14-09-2020, letter No. 3955/Admin/Traffic, dated 3-11-2021 and No. 2868/Admin/Traffic, dated 01-09-2022 with the request to take the matter with Director Banking Inspection, State Bank of Pakistan & Addl. Secretary Budget, Finance Division to deposit challan amount with the treasury as per financial rules. Later on, a letter from FTO Islamabad was generated on ITP request regarding undue retention of government revenue in the Bank along with NBP's challan forms appraising the concerned to strictly advised the bank for payment of Government Receipt to Treasury.

The management accepted audit observations.

The PAO was requested on 10.01.2024 to convene the DAC but DAC was not convened till finalization of the Report.

Audit recommends that corrective measures may be taken to ensure timely deposit of the fine into government account timely instead of keeping by the bank to raise their liquidity.

Safe City, ICT Police, Islamabad

20.5.65 Non deposit of Government receipts - Rs. 23.833 million

Rule-7(1) of Federal Treasury Rules (Vol-I) states that, all money received by or tendered to Government officers on account of the revenues of the Federal Government shall without undue delay be paid in full into a treasury or into the Bank. Moneys received as aforesaid shall not be appropriated to meet departmental expenditure, nor otherwise kept apart from the Federal Consolidated Fund of the Federal Government. No department of the Government may require that any money received by it on account of the revenues of the Federal Government be kept out of the Federal Consolidated Fund of the Federal Government.

The management of Safe City, Islamabad received an amount of Rs. 23,832,685 on account of payment of damages of Optic fiber from CDA, Islamabad during Financial year 2022-23. The detail is as under:

Sr. No.	Head of Account	Particular	Cheque No.	Amount(Rs.)
1.			00118435	3,612,583
2.	A03919-Payments to other	Payment of damages of Optic	1005432835	2,226,400
3.	for Service rendered IB	Fiber	271053678	9,321,629
4.	5124		1005515566	8,672,073
		Total		23,832,685

Audit observed that amounts received from CDA were deposited in bank account named Safe City, Islamabad (IB-5124) under head "Payment to others for service rendered" instead of Federal Consolidated Fund of the Federal Government and were utilized for departmental expenditure which was irregular and unauthorized.

Audit is of the view that non- deposit of Govt. receipt and its utilization was unauthorized.

The management replied that there is no loss in government exchequer. The rule stated in the para is applicable where revenue expected. All payments received from civic agency used in restoration of optical fibre/cameras which were damaged by civic agency. Safe City already paid ROW (Right of Way) to CDA during execution an amount Rs. 74,546,417/- (approx. 74.5 million) vide cheque NO. 7398930 dated: 15.04.2015. vide letter No. CDA/DG (A)-1 (11)/2014/1951 dated: 29.09.2014.

The reply was not satisfactory as recovery/penalty of damages are received against the payment of ROW to CDA by the government and receipt against this right is government receipt.

The PAO was requested on 03.01.2024 to convene the DAC but DAC was not convened till finalization of the Report.

Audit recommends that the irregular practice may be stopped forthwith and amount may be deposited into the treasury.

20.5.66 Non-collection of fines through e-challan -Rs. 33.577 million

Rule 26 of GFR Vol-1 states that it is the duty of the departmental Controlling officers to see that all sums due to Government: are regularly and promptly assessed, realized, and duly credited in the Public Account. They should accordingly arrange to obtain from their subordinates monthly accounts and returns in suitable form claiming credit for so much paid into the treasury or otherwise accounted for and compare them with the statements of treasury credits furnished by the Accountant General, to see that the amounts reported as collected have been duly credited in the Public Account.

The management of Safe city, Islamabad issued E-challan tickets to offenders during 01.07.2022 to 30.06.2023. Detail is as under:

Description	Quantity	Amount (Rs)
E-Challan Tickets issued	204,611	43,194,200
E-Challan Ticket Paid (Fine Received)	45,612	9,616,600
E-Challan Ticket recoverable	158,999	33,577,600

Audit observed as under:

- i. There is no mechanism of early collection of fine money against E-challan tickets, hence, there are 158,999 E-challan Tickets amounting to Rs. 33,577,600 recoverable. The time value of money is a core principle of finance.
- ii. Safe City, Islamabad has not integrated with data of provincial Excise and Taxation Offices (Except Islamabad and Punjab), AJK and Gilgit, hence there is no possibility to recover E-challan even at the time of renewal of registration of vehicles falling under these jurisdictions.
- iii. There is no reconciliation with ETOs for ensuring that all fines issued through electronic challan are deposited in Government treasury at the time of transfer or token fee deposit of the vehicle.
- iv. Copy of relevant authority to impose fine through E-Challan based on camera evidence, is not provided.

Audit is of the view that non- collection of Govt. receipt is serious lapse on the part of management.

The management replied that there is no loss in government exchequer in this para. Following special initiatives have been taken to speed up the recovery of E-Challan: an amount of Rs.11,195,400/- was collected on account of E-Challan for F.Y 2022-23.

The reply was not acceptable because the management has agreed that a huge amount is outstanding which deprives the government from its due revenue.

The PAO was requested on 03.01.2024 to convene the DAC but DAC was not convened till finalization of the Report.

Audit recommends that the amount may be recovered and deposited into treasury.

Fisheries Department ICT

20.5.67 Non-recovery of License Fee of the Fishing Rights of Rawal Dam, Islamabad – Rs. 11.000 million

Clause I of the agreement signed by the Fisheries Department ICT and Contractor on 06.01.2017 states that the contract period for license of the fishing rights in Rawal Dam, Islamabad will be for two years, and it will start w.e.f. 06.01.2017.

Clause II of the agreement signed by the Fisheries Department ICT and Contractor on 06.01.2017 states that successful bidder M/s Younas Enterprises, Rawalpindi has deposited the 1st

installment of Rs. 11.000 million of the total approved auction of Rs. 22.000 million into the government treasury.

Clause III of the agreement signed by the Fisheries Department ICT and Contractor on 06.01.2017 states that contractor will be bound to deposit the remaining payable amount of Rs. 33.000 million into government treasury as per schedule and there will be no change in the schedule. The contractor has also undertaken that he will not claim any damage in case of natural disaster or any other way in the payment schedule. In addition to the license fee, the contractor will also be bound to deposit the amount of income tax as per existing tax rates.

The management of Fisheries Department ICT, Islamabad awarded contract for license of the fishing rights in Rawal Dam, Islamabad to M/s Younas Enterprises, Rawalpindi @ Rs.22.000 million per annum for a period of two years w.e.f. 06.01.2017. The contractor had deposited the 1st installment of Rs. 11.000 million on 26.12.2016 and remaining schedule of installments was as under:

Due date of License Fee to be Deposited in the Federal Treasury	Actual date of License Fee Deposited in the Federal Treasury	Amount (Rs.)
26.06.2017	25.07.2017	11,000,000
26.12.2017	21.02.2018	11,000,000
26.06.2018	Still Outstanding	Nil

Audit observed as under:

- i. The contractor has not deposited the last installment amounting to Rs. 11.000 million as per agreement in the Government treasury despite the lapse of five years.
- ii. The contractor has also not deposited the income tax amounting to Rs. 1,100,000 against the last installment in the government treasury.
- iii. Proof for forfeiting the security was also not available in the record.

Audit is of the view that not only the public exchequer was deprived of recovery, but the contractor has violated the contract agreement by not depositing the due amount in the federal treasury.

The management replied that the contractor has not deposited the last installment as the matter is sub-jaudice in the court.

The reply is not satisfactory because the matter was not taken seriously for recovery of the licensee.

The DAC in its meeting held on 12.12.2023 pended the para till decision by the Court.

Audit recommends that matter may be pursued vigorously at court of law and amount recovered from the contractor may be deposited in the federal treasury.

20.5.68 Financial loss due to non-leasing of Fisheries Rights of Rawal Dam, Islamabad

The main objective and function of the Fisheries Department ICT is also to auction fishing rights of public water (commercial fishing).

Para 23 of GFR Volume-I states that every Government officer should realize fully and clearly that he will be held personally responsible for any loss sustained by Government through fraud or negligence on his part and that he will also be held personally responsible for any loss arising from fraud or negligence on the part of any other Government officer to the extent to which it may be shown that he contributed to the loss by his own action or negligence.

The management of Fisheries Department ICT, Islamabad auctioned / sold through open competition the Fisheries Rights of Rawal Dam, Islamabad for the period as under:

Tenure of Agreement	Period	Rate (Per Annum) (Rs)
06.01.2017 to 05.01.2019	24 Months	22,000,000
06.01.2019 to 09.01.2022	36 Months	Nil
10.01.2022 to 09.01.2025	36 Months	53,500,000

The audit observed that period of three years from 06.01.2019 to 09.01.2022 was deprived of leasing of Fisheries Rights of Rawal Dam which resulted in financial loss to the public exchequer.

Audit is of the view that due to non-leasing of Fisheries Rights of Rawal Dam the public exchequer has suffered a financial loss.

The management replied that the Department had advertised for the Fisheries Rights of Rawal Dam, Islamabad during January, 2020, however, during the said implementation of auction and specifically on the date of auction, status quo order (Stay order) was received from the honorable District Court.

The reply is not satisfactory because neither effort was made for evacuation of stay order nor attempt was made for leasing of fisheries right of Rawal dam through open auction.

DAC in its meeting held on 12.12.2023 directed that fact finding inquiry by Ministry may be initiated and report be submitted within one month.

Audit recommends to finalize the inquiry at the earliest.

Circle Registrar Cooperative Societies Department, ICT

20.5.69 Non-availability of record of fee received from contesting candidates – Rs 4.350 million

Rule 12 of Islamabad Cooperative Societies Election Rules, 2019 states that the election Commission shall fix the fee for processing of nomination papers and to meet other expenses for holding of elections of the Society which shall not be less than Rs.10,000 for all posts.

As per list provided by Circle Registrar Cooperative Societies Department ICT, Islamabad 435 candidates contested in elections of 2017 to 2023 and collected Rs 4,350,000 on account of contest fee.

Audit observed that record of election fee collected from the contesting candidates and its expenditure was not maintained by the management.

Audit was of the view that non-maintenance of election fee record was a serious lapse on the part of management.

Management did not reply.

The PAO was requested on 03.01.2024 but DAC was not convened till finalization of the Report.

Audit recommends that matter may be inquired for fixing responsibility for non-maintenance of fee record.

Directorate General Immigration & Passport, Islamabad

20.5.70 Procurement of Air Conditioners without Need Assessment - Rs 33.442 Million

Para145 of GFR states that purchases must be made in the most economical manner in accordance with the definite requirements of the public service. Procurement should not be made much in advance of actual requirements.

Rule 04 of Public Procurement Rules, 2004 states that procurement should be made in the most economical and transparent manner.

The management of IMPASS Headquarters incurred an expenditure of Rs 119,574,000 on procurement of 600 Air Conditioners (400 Air conditioners of 1.5 tons @ Rs. 161,460 and 200 Air Conditioners of 2 Tons @ of Rs 274,950) from M/s Unique Electronics & Services Islamabad vide their Invoice No. 32 dated 10.06.2022 during the financial year 2021-22 out of development project “Up gradation of 163 RPOs & MRP facility at 49 Pakistan Missions abroad.

Audit observed the following serious irregularities.

- i. As per dead stock register and physical verification report by the management, 77 Air Conditioners of 2 tons and 76 Air Conditioners of 1.5 tons were lying packed in the open premises of Regional Passport Office Rawalpindi as on 24.07.2023 without any safety measures.

Description	Stock Register	Unit Price (Rs)	Total Shortage Rs
1.5 Tons	76	161,460	12,270,960
2 Tons	77	274,950	21,171,150
		Total	33,442,110

- ii. 153 ACs of 1.5 & 2 tons amounting to Rs 33,442,110 were still lying in the premises unutilized as on 24.07.2023 which indicates that procurement was made much in advance of actual requirements.

Audit is of the view that procurement of air conditioners much in advance without assessing the actual need is a serious lapse on the part of local management which resulted in wasteful and unjustified expenditure of Rs. 33.442 Million.

The management did not reply till finalization of the Audit & Inspection Report.

The PAO was requested on 03.01.2024 to convene DAC but DAC was not convened till finalization of the Report.

Audit recommends fixing responsibility for procurement of Air conditioners without need assessment.

20.5.71 Non-recovery of the amount of indemnity bond from the absconders- Rs 22.5 million

Para (xi) of the Establishment Division’s OM No. 04.03.2016-T.IV dated 16.02.2016 states that the tenure fixed for each foreign posting shall be strictly adhered to and will not be extendable.

Para 5 of the policy of posting of IMPASS staff at Pakistan missions abroad states that posting shall be actualized after all codal formalities i.e. IB clearance, visa issuance, and issuance of no objection Certificate (NOC). All staff selected will be posted for a period of 24 months (non-extendible), which will be deemed started at the day of assumption of charge at the respective

Mission. The posting shall cease at the end of 24th month automatically and pay shall stopped forthwith. An employee may be repatriated even before expiry of posting abroad with the prior approval of Director General, IMPASS.

Para 6 of the policy of posting of IMPASS staff at Pakistan Mission abroad states that all staff selected will have to submit undertaking stating that they will serve IMPASS for the minimum period of two years after their repatriation and if they fail to do so, they will have to deposit amount mentioned in the bond to IMPASS. All regular officers/officials will have to fill the indemnity bond of Rs 2,500,000 and in case of contractual employment an indemnity bond of Rs 800,000.

The management of DG IMPASS provided a list of 9 officers and officials who were posted in foreign missions during different tenures up to 30.06.2022.

Audit observed that the above said employees have not returned to Pakistan after completion of their tenure of foreign posting rather they have absconded. The audit further observed that no action has been taken against sureties or guarantors, nor the amount of indemnity bond recovered from them which comes to Rs 22.5 million.

Audit is of the view that non recovery of the of the amount of indemnity bond worth Rs 22.5 million from the absconders or no action against sureties or guarantors was lapse on the part of local management.

The management did not reply till finalization of the Audit & Inspection Report.

The PAO was requested on 03.01.2024 to convene DAC but DAC was not convened till finalization of the Report.

Audit recommends recovery of the amount of indemnity bond from the absconder or sureties or guarantors may be pursued vigorously.

20.5.72 Non-utilization of development fund of the project titled up-gradation of biometric identification - Rs 450.00 million

Para 12 of the GFR stats that a Controlling officer must see not only that the total expenditure is kept within the limits of the authorized appropriation but also that the fund allotted to spending units are expended in the public interest and upon objects for which the money was provided.

The management of IMPASS Headquarter was allocated development fund amounting to Rs. 450,000,000 for the development project titled Up-gradation of Biometric Identification for the financial year 2022-23.

Audit observed that the entire budget was either re-appropriated to some other heads of accounts or was surrendered as no expenditure was made against the budget grant for which Rs. 450.00 million was provided.

Audit is of the view that non-utilization of development fund for the purpose for which it was allocated for was lapse on the part of local management.

The management did not reply till finalization of the Audit & Inspection Report.

The PAO was requested on 03.01.2024 to convene DAC but DAC was not convened till finalization of the Report.

Audit recommends that responsibility may be fixed for non-utilization of development fund.

Land Revenue Department ICT, Islamabad

20.5.73 Non-collection of Capital Gain Tax and Advance Tax on Registration - Rs. 6.330 million

Section 236 (C)-1 of the Income Tax Ordinance, 2001 states that any person responsible for registering or attesting transfer of any immovable property shall at the time of registering or attesting the transfer shall collect from the purchaser or transferee Gain tax at the rate specified in Division XVIII of Part IV of the First Schedule.

Section-236 (K) -1 of the Income Tax Ordinance, 2001 states that any person responsible for registering or attesting transfer of any immovable property shall at the time of registering or attesting the transfer shall collect from the purchaser or transferee advance tax at the rate specified in Division XVIII of Part IV of the First Schedule.

Federal Board of Revenue vide letter No.2 (2) SA to D.G. (WHT)/2021/157424-R dated 25th July, 2022, has changed the rates of tax collection under section 236 C and 236 K of income tax ordinance 2001 through Finance Act, 2022, which states that the advance tax for filer is 2% and non-filer is 7% with effect from 01.07.2022.

The management of ADC (R), ICT Islamabad mutated land in favor of various purchasers during the financial years 2022-23.

Audit observed that, the advance tax of Rs.3,449,320 and gain Tax of Rs.2,880,720 were outstanding/pending and not collected from the concerned parties as their mutation has been issued and registry of the same has been prepared.

S.No	Financial year	Jurisdiction of Revenue office	Amount of Deed	Advance Tax (Rs)	Gain Tax in Rs.	Total in Rs.
1	2022-23	Sub-registrar Rural	37,470,000	1,525,400	956,800	2,482,200
2	2022-23	Joint Sub-registrar Urban	96,196,000	1,923,920	1,923,920	3,847,840
		Total	133,666,000	3,449,320	2,880,720	6,330,040

Audit is of the view that non-recovery of advance tax and capital gain tax was a serious lapse on the part of management which deprived the Government of its due revenue.

The management did not reply till finalization of report.

The PAO was requested on 03.01.2024 to convene DAC but DAC was not convened till finalization of the Report.

Audit recommends that due taxes may be recovered under intimation to audit.

20.5.74 Non-collection of Mutation Fee, Gain tax and Advance tax on Oral Mutation - Rs. 56.452 million

Board of Revenue, Punjab Notification No 1587-2010/1597-LR (1) dated 30.06.2010 states that the Board of Revenue, Punjab is pleased to fix mutation fee as 5 % of the value of land according to the Valuation Table notified by District Collector in respect of the land situated in the locality under the Stamp Act, 1899 w.e.f 01.07.2010 which shall be payable by the purchaser.

Section 236 (C)-1 of the Income Tax Ordinance, 2001 states that any person responsible for registering or attesting transfer of any immovable property shall at the time of registering or attesting the transfer shall collect from the purchaser or transferee Gain tax at the rate specified in Division XVIII of Part IV of the First Schedule.

Section-236 (K) -1 of the Income Tax Ordinance, 2001 states that any person responsible for registering or attesting transfer of any immovable property shall at the time of registering or attesting the transfer shall collect from the purchaser or transferee advance tax at the rate specified in Division XVIII of Part IV of the First Schedule.

Federal Board of Revenue vide letter No.2 (2) SA to D.G. (WHT)/2021/157424-R dated 25th July, 2022, has changed the rates of tax collection under section 236 C and 236 K of income tax ordinance 2001 through Finance Act, 2022, which states that the advance tax for filer is 2% and non-filer is 7% with effect from 01.07.2022.

The management of ADC (R), ICT Islamabad entered mutation of land in favor of various purchasers during the financial years 2022-23.

Audit observed that the Mutation fee, Gain tax and advance tax of Rs.56,542,071/- were pending and not collected for mutation recorded in the mutation register detail as under.

S. No	Financial year	Tehsildar/R.O	Mutation Fee Rs.	Advance Tax Rs	Gain Tax Rs	Total Amount Rs.
1	2022-23	Muzajat (Rural)	18,857,577	12,577,706	10,385,297	41,820,580
2	2022-23	Muzajat (Urban)	7,380,531	3,855,580	3,485,380	14,721,491
Total			26,238,108	16,433,286	13,870,677	56,542,071

Audit is of the view that, non-collection of due revenue on mutation is lapse on the part of local management which deprived the Government of its due receipts.

The management did not reply till finalization of report.

The PAO was requested on 03.01.2024 to convene DAC but DAC was not convened till finalization of the Report.

Audit recommends that, the Mutation fee, gain tax and advance tax, may be recovered under intimation to audit.

12 Union Councils, Islamabad

20.5.75 Non-recovery from contractors in 12 union councils - Rs.46.973 million

Para 5 (e) of Finance Division OM No.F.3(2)/Exp/2006 dated 13.09.2006 states that in the matter of receipts pertaining to the ministry/division, attached departments and subordinate offices, the Principal Accounting Officer (PAO) is expected to ensure that adequate machinery exists for due collection and bringing any kind connected with the functions of the ministry/division(s)/ departments and subordinate offices under his control

The management of 12 Union Councils issued work orders for 18 Revenue Contract Agreements to successful bidders in 12 Union Councils of Rural Areas of Islamabad Capital Territory for the Financial Year 2021-2022.

Audit observed that an amount of Rs. 46.974 million is still outstanding. Details are as under:

No. Ucs	Name of Union Councils	Name of Contract	Contract Amount Rs.	Received Amount Rs.	Amount Receivable Rs.
1	Union Council No.3 Malpur, Union Council No.4 Bhara Kahu (N), Union Council No.5 Bhara Kahu (S)	Cattle Mandi Bhara Kahu	6,100,000	2,500,000	3,600,000
2	Union Council No.4 Kot Hathial Bhara Kahu (N)	Sanitation in jurisdiction of the Union Council	700,000	400,000	300,000
3	Union Council No.5 Bhara Kahu (S)	Sanitation in jurisdiction of the Union Council	1,000,000	700,000	300,000
		Weekly Bazar(Budh Bazar)	5,200,000	4,650,000	550,000
4	Union Council No.9 Chirah	Toll Tax Chirah Road	470,000	401,400	68,600
5	Union Council No.10 Kirpa	Surcharge Royalty Fee, Gayra, Matti, Bricks	1,900,000	710,000	1,190,000
		Toll Tax Kirpa Road (old) Jhang Syedan	550,000	200,000	350,000
		Toll Tax Ladhiot Road Chakkiyan to Channi	650,000	0	650,000
6	Union Council No.12 Rawat	Professional Tax	15,500,000	500,000	15,000,000
		Toll Tax Sheikh Pur Nazir Abad Road Rawat (Two Way)	16,000,000	0	16,000,000
7	Union Council No.13 Humak	Professional Tax	10,000,000	4,786,520	5,213,480
8	Union Council No.15 Lohi Bhar	Professional Tax	10,000,000	8,760,000	1,240,000
9	Union Council No.16 Pahg Panwal	Toll tax Pahg Panwal Road	450,000	350,000	100,000
10	Union Council No.17 Korai	Professional Tax	3,000,000	1,613,333	1,386,667
11	Union Council No.18 Khanna Dak	Professional Tax	2,500,000	2,150,000	350,000
		Parking Fee Khanna	1,100,000	725,000	375,000

		Professional Tax	550,000	530,000	20,000
12	Union Council No.23 Kuri	Professional Tax	600,000	320,000	280,000
Total			76,270,000	29,296,253	46,973,747

Audit is of the view that non collection of due receipt from successful bidders of Rs.46.973 million is a serious lapse on the part of management and caused a huge loss to Local Fund of Union Councils.

The management did not reply till finalization of the report.

The PAO was requested on 03.01.2024 but DAC was not convened till finalization of the Report.

Audit recommends that inquiry may be held to fix responsibility besides recovery of balance amount lying with contractors/bidders with intimation to audit.

20.5.76 Non-recovery of withholding tax @10% on bid amount - Rs.7.653 million

The management of Metropolitan Corporation Islamabad published an advertisement for open auction of annual contracts for union councils of rural areas of Islamabad on 14.08.2022 for the Financial Year 2021-2022.

Clause 4 of the advertisement dated 14.08.2022 for open auction states that the Possession of Site of each contract over to the successful bidder subject to submission of the payment as under:-

- 1) Will deposit 25% of the bid value amount in advance.
- 2) Will deposit 10% of the bid value security in advance.
- 3) Will deposit 10% withholding tax of bid value of each site in advance.

The management of 17 Union Councils completed the bidding process and awarded contract to successful bidders for the collection of Revenue Receipts for the Financial Year 2021-2022 on each site in the month of September 2021.

Detail of successful bidders and highest bid amount for the F. Y. 2021-2022 is as under:-

Sr.No. Ucs	Name of Union Councils	S.No of each U.C Contracts	Name of Contract	Contract Amount Rs.	10% Withholding tax Rs.
1	Union Council No.3 Malpur, Union Council No.4 Bhara Kahu (N) ,Union Council No.5 Bhara Kahu (S)	1	Cattle Mandi Bhara Kahu	6,100,000	610,000
2	Union Council No.4 Kot Hathial Bhara Kahu (N)	1	Professional Tax	950,000	95,000
		2	Sanitation in jurisdiction of the Union Council	700,000	70,000

3	Union Council No.5 Bhara Kahu (S)	1	Professional Tax	1,200,000	120,000
		2	Sanitation in jurisdiction of the Union Council	1,000,000	100,000
		3	Weekly Bazar(Budh Bazar)	5,200,000	520,000
4	Union Council No.6 Phulgran	1	Professional Tax	700,000	70,000
5	Union Council No.9 Chirah	1	Toll Tax Chirah Road	470,000	47,000

8	Union Council No.12 Rawat	1	Professional Tax	15,500,000	1,550,000
9	Union Council No.13 Humak	1	Professional Tax	10,000,000	1,000,000
10	Union Council No.14 Sihala	1	Sihala Kak Pul Lari Ada Parking Fee (Two way)	5,100,000	510,000
		2	Toll Tax Japan Road Sihala (Two way)	3,100,000	310,000
		3	Professional Tax	2,315,000	231,500
		4	Toilet Fee Sihala Kakpul	240,000	24,000
		5	Surcharge Royalty Fee, Gaira, Matti, Bricks	460,000	46,000
11	Union Council No.15 Lohi Bhar	1	Professional Tax	10,000,000	1,000,000
12	Union Council No.16 Pahg Panwal	1	Toll tax Pahg Panwal Road	450,000	45,000
13	Union Council No.17 Korai	1	Professional Tax	3,000,000	300,000
14	Union Council No.18 Khanna Dak	1	Professional Tax	2,500,000	250,000
		2	Parking Fee Khanna	1,100,000	110,000
15	Union Council No.19 Tarlai	1	Professional Tax	400,000	40,000
16	Union Council No.20 Alipur	1	Parking Fee Lari Ada Satra meel (Two way)	1,000,000	100,000
		2	Professional Tax	550,000	55,000
		3	Cattle Mandi Jhang Syedian (Weekly)	50,000	5,000
17	Union Council No.22 Chak Shahzad	1	Professional Tax	125,000	12,500
Total		31		76,530,000	7,653,000

Audit observed that 17 Union Councils did not collect the amount of Rs.7.653 million of withholding tax from the successful bidders neither before signing of contract and issuance of work orders nor in the later period till to date.

Audit is of the view that non-collection of withholding tax of Rs.7.653 million from successful bidders is a serious lapse on the part of management and caused huge loss to the public fund.

The management did not reply till finalization of the report.

The PAO was requested on 03.01.2024 but DAC was not convened till finalization of the Report.

Audit recommends that inquiry may be held to fix responsibility besides recovery of withholding tax from successful bidders and same be deposited into public fund with intimation to audit.

20.5.77 Illegal appointment of 166 daily wages employees in 27 union councils - Rs. 41.955 million

Para (vii) of the Establishment Division O.M. No. F.53/I/2008-SP dated 22.10.2014 states that the vacancies in each Ministry/Division /Department/Autonomous body/Corporation as per provincial/Regional quota etc. shall be advertised through widely published national /provincial / regional newspapers.

Para 27 of Financial Management and Powers of Principal Accounting Officers Regulations, 2021 states that the Finance Division shall approve appointment of contingent paid staff within the budgetary provisions and as per the instructions issued from time to time.

The management of 27 Union Councils appointed 166 daily wages staff, just on written request by the applicant without observing legal formalities on the posts of Computer Operators, Naib Qasid, sweepers etc. and made payment of Rs. 41,955,000 during 2021-2022.

Audit observed that 27 Union Councils appointed 166 daily wages employees without sanctioned posts, open competition, skill test and without observing merit policy for the Financial Year 2021-2022.

Audit further observed that receiving of pay of 27 employees were not available in pay vouchers and all payments were drawn by the respective Secretaries of the Union Councils in cash instead of direct credit facility to their respective employees' bank account, this method attracts payment to ghost employees.

Audit is of the view that appointment of 166 daily wages employees without observing legal process of appointment is irregular and unauthorized. Further Payment of salary in cash is also violation of Finance Division's instructions.

The management did not reply till finalization of the report.

The PAO was requested on 03.01.2024 to convene DAC but DAC was not convened till finalization of the Report.

Audit recommends that inquiry may be held to fix responsibility besides recovery of amount spent on irregular appointments.

20.5.78 Non-recovery of tax receipts from contractors - Rs.126.142 million

Para 5 (e) of Finance Division OM No.F.3 (2)/Exp/2006 dated 13.09.2006 states that in the matter of receipts pertaining to the ministry/division, attached departments and subordinate offices,

the Principal Accounting Officer (PAO) is expected to ensure that adequate machinery exists for due collection and bringing any kind connected with the functions of the ministry/division(s)/ departments and subordinate offices under his control.

Sub Clause (1) of Clause 90 of Local Government Act 2015 states that a tax or fee levied under this Act shall be collected in the prescribed manner.

The management of 08 Union Councils awarded Tax Collection Revenue Contracts to different successful bidders in 08 Union Councils of Rural Areas of Islamabad Capital Territory during the Financial Year 2017-2022.

Audit observed that the management of Union Councils failed to recover due receipt of contract amount from successful bidders/contractors during the Financial Years 2016-2017 to 2020-2021.

Audit is of the view that non collection of due receipt amounting to Rs.126.142 million from successful bidders is loss to Public Fund of Union Councils and undue favor extended to the bidders.

The management did not reply till finalization of the report.

The PAO was requested on 03.01.2024 to convene DAC but DAC was not convened till finalization of the Report.

Audit recommends that inquiry may be held to fix responsibility besides recovery of balance amount lying with contractors/bidders.

20.5.79 Un-authentic receipt from Rawat Lorry Ada parking fee Rs.39.915 million with a loss of Rs. 9.685 million

Sub Clause (1) of Clause 90 of Local Government Act 2015 states that a tax or fee levied under this Act shall be collected in the prescribed manner,

Sub Clause (2) of Clause 90 of Local Government Act 2015 states that The Government may prescribe the mode of collection of a tax, or a fee levied under this Act.

The management of Metropolitan Corporation Islamabad advertised a tender for open auction of Annual Contracts for Rawat Lari Ada Parking Fee (two way) on 14.08.2021. The process of open competition was suspended without assigning any reason. The Secretary Union Council Rawat shows an amount of Rs.39.915 million as receipt from Lari ADA Parking Fee through self-collection for the Financial Year 2021-2022.

Audit observed that the Secretary Union Council Rawat shows an amount of Rs.39.915 million as receipt from Lari ADA Parking Fee through self-collection for the Financial Year 2021-2022, without any prescribed mode of collection and did not award annual contract through open competition for the financial year 2021-2022. The previous bid for Lari ADA Parking Fee was Rs.49.600 million for the financial year 2020-2021.

Audit is of the view that Collection of Parking Fee without prescribed mode of collection of Lari ADA Parking Fee is illegal and unauthorized, which caused a loss of Rs.9.685 million to Public Fund of UC Rawat as compared to previous year contract for the Financial Year 2020-2021.

The management did not reply till finalization of the report.

The PAO was requested on 03.01.2024 to convene DAC but DAC was not convened till finalization of the Report.

Audit recommends that matter may be investigated, and responsibility be fixed for avoiding open completion.

20.5.80 Non-Recovery of Toll Tax Java Bypass Road Rawat (Two Way) Rs.16.65 million

Sub Clause (1&2)of Clause 90 of Local Government Act 2015 states that a tax or fee levied under this Act shall be collected in the prescribed manner,

(2) The Government may prescribe the mode of collection of a tax, or a fee levied under this Act.

The management of Union Council Rawat awarded the contract of Toll Tax Java Bypass Road Rawat to Mr. Rehman Ullah S/o Syed Rasool through open competition against Rs.14.00 million for the financial year 2020-2021. Further Secretary Union council Rawat re-awarded contract against Rs.15.40 million to the same contractor with 10% increase without open competition for the Financial Year 2021-2022.

Audit observed as under:-

- i. The management recovered an amount of Rs.12.75 million from the contractor out of 14.00 million during the financial year 2020-2021. The management failed to recover Rs.1.250 million from contractor for the financial year 2020-2021.
- ii. Audit further observed that the management of Union Council Rawat did not recover Rs.15.40 million from the same contractor for the financial year 2021-2022.

Audit is of the view that non recovery of Rs.16.65 million from contractor is a loss to the Public Fund due to un-due favor extended to the contractor during re-award of contract and open completion was intentionally avoided.

The management did not reply till finalization of the report.

The PAO was requested on 03.01.2024 but DAC was not convened till finalization of the Report.

Audit recommends that matter may be investigated, and responsibility be fixed for avoiding open completion beside recovery of subject amount.

Deputy Commissioner's Office

20.5.81 Irregular and Uneconomical hiring of Vehicles for Escort duties -Rs. 18.104 million.

Rule 4 of the Public Procurement Rules, 2004 states that procuring agencies, while engaging in procurements, shall ensure that the procurements are conducted in a fair and transparent manner, the object of procurement brings value for money to the agency and the procurement process is efficient and economical.

The Management of DC Office ICT, Islamabad paid an amount of Rs. 18,104,850 to M/s Abdul Wahid Tours, Islamabad on account of hiring of transport for escort duties of Judges, VVIP's, Ministers, and for other events.

Audit observed that the vehicles were hired without competition and no Logbooks and movement registers of these rented vehicles were maintained as no such record was provided. Detail of POL being provided to these vehicles was also not produced to Audit. Audit further observed that hiring of vehicles @ Rs. 9,000 per vehicle per day seems uneconomical and unjustified.

Audit is of the view that hiring vehicles without competition and in uneconomical manner was irregular.

The management did not reply.

The PAO was requested on 10.01.2024 but DAC was not convened till finalization of the Report.

Audit recommends fixing of responsibility for this lapse and following of due procurement process in future.

CHAPTER 21

MINISTRY OF MARITIME AFFAIRS

21.1 Introduction

As per Schedule II [Rule 3(3)] Distribution of Business among the Divisions read with Schedule III [rule-4(4)] Rules of Business 1973 (As amended up to 23rd April, 2019) following main business have been assigned to the Division amongst the other functions.

1. National Planning, research and international aspects of:
 - i) Inland water transport; and
 - ii) Coastal shipping within the same Province.
2. Diverted cargo belonging to the Federal Government.
3. Navigation and shipping, including coastal shipping but not including shipping confined to one Province; safety of ports and regulation of matters relating to dangerous cargo.
4. Light-houses, including lightships, beacons and other provisions for safety of shipping.
5. Admiralty jurisdiction; offenses committed on the high seas.
6. Declaration and delimitation of major ports and the constitution and power of authorities in such ports.
7. Mercantile marine; planning for development and rehabilitation of Pakistan merchant navy; international shipping and maritime conferences and ratification of their conventions; training of seamen; pool for national shipping.
8. Korangi Fisheries Harbor Authority, Karachi.
9. Office for promotion of Deep-Sea Fisheries Resources in Exclusive Economic Zone.
10. Fishing and Fisheries beyond territorial waters.
11. Quality Control Laboratory Karachi.
12. Marine Fisheries Research Laboratory Karachi.
13. Fisheries Training Centre/Deep Sea Fishing Vessel.
14. Oceanography and Hydrological Research.
15. Marine Biological Research Laboratory, Karachi.
16. Welfare of Seamen; seamen Hostel Karachi.

ATTACHED DEPARTMENTS/AUTONOMOUS BODIES

- i. Directorate of Maritime Fisheries, Karachi.
- ii. Directorate of Dockworkers Safety, Karachi.
- iii. Karachi Port Trust
- iv. Karachi Dockyard Labour Board
- v. Pakistan Maritime Academy Karachi
- vi. Shipping Master Karachi
- vii. DG Ports & Shipping Karachi.

Sr. No.	Description	Total No.	Audited	Expenditure Audited (FY-2022-23) Rs. in million	Revenue / Receipt Audited (FY 2022-23) Rs. in million
1	Formations	10	5	30,686.963	31,923.891
2	Assignment Accounts (Excluding FAP)	-	-	-	-
3	Authorities / Autonomous Bodies etc. under the PAO	2	2	28,379.836	-
4	Foreign Aided Project (FAP)	-	-	-	-

21.2 Comments on Budget & Accounts (Variance Analysis)

The final budget allocated to the Maritime Affairs for the financial year 2022-23 was Rs. 4,119.59 million, out of which the Division expended an amount of Rs. 4,044.01 million. Grant-wise detail of current and development expenditure is as under:

(Rs. In million)

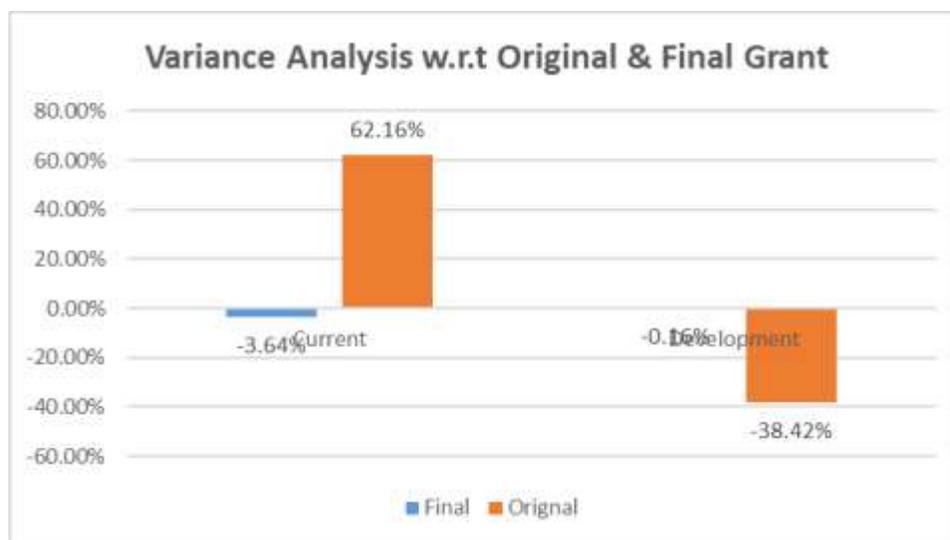

Grant No	Type of Grant	Original Grant	Suppl Grant	Surrender (-)	Final Grant	Actual Expenditure	Excess/ (Saving)	% age Excess/ (Saving)
70	Current	1,177.78	822.75	-18.43	1,982.10	1,909.88	-72.22	-3.64%
130	Development	3,465.38	.00	-1,327.88	2,137.50	2,134.13	-3.36	-0.16%
	Total	4,643.15	822.75	-1,346.31	4,119.59	4,044.01	-75.58	-1.83%

Audit noted that there was an overall saving of Rs.75.58 million, which was mainly due to saving in current expenditure.

Supplementary Grants obtained without careful cash forecasting

According to Para 71 of General Financial Rules (Volume I), while framing budget estimates, the authorities should exercise utmost foresight. Rules of good governance demand that budget processes are carried out in accordance with clearly defined expectations and assumptions and a coordinated calendar of activity.

As shown in the chart below, bifurcating total allocation into current, development and charge expenditure, it was observed that, in case of development grant, there was 38.42% of saving w.r.t original grant which was finally reduced to 0.16% w.r.t final grant and in case of current grant 62.16% excess was finally become 3.64% saving.

21.3 Classified Summary of Audit Observations

Audit observations, amounting to Rs. 81,987.556 million, were raised in this report during the current audit of **Ministry Of Maritime Affairs**. Summary of the audit observations classified by nature is as under:

(Rupees in million)

S. No	Classification	Amount
1	Non-production of record	
2	Reported cases of fraud, embezzlement and Misappropriation

21.5 AUDIT PARAS

Karachi Port Trust, Karachi

21.5.1 Non-recovery of outstanding receipt on account of Cargo Storage from TOCs – Rs. 2,040.217 million

General Financial Rule 26 states that it is the duty of the departmental controlling officers to see that all sums due to the Government are regularly and promptly assessed, realized and duly credited.

Section 84 of the Karachi Port Trust Act, 1886 states that all fees and sum due on account of property for the time being vested in the Board, and all areas of tolls, charges, rates and dues imposed under this act may be recovered, in addition to the other modes herein before provided, upon a summary proceeding before a magistrate in the manner provided in the code of Criminal Procedure, 1882 for the recovery of fines.

The management of KPT informed us about the detail of recoverable Storage Charges against unclaimed, confiscated and disputed containers. The details are as under:

Sl. No.	Name of TOCs	Outstanding Dues	(Amount in Rs.)	
			Retained in KPT D&R A/c	Recoverable
1.	KICT	1,605,004,580	18,086,100	1,586,918,480

2.	PICT	435,212,840	4,563,920	430,648,920
	Total	2,040,217,420	22,650,020	2,017,567,400

Audit observed that:

An amount of Rs 2,040,217,420 is outstanding against TOCs on account of temporary Storage Charges of their containers outside their allocated area. Moreover, the TOCs are utilizing KPT's storage area for storage of destruction and auctionable containers without any agreement.

As per procedure in vogue, receipt of part payment from parties credited into their Deposit and Refund (D&R) Account. Till clearance of outstanding dues, amount received is kept in D&R account.

Audit is of the view that:

- i. Utilization of KPT's area by the TOCs without any formal agreement was irregular & unauthorized.
- ii. KPT is suffering recurring loss due to long outstanding dues from TOCs.
- iii. Amount / dues received stuck in D&R Account which cannot be utilized, showing weakness of internal controls, due to which KPT is deprived of valuable revenue.
- iv. Retention of outstanding dues from TOCs in D&R Account was not justified by the management.

The management replied that utilization of D&R Account is purely the domain of Accounts department, therefore the Accounts department is in better position to reply to this Audit observation. However, for the recovery of Temporary storage bills, KICT and PICT are provided facilities for accommodating the overflow volume at KPT area on temporary basis to ease out congestion at terminal for smooth operational activities of TOCs.

KPT raises bills to the PICT and KICT against temporary storage. The TOCs pay the charges regularly, however, TOCs have contended that these are auction able and destruction containers hence the temporary charges will be paid once auction process is completed by the Customs Authorities.

In order to resolve this issue KPT and TOCs have agreed to prepare the SOP for payment of temporary storage charges for Auctioned Labeled Containers which is under process.

Reply indicates that management accepted the Audit Observation.

Audit recommends recovering Storage Charges from TOCs besides expediting finalization of SOPs with TOCs for payment of temporary storage charges for auctioned labeled containers.

Note: This issue was reported earlier also in Audit Report for the Audit Year 2021-22 vide paras No. 20.5.21 and 20.5.22 having financial impact of Rs. 658.670 million. Recurrence of the same irregularity is a matter of serious concern.

21.5.2 Non-receipt of KPT share in sale proceed of disposed-off / auctioned cargo – Rs. 666.712 million

Section 201(d) of Customs Act 1969 states that balance of sale proceeds after deducting charges mention in sub-section (a), (b), (c) (i.e. expenses of sale, freight duty and taxes, and custom duty) shall be paid to custodian of goods.

General Financial Rule 26 states that it is the duty of the departmental controlling officers to see that all sums due to the Government are regularly and promptly assessed, realized and duly credited.

Section 84 of the Karachi Port Trust Act, 1886 states that all fees and sum due on account of property for the time being vested in the Board, and all areas of 406 tolls, charges, rates and dues imposed under this act may be recovered, in addition to the other modes herein before provided, upon a summary proceeding before a magistrate in the manner provided in the code of Criminal Procedure, 1882 for the recovery of fines.

The management informed that an amount of Rs.666.712 million on account of KPT Share was collected by Pakistan Customs for disbursement to KPT. Detail is as under:

Sl. No.	Collectorates	Claims Period	(Amount in Rs.)
			Outstanding Dues
1.	West Wharf	From 1987 till Mar-2023	608,466,902.33
2.	East Wharf	From July-2013 till Dec-2021	58,245,589.23
Total			666,712,491.56

Audit observed that share of KPT collected by customs on behalf of KPT from auctioned cargo have not been recovered from Pakistan Customs.

Audit is of the view that non-collection of share of KPT collected by Pakistan Customs was a lapse on the part of management.

The management replied that as per established practice, procedures and in accordance with Customs and KPT Act, the imported goods landed at KPT and not cleared by the respective consignee within specified period are liable to present / put under auction by Customs under Section 82 of Customs Act, 1969 and Section 50 and 50-A of KPT Act, 1886. Moreover, no lot /

package within the bonded premises of port can be disposed of through public auction except by the Customs under the relevant provision of Customs Act. KPT has lodged its updated claim for KPT share against sale proceeds outstanding amount from Pakistan Customs. Furthermore, KPT has served 231 reminders dated 14.10.2023 and several meetings held with Customs Authorities at various levels to accelerate the process of Sale Proceeds amount collected by them on behalf of KPT.

The management accepted the Audit Observation.

Audit recommends recovery of outstanding dues from Pakistan Customs.

21.5.3 Non-recovery of outstanding Temporary Storage Charges from TOCs – Rs. 279.843 million

Section 84 of KPT Act, 1886 states that all fees and sums due on account of property for the time being vested in the Board and all arrears of tolls, charges, rates and dues imposed under this Act, may be recovered, in addition to the other modes hereinbefore provided, upon a summary proceeding before a magistrate in the manner provided in the Code of Criminal Procedure, 1882, for the recovery of fines.

The management of KPT allotted Temporary Storage facilities to TOCs for container storage during the financial year 2022-23.

The audit observed that an amount of Rs. 279,842,600 is outstanding against TOCs for the period from 01.07.2022 to 30.06.2023:

Sl. No.	Name of TOCs	(Amount in Rs.)
		Amount outstanding on A/c of Storage Charges uptill 30.06.2023
1.	M/s Pakistan International Container Terminal (PICT)	76,405,600
2.	M/s Karachi International Container Terminal (KICT)	203,437,000
	Total	279,842,600

Audit is of the view that non-recovery of outstanding dues / Temporary Storage Charges is lapse on the part of management which deprived KPT of its due receipts on due time. Furthermore, KPT also suffering recurring loss due to long outstanding receipts from TOCs.

The management replied that TOCs is providing facilities for accommodating the overflow volume at KPT area on temporary basis to ease out congestion at terminal for smooth operational activities of TOCs. KPT raises bills to the TOCs against temporary storage facility. TOCs pay the charges regularly, however, in terms of these outstanding temporary storage charges, the TOCs

have contended that these are auctionable and destruction containers hence the temporary charges will be paid once auction process is completed by the Customs Authorities. In order to resolve this issue KPT and TOCs have agreed to prepare the SOPs for payment of temporary storage charges for Auctioned Labeled Containers which is under process.

The management accepted the audit observation.

Audit recommends recovering outstanding dues under intimation to Audit.

Note: This issue was reported earlier also in Audit Report for the Audit Year 2022-23 vide para No. 16.5.10 having financial impact of Rs. 1,913.434 million. Recurrence of the same irregularity is a matter of serious concern.

21.5.4 Non-recovery of HMS Charges – Rs. 3,524.510 million

Section 84 of KPT Act, 1886 states that all fees and sums due on account of property for the time being vested in the Board and all arrears of tolls, charges, rates and dues imposed under this Act, may be recovered, in addition to the other modes hereinbefore provided, upon a summary proceeding before a magistrate in the manner provided in the Code of Criminal Procedure, 1882, for the recovery of fines.

General Financial Rule 26 states that it is the duty of the departmental controlling officers to see that all sums due to the Government are regularly and promptly assessed, realized and duly credited.

The management of KPT provided detail of outstanding Handling Marshalling and Storage (HMS) Charges against TOCs / localities of KPT (i.e. Esat Wharf, West Wharf and Old TPX Areas) amounting to Rs. 3,524,510,021 since 2004. Details are as under:

Sl. No.	TOCs / Locality	(Amount in Rs.) Outstanding HMS Upto 30.06.2023
1.	M/s Pakistan International Container Terminal (PICT)	1,520,696,049
2.	M/s Karachi International Container Terminal (KICT)	1,785,117,209
	Sub-Total (A)	3,305,813,258
3.	East Wharf	80,528,859
4.	KGCC	202,849
5.	Keemari	5,763,999
6.	Old TPX Area	92,959,052

7. West Wharf	39,242,004
Sub-Total (B)	218,696,763
Grand Total (A + B)	3,524,510,021

Audit observed that the outstanding dues have not been recovered from defaulters up to 30.06.2023.

Audit is of the view that non-recovery of outstanding HMS Charges from defaulters was a lapse on the part of management of KPT.

The management replied that in pursuant to the Implementation Agreement, it was agreed that TOCs shall pay KPT Handling, Marshalling and Storage (HMS) Charges each year. Article 18 of the IA further binds the TOCs for payment of taxes levied by Federal, Provincial, Municipal or other lawful income and other taxes, duties levies or other imposition whatsoever.

The Excise and Taxation Department assessed the Leased Area, Karachi and demanded Property Tax from M/s. PICT vide 'Form PT-10' served in the year 2005 / 2006. On receipt of the same M/s PICT filed a Suit (No. 827/2007) before the Honorable Sindh High Court against the Excise and Taxation Department and others. As per the short order of the Court in 2015, the HMS Charges are being deposited to the Nazir of the Honorable Sindh High Court. KPT is fighting the legal battle in order to recover the HMS amount deposited with the Nazir.

M/s KICT held a portion of amount out of total HMS / rent on account of property tax which they deposit to Excise and Taxation department, Government of Sindh and provide the paid challan to KPT. The deduction of property tax from KPT legitimate charges is unjustified and is a violation of Implementation Agreement. KPT went into litigation and filed a suit (No. 1355/2003) in Honorable Sindh High Court for the recovery of such dues.

Reply of the management is not tenable as KPT was pursuing the recovery of HMS Charges from TOCs since 2007, but has not been able to recover any single penny.

Audit recommends recovering outstanding dues under intimation to Audit.

Note: This issue was reported earlier also in Audit Report for the Audit Year 2019-20 vide paras No. 25.5.28 and 25.5.29 having financial impact of Rs. 2,033.227 million. Recurrence of the same irregularity is a matter of serious concern.

21.5.5 Non-recovery of lease and license fees – Rs. 5,739.902 million

Section 84 of KPT Act, 1886 states that all fees and sums due on account of property for the time being vested in the Board and all arrears of tolls, charges, rates and dues imposed under this Act, may be recovered, in addition to the other modes hereinbefore provided, upon a summary proceeding before a magistrate in the manner provided in the Code of Criminal Procedure, 1882, for the recovery of fines.

The management of KPT provided a statement of outstanding dues amounting to Rs. 5,739.902 million on account of lease and license fee from various parties upto 30.06.2023

Audit observed that receipts of part payment from parties credited into their Deposit and Refund (D&R) account. Till the time, full payment is received, the amount received is kept in D&R account.

Audit is of the view that receipts are stuck in D&R account which cannot be utilized showing weakness of internal controls due to which KPT is deprived of valuable revenue. Moreover, the collection of dues in D&R account is also not justified.

The management replied that actual outstanding dues on account of lease and license receivable is as follows:

Description	(Amount in million Rs.)
	Amount
Lease receivable from tenants	5,291.906
License Receivable from tenants	447.996
Total receivable	5,739.902
Payment kept in D&R account till 30.06.2023	3,459.967
Net Balance receivable from tenants	2,279.935

Net receivable on account of lease from tenants is Rs. 2,279.935 million instead of Rs. 2,986.845 million. As per procedure in vogue in KPT receipt of part payments from parties credited into their D&R Account until full payment is received. Similarly, Pay Orders and cheques are deposited / kept in D&R Account and defaulters are reminded to pay full amount. Until full payments were received, or disputes are settled, the amounts are kept in D&R Account.

The management accepted the Audit Observation.

Audit recommends recovering the outstanding dues from the defaulters. Further balance kept in D&R account may be utilized / invested instead of just keeping it in account.

Note: This issue was reported earlier also in Audit Report for the Audit Year 2022-23 vide paras No. 16.5.9 and 16.5.11 having financial impact of Rs. 5,347.428 million. Recurrence of the same irregularity is a matter of serious concern.

21.5.6 Non-recovery of outstanding dues from oil companies – Rs. 4,078.650 million

Section 84 of Karachi Port Trust Act, 1987 states that all fees and sums due on account of property for the time being vested in the Board and all arrears of tolls, charges, rates and dues imposed under this Act, may be recovered, in addition to the other modes hereinbefore provided, upon a summary proceedings before a magistrate in the manner provided in the Code of Criminal Procedure, 1882, for the recovery of fines.

The management of Karachi Port Trust (KPT), Karachi (in compliance of Board B.R. No.778 (Item No.VI) dated 30.12.2006) renewed the lease period for another twenty-five (25) years (till 30.06.2030) of various plots under occupation of allotted to Oil Companies Advisory Council (OCAC) Members at Oil Installation Area, Kemari within port with revised rates of Rs. 110 per Sq. Mt. per annum with five (5) percent compound escalation in each financial year excluding all city government and other taxes w.e.f. 01.10.2005.

The audit observed that an amount of Rs. 4,078.650 million was outstanding against following oil companies utilizing port area till June 2023 as detailed below:

Sl. No.	Oil Company	Area occupied (in Sq. Mt)	Outstanding due till 30.06.2023 (In Rs.)
1.	M/s Pakistan Refinery Limited	98,953	476,104,703
2.	M/s Caltex Oil (Pakistan) Limited	53,229	263,694,315
3.	M/s Pak Grease Manufacturing Company Limited	3,813	2,110,771
4.	M/s Shell Pakistan Limited	218,452	1,077,936,788
5.	M/s Pak Arab Refinery Limited	27,821	135,235,840
6.	M/s National Refinery Limited	122,160	625,609,581

7.	M/s Pakistan State Oil Company Limited	307,031	1,497,957,975
	Total	831,459	4,078,649,973

Audit is of the view that the Trust is facing loss due to non-receiving of actual revenue and interest thereon.

The management replied that outstanding dues are piled up due to Municipal Tax which cause dispute between Oil Companies Advisory Council (OCAC) Companies and KPT.

Name of Company	Outstanding / billed till 30.06.2024	Paid	(Amount in Rs.)
			Actual Outstanding
Caltex Oil	263,694,315	182,736,477	80,957,838
Pakistan Refinery Limited	476,104,703	362,567,240	113,537,463
Pak Grease Company	2,110,771	2,110,771	NIL
Shell Pakistan	1,077,936,788	761,089,794	316,846,994
Pak Arab Refinery	135,235,840	102,494,170	32,741,670
National Refinery	625,609,581	465,087,791	160,521,790
PSO	1,497,957,975	1,125,638,294	372,319,681
Total	4,078,649,973	3,001,724,537	1,076,925,436

Oil Companies Advisory Council (OCAC) Companies was not agreed to pay Municipal Tax @ 37.5% and pay Municipal Tax @ 7.5%. The Accounts Department raised bills rent plus Municipal Tax. Due to non-payment of Municipal Tax amount the total rent amount was lying in D&R Account, therefore, bills were not adjusted, which shows huge outstanding amount.

The management accepted the Audit Observation.

Audit recommends recovering the outstanding dues from Oil Companies and record of recovered amount be provided to Audit for verification. Further, balance kept in D&R account may be utilized / invested instead of just keeping it in account.

Note: This issue was reported earlier also in Audit Report for the Audit Year 2021-22 vide para No. 20.5.47 having financial impact of Rs. 3,197.463 million. Recurrence of the same irregularity is a matter of serious concern.

21.5.7 Non-recovery of outstanding dues from M/s K-Electric – Rs. 36.916 million

Section 84 of Karachi Port Trust Act, 1987 states that all fees and sums due on account of property for the time being vested in the Board and all arrears of tolls, charges, rates and dues imposed under this Act, may be recovered, in addition to the other modes hereinbefore provided, upon a summary proceedings before a magistrate in the manner provided in the Code of Criminal Procedure, 1882, for the recovery of fines.

The management of Karachi Port Trust (KPT), Karachi allotted the following plots in Industrial and Commercial Area of KPT land to M/s K-Electric. Detail is as under:

Sl. No.	Plot No.	Rate	Area occupied (In Sq.Mt)	Outstanding due till 30.06.2023 (In Rs.)
1.	Plot No.15-E Mauripur Road Area West Wharf	75.00	6822.00	18,477,085
2.	Plot No.52-B Industrial Area West Wharf	54.73	10081.97	9,049,500
3.	Plot No.8 Miscellaneous Area M. T. Khan Road / Mai Kolachi Road	150.00	8739.39	6,007,876
4.	Plot No.14 Miscellaneous Area West Wharf	16.32	2858.00	1,523,132
5.	Plot No.12-B Miscellaneous Area M. T. Khan Road / Mai Kolachi Road	300.00	1240.00	1,288,656
6.	Plot No.2-A Industrial Area West Wharf	32.90	279.00	208,268
7.	Plot No.13-A Oil Installation Area Keamari	187.22	32.00	197,451
8.	Plot No.33 Township Area Keamari	12.20	293.00	73,431
9.	Plot No.24 Miscellaneous Area M. T. Khan Road / Mai Kolachi Road	26.55	48.00	51,796
10.	Plot No.40 Miscellaneous Area West Wharf	26.00	56.00	36,869
11.	Plot No.41 Miscellaneous Area West Wharf	26.00	24.00	1,654
	Total		30,473.36	36,915,718

The audit observed that an amount of Rs. 36,915,718 was outstanding against rent of utilizing port area till June 2023.

Audit is of the view that the Trust is facing loss due to non-receiving of actual revenue and interest thereon.

The management replied that the allottee of Plot No. 15-E, Maripur Road has defaulted in payment amounting to Rs. 18,477,085. In this connection, KPT already filed a case under Section 84 against the party which is still sub-judice. Moreover, M/s K-Electric is also in dispute with KPT w.r.t. title of Plot (K-Electric obtain the Lease from KMC which is illegal and has no legal value as KPT is the owner of the land) which is also sub-judice in the court of Law. With regards to other plots mentioned in the list, it is submitted that most of the payment of plots are already received by KPT.

The management accepted the Audit Observation.

Audit recommends recovering the outstanding dues from M/s K-Electric and record of recovered amount be provided to Audit for verification.

21.5.8 Encroachment on KPT land 1,068.47 Acres - Rs. 58,175.042 million

Section 25 of Karachi Port Trust Act, 1886 states that the Board shall, for the purposes of this Act, have power to acquire and hold movable and immovable property within or without the limits of the port or city.

Para 108 of the Manual of the Estate Department of KPT states that it shall be the duty of the outdoor officials of the Estate department, or any other officials deputed under the directives of competent authority to keep vigilance over the Board Estates to prevent trespass or encroachment.

According to S.R.O No/307(KE) 91 dated 05.10.1991 Karachi Port Trust hold 140,265 Acres land within KPT limit as per following details:

Sl. No.	Area	Sq. Kilometers	Acres
1.	Land Area	34.98	8,644
2.	Back Water Sea	41.65	10,292
3.	Water Towards Sea	491	121,329
	Total	567.63	140,265

Audit observed that 1,068.47 acres was unauthorized occupied / encroached by various housing colonies / department as detail given below:

Sl. No.	Location	Encroachment (In Acres)	Market Value (Rs. Per Sq.Yd.)	Amount (In Rs.)
1.	Younusabad	156.00		8,494,200,000
2.	Grax Village	31.00		1,687,950,000
3.	Muhammadi Colony / Machar Colony	406.00		22,106,250,000
4.	Intelligence School / NTR Colony	41.27	11,250	2,247,151,500
5.	Hijrat Colony	19.20		1,045,440,000
6.	Gulshan Colony / Sikandarabad	386.00		21,015,000,000
7.	Majeed Colony	10.50		571,725,000
8.	Docks Colony	18.50		1,007,325,000
	Total	1,068.47		58,175,041,500

Audit also observed that following were further / additional encroachments on KPT land:

- i) On KPT land Clifton Beach, the Sind Government allotted plots, a prime land.
- ii) KPT owns a land of about 100 acres adjacent to NLC HQ along Mai Kolachi Bypass which is being claimed by Sindh Government.
- iii) Land adjacent National Sailing Centre at Boat Basin Clifton.20 acres adjacent to the National Sailing Center at Boating Basin, Clifton is encroached by illegal parking of trailers.
- iv) Land adjacent Yacht Club Manora. About 80 acres of land is occupied by Navy.
- v) Eastern Backwaters. Substantial encroachment on the area.
- vi) Western Backwaters.

Audit is of the view that encroachment over the costly land resulted in extensive loss amounting to Rs. 58,175,041,500 to Trust. Further, encroachment on Trust land and subsequent construction was not possible without the involvement of the KPT employees.

The management replied that port limits were notified in 1940 and 1991 and published in the Gazette of Pakistan. Due to dispute with various Government Agencies on the point of KPT limits the encroachers took advantages and occupied various back water / low lying areas by dumping garbage and other debris and created Katchi Abadies. The Katchi Abadies have surfaced on KPT lands since 1947 partition. Initially, the pace of expansion was slow, the expansion increased manifold in 1973 and gained further impetus in 1985. The main cause of the establishment of these Katchi Abadies is the provision of utility by K-Electric and SSGC which

encourages encroachers and non-resolution of long outstanding issues by the Government agencies. KPT has continuously pressed the Government of Sindh not to declare the encroachers as Katchi Abadies and help KPT in the removal of these encroachments. In 2001, the then Chief Executive of Pakistan directed the organization that Katchi Abadies dwellers who have no alternate should not be summarily evicted and re-settlement plans must be developed to relocate these dwellers. Several meetings have also been held on the issue of Katchi Abadies after orders of President of Pakistan. KPT requested Government of Sindh to provide alternative land for shifting of these Abadies in compliance of orders of President of Pakistan which has not been reciprocated. It may be mentioned that none of the Katchi Abadies mentioned by audit has legal documents issued by KPT.

These are very old encroachments (pre-1970) linked to political / social / economical and cultural issues. Anti-Encroachment Department, KPT conducted several operations from January, 2019 to November, 2021 for removal of encroachment from different sites. The details of Anti Encroachment drives are as under:

Year	Total land recovered (In Sq. Yd.)	Total persons apprehended	Total vehicles apprehended	FIR Lodged
2019	106,660	38	08	23
2020	37,802	72	19	60
2021	58,320	147	52	95

In compliance of High Court Orders in C.P.No. D-1740/2011, Estate Department requested all the Utility Service Providers such as K-Electric, SSGC, KWSB to disconnect all the connections in all Katchi Abadies and no new connections shall be given to any Katchi Abadies but no compliance has been made by any Utility Agency. In this connection, KPT filed Contempt Proceedings against all Utility Service Providers for non-compliance with High Court Decision. KPT also filed C.P.No.47/2011 in the Supreme Court of Pakistan and Suit No.322/2012 High Court of Sindh at Karachi against the Government of Sindh, Board of Revenue and Others entire encroached / unauthorized allotment of KPT land as per Port Limit the Honorable High Court of Sindh granted stay order against Katchi Abadies (Board of Revenue / Government of Sindh).

Reply indicates that management has accepted Audit Observation. However, despite having order / worthy directions from the President of Islamic Republic of Pakistan, management failed to find out any way to evacuate the encroached land despite lapse of more than two (02) decades.

Audit recommends:

- i) To take concrete efforts / actions to comply with worthy directions of the President of Islamic Republic of Pakistan and honorable Sindh High Court's Order (in C.P. No. D-1740/2011), without further waste of time.
- ii) That PAO may inquire the matter to get the illegally occupied property vacated.

Note: This issue was reported earlier also in Audit Report for the Audit Year 2021-22 vide para No. 20.5.49. Recurrence of the same irregularity is a matter of serious concern.

21.5.9 Non-recovery of outstanding rent from Warehouses at KPT property / land – Rs. 124.872 million

Section 84 of Karachi Port Trust Act, 1987 states that all fees and sums due on account of property for the time being vested in the Board and all arrears of tolls, charges, rates and dues imposed under this Act, may be recovered, in addition to the other modes hereinbefore provided, upon a summary proceedings before a magistrate in the manner provided in the Code of Criminal Procedure, 1882, for the recovery of fines.

The management of Karachi Port Trust (KPT), Karachi allotted various warehouses up to 30.06.2023.

Audit observed that rent amounting to Rs 124,871,758 against different warehouse was outstanding till June, 2023.

Audit is of the view that due to non-recovery of outstanding rent, Trust was deprived of its due receipts.

The management replied that most of the payment of plots are already received by KPT. As per procedure, KPT filed Section-84 for recovery of dues against defaulters. Some parties went to Courts against KPT for different disputes. KPT cannot take action till the final decision of Court. Moreover, KPT filed Section 84 against the parties who defaulted in payment of KPT dues which is still sub-judice in the Court of Law.

The management accepted the Audit Observation.

Audit recommends recovering the outstanding dues and a record of recovered amount be provided to Audit for verification besides sharing detail of sub-judice cases.

21.5.10 Non-recovery of outstanding rent from KPT land – Rs. 714.073 million

Section 84 of Karachi Port Trust Act, 1987 states that all fees and sums due on account of property for the time being vested in the Board and all arrears of tolls, charges, rates and dues imposed under this Act, may be recovered, in addition to the other modes hereinbefore provided, upon a summary proceedings before a magistrate in the manner provided in the Code of Criminal Procedure, 1882, for the recovery of fines.

The management of Karachi Port Trust (KPT), Karachi allotted following plots / land situated at different areas on KPT land against which Rs 714,073,122 remained outstanding till 30.06.2023.

Sl. No.	Area / location	(Amount in Rs.) Outstanding dues
Residential		
1.	Mauripur Road Area West Wharf	16,372,147
2.	Township Area Kemari	14,067,829
3.	M.T. Khan Road / Mai Kolachi	2,768,591
Commercial		
1.	Kemari	30,183,835
2.	M.T. Khan Road / Mai Kolachi	159,305,820
3.	Boat Building Yard West Wharf	127,923,905
4.	Mauripur Road West Wharf	251,607,404
5.	Plots allotted on welfare basis	4,867,175
6.	Industrial Area Building Yard, Karachi	106,976,416
Total		714,073,122

Audit observed that rent amounting to Rs 714,073,122 was outstanding till June, 2023.

Audit is of the view that due to non-recovery of outstanding rent, Trust was deprived of its due revenue.

The management replied that most of the payment of plots is already received by KPT. As per procedure, KPT filed Section-84 for recovery of dues against defaulters. Some parties went to Courts against KPT for different disputes. KPT cannot take action till the final decision of Court. Moreover, KPT filed Section 84 against the parties who defaulted in payment of KPT dues which is still sub-judice in the Court of Law.

The management accepted the Audit Observation.

Audit recommends recovering the outstanding dues and a record of recovered amount be provided to Audit for verification besides sharing detail of sub-judice cases.

21.5.11 Non-recovery of outstanding rent from recreational huts at Sandspit Area Manora – Rs. 113.406 million

Section 84 of Karachi Port Trust Act, 1987 states that all fees and sums due on account of property for the time being vested in the Board and all arrears of tolls, charges, rates and dues imposed under this Act, may be recovered, in addition to the other modes hereinbefore provided, upon a summary proceedings before a magistrate in the manner provided in the Code of Criminal Procedure, 1882, for the recovery of fines.

The management of Karachi Port Trust (KPT), Karachi allotted recreational land at Sandspit Area Manora against which Rs 113,406,406 remained outstanding till 30.06.2023.

Audit observed that rent amounting to Rs 113,406,406 was outstanding till June, 2023.

Audit is of the view that due to non-recovery of outstanding rent, Trust was deprived of its due revenue.

The management replied that most of the payment of plots is already received by KPT. As per procedure, KPT filed Section-84 for recovery of dues against defaulters. Some parties went to Courts against KPT for different disputes. KPT cannot take action till the final decision of Court. Moreover, KPT filed Section 84 against the parties who defaulted in payment of KPT dues which is still sub-judice in the Court of Law.

The management accepted the Audit Observation.

Audit recommends recovering the outstanding dues and a record of recovered amount be provided to Audit for verification besides sharing detail of sub-judice cases.

21.5.12 Unauthorized payment of Monetization Allowance to KPT Officers – Rs. 46.896 million

Cabinet Division (vide letter No.6/7/2011-CPC dated 12.12.2011) issued Compulsory Monetization of Transport Facility Policy for Civil Servants in BS-20 to BS-22 with the following rates, to be implemented from 01.01.2012.

BS-22	BS-21	BS-20
-------	-------	-------

Rs. 95,910	Rs. 77,430	Rs. 65,960
------------	------------	------------

Para xix of Monetization of Transport Facility issued by Cabinet Division vide No.6/7/2011-CPC dated 12.12.2011, states that no officer of BS-20 to BS-22 will be entitled and authorized to use Departmental Operational / General Duty vehicles for any kind of duty.

The management of Karachi Port Trust paid an amount of Rs. 46,896,934 to the B-19 to B-20 Officers of KPT on account of Transport Monetization Allowance during the year 2022-23.

Grade	Rate (per month)	Nos. of Officers
BS-20	Rs. 98,194	06
BS-19	Rs. 87,579	55

Audit observed that:

- i) The Transport Monetization Allowance was paid over and above the rates admissible by the Cabinet Division.
- ii) BS-20 Officers are using official vehicles exclusively and drawing Monetization Allowance at the same time.

Audit is of the view that payment of Transport Monetization Allowance over and above admissible rates is unauthorized.

The management replied that KPT is in the process of framing its own financial rules / pay scales. The same has been approved by the Board, and the approval of Federal Government is awaited.

The management accepted the Audit Observation.

Audit recommends stopping the payment of Transport Monetization Allowance forthwith till approval of Financial Rules / Pay Scales from Federal Government besides recovery of already paid.

21.5.13 Irregular payment of Allowances to KPT Officers – Rs. 1,816.995 million

General Financial Rule 25 states that all departmental regulations in so far as they embody orders or instructions of a financial character or have important financial bearing should be made by, or with the approval of, the Ministry of Finance.

Section 79(B) of Karachi Port Trust Act, 1886 states that notwithstanding anything hereinbefore contained or any law for the time being in force or in the terms and conditions of service, where in any case or matter not specifically provided in this Act, the provisions of the

Civil Servants Act, 1973 or the rules made there under shall, as far as may be, apply to the Officers of the Port.

The management of KPT paid an amount of Rs. 1,816,994,583 in shape of following allowances to the KPT Officers during the financial year 2022-23.

S. No.	Name of Allowances	Amount (Rs.)
1.	Compensatory Allowance	104,672,605
2.	Utility Allowance	552,579,089
3.	Port Allowance	804,038,595
4.	Harbor Allowance	295,809,424
5.	Education Allowance	52,252,128
6.	HOD's Allowance	7,642,742
	Total	1,816,994,583

Audit observed that the aforementioned Allowances were paid to the KPT Officers over and above the allowances admissible to Federal Government employees.

Audit is of the view that the payment of aforementioned Allowances over and above the allowances admissible to Federal Government employees was irregular.

The management replied that the KPT is in process of framing its own Financial Rules / Pay Scales. The same has been approved by the Board, and the approval of Federal Government is awaited.

The management accepted the Audit Observation.

Audit recommends stopping the payment of Allowances forthwith till approval of Financial Rules / Pay Scales from Federal Government besides recovery of already paid.

21.5.14 Irregular expenditure on procurement of lubricants, greases and oil on RRC basis – Rs. 97.420 million

Rule 12(2) of Public Procurement Rules, 2004 states that all procurement opportunities over three million Pakistani Rupees should be advertised on the Authority's website as well as in other print media or newspapers having wide circulation.

Rule 42 (c)(i) of Public Procurement Rules, 2004 the procuring agency shall only engage in direct contracting if the procurement concerns the acquisition of spare parts or supplementary

services from original manufacturer or supplier provided that the same are not available from alternative sources.

The management of KPT awarded a contract to M/s Shell Pakistan Limited for purchased of lubricants, greases and oil amounting to Rs. 97,420,779 on Running Rate Contract (RRC) basis during the year 2022-23.

Audit observed that procurement was made without calling tender through press and PPRA's website.

Audit is of the view that the Trust was deprived of the benefits of competitive rates, which is violation of PPRA Rules, 2004.

The management replied that KPT is procuring lubricants from M/s Shell Pakistan Limited being recommended by the OEM under PPRA Rule 42(c) (Alternate Methods of Procurement) KPT Flotilla is consuming M/s Shell Pakistan Limited products satisfactorily and cannot shift to any other brand as the oils of different manufacturer to avoid the mixing with other, as various OEMs are using various additives in manufacturing of their products. Mixing of Oils may result abnormal change in viscosity level of oil which require continuous monitoring and laboratory tests which is not feasible. Integrity pact was signed with M/s Shell Pakistan Limited. Procurement was processed in the year 2020 and Contract Agreement was signed for a period of three years. Security Deposit amounting to Rs. 2,670,852 was submitted in the first year which was retained till the end of contract in 2023. The same was returned after successful completion of a three-year period.

The reply is not cogent as the management accepted that the contract was awarded without open competition.

Audit recommends that responsibility may be fixed for repeated irregularities.

Note: This issue was reported earlier also in Audit Report for the Audit Year 2022-23 vide para-No. 16.5.18. Recurrence of the same irregularity is a matter of serious concern.

21.5.15 Non-submission of audited Financial Statements since 2009-10

Section 68 of the Karachi Port Trust Act, 1886 states the accounts of the receipts and expenditure of the Board shall, twice in every year, be laid before Government, and shall be audited and examined in such manner and by such auditor or auditors as shall, from time to time, be appointed by Government.

The Financial Statements of Karachi Port Trust Karachi was last audited by Chartered Accountants firm in 2008-09.

Audit observed that:

- i) Management did not get audited / certified Financial Statements for the years 2009-10 to 2022-23 from the Chartered Accountants despite government instructions contained in KPT Act, 1886.
- ii) Accounts Department of KPT was not maintaining department-wise General Ledgers, Financial Statements including month-wise expenditure statement for the last five (05) years which indicates that the management is neither maintaining accounts nor laying down these accounts to the Government twice in a year which is clear deviation of Section 68 of the KPT Act, 1886.

Audit is of the view that:

- i) Non-performance of the core functions by the Accounts Section is negligence on the part of the management.
- ii) Audit opinion cannot be given in absence of audited Financial Statements.

The management replied that Audit for financial year 2009-10 has just been completed, and subsequent Audits for financial year 2010-11 and onwards are in process. As soon as Audits are completed, the copies will be provided to Audit, in due course.

The management accepted the Audit Observation.

Audit recommends expediting the Audits and Audit Reports be provided to Audit.

Note: This issue was reported earlier also in Audit Reports for the Audit Year 2015-16, 2020-21 and 2021-22 vide paras No. 25.4.12, 20.5.2 and 20.5.26 respectively. Recurrence of the same irregularity is a matter of serious concern.

21.5.16 Irregular hiring and payment to non-panel advocates – Rs. 23.418 million

Public Procurement Rule 20 states that the procuring agency shall use open competitive bidding as the principal method of procurement for the procurement of goods, services and works.

The KPT Board Resolution No. 52 dated 20.08.2003 authorized the Manager Legal Affairs (MLA) to sign complaints, written statements, Vakalatnamas i.r.o. suits filed by or against KPT in the Courts.

The management of KPT made an expenditure amounting to Rs. 23,418,750 on account of hiring of non-panel advocates during financial year 2022-23.

Audit observed that:

- i) Payments were made in advance to the non-panel advocates.
- ii) All these activities were performed through MLA.
- iii) Non-adherence to PPRA Rules, 2004 resulted in irregular hiring of services of non-panel advocates and payment of legal fees amounting to Rs. 265.30 million up to the financial year 2022-2023.

Audit is of the view that in spite of authorizing only MLA for all affairs of hiring non-panel advocate, matter should be dealt through a committee. Further, cases have been pending in different courts for more than three decades which mostly includes cases relating to Estate Department and KPT incurred expenditure on legal charges paid to lawyers to defend the cases.

The management replied that after the 18th Amendment in the Constitution of Islamic Republic of Pakistan, the subject of services has become provincial subject and as such laws enacted by the provincial legislature are required to be followed. The lawyers claimed that they represent their clients before the court of law to get them justice, which is a noble cause, and as such their assistance is rendered to the court and therefore not a service. The law provides special protection to client and lawyer relationship and communication or consultation between them are 'confidential' and 'privileged communications'. No authority or court is empowered to seek information from an Advocate about the arrangements with his clients.

Reply of the management is irrelevant as the objection was raised regarding hiring the services of non-penal of advocates instead of client and lawyer relationship.

Audit recommends inquiring the matter for hiring the services of non-penal of advocates.

Note: This issue was reported earlier also in Audit Report for the Audit Year 2021-22 vide para No. 20.5.66 having financial impact of Rs. 58.563 million. Recurrence of the same irregularity is a matter of serious concern.

21.5.17 Non-deduction of 1/5th General Sales Tax – Rs. 13.047 million

Rule 2(2) of Sales Tax Special Procedure (Withholding) Rules, 2007 states that a withholding agent shall deduct an amount equal to one fifth (1/5th) of the total Sales Tax shown in the sales tax invoice issued by a registered person and make payment of the balance amount to him.

Rule 2(5) of Sales Tax Special Procedure (Withholding) Rules, 2007 states that the sales tax deducted at source shall be deposited by the withholding agent in the designated branch of National Bank of Pakistan under relevant head of account on sales tax return-cum-payment challan, by 15th of the month following the month during which payment has been made to the supplier.

The management of the Karachi Port Trust, Karachi (Chief Mechanical and Electrical Engineer-II) made payments to following Contractors / Suppliers on procurement of different items amounting to Rs. 1,528,947,039 during financial year 2022-23. Contractors / suppliers charged 17% GST amounting to Rs. 65,234,872 in their invoices.

Audit observed that management neither withhold 1/5th of the Sales Tax amounting to Rs. 13,046,974 (Rs. 65,234,872 ÷ 5) nor deposited into designated branch of National Bank of Pakistan / government treasury.

Audit is of the view that non-deduction of 1/5th GST deprived the government of its due receipt / revenue.

The management replied that as per withholding sales tax rules under Sales Tax Act 1990, there are exceptions to withholding sales tax i.e. sales tax is not required to be withhold, under following circumstances:

(a) Supplies made by an active taxpayer as defined in the sales tax act, 1990 to another registered person.

The parties mentioned in Audit Observations are active taxpayers. Accordingly, no withholding sales tax was deducted from the payment.

Reply of the management is not tenable as documentary evidence in support of reply was not provided to Audit.

Audit recommends that documentary evidence in support of reply be provided to Audit.

Note: This issue was reported earlier also in Audit Report for the Audit Year 2022-23 vide para No. 16.5.14 having financial impact of Rs. 16.994 million. Recurrence of the same irregularity is a matter of serious concern.

Karachi Dock Labour Board, Karachi

21.5.18 Non-recovery of Cess from beneficiaries -Rs.1,950.039 million

GFR 28 states that “No amount due to Government should be left outstanding without sufficient reason, and where any dues appear to be irrecoverable the orders of competent authority for their adjustment must be sought.”

As per Board resolution No.78 dated.05.06.1979, the KDLB levies and collects the amount of cess from different beneficiaries in the following ratio:

Agent	52%
KPT	30%
Stevedores	18%

As per Board resolution No.12 dated.08.02.2022, the KDLB management was directed to provide breakup of 1 billion payable to KDLB as reflected in accounts receivable of KDLB.

The management provided a statement showing outstanding amount of cess against different beneficiaries under the following categories during financial year 2022-23.

Category of Beneficiaries	Amount (Rs)
Agent	52,679,568
Stevedores	19,462,651
KPT	1,877,896,877
Total	1,950,039,096

Audit observed that the above amount receivable from different beneficiaries was not realized till the close of audit. Furthermore, a huge amount was receivable from KPT including long outstanding dues of Rs. 1 billion on account of Cess.

Audit is of the view that non-recovery of dues from the beneficiaries was a serious lapse on the part of management.

The management was requested on 28.09.2023 but no reply was received till finalization of the report.

Audit recommends that responsibility may be fixed for non-recovery of outstanding amount besides the amount may be recovered and deposited into KDLB account under intimation to audit.

21.5.19 Recurring financial Loss due to excess expenditure beyond income-Rs. 914.301 million

Para 23 of GFR Vol-I states that every Government officer should realize fully and that he will be held personally responsible for any loss sustained by Government through fraud or negligence on his part and that he will also be held personally responsible for any loss arising from fraud or negligence on the part of any other Government officer to the extent to which it may be shown that he contributed to the loss by his own action or negligence.

The management of KDLB Karachi provided provisional income and expenditure statement for the financial year 2022-23 with comparative figures for 2021-22.

Audit observed that department reported a financial loss of Rs.914,301,140 in its income and expenditure account for the financial year 2022-23. The practice of incurring financial loss was continued from prior periods as reflected in the comparative figures for the financial year 2021-22 reported in the said statement. The management used to carry forward losses and adjust it against invested funds of KDLB. Resultantly, the funds lying in bank accounts were being depleted.

During further analysis it was observed that cost of wages and other benefits was on the higher side which contributed to recurring loss as it was more than the income realized from all sources.

Audit is of the view recurring financial loss is very alarming to cause default in payment of future liabilities by KDLB.

The management was requested on 28.09.2023 but no reply was received till finalization of the report.

Audit recommends that recurring loss may be justified to audit.

21.5.20 Irregular selection and payment to panel hospitals & Laboratories - Rs. 452.908 million

Rules 20 of Public Procurement Rules, 2004 states that save as otherwise provided hereinafter, the procuring agencies shall use open competitive bidding as the principal method of procurement for the procurement of goods, services and works.

The management of KDLB hired outdoor and indoor services of five (5) private hospitals and three (3) laboratories and a dental clinic on its panel and incurred an expenditure of Rs.452,908,013 during 2021-22. The detail is given below:

S#.	Name of Hospital and Laboratory	Amount (Rs)
	Hospitals	
1.	Liaquat National Hospital	216,301,276
2.	Ziauddin Hospital	148,534,674
3.	Altamash Hospital	76,284,692
4.	Hashmanis Hospital	1,667,340
5.	N.I.C.V. D	2,438,549
	Laboratories	
6.	Karachi X-Ray Lab	370,760
7.	Karachi Lab Diagnostic Centre	2,435,622
8.	Seher Medical Centre	806,400
	Consultation	
9.	Dr. Inayatullah (dental Clinic)	4,068,700
	Total	452,908,013

Audit observed that:

- i. Services of panel hospitals and laboratories/clinics were hired without open competition.
- ii. Medical attendance rules of KDLB were not framed and got approved by the Board and Ministry in consultation with Ministry of National Health Services Regulation and Coordination Division.
- iii. Neither patients record i.e. admission, discharge, doctor prescription, laboratory test etc. was found attached with bills nor medical bills were scrutinized and verified with the complete record of a patient as maintained by hospitals in accordance with laid down rule/procedures.
- iv. Physical verification of patients from hospitals was not conducted by KDLB regarding authenticity of claims.

Audit is of the view that payment made to hospitals and Laboratories/clinics in purview of above observations was irregular.

The management was requested on 28.09.2023 but no reply was received till finalization of the report.

Audit recommends that responsibility may be fixed for non-observance of PPRA rules 2004 and relevant procedure for verification of medical claims.

21.5.21 Non-deposit of withheld amount of income tax into FBR -Rs. 121.410 million

Section 149(1) of the Income Tax Ordinance, 2001 states that every employer paying salary to an employee shall, at the time of payment, deduct tax from the amount paid at the employee's average rate of tax computed at the rates specified in Division I of Part I of the First Schedule on the estimated income of the employee chargeable under the head "Salary" for the tax year in which the payment is made.

Section 153 of Income Tax Ordinance, 2001 states that every prescribed person making a payment in full or part including a payment by way of advance to a resident person or (a) for the sale of goods; (b) for the rendering of or providing of services; (c) on the execution of a contract, including contract signed by a sports person but not including a contract for the sale of goods or the rendering of or providing services, shall, at the time of making the payment, deduct tax from the gross amount payable (including sales tax, if any) at the rate specified in Division III of Part III of the First Schedule. The same was required to be deposited into Government treasury by next day.

The management of KDLB, Karachi provided a statement showing the amount of income tax deducted from Dock Workers and staff and Suppliers/vendors for deposit into FBR during financial year 2022-23. The detail is as under:

Withheld from	Amount (Rs)
KDLB Dock Workers and Staff from January till June 2023	115,541,563
Suppliers/vendors	5,869,263
Total Rs.	121,410,826

Audit observed that the above withheld amount of income tax was lying with KDLB which was not deposited into FBR till the close of audit.

Audit is of the view that non-deposit of amount deducted on account of income tax into FBR was a serious negligence on the part of management and caused loss to public exchequer.

The management was requested on 28.09.2023 but no reply was received till finalization of the report.

Audit recommends that withheld amount of income tax may be deposited into FBR besides fixing responsibility on the person(s) at fault.

21.5.22 Estimated average Loss due to excess employment of workers beyond required strength of workers -Rs.856.401 million

As per clause (a) of Board resolution no.36 dated.18.11.2006, the required level of registered dock workers to remain on KDLB roster shall be 1700 workers.

The management of KDLB registered an average of 2861 Nos. of workers during a month during financial year 2022-23.

Audit observed that 981 workers were registered in excess of required level of workers on an average during a month, audit worked out that excess amount of average guaranteed wage of Rs.856.401 million was incurred by KDLB during financial year 2022-23 if the excess workers remained idle/unemployed by KDLB. The detail working is as under:

Particulars	Working
Average workers registered per month during 2022-23	2861 Nos.
Average unemployed workers per month during 2022-23	1630 Nos.
Average Guaranteed wage rate per month (Day Shift Rate+ Night Shift Rate)/2	(68349+77149)/2 =72749
Required Strength as per BR 36/2006	1700 Nos.
Excess Workers beyond required strength per month	981 Nos. (2861-1700)
Average Loss of Guaranteed wage paid to excess workers if remain unemployed/idle	981x72749x12= 856,401,228 (856.401 million)

Audit is of the view that excess number of workers beyond required level incurred average loss of guaranteed wages of Rs.856.401 million to KDLB.

The management was requested on 28.09.2023 but no reply was received till finalization of the report.

Audit recommends that excess Dock Workers may be reduced to required level as per Board resolution 2006 and in accordance with demand of stevedores for engagement of labour in loading/unloading operations.

21.5.23 Irregular local purchase of medicine– Rs 123.359 million

Rules 20 of Public Procurement Rules, 2004 states that save as otherwise provided hereinafter, the procuring agencies shall use open competitive bidding as the principal method of procurement for the procurement of goods, services and works.

The management of KDLB incurred an expenditure of Rs 107,255,865 on account of local purchase of medicines from four panel medical stores during FY 2022-23. The details are as under:

S.No	Particulars	Amount (Rs)
1.	Platinum Medical Store	58,062,535
2.	Danish Medical Store	5,489,447
3.	AA Medicos	30,509
4.	M/s Haider Medicos	59,777,411
	Total	123,359,902

Audit observed that:

1. The services of the above medical stores were hired without open competition.
2. The medical attendance rules and SOPs were not framed and approved regarding procedure of medical facility availed by patients from medical store.
3. Doctors' prescription for medicine and disease against which medicines purchased were not found attached with bills.
4. Mechanism to monitor the purchase of medicines by the patients from these stores was not observed as per record. Therefore, non-existence of control mechanism provides huge opportunity of misappropriation.

Audit is of the view due to weak internal control, the authenticity of payment for medicines against actually prescribed and required could not be ascertained. Furthermore, hiring of services of medical stores without competition in violation of PPRA rules was irregular.

The management was requested on 28.09.2023 but no reply was received till finalization of the report.

Audit recommends that responsibility may be fixed besides control mechanism may devised and implemented to stop un-authenticated payments for purchase of medicine.

21.5.24 Non-recovery of outstanding dues from tenants - Rs.37.247 million

GFR 28 states that "No amount due to Government should be left outstanding without sufficient reason, and where any dues appear to be irrecoverable the orders of competent authority for their adjustment must be sought."

The management of KDLB, Karachi provided a list of outstanding dues against their tenant in respect of properties rented/leased out to different tenants up to financial 2022-23. The summary of dues is as under:

Name of Building	No of Tenants	Amount (Rs)
KDLB building	28	23,746,847
Ziauddin Hospital	1	13,500,604
Total Rs.		37,247,451

The audit observed that KDLB have not recovered outstanding dues from tenants to date.

Audit is of the view that non-realization of rent in time is a serious negligence on the part of management.

The management was requested on 28.09.2023 but no reply was received till finalization of the report.

Audit recommends that outstanding amounts may be recovered from tenants and deposited into KDLB account under intimation to audit.

This issue was reported earlier also in Audit Report for the Audit Year 2022-23 vide para No. 16.5.8 having financial impact of Rs. 31.299 million. Recurrence of the same irregularity is a matter of serious concern.

21.5.25 Irregular renting out of 04 KDLB properties without competition and rent received thereof -Rs.4.119 million

Clause 4(2) of the Schemes states that Board shall be a body corporate by the name aforesaid, having perpetual succession and common seal, with power to acquire, hold and dispose of property, both movable and immovable, and to contract, and shall by the said name sue and be sued.

Rules 20 of Public Procurement Rules, 2004 states that save as otherwise provided hereinafter, the procuring agencies shall use open competitive bidding as the principal method of procurement for the procurement of goods, services and works.

The management of KDLB rented out its space in KDLB building to following four tenants during the financial year 2022-23.

S.No	Tenant Name	Area	Rent rate	Date of Agreement	Rent received during F.Y 2022-23
1.	M/s Metal Fold Fastender	3480 sq.ft	Rs. 45.00 per sq.ft per month	20.10.2022	3,105,787

2.	M/s Singularity Traders (Pvt) Ltd	550 sq.ft	Rs. 45.00 per sq.ft per month	20.09.2022	297,000
3.	M/s Wasiq & Qadeer Associates	50 sq.ft	Rs. 45.00 per sq.ft per month	20.09.2022	297,000
4.	M/s Selina Container & Logistics (Pvt) Ltd	1050 sq.ft	Rs. 40.00 per sq.ft per month	01.10.2022	420,000
				Total	4,119,787

Audit observed that KLDB premises were allotted to different organizations without open competition and advertisement in print media regarding space available on rent in a violation of PPRA Rules.

Audit is of the view that the allotment of office accommodation without competition was irregular and unauthorized and deprived the Board of the benefit of competitive rates.

The management was requested on 28.09.2023 but no reply was received till finalization of the report.

Audit recommends that responsibility for non-compliance of PPRA rules may be fixed on the person(s) at fault.

Pakistan Marine Academy, Karachi

21.5.26 Non-deduction of GST from M/s City Cook - Rs.6.068 million

Rules 3 of Sales Tax Act, 1990 states that subject to the provisions of this Act, there shall be charged, levied and paid a tax known as sales tax at the rate of 17% of the value of (a) taxable supplies made by a registered person in the course or furtherance of any taxable activity carried on by him; and (b) goods imported into Pakistan, irrespective of their final destination in territories of Pakistan.

The management of Pakistan Marine Academy, Karachi paid an amount of Rs.41.901 million including taxes to M/s City Cook on the purchase of food and groceries items during the year 2022-2023.

Audit observed that the sales tax at the rate of 17% tax amounting to Rs.6.068 million was not deducted from the payment of M/s City Cook. Besides, Sales Tax invoices were not obtained from the supplier.

Audit is of the view that the non-deduction of sales tax is loss to public exchequer.

The management was requested on 16.08.2023 but no reply was received till finalization of the report.

Audit recommends that the amount of Sales tax may be recovered and deposited into government treasury.

21.5.27 Non-recovery of scholarship from KPT & Port Qasim Authority – Rs. 5.081 million

With reference to the Ministry of Maritime Affairs (Ports and Shipping) Letter No.5-6(10)76-PC-A/ 2019-pt dated 17.04.2023 and PMA Letter No. PMA/ CEO/ MoMA/ 2022-01 dated 31.05.2023 regarding award of need based scholarship to 10 PMA Cadets (60th Batch) to be financed from Karachi Port Trust and Port Qasim Authority. The eligibility for the grant of scholarship is essential linked to financial background and applicant's overall merits in selection for Pakistan Marine Academy (PMA). Award of scholarship would be approved by the Secretary of Ministry of Maritime Affairs (MoMA) on recommendation of scholarship Award Committee (SAC). Each year PNSC, KPT and PQA would sponsor 11 cadets, each.

The management of Pakistan Marine Academy awarded scholarship to 10 cadets of 60th batch to be financed by KPT, and Port Qasim Authority during 2022-2023.

Audit observed that the management of Pakistan Marine Academy, Karachi did not recover the scholarship amount from Karachi Port Trust and Port Qasim Authority amounting to Rs. 5.081 million.

Audit is of the view that non-payment of scholarship deprived the students of the benefit of quality education.

The management was requested on 16.08.2023 but no reply was received till finalization of the report.

Audit recommends that the outstanding amount may be recovered from the Port Qasim and KPT.

Marine Fisheries Department, Karachi

21.5.28 Wastage of public money of Rs.8.424 million

As per GFR 10(i) every public officer is expected to exercise the same vigilance in respect of expenditure incurred from public moneys as a person of ordinary prudence would exercise in respect of expenditure of his own money.

During review of Stock Register of Marine Fisheries Department an Atomic Absorption Spectrophotometer was purchased of amounting to Rs.8,424,000/- from M/s Rizvi and Company on 25.05.2018 for the Development project titled Upgradation and Accreditation of Quality Control Lab (UAQCL).

Audit observed that the Atomic Absorption Spectrophotometer Machine was not installed even after the lapse of five years. It was also observed that the Chemical Laboratory of the Marine Fisheries is non-functional since two years.

Audit is of the view that the management shown negligence due to non-installation of chemical labs which is held irregular.

The management was requested on 09.06.2023 but no reply was received till finalization of the report.

Audit recommends that the inquiry may be conducted, and responsibility may be fixed on the persons found at fault.

21.5.29 Loss due to non-revision of tests rate-Rs. 16.280 million.

GFR 23 states that “Every Government officer should realize fully and clearly that the will be held personally responsible for any loss sustained by Government through fraud or negligence on his part and that he will also be held personally responsible for any loss arising from fraud or negligence on the part of any other Government officer to the extent to which it may be shown that contributed to the loss by his own action or negligence”.

The management of Marine Fisheries Department, Karachi carried out 2793 Microbiological tests on the request of the fish exporters during the period 2021-2022.

Audit observed that Marine Fisheries Department was charging Rs. 1000 per test for microbiological tests fixed in 1998 while on the other hand PCSIR, a council under the Ministry of Science and Technology, was charging Rs. 7000 per test. The management did

not enhance the rate and sustained a loss of Rs.16.280 million(2793x6000) to the public exchequer during the year 2021-2022.

Audit is of the view that non-enhancement of test rate sustained loss to the public exchequer may be justified to audit.

The management was requested on 09.06.2023 but no reply was received till finalization of the report.

Audit recommends revising the rate as per the prevailing rates and implementing the same on the exporters fee.

CHAPTER 22

NATIONAL ACCOUNTABILITY BUREAU

22.1 Introduction

The National Accountability Bureau (NAB) was established vide Ordinance No. XVIII of 1999 dated 16.11.1999 (NAB Ordinance, 1999) to eradicate corruption and hold accountable all those persons accused of such practices. NAB was also required to provide effective measures for the detection, investigation, prosecution and speedy disposal of cases involving corruption, corrupt practices, misuse/abuse of power, misappropriation of property, kickbacks, commissions, etc. with a view to a fair and just system for all.

NAB Headquarters is situated in the federal capital with five regional offices in the four provinces. The Headquarters exclusively performs policy and monitoring functions while the investigation is carried out in the Regional Offices. The Headquarters, however, retain a very limited investigation capability for very high-profile corruption cases as determined by the Chairman, NAB.

Following its mandate, NAB formulated a National Anti-Corruption Strategy (NACS) with input from international experts (supported by the DFID, UK) in 2002. The strategy contains sections on the assessment of the weaknesses of relevant institutions and the system as a whole, proposes the strategic reform agenda and the implementation plan.

The main tasks of NAB have been organized along functional lines and by arranging them into four main divisions, i.e. Operations, Prosecution, Awareness & Prevention and Human Resource & Finance Divisions.

Sr. No.	Description	Total No.	Audited	Expenditure Audited (FY-2022-23) Rs. in million	Revenue / Receipt Audited (FY-2022-23) Rs. in million
1	Formations	6	6	12,910.749	-
2	Assignment Accounts (Excluding FAP)	1	1	29,729.000	-
3	Authorities / Autonomous Bodies etc. under the PAO	-	-	-	-
4	Foreign Aided Project (FAP)	-	-	-	-

22.2 Comments on Budget & Accounts (Variance Analysis)

The final budget allocated to the National Accountability Bureau for the financial year 2022-23 was Rs. 5,118.54 million, out of which the Bureau expended an amount of Rs. 5,117.85 million. Grant-wise detail of current expenditure is as under:

(Rs. in million)

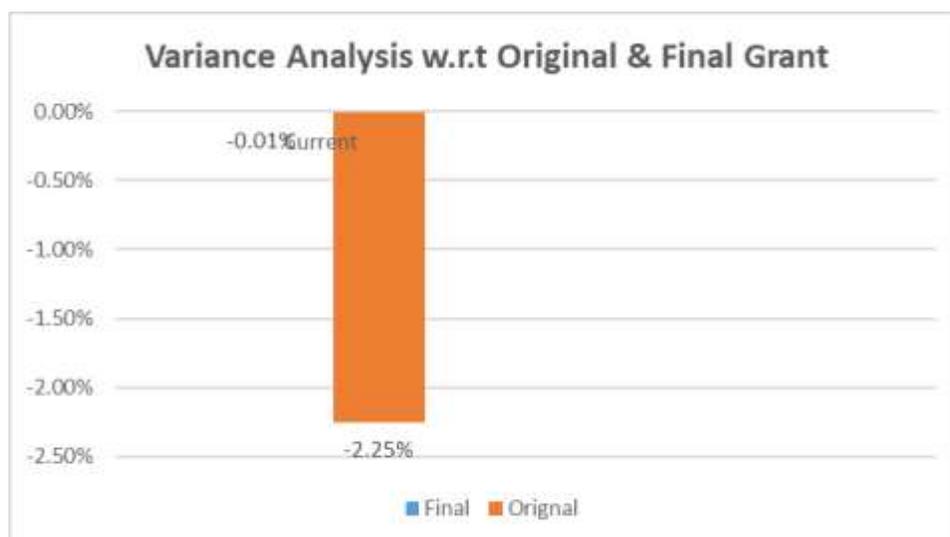

Grant No	Type of Grant	Original Grant	Suppl Grant	Surrender (-)	Final Grant	Actual Expenditure	Excess/ (Saving)	% age Excess/ (Saving)
68	Current	5,233.00	.00	-114.46	5,118.54	5,117.85	-.69	-0.01%

Audit noted that there was an overall saving of Rs.0.69 million in the current grant.

Supplementary Grants obtained without careful cash forecasting

According to Para 71 of General Financial Rules (Volume I), while framing budget estimates, the authorities should exercise utmost foresight. Rules of good governance demand that budget processes are carried out in accordance with clearly defined expectations and assumptions and a coordinated calendar of activity.

As shown in the chart below, it was observed that in case of current grant, there was 2.25% of saving w.r.t original grant which was reduced to 0.01% w.r.t final grant.

22.3 Classified Summary of Audit Observations

Audit observations, amounting to Rs. 33.09 million, were raised in this report during the current audit of **National Accountability Buearu**. Summary of the audit observations classified by nature is as under:

(Rupees in million)

S. No	Classification	Amount
1	Non-production of record	
2	Reported cases of fraud, embezzlement and Misappropriation	
3	Irregularities	
A	<i>HR/Employees related Irregularities</i>	5.674

22.5 AUDIT PARAS

National Accountability Bureau (NAB) Karachi

22.5.1 Irregular expenditure on law charges and awarding of extension to the law personnel – Rs.27.412 million

Para 6(b) of Part I – General of Standard Operating Procedure (SOP) for Induction Procedure and Pay Scale Structure of Advisors / Consultants / Experts and Law Officers of NAB dated 02.07.2015 states that after grant of two extensions, service provider will have to take minimum six (06) months break or go through the fresh process of hiring for further services in NAB as per this SOP.

Para-9 (a) of Part II - General of Standard Operating Procedure (SOP) hiring/ procurement of services of firms/organization “advertisement in two leading daily newspapers and on the website of NAB or writing direct letters to minimum three firms/consultants.

Sub Rule (3) (a) of Rule 4 of NAB’s Recovery and Rewards Rules, 2002 provides that the Chairman NAB may approve expenditure out of the NAB’s Recovery and Rewards fund for hiring of legal experts, chartered accountants, investigators or interrogators, anti-corruption strategy experts, media consultants or any other person for an assignment relating to NAB’s functions as per rules framed in consultation with the government.

As per rule-14(1)(g) of Rules of Business, 1973, the Law and Justice Division shall be consulted before the appointment of a legal adviser in any Division or any office or corporation under its administrative control and the Law and Justice Division will make its recommendations after consultation with the Attorney General.

The management of National Accountability Bureau (NAB), Karachi appointed Legal Consultants / Prosecutors through NAB HQ, Islamabad on monthly fee basis and salaries were paid from the head of account A03917-Law charges and incurred expenditure of Rs. 27.412 million during the year 2022-23.

Audit observed that NAB, Karachi hired the services of Lawyers for working as Legal Consultants / Prosecutors but no record of hiring process as per rules was available on record. The appointees have been working for the last few years and their contracts were continuously revising (more than two extension) in-violation of SOP.

The audit further observed that the head of account A03917-Law charges is not meant for making payments to the lawyers appointed on regular basis without any sanctioned posts and without following recruitment rules/procedures. Moreover, the management utilized a regular budget instead of meeting this expenditure from the R&R Fund after framing the rules in consultation with the Government.

In view of the above the entire expenditure incurred on law charges is treated as irregular.

The management has not submitted a reply within given time frame and till finalization of the report.

Audit recommends that irregularity may be got regularized from the Law Division.

22.5.2 Irregular appointment of experts without open competition, awarding extensions in contract - Rs. 5.674 million

The standard terms and conditions of contract employment issued by Establishment Division vide O.M No.10/52/95-R.2 dated 18.07.1996 as amended from time to time provide that the period of contract should not exceed two years and the post should be advertised.

Para 6(b) of Part I – General of Standard Operating Procedure (SOP) for Induction Procedure and Pay Scale Structure of Advisors / Consultants / Experts and Law Officers of NAB dated 02.07.2015 states that after grant of two extensions, service provider will have to take minimum six (06) months break or go through the fresh process of hiring for further services in NAB as per this SOP.

Sub Rule (3) (a) of Rule 4 of NAB’s Recovery and Rewards Rules, 2002 provides that the Chairman NAB may approve expenditure out of the NAB’s Recovery and Rewards fund for hiring of legal experts, chartered accountants, investigators or interrogators, anti-corruption strategy experts, media consultants or any other person for an assignment relating to NAB’s functions as per rules framed in consultation with the government.

The management of National Accountability Bureau, Karachi appointed ~~Exps~~ / Junior Experts against different monthly remuneration/fee through NAB (HQ), Islamabad. An expenditure of Rs. 5,674,000/- was incurred out of the head “payment to other for services rendered” during the period 2022-23. Details are as under:

S.No.	Name & Designation	Date of Appointment	(Rupees)
			Total Amount Paid

1	Mr. Ramesh Kumar, Expert Revenue BPS-20	12.02.2014	2,554,000
2	Mr. Zaheer Ahmed Junior Expert-2 BPS-18	14.04.2020	1,560,000
3	Mr. Junaid Iqbal Junior Expert-2 BPS-18	23.12.2021	1,560,000

Audit observed that NAB, Karachi hired the services of Experts / Junior Experts but record of open competition selection process was not available on record.

Audit further observed that Mr. Ramesh Kumar, Expert BPS-20 was appointed on 12.02.2014 and their contract was continuously revised (more than two extension) in-violation of SOP. Moreover, the management utilized a regular budget instead of meeting this expenditure from the R&R Fund after framing the rules in consultation with the Government. Audit further observed that the salary was increased up to 57% of above experts without approval of Finance Division any justification.

Audit is of the view that appointment of experts without advertisement and making payment from the head of account 'A03919-Payment others for services rendered' is irregular.

The management has not submitted a reply within given time frame and till finalization of the report.

Audit recommends that expenditure may be regularized from the Finance Division.

CHAPTER 23

MINISTRY OF NATIONAL FOOD SECURITY AND RESEARCH

23.1 Introduction

As per Schedule II [Rule 3 (3)] Distribution of Business among the Divisions read with Schedule III [rule-4(4)] Rules of Business 1973 (As amended up to 23rd April, 2019) following main business have been assigned to the Division amongst the other functions.

23.2 Comments on Budget & Accounts (Variance Analysis)

The final budget allocated to the National Food Security And Research Division for the financial year 2022-23 was Rs.17,678.66 million, out of which the Division expended an amount of Rs.17,504.98 million. Grant-wise detail of current and development expenditure is as under:

(Rs. In million)

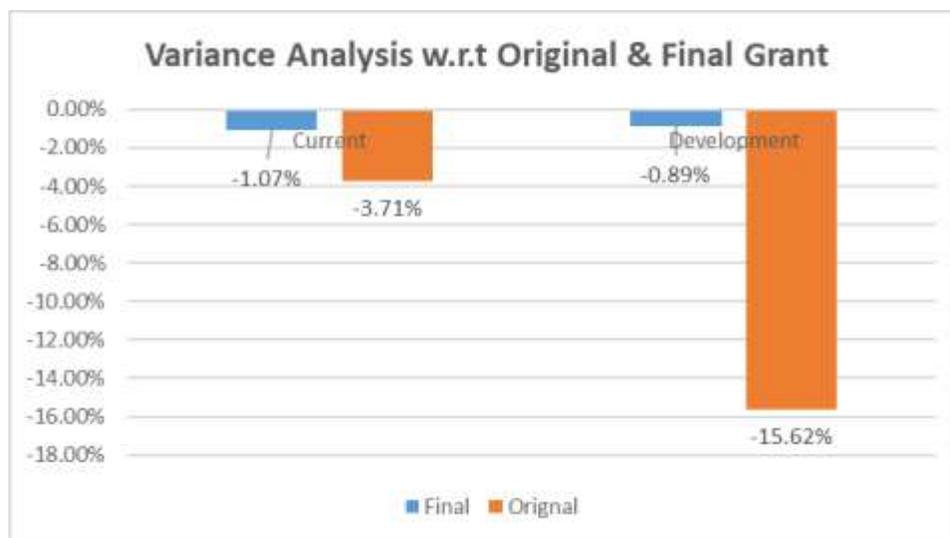

Grant No	Type of Grant	Original Grant	Surrender (-)	Final Grant	Actual Expenditure	Excess/ (Saving)	% age Excess/ (Saving)
74	Current	9,303.01	-248.60	9,054.41	8,957.56	-96.86	-1.07%
116	Development	10,129.13	-1,504.89	8,624.24	8,547.42	-76.82	-0.89%
	Total	19,432.14	-1,753.49	17,678.66	17,504.98	-173.68	-0.98%

Audit noted that there was an overall savings of Rs.173.68 million, which was mainly due to saving in development grant.

Supplementary Grants obtained without careful cash forecasting

According to Para 71 of General Financial Rules (Volume I), while framing budget estimates, the authorities should exercise utmost foresight. Rules of good governance demand that budget processes are carried out in accordance with clearly defined expectations and assumptions and a coordinated calendar of activity.

As shown in the chart below, bifurcating total allocation into current, development and charge expenditure, it was observed that, in case of development grant, there was 15.62% of saving w.r.t original grant which was finally reduced to 0.89% w.r.t final grant and in case of current grant 3.71% saving was finally reduced to 1.07%.

23.3 Classified Summary of Audit Observations

Audit observations, amounting to Rs.7,452.68 million, were raised in this report during the current audit of **Ministry Of National Food Security and Research**. Summary of the audit observations classified by nature is as under:

(Rupees in million)

S. No	Classification	Amount
1	Non-production of record	
2	Reported cases of fraud, embezzlement and Misappropriation

23.5 AUDIT PARAS

National Food Security and Research, Islamabad

23.5.1 Unauthorized and non-transparent recruitment of officers on contract basis - Rs. 90.705 million

Rule-IV(c) of Endowment Fund Rules states that the selection of the project proposals (other than PECAP project) for funding within the scope of the Endowment fund will be carried through the Selection Committee as per agreement between the two governments.

Rule-IV (d) of the Endowment Fund Rule states that “a Fund Recruitment Committee (FRC) will be set up to hire staff of the fund on a competitive basis. All the recruitment/hiring of the staff will be done on competitive basis and through sufficient advertisement. A clear criterion for required qualification and experience will be established for each post in consultation with stakeholder’s organizations /departments. All recruitment will be made exclusively on contract basis with no right for regularization.”

The management of Endowment Fund of Ministry of National Food Security and Research, Islamabad recruited twenty-five (25) officers on contract basis and incurred an expenditure of Rs. 90,705,356 on payment of salaries during financial year 2022-23.

The Food Security Portal Dashboard (FSPD) was established in the M/o NFS&R under the Prime Minister’s Initiative. As per provision of Endowment Fund Rules, the Project was to be funded out of Endowment Fund after recommendation of the Fund Selection Committee with the prior consultation of USDA Agriculture Attache in Pakistan and approval of the BoG.

Audit observed that:

- i. Neither the Fund Selection Committee recommended the project for its funding out of Endowment Fund nor submitted to the Board for approval with prior concurrence of USDA Agriculture Attache in Pakistan. The incurring of expenditure without completion of formalities was unauthorized.
- ii. The recruitment of officers on a contract basis was made without advertisement in newspaper, recommendation of the Fund Recruitment Committee, and approval of the Board. Thus, the recruitment was done in a non-transparent manner.

Audit is of the view that the recruitment of officers on a contract basis made in a non-transparent manner and without approval of the Board is unauthorized.

The management replied that as per direction of PM a project “Essential Agricultural Food Commodities (EAFC)” Monitoring Cell and Food Security Portal (FSP) were launched funded from EF, after fulfilling all codal formalities. BoG the supreme body of EF, granted approvals. EAFC Monitoring Cell was a substitute of PECAP and as per rule and regulations of EF approval form selection committee was not mandatory. However, Secretary M/o NFS&R being Chairman BoG and Federal Minister for NFS&R granted approval after consulting US Embassy in Islamabad. The Fund Recruitment Committee of EF as per R&R headed by the Additional Secretary (IC/P) completed this task in a fair and transparent manner.

The reply is not cogent. Neither recommendations of the Fund Selection Committee nor approval of Board was obtained for selection of the project titled “Food Security Portal Dashboard (FSPD)”. The recruitment of officers was made without advertisement in newspaper, recommendation of the Fund Recruitment Committee, and approval of the Board.

Audit recommends holding of inquiry to fix responsibility on the persons at fault besides getting ex-post facto approval of the expenditure from the Board.

23.5.2 Unauthorized expenditure incurred on renovation of a room for establishment of Food Security Portal Dashboard - Rs 8.649 million

Rule 12(1) Public Procurement Rules, 2004 states that procurements over five hundred thousand Pakistani Rupees and up to the limit of three million Pakistani Rupees shall be advertised on the Authority’s website in the manner and format specified by regulation by the Authority from time to time.

Rule IV(c) of Endowment Fund Rules states that the selection of the project proposals (other than PECAP project) for funding within the scope of the Endowment fund will be carried through the Selection Committee as per agreement between the two governments.

Rule-IV (b) (i & ii) of Endowment Fund Rules and Regulations states that “the management of the Fund will be carried out through a Fund Management Committee (FMC). Functions and powers of FMC will be to supervise management of the Endowment Fund, income drawn from it and the expenditure in accordance with the rules and regulations approved by the Board of Governors.”

The management of Endowment Fund of Ministry of National Food Security and Research, Islamabad incurred an expenditure of Rs. 7.899 million on renovation of Room No. 421 4th floor M/o NFS& R, B-block Pak. Secretariate, Islamabad.

Similarly, an expenditure of Rs. 750,000 was also incurred on purchase of wall paneling, tiling, electric wiring and furniture items for repair/maintenance of room No. 419 & 337 of Ministry of NFS&R. The payment was made to the M/s Bisma Enterprises vide Invoice No. 583 dated 12.06.2023 and Cheque No. 273704297 dated 16.06.2023 out of Endowment Fund.

The Food Security Portal Dashboard (FSPD) was established in the M/o NFS&R under the Prime Minister's Initiative. As per provision of Endowment Fund Rules, the Project was to be funded out of Endowment Fund after recommendation of the Fund Selection Committee to the Board with the prior concurrence of USDA Agriculture Attache in Pakistan.

A case for getting ex-post facto approval of total expenditure of Rs. 7.899 million was placed before BoG in its 8th meeting held on 05.08.2022.

Audit observed as under:

- i. Neither the Fund Selection Committee recommended the project nor submitted to the Board for approval with prior concurrence of the USDA Agriculture Attache in Pakistan.
- ii. The expenditure of Rs.8.649 million (Rs.7.899+ Rs.0.750) was incurred without calling open tender as required under PPRA Rules, 2004.
- iii. The BoG in its 8th meeting held on 05.08.2022 did not grant the ex-post facto approval of the expenditure of Rs. 7.899 million.

Audit is of the view that the expenditure of Rs.8.649 million incurred on renovation of room for Food Security Portal Dashboard without approval of the BoG and calling open tender is unauthorized.

The management replied that National Food Security Dashboard was established in the Ministry of National Food Security and Research on the direction of Prime Minister of Pakistan to monitor Food, Prices, Food Production, Supplies and Demands for Food for the instant policy response. As the erstwhile the Government was witnessing serious issues of prices hikes and shortages of food items. So, it pressed hard to MNFSR to establish the dashboard immediately. PM presided meetings almost twice a week in this context. A room was allotted to dashboard where a cafeteria was being run at that time. The cafeteria was shifted in 24 hours and deadline for renovation of the room was given as 24 hours by the secretary MNFSR on the direction of PM office. Accordingly, the instant expenditure of 7.899 million was done to renovate the room

including furniture (Chairs, Workstations, Electrification, Flooring and Paper Walling). The room is still under control of dashboard team and can be seen physically.

The repair/maintenance of Room No. 419 and 337 of EAFC Cell and Dashboard was done step by step. In the 1st instance Room No. 419 was repaired at the cost of Rs. 400,000/- and in 2nd step, Room No. 337 was renovated at the cost of 350,000/-. As the expenditures estimates of both rooms were less than 0.5 million Therefore, as per rules, 3-quotations were invited from various companies. And the lowest bids offering company was awarded work order. Furthermore, the expenditure of both rooms was approved by the 10th BoG.

The reply is not correct. Nothing was explained about the selection of the project without recommendations of the Fund Selection Committee, non-obtaining approval of the above expenditure from the Board and incurring the expenditure without calling open tender. The entire expenditure was incurred through a single invoice without calling open tender.

Audit recommends holding of inquiry to fix responsibility on the persons at fault besides obtaining ex-post approval of expenditure from the Board and avoiding such practice in future.

Federal Project Management Unit

23.5.3 Unauthorized engagement of Supervisory Consultant as Third-Party Validation Consultant – Rs. 2,682.200 million

Regulation 4 of Consultancy Services Regulations, 2010 states that the procuring agency shall not hire a consultant for an assignment in which there is a possibility of conflict of interest. If a consultant has been engaged by the procuring agency to provide goods or works for a project, it shall be disqualified from providing consulting services for the same project. Similarly, a consultant shall not be hired for any assignment which by its nature, may be in conflict with another assignment of that consultant.

Federal Project Management Unit, Islamabad entered into an agreement for Implementation Assistance, Execution, Supervision and Thirty Party Validation with National Engineering Services Pakistan (NESPAK) Private Limited JV Associated Consulting Engineer (ACE) Limited JV Rehman Habib Consultants Private Limited in association with Kasib Associates at a total cost of Rs. 2,682.1200 million on 21.09.2020. Detail of cost break up is as under:

S. No.	Description	(Rupees) Cost
1.	Remuneration	1,468,028,554

2.	Service Charge on Reimbursable	28,390,611
3.	Sub Total Remuneration and Service Charges (1+2)	1,496,419,165
4.	Reimbursable	946,353,710
Total Cost of the Financial Proposal		2,442,772,875
Sales Tax @ 16% (Services Tax on Remuneration and Service Charge)		239,427,066
Total including Taxes		2,682,199,941

Audit observed that consultant validates those schemes which were supervised by the same consultant which constitute conflict of interest.

Audit is of the view that authenticity of third-party validation could not be ascertained if the supervisory consultant and third-party validation consultant is same.

The management replied that the engagement was purely made on the basis of PC-I approved from different forums. The implementation of project execution is being administered strictly in accordance with the provision of approved PC-I.

The reply was not accepted due to conflict of interest of consultant engaged in third party validation.

Audit recommends that amount paid to consultant for third party validation may be recovered besides fixing responsibility.

23.5.4 Overpayment due to extra charging against less number of field engineers - Rs. 182.45 million

Federal Project Management Unit, Islamabad entered into an agreement for Implementation Assistance, Execution, Supervision and Thirty Party Validation with National Engineering Services Pakistan (NESPAK) Private Limited JV Associated Consulting Engineer (ACE) Limited JV Rehman Habib Consultants Private Limited in association with Kasib Associates at a total cost of Rs. 2,682.1200 million on 21.09.2020. Detail of cost break up is as under:

Audit observed that the consultant only engaged 54 field engineers up to June, 2022 instead of 115 as provided in the contract agreement. Audit also observed that in the contract agreement the consultant charged monthly POL for 115 field engineers amounting to Rs. 343.962 million

whereas POL cost of 54 field engineers came to Rs. 161.513 million due to which an amount of Rs. 182.450 million was extra charged in the contract agreement as per following details:

Description	Numbers	Months	Total Months	Average Per month Rate for rental & POL	Amount Rs.
Provision as per contract	115	48	5,520	62,312	343,962,240
Actual Field Engineers	54	48	2,592	62,312	161,512,704
Difference	61	48	2,928	62,312	182,449,536

Audit is of the view that due to wrong estimation of human resources an amount of Rs. 182,449,536 was extra charged in the contract agreement.

Audit is also of the view that due to non-engagement of field staff the purpose of the Consultancy could not be achieved.

The management replied that as the project is a national level project locations are scattered around the country except Sindh and there are few cases, as consequence of replacement of staff with slight fluctuation. This is a continuous activity during the project execution.

The reply was not accepted being irrelevant.

Audit recommends inquiry may be held to fix responsibility and outcome may be shared with the Audit.

23.5.5 Excess charges of Sales tax on services - Rs.212.246 million

Federal Project Management Unit, Islamabad entered into an agreement for Implementation Assistance, Execution, Supervision and Thirty Party Validation with National Engineering Services Pakistan (NESPAK) Private Limited JV Associated Consulting Engineer (ACE) Limited JV Rehman Habib Consultants Private Limited in association with Kasib Associates at a total cost of Rs. 2,682.1200 million on 21.09.2020. Detail of cost break up is as under:

S. No.	Description	(Rupees) Cost
1.	Remuneration	1,468,028,554
2.	Service Charge on Reimbursable	28,390,611
3.	Sub Total Remuneration and Service Charges (1+2)	1,496,419,165

4. Reimbursable	946,353,710
Total Cost of the Financial Proposal	2,442,772,875
Sales Tax @ 16% (Services Tax on Remuneration and Service Charge	239,427,066
Total including Taxes	2,682,199,941

Break-up of remuneration cost as per agreement is as under:

S. No.	Description	Cost
1.	Remuneration	645,299,519
2.	Social Charges	137,993,187
3.	Overheads	542,723,928
4.	Fee	141,490,437

Audit observed that consultant charged 16% Sales Tax on remuneration and services charges amounting to Rs. 239,427,066. Whereas as per the agreement, total service charges on Reimbursable and Fee on Remuneration comes to Rs. 169,881,048 (Consultant Fee on remuneration Rs. 141,490,437 + Service Charges on Reimbursable Rs. 28,390,611) for which only Rs. 27.181 million Sales Tax @ 16% was applicable. Due to this calculation the Consultant charged additional Sales Tax amounting to Rs. 212.246 million.

Audit is of the view that charging excess sales tax was undue favor to the Consultant which may be rectified and already paid excess amount may be recovered from the Consultant.

The management replied that sales tax deduction is at bifurcated rates for each province/zone as provision of sales tax, 1990.

The reply was not accepted because the consultant charged sales tax on remuneration which was not justified.

Audit recommends amount may be recovered and deposited into Government Treasury.

23.5.6 Irregular addition of social charges and overheads in the contract - Rs. 680.717 million

Pakistan Engineering Council (Conduct and Practice of Consulting Engineers) Bye-laws, 1986 clarified that Salary Costs are defined as the costs of salaries of the partners and associates,

principals, engineers, technicians, draftsmen, stenographers, survey men, clerks, etc. for the time directly chargeable to the project.

These “Salary Costs” shall include the following pays, allowances, benefits and facilities by whatever name called, paid or payable to the employee or on his behalf, in accordance with the service rules of the consulting engineer for the employees.

Federal Project Management Unit, Islamabad entered into an agreement for Implementation Assistance, Execution, Supervision and Thirty Party Validation with National Engineering Services Pakistan (NESPAK) Private Limited JV Associated Consulting Engineer (ACE) Limited JV Rehman Habib Consultants Private Limited in association with Kasib Associates at a total cost of Rs. 2,682.1200 million on 21.09.2020. Detail of cost break up is as under:

S. No.	Description	(Rupees) Cost
1.	Remuneration	1,468,028,554
2.	Service Charge on Reimbursable	28,390,611
3.	Sub Total Remuneration and Service Charges (1+2)	1,496,419,165
4.	Reimbursable	946,353,710
Total Cost of the Financial Proposal		2,442,772,875
Sales Tax @ 16% (Services Tax on Remuneration and Service Charge)		239,427,066
Total including Taxes		2,682,199,941

Break-up of remuneration cost as per agreement is as under:

S. No.	Description	Cost
1.	Remuneration	645,299,519
2.	Social Charges	137,993,187
3.	Overheads	542,723,928
4.	Fee	141,490,437
Total Cost of the Financial Proposal		1,467,507,071

Audit observed that consultant charged Social Charges amounting to Rs. 137.993 million in costing which were already included in the Salary Cost as provided in the Pakistan Engineering Council (Conduct and Practice of Consulting Engineers) Bye-laws, 1986.

The audit also observed that the consultant charged overhead amounting to Rs. 542.724 million in the Salary Cost of Rs. 1,467.507 million whereas the same items were charged as reimbursable amounting to Rs. 946,354 million.

Audit is of the view that due to charging of social charges and overheads separately in reimbursable extra financial burden amounting to Rs. 680.717 million was put on the government money which needs to be rectified.

The management replied that remuneration cost shall cover salary and allowances as the consultants shall have agree to pay to the personal as well as the factor of social charges and overheads based on the consultant average cost as represented by the financial statements of consultants latest three fiscal years and fee of the consultant.

The reply was not tenable as it is evident from the reply that remuneration rate already included social charges and overhead and a separate provision for these resulted in loss to the government.

Audit recommends that the contract agreement may be revises as per instructions of the Pakistan Engineering Council and already paid amount may be recovered and deposited into the government treasury.

23.5.7 Unauthorized inclusion of Salaries of Head/Members- Rs. 10.604 million

Pakistan Engineering Council (Conduct and Practice of Consulting Engineers) Byelaws, 1986 clarified that Consulting Engineer's overhead costs include the following indirect costs, which are not directly applicable to specific engagements and projects:-

- i. Salaries or imputed salaries of partners and principals, to the extent that they perform general executive and administrative services as distinguished from technical or advisory services directly applicable to particular projects. These services and expenses, essential to the conduct of the business, include preliminary arrangements for new projects or assignments.

Federal Project Management Unit, Islamabad entered into an agreement for Implementation Assistance, Execution, Supervision and Thirty Party Validation with National Engineering Services Pakistan (NESPAK) Private Limited JV Associated Consulting Engineer (ACE) Limited JV Rehman Habib Consultants Private Limited in association with Kasib Associates at a total cost of Rs. 2,682.1200 million on 21.09.2020. Detail of cost break up is as under:

S. No.	Description	(Rupees) Cost
1.	Remuneration	1,468,028,554
2.	Service Charge on Reimbursable	28,390,611
3.	Sub Total Remuneration and Service Charges (1+2)	1,496,419,165
4.	Reimbursable	946,353,710
Total Cost of the Financial Proposal		2,442,772,875
Sales Tax @ 16% (Services Tax on Remuneration and Service Charge)		239,427,066
Total including Taxes		2,682,199,941

Detail of remuneration cost is as under:

S. No.	Description	Cost
1.	Remuneration	645,299,519
2.	Social Charges	137,993,187
3.	Overheads	542,723,928
4.	Fee	141,490,437
Total Cost of the Financial Proposal		1,467,507,071

Audit observed that consultant charged salaries, social charges, overheads and fees for the Members/Principals amounting to Rs. 10.604 million under the head remuneration in violation of the Pakistan Engineering Council (Conduct and Practice of Consulting Engineers) Bye-laws, 1986. Details are as under:

S. No.	Designation	Firm	Basic Remuneration	Social Charges	Overheads	Fee	Months	Total
1.	Head	NESPAK	557,630	151,879	929,760	133,927	3	4,419,577
2.	Regional Head	ACE	416,648	117,542	432,961	96,715	3	3,191,598
3	Director	RHC	363,600	102,535	440,917	9,0705	3	2,993,271
Total								10,604,446

Audit is of the view that due to charging of salaries or imputed salaries of partners and principals the contract cost enhanced by Rs. 10.604 million.

The management replied that it is general rule in government of Pakistan that the member attending board of director meeting or board of governor meeting also pay remuneration cost of visit case to case basis. On the same analogy PBOM members are entitled to avail perks and benefit

as per contract on agreed rates. Before entering into contract agreement some un-allocated man months are kept reserve so that emergent needs services required for the performance of project objective could be met. Accordingly, few man months have been allocated for PBOM members while attending regular meetings of project.

The reply was not accepted because charging of salaries or imputed salaries of partners and principals was violation of Pakistan Engineering Council (Conduct and Practice of Consulting Engineers) Bye-laws, 1986.

Audit recommends that the contract agreement may be revised as per instructions of the Pakistan Engineering Council and already paid amount may be recovered and deposited into the government treasury.

23.5.8 Unauthorized payment of rent of official Building – Rs. 8.390 million

Para 23 of GFR states that Every Government officer should realize fully and clearly that he will be held personally responsible for any loss sustained by Government through fraud or negligence on his part and that he will also be held personally responsible for any loss arising from fraud or negligence on the part of any other Government officer to the extent to which it may be shown that he contributed to the loss by his own action or negligence.

The management of Federal Project Management Unit entered into an agreement for rent of official accommodation on 11.11.2020 for 15982 square feet @ Rs. 75 per square feet (Rs. 1,198,650 per month) as per following details:

S. No.	Project	Agreement Date	Cover Area	Rate	Total
<i>1.</i>	National Program for Improvement of Water Courses in Pakistan Phase-II	11.11.2020	10,482	75	786,150
<i>2.</i>	Water Conversation in Barani Areas of KP	11.11.2020	5,500	75	412,500
Total					1,198,650

Audit observed that Finance Division gave approval on 10.11.2020 for execution of agreement @ Rs. 75 per square feet but the management paid one-year advance rent amounting to Rs. 14.384 million w.e.f. 01.04.2020 before the approval was granted. Hence rent amounting to

Rs. 8.390 million of seven months was overpaid to the owner of the building in violation of the approval of the Finance Division.

Audit is of the view that owner of the building was given undue favor by paying him 7 months' rent which was not due.

The management replied that NPC, FPMU issued a letter to owner on 08.06.2020 in which stated that the Secretary, NFS&R was pleased to approve hiring of the building w.e.f. 01.04.2020 and case was forwarded to Finance Division for relaxation of rent and approval. Therefore, the owner was requested to hold the building till the decision of the Finance Committee on following conditions: (i) The agreement will be executed at the rent over and above the prescribed rent approved by the committee from the date of approval of the Secretary, NFS&R (ii) In case the committee does not approve the rent over and above the prescribed ceiling then this office may consider paying rent @ Rs. 60 per sq. ft. for holding the building for the period since 01.04.2020.

The reply was not accepted because payment of rent for the period which was not approved by the Finance Division was unauthorized. Further, the management paid rent for seven months of an empty building.

Audit recommends that inquiry may be held to fix the responsibility.

Fisheries Development Board

23.5.9 Award of contract for hiring of services and supply of miscellaneous items without observing evaluation criteria - Rs. 9.874 million

Rule 30(1) of Public Procurement Rules, 2004 states that all bids shall be evaluated in accordance with the evaluation criteria and other terms and conditions set forth in the prescribed bidding documents.

Rule 38-B of Public Procurement Rules, 2004 states that the procuring agency shall consider a single bid in goods, work and services if it-(D) has financial conformance in terms of rate of reasonability.

As per Annexure-G of tender document No.F.01-MPF-Tech (CCDP)/2022 for supply of miscellaneous items and hiring of services of a firm for Re-location of Marine Cage Farm. The evaluation criteria were as under:

S. No	Category	Points	
		Maximum	Minimum
1	Experience		

1.1	Length of total experience	30	18
1.2	Project related experience	20	12
1.3	Registration with PEC/FBR	Mandatory	
1.4	NOC about Litigation	Yes/No	
1.5	Sub Total	50	30
2.	Personnel		
2.1	Qualification of Staff	20	12
2.2	Experience of Hydrographic	20	12
2.3	Experience of Chief Diver	05	03
2.4	Experience of Hydrographic Surveyor	05	03
2.5	Sub Total	50	30

The management of the Fisheries Development Board floated a tender for supply of miscellaneous items and hiring of services of a firm for Re-location of Marine Cage Farm. Two bids were received. The Technical Committee in its meeting held on 14.11.2022 rejected one bidder namely M/s Mew Pvt Ltd on technical basis and only one vendor M/s Bahira Foundation has qualified for financial bid. The financial bid was opened on 16.11.2022.

Audit observed as under:

1. Work was awarded without observing evaluation criteria as determined by the management.
2. The Evaluation Report contained only a summary of the evaluation criteria. The committee did not consider evaluation as per tender documents of each bidder. Technical Committee rejected the technical bid of M/s Mew Pvt Ltd without cogent reasons and mentioned only 'M/s Mew Pvt Ltd has not cleared the technical evaluation and therefore found not responsive bid.'
3. The management approved a single bid at the time of evaluation and made purchases at single quoted prices without financial conformance in terms of rate reasonability.
4. Management did not establish fair competition for procurement and deprived the government of the benefits of fair competition.

Audit is of the view that award of contract without fair evaluation of technical bid as per tender document and purchases made at single quoted prices without financial conformance in terms of rate reasonability are violations of rules.

The management replied that the Technical Evaluation Committee scrutinized the proposed bids and decided to award the contract to M/s Bahria Foundation on the basis of the vast marine experience of the organization. The committee evaluated the technical bid properly based on the experience of personnel and their qualifications. Detail mark sheets were prepared but in the minutes of the committee, a summary of the findings of the committee was included. The bid of the firm M/s Mew (Pvt) Ltd. lacks the required experience of the personnel and got zero marks in that category. As S.No.2 of the given table the minimum number was 3 to 12 for various personnel including Hydrographic, Chief Diver & Hydrographic Surveyor. However, the Bid of

M/s Mew (Pvt) Ltd had no such personnel including the Hydrographic, Chief Diver, or Hydrographic Surveyor on their strength rather the C.Vs of sea dredging personnel were included. Which were irrelevant to the assignment at hand, therefore the bid was rejected based on the quality of human resources to carry out the assignment at hand. The zero number was given in the personnel category which was below the specified minimum point. Hence the Bid was rejected by the Technical Committee.

The reply is not accepted as the evaluation committee did not evaluate the bid according to tender documents in detail to determine the technical weights of bidders.

Audit recommends that matter be investigated to fix responsibility on persons at fault.

23.5.10 Unauthorized expenditure on rent of office building without completion of codal formalities - Rs. 7.133 million

As per Finance Division's OM No.F.8(69)R.14/83/2001-452 dated 18.10.2001 "in future cases of initial hiring as well as subsequent increase in rent beyond the prescribed limit should be forwarded to Finance Division (Regulation Wing) with the approval of Secretary Incharge of the Ministry/Division concerned through respective F.A Organization supported by the following documents:-

- i. Consent of the owner.
- ii. Statement of space entitlement along with details of sanctioned strength of officers/officials duly approved by Works Division as per letter No.10(11)/71-WIII dated 17.08.1971.
- iii. Hiring particulars on the standard format duly signed by Grade-20 officer or equivalent with complete entries.
- iv. Assessment Certificate issued by Pak.PWD in accordance with specifications of the premises.
- v. Authentic copy of map of the premises in question.

The management of Fisheries Development Board, Islamabad incurred an expenditure of Rs. 7.133 million on payment of rent of office buildings during financial years 2018-23 as under:

S. No.	Office	Location	Payment during 2020-21 (Rs.)
1	Pilot Shrimp Farming Cluster Development Project	Plot No.12, Orchard Scheme Murree Road Islamabad	3,274,869
2	Pilot Shrimp Farming Cluster Development Project,	House No.B-11, Block No.13-D/2, Scheme No.24 Gulshan-e-Iqbal, Karachi.	2,539,680
3	Promotion of Trout Farming in Northern Areas of Pakistan.	Plot No.12, Orchard Scheme Murree Road Islamabad	1,318,544

Total Rs.	7,133,093
------------------	------------------

Audit observed that the expenditure was incurred on payment of rent of office buildings without obtaining Rent Assessment Certificate from Pak. PWD, authentic copies of map, statements of space entitlement along with details of sanctioned strength of officers/officials.

Audit is of the view that the expenditure incurred on rent of office buildings without completion of codal formalities is unauthorized.

The management replied that as per PC-I the PMU of project is housed at FDB which was working in a small, rented building. A committee of FDB evaluated the building available in vicinity of the FDB office and decided to hire it. The building space and project requirement was assessed and found as per notification of Ministry of Housing and works, Federal Government for hiring of office building. For Cage Culture, the existing Sub-Office of FDB was transferred to Cage Culture Project. As the building was already in FDB use, therefore no fresh committee was established to review the suitability.

The reply was not accepted as instructions of the Finance Division were violated.

Audit recommends that the matter may be taken up with the Finance Division for regularization of the expenditure.

Pakistan Central Cotton Committee, Multan

23.5.11 Non-recovery of outstanding Cotton Cess from mills - Rs. 3,447.221 million

Section-3 of the Pakistan Cess Act, 1923 states that there shall be levied and collected on all cotton either exported from the Province of Pakistan to any place outside Pakistan or consumed in any mill in the Province of Pakistan a cess at such rate as the Central Government may fix by notification in the official gazette cotton Cess rates levied by the Federal Government were enhanced from Rs.20 to Rs.50 per bale of cotton weighting 170 kg w.e.f. 01.07.2012.

Section-9 (1 & 3) of the Pakistan Cess Act, 1923 further states that an assessment made in accordance with the provisions of Section-7 or Section 8 shall not be questioned in any court. Any sum recoverable under Section-7 may be recovered as an arrear of land revenue.

The management of Pakistan Central Cotton Committee, Multan was required to recover outstanding Cotton Cess amounting to Rs. 3,447.221 million from 195 mills as detailed below:

S. No.	Province	Period of outstanding cotton cess	Total No. of defaulter mills	Total outstanding amount (Rs.)
1	Punjab	Prior to July,2012	31	566,261,271
		July,2012 to July,2023	115	2,269,748,875
2	KPK	Prior to July,2012	4	18,277,870
		July,2012 to July,2023	8	180,657,011
3	Sind/Baluchistan	Prior to July,2012	4	103675521
		July,2012 to July,2023	33	308,600,664
Total			195	3,447,221,212

Audit observed as under:

- i. The management did not recover the long outstanding Cotton Cess amounting to Rs. 3,447.221 million from 195 mills up to August, 2023.
- ii. No effort was made to recover the outstanding amount of Cotton Cess as arrears of land revenue under Section-9(3) of the Cotton Cess Act,1923.

Audit is of the view that non-recovery of Cotton Cess from the defaulter mills is a loss to the Committee besides violation of the provision of the Cotton Cess Act, 1923.

The management did not reply.

Audit recommends recovery of outstanding Cotton Cess at the earliest.

23.5.12 Non-investment of surplus funds - Rs. 90.861 million

Section-14 (2) of the Pakistan Cotton Cess Rules, 1950 states that any funds not required for current expenditure may be placed in fixed deposit with any bank approved in this behalf by the Central Government or invested in the name of the Committee in any security in which trust property may lawfully be invested under the Indian Trust Act, 1882.

The management of Pakistan Central Cotton Committee, Multan invested total amount of Rs. 82,946,691 in Pakistan Investment Bond (with NBP Head Office, Karachi) for 10 years from 22.08.2007 to 22.08.2017 as detailed below:

Amount invested out of Bank Account No.	Amount (Rs.)
Main Account No.1524-8 maintained with National Bank of Pakistan PIDC House Branch, Karachi	49,978,208
GFP Account No.2702 maintained with National Bank of Pakistan PIDC House Branch, Karachi	32,968,483
Total	82,946,691

On maturity of the bonds after ten years, the bank refunded total amount of Rs. 90,861,484 on 22.08.2017 in PCCC Main Account No.1524-8. Out of the total disinvested amount of Rs. 90,861,484, an amount of Rs 34,059,957 was transferred to GPF current bank account No. 2977-

0 (maintained with NBP, Timber Market, Multan) on 11.10.2019. The Vice President while according approval for transfer of amount directed to invest the said amount again.

Audit observed as under:

- i. The management did not reinvest the surplus funds amounting to Rs. 90.861 million in violation of the provision of Pakistan Cotton Cess Rules, 1950. The directions of the Vice President were not complied with as well.
- ii. Due to non-investment of surplus funds, the Committee suffered interest loss of Rs. 52.335 million (approximately) during the last six years from August, 2017 to August, 2023.

Audit is of the view that due to non-investment of surplus funds of Rs. 90.861 million the Committee suffered interest loss on this account.

The management did not reply.

Audit recommends holding of inquiry to fix the responsibility on the persons at fault besides investment of surplus funds forthwith.

23.5.13 Unauthorized appointments of Contingent Paid Staff without the approval of Finance Division - Rs.21.634 million

According to Finance Division's O.M.No.F.3(2) Exp.III/2006 dated 13th September, 2006 (System of Financial Control and Budgeting) "The Financial Adviser shall submit proposals for appointment of contingent paid staff to AFS(E) for approval."

Para 27 of Financial Management and Powers of Principal Accounting Officers Regulations 2021 states that "The Finance Division shall approve appointment of contingent paid staff within the budgetary provisions and as per the instructions issued from time to time."

The management of Pakistan Central Cotton Committee, Multan appointed 155 Contingent Paid Staff/Daily Paid Laborers from the year 2011 to 2022. Out of total 155 CPS/DPL, eleven (11) employees were appointed as CPS/DPL after completion of 2 years contract period under Family Assistance Package.

On 08.05.2023 the management struck off 121 Contingent Paid Staff out of total 155. Year-wise detail of expenditure of Rs. 21,634,109 incurred on payment of remuneration /salary to the Contingent Paid Staff during the financial year 2017-18 to 2022-23 was as under:

Financial Year	Expenditure
2017-18	1,910,798

2018-19	3,248,252
2019-20	3,266,887
2020-21	4,278,479
2021-22	4,276,214
2022-23	4,653,479
Total	21,634,109

Audit observed as under:

- i. The appointments of a total of 155 Contingent Paid Staff/Daily Paid Laborers and incurring of expenditure of Rs. 21.634 million without the approval of the Finance Division.
- ii. Appointment of eleven (11) contract employees as CPS/DPL after completion of their two (2) years of contract service under the Family Assistance Package were not covered under the rules.

Audit is of the view that appointments of Contingent Paid Staff without the approval of the Finance Division and incurring of expenditure is unauthorized.

The management did not reply.

Audit recommends holding of inquiry to fix responsibility the persons at fault besides regularization of expenditure from the Finance Division.

CHAPTER 24

MINISTRY OF NATIONAL HEALTH, SERVICES, REGULATIONS AND COORDINATION

24.1 Introduction

As per Schedule II [Rule 3 (3)] Distribution of Business among the Divisions read with Schedule III [rule-4(4)] Rules of Business 1973 (As amended up to 23rd April, 2019) following main business have been assigned to the Division amongst the other functions.

1. Oversight for regulatory bodies for health services
2. National and international coordination in the field of public health
3. Population welfare program and coordination
4. Training services in all health-related fields.
5. Coordination of Vertical Health Programs including interaction with GAVI, EPI and the Global Fund for AIDS, TB, Hepatitis and Malaria.
6. Medical and health services for Federal Government employees.
7. Dealing and agreements with other countries and international organizations in the field of health, drugs and medical facilities abroad.
8. Scholarships / fellowships, training courses in health from International Agencies such as WHO. and UNICEF.

ATTACHED DEPARTMENTS / AUTONOMOUS BODIES

Sr. No.	Description	Total No.	Audited	Expenditure Audited (FY-2022-23) Rs. in million	Revenue / Receipt Audited (FY 2022-23) Rs. in million
1	Formations	70	17	33,584.097	5.483
2	Assignment Accounts (Excluding FAP)	11	-	-	-
3	Authorities / Autonomous Bodies etc. under the PAO	8	8	3,846.423	-
4	Foreign Aided Project (FAP)	-	-	-	-

24.2 Comments on Budget & Accounts (Variance Analysis)

The final budget allocated to the National Health Services, Regulations and Coordination Division for the financial year 2022-23 was Rs. 36,081.01 million, out of which the Division expended an

amount of Rs. 35,679.19 million. Grant-wise detail of current and development expenditure is as under:

(Rs. In million)

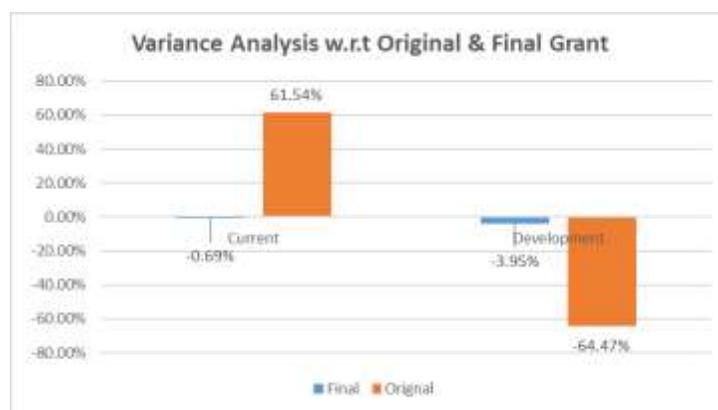

Grant No	Type of Grant	Original Grant	Suppl Grant	Surrender (-)	Final Grant	Actual Expenditure	Excess/ (Saving)	% age Excess/ (Saving)
76	Current	19,304.02	16,482.33	-4,385.06	31,401.28	31,184.35	-216.93	-0.69%
117	Development	12,651.00	0.00	-7,971.27	4,679.73	4,494.84	-184.89	-3.95%
	Total	31,955.02	16,482.33	-12,356.33	36,081.01	35,679.19	-401.82	-1.11%

Audit noted that there was an overall Saving of Rs. 401.82 million, which was due to less expenditure on grants.

Supplementary Grants obtained without careful cash forecasting

According to Para 71 of General Financial Rules (Volume I), while framing budget estimates, the authorities should exercise utmost foresight. Rules of good governance demand that budget processes are carried out in accordance with clearly defined expectations and assumptions and a coordinated calendar of activity.

As shown in the chart below, bifurcating total allocation into current, development and charge expenditure, it was observed that, in case of development grant, there was 64.47% of saving w.r.t original grant which was finally reduced to 3.95% w.r.t final grant and in case of current grant 61.54% excess was finally became 0.69% saving.

24.3 Classified Summary of Audit Observations

Audit observations, amounting to Rs. 10,553.887 million, were raised in this report during the current audit of **Ministry Of National Health, Services, Regulations And Coordination**. Summary of the audit observations classified by nature is as under:

(Rupees in million)

S. No	Classification	Amount
1	Non-production of record	
2	Reported cases of fraud, embezzlement and Misappropriation	
3	Irregularities

24.5 AUDIT PARAS

Federal Medical College (FMC)

24.5.1 Non-deposit of College and Hostel fee into Government treasury - Rs. 86.197 million

Rule- 5 of Federal Treasury Rules (FTR) states that all money received on behalf of Government on account of revenues shall without delay be paid in full into Government Treasury and Government receipts should not be utilized towards expenditure.

Para 7(1) of FTR (Vol-I) states that, all moneys received by or tendered to Government officers on account of the revenues of the Federal Government shall without undue delay be paid in full into a treasury or into the Bank. Moneys received as aforesaid shall not be appropriated to meet departmental expenditure, nor otherwise kept apart from the Federal Consolidated Fund of the Federal Government. No department of the Government may require that any moneys received

by it on account of the revenues of the Federal Government be kept out of the Federal Consolidated Fund of the Federal Government.

The management of Federal Medical College (FMC), Islamabad received fees amounting to Rs. 86,196,974/- from students during the period 2020-21 and 2022-23. Detail of summary of fees collected before ordinance and after the repeal of Act is as under:

Summary of FMC Receipt A/c 809-4 (NBP)			
	Description	Amount (Rs)	Amount (Rs)
FY 2020-21			
	Bank Balance as on 16-11-2020 (Before Ordinance)		68,113,232
Less	Security College (Rs 12,000@499)	5,988,000	
	Security Hostel (Rs 20,000@95)	1,900,000	7,888,000
			60,225,232
Less	Fees Deposited in Government Treasury by FMC related to students of FY 2019-20 on 23-06-2021		37,250,600
A	Lesser Fees to be deposited in Government Treasury by FMC as on 11-06-2020 (Before enactment of Ordinance)		22,974,632
FY 2022-23			
	Bank Balance as on 11-01-2023 (After Repeal of Ordinance)		34,939,182
Add	Receipts after repeal of Ordinance (12-01-2023 to 27-06-2023)		36,172,160
	Total Receipts during FY 2022-23		71,111,342
Less	Security College (Rs 12,000@499)	5,988,000	
	Security Hostel (Rs 20,000@95)	1,900,000	7,888,000
B	Amount to be deposited by FMC After Repeal of Ordinance		63,223,342
(A+B)	Total Amount to be deposited by FMC (Students of FYs 2022-23)		86,196,974

Audit observed that the fee received from students was retained by the management instead of depositing the same into Government treasury.

Audit is of the view that non-deposit of fee in treasury resulted in loss to Government exchequer.

The management replied that an amount of Rs 31.700 million was required to be deposited into the Government Treasury instead of Rs.86.197 million as calculated by audit. Therefore, the same may be rectified after that fee is deposited in the Federal Treasury.

The reply indicates that the management has accepted the audit observation. Further, there is no documentary evidence regarding deposit of Rs. 31.700 million in treasury was produced.

Audit recommends that fees may be deposited into Government treasury immediately.

24.5.2 Un-authorized payment of Health Allowance-Rs. 36.021 million

Finance Division No. F.2 (13) R-2/2011-1006 dated 27-10-2014 states with reference to Finance Division's U.O. No. F.2(13) R- 2/2012-172 dated 27-03-2012, health allowance is admissible to the health personnel serving in Federal Government hospitals and clinics.

Finance Division No. F. No. 2(13) R-2/2011-Pt dated 15-01-2014 allowed the following special allowance for Teaching Staff of Federal Medical and Dental College, Chak Shahzad, Islamabad with immediate effect:

S. No	Designation	BPS	Teaching Allowance/month
1	Professor	20	80,000
2	Associate professor	19	65,000
3	Assistant Professor	18	55,000
4	Demonstrator	17	20,000

The management of Federal Medical College (FMC), Islamabad made payment of Health Allowance to its employees amounting to Rs 36,021,128 during financial year 2020-21 to 2022-23. Details are as under:

F.Y	Health Allowance (Rs)	Special Allowance (Rs)
2020-21	12,379,975	11,902,414
2021-22	12,127,955	10,691,612
2022-23	11,513,198	10,110,092
Total	36,021,128	32,704,118

Audit observed that Health Allowance was paid in violation of rules as FMC is neither a hospital nor a clinic.

Audit is of the view that payment of Health Allowance without the approval of Finance Division was unauthorized.

The management replied that they are eligible to get Health Allowance in the light of Finance Division (Regulation wing) letter dated 27-03-2012 & take up the case for the merger of Special allowance for FMC faculty & non-teaching staff.

The reply is not satisfactory as Finance Division clarified that Allowance is admissible to the health personnel serving in Federal Government hospitals and clinics vide its letter dated 27-10-2014.

Audit recommends probing the matter besides recovery.

24.5.3 Irregular appointments without approved Recruitment Rules and payments made thereof - Rs. 80.350 million

Section 6 (1) (c & d) of Federal Medical Teaching Institutes Act, 2021 states that the board shall be responsible to prescribe procedures for appointment, terms and conditions of service, disciplinary matters and other service matters for the employees and creation, re-designation, up-gradation, down-gradation or abolition of posts pursuant to prior consultation with the Establishment Division where such posts may be occupied by persons in government service. Section 2 (n) of said Act states that prescribed mean prescribed by rules and regulations made under this Act. Section 25 (1) of said Act states that the government may by notification in the official gazette, make rules for giving effect to the provisions of this Act.

Ministry of National Health Services, Regulations and Coordination issued SRO on 07-02-2020 amended the recruitment rules in respect of FMDC faculty with the concurrence of Establishment Division vide OM No. 455/14-R-5 dated 08-12-2014 and FPSC vide its letters No. F.12-46/2014-RR dated 25-08-2016 respectively. These rules explained the eligibility criteria and age limit required for each position.

Federal Medical Teaching Institutes (FMTI) appointed the following twenty-six officers including faculty members such as Professors, Associate Professors, Assistant Professors, and Demonstrators w.e.f. 24-05-2021 and onwards against the sanctioned posts of Federal Medical College (FMC), Islamabad and paid an amount of Rs 80,350,530/- to these employees from college receipt account during FY 2021-23. List of officers appointed and posted against BPS Scales are as under:

S. #	Designation	No of persons appointed	FMTI Grades	BPS Scales
1	Professor	03	Grade-13/1	20
2	Associate Professor	02	Grade-12/1	19
3	Assistant Professor	03	Grade-11/1	18
4	Demonstrator	15	Grade-09/1	17
5	Research officer	01	Grade-09/1	17
6	Asstt. Warden	01	Grade-08/1	16
7	Director Establishment	01		19

Audit observed as under:

- i. The appointments of Professors, Associate Professors, Assistant Professors, Demonstrators, Asstt. Warden, etc., were made in the absence of recruitment rules.

- ii. The faculty members were appointed in special grade scale (Grade-09/1 to Grade-13/1) instead the posts of the faculty members are in BPS Scales.
- iii. The eligibility criteria and age limit for each position defined in the advertisement is in contrary to the eligibility criteria defined in PMDC regulations 2018 and M/o Health SRO issued on 07-02-2020.
- iv. Moreover, the record revealed that most of the officers did not meet eligibility criteria required for that specific post (age limit, number of publications, qualification & experience) at time of appointment as envisaged in PMDC Regulations 2018.

Audit is of the view that the appointments made without approved recruitment rules and without prior consultation with the Establishment Division, are held as irregular.

Management replied that draft recruitment rules were in the phase of approval from the Establishment & Finance Division, meanwhile, the FMTI Act was repealed on 11-01-2023.

Reply is not satisfactory as the appointments were made in the absence of recruitment rules/regulations. Moreover, the officers did not meet the eligibility criteria defined by PMDC regulations.

Audit recommends that responsibility be fixed for appointment in violation of Government rules and procedures.

Drug Regulatory Authority of Pakistan

24.5.4 Illegal appointment of Directors of the Authority in violation of DRAP Act

Section 4(1) of the DRAP Act, 2012 states that the Authority shall consist of a full time Chief Executive Officer (CEO) and thirteen Directors who shall be appointed by the Federal Government on the recommendation of Board, whose qualifications, terms and conditions shall be such as may be prescribed.

Honorable Supreme Court of Pakistan in its order date 09.04.2015 states that section 4 of the DRAP Act 2012 provides for composition of the authority comprising of the CEO and thirteen Directors to be appointed by the Federal Government. Upon our query as to whether the directors have also been appointed, notification dated 04.01.2013 and 21.01.2014 were produced before us where a number of officers were given additional charge as director and some were appointed on deputation. The said provision envisages permanent appointment of the Directors. The Federal Government shall within a fortnight appoint all the thirteen (13) directors on a permanent basis in accordance with section 4 of the DRAP Act 2012 and intimate to the registrar of this court.

The management of DRAP was requested to provide details of directors appointed by the Federal Government in light of Section 4(1) of the DRAP Act, 2012. In response, DRAP provided the detail of serving directors as per following:

Sr	Post of Director	Name of Officer	Notification Date
1	Pharmaceutical Evaluation & Registration	Dr. Muhammad Fakhruddin Aamir	06.02.2023 (03 months basis) (to date)
2	Quality Assurance & Lab Testing	Mr. Ajmal Sohail Asif, Addl Director	06.02.2023 (03 months basis) (to date)
3	Admin, HR & Log	Dr. Noor Muhammad Shah, Drug Controller	06.02.2023 (03 months basis) (to date)
4	Controlled Drugs	Mr. Atta ur Rehman, Addl Director	29.11.2023 (03 months basis)
5	Management Information System	Dr. Obaid Ullah, Addl Director	06.02.2023 (03 months basis) (to date)
6	Pharmacy Services	Dr. Aisha Irfan, Addl Director	06.02.2023 (03 months basis) (to date)
7	Medical Devices & Medicated Cosmetics	Mr. Manzoor Ali Bozdar, Addl Director	06.01.2023 (03 months basis) (to date)
8	Health & OTC	Mr. Muhammad Akhtar Abbas Khan, Addl Director	06.01.2023 (03 months basis) (to date)
9	Licensing Division		18.01.2023
10	Pharmacy Services	Mr. Ahmad Din Ansari, Addl Director	18.05.2023 (02 months) 08.12.2023 (03 months basis)
11	Biological Evaluation & Research	Mr. Aman Ullah, Cost Accountant	12.07.2013 (to date)
12	Costing & Pricing		01.06.2019 date)
13	Budget & Accounts		

Audit observed that directors were not appointed by the Federal Government, however, affairs of the DRAP are being managed through appointment of Directors on current charge by the CEO.

Audit is of the view that appointment of Directors without approval of Federal Cabinet was illegal.

Audit recommends that responsibility may be fixed for the irregularity.

24.5.5 Appointment of auditors without approval of the Auditor-General of Pakistan

Finance Division O.M. No. F. 3(1)-Inv III/80-406 dated 25.03.1981 states that in the case of autonomous bodies/corporations, where under the statutory provisions appointments are to be made by the Federal Government it has been decided:

- (a) Before, submitting the name of the auditor(s) for approval to the Board of Directors, the Institution should get the approval of the Auditor-General of Pakistan.
- (b) The request for approval to the Auditor-General of Pakistan should be routed through the Institution's administrative Ministry/Division.
- (c) Auditor-General of Pakistan may ensure that all auditors are changed after five years.
- (d) The Finance Division may be approached for relaxation of these orders only in cases of extreme nature.

The management of Drug Regulatory Authority of Pakistan, Islamabad appointed Baket Telly Mahmood Idrees Qamar Chartered Accountant of the DRAP.

Audit observed that the auditors were appointed without approval of the Auditor-General Pakistan as no such record was provided by the management of DRAP.

Audit is of the view that the appointment of auditors without approval of the Auditor-General Pakistan was irregular and unauthorized.

Audit recommends that responsibility may be fixed for irregularity.

24.5.6 Non utilization of Central Research Fund – Rs. 5,936.845 million

Section 20(2) of Drug Regulatory Authority of Pakistan Act, 2012 states that the Central Research Fund fee shall be deposited in the non-lapsable sub-account of the Authority to be utilized as per existing rules.

Rule 19(14) of Drugs (Licensing, Registering and Advertising) Rules, 1976 states that the Licensee shall, by the 30th June and the 31st December each year, whichever is immediately after

the annual financial closing of the company contribute one per cent of his gross profit before deduction of income-tax towards the Central Research Fund to be maintained by the Federal Government and utilized by it in accordance with the Drugs (Research) Rules, 1978.

Rule 3 of the Drugs (Research) Rules, 1978 states that the Federal Government may utilize the Fund for conducting research, development or evaluation of a drug either itself or through a research institution working under its control or disburse it among investigators or institutions for such purposes subject to such conditions as may be specified and for that matter. It may also utilize the fund to upgrade and establish Drugs Research and testing laboratories and a unit in the Drugs Control Section, Ministry of Health for evaluation and monitoring of the research proposals and projects and management of the fund.

The Drug Regulatory Authority of Pakistan, Islamabad maintained Central Research Fund A/c No. 0010008463700024 in ABL, Civic Centre Melody Branch, Islamabad with balance of Rs 5,936.845 million was reflected in the accounts for the financial year 2022-23.

Audit observed:

- i. The management did not utilize CRF for conducting research, development or evaluation of drugs.
- ii. As per financial statement advance tax amounting to Rs 56,662,874 was deducted, however, the matter is still in the court for its reversal.

Audit is of the view that non-utilization of CRF for the intended purposes defeated the objective/utility of creation of the Fund.

The management did not reply till finalization of the report.

Audit recommends that responsibility may be fixed for the irregularly.

24.5.7 Non-existence of pricing policy/ mechanism for registered/enlisted medical devices, medicated cosmetics and biological drugs for animals

Section 4(1) of the DRAP Act, 2012 states that the Authority shall consist of a full time Chief Executive Officer (CEO) and thirteen Directors who shall be appointed by the Federal Government on the recommendation of Board, whose qualifications, terms and conditions shall be such as may be prescribed.

Section 4(1)(i) of the DRAP Act, 2012 states that there shall be a Director Costing and Pricing and he shall be incharge of the Division of Costing and Pricing which shall be responsible

for the costing and pricing of therapeutic goods and to perform other functions connected therewith.

Section 7(u) of DRAP Act, 2012 states that the powers and functions of the Authority shall be to perform licensing, registration, pricing and appellate function thereof.

During the audit of DRAP for the financial year 2022-23, pricing mechanism for registered medical devices, medicated cosmetics and biological drugs for animals was requested. However, no pricing policy/ methodology was in existence relating to pricing of above-mentioned categories of drugs and devices.

Audit is of the view that non-existence of pricing policy mythology for registered medical devices, medicated cosmetics and biological drugs for animals is violation of DRAP Act, 2012. Furthermore, in the absence of price fixation by the Regulator, there is no mechanism to control the prices in the market.

The management did not reply till finalization of the report.

Audit recommends that responsibility may be fixed for the irregularity.

24.5.8 Irregular payment on account of rent of office building without lease agreement – Rs.461.744 million

Clause 1 of the lease agreement for office building between Drug Regulatory Authority of Pakistan and M/s T.F Foundation, Islamabad states that effectiveness and payment date of rent shall commence from the date of handing over/ taking over of rented premises i.e. 20.08.2014 and agreement's three years period shall commence from that date.

Clause 2 of the aforementioned agreement states that the monthly rent of the rented premises shall be Rs.4,653,255 @ Rs.155 per Sq. Ft.

The management of DRAP, Islamabad paid an amount of Rs. 461,744,147 to M/s T.F Foundation on account of rent of office building since 20.08.2018. Detail is as under:

Sr. No	Period	Rate of rent per month	Amount paid (Rs.)
1.	20.08.2018 to 19.08.2019	206.30/ sq.ft	74,321,789
2.	20.08.2019 to 19.08.2020	226.93/ sq.ft	81,751,986
3.	20.08.2020 to 19.08.2021	249.62/ sq. ft	89,927,184

4.	20.08.2021 to 19.08.2022	274.58/ sq. ft	98,918,714
5.	19.08.2022 to 30.06.2023	302.05/ sq. ft	116,824,474
Total			461,744,147

Audit observed as under:

- i. As per minutes of Policy Board meeting the DRAP entered into an agreement with M/s T.F Foundation, Islamabad on 25.07.2014 for acquiring 30,021 Sq. Ft area of the TF Complex building @ Rs. 155 per Sq. Ft, which was further extended for one year till 20.08.2018. However, no further agreement was made with M/s TF Foundation.
 - ii. The amount of Rs 461.744 million was paid after 20.08.2018 without any lease agreement.
- Audit is of the view that payment on account of office rent without entering into a lease agreement was irregular and un-authorized.

The management did not reply till finalization of the report.

Audit recommends that responsibility may be fixed for the irregularity.

Special Audit of Pakistan Medical and Dental Council

24.5.9 Awarding of marks to 668 candidates of MDCAT-2020 who were initially shown as absent

Section 18 (1) of the Pakistan Medical Commission Act, 2020 states that the Authority shall conduct annually on a date approved by the Council and as per standards approved by the Board a single admissions test which shall be a mandatory requirement for all students seeking admission to medical or dental under-graduate programs anywhere in Pakistan.

The management of Pakistan Medical Commission conducted MDCAT 2020 through National University of Medical Sciences (NUMS) on 15.11.2020 total 125,885 candidates applied for the test out of which 121,181 appeared in test and 67,611 were declared pass during 2020.

Audit observed as under:

1. When the first result was received from NUMS on 15.12.2020, it reflected 4704 candidates as absent.
2. However, 668 candidates of MDCAT-2020 out of 4704 candidates who were shown absent on 15.12.2020 were passed and marks were awarded to them on 17.12.2020.

The management did not reply to the observation.

Audit is of the view that variation of candidates' results at such huge level without source document challenges the whole structure of MDCAT-2020.

Audit recommends that fact finding inquiry be made, reasons for converting absent with marks be traced and responsibility be fixed.

24.5.10 Changing of MDCAT-2020 results of 125 candidates without source record

Section 18 (1) of the Pakistan Medical Commission Act, 2020 states that the Authority shall conduct annually on a date approved by the Council and as per standards approved by the Board a single admissions test which shall be a mandatory requirement for all students seeking admission to medical or dental undergraduate programs anywhere in Pakistan.

The management of Pakistan Medical Commission conducted MDCAT 2020 through National University of Medical Sciences (NUMS) on 15.11.2020 total 125,885 candidates applied for the test out of which 121,181 appeared in test and 67,611 were declared pass during 2020.

Audit observed as under:

1. MDCAT-2020 results of 125 candidates were increased / decreased from -112 marks to 132 marks without source record.
2. One mark is equivalent to 1 question and from increased/decreased data of marks raised the question mark on the accuracy and transparency of Questionnaire data bank and whole MDCAT system.
3. The variation at this large scale also creates doubts about involvement of person in financial corruption or misuse of authority/power.

The management did not reply to the observation.

Audit is of the view that variation of candidates result at such huge level without source document challenges the whole structure of MDCAT-2020.

Audit recommends that fact finding inquiry be conducted, reasons for changing in marks be traced and responsibility be fixed.

24.5.11 Enhancing marks of MDCAT-2020 results of 31 candidates from 5 marks to 132 marks

Section 18 (1) of the Pakistan Medical Commission Act, 2020 states that the Authority shall conduct annually on a date approved by the Council and as per standards approved by the Board a single admissions test which shall be a mandatory requirement for all students seeking admission to medical or dental undergraduate programs anywhere in Pakistan.

The management of Pakistan Medical Commission conducted MDCAT 2020 through National University of Medical Sciences (NUMS) on 15.11.2020 total 125,885 candidates applied for the test out of which 121,181 appeared in test and 67,611 were declared pass during 2020.

Audit observed as under:

1. Additional marks from 5 to 132 were given to 31 candidates on re-totaling during 2020-21.
2. Source data was requested on the basis of which such changes were incorporated but the same was not provided.
1. Variation in marks raised the question mark on the accuracy and transparency of Questionnaire data bank and whole MDCAT system.
2. Due to variation at this large scale, apprehension on financial corruption or misuse of authority/power in the matter cannot be overruled.

The management did not reply to the observation.

Audit is of the view that variation of candidates result at such huge level without source document challenges the whole structure of MDCAT-2020.

Audit recommends that fact finding inquiry be made, reasons for changing in marks be traced and responsibility be fixed.

24.5.12 Change of result of 51 candidates from fail to pass in MDCAT-2021

Section 18 (1) of the Pakistan Medical Commission Act, 2020 states that the Authority shall conduct annually on a date approved by the Council and as per standards approved by the Board a single admissions test which shall be a mandatory requirement for all students seeking admission to medical or dental undergraduate programs anywhere in Pakistan.

The management of Pakistan Medical Commission conducted computer based MCQ exam of MDCAT 2021 through SOAR Testing and Evaluation Platform (SMC-Private) Limited (“TEPS”) on 30.08.2021 to 02.10.2021 total 194,309 candidates applied for the test and 68,723 were declared pass in MDCAT-2021.

Audit observed as under:

- 1) Fifty-one (51) candidates obtained 136 marks in MDCAT-2021 and were declared to fail but in review they were allowed 1 to 2 marks in which their failure status was changed to pass.
- 2) The said exam was conducted in computer based environment and errors changes would be minimum but the same was not true in this case and 51 candidates were awarded additional marks in review.
- 3) Review marking was requested from the management but the same was not provided till close of audit even after repeated reminders.

The management did not reply to the observation.

Audit is of the view that variation of candidates result without source document challenges the whole structure of MDCAT-2021.

Audit recommends that fact finding inquiry be made, reasons for changing in marks be traced and responsibility be fixed.

24.5.13 Irregular functioning of 19 Medical/Dental Colleges without recognition

Section 8 (2) (g) of Pakistan Medical Commission Act, 2020 states that the Council shall have functions and powers to grant recognition to medical and dental institutions in Pakistan which train or grant or both train and grant medical and dental post graduate qualifications and to the qualifications granted by these institutions leading to registration of the graduates of those programs to practice medicine in Pakistan as specialists.

Initial recognition framework criteria, 2019 states that recognition evaluation is performed by inspectors appointed b), PMDC to verify that a college meets the infrastructure, equipment, faculty, staff and teaching hospital requirements. In order for a college to qualify for recognition, the college must meet all of the standards as per the following: 1. the college meets its all the legal requirements 2. The College meets all the infrastructure requirements 3. The college meets at least 90%o of equipment requirements 4. The college meets at least 90% of the faculty requirements 5. The college meets at least 90ok of the teaching hospital requirements after satisfying all the above requirements, the college is recommended for a performance evaluation, after which the college will be recognized by PMDC for admitting students to the program.

The management of Pakistan Medical Council (PMC), Islamabad is regulatory body the objective of which is to provide for the regulation and control of the medical profession and to establish a uniform minimum standard of basic and higher medical education and training and recognition of qualifications in medicine and dentistry. There were 19 medical / dental colleges which were running without recognition during 2020-21 and 2021-22.

Audit observed as under:

1. These 19 Colleges were running without fulfilling the mandatory requirement of criteria set by the PMC.
2. Provisional functioning was allowed with the condition that these colleges will be re-inspected within 12 months but after August, 2019 no inspection was made, and the colleges were functioning without recognition by the PMC.
3. Various discrepancies were noted by the audit, where provisional functioning was given without fulfilling the basic requirement.

Audit is of the view that functioning of 19 colleges without recognition of PMC was irregular and unauthorized.

Audit recommends that matter may be inquired, and responsibility be fixed.

24.5.14 Irregular issuance/renewal of 421 practitioners' licenses for preceding 20 to 53 years

Section 29 (7) of the Pakistan Medical Commission Act, 2020 states that every licensed practitioner shall be responsible to maintain his license as valid and in good order. A practitioner shall not be permitted to practice in the absence of a valid license issued by the Authority.

Section 29 (9) of the Pakistan Medical Commission Act, 2020 states that every licensed medical or dental practitioner shall be required to revalidate his license every five years in the manner and on terms determined by regulations prescribed by the Council.

The management of PMC issued/renewed total 59,468 licenses to practitioners from April, 2021 onwards out of which 421 licenses were renewed for past/prior period of 20 years and more without any criteria, continues engagement certificate/undertaking, i.e., Continued Medical Education credit hours. Detail is as under:

While review the database of Practitioners audit observed as under:

1. There were 421 number of doctors whose licenses were revalidated for the past period of 20 years to 53 years (Rs. 2,000 per annum for revalidation of license).
2. Neither any proof of continued medical practice was obtained from these practitioners nor reasons for revalidation after 20 years was obtained.
3. If these practitioners were working in medical/dental side, then how they continued their practice without valid license.
4. On sample basis record of 4 practitioners who renewed licenses during 2021-22 were requested (Registration # 1091-S, 1485-S, 216-D and 701-D) who renewed their licenses after 40 years and above period. Record of only Registration # 1091-S and 1485-S were retrieved which reflected that these practitioners have never obtained full licenses instead temporary licenses for 3 months were issued and from then till now using the same, if practicing anywhere.

The management did not reply to the observation.

Audit is of the view that issuance/revalidation of above licenses after long span of 20 years and more without any verification of continued medical education hours/practice was a license to kill and irregular and against professional ethics.

Audit recommends that fact finding inquiry be made, these practitioners be monitored on sample basis to assess the risk to lives of people and responsibility be fixed.

24.5.15 Changing name of 237 candidates in MDCAT-2021

Section 18 (1) of the Pakistan Medical Commission Act, 2020 states that the Authority shall conduct annually on a date approved by the Council and as per standards approved by the Board a single admissions test which shall be a mandatory requirement for all students seeking admission to medical or dental undergraduate programs anywhere in Pakistan.

The management of Pakistan Medical Commission conducted computer based MCQ exam of MDCAT 2021 through SOAR Testing and Evaluation Platform (SMC-Private) Limited (“TEPS”) on 30.08.2021 to 02.10.2021 total 194,309 candidates applied for the test and 68,723 were declared pass in MDCAT-2021.

Audit observed as under:

- 1) After declaration of result 237 candidates name were changed.
- 2) However, the online application form was filled by the candidate her/himself but changing the name of 237 candidates creates doubts.
- 3) There were 7 candidates whose name were totally changed like LIABA BATOOL to MOEZZA SAMEEN; RUTAAB ZAHRA to JAVERIA ALI BAIG, AMJAD HUSSAIN to MARYAM AMJAD, etc., etc.
- 4) Examination admission slip, CNIC, CCTV, request form, reviewers’ correction evidence were requested but the same were not received till close of audit besides issuance of numerous reminders.

The management did not reply to the observation.

Audit is of the view that variation in candidates’ name without source document challenging the whole structure of MDCAT-2021.

Audit recommends that fact finding inquiry be made, reasons for change be traced with evidence and responsibility be fixed.

24.5.16 Wastage of fund on purchase of IT and network equipment – Rs. 850.747 million

The Pakistan Medical Commission (PMC) Council in its 10th meeting held on 15.02.2022 decided that considering the urgency of the matter and to ensure timely conduct of the scheduled exam, the Council directed the Authority to adopt “Emergency procedures” as per PPRA rules 42 (c) (ii) and (iii) to complete the necessary procurement of equipment and all services required for the upcoming exams.

The Council further decided that the NLE, NEB and MDCAT examinations should be conducted by the Authority through a system to be developed by the Authority in-house. Authority was further directed to do all necessary preparations as needed to conduct the exam from March onwards as per schedule and the smooth flow of operations.

The management of PMC procured various IT equipment, tablets, printers, servers, networking equipment, charging machines etc., in the lights of Council decision from various vendors at cost of Rs. 850.747 million.

Audit observed as under:

1. The old management of PMC vide its 10th meeting held on 15.02.2022 decided for conducting of all examinations through in-house system and committed expenditure of Rs. 850.747 million out of which Rs. 382.703 million was paid and Rs. 468.00 million has yet to be paid.
2. Most of the equipment was received and dumped in PMC office.
3. The new management of PMC decided that the examinations were carried out through outsourcing/respective provinces.
4. The new PMC Councils reversed old council's decisions and decided not to conduct the examinations in-house.
5. Due to the said decisions the public fund amounting to Rs. 850.747 were wasted.

The management did not reply to the observation.

Audit is of the view that expenditure on equipment without any requirement/usage was irregular and against the principle of economy and efficiency.

Audit recommends that fact finding inquiry be made, wastage of public funds be made good from person (s) responsible, and responsibility be fixed.

24.5.17 Irregular engagement/hiring of SOAR TEPS – Rs. 761.666 million

Rule 16 of PPRA Rules, 2004 states that the procuring agency engaging in pre-qualification shall announce, in the pre-qualification documents, all information required for pre-qualification including instructions for preparation and submission of the pre-qualification documents, evaluation criteria, list of documentary evidence required by suppliers or contractors to demonstrate their respective qualifications and any other information that the procuring agency deems necessary for pre-qualification. The procuring agency shall provide a set of pre-qualification documents to any supplier or contractor, on request and subject to payment of price, if any. Explanation. The procuring agency shall promptly notify each supplier or contractor submitting an application to pre-qualify whether or not it has been pre-qualified and shall make available to any person directly involved in the pre-qualification process, upon request, the names of all suppliers or contractors who have been pre-qualified.

The Pakistan Medical Commission (PMC) advertised in Tribune dated 04.05.2021 Request for Proposal (RFP) for Examinations System – providing services to hold a Computer Based MCQ exam for approximately 175,000 students in August, 2021 and on annual basis. Out of 12 firms 11 firms submitted their RFP and TEPS were selected being sole qualifying firm and Agreement between PMC and TEPS was made on 02.06.2021 for 10 years and an amount of Rs. 761,665,540/- was paid to TEPS during 2021-22.

Audit observed as under:

1. There were no bidding/prequalification documents prepared by the PMC for Request for Proposal in violation of PPRA.
2. In the absence of prequalification documents, the evaluation criteria were also not prepared.
3. No documentation requirement was given by the PMC
4. TEPS was neither a registered firm in SECP nor in FBR when applied.

The management did not reply to the observation.

Audit is of the view that engagement/hiring of unregistered firm without any evaluation criteria, and bidding documents was irregular.

Audit recommends that fact finding inquiry be made and responsibility be fixed for the irregularity.

24.5.18 Irregular procurement of equipment from M/s VIPER without competitive rates – Rs. 68.309 million

Section 18 of the Pakistan Medical Commission Act, 2020 states that the Authority shall conduct annually on a date approved by the Council and as per standards approved by the Board a single admissions test which shall be a mandatory requirement for all students seeking admission to medical or dental undergraduate programs anywhere in Pakistan.

Section 20 of the Pakistan Medical Commission Act, 2020 states that the Authority shall at least twice a year as per schedule approved by the Council conduct the NLE. Passing the NLE shall be mandatory for obtaining a full license. The NLE shall be substantially based on objective computer based multiple choice questions and a practical component if determined by the Council

The management of Pakistan Medical Council (PMC), Islamabad conducted National Licensing Examination (NLE-1) in March, 2022 and various firms were engaged through by using “emergency” Rule 42 of PPRA, 2004 by the Council in its meeting held on 15.02.2022. The amount of Rs. 69.309 million was paid to M/s VIPER as per following details:

S #	Description	Quantity	Unit price	Amount
1	Viper Z10 tablet PC Quad Core processor (MTK 8168)	1,200	54,405	65,286,000
2	Charging Carts	27	105,300	2,843,100
3	Transportation charges (8” tablet)	900		180,000
			Total	68,309,100

Audit observed as under:

1. NLE examination was pre-determined examination as per Section 20 of the Act, 2020 which shall be conducted twice in a year, but the Council used Emergency Rule of PPRA for the said examination which was not warranted.
2. Invoice No. PI/0155 dated 09.03.2022 reflected that 1200 tablets VIPER 10” were being provided by the VIPER but transportation reflected that only 900 tablets 8” were used in examination.
3. Delivery challans reflecting that 1200 tablets 10” were received in piece meal from 12.04.2022 to 15.05.2022.
4. Delivery challans also reflected that only 22 charging carts were received in May, 2022.
5. An amount of Rs. 68.309 million was paid to M/s VIPER without competitive process.
6. The examination was held from March 26th to March 31st of 2022, and 1200 tablets VIPER 10" were shown provided on 09.03.2022 but VIPER Goods Declaration reflected that this equipment was imported on 27.04.2022.

The management did not reply to the observation.

Audit is of the view that using of emergency rule of PPRA for pre-determined activity and procurement of above items from M/s VIPER without competitive process was irregular.

Audit recommends that fact finding inquiry be made and responsibility be fixed.

24.5.19 Irregular procurement and rented equipment from M/s Ahamson without competitive rates – Rs. 15.081 million

Section 18 of the Pakistan Medical Commission Act, 2020 states that the Authority shall conduct annually on a date approved by the Council and as per standards approved by the Board a single admissions test which shall be a mandatory requirement for all students seeking admission to medical or dental undergraduate programs anywhere in Pakistan.

Section 20 of the Pakistan Medical Commission Act, 2020 states that the Authority shall at least twice a year as per schedule approved by the Council conduct the NLE. Passing the NLE shall be mandatory for obtaining a full license. The NLE shall be substantially based on objective computer based multiple choice questions and a practical component if determined by the Council.

Section 21 of the Pakistan Medical Commission Act, 2020 states that the Authority shall at least twice a year as per schedule approved by the Council conduct the NEB to assess and oversee the assessment of the knowledge, clinical skills and professional attributes of students who have partially completed a medical and dental program in a foreign institution and are seeking transfer to and admission in a medical or dental college in Pakistan. The NEB shall be substantially based on objective computer-based multiple-choice questions.

The management of Pakistan Medical Council (PMC), Islamabad conducted National Licensing Examination (NLE-1) in March, 2022 and various firms were engaged through by using “emergency” Rule 42 of PPRA, 2004 by the Council in its meeting held on 15.02.2022. An amount of Rs. 15.081 million was paid to M/s Ahamson rented equipment and procurements of items, as per following details:

S #	Description	Quantity	Amount
1	Rental Service (Networking equipment)	102	8,943,630
2	Equipment (Cameras, UPS, Batteries, etc.)	110	6,137,108
		Total	15,080,738

Audit observed as under:

1. NLE examination was pre-determined examination as per Section 20 of the Act, 2020 which shall be conducted twice in a year, but the Council used Emergency Rule of PPRA for the said examination which was not warranted.
2. An amount of Rs. 15.081 million was paid to M/s Ahamson without competitive process. The management did not reply to the observation.

Audit is of the view that using of emergency rule of PPRA for pre-determined activity and procurement of above items from M/s Ahamson without competitive process was irregular.

Audit recommends that fact finding inquiry be made and responsibility be fixed.

24.5.20 Irregular advance payment and engagement for venue and invigilation facilitation without competitive rates – Rs. 122.798 million

Rule 42 (f) of Public Procurement Rules, 2004 states that a procuring agency may engage in direct contracting with state owned entities such as professional, autonomous or semi-autonomous organizations or bodies of the Federal or Provincial Governments for the procurement of such works and services, including consultancy services, which are time sensitive and in the public interest, subject to the following conditions, namely:- (i) the organization or the body to be engaged in direct contracting shall be eligible to perform the works or render the services; (ii) the organization or the body shall accomplish the work or the services including consultancy services, exclusively through its own resources without involving private sector as a partner or in the form of a joint venture or as a sub-contractor. (iii) in case there are more than one organizations or bodies eligible to perform the works or render the services, the procuring agency shall hold competition amongst them through limited tendering (notifications) without any advertisements, however, giving reasonable time for submission of their applications or proposals; (iv) the procuring agency shall devise a mechanism for determining price reasonability to ensure that the prices offered by the state owned entities are reasonable for award of the contract.

The management of Pakistan Medical Council (PMC), Islamabad engaged Inter University Consortium for Promotion of Social Sciences (IUCPSS) through direct contracting in June, 2022 for provision of venue and invigilation services for conducting of MDCAT, NEB, NRE and NLE examinations against consideration of Rs. 2,100/ per student per exam. An amount of Rs. 122,797,710/- was paid as 30% advance for proposed examination of MDCAT-2022 to be held in October/November, 2022. Total amount to be paid was Rs. 409,325,700/- for 194,917 students.

Audit observed as under:

1. The engagement of IUCPSS was made without competitive process.
2. Advance payment Rs. 122,797,710/- was made in August, 2022 but the said examination was outsourced to Universities by the new management instead of IUCPSS.
3. The said amount is still pending with IUCPSS and not returned till close of Audit i.e., November 30, 2022.

The management did not reply to the observation.

Audit is of the view that services contract with single organization without competitive process was violation of PPRA.

Audit recommends that fact finding inquiry be made, advance immediately be recovered from IUCPSS and responsibility be fixed for irregular engagement of firm.

24.5.21 Favoursing NTS by allowing MDCAT registration and logistics without competitive process – Rs. 94.379 million

Rule 12(2) of PPRA, 2004 states that all procurement opportunities over three million rupees should be advertised on the Authority’s website as well as in other print media or newspapers having wide circulation. The advertisement in the newspapers shall principally appear in at least two national dailies, one in English and the other in Urdu.

Rule 20 of the Public Procurement Rules, 2004, states that save as otherwise provided hereinafter, the procuring agencies shall use open competitive bidding as the principal method of procurement for the procurement of goods, services and works.

The management of Pakistan Medical Commission made an agreement with National Testing Service (NTS) to conduct MDCAT examination 2020, on 22.10.2020. NTS shall register candidates online through online registration from its website NTS shall charge Rs. 750/- per candidate, as a test fee against all services provided by it. Detail of payment made to NTS was as under:

Description	Total Candidate Registered	Rate Per Candidate	Total Amount in Rupee
MDCAT, 2020	125,373	Rs. 750/-	94,029,750
Special MDCAT, 2020	233	Rs. 1,500/-	349,500
		Total	94,379,250

Audit observed as under:

1. NTS was hired without competitive process, as required in PPRA.
2. Favour was granted to NTS by allowing it business of Rs. 94.379 million at a much higher rate of Rs. 750/- per candidate.

The management did not reply to the observation.

Audit is of the view that hiring and favouring of one firm without competitive process was irregular and against PPRA Rules, 2004.

Audit recommends that fact finding inquiry be made for irregular allowing of business to single firm without competitive process and responsibility be fixed.

24.5.22 Irregular engagement of IUCPSS for provision of examination venue and invigilation facilitation without competitive rates – Rs. 17.920 million

Section 18 of the Pakistan Medical Commission Act, 2020 states that the Authority shall conduct annually on a date approved by the Council and as per standards approved by the Board a single admissions test which shall be a mandatory requirement for all students seeking admission to medical or dental undergraduate programs anywhere in Pakistan.

Section 20 of the Pakistan Medical Commission Act, 2020 states that the Authority shall at least twice a year as per schedule approved by the Council conduct the NLE. Passing the NLE shall be mandatory for obtaining a full license. The NLE shall be substantially based on objective computer based multiple choice questions and a practical component if determined by the Council.

Section 21 of the Pakistan Medical Commission Act, 2020 states that the Authority shall at least twice a year as per schedule approved by the Council conduct the NEB to assess and oversee the assessment of the knowledge, clinical skills and professional attributes of students who have partially completed a medical and dental program in a foreign institution and are seeking transfer to and admission in a medical or dental college in Pakistan. The NEB shall be substantially based on objective computer-based multiple-choice questions.

The management of Pakistan Medical Council (PMC), Islamabad conducted National Licensing Examination (NLE-1) in March, 2022 and various firms were engaged through by using “emergency” Rule 42 of PPRA, 2004 by the Council in its meeting held on 15.02.2022. An amount of Rs. 17.920 million was paid to Inter University Consortium for Promotion of Social Sciences (IUCPSS) for venue arrangements and invigilation facilitation, as per following details:

S #	City	Venue	Base Cost	OTC 20%	Total
1	Islamabad	QAU	4,173,624	713,440	4,887,064
2	Karachi	Dawood UET	3,270,238	559,015	3,829,253
3	Lahore	DUET	5,605,938	958,280	6,564,218
4	Multan	BZU	2,254,005	385,300	2,639,305
		Total	15,303,805	2,616,035	17,919,840

Audit observed as under:

1. NLE examination was pre-determined examination as per Section 20 of the Act, 2020 which shall be conducted twice in a year but the Council used Emergency Rule of PPRA for the said examination which was not warranted.
2. An amount of Rs. 17.920 million was paid to IUCPSS without competitive process. The management did not reply to the observation.

Audit is of the view that using of emergency rule of PPRA for pre-determined activity and rented of venue & invigilation from IUCPSS without competitive process was irregular.

Audit recommends that fact finding inquiry be made and responsibility be fixed.

Pakistan Institute of Medical Sciences

24.5.23 Non-recovery of liquidated damages from M/s Siemens Healthcare (Pvt) Ltd – Rs.48.664 million.

Para 8 of responsibilities under Terms and Conditions of the Supply order dated 30.04.2021 states that the firm will be bound to deliver and install the equipment complete in all respects within 120 days after the establishment of LC.

Para 2 of Penalties under Terms and Conditions of the Supply order dated 30.04.2021 states that if the supplier fails to give supply and install within the stipulated period, penalty will be imposed @ 0.1% of the total value of the equipment per day subject to maximum of 10% of the value of the ordered equipment.

The management of PIMS awarded the contract to M/s Siemens Healthcare (Pvt) Ltd (Contractor) for the purchase of 1.5 Tesla Supercons Wide Bore MRI with Workstations for Radiology Department PIMS at a cost of \$1.738 million. The supply order was issued on 30.04.2021 on the recommendations of Purchase Committee with the delivery time up to 04.10.2021. The management extended the delivery / commissioning of the equipment in all respects upto 16.11.2021 on the recommendations of Force Majeure Committee. The LCs were opened on 04.06.2021. Details are as under:

S.No	Purchase Item	Name of LC	Date of Establishment & confirmation of LC	Contract Value (US\$)
1	Magnetom Sola	2221-040-1696-21	04.06.2021 & 12.12.2022	1,604,000
2	Copper RF Cage	2221-040-1692-21	04.06.2021	29,785
3	Diesel Generator	2221-040-1693-21 & 4222123ILS06008P	04.06.2021 & 22.05.2023	25,400
4	Anesthesia Machine	2221-040-1694-21	04.06.2021	40,780
5	Water Chiller	2221-040-1695-21 & 4222123ILS06008P	04.06.2021 & 22.05.2023	38,035
				1,738,000

Audit observed that despite the extension of delivery period, the Contractor failed to deliver and install & commission the MRI machine on time, but the management did not impose the liquidated damages @ of 10% of the value of the ordered equipment amounting to Rs.48,664,000 (\$173,800@Rs.280).

Audit is of the view that non-recovery of liquidated damages was undue favor to the Contractor and the delay in delivery of the said equipment deprived the general public of their basic healthcare facility.

The management did not reply.

Audit recommends imposition of liquidated damages and depositing the same into government treasury under intimation to Audit.

24.5.24 Non-recovery of liquidated damages from M/s Medeuips (Pvt) Ltd – Rs. 21.476 million (US\$ 76,700).

Para 8 of Responsibilities under Terms and Conditions of the Supply order dated 30.04.2021 states that the firm will be bound to deliver and install the equipment complete in all respects within 120 days after the establishment of LC.

Para 2 of Penalties under Terms and Conditions of the Supply order dated 30.04.2021 states that if the supplier fails to give supply and install within the stipulated period, penalty will be imposed @ 0.1% of the total value of the equipment per day subject to maximum of 10% of the value of the ordered equipment.

The management of PIMS awarded the contract to M/s Medeuips (Pvt) Ltd S.M.C (Contractor) for the purchase of 128 Slice CT Scan Latest Technology True 64 detectors Based System with Workstation at PIMS at a cost of \$767,000. The supply order was issued on 30.04.2021 on the recommendations of Purchase Committee with delivery within 120 days after the establishment of LC.

The Letter of Credit No.2221-040-1587-21 was issued on 21.05.2021 but the equipment was installed and handed over to the management of PIMS on 14.03.2022.

Audit observed that the Contractor failed to deliver the said equipment on time and the management of PIMS did not impose liquidated damages @ 10% of the value of the ordered equipment amounting to Rs.21,476,000 (\$76,700@Rs.280) (i.e. 10% of the Contract Value).

Audit is of the view that non-recovery of liquidated damages was undue favor to the Contractor and the delay in delivery of the said equipment deprived the general public of basic healthcare facility.

The management did not reply.

Audit recommends imposition of liquidated damages and deposition the same into government treasury under intimation to Audit.

24.5.25 Non-conducting of trainings by M/s Medeuips (Pvt) Ltd for CT scan – Rs. 25.200 million (US\$ 90,000)

Para 9 of Responsibilities under Terms and Conditions of the Supply order dated 30.04.2021 states that the firm will conduct;

- a) Technical training to 01 Electro-medical engineer, 01 Technologist and 03 End users will be provided from the firm internationally.
- b) Technical training to 02 Electro-medical engineers, 06 Technologists and 06 End users will be provided by the firm nationally (at PIMS).
- c) Clinical applications training will be provided to 01 Technologist and 03 End users internationally by a clinical specialist.
- d) Clinical application training will be provided to the 06 Technologists and 06 End users nationally (at PIMS) by a factory trained clinical specialist for a period of 15-days.

The management of PIMS awarded the contract to M/s Medeuips (Pvt) Ltd S.M.C (Contractor) for the purchase of 128 Slice CT scan Latest Technology True 64 detectors Based System with Workstation at PIMS at a cost of US\$767,000. The financial bid contained a component for Foreign Technical and Clinical Trainings per person US\$ 10,000 for each training. The CT Scan Machine was installed on 14.03.2022 and the first test was conducted on 17.03.2022.

Audit observed that the contractor failed to conduct Foreign Technical Trainings of 05 officials and Foreign Clinical Trainings of 04 officials of PIMS. The firm did not provide the training to the PIMS staff amounting to Rs. 25,200,000 (US\$ 90,000 x Rs. 280)

Audit is of the view that non-conducting of training was violation of contract agreement.

The management did not reply.

Audit recommends that training cost be recovered from the contractor and deposited into government treasury under intimation to Audit.

24.5.26 Non-recovery of rent – Rs. 72.468 million

Para-28 of GFR (Vol-I) states that no amount due to Government should be left outstanding without sufficient reasons, and where any dues appear to be irrecoverable the orders of competent authority for their adjustment must be sought.

The management of PIMS, Islamabad rented out two pharmacy shops, Doctors & staff cafeteria, parking area and space for mobile tower as per detail given below:

Sr. No	Name of firm	Description	Amount
1	M/s Imran Pharmacy	Pharmacy shops	52,466,667
2	M/s Aadil Waheed & Brothers	Staff Welfare Canteen and Doctor's Cafeteria	14,126,000
3	M/s Achtung Security pvt. Ltd	Parking	3,211,666
4	M/s China Mobile	Mobile Tower	2,664,000

TOTAL 72,468,333

Audit observed that the rent amounting to Rs.72, 468,333 was outstanding against the firms. It was further observed that no penalty was imposed on the Vendor for the late payment.

Audit is of the view that non-recovery of rent was a loss to public exchequer.

The management did not reply.

Audit recommends that outstanding rent plus penalty for late payment be recovered and deposited into government treasury under intimation of Audit.

24.5.27 Unauthorized expenditure on repair and maintenance of building - Rs. 17.100 million

Para 192 of GFR states that When works allotted to a civil department other than the Public Works Department are executed departmentally, whether direct or through contractors, the form and procedure relating to expenditure on such works should be prescribed by departmental regulations framed in consultation with the Accountant General generally on the principles underlying the financial and accounting rules prescribed for similar works carried out by the Public Works Department. The guiding principles laid down by the Accountant General, Pakistan Revenues are reproduced in Annexure A to this chapter.

Para 184 of GFR states that Pak PWD is the only authority to execute the civil works and infrastructure of the Government organizations.

Paragraph 56 of the CPWD code states that a properly detailed estimate must be prepared for the sanction of competent authority. This sanction is known as the technical sanction and as its name indicates, it amounts to no more than a guarantee that the proposals are structurally sound and that estimates are accurately calculated and based on adequate data.

The management of Pakistan Institute of Medical Sciences (PIMS) Islamabad incurred an expenditure of Rs. 17,100,983 on account of Repair and Maintenance of building structure (residential and nonresidential) during the financial year 2022-23.

Audit observed as under:

- i. The repair and maintenance of houses allotted by the Estate office was the responsibility of Pak PWD.
- ii. The expenditure was incurred without departmental regulations.

iii. The work was done without obtaining technical sanction.

Audit is of the view that execution of repair and maintenance without departmental regulations and without technical sanctions was irregular.

The management did not reply.

Audit recommends that responsibility may be fixed on person(s) concerned for the irregularity.

24.5.28 Non-transparent hiring of services for Local Purchase of medicines - Rs. 18.091 million

Rule 4 of Public Procurement Rules, 2004 states that procuring agencies, while engaging in procurements, shall ensure that the procurements are conducted in a fair and transparent manner, the object of procurement brings value for money to the agency and the procurement process is efficient and economical.

Instruction contained in Technical Evaluation Performa of Bidding document of PIMS states that the firm / bidder will not be eligible to participate if any mandatory document is missing/not available with the firm.

The management of PIMS invited tenders for the local purchase of Drug / Medicines, Surgical disposable items & implant for PIMS on annual contract basis for the financial year 2020-21 and 2021-22 vide advertisement dated 12.03.2021. Five firms were technically evaluated out of which only M/s Al-Salaeha pharmacy was technically qualified whereas two firms i.e. M/s M.M Pharmacy Rawalpindi and Pakistan Pharmacy were conditionally qualified and two firms i.e. M/s Zaniab pharmacy and M/s Al-Habib pharmacy were technically disqualified. M/s M.M Pharmacy was awarded the contract vide PIMS letter No1-45/2020-21/L.P PIMS/Purchases/PIMS dated 20.11.2021. The contract was extended twice till the finalization of the new tender. Detail of purchase of medicines from M/s M.M Pharmacy is as under:

Sr. No.	Financial Year	Amount in Rs.
1	2021-22	2,376,464
2	2022-23	15,715,141
	TOTAL	18,091,605

Audit observed as under:

- i. The firm M/s M.M Pharmacy, Rawalpindi did not provide mandatory document i.e. valid retail drug sale license, required for technical qualification of the firm.

Furthermore, the firm also failed to provide the qualification of technical qualified staff as per requirement of general instruction of bidding document.

- ii. The contract was extended twice but there was no extension clause in bidding documents.

Audit is of the view that award of contract to a technically disqualified firm was a violation of terms and conditions of bidding document and Public Procurement Rules, 2004.

The management did not reply.

Audit recommends that the matter be investigated besides fixing responsibility.

24.5.29 Unauthorized payment of share to doctors and staff out of Sehat Sahulat Program–Rs. 44.226 million

Para 10 (2) of Supplementary Rules states that in cases where the fee received by Medical Officer is divisible between himself and Government, the total amount should first be paid into the Government treasury, the share of the Medical Officer being thereafter drawn on a refund bill in Form T.R.-41. In such cases a complete record of the work done and of the fees received should be kept by the Medical Officer.

Para 10 (3) of Supplementary Rules states that for Private bacteriological, Pathological and Analytical work carried out in Government laboratories and in the Chemical Examiner's Department, 40 percent of the fees should be credited to Government, the remainder (60 percent) being allowed to the Director of the Laboratory or the Chemical Examiner, as the case may be, who may divide it with his assistants and subordinates in such manner as he considers equitable.

The management of PIMS paid Rs.44,226,317 on account of share to the doctors and staff out of the Sehat Sahulat Program (SSP) during financial year 2022-23. Details are as under:

Sr.No.	Component	Amount of share paid
1	Cath Lab	25,833,197
2	Electro Physics	348,000
3	Cardiac Surgery	18,045,120
	TOTAL	44,226,317

Audit observed as under:

- i. The payment of share was made to the doctors and staff of Cardiac department which was against the spirit of SR 10 (i) & (ii).

- ii. The Sehat Sahulat Program was a re-imbursement policy of government wherein the patients were not required to pay any charges for treatment, hence, the amount of share paid to doctors and staff was violation of SR 10 (i) & (ii)
- iii. The payment was made without the approval of the Finance Division.
- iv. The Ministry of National Health Services Regulation & Coordination vide letter 2-32/Budget/PIMS/2018-19 dated 05.08.2019 also requested that management of PIMS may ensure compliance to the conditions of Finance Division and submit requisite accounting procedure.

Audit is of the view that unauthorized payment of share without the approval of Finance Division and to the irrelevant persons was unauthorized.

The management did not reply.

Audit recommends that practice be stopped besides fixing responsibility.

24.5.30 Non-deposit of receipt into government treasury - Rs. 49.947million

FTR 7(1) states that all moneys received by or tendered to Government Officers on account of the revenues of the Federal Government shall without undue delay be paid in full into a treasury and shall be included in the Federal Consolidated fund of the Federal Government.

The management of PIMS realized receipts of Rs. 49,947,440 on account of application fee, bank profit and other incomes in the securities account No.1780-30010766690 maintained at NBP PIMS branch, Islamabad during financial year 2022-23.

Sr. No	Description	Amount
1	Application fee	1,776,000
2	Bank Profit	44,215,607
3	Other receipts	3,955,833
	TOTAL	49,947,440

Audit observed that the management deposited the receipt into PIMS security account instead of government treasury in violation of rules.

Audit is of the view that retention of departmental receipts after closure of financial year was irregular.

Audit recommends that government receipts be deposited into government.

24.5.31 Cash withdrawal & Deposit in Security Account without supporting documents – Rs. 1,418.130 million

Rule 668 of FTR Vol-I states that advances granted under special orders of competent authority to Government officers for departmental or allied purposes may be drawn on the responsibility and receipt of the officers for whom they are sanctioned, subject to adjustment by submission of detailed accounts supported by vouchers or by refund, as may be necessary.

Rule 96 of General Financial Rules (GFR) states that it is contrary to the interest of the State that money should be spent hastily or in an ill-considered manner merely because it is available or that the lapse of a grant could be avoided. In the public interest, grants that cannot be profitably utilized should be surrendered. The existence of likely savings should not be seized as an opportunity for introducing fresh items expenditure, which might wait till next year. A rush of expenditure particularly in the closing months of the financial year will ordinarily be regarded as a breach of financial regularity.

The management of PIMS maintained a security account No.1780-30010766690 at NBP PIMS branch, Islamabad during year 2018-22.

Audit observed as under:

- i. The cash of Rs. 87,554,118 was withdrawn out of security accounts but the supporting record was not available.
- ii. An amount of Rs. 1,330,575,806 was deposited in the security account but the record of sources of receipt was not made known.
- iii. Moreover, the management to avoid the lapse of release of government funds deposited Rs. 1,200,000,000 into security account on 29.06.2022.

Audit is of the view that in the absence of supporting record the authenticity of cash withdrawal and receipts deposited could not be ascertained. Moreover, the deposit of government fund to avoid lapse is negligence on the part of management.

Audit recommends that responsibility be fixed besides provision of record to Audit for scrutiny.

CHAPTER 25

NARCOTICS CONTROL DIVISION

25.1 Introduction

As per Schedule II [Rule 3 (3)] Distribution of Business among the Divisions read with Schedule III [rule-4(4)] Rules of Business 1973 (As amended up to 23rd April, 2019) following main business have been assigned to the Division amongst the other functions.

1. Policy on all aspects of narcotics and dangerous drugs, such as production, processing, marketing, import, export and transshipment, trafficking etc., in conformity with national objectives, laws and international conventions and agreements.
2. Legislation covering all aspects of narcotics and psychotropic substances, and matters ancillary thereto, in consultation with the Ministries/Divisions, etc., concerned.
3. Bilateral and multilateral cooperation with foreign countries against narcotics trafficking and all other international aspects of narcotics including negotiations for bilateral and multilateral agreements for mutual assistance and cooperation in the field of enforcement of narcotics laws.
4. Coordination of aid/assistance from foreign countries and of narcotics control interdiction for poppy crop substitution.
5. Policy on drug education, treatment and rehabilitation of narcotics/drugs addicts and grants-in-aid to Non-Governmental Organizations (NGOs) engaged in these fields.
6. Inter-Provincial coordination on all aspects of narcotics and dangerous drugs.
7. Monitoring of the implementation of policies on all aspects of narcotics and dangerous drugs.
8. Regulation of administrative, budgetary and other matters of Pakistan Narcotics Control Board.

The Anti-Narcotics Force is an attached department of the Division.

Sr. No.	Description	Total No.	Audited	Expenditure Audited (FY-2022-23) Rs. in million	Revenue / Receipt Audited (FY-2022-23) Rs. in million
1	Formations	23	5	5602.235	-
2	Assignment Accounts (Excluding FAP)	1	1	29,729.000	-

3	Authorities / Autonomous Bodies etc. under the PAO	-	-	-	-
4	Foreign Aided Project (FAP)	-	-	-	-

25.2 Comments on Budget & Accounts (Variance Analysis)

The final budget allocated to the Narcotics Control Division for the financial year 2022-23 was Rs.3,831.42 million, out of which the Division expended an amount of Rs.3,862.42 million. Grant-wise detail of current and development expenditure is as under:

(Rs. In million)

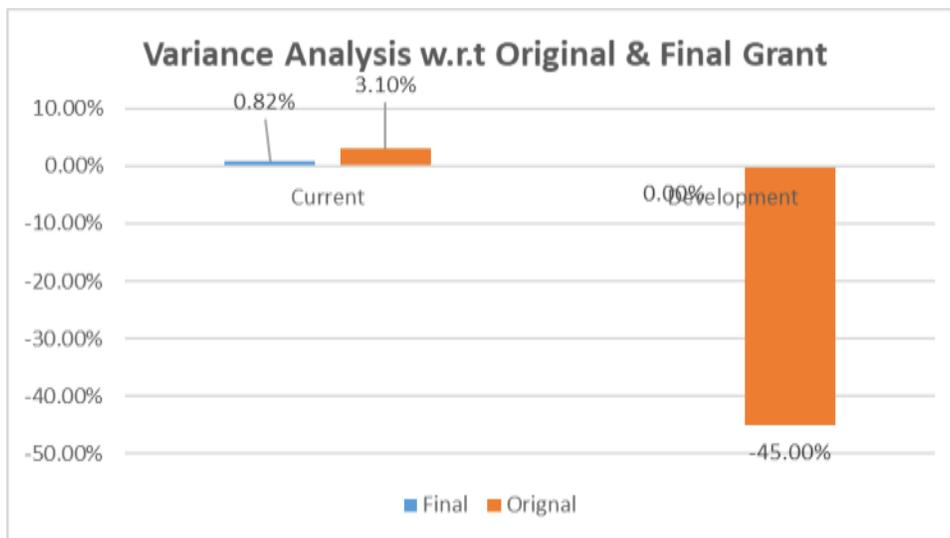

Grant No	Type of Grant	Original Grant	Suppl Grant	Surrender (-)	Final Grant	Actual Expenditure	Excess/ (Saving)	% age Excess/ (Saving)
71	Current	3,635.17	138.07	-56.17	3,717.06	3,747.70	30.64	0.82%
115	Development	207.92	.00	-93.56	114.35	114.35	0.00	0.00%
	Total	3,843.08	138.07	-149.74	3,831.42	3,862.05	30.63	0.80%

The audit noted that there was an overall excess of Rs.30.63 million, which was mainly due to excess in current grants.

Supplementary Grants obtained without careful cash forecasting

According to Para 71 of General Financial Rules (Volume I), while framing budget estimates, the authorities should exercise utmost foresight. Rules of good governance demand that budget processes are carried out in accordance with clearly defined expectations and assumptions and a coordinated calendar of activity.

As shown in the chart below, bifurcating total allocation into current and development expenditure, it was observed that, in case of development grant, there was 45.00% of saving w.r.t original grant which was finally became zero w.r.t final grant and in case of current grant 3.10 % excess which decreased to 0.82%.

25.3 Classified Summary of Audit Observations

Audit observations were raised in this report during the current audit of **Narcotics Control Division**. Summary of the audit observations classified by nature is as under:

(Rupees in million)

S. No	Classification	Amount
1	Non-production of record	
2	Reported cases of fraud, embezzlement and Misappropriation	
3	Irregularities	
A	<i>HR/Employees related Irregularities</i>	
B	<i>Procurement related irregularities</i>	
C	<i>Management of account with commercial banks</i>	
D	<i>Recovery</i>	
E	<i>Internal Control</i>	
4	Value for money and service delivery	
5	Others	

25.4 Status of compliance with PAC Directives

25.5 AUDIT PARAS

Anti-Narcotics Force (HQ), Rawalpindi

25.5.1 Non-establishment of Federal Narcotics Testing Laboratory

Section 34 of Control of Narcotic Substances Act, 1997 states that the Federal Government may, as soon as may be after the commencement of this Act, set-up a Federal Narcotic Testing Laboratory and such other institutes and narcotics testing research laboratories or notify any other laboratory or institute to be a Federal Narcotics Testing Laboratory for carrying out the purposes of this Act.

The management of ANF, HQ was requested to intimate about establishment of Federal Narcotics Testing Laboratory and appointment of government analysts. It was verbally informed that no such lab was established, and no appointments were made despite a lapse of twenty-five years.

Audit observed that non-establishment of testing laboratory is the violation of the Act.

Audit is of the view that non-establishment of the said laboratory is a failure of management.

Management did not reply.

Audit recommends that responsibility may be fixed for not establishing Federal Narcotics Testing Laboratory.

Regional Directorate of Anti-Narcotics Force Sindh Karachi

25.5.2 579 Seized/Confiscated vehicles held by Department and non-auction of 12 Seized/Confiscated vehicles.

Rule 3(1) of the Disposal of Vehicles and other articles (involved in the Narcotics cases) rules, 2013 provided that the concerned Regional Directorates, Anti-Narcotics Force or other Law Enforcement Agencies shall, after submission of challan, forward list of seized, frozen and

confiscated case property or vehicles required to be auctioned to the Director General or Head of other Law Enforcement Agency for approval.

Rule 3(2) of the Disposal of Vehicles and other articles (involved in the Narcotics cases) rules, 2013 provided that the Director General Anti-Narcotics Force or Head of other Law Enforcement Agency shall, on receipt of above information or on his own motion, pass orders directing the sale of seized, frozen or confiscated vehicles and shall approve or cause the reserved price determined for each vehicle separately.

The management of Regional Directorate, Anti-Narcotics Force Sindh, Karachi provided a list of 579 vehicles of different Make and Model which have been seized/confiscated from 1994 to August 2023 and are under custody of RD ANF Karachi. The Detail position is as under:

S#.	Category of Seized/Confiscated vehicles	Nos.
Decided By Court		
1	Ready For Auction	12
2	Decided by Court and pending for clearance from different Govt Depts i.e. Anti-Car lifting cell, Pakistan Motor Registration Authority	27
3	Returning Order vehicles	30
Pending in Court		
3	Under Appeal in High Courts & Supreme Court Cases	96
4	Dormant Judgment Silent Cases	108
5	Under Trial	306
Total		579

Audit observed that:

- i. Out of such large number of seized/confiscated vehicles held by department since long, 12 Nos. of vehicles have been decided by court and finally cleared from different Govt department, but the same have not been auctioned till date.
- ii. 30 Vehicles were decided by Court for returning to owners but the same have not been returned to them till date.
- iii. The fate of other large number of seized/confiscated vehicles have not been decided till date which have been pending either in court or with other Government departments for clearance.

- iv. During Physical verification of Vehicles, it was observed that costly latest models' vehicles were also held by departments whose condition was deteriorating with passage of time as they were parked in open area.

Audit is of the view that due to non-auction of 12 vehicles and non-clearance of vehicles from Court and Different Government Departments, their value has been declining with passage of time, which deprived the Government of its due share of receipt.

The management stated that applications have been filed in different courts, out of 4 cases the Honorable court dismissed RD ANF Sindh applications and ordered that fate of vehicle cannot be decided till the arrest of absconding accused person. While other applications are still pending in different courts. However, the court has also issued notices to the party/owner of vehicles as the fate cannot be decided were also published in newspapers but their decision is still pending in courts.

The reply did not justify the audit point of view as to why the vehicles, which are ready for auction after clearance from court and other departments, have not been auctioned. And those, which are ordered by court for either returning to owners or need clearance from other departments, have not been returned or got cleared. Furthermore, a large number of cases are still pending.

Audit recommends that vehicles decided from court may be cleared from concerned departments and those ready for auction may be auctioned. Besides, the cases of vehicles pending in court of law may be pursued rigorously to avoid further loss to the Government or the owner.

25.5.3 Non-auction and unauthorized retention/use of 04 commercial/residential forfeited properties

Rule 20 of Frozen or Forfeited Drug Assets (Administration, Management, Maintenance and Disposal) Rules, 2010 states that “ Subject to the relevant provisions of any law relating to the acquisition or disposal of immovable property and also subject to the sale proceeds being credited to the Fund under section 54 of the Act, the property shall be disposed of by public auction by the committee to be nominated by the Director-General in consultation with the Administrator”.

Rule 10(3) of Frozen or Forfeited Drug Assets (Administration, Management, Maintenance and Disposal) Rules, 2010, “Where any property is forfeited under the Act and possession of such property is taken by the Administrator or any member or staff or other persons authorized by the Administrator, provided to him by the Federal Government under rule 3, the Administrator may, with the approval of the Federal Government through the Director-General rent out or give on lease or on contract or for Government official use on rent to other Government Departments or handover to Ministry of Narcotics Control or the Anti-Narcotics Force without rent such property

for agricultural or residential or commercial or any other appropriate purposes according to the nature of such property and in accordance with such terms and conditions to be reduced into writing subject to the approval by the Federal Government through the Director-General, till disposal of such property under the rules”.

The management of Regional Directorate of Anti-Narcotics Force (ANF), Karachi provided list of confiscated properties, accordingly, following 04 residential/ commercial properties were forfeited and held by ANF Karachi.

Audit observed that the following forfeited properties are still in possession of the ANF and have not been auctioned by the management.

S.No	Detail of Asset/Property	Current Status
1.	Plot No. A-161, Block-C, Gulshan-e-Jamal Rashid Minhas Road, Karachi (240 Sq.yd)	Forfeited /in possession of ANF
2.	Shop No.2, Block-B, Gulshan-e-Jamal at FL-37 Karachi (21.97 sq.yd)	
3.	Plot No.132, Sector 35/A, Korangi Township, Karachi (512 sq.yd)	
4.	Plot No.C-145/A, Sector 35/A, Korangi Township Karachi (512 Sq.yd)	

Audit observed that:

- i. The management have been utilizing the properties listed at Sr. No. 1, 3 & 4 above for their own use of Regional Directorate ANF Karachi but the approval of Administrator and Ministry Concerned through Director General was not obtained in violation of above rule.
- ii. Shop mentioned at Sr. no 2 above was recommended for auction but the same have not been completed till date.

Audit is of the view that non-auction of the forfeited properties including shops and unauthorized use thereof was lapse on the part of management which deprived the Government of its due share of receipts.

The management stated that the case for utilization of Properties for official purpose as listed at Sr. No. 1,3 &4 and for auction of shop as listed at Sr. No. 2 have been sent to MNC Islamabad through ANF HQ Islamabad.

The management accepted the irregularity that the above properties are being utilized without approval of Administrator and Ministry concerned and the matter for auction of shop is still held up.

Audit recommends that the necessary approval for auction/utilization of forfeited properties may be obtained and the same may be auctioned by depositing sale proceed into Government account.

CHAPTER 26

NATIONAL HERITAGE AND CULTURAL DIVISION

26.1 Introduction

As per Schedule II [Rule 3 (3)] Distribution of Business among the Divisions read with Schedule III [rule-4(4)] Rules of Business 1973 (As amended up to 23rd April, 2019) following main business have been assigned to the Division amongst the other functions.

2. National and other languages used for official purposes.
3. Naming of institutions in the name of Quaid-e-Azam and other high and distinguished personages.

ATTACHED DEPARTMENTS /AUTONOMOUS BODIES

- i. Quaid-e-Azam Papers Wing.
- ii. Pakistan Academy of Letters.
- iii. Pakistan National Council of Arts.
- iv. National Language Authority, Urdu Dictionary Board and Urdu Science Board.
- v. Quaid-e-Azam Academy.
- vi. Aiwan-i-Iqbal and Iqbal Academy Pakistan.
- vii. Quaid-e-Azam Mazar Management Board (QMMB).
- viii. Quaid-e-Azam Memorial Fund.
- ix. National Book Foundation.
- x. Department of Libraries.
- xi. Department of Archaeology and Museums.

Sr. No.	Description	Total No.	Audited	Expenditure Audited (FY-2022-23) Rs. in million	Revenue / Receipt Audited (FY-2022-23) Rs. in million
1	Formations	5	4	791.821	-

2	Assignment Accounts (Excluding FAP)	-	-	-	-
3	Authorities / Autonomous Bodies etc. under the PAO	-	-	-	-
4	Foreign Aided Project (FAP)	-	-	-	-

26.2 Comments on Budget & Accounts (Variance Analysis)

The final budget allocated to the Division for the financial year 2022-23 was Rs. 1,951.89 million, out of which the Division expended an amount of Rs. 1,921.27 million. Grant-wise detail of current and development expenditure is as under:

(Rs. in million)

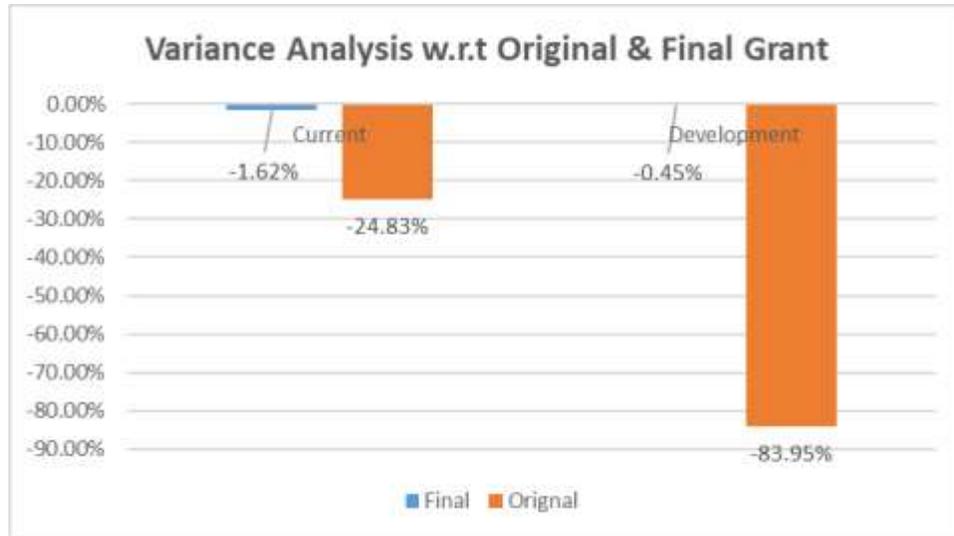

Grant No	Type of Grant	Original Grant	Surrender (-)	Final Grant	Actual Expenditure	Excess/ (Saving)	% age Excess/ (Saving)
40	Current	2,438.35	-575.12	1,863.23	1,833.01	-30.23	-1.62%
105	Development	550.00	-461.34	88.66	88.26	-40	-0.45%
	Total	2,988.35	-1,036.46	1,951.89	1,921.27	-30.62	-1.57%

Audit noted that there was an overall savings of Rs. 30.62 million, which was mainly due to savings in current grant.

Supplementary Grants obtained without careful cash forecasting

According to Para 71 of General Financial Rules (Volume I), while framing budget estimates, the authorities should exercise utmost foresight. Rules of good governance demand that budget processes are carried out in accordance with clearly defined expectations and assumptions and a coordinated calendar of activity.

As shown in the chart below, bifurcating total allocation into current and development expenditure, it was observed that, in case of development grant, there was 83.95% of saving w.r.t original grant which was finally reduced to 0.45% w.r.t final grant and in case of current grant 24.83% saving was finally reduced to 1.62%.

26.3 Classified Summary of Audit Observations

Audit observations, amounting to Rs.98.097 million, were raised in this report during the current audit of **National History And Literary Heritage Division**. Summary of the audit observations classified by nature is as under:

(Rupees in million)

26.5 AUDIT PARAS

Pakistan National Council of Arts (PNCA)

26.5.1 Irregular retention of government money - Rs. 92.887 million

Rules 7(1) of FTR Volume-1 states that all money received by or tendered to government officers on account of revenues of the Federal Government shall without undue delay be paid in full a treasury and shall be included in the Federal Consolidated Fund of the Federal Government. Moneys received as aforesaid shall not be appropriated to meet departmental expenditure, nor otherwise kept apart from the Federal Consolidated Fund of the Federal Government. No department of the Government may require that any moneys received by it on account of the revenues of the Federal Government be kept out of the Federal Consolidated Fund of the Federal Government.

The management of Pakistan National Council of the Arts (PNCA), Islamabad received an amount of Rs. 92.887 million on account of rent of auditorium and open space, art gallery cultural programs, etc. up to 30.06.2023. The receipts were deposited into Bank Account No.3177102789 maintained with National Bank of Pakistan, Melody Main Branch, Islamabad.

Audit observed that receipts were not deposited into the Government Treasury.

Audit is of the view that non-deposit of receipts into government treasury deprived the government from its due receipts.

The management did not reply till the finalization of the report.

Audit recommends fixing of responsibility on the persons at fault besides deposit of receipts into Federal Consolidated Fund.

26.5.2 Unauthorized expenditure on Civil Works - Rs. 5.210 million

Para 192 of GFR (Volume-I) states that when works allotted to a civil department other than the Public Works Department are executed departmentally, whether direct or through contractors, the form and procedure relating to expenditure on such works should be prescribed by departmental regulations framed in consultation with the Accountant-General generally on the principles underlying the financial and accounting rules prescribed for similar works carried out by the Public Works Department.

Para 193(4)(ii) of GFR (Volume-I) states that all estimates for such works and repairs to be carried out locally should be submitted for prior scrutiny to the Chief Engineer, Pak PWD.

The management of Pakistan National Council of Arts (PNCA), Islamabad incurred an expenditure of Rs. 5.2 million on civil works during the financial year 2022-23.

Audit observed that:

- i. The expenditure was incurred on civil works/repair of buildings which was neither carried out through Pak. PWD nor was incurred departmentally by making departmental regulations as required under GFRs.
- ii. The expenditure was incurred without obtaining Technical Sanctions from an authorized / competent engineer of Pak. PWD.

Audit is of the view that in the absence of approved procedure for executing civil works the expenditure incurred on civil works is unauthorized. Furthermore, due to non-maintenance of Measurement Books the actual value of work done, and the payment made for the civil works is doubtful.

The management did not reply till the finalization of the report.

Audit recommends holding of inquiry to fix responsibility besides regularization of the expenditure from the Finance Division.

26.5.3 Irregular appointments without observing PNCA Employees Service Rules, 1994

As per Clause 27 of the PNCA Employees Service Rules, 1994, appointment against various vacancies shall be made in the light of Government's instructions in respect of the maintenance of regional provincial quota and in general consideration of merit and experience.

PNCA's advertisement as approved by the Secretary, National Heritage & Culture Division the eligibility criteria for appointment of Caretaker is: "Retd. JCO/Intermediate with ten years' experience", for appointment of steno typist is: "Intermediate with minimum speed of 80/40 w.p.m. in shorthand/typing respectively. Must be computer literate", for appointment of Urdu typist is: "Matric with minimum speed of 30 w.p.m. in Urdu typing", for appointment of Driver/Dispatch Rider is: "Primary pass having valid license with 5 years of experience of driving light and heavy vehicle", and for appointment of Drivers, Dispatch Riders, Mali & Sweeper having domicile local (Islamabad). Furthermore, PNCA advertised eligibility criteria approved by the Secretary, National Heritage & Culture Division for appointment of Director, Deputy Director, Accountant, Designer and Librarian.

The management of Pakistan National Council of Arts (PNCA), Islamabad appointed twenty-one (21) officers/officials during 2022-23.

Audit observed that PNCA did not observe the rules and regulations for appointments as mentioned in advertisement duly approved by the Secretary, National Heritage & Culture Division.

Audit is of the view that the appointments made in violation of PNCA Employees Service Rules, 1994 were irregular and unauthorized.

The management did not reply till the finalization of the report.

Audit recommends holding of inquiry to fix responsibility on persons at fault.

CHAPTER 27

NATIONAL VOCATIONAL AND TECHNICAL TRAINING CENTRE

27.1 Introduction

National Vocational & Technical Training Commission (NAVTTTC) was established in December 2005 as an apex body for Technical & Vocational Training and is attached with the Prime Minister's Secretariat (Public). Being a federal agency for TVET, NAVTTTC facilitates, regulates, and provides policy direction for skill development in Pakistan. Under the National Vocational & Technical Training Commission (NAVTTTC) Act, 2011 NAVTTTC is responsible for setting-up of national occupational skills standards, development of curriculum, national qualification framework, labour market information analysis, training of trainers, public private partnership and setting-up of institutional standards for TVET providers amongst the other functions:

1. National Policies, Strategies and Regulations
2. National Qualification Framework (NQF)
3. Accreditation, Certification, Skill Standards & Curricula
4. Performance Evaluation System
5. TVET Development through Public-Private Partnership
6. Labor Market Information System

Sr. No.	Description	Total No.	Audited	Expenditure Audited (FY-2022-23) Rs. in million	Revenue / Receipt Audited (FY-2022-23) Rs. in million
1	Formations	10	4	1,365.661	-
2	Assignment Accounts (Excluding FAP)	-	-	-	-
3	Authorities / Autonomous Bodies etc. under the PAO	-	-	-	-
4	Foreign Aided Project (FAP)	-	-	-	-

27.2 Comments on Budget & Accounts (Variance Analysis)

The final budget allocated to the NAVTTTC for the financial year 2022-23 was Rs.4,188.13 million, out of which the Division expended an amount of Rs.3,186.69 million. Grant-wise detail of current and development expenditure is as under:

(Rs. In million)

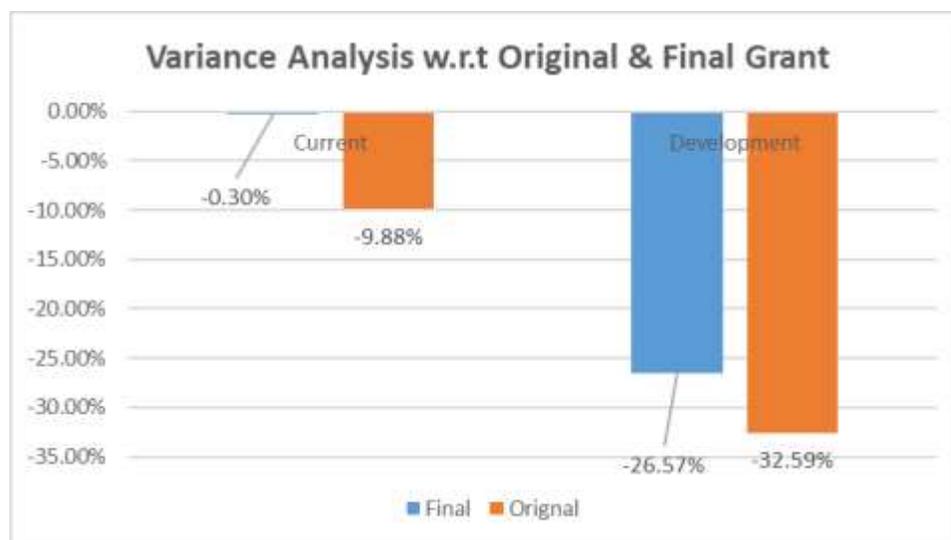

Grant No	Type of Grant	Original Grant	Surrender (-)	Final Grant	Actual Expenditure	Excess/ (Saving)	% age Excess/ (Saving)
39	Current	469.20	-45.06	424.13	422.84	-1.29	-0.30%
104	Development	4,100.00	-336.00	3,764.00	2,763.84	-1,000.16	-26.57%
	Total	4,569.20	-381.06	4,188.13	3,186.69	-1,001.45	-23.91%

Audit noted that there was an overall savings of Rs.1,001.45 million, which was due to less expenditure in current grants.

Supplementary Grants obtained without careful cash forecasting

According to Para 71 of GFR (Volume I), while framing budget estimates, the authorities should exercise utmost foresight. Rules of good governance demand that budget processes are carried out in accordance with clearly defined expectations and assumptions and a coordinated calendar of activity.

As shown in the chart below, bifurcating total allocation into current and development expenditure, it was observed that, in case of development grant, there was 32.59% of saving w.r.t original grant which was finally reduced to 26.57% w.r.t final grant and in case of current grant 9.88% saving was reduced to 0.30%.

27.3 Classified Summary of Audit Observations

Audit observations, amounting to Rs.16.13 million, were raised in this report during the current audit of **National Vocational And Technical Training Centre**. Summary of the audit observations classified by nature is as under:

(Rupees in million)

S. No	Classification	Amount
1	Non-production of record	
2	Reported cases of fraud, embezzlement and Misappropriation	
3	Irregularities	
A	<i>HR/Employees related Irregularities</i>	
B	<i>Procurement related irregularities</i>

27.5 AUDIT PARAS

National Vocational and Technical Training Commission Karachi

27.5.1 Non-receipt of NAVTTC share from Takamol fund - Rs. 16.130 million

Article 3 of Appendix 2 of Service Level Agreement signed between Takamol for Business Service Company on and NAVTTC on 27.01.2023 states that Takamol fee will be US\$ 33 and NAVTTC fee will be US\$ 17 per test.

The management of NAVTTC provided a statement of funds receipt and transfer between Takamol and NAVTTC as on 30.06.2023 as per following detail:

Pak Rs. @ 287 to be sent to Takamol	Pak Rs. @ 287 to be received from Takamol	Payment due from Takamol to NAVTTC
2,012,500	18,142,400	16,129,900

The audit observed that an amount of Rs. 16,129,900 is receivable from Takamol on account of certification test services provided by the NAVTTC under the agreement with Takamol.

Audit is of the view that non- receipt of due share from Takamol is putting NAVTTC into loss.

The management did not reply till finalization of the report.

Audit recommends that matter regarding receipt of due share be expedited with Takamol management.

CHAPTER 28

PAKISTAN ATOMIC ENERGY COMMISSION (PAEC)

28.1 Introduction

The history of Pakistan Atomic Energy Commission (PAEC) goes back to 1956, when the Atomic Energy Research Council was established. In 1964, 1965 and 1973 reorganization took place, and the Atomic Energy Commission was incorporated as a statutory body under an Act, with considerable autonomy. In 1972, the Commission was transferred from the Science and Technology Research Division to the President's Secretariat.

PAEC is now the largest science & technology organization of the country, both in terms of scientific/technical manpower and the scope of its activities. Starting with a nuclear power reactor at Karachi (KANUPP) and an experimental research reactor at Nilore, Islamabad (PARR-I) the emphasis in the early years remained focused on the peaceful uses of nuclear energy. Consequently, research centers in agriculture, medicine, biotechnology and other scientific disciplines were set up all over the country. As the emphasis shifted towards concerns for national security, important projects were also initiated in this area.

Sr. No.	Description	Total No.	Audited	Expenditure Audited (FY-2022-23) Rs. in million	Revenue / Receipt Audited (FY 2022-23) Rs. in million
1	Formations	27	6	5,347.726	100,485.889
2	Assignment Accounts (Excluding FAP)	2	-	-	-
3	Authorities / Autonomous Bodies etc. under the PAO	-	-	-	-
4	Foreign Aided Project (FAP)	-	-	-	-

28.2 Comments on Budget & Accounts (Variance Analysis)

The final budget allocated to the Atomic Energy Commission for the financial year 2022-23 was Rs.41,140 million, out of which the Commission expended an amount of Rs. 41,140 million. Grant-wise detail of current and development expenditure is as under:

(Rupees in million)

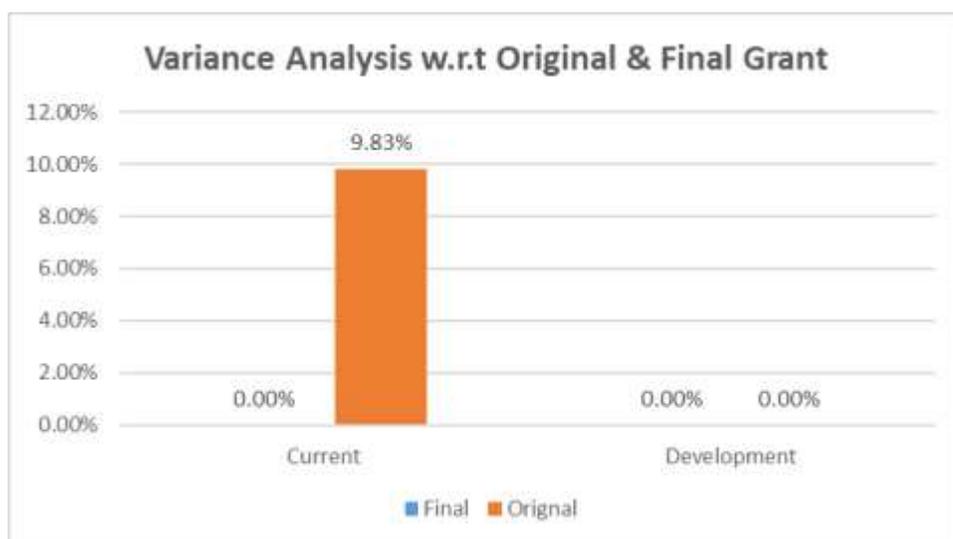

Grant No	Type of Grant	Original Grant	Suppl Grant	Surrender (-)	Final Grant	Actual Expenditure	Excess/ (Saving)	% age Excess/ (Saving)
7	Current	13,794.00	1,422.39	-67.00	15,149.39	15,149.39	.00	0.00%
122	Development	25,990.60	.00	.00	25,990.60	25,990.60	.00	0.00%
	Total	39,784.60	1,422.39	-67.00	41,140.00	41,140.00	.00	0.00%

Audit noted that there was an overall saving of Rs.8,100 million, which was mainly due to saving in development grant.

Supplementary Grants obtained without careful cash forecasting

According to Para 71 of General Financial Rules (Volume I), while framing budget estimates, the authorities should exercise utmost foresight. Rules of good governance demand that budget processes are carried out in accordance with clearly defined expectations and assumptions and a coordinated calendar of activity.

As shown in the chart below, bifurcating total allocation into current and development expenditure, it was observed that, in case of current grant, there was 0% of excess w.r.t original grant which was increased to 9.83%.

28.3 Classified Summary of Audit Observations

Audit observations, amounting to Rs. 77,135.663 million, were raised in this report during the current audit of **Pakistan Atomic Energy Commission (PAEC)**. Summary of the audit observations classified by nature is as under:

(Rupees in million)		
S. No	Classification	Amount
1	Non-production of record	
2	Reported cases of fraud, embezzlement and Misappropriation	
3	Irregularities

28.5 AUDIT PARAS

KANUPP Decommissioning Project, Karachi

28.5.1 Non-adjustment of temporary advances issued to employees for different spot procurement - Rs. 23.608 million

According to Accounting Rules & Procedure 2003 of PAEC, the advances paid for spot purchases will be regularly examined and proper accounts obtained, in case the official fails to render the accounts within the fortnight from the date of receipts of advance, written reminder should be issued to the official concerned with a copy to the Department Head. If the official still fails to render the account or does not explain its non-submission, the advance may be recovered in full from his salary.

The management of KDP, Karachi incurred expenditure of Rs.23.608 million on account of purchase of different store items during the period 2020- 2022. Details are as under:

Period	Particulars	Amount
2020-2021	Payment of temporary advances to various employees for purchase of different items	11,946,015
2021-2022		11,662,344
	Total	23, 608, 359

Audit observed as under:

1. A large number of advances were paid to the employees of different sections for purchase of different items.
2. Advance payments to suppliers were not covered within any rule.
3. Adjustments were not made even after a lapse of considerable period in violation of PAEC Accounting Rules & Procedures 2003.
4. The purchases were made without calling tenders / quotations and advertisement on PPRA's website in violation of PPRA Rules, 2004.

Audit is of the view that expenditure was made in violation of PPRA rules and advances were granted for purchase of routine items which were neither sensitive nor technical in nature.

The management replied that all temporary advances were processed according to NCA delegation of power with proper financial concurrence of competent authority and no advance payments were made to suppliers in temporary advance cases. They further stated KANUPP was working with 50% manpower during 2020-21 due to COVID-19 pandemic and transfer of employees including Accounts staff, therefore process of adjustment was delayed and the items purchased were emergent and contingent nature that was procured to keep plant operational and in the course of open tender/limited tender was adopted for these purchases, with their inherent time taking procedures, plant outages would certainly be prolonged and therefore procurement through temporary advances.

The reply of the management is not acceptable as the requirement of tender in case of the above purchases is mandatory. Moreover, the adjustment of advances has not been shown to audit.

Audit recommends that the advances may be recovered/ adjusted, and responsibility be fixed for not inviting tender.

28.5.2 Non-deposit of proceeds of auction into Govt. treasury – Rs.28.434 million

Rule 8 of GFR states that it is the duty of the Department concerned to see that the dues of the Government are correctly and promptly assessed, collected and paid into the treasury.

The management of KDP, KANUPP, Karachi collected proceeds of Rs. 28.434 million on account of auction of Scrap Aluminum, Karachi during 2020-2022.

Audit observed that the management deposited the auction amount in NIDA KANUPP Account No.3097245303 dated 15.04.2021 NBP, KANUPP branch, Karachi instead of Government treasury.

Audit is of the view that the entire auction money was required to be deposited into Government account.

The management replied that that collected proceeds of Rs. 28.434 million on account of auction of scrap aluminum deposited to KANUPP account and further remitted to PAEC Headquarter, Islamabad after paying applicable tax. The reply of the management is not acceptable as the auction amount was required to be deposited into government treasury which is held unauthorized.

Audit recommends that the auctioned amount of scrap material may be deposited into government treasury.

Karachi Nuclear Power Generating Station

28.5.3 Non- Recovery of Sale proceeds of Electricity- Rs 14,717.747 million

Rule 26 of GFR Vol.1 states that it is the responsibility of every controlling officer to see that all sums due to the government are regularly and promptly assessed and realized.

The management of KNPGS, Karachi exported the electricity to M/s Central Power Purchasing Agency (Guarantee) Limited amounting to Rs 217,301,970,798 during the financial year 2022-23. Details are as under:

(Rs. in million)

S. No.	Division	Electricity Exported	Verified Amount	Recovered Amount	Outstanding Amount
1	K-2	117,577.932	98,823.480	88,674.369	4,568.637
2	K-3	99,724.039	78,655.771	73,655.771	10,149.111
				162,330.140	14,717.747

Audit observed the management recovered only Rs 162,330 million but amount of Rs.14,717 million is still outstanding at the end of financial year 2022-23.

Audit is of the view that non recovery of outstanding amount is loss to public exchequer.

The management was informed on 17.10.2023 but no reply was received till finalization of the report.

Audit recommends that the amount of electricity may be recovered from the M/s CPPA at the earliest.

28.5.4 Non-recovery of disallowed amount - Rs. 62,083.615 million

Rule 26 of GFR Vol.1 states that it is the responsibility of every controlling officer to see that all sums due to the government are regularly and promptly assessed and realized.

The management of KNPGS, Karachi exported the electricity to M/s Central Power Purchasing Agency (Guarantee) Limited amounting to Rs 217,301,970,798 during the financial year 2022-23.

Audit observed that CPPA disallowed an amount of Rs. 62,083.615 million which is still not recovered. Details are as under;

(Rupees)			
	Period	Amount Claimed	Amount disallowed
K-2	March 2021 to June 2022	107,913,169,188	18,413,689,976
	July 2022 to June 2023	117,577,931,777	18,754,451,915
K-3	April 2022 to June 2022	20,528,562,004	3,415,841,944
	July 2022 to June 2023	99,724,039,021	21,499,631,375
Total		345,743,701,990	62,083,615,210

Audit is of the view that non recovery of disallowed amount is unjustified causing loss to public exchequer.

The management was informed on 18.10.2023 but no reply was received till finalization of the report.

Audit recommends that disallowed amount may be recovered from M/s CPPA.

28.5.5 Non-deposit of proceeds of auction into Government Treasury - Rs. 6.325 million

Rule 8 of GFR states that it is the duty of the Department concerned to see that the dues of government are correctly and promptly assessed, collected and paid into treasury.

The management of KNPGS, Karachi auctioned nine vehicles amounting to Rs. 6,325,605 during the audit period 2022-23.

Audit observed that the sales proceeds of auction have not been deposited into government treasury.

Audit is of the view that non-deposit of auction amount into government treasury is loss to public exchequer.

The irregularity was reported to the management vide audit memo No.14 dated 19.10.2023 for clarification but no reply was received till the close of audit.

Audit recommends that sale proceeds may be deposited into government treasury.

28.5.6 Non-execution of contract agreement resulted in loss of Stamp Duty from the Contractors - Rs. 11.158 million

According to Sub: 22-A of Stamp Act, it is the duty of the Competent Authority to recover the Stamp Duty and affix the same, while execution of agreement @ 0.35 paisa per hundred rupees of the value of the agreement or against tender cost.

The management of KNPGS, Karachi purchased different machinery equipment and spare parts from various suppliers/firms amounting to Rs. 3,188.267 million through work/supply orders during the financial year 2022-2023.

Audit observed that the management did not execute contract agreements of purchases and services with the suppliers/contractors which resulted in a loss of stamp duty of Rs.11,158,932 @0.35 of the contracts amount.

Audit is of the view that non-execution of contract agreement resulted in loss of stamp duty.

The management was informed on 19.10.2023 but no reply was received till finalization of the report.

Audit recommends that the amount of stamp duty may be recovered from the suppliers and deposited into government treasury.

28.5.7 Irregular spot procurement – Rs.1.153 billion

Rule-12 of PPRA rules 2004 states that, procurements over one hundred thousand rupees and up to the limit of two million rupees shall be advertised on the Authority's website in the manner and format specified by regulation by the Authority from time to time. These procurement opportunities may also be advertised in print media, if deemed necessary by the procuring agency.

Sr.No.21(d), Annex-III of PAEC Delegation of Financial Powers-2010 regarding spot purchases states that, when the items are of a sensitive nature or urgently required, purchase through a purchase committee may be resorted to with financial concurrence. Necessary funds for this purpose will be drawn up by the committee in advance.

The management of KNPGS, Karachi made procurement of Rs. 1,153,417,323 of store items & accessories related to electrical, mechanical, hardware, civil works furniture and fixture, paints, diesel generator and Air-conditioners etc. during the period 2022-2023.

Audit observed the following irregularities.

- i. The procured items were neither identifiable as sensitive nor of peculiar technical nature based on information shared with audit.
- ii. Procurement of heavy amounts was made without open competition.
- iii. In most of the cases minimum three to four months period was taken for any spot purchase which indicates that the same were not required immediately and could have been procured through competitive process.
- iv. Furniture and fixtures were also procured on a spot basis which is not an urgent requirement.
- v. Stationery items were also purchased through spot purchase instead of annual tender.
- vi. Furniture and fixtures were purchased through spot purchase under propriety items even though furniture and fixture is not proprietary item.

Audit is of the view that spot procurement were made for routine works in violation of PAEC delegation of financial powers and PPRA Rules and therefore held irregular.

The management was informed on 19.10.2023 but no reply was received till finalization of the report.

Audit recommends that the expenditure may be regularized besides responsibility may be fixed on a person at fault.

28.5.8 Non- delivery of spare parts of Rs 34.755 million

Supply order dated 03.04.2023 issued by KNPGS in favor of M/s Noor Start states that delivery time of spare parts amounting to Rs 34.755 million was 08 weeks.

Audit observed that

- i. Despite a lapse of more than 05 months the contractor did not supply the 51 spare parts of pressure gauge.
- ii. The management did not approach the contractor for supply. Even the validity of quotation has expired.
- iii. No Contract agreement was executed, nor security deposit was received from contractor.

Audit is of the view that non-supply of spare parts within due time is irregular.

The management was informed on 20.10.2023 but no reply was received till finalization of the report.

Audit recommends that the matter may be investigated to identify reason of lapse and fix responsibility.

Gilgit Institute of Nuclear Oncology & Radiotherapy (GINOR)

28.5.9 Non-deposit of unclaimed amount of un-presented / outstanding cheques into Treasury - Rs. 206.567 million

Item IV of the General Policy of Revised Procedure for Operation of Assignment Account of Federal Government issued by the CGA vide letter No.C-II/I-39/08-Vol-V/632 dated 24.09.2008 states that the funds in Assignment Accounts will be part of Consolidated Fund. Amounts remaining unspent at the close of the financial year will appear as saving under the respective budget grant unless surrendered in time. Unspent amounts cannot be carried forward to next financial year.

The management of Pakistan Atomic Energy Commission (PAEC), Islamabad maintained bank account No. 4018982842 at NBP Margalla Branch, Islamabad having balances along with un-presented/outstanding cheques amounting to Rs. 206,567,268 for the financial year 2017-18 to 2021-22. Details are as under:

(Rupees)

S. No.	Financial Year	Bank Balances	Unpresented / Outstanding Cheques
1.	2017-18	28,713,235	15,698,082
2.	2018-19	33,219,677	32,651,334
3.	2019-20	3,197,000	79,567,417
4.	2020-21	49,318,964	49,793,395
5.	2021-22	28,892,239	28,857,040
Total Rs.		143,341,115	206,567,268

Audit observed that the amount of un-presented, unclaimed and outstanding cheques was not deposited into Government Treasury.

Audit is of the view that non-depositing of amount into Government Treasury is a serious lapse on the part of management.

The management replied that Bank Account No. 4018982842 at NBP Margallah Branch is not an “Assignment Account”, it is declared as sub-assignment account and the balance in cash book/bank book at the close of each financial year i.e. 30.06.2018 to 30.06.2022 was” NIL”. Whereas the balance as per bank statement i.e. Rs. 206.567 million detailed below was due to outstanding cheques which were not presented by the claimants. These cheques were cleared in ensuing months:

(Rupees)

Sr. No	Financial Year	Unpresented/ Outstanding cheques
1	2017-18	15,698,082
2	2018-19	32,651,334
3	2019-20	79,567,417
4	2020-21	49,793,395
5	2021-22	28,857,040
Total		206,567,268

The management reply is not agreed to by Audit as the amount was transferred from Assignment Account No. 501-0 PAEC (Budget) to other account without any provision in the rules. Also the balances includes unpresented/uncleared cheques after closure of financial year which was required to be cleared during the financial year, and the remaining amount was to be deposited in Government Treasury without delay.

Audit recommends probing the matter to fix responsibility and put in place controls to avoid the occurrence in the future

NORI, Islamabad

28.5.10 Non-recovery of receipts from different departments - Rs. 22.301 million

Clause 3 (3.2) of tri-party agreement made between Ministry of National Health Services, Regulations & Coordination (NHSR&C), Pakistan Atomic Energy Commission (PAEC) and State Life Insurance Corporation of Pakistan (SLIC) states that PAEC will be reimbursed for expenses of services rendered on preauthorized patients on actual of treatment. A hospital is to submit expected expense/rates for the referred cases for approval before patient admission. The payment will be made to PAEC within a period of 30 days after the claim is submitted by the PAEC.

The management of NORI hospital Islamabad provided treatment to patients along with other Hospitals/Departments’ patients during 2021-22.

The audit observed that an amount of Rs. 22.301 million was not recovered from various SLIC and other departments up to financial year 2021-22.

Audit is of the view that non-recovery of expenditure deprived the management of its due receipts.

The management replied that some of payments on a/c of Sehat Salulat Card have been received and a reminder of remaining amount has been issued to State Life Insurance Corporation of Pakistan. On the other hand, maximum payments have already been received and other departments on account of tests services provided on credit basis. Only a few departments' payments are pending. Reminders to pay outstanding amounts have been issued to various departments. Detail is tabulated below:

S. No.	Descriptions	Total Amount (Rs.)	Amount Received (Rs.)	Amount Outstanding (Rs.)
1	Sehat Sahulat Card	395,647,975	392,153,412	3,494,397
2	Others	18,477,250	16,234,004	2,243,246
	Total	414,125,225	408,387,416	5,737,643

The reply was not accepted as the management did not provide documentary evidence in support of recovery made. Furthermore, a handsome amount is still recoverable.

Audit recommends recovery of the balance amount at the earliest besides provision of record relating to recovery made.

CHAPTER 29

PLANNING AND DEVELOPMENT DIVISION

29.1 Introduction

As per Schedule II [Rule 3 (3)] Distribution of Business among the Divisions read with Schedule III [rule-4(4)] Rules of Business 1973 (As amended up to 23rd April, 2019) following main business have been assigned to the Division amongst the other functions.

1. (i) Preparation of comprehensive National Plan for the economic and social development of the country; (ii) Formulation, within the framework of the National Plan, of an annual plan and an annual development program; and (iii) Recommendations concerning orderly adjustments therein in the light of new needs, better information and changing conditions.
2. Monitoring the implementation of all major development projects and programs; identification of bottlenecks and initiation of time remedial action.
3. Evaluation of on-going and completed projects.
4. Review and evaluation of the progress achieved in the implementation of the National Plan.
5. Identification of regions, sectors and sub-sectors lacking adequate portfolio of projects and taking steps to stimulate preparation of sound projects in those areas.
6. Continuous evaluation of the economic situation and coordination of economic policies.
7. Organization of research in various sectors of the economy to improve the database and information as well as to provide analytical studies which will help economic decision making.
8. Association with the Economic Affairs Division in matters pertaining to external assistance in individual projects, from the stage prior to preliminary discussion up to the stage of final signing of documents with aid-giving agencies.
9. Development of appropriate cost and physical standards for effective technical and economic appraisal of projects.
10. Coordination of Social Action Program with World Bank and other donor Agencies.
11. National Logistics Cell.
12. Administrative control of:

- (i) Economists and Planners Group; (ii) Pakistan Institute of Development Economics; and (iii) Overseas Construction Board. (iv) Omitted vide SRO 428(1)/2018 dated 04-04-2018. (v) Pakistan Planning and Management Institute (PPMI). (vi) Jawaid Azfar Computer Center (JACC).
13. The Planning, Development and Reform Division shall act as the Secretariat of the Planning Commission which is the apex planning and coordination body under the Chairmanship of the Prime Minister. The relationship between the Planning and the Planning, Development and Reform Division will be as defined in Cabinet Division's Resolution No.4-6/2006-Min.I, dated 30th October, 2013.
 14. Pakistan Environmental Planning and Architectural Consultants Limited.
 15. Preparation of annual programs in accordance with agreed priorities and to assign responsibilities for the execution of their component items.
 16. Examination and clearance of budgetary proposals for annual statistical improvements and developments.
 17. Formulation of policy regarding general statistics for Pakistan and thereof by suitably adapting the statistical system of Pakistan to conform with the policy.
 18. Coordination with the Provincial and Federal Governments, Semi-autonomous bodies and international organizations on statistical bearing directly or indirectly on such subjects as trade, industry, prices expenditure, input-output accounts, flow of funds, balance of payments, etc.
 19. Evaluation and introduction of standard concepts, definition classification pertaining to national statistics series.
 20. Preparation and implementation of in-service and foreign programs in the fields of statistics.
 21. Evaluation of efficiency computerized methods for statistical estimation.
 22. Clearance of statistical projects undertaken by different organizations on a contract basis.
 23. Preparation, printing and release of publications on national statistics.
 24. Undertaking of national census and surveys.
 25. Administration of:
 - i.** The Industrial Statistics Act, 1942.
 - ii.** General Statistics (Reorganization) Act, 2011.
 26. Agricultural Census, Population Census, National Quinquennial Livestock Census.

27. Collection, maintenance and analyses of demographic, population and vital health statistics.
28. Compilation of labour, manpower and employment statistics for national and international consumption.
29. Periodic assessment, review and analysis of manpower resources and requirements with reference to the employment situation in the country.

ATTACHED DEPARTMENT / AUTONOMOUS BODIES

- i. Pakistan Bureau of Statistics
- ii. Pakistan Planning and Management Institute.
- iii. Pakistan institute of development economics
- iv. Overseas construction board
- v. National fertilizer development center

Sr. No.	Description	Total No.	Audited	Expenditure Audited (FY-2022-23) Rs. in million	Revenue / Receipt Audited (FY 2022-23) Rs. in million
1	Formations	64	2	22,912.337	-
2	Assignment Accounts (Excluding FAP)	1	-	-	-
3	Authorities / Autonomous Bodies etc. under the PAO	-	-	-	-
4	Foreign Aided Project (FAP)	-	-	-	-

29.2 Comments on Budget & Accounts (Variance Analysis)

Final budget allocated to the Planning, Development & Reform Division for the financial year 2022-23 was Rs. 32,128.29 million, out of which the Division expended an amount of Rs. 71,026.64 million. Grant-wise detail of current and development expenditure is as under:

(Rs. In million)

Grant No	Type of Grant	Original Grant	Suppl Grant	Surrender (-)	Final Grant	Actual Expenditure	Excess/ (Saving)	% age Excess/ (Saving)
-----------------	----------------------	-----------------------	--------------------	----------------------	--------------------	---------------------------	-------------------------	-------------------------------

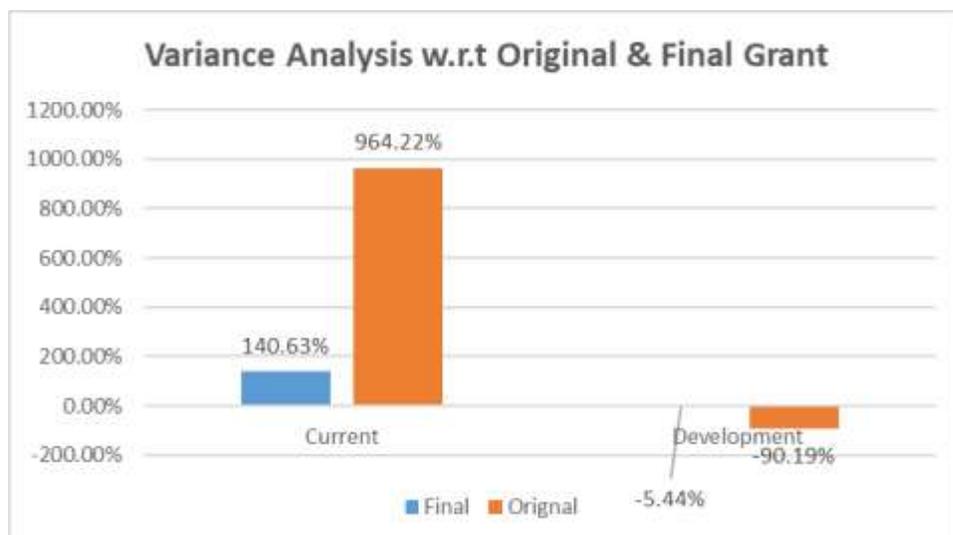

79	Current Main	6,158.76	23,000.00	-1,346.43	27,812.33	66,933.16	39,120.83	140.66%
80	Current (CPEC)	131.15	.00	-125.47	5.68	5.50	-.17	-3.06%
	Current Total	6,289.91	23,000.00	-1,471.90	27,818.00	66,938.66	39,120.66	140.63%
118	Development	41,676.54	.00	-37,366.25	4,310.29	4,087.97	-222.32	-5.44%
	Total	47,966.44	23,000.00	-38,838.15	32,128.29	71,026.64	38,898.34	121.07%

Audit noted that there was an overall excess of Rs. 38,898.34 million, which was mainly due to saving in development and current grants.

Supplementary Grants obtained without careful cash forecasting

According to Para 71 of General Financial Rules (Volume I), while framing budget estimates, the authorities should exercise utmost foresight. Rules of good governance demand that budget processes are carried out in accordance with clearly defined expectations and assumptions and a coordinated calendar of activity.

As shown in the chart below, bifurcating total allocation into current and development expenditure, it was observed that, in case of development grant, there was 90.19% saving w.r.t original grant which was finally reduced to 5.44% w.r.t final grant and in case of current grant 964.22% excess was finally reduced to 140.63%.

29.3 Classified Summary of Audit Observations

Audit observations, amounting to Rs. 8,747.63 million, were raised in this report during the current audit of **Planning And Development Division**. Summary of the audit observations classified by nature is as under:

(Rupees in million)

29.5 AUDIT PARAS

PAKISTAN BUREAU OF STATISTICS ISLAMABAD

29.5.1 Non-obtaining of adjustment accounts from districts administration - Rs. 8,695.775 million

Rule 668 of FTR Volume-I states that advances granted under special orders of competent authority to government officers for departmental or allied purposes may be drawn on the responsibility and receipt of the officers for whom they are sanctioned, subject to adjustment by submission of detailed accounts supported by vouchers or by refund, as may be necessary.

As per Para-207(3) of GFR Volume-I, the recipient organization is required to submit vouched accounts or audited statement of the accounts to the sanctioning authority, in order to ensure that the grant was utilized / spent for the purpose for which it was provided.

The management of Pakistan Bureau of Statistics, Islamabad paid an amount of Rs. 8,695.775 million to 157 district administrations as advance against the estimated expenditures on stationery, cost of other stores, hiring of vehicles & training/remuneration to field staff for 7th Population and Housing Census during the financial year 2022-23.

(Amount in rupees)

Sr. No.	Name of Province	Number of Districts	A03904- Hiring of vehicles	A03915- Payments to Government Departments for	Total Amount
1.	AJ&K	10	149,100,000	101,324,000	250,424,000
2.	Balochistan	34	430,500,000	352,608,000	783,108,000
3.	GB	10	51,240,000	33,690,000	84,930,000
4.	Islamabad	01	32,095,000	40,820,000	72,915,000
5.	KPK	35	642,460,000	716,639,000	1,359,099,0
6.	Punjab	37	1,882,475,000	2,257,824,000	4,140,299,0
7.	Sindh	30	928,900,000	1,076,100,000	2,005,000,0
TOTAL		157	4,116,770,000	4,579,005,000	8,695,775,0

Audit observed that neither detailed adjustment accounts were obtained from the concerned district administrations, nor the unspent amount (if any) was returned by them.

Audit is of the view that non-obtaining of detailed adjustment account(s) and non-retrieval of unspent amount (if any) from districts administrations is a violation of the treasury rules.

The management replied that Census Operation of Digital Census was conducted during March-May 2023 and process of payment to field staff was in progress till 30-06-2023 as the funds were provided to DCs on 18th March 2023 across the country. DCs were requested that the payment of field staff may be made after completion of field operation. It is further mention that 44% Remuneration charges of field staff are still pending with PBS which will be paid as and when Finance Division release funds. In this regard, District Administrations were busy in completion of other activities of this national task however, PBS has already asked to District Administration for provision of Adjustment of bills and unspent amount (if any).

The reply is not agreed to as the field operation has been completed but the adjustment accounts have not so far been received.

Audit recommends obtaining detailed adjustment accounts and retrieval of unspent amounts (if any) at the earliest.

29.5.2 Loss to public exchequer due to misplacement of 219 semi-rugged tablet devices - Rs. 21.794 million

Para-23 of GFR states that every government officer should realize fully and clearly that he will be held personally responsible for any loss sustained by Government through fraud or negligence on his part and that he will also be held personally responsible for any loss arising from fraud or negligence on the part of any other Government officer to the extent to which it may be shown that he contributed to the loss by his own action or negligence.

The management of Pakistan Bureau of Statistics, Islamabad procured 126,000 Semi-Rugged Tablet Devices and Data Sims (10GB Data) from NADRA to Conduct 7th Population & Housing Digital Census during the financial year 2022-23. These devices were distributed countrywide at 495 CSCs for the National Rollout of Digital Census. Consequent upon completion of National Rollout and PES a countrywide tablet retrieval activity was initiated wherein the retrieved tablet devices were handed over to PBS from 17th August to 12th October 2023 as per detail given below:

Description	Quantity
-------------	----------

Retrieved Tablets from CSCs	125,250
Lost Tablets	219
Tablets held by PBS Staff	33
Tablets held at PBS (2 nd Floor Store)	369
Tablets not collected from CSCs (5X CSCs)	96
Issued to NADRA Development Team	15
Issued to ECP	10
Engineering Section	8
Total	126,000

Audit observed as under:

- i. As per handing over/taking over report, a total of 219 semi-rugged tablet devices and Data Sims (10GB Data) amounting to Rs. 21,794,798 were reported as lost and remain unrecovered.
- ii. The Pakistan Bureau of Statistics (PBS) management did not take any substantial steps to locate and retrieve these missing tablet devices.

Audit is of the view that due to misplacement/loss of these devices the public exchequer was put to loss of Rs. 21.794 million.

The management replied that Tablets were provided across the country to approximately 126,000 field staff. Tablets are being retrieved and to date 40 Tablets instead of 219 Tablet devices, have been reported snatched, stolen against which FIRs have already been registered. Furthermore, verification process for missing Tablet Devices is under process.

The reply of the management is not acceptable as per handing over/taking over report, total 219 devices and data sims have been reported as lost.

Audit recommends inquiry to fix the responsibility besides retrieval of all missing devices.

Public Private Partnership Authority

29.5.3 Irregular Payment of Rent of Office Building Without Assessment from Pak.PWD – Rs, 10.215 million

Finance Division O.M. No. F.8(69)R.14/83/2001-452 dated 18.10.2001 states that hiring of private properties for office accommodation by the Federal Government must be supported by the following documents:

- i. Statement of space entitlement along with details of sanctioned strength of officers/officials duly approved by Works Division as per their letter No. 10(11)/71-WIII dated 17.08.1971.
- ii. Assessment Certificate issued by Pak PWD in accordance with specifications of premises.

Para 3 of Ministry of Housing and Works O.M. No. F.2(1)/2004/Policy dated 17.09.2004 states that after the decentralization of hiring of office accommodation, Ministry/Division/Department is competent to hire the private buildings for office accommodation as per prescribed scale, entitlement and the instructions issued by Ministry of Housing and Works. The Ministry/Division/Department will obtain the rent reasonability certificate from the Pak PWD in each and every case. The Pak.PWD shall ensure that the requirement of space is calculated by the Ministry/Division/Department in accordance with the prescribed scale laid down for various categories of officers/staff, etc.

The Public Private Partnership Authority, Islamabad established under Act No..III of 2017. Section 4 of PPPA, Act 2017 states that all contract entered into or rights acquired, and all matters and things engaged, to be done by with or for the Company, before the commencement of this Act shall be deemed to have been incurred, entered into, acquired or engaged to be done by, with or for the Authority, as the case may be.

The management of Public Private Partnership Authority, Islamabad took over the occupation of the building at House # 611, Street # 37, Sector E-11/3, National Police Foundation Housing Scheme, Islamabad after promulgation of PPPA Act, 2017 which was enforced on 27.03.2017. The detail of the payments made on account of rent of office building for the period 2018-21 is as under:\

Period	Amount (Rs.)
2018-19	3,506,580
2019-20	5,031,180
2020-21	1,677,151
Total	10,214,911

Audit observed that:

- i. The payment of rent of office building was made without assessment from Pak.PWD
- ii. The building was hired without observing the scales of office accommodation fixed by Ministry of Housing of Works.

Audit is of the view that hiring of building without observing the laid down instructions and assessment from Pak.PWD was irregular and unauthorized.

The management replied that an amount of Rs.5,031,180 was paid on account of rent of P3A building during 2019-20, which was situated in sector E-11, Islamabad. Further, Section 4 (b) of P3A Act 2017 as amended states that “all contracts entered into or rights acquired and all matters and things engaged to be done by, with or for the Company before the commencement of this Act shall be deemed to have been incurred, entered into, acquired or engaged to be done by, with or for the Authority as the case may be”. It is to mention that P3A was transformed from IPDF, a company under Section 42 of Companies Ordinance 1984. IPDF had entered into a contract with the owner of house for hiring of office building in E-11/3. The contract period was for the period from 2nd May 2018 to 1st May 2020. There was no need for rent assessment as building was hired prior to the establishment of P3A. The contracts signed during the IPDF regime were required to be fulfilled by the P3A under the P3A Act as stated above.

The amount of rent for the period 2019-20 has been updated as Rs. 5,031,180 instead of Rs. 10,062,360. Further, reply was not satisfactory because after promulgation of PPPA Act, 2017 which was enforced on 27.03.2017, the P3A should immediately have assessed the rent of the office building and rent of building should have been paid as per assessment report.

Audit recommends that the matter may be investigated at an appropriate level besides fixing of responsibility.

29.5.4 Dual payment for Same Period on Account of Rent of Office Building – Rs. 5.450 million

Para 23 of GFR states that every Government officer should realize fully and clearly that he will be held personally responsible for any loss sustained by Government through fraud or negligence on his part and that he will also be held personally responsible for any loss arising from fraud or negligence on the part of any other Government officer to the extent to which it may be shown that he contributed to the loss by his own action or negligence.

The management of Public Private Partnership Authority, Islamabad after establishment from Infrastructure Project Development Facility (IPDF) to Authority continued to occupy the

building and made payment on account of rent of office building of House # 611, Street # 37, Sector E-11/3, National Police Foundation Housing Scheme, Islamabad upto 30.09.2020. Later on, the said house was vacated as per documents and a new building was hired for office accommodation at Evacuee Trust Complex, 5th Floor, F-5/1, Islamabad w.e.f. 01.10.2020 and the agreement was signed with Complex management. Detail of payment of rent is as under:

Address	Period of Payment	Amount (Rs.)	Address	Period of Payment	Amount (Rs.)
House # 611, Street # 37, Sector E-11/3, Islamabad	01.10.2020 to 30.10.2021 (13 Months)	5,450,445	Evacuee Trust Complex, 5 th Floor, Sector F-5/1, Islamabad	01.10.2020 to 30.10.2021 (13 Months)	8,769,600

The audit observed that the payment of rent of office building was made against both buildings for same period constitutes financial loss to the organization.

Audit is of the view that payment of rent of both the vacated and newly hired office building for same period not only shows negligence of management but also incurs financial loss to the public exchequer.

The management replied that the payment of rent of both the vacated and newly hired office building for same period was being done because the ETPB had allocated the space to P3A, as bare grey structure, which was non-habitable, and its renovation was required to be carried out by the P3A through Pak PWD. The building structure handed over to P3A was a simple hall without flooring, ceiling, separation of rooms, electric equipment, I.T infrastructure, and basic necessities for running the office. Pak PWD required time for tender process and completion of work. P3A continued its operations from E-11 office till the completion of office at Evacuee Trust Building for continuity of official work. Stopping rent payments to either of the offices shall have entailed breach of contract and would have entailed loss to the government exchequer.

The management has accepted the audit observation.

Audit recommends that the matter may be investigated at an appropriate level besides fixing of responsibility.

29.5.5 Irregular payment of Board Meeting Attendance Fee - Rs 14.400 million

Section 25 of the Public Private Partnership Authority, Act 2017 states that the Federal Government may, by notification in official gazette and with the approval of the Board, make rules for carrying out the purposes of this Act.

Para 10(i) of GFR (Volume-I) states that every public officer is expected to exercise the same vigilance in respect of expenditure incurred from public moneys as a person of ordinary prudence would exercise in respect of expenditure of his own money.

Section 6(1) of the Public Private Partnership Authority, Act 2017 states that there shall be a Board of Directors of the Authority comprising the following members, namely:-

- (a) Minister of Planning, Development and Reform
Chairperson
- (b) Secretary, Finance Division
Vice Chairperson
- (c) Secretary, Planning and Development and Reform Division
Member
- (d) Secretary, Board of Investment
Member
- (e) Two members from private sector nominated by the Federal Government
- (f) Chief Executive Officer
Member
- (g) Secretary Concerned Division
Co-opted Member

Section 6(2) of the Public Private Partnership Authority, Act 2017 states that the Chief Executive Officer shall also act as Secretary of the Board

Section 6(3) of the Public Private Partnership Authority, Act 2017 states that the members from the private sector shall be appointed by the Federal Government for a period of three years and shall be entitled to such terms and conditions as the Federal Government may prescribe.

A meeting of Board of Directors of Public Private Partnership Authority constituted under Section 6 of PPPA Act, 2017 was held on 25.10.2019 and under agenda No.6, the Board of Directors approved the Board Attendance Fee of Rs. 75,000 for the Board Members including Chairperson, Vice-Chairperson and Chief Executive Officer attending the Board Meetings and a fee of Rs. 50,000 for attending the Board Committee meetings, out of the PPPA Fund. This approval was applicable from the 1st BoD meeting held on 24.05.2019.

The management of Public Private Partnership Authority, Islamabad made payment of Rs.14.400 million on account of fee to Board of Directors and Board of Committee members. Details are as under:

Year	Amount (Rs.)
2018-19	225,000

2019-20	2,100,000
2020-21	5,625,000
2021-22	6,450,000
Total	14,400,000

Audit observed as under:

- i. The Board Meeting Attendance Fee was paid without approval from the Federal Government.
- ii. The Public Private Partnership Authority has not framed any rules, regulations for carrying out the purpose of PPPA Act, 2017 since its inception.
- iii. Board of Directors was not authorized to determine fee @ Rs.75,000 and Rs. 50,000 for Board meetings
- iv. Payment of Rs. 9,975,000 was made from recurring budget instead of PPPA fund.
- v. All the Board of Members were locally posted except private members

Audit is of the view that payment of fee of Board Meeting without rules and powers was irregular and unauthorized.

The management replied that sub-Section 8(1) read with sub-Section 4(g) authorizes the approval of members fee by P3A and the Board alike, therefore neither any irregularity was committed, nor any unauthorized payments have been made.

Reply was not satisfactory because Section 4(g) of the Public Private Partnership Authority, Act 2017 pertains to prescription of fee pertaining to PPPA's projects and not for board members' fee.

Audit recommends that past payment may be regularized from the Finance Division besides, discontinuation of practice till the approval of rules of Board Meeting Fees from the competent forum.

CHAPTER 30

PRIME MINISTER'S SECRETARIAT (Internal)

30.1 Introduction

The office of Prime Minister was created immediately after the establishment and the creation of Pakistan in 1947. Liaquat Ali Khan was the first Prime Minister appointed in 1947 .

The Constitution of 1973 provided the parliamentary system to Pakistan with Prime Minister as the head of government.

The Prime Minister is responsible for appointing a cabinet as well as running the government operations, taking and authorizing the executive decisions and appointments recommendations also need the executive confirmation of the Prime Minister.

Sr. No.	Description	Total No.	Audited	Expenditure Audited (FY-2022-23) Rs. in million	Revenue / Receipt Audited (FY 2022-23) Rs. in million
1	Formations	1	1	2,374.382	-
2	Assignment Accounts (Excluding FAP)	1	-	-	-
3	Authorities / Autonomous Bodies etc. under the PAO	-	-	-	-
4	Foreign Aided Project (FAP)	-	-	-	-

30.2 Comments on Budget & Accounts (Variance Analysis)

The final budget allocated to the Prime Minister's Office (Internal) for the financial year 2022-23 was Rs.477.38 million, out of which the PM Office expended an amount of Rs.477.38 million. Grant-wise detail is as under:

(Rupees in million)

Grant No	Type of Grant	Original Grant	Suppl Grant	Surrender (-)	Final Grant	Actual Expenditure	Excess/ (Saving)	% age Excess/ (Saving)
10	Current	465.00	18.50	-5.67	477.84	477.38	-0.45	-0.09%

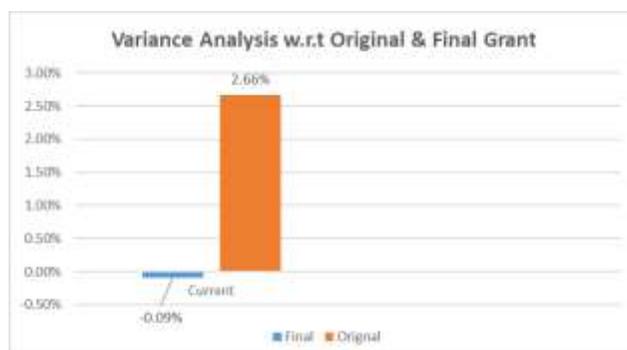

The audit noted that there was an overall saving of Rs.0.45 million in current expenditure.

Supplementary Grants obtained without careful cash forecasting

According to Para 71 of General Financial Rules (Volume I), while framing budget estimates, the authorities should exercise utmost foresight. Rules of good governance demand that

budget processes are carried out in accordance with clearly defined expectations and assumptions and a coordinated calendar of activity.

As shown in the chart below, it was observed that in the current grant there was 2.66% of excess w.r.t original grant which was become 0.09% saving w.r.t final grant.

30.3 Classified Summary of Audit Observations

Audit observations, amounting to Rs. 141.52 million, were raised in this report during the current audit of **Prime Minister's Secretariat (Internal)**. Summary of the audit observations classified by nature is as under:

(Rupees in million)

S. No	Classification	Amount
1	Non-production of record	
2	Reported cases of fraud, embezzlement and Misappropriation

A	<i>HR/Employees related Irregularities</i>	83.705
B	<i>Procurement related irregularities</i>	7.896
C	<i>Management of account with commercial banks</i>	
D	<i>Recovery</i>	
E	<i>Internal Control</i>	49.92
4	Value for money and service delivery	
5	Others	

30.4 Status of compliance with PAC Directives

Audit Year	No. of Audit Paras	No. of Actionable Points Issued	Compliance	Non/Partial Compliance	% of Compliance
2018-19	1	0	0	1	-
Total	1	0	0	1	-

30.5 AUDIT PARAS

30.5.1 Irregular payment of Honorarium over and above the limits - Rs. 83.705 million

Finance Division letter No.F.1(1) Exp-II/2022-22 dated 27.01.2022 states that Prime Minister directed that no forum (Finance Division/Chairman, (ECC) will approve grant of honorarium to Federal Government employees beyond a single basic pay during one fiscal year till such time that a policy in the matter is approved by the Federal Cabinet.

The management of the Prime Minister Office (Internal), Islamabad incurred expenditure of Rs. 108,904,510 on account of payment of Honorarium to its officials/officers during 2021-23 as per following details:

Financial Year	Official/ Officers BPS-1 to 18	Officers BPS-19-20	Total Expenditure (Rs)	No. of Honoraria per year	Over and above Amount (Rs)
2021-22	40,150,280	1,646,050	41,796,330	5	33,437,064
2022-23	64,481,430	2,626,750	67,108,180	5	53,686,544
Total	104,631,710	4,272,800	108,904,510		83,705,368

Audit observed officials/officers of PMO received more than one Honorarium per year.

Audit is of the view that payment of more than one honorarium per year to the officers/officials was violation of powers delegated to Principal Accounting Officer (PAO).

The management did not reply.

Audit recommends regularization of payment of more than one Honorarium per year to the officers/officials from the Finance Division or recovery of the payment made over and above the limit prescribed by rules.

30.5.2 Irregular expenditure on official Hospitality without open competition and cash payments through DDO - Rs. 28.797 million and non-deduction of GST and Income Tax - Rs. 2.275 million

Rule 12(1) of Public Procurement Rules, 2004 states that procurements over five hundred thousand Pakistani Rupees and up to the limit of three million Pakistani Rupees shall be advertised on the Authority's website in the manner and format specified by regulation by the Authority from

time to time. These procurement opportunities may also be advertised in print media, if deemed necessary by the procuring agency.

Rule 157 of Federal Treasury Rules (FTR) states that cheques drawn in favour of Government officers and departments in settlement of Government dues shall always be crossed “A/C Payee only - Not Negotiable”.

Section 161(1)(a) of Income Tax Ordinance, 2001 states that where a person fails to collect tax or deduct tax from a payment the person shall be personally liable to pay the amount of tax to the Commissioner who may pass an order to that effect and proceed to recover the same.

The management of the Prime Minister Office (Internal), Islamabad incurred expenditure of Rs. 28,796,518 under the Head A-03996 (Official Hospitality) during 2022-23.

Audit observed that:

- i. The procurement was made without open competition.
- ii. The amount was drawn (in cash) instead of making payment(s) through cross cheques.
- iii. Invoices were not attached with the claims.
- iv. List of participants is not found on record.
- v. The income tax amounting to Rs. 1,295,843 and 1/5th GST amounting to Rs. 979,082 were not withheld. Hence, an overpayment of Rs. 2,274,925 was made to the Supplier. Detail is as under: -

S.	Cost Center	Gross Amount (Rs.)	1/5 th GST (Rs)	4.5% Income Tax (Rs.)	Net Amount (Rs.)
1	IB-0907	25,133,283	854,532	1,130,998	1,985,529
2	IB-0906	863,455	29,357	38,855	68,213
3	IB-0904	2,799,780	95,193	125,990	221,183
Total		28,796,518	979,082	1,295,843	2,274,925

Audit is of the view that procurement without open competition was irregular.

Audit is also of the view that withdrawal of amount in cash instead of crossed cheques and non-deduction of Income Tax and GST was also irregular.

The management did not reply.

Audit recommends stoppage of the irregularity, and regularization of the expenditure from the Finance Division.

30.5.3 Non-enforcement of Austerity Measures @ 15% Cut - Rs. 21.123 million

Para (iii) of Finance Division vide letter dated 27.02.2023 states that single dish in case of meals and tea & biscuits on other occasions shall be served in government events/meetings.

Para (iv) of Finance Division vide letter dated 27.02.2023 states that 15% Cut (on annualized basis) shall be applied in current expenditure (Non-ERE) of all ministries/Division/attached departments/Sub-ordinate Offices/Autonomous bodies etc.

The management of the Prime Minister Office (Internal), Islamabad incurred expenditure on specific Head of Accounts.

Audit observed that the management did not follow austerity measures regarding operational expenditure.

The management did not reply.

Audit recommends regularization of excess expenditure from the Finance Division.

30.5.4 Irregular expenditure on procurements of Drugs and Medicine without open competition Rs. 7.896 million

Rule 8 of Public Procurement Rules, 2004 all procuring agencies shall devise a mechanism, for planning in detail for all proposed procurements with the objective of realistically determining the requirements of the procuring agency, within its available resources, delivery time or completion date, and benefits that are likely to accrue to the procuring agency in future.

Rule 12(1) of Public Procurement Rules, 2004 states that procurements over five hundred thousand Pakistani Rupees and up to the limit of three million Pakistani Rupees shall be advertised on the Authority's website in the manner and format specified by regulation. These procurement opportunities may also be advertised in print media, if deemed necessary by the procuring agency.

The management of Prime Minister's Office (Internal), Islamabad (Dispensary IB-0912) incurred expenditure Rs. 7,895,680 under the Head A-03927 (Purchase of Drug and Medicine) during 2020-23.

Financial Year	Allocation (Rs)	Expenditure (Rs)	Surrender (Rs)	Savings (Rs)
2020-21	2,500,000	2,260,182	239,000	818

2021-22	2,700,000	2,684,793	15,000	207
2022-23	3,500,000	2,950,705	6,000	43,295
Total	8,700,000	7,895,680	260,000	44,320

The audit observed that the procurements were made without open competition.

Audit is of the view that non-obtaining of competitive rates through annual tendering is violation of Public Procurement Rules, 2004 leading to mis-procurement.

The department did not reply.

Audit recommends stoppage of irregularity and regularization of expenditure from the Finance Division.

CHAPTER 31

MINISTRY OF RELIGIOUS AFFAIRS AND INTERFAITH HARMONY

31.1 Introduction

As per Schedule II [Rule 3 (3)] Distribution of Business among the Divisions read with Schedule III [rule-4(4)] Rules of Business 1973 following main business have been assigned to the Division amongst the other functions.

- iv. Evacuee Trust Property Board.

v. National Commission for Minorities.

Sr. No.	Description	Total No.	Audited	Expenditure Audited (FY-2022-23) Rs. in million	Revenue / Receipt Audited (FY 2022-23) Rs. in million
1	Formations	10	2	6,463.594	
2	Assignment Accounts (Excluding FAP)	-	-	-	-
3	Authorities / Autonomous Bodies etc. under the PAO	33	4	84.875	-
4	Foreign Aided Project (FAP)	-	-	-	-

31.2 Comments on Budget & Accounts (Variance Analysis)

The final budget allocated to the Religious Affairs And Interfaith Harmony Division for the financial year 2022-23 was Rs.1,270.61 million, however the Division expended an amount of Rs.1,309.61 million. Grant-wise detail of current and development expenditure is as under:

(Rs. In million)

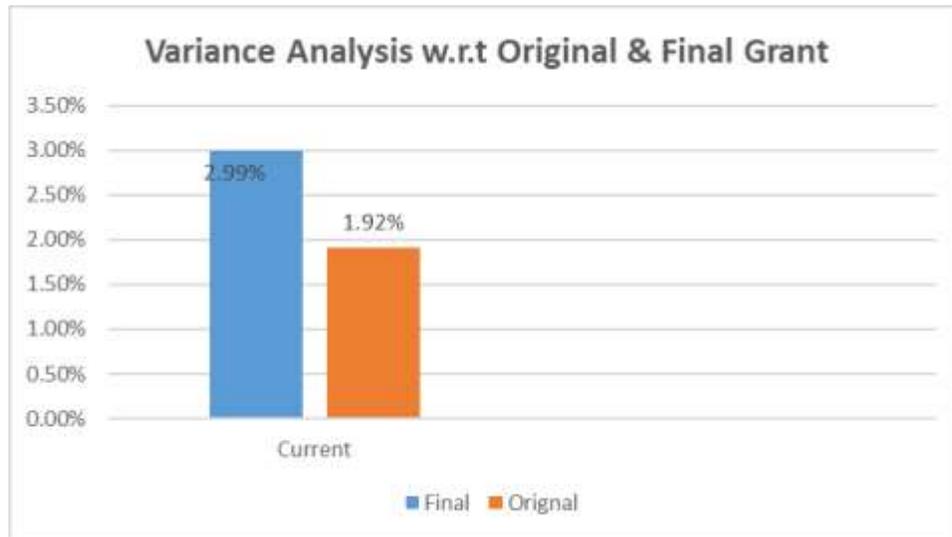

Grant No	Type of Grant	Original Grant	Suppl Grant	Surrender (-)	Final Grant	Actual Expenditure	Excess/ (Saving)	% age Excess/ (Saving)
86	Current	1,285.00	.00	-14.58	1,270.42	1,309.61	39.19	2.99%

Audit noted that there was an overall excess of Rs.39.19 million in current grants.

Supplementary Grants obtained without careful cash forecasting

According to Para 71 of General Financial Rules (Volume I), while framing budget estimates, the authorities should exercise utmost foresight. Rules of good governance demand that budget processes are carried out in accordance with clearly defined expectations and assumptions and a coordinated calendar of activity.

As shown in the chart below, it was observed that under the current grant there was 1.92% of excess w.r.t original grant which increased to 2.99% excess w.r.t final grant.

31.3 Classified Summary of Audit Observations

Audit observations, amounting to Rs. 2916 million, were raised in this report during the current audit of **Ministry Of Religious Affairs And Interfaith Harmony**. Summary of the audit observations classified by nature is as under:

(Rupees in million)

31.5 AUDIT PARAS

Ministry of Religious Affairs and Interfaith Harmony

31.5.1 Non-deposit of rent/receipts collected into Federal Consolidated Fund - Rs. 96.741 million

As per Rule 7(1) of Federal Treasury Rules (FTR) all moneys received by or tendered to Government officers on account of the revenues of the Federal Government shall, without undue delay, be paid in full into a treasury and shall not be appropriated to meet departmental expenditure, nor otherwise kept apart from the Federal Consolidated Fund (FCF) of the Federal Government.

The management of Ministry of Religious Affairs and Interfaith Harmony (Main Secretariat), Islamabad received rent and receipts amounting to Rs. 96.741 million during 2021-22, as per detail below:

Date	Received from	Receipt Description	Amount (Rs.)
30.06.2021	ICT - Police	Rent of Building	2,205,000
14.07.2021	Ripha University	Rent of Building	22,052,835
14.07.2021	Ripha University	Rent of Building	14,701,890
31.05.2022	Ripha University	Rent of Building	50,018,174
31.05.2022	Ripha University	Rent of Building	456,000
02.07.2021	M/s Hotline Travels - HGO	Penalty	500,000
03.09.2021	HGOs - through NBP	Co. Name/Address change	190,000
17.09.2021	HGOs - through NBP	Co. Name/Address change	25,000
29.12.2021	HGOs - through NBP	Co. Name/Address change (25)	635,000
18.02.2022	HGOs - through NBP	Co. Name/Address change (18)	395,000
24.02.2022	M/s Sanofi Aventis Pakistan Ltd	Penalty - vaccine	4,617,000
08.03.2022	HGOs - through NBP	Co. Name/Address change (5)	25,000
15.03.2022	HGOs - through NBP	Co. Name/Address change (11)	245,000
31.03.2022	HGOs - through NBP	Co. Name/Address change (10)	240,000
08.04.2022	HGOs - through NBP	Co. Name/Address change (12)	270,000
25.04.2022	HGOs - through NBP	Co. Name/Address change (14)	70,000
07.03.2022	Pharmaceutical firms	Purchase of tender documents	25,000
25.04.2022	Pharmaceutical firms	Purchase of tender documents	70,000
TOTAL			96,740,899

Audit observed that the management did not deposit rent and receipts into Federal Consolidated Fund (FCF).

Audit is of the view that non-deposit of rent and receipts into FCF is a violation of provisions of FTRs, thus the management's action is held irregular and unauthorized. Furthermore, the government was deprived of its due receipts.

The management did not reply till finalization of the report.

Audit recommends discontinuation of irregular practice of non-deposit of rent and receipts collected into FCF immediately.

Evacuee Trust Property Board, Lahore

31.5.2 Non-Assessment of Evacuee Trust Properties

Section 4(2)(f) of the Evacuee Trust Properties (Management & Disposal) Act, 1975 empowers the Board to assess or reassess the rent or lease amount of the evacuee trust property.

The Supreme Court of Pakistan vide order dated 08-09-2022 decided appeals of some tenants who filed writ petition against Assessment/ Re-assessment in the Scheme 1977. The operative part of the judgment of Supreme Court of Pakistan is as under:

“The respondents are however directed to make a reassessment of the rent in accordance with law. We have been informed that the law provides for reassessment every three years. As soon as the period of three years expires after rent dues in accordance with the law after hearing all concerned parties including the petitioner. The learned counsel for the petitioner on instructions submits that as far as arrears are concerned, the petitioners are ready and willing to pay the same provided reasonable installments are allowed to them to clear their dues. In case, the amount of arrears has been finalized, the petitioners may approach the Department with a reasonable proposal regarding payment of dues in installments and if such application is made the department shall consider the same sympathetically and decide it in accordance with law.”

Audit observed as under:

- i. The ETP Board in 348th meeting held on 27.09.2022 directed to implement the order of the Supreme Court of Pakistan.
- ii. Standard Operating Procedures (SOPs) for assessment / re-assessment were formulated by ETPB Headquarter for implementation.

- iii. The ETPB Headquarter stopped the implementation of the SOPs on the objection raised by the Administrator Faisalabad Zone and Deputy Administrator Lahore-I.

Audit is of the view that the directions of the Supreme Court were very clear and the delay in implementation thereof is undue favour to the tenants.

The management did not reply.

Audit recommends that directions of the Supreme Court of Pakistan may be implemented in letter and spirit besides fixing the responsibility of delay in assessment / re-assessment on the persons at fault.

31.5.3 Non-recovery of rent/ lease money from defaulters - Rs. 1,701 million

Section 4(2)(q) of the Evacuee Trust Properties (Management and Disposal) Act, (No. XIII) 1975 states that the function of the Board shall be to exercise financial and administrative control over offices attached to or under it.

Evacuee Trust Properties Board (ETPB) record revealed that an amount of Rs. 1,701.05 million was recoverable from the tenants/ lessees as per following detail:

S.No.	ETPB-District	Arrears (Rs. in million)
1.	Lahore-I	224.62
2.	Peshawar	118.73
3.	Rawalpindi	79.91
4.	Sukkur	189.31
5.	Karachi (U)	186.82
6.	Karachi (R)	95.58
7.	Hassanabdal	34.38
8.	Lahore-II	64.62
9.	Multan	77.08
10.	Jhang	43.17
11.	Sahiwal	37.05
12.	Layyah	86.47
13.	Sialkot	42.34
14.	Hyderabad	79.73
15.	Sargodha	45.35
16.	Gujrat	102.40
17.	Bannu	39.65
18.	Bhakkar	11.06
19.	Gujranwala	27.05
20.	Faisalabad	42.68
21.	Sheikhupura	10.53

22.	Okara	9.99
23.	Quetta	10.95
24.	Kasur	12.30
25.	Nankana Sahib	21.17
26.	Bahawalpur	8.11
	Total:	1701.05

The audit observed that the management did not take corrective steps to recover the outstanding rent.

Audit is of the view that non recovery of dues had deprived the Board of a legitimate share of income.

The management did not reply.

Audit recommends recovery of outstanding rent.

31.5.4 Non-recovery of arrears from defaulters of ETPB Islamabad - Rs.81.013 million

Clause 3-(i) (a) of as per Amended Scheme for the Management & Disposal of Urban Evacuee Trust Properties, 1977 provides that the tenant shall pay the monthly rent in advance by the 10 of each month and in case of annual lease, the lease money shall be paid by the 10 of the first month of the lease year. In case of default in payment by the above said due date, surcharge @ 10% shall be charged.

The ETPB rented out office space of GT Tower and ET Complex Islamabad to various Ministries/ Divisions and private companies. Rent of office building amounting to Rs. 81,012,788 was outstanding against the following defaulters/lessees of ETPB properties up to 30.06.2023:

Amount in Rupees

Sr. No.	Name of Ministry/ Govt. Department	Period		Outstanding Amount	Received Amount	Amount of Arrears
		From	To			
1	Pakistan Credit Guarantee	01.10.2014	30.06.2019	18,119,056	13,257,879	4,861,177
2	Govt. of Balochistan	15.11.2020	14.11.2023	5,840,327	1421805	4,418,522
3	Federal Board of Revenue	15.01.2021	14.01.2024	6,728,940	2,821,097	3,907,843
4	Hafiz Ahsaan Ahmed & Law Associates	19.08.2022	18.08.2025	1,001,000	0	1,001,000
5	Federal Board of Revenue	15.01.2021	14.01.2024	7,225,200	4,094,280	3,130,920

Grand Total						81,012,788

Audit observed that Evacuee Trust Property Board did not recover the outstanding rent of Rs.81,012,788 up to 30.06.2023 from above said Federal Ministries/Government Departments located at GT Tower and ET Complex Islamabad.

Audit is of the view that due to negligence of the management of Evacuee Trust Property, Lahore the Government/Board was deprived of the due share of income from properties.

The management did not reply.

Audit recommends recovery of the outstanding rent from the tenants.

31.5.5 Non-completion of geo-mapping of ETP properties

Section 4(1) of the Evacuee Trust Properties (Management and Disposal) Act, (No. XIII) 1975 states that general supervision and control of all evacuee trust shall, subject to any directions that may be given by the Federal Government, vest in the Board, and Board shall take such action as it deems fit for the proper management, maintenance, and disposal of such property in accordance with provisions of this Act and the rules, scheme or directions made or issued there under.

ETPB in its 331st Board meeting held on 30-09-2020 approved the proposal of Surveyor General of Pakistan amounting to Rs. 28 million for the geo-mapping of ET properties with completion period of 06 months. A contract agreement for execution of the project was signed on 19-10-2020 between ETPB & Survey of Pakistan.

Audit observed as under:

- i. The implementation period of the project in the contract was mentioned one year in contradiction to the time allowed by the Board of 06 months.
- ii. Despite making payment of Rs. 28 million to the Survey of Pakistan, as approved by the Board in its 340th meeting, the task could not be completed till today.
- iii. Being part of the contract, an android application was also developed to take pictures and location of the property but no progress on its implementation was on record.

Audit is of the view that (i) signing of contract agreement for a period of one year in contradiction to the directions of the Board; (ii) clearance of full payment of contract amount without completion of the task; (iii) non implementation of the Android application to attach the image and location of the property is gross negligence on part of the management.

The management did not reply.

Audit recommends that the process may be completed as per the agreement signed, especially implementation of the Android application to attach the image and location of the property.

31.5.6 Inefficiency causing increase in encroachments despite SUPARCO reports through satellite imagery

Section 4(1) of the Evacuee Trust Properties (Management and Disposal) Act, (No. XIII) 1975 states that general supervision and control of all evacuee trust shall, subject to any directions that may be given by the Federal Government, vest in the Board, and Board shall take such action as it deems fit for the proper management, maintenance, and disposal of such property in accordance with provisions of this Act and the rules, scheme or directions made or issued there under.

Clause 2(i) of Scheme of Removal of Encroachments and Demolition of unauthorized structures on the Evacuee Trust Property, 1983 provides that the Chairman, an Administrator, a Deputy Administrator or an Assistant Administrator hereinafter referred to as the unauthorized officer, may order the removal of any encroachment made on or over an Evacuee Trust Property and may also order the demolition of unauthorized structures thereon, whether temporary or permanent”.

ETPB in its 346th Board meeting approved the proposal of SUPARCO for satellite-based monitoring of ET assets on a quarterly basis for efficient management of ET Properties for Rs. 170.90 million. Accordingly, an agreement was signed with SUPARCO on 12-08-2022 for implementation of the project.

Audit observed as under:

- i. On implementation of the Satellite monitoring by SUPARCO the encroachments were reduced from 57.1466 Acres (in first quarter December 2022 to February 2023) to 7.008 Acres (in second quarter March to May 2023) i.e. reduced by 82 %.
- ii. The encroachment was again increased to 12.4817 Acres in the third quarter from June to September 2023.
- iii. Actions taken by management on the encroachments reported by SUPARCO were not forthcoming from the record.

Audit is of the view lack of action by ETPB and concerned District Administrator on the encroachment reported by satellite imagery is gross negligence on part of the management.

The management did not reply.

Audit recommends that responsibility may be fixed for non-removal of encroachments as reported by satellite imagery.

31.5.7 Non recovery of arrear of lease money from the occupants of Agriculture land - Rs. 101.481 million

Section 24 of the Evacuee Trust Property Board Act, 1975 is reproduced as under:

Any sum due to the Board in respect of any Evacuee Trust Property, which is not paid within thirty (30) days of its having become due, shall be recoverable as arrears of land revenue.

Clause 14 of Scheme for the Lease of Evacuee Trust Agriculture Land, 1975 is reproduced as under:

“The full lease money for the first year shall be payable by the lessee in advance and for subsequent years by the 31st of January every year. In case of auction the lease money shall be payable at the fall of hammer and for each subsequent year payable in advance by 31st of January”.

The management of the ETPB leased out agriculture land in different districts to different farmers for agriculture purposes. Details are as under:

(Rupees)

Sr.#	District	Arrear upto June, 2023
1.	Bahawalpur	179,584
2.	Bannu/D.I.Khan	962,012
3.	Bhakkar	1,645,637
4.	Faisalabad	4,268,221
5.	Gujranwala	8,184,724
6.	Gujrat	1,685,737
7.	Hassanabdal	12,404,073
8.	Hyderabad	325,198
9.	Jhang	8,118,021
10.	Kasur	20,371,428
11.	Multan	2,105,601
12.	Okara	2,225,649
13.	Peshawar	32,500,058
14.	Rawalpindi	4,468,241
15.	Sargodha	92,465
16.	Sialkot	1,674,849
17.	Sukkur	270,114
	Total	101,481,612

Audit observed that the management neither extended the lease period nor recovered the rent amounting to Rs.101,481,612 for the period after the expiry of the previous lease.

Audit is of the view that due to non-recovery the Trust Fund was put to loss.

The management did not reply.

Audit recommends recovery of the outstanding lease money.

31.5.8 Irregular lease of land of 234 Acres to a single lessee

Section 7 (f)&(g) of the Evacuee Trust Properties (Management & Disposal) Act 1975 provides constitution of Trust Pool including (f) all profits and income received or derived from any evacuee trust property (g) all rents, and other amounts received, realized or recoverable in respect of evacuee trust property.

Clause 3 of the Scheme for the lease of Evacuee Trust Agricultural Land, 1975 states that:

(1) the lease of the land in rural areas shall be given to the following:

i. The Cultivator.

ii. The J&K refugees/ allottee/ lessee.

(2) The proposed lessee under sub-para (1) above may be allowed to retain land upto a maximum of 12 ½ acres provided he:

i. Does not own more than 4 ½ acres of agricultural land: or

ii. Who has no tenancy right of 12 ½ acres or more anywhere.

Clause 12(5) of the Scheme for lease of Evacuee Trust Agricultural Land, 1975 states that no person can bid and take on lease rural agricultural land in excess of 12 ½ acres, urban agricultural land in excess of six acres and Banjar land in excess of economic holding with marginal adjustments.

The Chairman ETPB approved to lease agricultural land measuring 234 acres to M/s Pakistan International Agricultural Services (PIAS) (Pvt) Ltd, Lahore @ Rs. 43,000 per acre per annum.

Audit observed as under:

- i. The lease of 234 acres land was offered in violation of the Scheme for the lease of Agricultural Land, 1975.
- ii. The ETP Board approved allowing PMU to lease out the land and retain income derived therefrom in violation of the ETPB Act.

Audit is of the view that lease of 234 acres of agriculture land to a single party is violation of the Scheme 1975. Further giving control over the land to the PMU and receiving the income derived therefrom is irregular.

The management did not reply.

Audit recommends inquiry to fix the responsibility besides deposit of already received income into Trust Pool.

31.5.9 Loss due to non-recovery of rent from tenant of commercial property measuring 15 kanals 12 marla at Bela Basti Ram, Lahore – Rs. 924.551 million

Section 24 of the Evacuee Trust Properties (Management & Disposal) Act, 1975 states that any sum due to the Board in respect of any evacuee trust property which is not paid within thirty days of its having become due, shall be recoverable as an arrears of land revenue.

Evacuee Trust Property measuring 15 kanal 12 marlas 189 Sq.ft situated at Bela Basti Ram, Lahore was leased out to Mr. Amir Abdullah Khan Rokhari for period of 33 years on 26-07-1966 extendable for a further period of 99 years. The lease period was extended w.e.f. 30-07-1999 to 29-07-2032 in favour of Mst. Zeenat Amir Khan Rokhri widow of Amir Abdullah Khan Rokhari (late).

The amount of Rs. 924,551,383 was outstanding against the lessee as on 30-08-2023. The detail of arrear is

From	To	No of Months	Monthly Rent	Total Rent	Annual Increase
01.08.1999	30.06.2002	35	1,094,940	38,322,900

01.07.2018	30.06.2019	12	5,032,524	60,390,287	8 % Increased
01.07.2019	30.06.2020	12	5,435,126	65,221,510	8 % Increased
01.07.2020	30.06.2021	12	5,869,936	70,439,231	8 % Increased
01.07.2021	30.06.2022	12	6,339,531	76,074,369	8 % Increased
01.07.2022	30.06.2023	12	6,846,693	82,160,319	8 % Increased
01.07.2023	30.08.2023	2	7,394,429	14,788,857	8 % Increased
Total payable				935,951,963	
Amount paid by lessee				11,400,580	
Outstanding amount				924,551,383	

Audit observed that ETP did not recover the outstanding rent of Rs.924.551 million from the tenant.

Audit is of the view that due to non-recovery of lease money, the ETPB was deprived of its due revenue of Rs. 924.551 million.

The management did not reply.

Audit recommends that recovery of outstanding lease money may be made and verified from audit.

31.5.10 Non-recovery of monthly rent from Dr. AQ Khan Hospital Trust – Rs. 11.214 million

Section 4(1) of the Evacuee Trust Properties (Management and Disposal) Act, (No. XIII) 1975 states that general supervision and control of all evacuee trust shall, subject to any directions that may be given by the Federal Government, vest in the Board, and Board shall take such action as it deems fit for the proper management, maintenance, and disposal of such property in accordance with provisions of this Act and the rules, scheme or directions made or issued there under.

ETPB entered into an agreement with Dr. A.Q.Khan Hospital Trust and lease out land measuring 15 kanals 3 marlas for a period of 30 years with the construction period of 03 years. Rent after construction due as per agreement (50% of rate of category B of Clause 18-B) was as under:

Floor	Covered Area	Rate	Rent per month
Basement	28796	1	28796

Lower Ground Floor	28796	2.25	64791
Upper Ground Floor	30059	2.25	67632.75
First Floor	28116	1.5	42174
Second Floor	28068	1	28068
Third Floor	29835	0.5	14917.5
Mumty	4837	0.5	2418.5
Total	178507		248797.75

Monthly rent amounting to Rs. 11,214,162 was recoverable with 8% annual increase from the Hospital Trust as detailed below:

Period	Rent	Amount (Rs)
11-04-2020 to 30-06-2020	248798 x 3	746,394
01-07-2020 to 30-06-2021	268702x12	3,224,424
01-07-2021 to 30-06-2022	290,198 x 12	3,482,376
01-07-2022 to 30-06-2023	313,414 x 12	3,760,968
	Total:	11,214,162

Audit observed that the monthly rent amounting to Rs. 11,214,162 was not being recovered with an 8% annual increase from the Hospital Trust.

Audit is of the view that non-recovery of the monthly rent has deprived ETPB of its due receipt.

The management did not reply.

Audit recommends recovery of outstanding rent from the lessee.

31.5.11 Non-establishment of Pension Fund

Para 16(1) of Evacuee Trust Property Board (Pension) Regulations requires that there shall be a fund consisting of contribution made by the Board to be called the Trust Property Pension Fund out of which all pension and gratuities shall be payable to its employees.

The management of ETPB Lahore made payment on account of Pension during the financial year 2019-23 as under:

Year	Allocation Rs. million		Payment Rs. million	
	Gratuity	Pension	Gratuity	Pension
2019-20	50.030	161.168	42.991	158.995
2020-21	27.546	184.951	22.223	176.690
2021-22	30.350	194.861	29.810	194.225
2022-23	93.000	247.413	92.955	247.198
Total	200.926	788.393	187.979	777.108

Audit observed as under:

- i. The management did not create a Pension Fund to deposit the amount of monthly contribution of the employees.
- ii. The management got approved its annual budget for pension from the ministry and made payments there against.
- iii. The controlling Ministry and FA Organization did not pinpoint the irregularity since the approval of Pension Rules in 1979 up to 2023.

Audit is of the view that the payment of pension through budget allocation was a violation of the approved Pension Rules.

The management did not reply.

Audit recommends creation of Pension Fund by calculating the monthly contribution from 1979 to 2023 and deducting the yearly amount of pension paid. Further payment should be made from the Pension Fund.

CHAPTER 32

MINISTRY OF SCIENCE AND TECHNOLOGY

32.1 Introduction

As per Schedule II [Rule 3 (3)] Distribution of Business among the Divisions read with Schedule III [rule-4(4)] Rules of Business 1973 (As amended up to 23rd April, 2019) following main business have been assigned to the Division amongst the other functions.

10. Establishment of science cities.
11. Establishment of institutes and laboratories for research and development in the scientific and technological fields.
12. Establishment of science universities as specifically assigned by the Federal Government.
13. Planning, coordination, promotion and development of science and technology monitoring and evaluation of research and development works, including scrutiny of development projects and coordination of development programs in this field.
14. Promotion of applied research and utilization of results of research in the scientific and technological fields carried out at home and abroad.
15. Guidance to the research institutions in the Federation as well as the provinces in the fields of applied scientific and technological research.

16. Coordination of utilization of manpower for scientific and technological research.
17. Promotion and development of industrial technology.
18. Promotion of scientific and technological contacts and liaison nationally and internationally, including dealings and agreements with other countries and international organizations.
19. Initiate promotional measures for establishment of venture capital companies for technological development and growth.
20. Support to NGOs concerned with development of science and technology.
21. Promotion of metrology Standards, Testing and Quality Assurance System.

4	Foreign Aided Project (FAP)	-	-	-	-

32.2 Comments on Budget & Accounts (Variance Analysis)

Final budget allocated to the Science and Technology Division for the financial year 2022-23 was Rs. 14,820.30 million, out of which the Division expended an amount of Rs. 14801.85 million. Grant-wise detail of current and development expenditure is as under:

(Rs. In million)

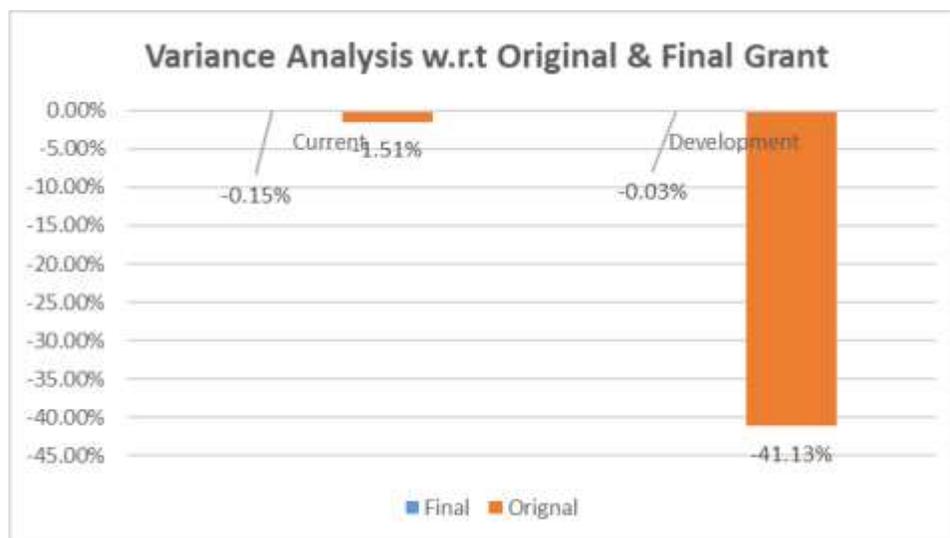

Grant No	Type of Grant	Original Grant	Suppl Grant	Surrender (-)	Final Grant	Actual Expenditure	Excess/ (Saving)	% age Excess/ (Saving)
87	Current	11,611.63	.00	-157.78	11,453.84	11,436.55	-17.29	-0.15%
120	Development	5,716.39	.00	-2,349.93	3,366.46	3,365.31	-1.15	-0.03%
	Total	17,328.02	.00	-2,507.72	14,820.30	14,801.85	-18.45	-0.12%

Audit noted that there was an overall savings of Rs.65.38 million, which was mainly due to saving in current grant.

Supplementary Grants obtained without careful cash forecasting

According to Para 71 of General Financial Rules (Volume I), while framing budget estimates, the authorities should exercise utmost foresight. Rules of good governance demand that budget processes are carried out in accordance with clearly defined expectations and assumptions and a coordinated calendar of activity.

As shown in the chart below, bifurcating total allocation into current and development expenditure, it was observed that, in case of development grant, there was 41.13% of saving w.r.t original grant which was finally reduced to 0.03% w.r.t final grant and in case of current grant 1.51% saving was finally reduced to 0.15%.

32.3 Classified Summary of Audit Observations

Audit observations, amounting to Rs. 8,271.657 million, were raised in this report during the current audit of **Ministry Of Science And Technology**. Summary of the audit observations classified by nature is as under:

(Rupees in million)

32.5 AUDIT PARAS

Ministry of Science and Technology

32.5.1 Recovery on account of outstanding utility charges from government departments – Rs 20.989 million

Para 3(j) of the standard lease agreement states that the tenant shall pay all utility bills on account of electricity, Gas, telephone and internet charges to the respective agencies consumed within the premises as per their independent meter reading.

The MoST Complex houses five (5) organizations, including PNAC, PHA, ECO-SF & M/o PD&SI, and CPEC at the Ground, 1st and 5th Floors on rental basis. The Ministry of Science & Technology being owner of the building, paid an amount of Rs 21.424 million on account of electricity & gas charges during 2021-22. The management of MoST provided a list of outstanding utility charges against its occupants/tenants as detailed below:

Sr	Department	Electricity Charges		Gas Charges		Grand Total
		2021-22	Accumulated Dues	2021-22	Accumulated Dues	
1	M/o PD&SI	5,423,161	12,355,568	1,160,869	447,343	12,802,911
2	ECO-SF	774,750	2,365,284	165,839	638,906	3,004,190
3	PNAC	1,554,007	2,626,584	663,353	2,555,624	5,182,208

	Total	7,751,918	17,347,436	1,990,061	3,641,873	20,989,309
--	--------------	------------------	-------------------	------------------	------------------	-------------------

The audit observed that the management of MoST was continuously paying electricity charges for the whole building and failed to recover outstanding share amounting to Rs 17.347 against its tenants.

Audit is of the view that expenditure on accounts of electricity charges on behalf of other departments was unauthorized.

The management did not reply.

Audit recommends recovery of outstanding dues besides discontinuation of irregular practice.

32.5.2 Illegal occupation and recovery of outstanding rent from tenant – Rs 71.152 million

Para 2 of the lease agreement between Ministry of Science & Technology and M/o Planning and Development dated July, 2016 states that the ministry will charge monthly rent @Rs 20/ sq.ft (Rs25 with HVAC) for allocated 30,739.6 sq/ft totaling Rs 768,490 per month with annual increase of 10%.

The management of the Ministry of Science & Technology allocated space of its building (i.e. MoST Complex) to M/o Planning and Development at monthly rent of Rs 768,490. Detail of total outstanding rent was as under:

Sr	Period	Monthly rent @10% yearly increase	Yearly Rent
1	01.08.2016 to 31.07.2017	768,490	9,221,880
2	01.08.2017 to 31.07.2018	845,339	10,144,068
3	01.08.2018 to 31.07.2019	929,873	11,158,475
4	01.08.2019 to 31.07.2020	1,022,860	12,274,322
5	01.08.2020 to 31.07.2021	1,125,146	13,501,755
6	01.08.2021 to 31.07.2022	1,237,661	14,851,930
	Total		71,152,430

Audit observed as under:

- i. The Ministry of Science and Technology did not recover the outstanding rent of Rs.71.152 million from Ministry of Planning and Development.

- ii. The lease agreement expired on 31.07.2019 and revised lease agreement was not executed by the Ministry.

Audit is of the view that non-recovery of rent was a lapse on the part of management.

Further, further is of the view that the building was illegally occupied by M/o P&D without lease agreement.

The management failed to reply.

Audit recommends recovery of the outstanding rent.

Pakistan Standards and Quality Control Authority Karachi

32.5.3 Un-authorized withdrawal/transfer of funds from main revenue account of PSQCA for investment - Rs. 1,000 million

Finance Division's vide O.M. No. F.4(1) NTR/2002-666/2022 dated 18.05.2022 withdrawn instruction/policy issued by Finance Division vide OM No.F.4(1)/2002- BR-II dated 02.07.2003, 06.09.2004, 22.09.2005 and 23.12.2014 regarding deposit of working balance and investment of surplus funds belonging to public sector entities and local/autonomous bodies under federal Government and promulgated Public Finance Management Act 2019.

Section 23(2) of Public Finance Management Act 2019 states that "no authority shall transfer public moneys for investment or deposit from government account including assignment account to other bank account without prior approval from the Federal Government". As per section 45 of the above act, it has overriding effect over all other laws and any law inconsistent with this act.

The management of PSQCA withdrawn/transferred funds amounting to Rs.1000 million from Main Revenue Account (No.3117136418) of PSQCA maintained at NBP Sindh High Building Branch Karachi vide transaction dated.30.12.2022 for investment in TDR (Term Deposit Receipt) of same branch @14.60% interest with 6 months maturity period. The detail is given below:

Sr#	Nature of Investment	Name of Bank/Branch	Duration	Rate of Interest	(Rs in million)	
					Amount invested	Profit

Audit observed that:

1	TDR	NBP, High Court Building branch Karachi	31.12.2022 to 30.06.2023	14.60%	1000	66.421
---	-----	---	-----------------------------	--------	------	--------

- i. The amount was withdrawn from departmental receipts and invested without the approval of Finance Division as required in absence of approved financial rules.
- ii. There was no approval of Director General, Board of Directors, Investment Committee and Ministry concerned for withdrawal of such huge amount from main revenue account of PSQCA.
- iii. Copy of TDR was not available in record.

Audit is of the view that withdrawal of funds from departmental receipts for investment without approval of Board of Directors, Ministry of Science & Technology and Finance Division was unauthorized.

The management stated that PSQCA is an autonomous body established under PSQCA Act 1996. It meets all expenditure from its own earnings as not part of federal consolidated fund or public account. As per PSQCA Act 1996, The general direction and administration vests in Board of Directors which can delegate powers to Director General or a member. Accordingly, Board authorized the Director General to utilize earnings and invest funds. The department provided a copy of TDR.

The reply of the management was not accepted as financial rules of authority have not been approved and notified with the concurrence of Finance Division as such relevant rules of the Government are applicable on the Authority. Furthermore, they did not provide approval of the Board of Directors, Director General and Ministry concerned for investment of funds.

The DAC meeting was held on 25.10.2023 and directed that Special Study on PSQCA investment be carried out, draft financial rules be finalized and till the finalization of the rules instructions of the Finance Division be followed.

Audit recommends that decision of the DAC may be implemented.

32.5.4 Unauthorized Re-Investment of funds- Rs.4,183.421 million

Finance Division's vide O.M. No. F.4(1) NTR/2002-666/2022 dated 18.05.2022 withdrawn instruction/policy issued by Finance Division vide OM No.F.4(1)/2002- BR-II dated 02.07.2003, 06.09.2004, 22.09.2005 and 23.12.2014 regarding deposit of working balance and investment of surplus funds belonging to public sector entities and local/autonomous bodies under federal Government and promulgated Public Finance Management Act 2019.

Section 23(2) of Public Finance Management Act 2019 states that “no authority shall transfer public moneys for investment or deposit from government account including assignment account to other bank account without prior approval from the Federal Government”. As per section 45 of the above act, it has overriding effect over all other laws and any law inconsistent with this act.

The management of Pakistan Standards and Quality Control Authority (PSQCA), Karachi re-invested funds amounting to Rs.4,183,421,832 after maturity during financial year 2022-23 @14.60% for a period of six months upto June 2023 in TDRs of different branches of National Bank of Pakistan, Karachi.

Audit observed that:

- i. The amount was re-invested after maturity despite clear instructions of the Finance Division.
- ii. The approval for investment was accorded by Director General PSQCA without seeking approval of Ministry concerned and Board of Directors as he was working on look after charge basis, accordingly he had no authority to exercise administrative and financial powers.

Audit is of the view that continuation of investments was in violation of instructions of the Finance Division and approval thereof accorded by Director General was unauthorized.

The management stated that PSQCA is an autonomous body established under PSQCA Act 1996. It meets all expenditure from its own earnings as not part of federal consolidated fund or public account. As per PSQCA Act 1996, The general direction and administration vests in Board of Directors which can delegate powers to Director General or a member. Accordingly, Board authorized the Director General to utilize earnings and invest funds. The funds available in different Banks were invested in National bank of Pakistan to secure the amount and receive best interest rate.

The reply of the management was not accepted as financial rules of authority have not been approved and notified with the concurrence of Finance Division as such relevant rules of the Government are applicable on the Authority. Furthermore, they did not provide approval of Board of Directors and Ministry concerned for investment of funds.

The DAC meeting was held on 25.10.2023 and directed that Special Study on PSQCA investment be carried out, draft financial rules be finalized and till the finalization of the rules instructions of the Finance Division be followed.

Audit recommends that an inquiry may be conducted to fix the responsibility for unauthorized re-investment of funds.

32.5.5 Non-production of record of investments - Rs.711.702 million

Para 14 of the Auditor-General Functions and Powers Ordinance 2001, states that Auditor-General have authority to require that any accounts, books, papers and other documents which deal with, or form, the basis of or otherwise relevant to the transactions to which his duties in respect of audit extend, shall be sent to such place as he may direct for his inspection; and to enquire or make such observations as he may consider necessary, and to call for such information as he may require for the purpose of the audit. The officer in-charge of any office or department shall afford all facilities and provide record for audit inspection and comply with requests for information in as complete a form as possible and with all reasonable expedition.

Audit requested the management to provide a record of following investments vide audit requisition memo no.03 dated.08.08.2023, but the same was not provided till the close of audit.

S.No	Certificate No.	Placed at	Amount invested (Rs.)
1	Defence Saving Certificate Registration No. 0039133	TSC	5,000,000
2	Special Saving Certificate Registration No. 0082162	TSC	15,612,000
3	Term Deposit Receipts Registration No. 771032	Head Office	100,000,000
4	Term Deposit Receipts Registration No. 771074	Head Office	75,000,000
5	Term Deposit Receipts Registration No. 771075	Head Office	500,000,000
6	Special Saving Certificate Registration No. 85336	Head Office	6,657,000
7	Special Saving Certificate Registration No. 85337	Head Office	9,433,000
Total			711,702,000

Audit is of the view that due to non-production of record; the audit could not verify authenticity of investment amounting to Rs.711.702 million.

The management stated that due to the unavailability of Director (Finance) during audit, record was not provided to audit as all record was in his custody. However, the same is ready for verification.

The department has accepted its irregularity that they did not provide record during audit. Further, they did not provide copies of all certificates regarding amounts as pointed out by the audit.

The DAC meeting was held on 25.10.2023 and directed that Special Study on PSQCA investment be carried out, draft financial rules be finalized and till the finalization of the rules instructions of the Finance Division be followed.

Audit recommends that decision of the DAC may be implemented.

32.5.6 Doubtful Conformity Assessment Report (CAR) certificates issued by Import/Export Section to importers without receipt of Lab report from QCC section – Rs. 1185.786 million

The detailed procedure for issuance of Conformity Assessment Report (CAR) certificate by PSQCA Import/Export Section after getting sample from Port, Airports, Dry port, for testing is that, Sealed samples provided by customers along with testing fees are segregated, tagged and sent to Director QCC, who sends these samples to the laboratory for testing, after testing within stipulated time and getting approval of Director, the reports are then issued by QCC section, on the basis of which CARs are issued to importers for clearance of individual import consignment of mandatory products at port of entry.

The management of PSQCA-Import/Export Section earned revenue of Rs. 1185.786 million during the financial year 2022-23. Progress report is as under:

Period	No. of cases proceeded	No. of samples sent to Lab	Number of CARs Issued	Pending CARs
July 2022 to June 2023	19,357	19,431	15,760	3,597

Audit observed that:

- i. 15,760, CAR Certificates were issued to importers by the Import section without receipt of their lab test report from QCC section.
- ii. Acknowledgement of lab test report by client were not shown to audit.
- iii. Hard copy of reports issued were not produced for the audit.
- iv. Copy of Pay Orders/Invoices received from clients were not produced to audit.

Audit is of the view that without completion of procedures and receipt of reports from QCC labs, the CAR certificates issued to importers were doubtful.

DAC meeting was held on 25.10.2023 and directed that PSQCA prepare a plan to fully automate import/export section. It shall also integrate it with Pakistan Single Window & WeBOC and present it to BOD for approval within three month's time.

Audit recommends that decision of the DAC may be implemented.

32.5.7 Non-Recovery of marking fee against Lucky Cement Limited - Rs.743.520 million

In terms of Para-26 of GFR Vol-1, "subject to any special arrangement, that may be authorized by competent authority with respect to any particular class of receipts, it is the duty of departmental controlling officer to see that sums due to Government are regularly and promptly assessed, realized and duly credited in the public account".

Further Para 28 of GFR Vol-1, "No amount due to Government should be left outstanding without sufficient reason, and where any dues appear to be irrecoverable the orders of competent authority for their adjustment must be sought".

The management of the Pakistan Standards and Quality Control Authority, Karachi was in receipt of marking fee @0.1% on ex-factory price (non-food articles) in the light of notification of Government of Pakistan, Ministry of Science & Technology Islamabad SRO No. 29 (KE) 2008 dated 27th February 2008.

The audit observed that an amount of Rs. 743,520,240/- was outstanding against M/s. Lucky Cement Limited on account of marking fee.

Name of Firm	Due Period	Amount
Lucky Cement Limited	July 2008 to March 2023	743,520,249

Audit is of the view that non recovery / realization of amount from M/s Lucky Cement Ltd reflects inefficiency on the part of management which resulted in loss to the public exchequer.

The DAC meeting was held on 25.10.2023 and directed to pend the para due to court case.

Audit recommends that outstanding amount on account of marking fee may be recovered and deposited into PSQCA account under intimation to Audit.

32.5.8 Non-recovery of outstanding Profit Rs.16.672 million relating to financial year 2020-21 and loss of interest due to its non-re-investment Rs 2.069 million

Para 26 of GFR Vol-I provides that, subject to any special arrangement that may be authorized by competent authority with respect to any particular class of receipts, it is the duty of the departmental controlling officers to see that all sums due to Government are regularly and promptly assessed, realized and duly credited in the public account.

The management of PSQCA HQ, Karachi did not recover outstanding profit relating to financial years 2020-21 up to close of financial year 2022-23. The amount pointed out in previous audit report for the financial year 2020-21 is as under:

Sr#	Name of Bank and Branch	Investment	Period & rate (6 months)	Profit Not realized	Loss of Profit (after 15% tax) @14.60% (2022-23)	(Rs.)
1	NBP High Court Branch	727,256,006	From 30.12.2020 to 30.06.2021 @6.55%	16,672,344	2,069,038	

Audit observed that:

- i. The management have not recovered outstanding profit on investment in TDR from National Bank of Pakistan till date despite lapse of two years.
- ii. Had the profit of Rs.16.672 million been realized in time the same could have been re-invested during financial year 2022-23 at @ 14.60 rate of interest and an amount of Rs.2,069,038 could have been earned.

Audit is of the view that non-recovery of profit till date is serious lapse on the part of management which caused loss to PSQCA on both ends of profit realization and interest thereof.

The management stated that firstly bank credited an amount Rs.1,497,809/- dated.30.06.2021 later an amount of Rs.12,309,148.72 was credited on dated.09.02.2022. After that an amount of Rs.6,381,958.51 was credited. The bank has credited gross profit of Rs.42,546,390.05 in the bank account 03 times on which 15% tax was not deducted at that time in different dates the evidence is attached.

The reply of the management was not convincing as they did not provide a statement showing investment and profit duly reconciled with the amount credited by bank as it did not reconcile with the amount as pointed out by audit.

The DAC meeting was held on 25.10.2023 and directed that Special Study on PSQCA investment be carried out, draft financial rules be finalized and till the finalization of the rules instructions of the Finance Division be followed.

Audit recommends that decision of the DAC may be implemented.

32.5.9 Non-utilization of Project allocated Budget Rs.36.676 million during financial year 2022-23 due to non-completion/termination of Project & non-production of record of Project Costing Rs. 65 million

Para 8.8 of Guidelines of Project Management provides that last but not the least is the role of a Project Director in completing the project without time and cost overrun among all the stakeholders of a development project or program, role of the project Director or Manager will be pivotal in the successful implementation of RBM.

The management of PSQCA did not provide complete record of project costing 65 million despite several verbal and written requests, the documents as provided by PSQCA i.e. Revised PC-I, Budget Order/NIS (2022-23), Surrenders, Reconciliation (2022-23) and Letter to Contractor revealed that:

Pakistan Standards and Quality Control Authority, Karachi planned a project titled “External Development of PSQCA Building Complex, Gulistan-e-Johar, Karachi”. For this purpose, a PC-I was approved by the Development Working Party in its meeting held on 04.04.2016 at a cost of Rs.56.00 million which was revised to 65 million through revised PC-I. Accordingly, the administrative approval and sanction was accorded by Ministry of Science & Technology letter No.10(47)/2016-DAE(P&D) dated.20.09.2021 with condition that “ PSQCA to complete the project within extended period of implementation i.e. 30th June 2022 without any change in its scope.”

The management of PSQCA terminated the project with instruction to demobilize the site vide office letter No. PSQCA/EX.D/2022 (45) dated.28.12.2022 , addressed to Contractor Mr. Muhammad Saleem Mirza, Saleem & Company. The ministry allocated the budget of Project Rs.36.677 million through Cost Centre-KA-3069 during financial year 2022-23.

Audit observed that:

- i. The budget was surrendered to the Ministry concerned on 04.05.2023 without utilization owing to non-execution of work resulting from dispute raised by contractor.
- ii. The contract was executed departmentally through private contractor instead of PWD.

Furthermore, relevant record was not provided to audit to verify the amount released to contractor based on work progress/measurement book, Performance guarantee obtained, Progress of Project as per PC-I and liquidation damages imposed (if any) due to delay in project etc.

Audit is of the view that non-utilization of budget due to non-completion/termination of project resulted in wastage of time and cost besides non-production of record thereof was a serious lapse on the part of management.

The management replied that the work was approved through PSDP and was sponsored by the MoST. As per approved PC-I, allocation to the tune of Rs. 65 million was made with the completion timeline up to 30.06.2022.

DAC meeting was held on 25.10.2023 and directed that a fact-finding inquiry be conducted and fix responsibility for failure of the project.

Audit recommends that decision of the DAC may be implemented.

32.5.10 Irregular payment of incentive share to employees – Rs. 245.575 million

As per Para 25 of GFR Vol-I all departmental regulations in so far as they embody orders or instructions of a financial character or have important financial bearing should be made by or with the approval of the Ministry of Finance.

Section 33 of PSQCA Act 1996 states that the Authority shall, in respect of each financial year, submit for approval of the Federal Government, on such date as may be prescribed, a statement of the estimated receipts and expenditure, including requirements of foreign exchange for the next financial year.

The management of Pakistan Standards and Quality Control Authority (PSQCA), Karachi paid Rs. 245,575,077 as incentive share to employees @ 10% of revenue earned during the year 2022-23.

Audit observed that the payment of incentive share to PSQCA employees was made without prior approval of the Finance Division.

The management stated that PSQCA was established through Act by merger of three departments including Central Testing Laboratory (CTL). The CTL was already paying 40% share of testing fees to employees of CTL with the concurrence of Finance Division vide letter No.1022-R-/83 datd.04.01.1984. Subsequently, PSQCA allowed 10% incentives to all employees without discrimination with the approval of BoD w.e.f 15.06.2012. As a similar para was already pointed out in previous audit report in pursuance of which PAC was held which directed PSQCA to get its financial rules approved within six months.

The reply of the management was not accepted. The PSQCA have not got approved its financial rules till date. Thus, grant of 10% share as incentive share to all employees by PSQCA was unauthorized.

The DAC meeting was held on 25.10.2023 and directed that Special Study on PSQCA investment be carried out, draft financial rules be finalized and till the finalization of the rules instructions of the Finance Division be followed.

Audit recommends that decision of the DAC may be implemented.

National Institute of Oceanography (NIO) Karachi

32.5.11 Non-reinvestment of surplus funds - Rs. 59.269 million

According to Finance Division O.M. No. F.4(1)/2002-BR-11 dated 02.07.2003, investment of working balances/surplus funds be made subject to fulfillment of various requirements such as investment in A rating banks, competitive bidding process, investment exceeding Rs.10 million shall not be kept in one bank, setting up of in-house professional treasury management functions, formation of Investment Committee, employment of qualified investment management staff, utilization of services of Professional Fund Managers approved by SECP, annual certificate of the Chief Executive of the organization, etc.

The management of National Institute of Oceanography (NIO), Karachi is maintaining a Bank Account No. 40042172 in National Bank of Pakistan Clifton Branch for depositing the subscription of G.P. Fund deducted from the salaries of employees under title “NIO employees’ Pension & Gratuity” with National Bank of Pakistan shows balance of Rs. 54.918 million as on 30th June, 2023.

Audit observed that the management has invested in National Savings as detail given below:

Year	Investment in	Invested Amount	Profit earned	Date of maturity	Amount encashed after income tax
2009-10	Defence Savings Certificate	12,920,000	27,778,000	02.09.2021	40,698,000
2016-17	Special savings certificate	16,000,000	3,024,800	29.11.2021	18,571,080

Total Rs 59,269,080

The management encashed the amount of Rs.59.269 million after maturity and deposited the same into above G.P. Fund account and did not re-invest the surplus funds in profitable ventures as per government instructions.

Audit is of the view that non-investment of surplus funds deprived the NIO from its due profit/receipts, which could have improved the financial health of the organization.

The management did not submit the reply within the given time frame and till finalization of the report.

Audit recommends that responsibility should be fixed to the person(s) for non-re-investment of surplus fund, which deprived the government of its due profit / receipt.

32.5.12 Irregular expenditure on purchase of wave tide and current recorder-Rs.5.098 million

Rule 12 (2) of Public Procurement Rules, 2004 states that all procurement opportunities over three million rupees should be advertised on the Authority's website as well as in other print media or newspapers having wide circulation. The advertisement in the newspapers shall principally appear in at least two national dailies, one in English and the other in Urdu.

Rule 38 of Public Procurement Rules, 2004 states that the bidder with the lowest evaluated bid, if not in conflict with any other law, rules, regulations or policy of the Federal Government, shall be awarded the procurement contract, within the original or extended period of validity.

As per tender documents clause 14.5 all pages of the tender shall be initialized and an official seal be affixed by the person or persons signing the tender.

Clause No.20.2 of tender documents states that withing 7 days from the date of furnishing of acceptable Performance Security under the condition of contract, the NIO will send the successful tenderer the Form of Contract Agreement provided in the tender documents, incorporating all agreement between the parties.

The management of National Institute of Oceanography (NIO), Karachi executed a project titled "Assessment of Tidal Energy Potential along Indus Deltaic Creeks, Sindh Coast". The

project was approved by the DDWP on 02.04.2020 with total cost of Rs.35 million and completed on 30.06.2022

The management of NIO, Karachi awarded contract to M/s.East West Infiniti Pvt. Ltd. and issued supply order on 17.12.2021 for procurement of Wave Tide and Current Recorder costing Rs.5,098,689 during the year 2021-22.

Audit observed the following:

- i. The tender was advertised on PPRA website but was not advertised in newspaper.
- ii. Two firms participated and quoted their rates as (i)M/s. East West Infiniti Pvt. Ltd. Rs.5,098,689/- and M/s. Irtisaal Enterprises Rs.4,082,287/- but the management ignored the lowest bidder without recording any reason and the contract was awarded to highest bidder M/s. East West Infiniti Pvt. Ltd, which resulted in loss of Rs.1,016,402/- to public exchequer.
- iii. Tender documents not stamped nor signed by the bidder.
- iv. No Contract Agreement was signed with the bidder and NIO.
- v. Income tax Rs.229,441 was not deducted from the bill of supplier nor obtained any exemption certificate.

In view of the above, the entire expenditure is held irregular.

The management has not submitted a reply within given time frame and till finalization of the report.

Audit recommends that expenditure may be regularized from the Finance Division besides fixing of responsibility to the person(s) at fault.

Pakistan Council of Renewable Energy Technologies

32.5.13 Inordinate Delay in Completion of Repair/ Maintenance Works of Building by Pak.PWD-Rs. 6.700 million

Rule-12 of GFR Vol-I states that “a controlling officer must see not only that the total expenditure is kept within the limits of the authorized appropriation but also that the funds allotted to spending units are expended in the public interest and upon objects for which the money was provided”.

Pakistan Council of Renewable Energy Technologies, Islamabad released an amount of Rs. 6,700,000/- (in advance) to Pak.PWD Islamabad vide sanction No.PCRET:4(2)/Admn/2005 dated 09.06.2022 and AGPR Islamabad Special Seal Authority No.A-I/AUTH/S&T/D-82/IB-

3367/2021-22/79 dated 20.06.2022 for repair/maintenance of PCRET Office building against receipt of estimates from Pak PWD as under:

S.No.	Item of work	Estimate (Rs.)
1.	Civil	5,233,695
2.	Electrification	1,466,446
Total Rs.		6,700,141

The PCRET vide letter No. PCRET 4(2)/ Admn/2005 dated 28.10.2022 pointed out non-completion of the civil and electrical work done by Pak.PWD.

Audit observed as under:

- i. Despite receipt of advance payment of Rs.6.700 million the Pak.PWD did not complete the civil and electrical works till June, 2023.
- ii. Adjustment accounts have not been received from the Pak.PWD. Therefore, the advance payment of Rs.6.700 million remained unadjusted till June, 2023.

Audit is of the view that non completion of civil and electrical works and non-incurring of advanced amount of Rs. 6.700 million by Pak PWD on the said works is violation of rules.

The management replied that:

- i. The equipment under the extension of MoU Agreement (signed in 2020) between PCRET and NRIRE-HRC arrived in the year 2021. Its installations are to be carried out by the Chinese engineers but due to the COVID-19, they have not visited Pakistan for the said purpose. PCRET is in contact with the Chinese side and the installation will be done in due course of time.
- ii. Only one objective – the upgradation of existing hybrid lab – is delayed due to unavailability of Chinese engineers in Pakistan.
- iii. The useful life of the equipment and other relevant documents such as stock inventories and invoices will be shared with audit as and when required.
- iv. Physical verification of the equipment will be carried out as and when required.

The reply is not cogent. Despite pointing out deficiencies by PCRET, the Pak.PWD neither removed deficiencies nor completed the works till May, 2023.

Audit recommends taking up the matter again with the Pak.PWD for early completion of the works.

CHAPTER 33

PAKISTAN AGRICULTURE RESEARCH COUNCIL (PARC)

33.1 Introduction

Pakistan Agricultural Research Council (PARC) is the apex national organization working in close collaboration with other federal and provincial institutions in the country to provide science-based solutions to agriculture of Pakistan through its statutory functions.

The overall decision-making body of PARC is its Board of Governors (BOG), responsible for the control, direction, and superintendence of the affairs of PARC. The Board is assisted in its operation by a number of Committees. The Federal Minister for National Food Security & Research is the President of the Board:

Sr. No.	Description	Total No.	Audited	Expenditure Audited (FY-2022-23) Rs. in million	Revenue / Receipt Audited (FY-2022-23) Rs. in million
1	Formations	1	2	1,299.798	-
2	Assignment Accounts (Excluding FAP)	-	-	-	-
3	Authorities / Autonomous Bodies etc. under the PAO	-	-	-	-
4	Foreign Aided Project (FAP)	-	-	-	-

33.2 Comments on Budget & Accounts (Variance Analysis)

The final budget allocated to the PARC for the financial year 2022-23 was Rs. 5,351.54 million out of which the PARC utilized Rs.5,351.13 million. The details are as under:

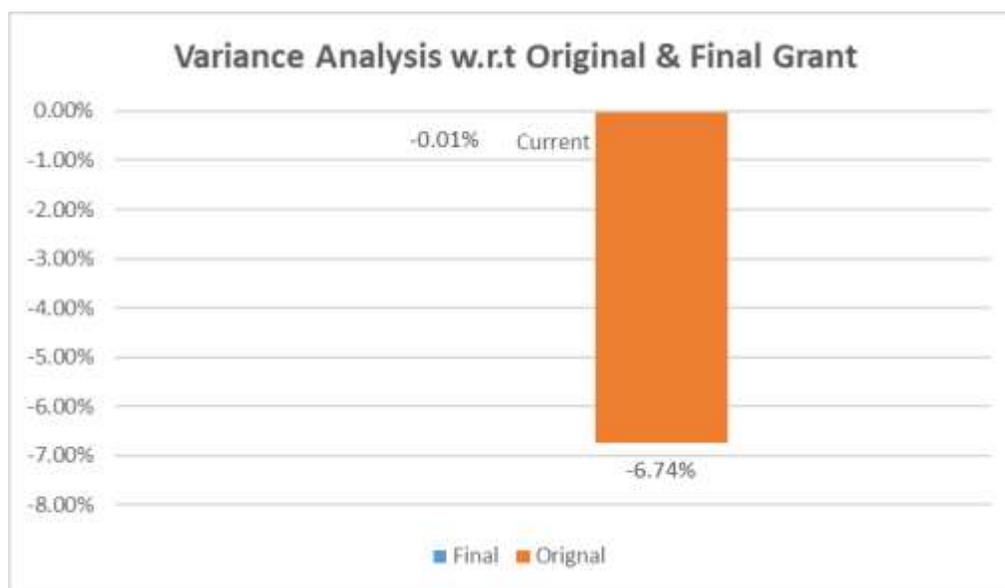

(Rupees in million)

Grant No	Type of Grant	Original Grant	Surrender (-)	Final Grant	Actual Expenditure	Excess/ (Saving)	% age Excess/ (Saving)
75	Current	5,737.81	-386.27	5,351.54	5,351.13	-0.41	-0.01%

Supplementary Grants obtained without careful cash forecasting

According to Para 71 of General Financial Rules (Volume I), while framing budget estimates, the authorities should exercise utmost foresight. Rules of good governance demand that budget processes are carried out in accordance with clearly defined expectations and assumptions and a coordinated calendar of activity.

As shown in the chart below, it was observed that, in case of current expenditure, there was 6.74% of saving w.r.t original grant which was finally reduced to 0.01% w.r.t final grant.

33.3 Classified Summary of Audit Observations

Audit observations, amounting to Rs. 19.437 million, were raised in this report during the current audit of PARC. Summary of the audit observations classified by nature is as under:

(Rupees in million)

S. No	Classification	Amount
1	Non-production of record	
2	Reported cases of fraud, embezzlement and Misappropriation	
3	Irregularities

33.5 AUDIT PARAS

Pakistan Agricultural Research Council (PARC)

33.5.1 Irregular appointments in excess of advertised posts and non-observing of provincial / regional quota

Establishment Division D.O. No. 10(1)/91-CP-1 dated 01.01.1992 states that regional/provincial quotas have been made applicable in Autonomous Bodies/corporations as being observed in the Federal Services.

The management of Pakistan Agricultural Research Council (PARC), Islamabad advertised different One Hundred and Sixty Four (164) posts and appointed Three Hundred and Thirty Two (332) Officers/Officials during the FY 2022-23, as per following details:

S.	Advertisement date	Post / SPS	No. of Posts Advertised	No. of Persons Appointed	Excess
1	03.04.2022	Scientific Officer (SPS-08)	81	148	67
		Asstt. Scientific Officer (SPS-07)	12	51	39
Sub-Total			93	199	106
2	17.08.2022	Deputy Director HR (SPS-09)	1	1	0
		Asstt. Director (SPS-07)	2	4	2
		Network Administrator (SPS-08)	1	1	0
		PRO (SPS-08)	1	1	0
		Asstt. Admn Officer (SPS-07)	2	7	5
		Asstt. Computer Programmer (SPS-07)	2	6	4
		Asstt. Protocol Officer (SPS-07)	1	3	2
		Asstt. Security Officer (SPS-07)	1	1	0
		Asstt. Store Officer (SPS-07)	3	7	4
		Senior Auditor (SPS-07)	2	3	1
		DEO (SPS-05)	4	6	2
		Draughtsman (SPS-05)	1	2	1
		Sub-Engineer Civil (SPS-05)	5	11	6
UDC (SPS-05)	3	12	9		
Lab Tech-I (SPS-04)	5	5	0		

		LDC (SPS-04)	2	17	15
		Scientific Assistant (SPS-04)	12	13	1
Sub-Total			48	100	52
3	01.03.2023	Scientific Officer (SPS-08)	2	2	0
		Asstt. Scientific Officer (SPS-07)	3	4	1
		Store Keeper (SPS-05)	1	1	0
Sub-Total			6	7	1
4	20.10.2022	Asstt. Store Officer (SPS-07)	1	2	1
		Assistant (SPS-07)	2	4	2
		Steno Typist (SPS-06)	1	2	1
		Tube Well Operator (SPS-01)	2	3	1
		Naib Qasid (SPS-01)	4	5	1
		Technician (SPS-01)	2	2	0
Sub-Total			15	24	9
5	18.02.2023	Asstt. Executive Engineer (SPS-08)	1	1	0
		Information Officer (SPS-08)	1	1	0
Sub-Total			2	2	0
GRAND TOTAL			164	332	168

Audit observed that:

- i. Against the advertised 164 posts, appointments on various 332 posts were made, resulting in excess appointments made in excess of the posts advertised.
- ii. Provincial / regional quota was not observed.
- iii. Some posts were re-designated during the process of appointments.

Audit is of the view that appointments made in excess of advertised posts and without observing provincial/regional quota were irregular and unauthorized.

The management did not reply till finalization of the report.

Audit recommends holding of fact-finding inquiry to probe the matter.

National Agricultural Research Council

33.5.2 Non-collection of rent from PATCO on account PARC Display Shop and Water Filtration Plant - Rs. 5.976 million

Scenario VII(ii) of profit sharing in percentage states that PARC will receive 10% share of PATCO owned commercial projects.

Sr. 1 of Ministry Housing and Works letter states that the rates for hiring of office accommodation have been revised w.e.f. 17.03.2017 for other areas in Islamabad is Rs. 60 per sft.

The management of NARC allocated land to PATCO for business operations in NARC premises as per following detail:

- i. 700 sq. ft. land since 2015 for establishment of a shop with name as “NARC Display Centre”.
- ii. 1000 sq. ft. land since 2022 for establishment of water filtration plant with the name of “Aqua PARC”.

Audit observed that:

- i. Despite PATCO generating revenue from Display Centre by utilizing NARC land resources, the NARC management did not receive rent from PATCO since inception i.e. 2015 amounting to Rs. 4,536,000 [700 sq. ft. x Rs. 60 x 108 months].
- ii. Furthermore, NARC did not receive rental income from PATCO on account of utilization of NARC land resources allocated for filtration plant since 2021 amounting to Rs. 1,440,000 (1000 sq. ft. x Rs. 60 x 24 months).

Audit is of the view that non-receipt of rent from PATCO despite utilization of NARC land resources is negligence on part NARC management.

The management replied that PATCO pays the profit share of all the activities to institutes/centers where they are involved directly or indirectly depending upon scenario. Furthermore, PATCO also pays the utility and other bills to the centers as per actual usage whereas profit share paid, other than utilities and materials, against the land and other resources allocation for the required activity. As PATCO is already paying its all liabilities to the PARC and its centers, there is no financial loss to the government. In addition, Aqua PARC activity was started in the FY 2021-22 and it was the first year of the business activity and PATCO did not made any profit in the first and second year of the activity due to not only cost escalation of the material, labor, and overheads for last two year but also incurring extra cost for marketing, promotion, transportation, selling, admin and general expenses. Furthermore, PATCO is expecting profit in the current year 2022-23 in Aqua PARC activity and will certainly pay the due profit share to PARC after settlement of previous year’s loss.

Reply was not accepted as no documentary evidence was provided in support of reply. Furthermore, payment of utility bills cannot substitute the rent.

Audit recommends that the amount of rent be recovered from PATCO besides lining up other commercial activities undertaken by PATCO in NARC premises. Further, the agreement with PATCO also needs revision in the best interest of NARC.

33.5.3 Non-deposit of sale proceeds of auction into Govt. treasury - Rs. 13,461,558

Rule 7(1) of Federal Treasury Rules (Vol-I) states that, all moneys received by or tendered to Government officers on account of the revenues of the Federal Government shall without undue delay be paid in full into a treasury or into the Bank. Moneys received as aforesaid shall not be appropriated to meet departmental expenditure, nor otherwise kept apart from the Federal Consolidated Fund of the Federal Government. No department of the Government may require that any moneys received by it on account of the revenues of the Federal Government be kept out of the Federal Consolidated Fund of the Federal Government.

The management of NARC conducted auctions for unserviceable goods generating an amount of Rs. 13,461,558 during the Financial Year 2022-23.

Audit observed the management did not remit the sale proceeds from the auction into the Government treasury.

Audit is of the view that non-deposit of sale proceeds of the auction into the Government treasury constitutes a violation of established rules and procedures. This discrepancy raises concerns about the transparency and accountability in financial transactions.

The management did not reply till finalization of report.

Audit recommends that deposit of the auction proceeds into the Government treasury without further delay.

CHAPTER 34

PAKISTAN NUCLEAR REGULARITY AUTHORITY (PNRA)

34.1 Introduction

Pakistan Nuclear Regulatory Authority (PNRA) was established through Pakistan Nuclear Regulatory Authority Ordinance, 2001, dissolving the Pakistan Nuclear Regulatory Board and Directorate of Nuclear Safety & Radiation Protection. It established PNRA as a competent and independent body for the regulation of nuclear safety, radiation protection, transport and waste safety in Pakistan, and also empowered it to determine the extent of civil liability for damage resulting from any nuclear incident.

The Authority devises, adopts, makes and enforces such rules, regulations, orders or codes of practice for nuclear safety and radiation protection as may, in its opinion, be necessary. It plans, develops and executes comprehensive policies and programs for the protection of life, health and property against the risk of ionizing radiation, and regulates the radiation safety aspects of:

Exploitation of any radioactive ore; Production, import, export, transport, possession, processing, reprocessing, use, sale, transfer, storage or disposal of nuclear substance, radioactive material or any other substance as the Authority may, by notification in the official Gazette, specify; and Equipment used for production, use or application of nuclear energy for generation of electricity; or any other uses.

Sr. No.	Description	Total No.	Audited	Expenditure Audited (FY-2022-23) Rs. in million	Revenue / Receipt Audited (FY 2022-23) Rs. in million

2	Assignment Accounts (Excluding FAP)	2	-	-	-
3	Authorities / Autonomous Bodies etc. under the PAO	-	-	-	-
4	Foreign Aided Project (FAP)	-	-	-	-

34.2 Comments on Budget & Accounts (Variance Analysis)

Final budget allocated to the Pakistan Nuclear Regulatory Authority (PNRA) for the financial year 2022-23 was Rs.1,659.89 million, out of which the authority expended whole the budget. Grant-wise detail of current and development expenditure is as under:

(Rupees in million)

Grant No	Type of Grant	Original Grant	Surrender (-)	Final Grant	Actual Expenditure	Excess/ (Saving)	% age Excess/ (Saving)
8	Current	1,409.00	.00	1,409.00	1,409.00	0.00	0.00%
123	Development	289.89	-39.00	250.89	250.89	0.00	0.00%
	Total	1,698.89	-39.00	1,659.89	1,659.89	0.00	0.00%

Audit noted that there was no excess / saving in both grants.

34.3 Classified Summary of Audit Observations

Audit observations, amounting to Rs.8.734 million, were raised in this report during the current audit of Pakistan Nuclear Regulatory Authority (PNRA). Summary of the audit observations classified by nature is as under:

(Rupees in million)

S. No	Classification	Amount
1	Non-production of record	
2	Reported cases of fraud, embezzlement and Misappropriation

Total	10	4	3	7	-

34.5 AUDIT PARAS

34.5.1 Irregular Cash withdrawals from Bank Account - Rs. 8.734 million

Rule 157(1) of FTR states that cheques drawn in favour of Government officers and departments in settlement of Government dues shall always be crossed "A/c payee only not negotiable".

Rule 157 (2) of FTR states that Cheques drawn in favour of corporate or local bodies, firms or private persons for payments of Rs.200 and above or in favour of Central Gazetted Government servants or Central non-Gazetted Government servants drawing emoluments of Rs.2000 p.m. and above for payments in respect of their personal claims shall be crossed wherever such payments are made by cheques.

The management of Pakistan Nuclear Regulatory Authority, Islamabad withdrawn cash amounting to Rs. 8,734,312 from account No.4019582228 maintained at NBP, Super Market Branch, Islamabad during 2021-22.

Audit observed that the management drew cash instead of crossed cheques.

Audit is of the view that withdrawal of amount in cash is a violation of Treasury Rules.

The management replied that the cheques related to personal payments which include payments of medical charges, TA/DA, reimbursement of all other personal claims were opened on the request of concerned employee to draw cash. However, it is important to mention here that all cheques issued to suppliers and contractors were crossed cheques.

The reply of the management is not acceptable as there is no provision in the rules for withdrawal of cash instead of crossed cheques.

Audit recommends stoppage of irregular practice and probe the matter to fix the responsibility.

CHAPTER 35

TRADE DEVELOPMENT AUTHORITY OF PAKISTAN

35.1 Introduction

The Trade Development Authority of Pakistan (TDAP), is continuation of erstwhile Export Promotion Bureau, and is a premier government agency mandated to develop programs and projects directed at maximum exploitation of the available export market access to the country.

Trade Development Authority of Pakistan (TDAP) develops and promotes export holistically, through focus, synergy, and with collective wisdom and counsel of its stakeholders. In addition, it is supposed to achieve the objective of rapid export growth through interaction and coordination with respective public and private-sector stakeholders and enhancing value of

products and services by broadening the export base by fostering supportive export culture and facilitation; and by encouraging export oriented foreign investment and joint ventures.

Sr. No.	Description	Total No.	Audited	Expenditure Audited (FY-2022-23) Rs. in million	Revenue / Receipt Audited (FY-2022-23) Rs. in million
1	Formations	1	1	2,020.00	-
2	Assignment Accounts (Excluding FAP)	-	-	-	-
3	Authorities / Autonomous Bodies etc. under the PAO	-	-	-	-
4	Foreign Aided Project (FAP)	-	-	-	-

35.2 Comments on Budget & Accounts (Variance Analysis)

Final budget allocated to the TDAP for the financial year 2022-23 was Rs. 1,390.79 million out of which the TDAP utilized Rs.1,390.79 million. The expenditure was incurred from grant from the Commerce Division.

(Rupees in million)

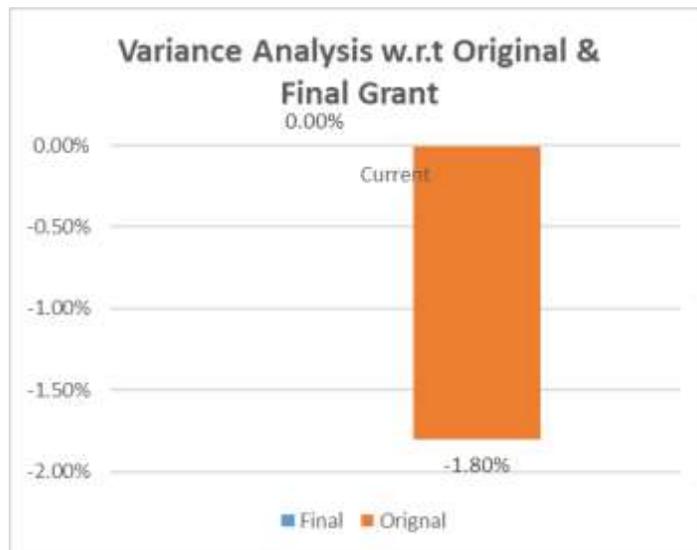

Grant No	Type of Grant	Original Grant	Suppl Grant	Surrender (-)	Final Grant	Actual Expenditure	Excess/ (Saving)	% age Excess/ (Saving)
24	Current	1,416.28	.00	-30.48	1,390.79	1,390.79	.00	0.00%

*Budget of TDAP was included in the demand of Commerce Division having cost Centre KA7304

Supplementary Grants obtained without careful cash forecasting

According to Para 71 of General Financial Rules (Volume I), while framing budget estimates, the authorities should exercise utmost foresight. Rules of good governance demand that budget processes are carried out in accordance with clearly defined expectations and assumptions and a coordinated calendar of activity.

As shown in the chart below, it was observed that, in case of current expenditure, there was 1.80% of saving w.r.t original grant which was finally reduced to zero w.r.t final grant.

35.3 Classified Summary of Audit Observations

Audit observations, amounting to Rs.2,920.602 million, were raised in this report during the current audit of **Trade Development Authority Of Pakistan**. Summary of the audit observations classified by nature is as under:

(Rupees in million)

S. No	Classification	Amount
1	Non-production of record	
2	Reported cases of fraud, embezzlement and Misappropriation

35.5 AUDIT PARAS

Trade Development Authority of Pakistan, Karachi

35.5.1 Irregular Payment without Pre-Audit and non-preparation of Financial Statements – Rs. 956.686 million

As per Para-63, Chapter-V of TDAP Financial Rules-2014, the Authority shall observe internal control and audit in prescribed form and manner. For this purpose, Authority shall establish an Internal Audit Section comprising appropriate staff headed by an officer not below the rank of Director (BPS-19 or equivalent) to be nominated as “Internal Auditor” directly reporting to the Secretary; independent of Finance and Accounts Department of the Authority.

Section -26 of TDAP Act, 2013 states that the Authority shall maintain complete and accurate books of accounts of its actual expense and receipts. The Authority shall also maintain its balance sheet, statement of income and expenditure account, and statement of sources and application of funds. The auditors shall make a report to the Authority upon the annual balance sheet and accounts, and state whether in their opinion the balance sheet is full and whether it exhibits a true and correct view of the affairs of the Authority. The Authority will then submit the report to the Board for approval.

The management of TDAP, Karachi spent a total of Rs. 956,686,245 at TDAP HQ, TDAP Promotional / Developmental activities for the period 2021-2022.

Audit observed the following irregularities.

- i. The management of TDAP failed to maintain complete and accurate books of accounts for the years up to 2021-22 since the introduction of the act.
- ii. The management had not prepared the balance sheet, statement of income and expenditure and sources and applications of funds for the years up to 2021-22 in accordance with Int’l Accounting Standards as notified in TDAP Act.
- iii. The management had not introduced a system of internal audit and control in contravention of TDAP Act-2013 and TDAP Financial Rules, 2014. All the payments amounting to Rs.956.686 million were made without pre-audit of claims.

Audit is of the view that expenditure in view of above observations is irregular and unauthorized and in the absence of balance sheet, statement of income and expenditure and

statement of sources, audit is unable to express its opinion upon the fairness and accuracy of the accounts of TDAP.

The management replied that financial statements for the year 2019-2020 and 2020-2021 have already been completed and signed by the Secretary /CEO, and Financial Statement of 2021-22 is under preparation which will be submitted to audit. We are hiring chartered accountants' firm for conducting internal audit.”

The management has admitted its irregularity in its reply.

Audit recommends that responsibility may be fixed for negligence and the compliance of the TDAP Act 2013 regarding preparation of Financial Statements may be made and produced to audit.

35.5.2 Unauthorized maintenance of eight bank accounts and retention of closing balances – Rs. 1,476.279 million

According to Section-23(5) of TDAP Act-2013, the authority may open and operate one account in Pak Rupees and one account in foreign currency in any scheduled bank.

The management of TDAP, Karachi was maintaining 08 Bank accounts in commercial banks.

Audit observed that instead of maintaining only one Bank Account in Pak Rupees and one Bank Account in Foreign Currency in Schedule Banks, the management of TDAP was maintaining 08 bank accounts with cumulative closing balance of Rs.1476.279 million as on 30.06.2022.

Audit is of the view that opening and maintenance of these bank accounts and retention of enormous closing balances is disregard of the provision of TDAP Act, 2013.

The management stated that TDAP receives a non-lapsable annual grant from finance division, Islamabad which is deposited into main account maintained in NBP. Upon receipts of the said grant the management segregate the Promotional portion of grant and place the same amount in other bank account of NBP. Principally maintains a single Bank Account for all payments/grants receipts from Finance Division.

The reply is not convincing despite clear instruction regarding opening of one account in Pak rupees and the other in foreign currency as the management opened eight bank accounts which are held irregular.

Audit recommends that unauthorized operation of 08 bank accounts may be justified besides, closing of additional bank accounts.

35.5.3 Irregular expenditure on purchase of computers and laptops - Rs. 5.743 million

Public Procurement Rule 4 provides that procuring agencies, while engaging in procurements, shall ensure that the procurement is conducted in a fair and transparent manner, the object of procurement brings value for money to the agency and the procurement process is efficient and economical.

Public Procurement Rule 10 provides that specifications shall allow the widest possible competition and shall not favor any single contractor or supplier nor put others at a disadvantage. Specifications shall be generic and shall not include references to brand names, model numbers, catalogue numbers or similar classifications.

Management of TDAP advertised a tender notice on 30.08.2021 in different newspapers and purchased computers and laptops of amounting to Rs.5.743 million from M/s Fatemi Impex, and M/s Continental, Karachi during the audit period 2021-2022.

S. No	Cheque No & date	Particulars	GST not deducted	Amount
1	97820655 02.11.2021	Purchase of 09 laptops of Lenovo Pad M/s Fatemi Impex	148,082	871,074
2	97820784 16.11.2021	Purchase of desktop computers 38 Nos.M/s Fatemi Impex	656,032	3,859,014
3	97820937 13.12.2021	Purchase of laptop one M/s Fatemi Impex	7,281	161,786
4	9782065 02.11.2021	Purchase of 16 Scanners	0	851,200
		Total	811,395	5,743,074

Audit observed the following irregularities.

- i. Management advertised the tender of procurement of computers and laptops by incorporating brand names instead of generic in violation of Public Procurement Rules, 2004.
- ii. GST amount @17% of Rs.811,395 on purchased amount of Computers/laptops and scanners was paid but Sale Tax was not withheld on payment of suppliers.

- iii. The desktop and laptops were not accounted for and issuance of the same was not provided to audit.

Audit is of the view that due to advertising of tender by incorporating brand name of computers and laptops and non-deduction of GST amount is held irregular and unjustified to audit.

The management replied that brand names was used instead generic as per the rule no. 10(3) of PPRA which states that management can use brand name if it is convinced that the use of brand name is essential to complete an otherwise incomplete specification, and no other sufficiently precise or understandable way of describing the characteristics of the good, works or services to be procured is provided, the words “or equivalent” shall be used, after recording specific justification in writing therein. The procuring agency shall be responsible to define the parameters of “equivalence” for all participants to procurement process, to ensure transparency.

The reply is not convincing as computers and laptops have many companies which produce similar specifications items therefore need for specially specifying brand name in this segment is not justified and leads to favoritism to particular brand.

Audit recommends that the responsibility may be fixed on the persons found at fault. Besides, the GST amount of the same may be recovered from the concerned firm.

35.5.4 Non-deposit of Expo Centre’s income in the TDAP Fund and unauthorized expenditure without approval of the Board - Rs. 395.062 million

Section 24 of the Trade Development Authority Act, 2013 states that the Authority shall, in respect of each financial year, prepare its own budget and submit it after obtaining approval from the Board to the Federal Government, through the Ministry of Commerce, at least four months, before the commencement of every financial year.

Section 25 of the Trade Development Authority Act, 2013 states that for the purpose of this Act, a non-lapsable Fund is hereby established which shall be administered and controlled by the Authority. The Fund shall consist of a fee including fees received from parties for participation in international trade fairs and exhibitions as well as the booking of halls in Karachi Expo Centre for holding fairs, exhibitions, seminars and conferences etc.

The management of Karachi Expo Centre, Trade Development Authority of Pakistan, Karachi collected total income of Rs. 395,062,185 on account of booking of halls, participation fee etc. from various parties/firms during financial year 2022-23 and deposited the same in Bank Account No.3149893086 being maintained with NBP FTC Building Branch, Karachi.

Out of the total departmental income of Rs. 395.062 million, the management of Expo Centre incurred an expenditure of Rs. 229,319,806 on civil works, operation and maintenance, utility charges and other expenditure.

Audit observed as under:

- i. Instead of depositing the income of Rs. 395.062 million in TDAP Fund, the management of Expo Centre deposited the entire income in the above said bank account in violation of TDAP Act, 2013.
- ii. The expenditure of Rs. 229.319 million was incurred out of departmental income without any budget allocation approved by the Board.
- iii. The management of Expo Centre neither submitted their budget estimates of income and expenditure to the Board for approval nor reported to the Federal Government as per provision of TDAP Act, 2013.
- iv. Proper income and expenditure statements for the financial year 2022-23 were not prepared.

Audit is of the view that non-deposit of Expo Centre income in the TDAP Fund and its utilization of towards departmental expenditure without approval of the Board is unauthorized.

The management replied that the Board, under Section 20, is the “supreme decision-making body of the Authority” (i.e. “TDAP”). It has the power to supervise, control, direct and regulate affairs of the Authority.

The point wise replies of the Audit observations are as under:

- i. TDAP is an independent Authority headed by its own Board, all financial matters are approved by the department and Board of Directors. Expo Centre is a part of TDAP. Expo Centre generates income through rent from the various stakeholders on account of booking of Halls, Exhibitions, events arranged by this office time to time, therefore, TDAP opened Expo Account for depositing such income. Thus, there was no violation of any Rule.
- ii. It is an established fact that expenditure on account of utilities and other miscellaneous expenses have to be managed from the income of Expo Centre. It has no relevance to the TDAP Regular Budget.
- iii. Agreed with the Audit’s opinion, the management has directed the Expo Division for preparation and submission of Budget estimates for the year 2023-24 for the approval of the Board in its upcoming meeting. TDAP will provide the requisite information at the time of the next audit of TDAP.

The reply is not convincing. Neither the budget allocation was approved from the Board nor submitted to the Federal Government. The Expo income was utilized without approval of the Board.

Audit recommends obtaining ex-post facto approval of the expenditure of from the Board. In the future, the Expo income be deposited in the TDAP Fund. The expenditure be incurred after obtaining approval of budget allocation from the Board.

35.5.5 Irregular expenditure without open competition and non-transparent award of contract to a firm thereof - Rs. 15.532 million

Rule 4 of the Public Procurement Rules, 2004 states that procuring agencies, while engaging in procurements, shall ensure that the procurements are conducted in a fair and transparent manner, the object of procurement brings value for money to the agency and the procurement process is efficient and economical.

Rule 12(2) of the Public Procurement Rules, 2004 states that all procurement opportunities over three million Pakistani Rupees should be advertised on the Authority's website as well as in other print media or newspapers having wide circulation. The advertisement in the newspapers shall principally appear in at least two national dailies, one in English and the other in Urdu.

Rule 30 of the Public Procurement Rules, 2004 states that all bids shall be evaluated in accordance with the evaluation criteria and other terms and conditions set forth in the prescribed bidding documents.

The management of the Trade Development Authority of Pakistan, Karachi uploaded RFP on PPRA and TDAP websites for supply of mangoes including treatment, packing and air shipment to Pakistan Missions abroad. Only single firm M/s Progressive Mango Growers, Multan offered the bid. Technical bid of the firm was opened on 20.06.2022 and financial bid on 05.07.2022. The firm was awarded contract vide Intent Letter No. TDAP-194(40)-AM/AGRO-2020 dated 06.07.2022. The payment of Rs.15,532,170 (gross) was made to the firm vide sanction No. TDAP-179(40)/AM/Agro/2019 dated 02.01.2023 and cheque No.41244337 dated 05.01.2023.

Audit observed as under:

- i. No open tender was floated in newspapers to get the benefit of competitive rates as required under Public Procurement Rules, 2004 as the procurement volume exceeded the limit of Rs. 3.00 million. The proof regarding uploading of tender in TDAP and PPRA website was not on record.

- ii. Out of total expenditure of Rs. 15.532 million, an expenditure of Rs. 11.716 million was incurred on air freight charges without open competition which was 75% of the total expenditure. The air freight charges were also paid to the above-said firm without admissibility as the firm was neither registered as air travel agency nor offered the bid for air freight charges. M/s Progressive Mango Growers hired the services of a Logistics Company i.e. M/s Raaziq International Pvt. Ltd. for shipment of mangoes to foreign countries. The management extended undue benefit to the firm at the cost of Authority's Fund.
- iii. The firm was not a member of any Trade Body or Chambers and was not eligible to participate in the tender. Therefore, the 3rd eligibility criteria given in the tender document was relaxed in violation of PPRA Rules, 2004 to extend undue favour to the firm.

Audit is of the view that non-floating of open tender and non-transparent award of contract to the firm is a violation of the Public Procurement Rules, 2004.

The management replied that Agro Food Division of TDAP organized Mango Promotion Campaign during July-September 2022 as per its Annual Business Plan for the period July, 2022-June 2023. During the Mango promotion campaign, Mango was dispatched to 28 countries. In this campaign, TDAP followed all PPRA Rules in the procurement of Mangoes. The RFP in this regard was uploaded on TDAP as well as PPRA website. Furthermore, the RFP for the procurement of Mangoes was published in the leading newspapers of Pakistan as an open tender. The TDAP invited bids from the companies/exporters, for "Supply of Mangoes Chaunsa / Sindhari" along with treatment packaging and air shipment to Pakistan Mission abroad. Air shipment cost was charged by the Air lines on actual rates as per the Airway bill issued by the Airlines. In response to the tender, only one vender i.e. M/s Progressive Mango Grower from Multan applied who had previous experience of organizing the campaign. The selected vender, further, hired the services of Ms. Raziq International for air shipment of Mangoes. TDAP paid the air shipment cost to the selected vendor as per the cost charged by the airline.

The mango promotion campaign is one of the promotional tools for the export promotions of Pakistan mangoes abroad. Due to this activity our exports have increased manifolds. Reports on the Mango Promotion campaign were received from different Missions. The firm M/s Progressive Mango Grower is a member of Multan Chamber of Commerce and Industry as per their certificate.

The reply is not convincing. Nothing was explained about expenditure incurred on freight charges amounting to Rs. 11.716 million without calling open tender.

Audit recommends holding of inquiry to fix responsibility on persons at fault for the lapses besides avoiding such practice in future.

35.5.6 Unauthorized expenditure on civil works of Expo Centre - Rs. 55.106 million

Para 192 of GFR (Volume-I) states that when works allotted to a civil department other than the Public Works Department are executed departmentally, whether direct or through contractors, the form and procedure relating to expenditure on such works should be prescribed by departmental regulations framed in consultation with the Accountant-General generally on the principles underlying the financial and accounting rules prescribed for similar works carried out by the Public Works Department.

Para 193(4)(ii) of GFR (Volume-I) states that the procedure for the execution of works and repairs in connection with sanitary, water supply and electric installations in Government buildings under the administrative control of Federal Civil Department should be as follows:

“All estimates for such works and repairs to be carried out locally should be submitted for prior scrutiny to the Chief Engineer, Pakistan Public Works Department”.

Para 208 of Central Public Works Account (CPWA) Code states that payments of all work done otherwise than by daily labour and for all supplies are made on the basis of measurements recorded in Measurement Books (MBs) in Form 23 in accordance with rules.

The management of Expo Centre, Trade Development Authority of Pakistan, Karachi floated open tender in newspaper on 08.07.2022 for civil work, paint, plumbing, sanitary and electrical work at the Karachi Expo Centre. The work was awarded to M/s Engineering Experts at a total cost of Rs. 81,819,391 and Work Order was issued on 10.10.2022. An expenditure of Rs. 55,106,300 was incurred during financial year 2022-23 as under:

S. No.	Payment description	Gross amount	Net amount paid	Cheque No.& date
1	Mobilization advance 10% of contract amount	8,181,939	7,936,480	09785334 Dt.03.11.2022
2	1 st Running Bill	46,924,361	41,152,248	09785389 Dt. 07.02.2023
Total		55,106,300	49,088,728	

Audit observed that:

- i. The TDAP did not have approved procedure for carrying out the civil works as prescribed by the Pak PWD and required under Para 192 of GFRs. The expenditure amounting to Rs. 55.106 million was incurred on civil works/repair of building

which was neither carried out through Pak. PWD nor was incurred departmentally by making departmental regulations.

- ii. The expenditure of Rs. 55.106 million was incurred without obtaining Technical Sanctions by an authorized/competent engineer of Pak. PWD.
- iii. Measurement Books were not maintained in support of the works carried out. The measurement was not taken date wise along with step-by-step full details of work. In the absence of accurate measurement details, complete in all respect as prescribed by rules, the management had no tool to identify the actual value of work done and amount paid thereof.

Audit is of the view that in the absence of approved procedure for carrying out the civil works, the expenditure of Rs. 55.106 million is unauthorized. Furthermore, due to non-maintenance of Measurement Books the actual value of the work done, and the payments made for the civil works were doubtful.

The management replied that TDAP was established in 2006 (formerly EPB) now TDAP has its own Board of Directors with approved procedure for executing internal financial affairs. All financial matters are approved by the head of the Department and Board of Directors. All the expenditure is carried out in the light of Sections 25 of TDAP Act, 2013. Moreover, the Public Procurement Rules, 2004 are followed in letter and spirit and all the codal formalities are observed while carrying out any civil work in the Authority. All the civil work under this contract was examined and checked by the consultant who has been hired to monitor the civil work in collaboration with the departmental officer. The details of each work on daily basis were maintained in the measurement book.

The reply is not convincing as the incurring of expenditure was subject to observance of GFRs and other rules of the Government. Neither the TDAP had approved procedure to carry out civil works nor provision of the GFRs were followed. No Measurement Book was prepared and produced during the course of audit.

Audit recommends fixing responsibility for the lapses besides regularization of expenditure from Finance Division and avoiding such practices in future.

35.5.7 Non-recovery of liquidated damages from contractor - Rs. 8.181 million

Clause 23 of General Condition of Contract states that subject to GCC Clause 25, if the Supplier fails to deliver any or all of the Goods or to perform the Services within the period(s) specified in the Contract, the Procuring Agency shall, without prejudice to its other remedies under the Contract, deduct from the Contract Price, as liquidated damages, a sum equal to five percentage specified in SCC of the delivered price of the delayed goods or unperformed Services for each

week or part thereof of delay until actual delivery or performance, up to a maximum deduction of the ten percentage specified in SCC. Once the maximum is reached, the Procuring Agency may consider termination of the Contract pursuant to GCC Clause 24.

The management of Expo Centre, TDAP, Karachi floated open tender in newspaper on 08.07.2022 for civil work, paint, plumbing, sanitary and electrical work at the Karachi Expo Centre. The work was awarded to M/s Engineering Experts at a total cost of Rs. 81,819,391 vide Letter of Intent dated 09.09.2022 and Work Order dated 10.10.2022. An expenditure of Rs. 55,106,300 was incurred during financial year 2022-23, as under:

(Rupees)				
S. No.	Payment description	Gross amount	Net amount paid	Cheque No.& date
1	Mobilization advance 10% of contract amount	8,181,939	7,936,480	09785334 Dt.03.11.2022
2	Ist Running Bill	46,924,361	41,152,248	09785389 Dt. 07.02.2023
	Total	55,106,300	49,088,728	

As per TDAP letter No. TDAP-3(236)/KEC/2022/Rehabilitation dated 27.09.2022 addressed to M/s Engineering Experts the contract completion period was four (04) months started from the date of issuance of Work Order. The four months' period expired on 09.02.2023. The contractor did not complete the work within the stipulated period i.e. up to 09.02.2023.

Audit observed that the TDAP management did not recover liquidated damages of Rs. 8,181,939 (81,819,391 x 10%) from the contractor as per provision of Contract.

Audit is of the view that non-recovery of liquidated damages is violation of the provision of Contract. The contractor was extended undue favour on this account.

The management replied that TDAP has made a partial payment in respect of the 1st running bill after verification of all worked done by the consultant. The liquidated damage will be deducted from the pending payment. Liquidity Damages will be deducted from the pending 43% remaining payment from M/s Engineering Experts.

The reply is not convincing as neither the liquidated damages were recovered, nor action was taken against the contractor for non-completion of the works.

Audit recommends recovery of liquidated damages from the contractor at the earliest besides taking action for non-completion of the works.

35.5.8 Irregular expenditure on purchase of IT equipment without calling open tender - Rs. 8.013 million

Rule 12(1) of Public Procurement Rules, 2004 states that procurements over five hundred thousand Pakistani Rupees and up to the limit of three million Pakistani Rupees shall be advertised on the Authority's website in the manner and format specified by regulation by the Authority from time to time. All procurement opportunities over three million Pakistani Rupees should be advertised on the Authority's website as well as in other print media or newspapers having wide circulation.

The management of Trade Development Authority of Pakistan, Karachi incurred an expenditure of Rs. 8,013,000 on purchase of IT Equipment i.e. Desktop Computers, Laptops, Printers, Multimedia etc. during financial year 2022-23.

Audit observed as under:

- i. The expenditure was incurred without calling open tender.
- ii. The purchase orders were split up (with close margin) by keeping the amounts of bills/invoices below Rs.500,000 to avoid calling of open tender.

Audit is of the view that incurrence of expenditure without calling open tender was irregular and unauthorized.

The management replied that TDAP floated two tenders during 2022-23 on PPRA & TDAP Websites. The first was on 07.09.2022 with closing date as 21.09.2022 and the 2nd was on 22.11.2022 with closing date as 06.12.2022. Unfortunately, both the tenders did not materialize. All the supporting documents are available on file. Since both the tenders did not materialize the demand for the office remained unfulfilled, hence items were procured based on three quotations. Furthermore, most of the equipment purchased is of a specialized nature with specifications which are hard to meet through open tender due to PPRA restrictions. Therefore, the purchase was made through three quotations.

The reply is not tenable. The reasons for cancellation of both the tenders were not explained. No further effort was made to float open tender. Purchases were made by splitting up sanctions to avoid open tender.

Audit recommends fixing the responsibility of the persons at fault besides avoiding such practice in future.

AUDIT REPORT
ON
THE ACCOUNTS OF
DEFENCE SERVICES
AUDIT YEAR 2023-24

AUDITOR-GENERAL OF PAKISTAN

DIRECTORATE GENERAL AUDIT (DEFENCE SERVICES)

CHAPTER-1

Public Financial Management Issues

Public Financial Management deals with resource mobilization and expenditure management. The key principles of public financial management in Pakistan are envisaged in Articles 78 to 88, 118 to 127 and 160 to 171 of the Constitution of the Islamic Republic of Pakistan. An elaborate mechanism is provided in various rules, which cover the budgetary management processes, financial and fiscal controls, cash and banking arrangements, and parliamentary oversight. The Defence Services were allocated Rs. 1,592,436.581 million under Grant No.29 in Financial Year 2022-23. This grant is allocated to Ministry of Defence (MoD) for subsequent disbursement to defence forces/departments and Ministry of Defence Production (MoDP). The accounting and reporting of this grant is maintained by the Military Accountant General (MAG), who also conducts internal audit and pre-audit of payments.

In accordance with statutory provisions, the Directorates General of Audit Defence Services (North & South) conducted Financial Attest Audit of Defence Services Grant and the audit results have been reported to the Principal Accounting Officer. The certification of appropriation accounts has been conducted through review of activities, workflows, procedures and internal controls of Controllers Military Accounts to identify high risk areas based on the materiality calculated on the total expenditure of Defence Services provided by the MAG for the Financial Year 2022-23. Given the resource constraints, the audit was conducted on sample basis through 'Test of Controls' and 'Substantive Testing' (test of details and analytical procedures) with emphasis on risk areas of high monetary value prone to irregularities. Budget allocation, actual expenditure and account reconciliation of each audited unit on the basis of system, process and payment has been assessed.

System in vogue in Pakistan Military Accounts Department as contained in their Manuals was studied critically and practices being followed were examined. However, system-based spending-level and detailed head-wise allocation as documented on civil side was not available on defence side.

The Pakistan Army, Pakistan Air Force and Pakistan Navy primarily spent the major chunk of Defence Services Grant No.29 to meet their development and non-development expenditure.

The major heads of expenditure of Defence Services grant include pay and allowances of the armed forces, capital works, repair and maintenance of buildings, defence related procurements and production of arms and ammunition by the defence production organizations, etc.

Despite existence of comprehensive institutional framework of internal audit in PMAD, the Financial Attest Audit of the appropriation accounts revealed several weaknesses in the internal control processes. One of the major risk area observed during the Financial Attest Audit is non-availability of detailed entity wise budget in the financial reports with MAG, which resulted in saving of Rs.379.848 million. Some of the Audit observations derived from the Certification of Appropriation Accounts of

Defence Services include non-adjustment of expenditure, irregular expenditure, misclassification of head of accounts, excess booking of expenditure and non-submission of vouchers for post-audit.⁶ Audit recommends adoption of New Accounting Model (NAM), accounts reconciliation mechanism, proper adjustment of accounts, recovery of government dues, regularization of irregularities committed from competent financial authority and adherence to financial discipline.

⁶ These observations have been highlighted in the management letter for the financial year 2022-23.

CHAPTER-2

Ministry of Defence

2.1 Introduction

As per Rules of Business, 1973, Ministry of Defence is responsible for defence of the Federation or any part thereof in peace or war, defence matters pertaining to treaties and agreements with other governments, matters regarding military assistance to foreign countries, stores & stationery for the Defence Services other than those dealt with by Defence Production Division. In addition, the responsibilities also include administrative control of Northern Light Infantry, administration of National Guards Act, 1973, International Red Cross and Geneva Conventions in so far as they effect belligerents, military awards and decorations, welfare of ex-servicemen, cantonment areas, acquisition or requisitioning of property for Defence Services, pardons, reprieves and respites, of all personnel belonging to the Armed Forces, administrative and budgetary control of Federal Government Educational Institutions (Cantonments/Garrisons) Directorate and its institutions, administration of Military Lands and Cantonments Group. Directorates General of Audit Defence Services (North & South) conduct Financial Attest and Compliance with Authority Audits of this grant as per guidelines issued by the office of the Auditor-General of Pakistan.

Similarly, as per Rules of Business, 1973, Ministry of Defence Production is responsible for laying down policies on all matters relating to defence production, procurement of arms, firearms, weapons, ammunition, equipment, stores and explosives for the defence forces, declaration of industries necessary for the purpose of defence or for the prosecution of war, research and development of defence equipment and stores, co-ordination of defence science research with civil scientific research organizations, indigenous production and manufacturing of defence equipment and stores. Furthermore, the responsibilities also include negotiations of agreements or MOUs for foreign assistance or collaboration and loans for purchase of military stores and technical know-how or transfer of technology, export of defence products, marketing and promotion of activities relating to export of defence products, co-ordinate production activities of all defence production organizations or establishments.

Sectoral Analysis

Ministry of Defence receives single line budgetary grant, which is distributed among Ministry of Defence Production, Services Headquarters⁷, Inter Services Organizations and Strategic Planning Division. Under administrative control of Ministry of Defence, the main job of the armed forces (Army, Navy, and PAF) is to defend territorial integrity, and provide aid to civil administration as and when required.

In this sector, an expenditure of Rs. 566,293.257 million has been audited (during audit year 2022-23, 2nd Phase amounting to Rs. 335,633.136 million and audit year 2023-24, 1st Phase amounting to Rs. 230,659.521 million). Audit identified the non-compliance to the Defence Services Regulations in areas

⁷ Services Headquarters include General Headquarters (GHQ), Air Headquarters (AHQ) and, Naval Headquarter (NHQ).

like Advance Payment before completion of work through Running Account Receipts (RARs), splitting of financial powers, non-recovery of rent and allied charges, non-deduction of applicable taxes, violation of public procurement rules, non-compliance of A-1 land policy and execution of un-authorized work as some of the key issues.

Defence Services were allocated a sum of Rs. 1,563,000.000 million as original budget for financial year 2022-23. Against the final allocation of Rs.1,592,436.581 million, net expenditure of Rs. 1,592,056.733 million as reported by the MAG in expenditure report for June (Supplementary) 2023. Hence, an overall saving of Rs. 379.848 million has, therefore been recorded during financial year 2022-23. Service-wise detail of expenditure against the allocation for financial year 2022-23 is tabulated below:

(Rs. in Million)

S. No.	Service / Organization	Allocation (A)	Expenditure (B)	Saving (-) / Excess (+) (C=B-A)
1.	Army	755,563.698	755,563.698	0
2.	SSD (North)	6,000.000	6,054.723	54.723
3.	SSD (South)	12,000.000	11,998.369	-1.631
4.	PAF	318,127.311	318,127.311	0
5.	Navy	179,029.850	179,029.850	0
6.	MoDP	103,531.165	103,098.225	-432.940
7.	ISOs	58,431.863	58,431.863	0
8.	Accounts Orgs	7,565.294	7,565.294	0
9.	SPD	152,187.400	152,187.400	0
	Total	1,592,436.581	1,592,056.733	-379.848

Source: Appropriation Accounts Defence Services 2022-23

Some of the key functions of this sector can be summarized as follows:

- i. Defence of territorial integrity and aid to civil power is the major purpose for which Defence Services grant is being utilized. The major organizations involved in this sector include the GHQ, NHQ and AHQ.
- ii. Provision of quality education facilities in Cantonment Areas through Federal Government Educational Institutions (FGEI) Schools & Colleges. The expenditure in this sector is catered from the civil grant received by the MoD.⁸ The Directorate is responsible for provision of education facilities in the cantonment areas. FGEI Directorate has 12 regional offices and 311 Schools and 47 Colleges with a total enrollment of 188,321 students. The total budget of FGEI for the year 2022-23 was Rs. 8.997 billion.
- iii. Provision of civic amenities through Cantonment Boards is another key function. This sector is administered by ML&C Department through Cantonment Boards. As per Cantonment Act 1924, the Cantonment Boards are autonomous bodies and self-financing entities with the mandate to provide civic amenities i.e. water supply, sewerage and sanitation, and street lights to the residents. MoD does not provide regular budgetary grant to Cantonment Boards for provision of civic amenities. During audit year 2022-23 (2nd Phase) and 2023-24 (1st Phase) 27 Cantonment Boards have been audited with expenditure of Rs. 28.220 billion. The major audit findings included non-recovery of cantonment dues, unauthorized construction, irregular commercial activities in residential areas.

Ministry of Defence Production

Sectoral Analysis

The MoDP receives budget allocation from MoD out of defence services grant for the purpose of defence procurement and production. The major organizations involved in the process of procurement include Directorate General Research and Development Establishment, Director General Defence Purchase, Director General Procurement (Army), Director Procurement (Air Force) and Director Procurement (Navy). The major defence production organizations include Heavy Industries Taxila Board, Taxila and Pakistan Aeronautical Complex Board, Kamra. During audit years 2022-23 & 2023-24, an expenditure of Rs. 93.230 billion was incurred by Central Procurement agencies / Defence Production Formations under MoDP.

Indigenization and self-reliance in the field of Defence Production has often been identified as a major goal of Ministry of Defence Production. It is worth mentioning here that HITB and PACB have indigenously produced equipment and weapons to achieve self-reliance in the field of defence production. During audit year 2022-23 & 2023-24, receipts of Rs. 3.860 billion have been audited.

⁸Ministry of Defence receives civil grant from the Federal Government for FGEI Directorate.

The summary of the total units audited during the Audit Year 2022-23 (2nd Phase) and 2023-24 (1st Phase) is given below:

(Amount in Million)

Sr. No	Description	Total Nos	Audited	Expenditure Audited	Revenue/Receipts Audited
1	Formations ⁹	3864 (MoD)	409	Rs.566,292.657	Rs.33,523.072
		44 (MoDP)	18	Rs.93,230	Rs.3,860.490
2	Assignment Accounts (Excluding FAP)	-	-	-	-
3	Authorities/Autonomous Bodies etc. under the PAO	-	-	-	-
4	Foreign Aided Projects (FAP)	-	-	-	-

Note: All assignment accounts and DP Formations like Taxila, Kamra and FWO are included in Formations at Sr. No.1.

2.2 Comments on budget and accounts (variance analysis)

The final Grant No.29 pertaining to Ministry of Defence for financial year 2022-23 was Rs. 1,592.436.581 million against which expenditure of Rs.1,592,056.733 million was incurred. Thus, showing an overall saving of Rs.379.848 million. This issue has been highlighted during Certification audit 2022-23 And reported in Management Letter to the MAG.

It is pertinent to mention here that Defence Audit also conducts audit of all other expenditure made by auditee out of funds made available through other sources for AFDP, UNRA, Defence Pension, Aid to

⁹The total formations include 3908 Formations under the Audit jurisdiction of DGADS (North and South), out of which 427 Formations were audited during 2022-23 and 2023-24.

civil power, Election duty, Flood relief, FWO accounts, Civil Grant of Defence-managed organizations, Defence receipts, Cantonment Funds, Defence Production / Procurement establishments, etc.

2.3 Classified summary of Audit observations

Audit observations amounting to Rs. 1,653,278.956 million, US\$ 103.812 million, Euro 351.266 million, JY 2.240 and GBP 0.0207 million were raised as a result of audit. The amount also includes recoverables of Rs.43,483.167 million & US \$ 3.401 million as pointed out by audit. Summary of the audit paras classified by nature is as under:

(Amount in Million)		
Sr. No.	Classification	Amount
1	Reported Cases of Fraud, Embezzlement and Misappropriation	-
2	Irregularities	
A	Non-production of record	Rs.16.526
B	Procurement related irregularities	Rs.11,523.931 & Euro 3.096
C	Unauthorized/Irregular	Rs.671,874.087, USD 0.121 & Euro 3.963
D	Recoverable/Overpayments	Rs.74,919.407, USD 0.624 & Euro 12.504
E	Loss to State	Rs.11,301.274

Note: Above table reflects audit paras already mentioned under section "f" of executive summary (Key Audit Findings).

2.4 Brief comments on the status of compliance with PAC directives

2.4.1 Compliance by Ministry of Defence

The status of compliance of Public Accounts Committee (PAC) directives for the Audit Reports from 1985-86 to 2022-23 discussed during its various meetings held from July, 1992 to December, 2023 is given below:

Year	Total Paras	No. of Paras Discussed	Compliance Made	Compliance awaited / Non Complied	Percentage of Compliance
1	2	3	4	5	6
1985-86	76	07	04	03	57.14%
1986-87	36	06	03	03	50%
1987-88	49	08	01	07	12.5%
1988-89	48	15	03	12	20%
1989-90	69	03	0	03	0%
1990-91	63	04	01	03	25%
1991-92	65	05	01	04	20%
1992-93	91	12	06	06	50%
1993-94	198	86	31	55	36.05%
1994-95	91	02	02	0	100%
1995-96	102	09	01	08	11.11%
1996-97	106	104	58	46	55.76%
1997-98	651	05	01	04	20%
1998-99	762	41	01	39	2.44%
1999-00	443	222	78	144	35.13%
2000-01	699	696	85	611	12.21%
2001-02	570	16	11	5	68.75%
2002-03	161	161	152	9	94.40%
2003-04	111	22	04	18	18.18%

2004-05	55	55	34	21	61.81%
2005-06	138	122	74	48	60.66%
2006-07	95	35	13	22	37.14%
2007-08	56	40	05	35	12.50%
2008-09	102	64	12	50	18.75%
2009-10	244	92	34	58	36.95%
2010-11	49	04	0	04	0%
2011-12	69	05	0	05	0%
2012-13	Report not yet discussed				
2013-14	132	57	11	46	19.29%
2014-15	Report not yet discussed				
2015-16	Report not yet discussed				
2016-17	Report not yet discussed				
2017-18	129	45	19	26	42.22%
2018-19	154	14	09	05	64.28%
2019-20	164	17	05	12	29.41%
2020-21	Report not yet discussed				
2021-22	Report not yet discussed				
2022-23	Report not yet discussed				
Total	5778	1974	659	1312	33.38%

Ministry of Defence complied with 659 PAC directives out of 1974, which indicates that compliance of PAC directives is very slow. The Principal Accounting Officer should take necessary steps to expedite compliance of PAC directives.

* Only paras having amount above Rs 50 Million were discussed by the PAC.

2.4.2 Compliance by Ministry of Defence Production

The status of compliance of Public Accounts Committee (PAC) directives for the Audit Reports from 1985-86 to 2022-23 discussed during its various meetings held from July 1992 to December, 2023 is given below:

Year	Total Paras	No. of Paras Discussed	Compliance Made	Compliance awaited / Non Complied	Percentage of Compliance
1	2	3	4	5	6
1985-86	15	01	0	01	0%
1986-87	12	0	0	0	0%
1987-88	17	13	01	12	7.69%
1988-89	14	05	0	05	0%
1989-90	14	02	0	02	0%

Ministry of Defence Production complied with only 109 PAC directives out of 372, which indicates that compliance of PAC directives is very slow. The Principal Accounting Officer should take necessary steps to expedite compliance of PAC's directives.

*Only paras having amount above Rs 50 Million were discussed by the PAC

** Court Cases

***Settled by PAC

PAKISTAN ARMY

Pakistan Army is the first component of Defence Services. It is responsible for territorial defence of the country and aid of civil administration.

AUDIT PARAS

2.5 Procurement related irregularities – Rs. 2,845.310 million

2.5.1 Irregular expenditure in violation of PPRA Rules and beyond financial powers – Rs.2,429.073 million

According to Rule-12(1, 2) of PPRA 2004, "procurements over five hundred thousand rupees and up to the limit of Rs.3.000 million shall be advertised on the authority's website. Further, procurements over Rs.3.000 million should be advertised on the authority's website as well as in two national dailies, one in English and the other in Urdu."

Moreover, in accordance with annexure-A to the Government of Pakistan, Ministry of Defence letter No.F.3/1/98/D-15 dated 23.02.2008 the maximum financial powers of Commanding Officer of the concerned Unit for purchase of contingency items is Rs. 13,500/-.

During audit of certain Army Formations, it was observed from the record that the procurements were made in violation of above Rules.

(Rs. in million)

Sr. No.	DP No.	Nature of PPRA Violation	Amount
1.	DP-N-471/2022-23	Non uploading of tenders on PPRA website and Non-advertisement in print media.	13.341
2.	DP-N-545/2022-23		1,357.899
3.	DP-N-579/2022-23	In addition to above violation of PPRA, the expenditure is also beyond the financial power of commanding officer.6	16.060
4.	DP-N-623/2022-23	Violation of PPRA Rules	151.838

5.	DP-N-136/2023-24	Violation of PPRA Rules	7.090
6.	DP-N-147/2023-24	Violation of PPRA Rules	115.250
7.	DP-N-125/2023-24	Without advertising the contracts in two national daily newspapers	4.000
8.	DP-N-263/2023-24	Without advertising the contracts in two national daily newspapers	763.595
Total			2,429.073

When pointed out by audit, against DP-N-471/2022-23 & DP-N-579/2022-23, the management replied that the point is noted for future compliance and for DP-N-545/2022-23, the management replied that advertisement had been uploaded on PPRA website. Similarly, for DP-N-623/2022-23, the management replied that the procurement was advertised on PPRA's website. However, the same was not advertised in newspapers as the Defence work was of secret nature. Against DP-N-136/2023-24, the management replied that purchase of store through open tender was not feasible due to its emergent nature. Against DP-N-147/2023-24, no reply was furnished by the management. Against DP-N-125/2023-24, the management replied that since the store was purchased in an emergency, PPRA regulations may have delayed the procurement. Against DP-N-263/2023-24, the management replied that as per Public Procurement rules all works costing upto and more than Rs. 1.000 million were required to be advertised in newspaper and the same procedure was adopted.

The replies were not tenable as no documentary evidence regarding advertisement through PPRA was produced to Audit. Furthermore, only PAO (Secretary Defence) can grant exemption from Public Procurement Rules in such cases where procurement is of sensitive/urgent nature. However, no such approval was obtained.

The DAC meetings were held on 26.09.2023, 29.11.2023 and 05.01.2024. Against DP-N-471, DP-N-545 and DP- N-579/2022-23, the DAC directed the management to conduct a court of inquiry within two months. Similarly, in case of DP-N-623/2022-23, DAC shifted the draft para to concerned Army Headquarters. Against DP-N-136/2023-24, the DAC in its meeting dated 29.11.2023 directed to share fact finding inquiry through MOD with audit authorities for verification within two months. Against DP-N-147/2023-24, DAC directed to hold fact finding inquiry, fix responsibility, and share the inquiry report through PAO and get it verified from audit. DAC also directed to get the expenditure

regularized from competent authority. Against DP-N-125/2023-24, it was directed to verify the relevant documents from audit. DAC further directed to hold a court of inquiry and submit it through MoD within two months for verification by audit. Against DP-N-263/2023-24, the DAC in its meeting dated 05.01.2024 was apprised that the procurement opportunities have been advertised in two national dailies and on PPRA website. The DAC directed that relevant record may be got verified from audit. DAC further directed that in case of non-observance of PPRA rules a court of inquiry be conducted and its report be submitted to MoD. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-471, 545, 579 & 623/2022-23, DP-N-125, 136, 147 & 263/2023-24

2.5.2 Irregular expenditure in violation of PPRA rules – Rs. 352.448 million

According to Rule-4 of Public Procurement Rules, 2004, “Procuring agencies, while engaging in procurements, shall ensure that the procurements are conducted in a fair and transparent manner, the object of procurement brings value for money to the agency and the procurement process is efficient and economical”. Furthermore, Rule-12(1) & (2) of Public Procurement Rules 2004 stipulates that “All procurements over five hundred thousand Pakistani Rupees shall be advertised on the Authority’s website in the manner and format specified by regulation by the Authority from time to time.”

During audit of Army Formations for the financial year 2021-22 & 2022-23, it was observed that procurement of different items was made in violation of PPRA rules. The details are as under:

(Rs. in million)

Sr. No.	DP No.	Nature of violation	Amount
1.	S-166/2023-24	Without advertisement on authority’s website as well as in print media.	138.152
2.	S-350/ 2022-23		93.589
3.	S-348/ 2022-23		36.00
4.	S-423/ 2022-23		26.50
5.	S-398/2022-23		16.50

6.	S-367/2022-23		15.46
7.	S-317/2023-24		11.270
8.	S-155/2023-24		7.399
9.	S-95/2023-24	Contract was awarded before advertisement	6.274
10.	S-364/2022-23	Transparency of the tendering was violated as contract was given on favoritism	1.304
11.	S-298/2023-24	Auction made without advertisement on authority's website as well as in print media	0
Total			352.448

Audit is of the view that the procurement in violation of Public Procurement Rules resulted in uneconomical and non-transparent procurements.

The matter was pointed out by audit from November, 2022 to September, 2023. The management in DP S-166 & S-298, did not furnish the reply. In case of DP S-350 & S-367, the management replied that advertisement of tender is responsibility of contract concluding authority i.e., EME depot. The same would be obtained from the unit and produced to audit for verification. In case of DP S- 348, the management replied that documentary evidence of publication of print media will be provided as traced. In case of DP S-423, S-398 & S-155, the management replied that contract concluded by the competent authority after completion the legal formalities, in case of DP S-364, the management replied that procurement was made at the lowest rate. In case of DP S-95, the management replied that required documents were asked from concerned office & will be produced as and when received. In case of DP S-317, the management replied that all the contracts were concluded after advertisement in print media and also on PPRA website.

Replies furnished by the management were not tenable as no documentary evidence was provided regarding compliance of PPRA rules.

The DAC in its meeting dated 30.08.2023 directed the management in DP S-350, S-348, S-423, S-398, S-95, S-155, S-166 & S-317 that relevant tendering documents be provided to audit for verification. In case of DP S-367 & S-95, DAC directed the

management to hold court of inquiry against the violation of rules, to fix responsibility against the person(s) at fault. The inquiry report after endorsement from PAO be provided to audit for examination. In case of DP S-298, DAC directed the management to provide relevant records of auction proceedings of rent pertaining to parking stand and shops to audit for verification. No further progress was reported till finalization of this report.

Audit recommends implementation of the DAC directives.

DP-S-350, 348, 423, 398, 364 & 367/2022-23 and DP-S-95, 155, 166, 298 & 317/2023-24

2.5.3 Procurement of items through local purchase in violation of PPRA rules – Rs. 38.472 million

According to PPRA Rule 4, “Procuring agencies, while engaging in procurements, shall ensure that the procurements are conducted in a fair and transparent manner, the object of procurement brings value for money to the agency and the procurement process is efficient and economical.”

During audit of an Army Formation for the financial year 2021-22, it was observed that an item was repeatedly procured from different contractors amounting to Rs. 38.472 million in violation of the PPRA rules.

Audit is of view that procurement of stores in violation of the PPRA rules indicated weak internal controls within the organization.

The matter was pointed out by Audit in March, 2023. The management replied that procurement within a financial year is carried out using comparative statement (CST) of a Depot and no deviation from it was made. Reply furnished by the management was not tenable as no documentary evidence of CST approved by the Depot was produced. Further, same items purchased issuing the orders to different contractors at same rate on favoritism.

The DAC in its meeting dated 30.08.2023 directed the management to hold court of inquiry against the violation of rules, to fix responsibility against the person(s) at fault. The inquiry report after endorsement from PAO be provided to audit for examination. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-369/2022-23

2.5.4 Procurement of store and maintenance work without codal formalities – Rs.18.030 million

Rule-86 & 87(a) of Financial Regulations Volume-I 1986 stipulates that supplies and services required to carry on the public business shall be obtained ordinarily by contract on the authorized tender forms, all contracts, agreements, understandings, etc. entered into by an officer with commercial or non-Government concerns shall be recorded in writing and a copy thereof, signed by both contracting parties, will be carefully filled.

During audit of an Army School, it was observed that a sum of Rs.18.027 million was expended on repair / renovation of Foreign Trainees Mess Shed and procurement of stores without conclusion of contract agreements and estimate. Furthermore, the repair / renovation works were executed without obtaining NOC from MES. Hence, the expenditure incurred on repair / renovation without conclusion of contracts and obtaining of NOC from MES stood as irregular which needed regularization.

When pointed out by audit, the management replied that funds were allotted for repair/maintenance and indoor facility for Foreign Trainees out of sub allocated fund allotted by GHQ.

The reply was not tenable being irrelevant.

The DAC in its meeting dated 29.11.2023 directed for regularization of expenditure from the competent financial authority and its verification from audit within three months. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-474/2022-23

2.5.5 Irregular procurement in violation of PPRA rules - Rs. 4.111 million

According to Rule 2(f) of PPRA Rules 2004, “Corrupt and fraudulent practices includes the offering, giving, receiving, or soliciting of anything of value to influence the action of a public official or the supplier or contractor in the procurement process.”

During audit of an Army Formation for the financial year 2021-22, it was observed that the lowest bid for procurement of an item was submitted by 2 contractors whereas, purchase orders were issued at higher rate to other contractors irrespective of submission of bids. The details are mentioned below:

(Amount in Rs.)

Serial No	Rate offered by Lowest bidder	Rate offered by Highest bidder
1	850	2100
2	560	800

Audit is of view the issuance of purchase orders at higher rates caused loss to state, which indicated weak internal controls within the entity.

The matter was pointed out by Audit in March, 2023. The management replied that the product was selected as per PPRA Rule 10. It is discretion of workshop to procure at the lowest rate.

Reply was not tenable as the purchase order was issued at a higher rate in violation of PPRA rules.

The DAC in its meeting dated 30.08.2023 directed the management to hold court of inquiry against the violation of rules, to fix responsibility against the person(s) at fault. The inquiry report after endorsement from PAO may be provided to audit for examination. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-373/2022-23

2.5.6 Loss to state due to procurement at higher rate – Rs. 3.176 million

According to PPRA Rule 4, “Procuring agencies, while engaging in procurements, shall ensure that the procurements are conducted in a fair and transparent manner, the object of procurement brings value for money to the agency and the procurement process is efficient and economical.”

During audit of an Army Formation for the financial year 2021-22, it was observed that different items were procured at higher rate despite low rate bids. The purchase orders were issued to all contractors by selecting the higher rate offered and without recording the justification, which caused loss to state amounting to Rs 3.176 million as tabulated below:

Qty	Rate in Rs	Amount Paid (Rs)	Lowest rate (Rs)	Amount payable (Rs in Million)	Loss (Rs in Million)
1855	2100	3.895	850	1.576	2.318
810	800	0.648	560	0.453	0.194
810	450	0.364	335	0.271	0.093
456	2100	0.957	850	0.387	0.571
		5.864		2.687	3.175

Audit is of the view that the award of contract in violation of PPRA rules reflected weak internal controls within the entity.

The matter was pointed out by Audit in March, 2023. The management replied that procurement was made under clause 10 of PPRA by mentioning the specification of brand.

Reply furnished by the management was not tenable as the product was selected in violation of PPRA.

The DAC in its meeting dated 30.08.2023 directed the management to hold court of inquiry against the violation of rules, to fix responsibility against the person(s) at fault. The inquiry report after endorsement from PAO be provided to audit for examination.

Audit recommends implementation of DAC directives.

DP-S-360/2022-23

2.6 Un-authorized / irregular payments – Rs. 8,448.149 million, USD 0.265 million & Euro 1.759 million

2.6.1 Un-authorized release of payment – Rs. 2,000.00 million

According to Rule-47 (e) of Financial Regulation Volume-I, 1986, “The most careful supervision over expenditure shall be exercised and on no account shall money be spent simply because it is available”.

During audit of Al-Mizan Fund at a CMA, it was observed from contingent bills of a Corps Headquarters and Disbursement Vouchers that an amount of Rs. 2,000.00 million was sanctioned and paid for 20 KV Solar System along-with Solar lightening. However,

no CRV, Inspection note and delivery challans were found attached with the bills. Thus, release of payments without these documents is unauthorized.

When pointed out by audit, the management replied that the contract was executed through formal agreement wherein the contractor was bound to complete the work within specified period i.e., up to 10.06.2021 and no supply of stores was required.

The reply was not tenable as CRVs along-with allied documents were demanded for audit verification but not produced.

The DAC in its meeting dated 05.01.2024 directed to shift the para to Army. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives and regularization of the expenditure.

DP-N-188/2023-24

2.6.2 Un-authorized utilization of funds – Rs. 1,506.000 million

According to Government of Pakistan, Ministry of Defence letter No. F.48/49/S/GHQ/F.2/18/D-12/2003 dated 06.11.2003, QMG Fund for shifting of GHQ was established and sanctioned. Furthermore, according to para-2(f) of Ministry of Defence letter No.F.2/18/D-12 (ML&C)/2003 dated 11.11.2003, QMG Fund shall be used to bear all expenses related to shifting / construction of Defence Complex.

During audit of an Engineering Formation, following irregularities were noticed:

- a) A total of 21 contracts involving civil works for different facilities valuing Rs. 330.564 million, were concluded out of Al-Mizan fund which was sanctioned for operational areas. The said contracts were executed in non-operational areas.
- b) Furthermore, 15 contracts involving civil works valuing Rs. 1,175.262 million, were concluded out of Normal Defence Fund which was sanctioned for routine activities.

Audit pointed out that the expenditure on construction works out of Al-Mizan fund and normal defence fund was not covered under provisions of the above referred letter.

When pointed out by audit, the management replied that the audit observation pertained to Qtg & Lands Directorate, GHQ. It was referred to them for reply, which as and when received, would be provided to audit.

The DAC in its meeting dated 26.09.2023 directed the management that work / construction being carried out as per approved list by MoD be submitted to audit for verification within 01 week. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-390/2022-23

2.6.3 Undue favor to contractors for advance payments – Rs. 1,068.738 million

A. According to Para 16 (d) of contract agreement of Directorate General Procurement Army, “100% inspection will be carried out at each consignee Deps. (e) Inspection authority will carry out 5% super check at any consignee dep at the discretion of competent authority.”

During audit of an Army Depot for the financial year 2021-22, it was observed that the depot issued advance CRVs without receipt of stores amounting to Rs. 1,057.584 million. At the same time the Formation issued, IRVs, inspection notes and 5% super check certificates. This resulted in advance payments to contractors.

Audit is of the view that due to the issuance of CRVs without actual receipt of the stores; the Government interest was compromised.

The matter was pointed out by Audit in April, 2023, the management replied that concerned section had already approved issuance of advance inspection notes and CRVs of distribution contracts to avoid lapse of funds, timely completion of procurement formalities and utilization of funds in financial year 2019-20. This depot has cleared advance CRVs against distribution contracts as per instructions of relevant authorities. Reply is not tenable as advance payment was made against the rules.

The DAC in its meeting dated 30.08.2023 directed the management to submit revised reply to audit for examination within one month. No progress was reported till finalization of this report.

Audit recommends holding of inquiry and fixing responsibility on the person(s) at fault.

DP-S-410/2022-23

B. According to Para – 408 of MES Regulation - 1998, “It is necessary sometimes, in the interest of work, to engage laborers or contractors or incur other liabilities on behalf of the contractor concerned, to complete work which he has neglected or failed to complete. In such a case it is permissible to spend Government funds on behalf of the contractor in accordance with the terms of his agreement. Otherwise, no advance or recoverable payment should be made to or on behalf of a contractor, nor should financial aid be given to him in any form. Furthermore, according to Rule 408 – 417 of DSR-1998, there is no provision of advance payment to contractor except secured advance.

During audit of MES Army for the financial year 2022-23, it was observed that advance payment of Rs.11.154 million was paid to the contractors against five contracts. The physical progress of work in all the contracts was less than the amount paid to the contractors.

Audit is of the view that unjustified advance payments to contractors was a serious violation of rules and regulations reflected weak internal controls within the Formation.

The matter was pointed out by the Audit in September, 2023. The management replied that as per progress report the physical progress of all contracts pointed out by Audit authorities were higher than the financial progress of the works. Reply was not tenable as the progress of work were less than the payment made to contractors.

The DAC in its meeting dated 29.12.2024 directed the management to reconcile recoverable amount and the recoveries verified from audit within two months. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-47/2023-24

2.6.4 Irregular usage of Class-C land – Rs. 1,063.221 million

According to Rule 7 of CLA Rule 1937 “no alteration in the classification of land which is vested in the state or in the Board shall be made except by the central govt. or by such other authority as may be empowered in this behalf and the condition on which land may be transferred from one class to another shall be governed by the order of the central govt. or by the provision of any law or rule for the time being in enforce which may be applicable”.

During audit of a Cantonment Board, for financial years 2021-22 and 2022-23, it was observed from CBR No.13 dated 30.01.2019 and letters dated 10.07.2019 & 24.07.2019 that Army Authorities are utilizing Class-C land measuring 4.068 acres valuing Rs. 1,063.221 million without change of purpose from Federal Government in violation of CLA Rules 1937. The unauthorized use of Class-C Land needed regularization from Government of Pakistan besides recovery of rent for the use of land amounting to Rs.106.322 million from July, 2021 to June, 2023 (details in Annexure-II).

When pointed out by audit, the management replied that Class-C land measuring 4.068 Acres was under the utilization of Army in different unit areas and an area measuring 0.805 acres being A-1 land was under the use of Cantonment Board. Case for provision of land of the Cantonment Board / swap over of land with Army Authorities is being initiated to resolve the issue.

The reply was not tenable because irregular use of Cantonment Land was a violation of CLA Rules 1937. Rent of this land to the tune of Rs. 106.322 million (estimated) from July, 2021 to June, 2023 needed recovery from the Army besides discontinuation of the use of Class-C land by army authorities and its resumption by the Cantonment Board. The actual rent before July, 2021 from the date of occupation however, needed to be worked out and recovered from the Army and deposited into Cantonment Fund.

The DAC in its meeting dated 05.01.2024 shifted the para to Army with the direction to resolve the matter by constituting a Board of Officers within three months. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives and strict following of the rules in the matter.

DP-N-379/2023-24(Reported as Critical Issue to PAO)

2.6.5 Irregular sanction of work beyond financial powers – Rs. 898.063 million

A. According to Ministry of Defence letter No.F.3/1/98/D-15 dated 23 February 2008, “The financial power of CLS/DCN(S) in respect of ASC contracts is Rs 13.500 million.”

During audit of an Army Formation for the financial year 2020-22, it was observed that 09 contracts amounting to Rs. 862.013 million were concluded during the period. It was noticed that the contracts were sanctioned by the Chief of Logistic Staff (CLS), who was not empowered to sanction the expenditure beyond Rs.13.500 million.

Audit is of the view that contracts sanctioned were beyond the financial power of the sanctioning authority, which indicated weak internal controls within the Formation.

The matter was pointed out by the Audit in May, 2023. The management replied that as per Ministry of Defence letter dated 23-2-2008, Commander Log Area was empowered to sanction the contract up to Rs. 4.5 million. Reply was not satisfactory as contracts under observation were beyond the financial powers of CLS.

The DAC in its meeting dated 29.12.2024 directed the management to provide relevant record to audit for verification. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-181/2023-24

B. According to Rule-19, of Financial Regulations Volume-1, 1986, "No measure which requires the sanction of the superior authority shall be sanctioned by the sub-ordinate authority in installments". Furthermore, as per Rule-9 of PPRA Rules 2004, "A procuring agency shall announce in an appropriate manner all proposed procurements for each financial year and shall proceed accordingly without any splitting or regrouping of the procurements so planned." Moreover, according to Government of Pakistan, Ministry of Defence letter No. F.3/1/98/D-15 dated 23rd February, 2008, "The revised financial power in terms of procurement of training aid (concerning Rule 43(d) of Financial Regulations Volume-I, 1986) of Service Chief is upto Rs 4,000,000 and IGT&E and PSO concerned at NHQ & GHQ is upto Rs 2,000,000 per item."

During audit of an Army Formation for the period 2020-21 & 2021-22, it was observed that procurement of an item amounting to Rs. 36.050 million was made through 10 sanctions. Audit noted that sanctions were issued in piecemeal as 10 different LPOs (Local Purchase Orders) on same date i.e. 21.03.2022 to avoid approval from higher authorities.

Audit is of the view that the issuance of sanctions in piecemeal was in violation of rules, which indicated weak internal controls within the organization.

The matter was pointed out by audit in April, 2023. The management did not discuss the observations despite the issuance of reminders.

The DAC in its meeting dated 29.12.2024 directed the management to get ex-post facto sanction from competent authority be obtained and get it verified from audit. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-143/2023-24

2.6.6 Irregular usage of building on Class-C land – Rs.717.149 million

In accordance with Para I-C of Ministry of Defence letter No. 11017/2n6/D (lands) dated 07.10.1977 & DG ML&C vide No. 744/27/L/L&Cn7 dated 23.11.1977 have issued the instructions/orders that “Cantonment Board is responsible for detection and removal of encroachments on Class B-4 land within Civil Areas and Class-C land”.

During audit of a Cantonment Board, it was observed that a building known as Old General Bus Stand is under usage of Station Headquarters as office building measuring 130 Marla with a covered area of 7,813.02 sft. However, no rent or adjustment regarding swap over of Class-C land with Class-A land on equal financial value basis was made.

When pointed out by audit, the management replied that the matter regarding swap over of Class-C land with Class-A land was under process.

The reply was not tenable as neither rent was recovered nor adjustment of land in shape of provision of Class-A land against Class-C land was made from the authority concerned.

The DAC in its meeting dated 28.11.2023 shifted the Draft para to Army and again discussed the matter on 29.11.2023. The DAC further directed to recover the rent and expedite the swap over process. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-89/2023-24

2.6.7 Irregular procurement of material – Rs. 296.655 million

According to Rule 47(e) of Financial Regulation 1986, “The most careful supervision over expenditure shall be exercised and on no account shall money be spent simply because it is available”. Under Notes (1) to rule 109 (b) of Financial Regulations Army 1986 regarding payments to contractor, “The above procedure shall not, in any way,

affect the rights of Government to deduct from bills (whether endorsed in favour of a bank or not) any sums due to them from the contractors on account of penalties, overpayments on the contract to which the bills pertain, or on any other contract with the Government”.

During audit of an Army Formation for the financial year 2022-23, it was observed that an amount of Rs.296.655 million was paid to various suppliers for procurement of different material. Audit noticed that procurement of stores was made in excess than its consumption. The comparison was made with stores procured and its consumption per KM.

Audit is of the view that procurement of material in excess of consumption resulted in wastage of funds, which indicated weak internal controls within the Formation.

The matter was pointed out by the Audit in August, 2023. The management replied that detailed justification for procurement of material would be produced shortly for reconciliation. Reply was not tenable as consumption of procured material was not justified.

The DAC in its meeting dated 29.12.2024 directed the management to provide relevant record to audit for verification. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-104/2023-24

2.6.8 Irregular conclusion of contracts – Rs.137.642 million

Under Rule-19 of Financial Regulations (Vol-I) 1986, the limit which has been set in each case extends to each separate sanction. The criterion in any case is the total cost of measure and no measure, which requires the sanction of superior authority, shall be sanctioned by a subordinate authority in installments. Furthermore, according to the Ministry of Defence Letter No.F.3/1/98/D-15 dated 23.02.2008, the Contractual financial power of QMG/DGRV&F is Rs.13.500 million.

During audit of a Military Farm, it was observed that 10,488 tons Bhoosa valuing Rs. 137.642 million were split up and procured through eleven (11) contracts just to bring the same within contractual powers of DG RV & F. Furthermore, the record shows that all the contracts were awarded to one contractor on the same date or in subsequent dates. This procurement was not in order and needed regularization from the government.

When pointed out by audit, the management replied that contracts were awarded for different delivery periods as per requirement. Furthermore, these contracts are of different commodities. Every contract amount is within the financial powers of DG RV&F.

The reply was not tenable as all the contracts were concluded with the same contractor for the same commodity on the same date or on subsequent dates.

The DAC in its meeting dated 29.11.2023 directed for regularization of the expenditure and its verification from audit. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-34/2023-24

2.6.9 Irregular payment to contractor – Rs.132.712 million

According to Rule-13 of Financial Regulations Volume-II 1986 as a safeguard against the possibility of a cheque or Government draft being misappropriated or lost after it has been endorsed by the person in whose favour it has been drawn and before it reaches the cashier, the person concerned shall see that every cheque or Government draft is entered in the cash book immediately after receipt. He shall initial the entry in the cash book before he endorses the cheque or Government draft for realization. Furthermore, Rule-60 requires that a reconciliation statement shall be recorded in the cash book at the end of each month. Moreover, Rule-6 (a) of Financial Regulations Volume-I 1986, every officer should exercise the same vigilance in respect of expenditure incurred from Government revenue as a person of ordinary prudence would exercise in respect of the expenditure of his own money. Rule-47 (e) of same Regulations further states that, most careful supervision over expenditure shall be exercised and on no account shall money be spent simply because it is available.

During audit of a Division Headquarters, it was observed from cash book that an amount of Rs. 132.712 million was shown paid to a vendor through two entries in cash book vide Paid Voucher (PV) No. 67 dated 22.06.2020 for Rs. 66.356 million and PV No. 68 dated 23.06.2020 for Rs. 66.356 million. However, it was noticed that an amount of Rs. 19.988 million was also paid to another vendor against the same PVs i.e., PV No. 67 dated 22.06.2020 for Rs. 10.057 million and PV No. 68 dated 23.06.2020 for Rs. 9.931 million without making any entry in the cash book. The cash book was closed on 30.06.2020 and account was sent to CMA for post-audit comprising details of all payments made during June, 2020 including PV No. 67 dated 22.06.2020 for Rs. 10.057 million and PV No. 68

dated 23.06.2020 for Rs. 9.931 million relating to another vendor as evident from letter dated 16.10.2020.

CMA also carried out the post-audit of these vouchers relating to another vendor without having any detail of payments of Rs. 132.712 million relating to the first vendor. The release of payment to first vendor for Rs. 132.712 million was incorrect and resulted into irregular payment to contractor needing recovery.

When pointed out by audit, the management replied that Rs. 132.712 million was allocated to the Division for construction works during June, 2020. The stores in question were actually purchased from the first vendor through PV No.67 & 68. The same documents were prepared in the name of the first vendor and post audited by CMA. Cash book and cheque books are linkable for payment to first vendor vide PV No. 67 & 68 which has also been audited by LAO. It is once again clarified that no fake PVs were prepared and no payment made to any other supplier.

The reply was not tenable because the cash accounts for Rs.132.712 million against first vendor was sent to CMA for post-audit vide Division letter dated 30.10.2020 comprising PVs No.1 to 14 paid during 24.05.2020 which were not part of the cash book. Therefore, Rs.132.712 million were drawn (PV No.67 dated 22.06.2020 amounting Rs.66.356 million and PV No.68 dated 23.06.2020 amounting Rs.66.356 million) which was entered in cash book and payment was shown related to the first vendor. However, as per original CRVs and paid vouchers payment of Rs.19.988 million (PV No.67 dated 22.06.2020 amounting Rs.10.057 million and PV No.68 dated 23.06.2020 amounting Rs.9.931 million) was actually related to another vendor and the same PVs were forwarded to CMA for post-audit vide letter dated 16.10.2020 which showed that the claim regarding payment of Rs.132.712 million to the first vendor was not correct.

The DAC in its meeting dated 05.01.2024 was apprised by the management that no misappropriation/fake payment was found and no loss to the State was occurred. The DAC directed that facts stated in the reply may be got verified from audit and all linkages may be established. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-221/2023-24

2.6.10 Irregular expenditure out of defence fund – Rs. 119.035 million

According to Sub Para (a) 2 of Para 1 of Appendix-F of Defence Services Regulations for MES 1998, Operational Works should be of a temporary nature actually needed for the prosecution of operations and are restricted to the requirements duly mentioned.

Furthermore, GHQ QMG's Branch letter dated 31.05.1987 clearly stipulates that Defence work funds could only be utilized for purposes mentioned in Appendix-F of DSR for MES 1998.

During audit of a CMA, it was observed that an amount of Rs. 119.035 million was released to Pak Works Section (PWS) for Defence works. However, it was noted that the funds were spent on construction of living barracks at different locations contrary to above provisions. The Controller office was required to make the payment after application of due pre-audit checks.

When pointed out by audit, the Controller office replied that as per Headquarters Corps letter dated 10.12.2018 the said fund had been allocated for expenditure in operational area and approved by the military operations Directorate. The operational reasons approved by military authorities could not be objected by the Accounts office. Keeping in view the importance of national security, this office was bound to release the said amount.

The reply of Controller office was not tenable as execution of residential work out of Defence work funds is unauthorized in the light of relevant government instructions.

The DAC in its meeting dated 28.11.2023 shifted the Para to Army.

Audit recommends for regularization of expenditure.

DP-N-103/2023-24

2.6.11 Unauthorized procurement of equipment – Rs.107.026 million

Government of Pakistan, Ministry of Defence vide their letter No.13(23)/D-2(A-II)/2009 dated 19-09-2009 amended vide even No. dated 21.02.2011, all kinds of Medical Stores less electro medical equipment, disposable and medical gases will be procured through Medical Directorate.

During the audit of various Military Hospitals, it was observed that Electro Medical Equipment amounting to Rs.104.066 million were purchased by the Hospitals at their end, which was irregular due to diversion from the referred Government orders.

When pointed out by audit, against DP-590, the management replied that as per Para-2 of Ministry of Defence letter dated 19.09.2009 “all kind of Medical store will be procured through Medical Directorate”. The electro medical equipment were purchased after due sanction of GHQ AG Branch Medical Directorate. Against DP-581, the management replied that funds for the procurement of electro medical equipment were consumed after sanction of Medical Directorate as per SOP given by HQ Log of the Corps dated 24.08.2016.

The replies were not tenable as the procurement of electro medical equipment was the mandate of DGP (Army).

The DAC in its meeting dated 26.06.2023, against DP-581 directed the management to submit documents to Audit that procurement was carried out as per authority of the Medical Directorate. Whereas against DP-590, the DAC in its meeting dated 29.11.2023 directed for regularization of expenditure from competent financial authority and get it verified from audit within two months. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-581 & 590/2022-23

2.6.12 Non-delivery of store amounting to Euro 1.759 million and US \$ 0.265 million

As per Para-17 of DPP&I-35, the ‘time’ for and the date of delivery of the stores as stipulated in the contract shall be taken as the essence of the contract. All deliveries must be completed within the dates specified in the contract. Should the supplier fail to deliver the stores or any consignment thereof within the stipulated period or any extension thereof, the Purchaser shall be entitled at his option to either:

- (1) Cancel the contract, and
- (2) To purchase elsewhere stores not delivered, at the risk and expense of the Supplier and without notice to him, OR

- (3) To recover liquidated damages at the rate of upto 2% but not less than 1% of the value of un-supplied quantity of the item(s) per month or a part of a month for the period exceeding the original delivery period, subject to the provision that the total liquidated damages will not exceed 10% of the total value of the un-delivered stores.

During audit of a Depot, it was observed that certain contractors failed to supply the store within stipulated delivery period amounting to Euro 1.759 million and US \$ 0.265 million but no action was taken by the Depot in the light of above quoted instructions.

When pointed by audit, the management replied that reminders were issued to the firms against their outstanding spares. Penalty against late delivery of store were imposed on firm at the time of submission of bills for payment.

The reply was not tenable as no documentary evidence in support of reply was provided.

The DAC in its meeting dated 26.09.2023 directed the management to verify the amount of LD imposed, alongwith supporting documents from audit. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-553/2022-23

2.6.13 Irregular local purchase without authorization -Rs. 82.712 million

Annexure A to Rule-9, FR Volume-1 states TO&Es and scales (scales of ration, clothing's scales and specifications of accommodation and furniture scales and rates of living accommodation).

During audit of an Army Depot for the financial year 2021-22, it was observed that an expenditure of Rs. 82.712 million was incurred for purchase of equipment for different units without observing authorization/scaling. In addition, an army depot was also providing the equipment to these units. Furthermore, a huge quantity of the equipment was replaced without declaring these items unserviceable through Board of Officers and not included in auction proceedings.

Audit is of the view that government funds were unnecessarily utilized without authorization.

The matter was pointed out by audit in March, 2023. The management replied that procurement of the items was made by the depot on orders of GHQ.

The DAC in its meeting dated 30.08.2023 directed the management that relevant record i.e., authorization, scales, Board of Officers and handing over the Equipment to the Depot concerned be provided to audit for verification. DAC further directed that auction of the unserviceable stores be held expeditiously. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-445/2022-23

2.6.14 Irregular expenditure on Defence Works – Rs. 75.642 million

As per Para 8 (a) (1) and (2) of SOP of Defence work issued vide letter No.155/2/GS (Plans) dated 24-08-2009 “Physical & financial progress reports of Defence Work to be forwarded to HQ.”

During audit of the accounts of an Army Formation for the year 2022-23, it was observed that an amount of Rs.75.642 million was incurred on execution of 12 different Defence works. However, Progress/Completion reports of works and Material Ledger were not provided/maintained. In the absence of such documents, the expenditure could not be verified.

Audit is of the view that non-maintenance of mandatory documentation is violation of Standing Operating Procedure of Defence work reflected weak internal controls within the organization.

The matter was pointed out by audit in September, 2023. The management stated that reply would follow.

The DAC in its meeting dated 18.01.2024 directed the management to provide relevant record i.e., progress report, material ledger and completion certificate to audit for verification within month. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-301/ 2023-24

2.6.15 Unjustified excess payment more than contractual obligation Rs. 73.498 million

According to Para 15 b. (3) of DSR-1998, “The funds are expended on those duly authorized services for which they are allotted and on no others.”

During audit of an Engineering Formation for the financial year 2022-23, it was observed that five contracts amounting to Rs. 415.345 million were concluded with different contractors whereas, total payment of Rs.488.843 million was released to contractors against such contracts, which resulted in excess payment of Rs. 73.498 million beyond contractual obligation.

Audit is of the view that excess payment made to contractors indicated weak internal controls within the entity.

The matter was pointed out by Audit in August, 2022. The management replied that no overpayment was made to contractors. It was further clarified that funds were booked according to administrative approval instead of contract. Reply was not tenable as excess payment was made beyond contractual obligation.

The DAC in its meeting dated 18.01.2024 directed the management to provide relevant record i.e., contract amount and administrative approval to audit for verification within one month. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-312/ 2023-24

2.6.16 Loss due to irregular purchase– Rs.40.000 million

According to Rule-38 of PPRA 2004, the bidder with the lowest evaluated bid, if not in conflict with any other law, rules, regulations or policy of the Federal Government, shall be awarded the procurement contract, within the original or extended period of bid validity.

During audit of a Military Farm it was observed that tenders were called for supply of Whole Milk Powder during 2015-16. After opening of bids one bidder came lowest with a rate of Rs.440 per KG and the other bidder was 4th lowest with the rate of Rs.549 per KG. However, offers of the 1st three lowest were not accepted on the grounds of non-submission of CDRs, other documents or sample of milk powder. Afterwards negotiations were carried out with other (4th lowest) bidder and revised offer was obtained with rate of Rs. 488 per KG and contract was awarded to the firm despite the fact that revised rate was also higher

than the 3rd lowest bidder. In this regard it is pointed out that the state was put into loss of Rs. 40.000 million (Rs. 488 – Rs. 440 = Rs. 40 x 1,000,000 KG).

When pointed out by audit, the management replied that the first three lowest bidders were rejected due to non-submission of CDRs. Thus negotiations were carried out with 4th lowest bidder and the contract was awarded.

The reply was not tenable because neither the evaluation criteria of bids was available nor the commercial offer of the technically rejected bid was returned unopened. In addition, negotiation with the bidder is also violation of PPRA.

The DAC in its meeting dated 26.09.2023 directed the management to verify the bidding documents of all bidders that participated in tender to audit. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-438/2022-23

2.6.17 Un-authorized expenditure beyond financial powers – Rs.40.000 million

According to Rule 19 of Financial Regulations Volume-I 1986 “Sanction in Installments” The limit which has been set in each case extends to each separate sanction. The criterion in any case is the total cost of measure and no measure, which requires the sanction of superior authority, shall be sanctioned by a subordinate authority in installments. Furthermore, as per Rule 43 (d) of Financial Regulations Volume-I (1986), duly amended vide Ministry of Defence letter No F-3/1/98/D-15 dated 23.02.2008 the revised financial powers of the Services Chiefs for procurement of training aids are Rs.450,000 per annum and the expenditure on this account should not exceed Rs.13.500 million in a year.

During Audit of certain Formations, it was noticed that Rs.40.000 million was sanctioned out of annual training grant in piecemeal on consecutive / subsequent dates, restricting upto Rs.450,000 in each case which was irregular being not covered under delegated financial powers.

(Rs. in Million)

Sr. No.	DP No.	Amount
1.	DP-N-356/2022-23	25.000
2.	DP-N-529/2022-23	15.000
Total		40.000

When pointed out by audit, no reply was furnished by the management for DP-356/2022-23, the management replied for DP-529/2022-23, that sanctions were accorded by GHQ, IGT&E Branch (MT Directorate) on behalf of COAS in accordance with Ministry of Defence letter on the subject.

The DAC in its meeting dated 26.09.2023, in case of DP-356/2022-23 directed to submit documents to audit for verification with respect to delegation of financial powers of COAS as per FR 1986 and the expenditure under different heads. In case of DP-529/2022-23 DAC was apprised that purchases were made from different heads of account and as per the financial limit of Service Chief. DAC directed for regularization and its verification from audit. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-356 & 529/2022-23

2.6.18 Splitting up of contracts -Rs. 31.204 million

As per Govt. of Pakistan Ministry of Defence letter No. 2/12/D-15/2001 dated 19.06.2019, "Contractual powers of CMES are Rs.10 million & 12 million (subject to financial consultation)". According to Para 27 of DSR, 1998, "No project will be split up merely to bring it within the powers of an approving authority."

During audit of various Engineering Formations for the financial year 2022-23, it was observed that the following contracts amounting to Rs. 16.297 million were concluded by CMES by splitting up in order to bring them into his financial power:

(Rs. in million)

Sr. No.	DP No	Amount of Final Bill	CBI No. & Date	Date of Acceptance
01	DP-S-176/203-24	7.989	14, (05-06-2023)	10-05-2023
		8.307	15, (15-06-2023)	10-05-2023
Sub-total		16.296		
02	DP-S-297/203-24	6.888	23, (02-06-2023)	10-05-2023
		8.020	24, (02-06-2023)	10-05-2023
Sub-total		14.908		
Grand Total		31.204		

Audit is of the view that contracts were concluded by splitting to bring them within the financial powers of the CMES and to avoid government sanction in violation of the above Rules.

The matter was pointed out by the Audit in August, 2023 & October, 2023. The management of DP S-176, replied that HQ issued various Jobs, with different Job numbers under two million which comes within the power of the Chief of Staff. In case of DP S-297, the management replied that mentioned CAs were concluded by CMES separately within financial power as sanctioned by MoD letter dated 19-06-2019.

The reply was not tenable as the observation was regarding splitting up of contracts to bring the same within the contractual powers of CMES.

The paras were discussed in the DAC in its meetings dated 29.12.2024 and 18.01.2024. In case of DP S-176, DAC directed the management to provide relevant record i.e., sanctions of work be provided to audit for verification. In case of DP S-No. 297, DAC directed the management to verify that the expenditure was not made in piecemeal otherwise the same may be regularized from competent authority. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-176 & 297/2023-24

2.6.19 Irregular conclusion of contracts beyond financial power – Rs. 28.40 million

According to Ministry of Defence letter No F.3/1/98/D-15 dated 23 February 2008, the financial power of D RV&F for conclusion of contract/Indent is Rs 4.5 million and of QMG for conclusion of contract/indent is Rs. 13.5 million for three years.

During audit of an Army Formation for the period 2017-18 to 2021-22, it was observed that a contract for procurement of Milk Powder amounting to Rs. 28.400 million was concluded beyond the delegated financial powers.

Audit is of the view that procurement in violation of government regulations indicated weak internal controls within the organization.

The matter was pointed out by audit in November, 2022. The management replied that QMG has powers of Rs. 13.50 million for conclusion of contract. The reply is not tenable because the agreement involved payment of more than Rs 13.50 million in each case which was beyond the authorized financial limit.

The DAC in its meeting dated 30.08.2023 directed the management that relevant tendering documents and sanctions from the competent authority be provided to audit for verification. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-422/2022-23

2.6.20 Irregular purchase out of election funds – Rs.25.800 million

According to Election Commission of Pakistan Notification No.F.3(2)/2018-Elec-I dated 10.07.2018, the decision to deploy the Pak armed and civil armed forces were for the provision of security inside and outside the polling stations. Furthermore, financial guidelines were issued by GHQ Budget Directorate through Note dated 20.07.2018.

During audit of a Controller Military Accounts, it was observed from the record that laptops and other miscellaneous store items valuing Rs. 22.000 million were purchased by Corps and payment was made vide DV No. 08 for the month of 02/2019. The amount expended was post-election expenditure which was made after the conduct of General Election, 2018 as the stores supplied and taken on charge by the Formations on dates well after the holding date of 25.07.2018 of General Election. Furthermore, there was no provision for procurement of items like laptops as per GHQ policy. Such purchase (of laptops and other miscellaneous store items), therefore, resulted in irregular expenditure.

Similarly, during audit of another Controller Military Accounts, it was observed that a Depot purchased blankets and Durrees amounting to Rs. 3.780 million. The stores were supplied and taken on charge by the Formation in the month of December, 2018 after the elections.

When pointed out by audit, the management replied that necessary clarification had been sought from the concerned Formation.

The reply was not tenable as it was the responsibility of the concerned CMA to check the bill/documents thoroughly while passing the bill.

The DAC in its meeting dated 28.11.2023, shifted the DP No.167 to concerned Depot and DP No.169 to the concerned Corps. No progress was reported till finalization of this report.

Audit recommends for regularization of expenditure.

2.6.21 Maintenance of unauthorized multiple Bank Accounts – Rs. 24.426 million

As per Rule 5(13) of Cash Management and Treasury Single Account Rules 2020, “Principal accounting officers, overseeing the Government offices on the instructions of Finance Division, shall close all bank accounts in commercial banks and provide evidence of such closures to Finance Division. Principal accounting officers shall transfer to treasury single account balances of accounts that contain public moneys appropriated through the Government’s.”

During audit of an Army Hospital for the financial year 2022-23, it was observed that the hospital maintained unauthorized multiple bank accounts with the closing balance of Rs. 24.426 million.

Audit is of the view that operating multiple bank accounts without approval from the competent authority was a violation of rules, which reflected weak internal controls within the Formation.

The matter was pointed out by Audit in December, 2023. The management did not provide any reply.

The DAC in its meeting dated 29.12.2024 shifted the para to Medical Directorate for further correspondence. No further progress was reported till finalization of this report.

Audit seeks justification on the matter.

DP-S-247/ 2023-24

2.6.22 Non-finalization of blacklisting of contractor and non-imposition of penalty -Rs. 8.223 million

According to Rule 19 of PPRA, 2004 “The procuring agencies shall specify a mechanism and manner to permanently or temporarily bar, from participating in their respective procurement proceedings, suppliers and contractors who either consistently fail to provide satisfactory performances or are found to be indulging in corrupt or fraudulent practices. Such barring action shall be duly publicized and communicated to the Authority.” Further, as per Clause-52(a) of PAFW-2249 forming part of contract that ‘if the contractor fails to complete the works and clear the site as stated in Clause-53, such breach be liable to pay as compensation amount equal to 1% of the sum or of the measured

value of the works order for every week, provided that total amount of compensation so payable under this condition shall not exceed 10% of the contract sum.”

During audit of an Engineering Formation for the Financial Year 2022-23, it was observed that a contractor was awarded three different works amounting to Rs. 165.602 million in 2019. The contractor left the job uncompleted. Later on these works were completed through another contractor after lapse of thirty months. The non-execution of work contractor was neither penalized by blacklisting of the contractor nor of liquidated damages of Rs. 8.223 million @ 10% were recovered.

Audit is of opinion that due to non-recovery of LD charges/blacklisting of the contractor reflected weak internal controls within the entity.

The matter was pointed out by the Audit in September, 2023. The executive did not furnish reply.

The DAC in its meeting dated 29.12.2024 directed the management that relevant record including work suspension letter, risk and cost and black listing of contractor be provided to audit for verification. No progress was reported till finalization of this report.

Audit recommends implementation of the DAC directives.

DP-S-46/2023-24 (Reported as Critical Issue to PAO)

2.6.23 Irregular transfer of public funds to regimental fund account – Rs.5.516 million

Rule-115 of Financial Regulation Volume-I (1986), stipulates that, "All cash and store transactions to which an individual in his official capacity is a party, must be brought to account.”

During audit of an Army Formation for the period 2019-20 to 2021-22, it was observed that government funds amounting to Rs. 5.516 million were transferred to regimental fund account (non-public fund) to avoid lapse of funds.

Audit is of the opinion that transfer of public funds into non-public fund account indicated weak internal controls within the Formation.

The matter was pointed out by Audit in May, 2023. The management replied that funds were non-lapsable and transferred to regimental fund.

Reply of management was an admission of the irregularity.

The DAC in its meeting dated 30.08.2023 directed the management that authority for transfer of public fund into Regimental fund be provided to audit for verification. No progress was reported till finalization of this report.

Audit recommends implementation of the DAC directives.

DP-S-429/2022-23 (Reported as Critical Issue to the PAO)

2.7 Recoverable / Overpayments – Rs. 8,165.260 million and USD 0.386 million

2.7.1 Non-recovery of lease rent – Rs. 5,806.403 million

Under Rule 126 (c) of Financial Regulation Vol-II 1986, “Deputy Director Military farms/assistant director military farms/deputy assistant director remount veterinary and farms (RV&FC) shall satisfy themselves that every advance has been made in accordance with regulations and shall verify its adjustment”.

During audit of a Military Farm it was observed from annual trading account for the financial year 2020-21 that prior to 1999 / 2000, Government land was being leased out through Batai system of cultivation, in which cultivation expenses and yield of crops was proportionately shared between owner and tenants. An account was being maintained by Military farms for loans and advances to tenants and valuation of crops for recovery. Subsequently, GHQ revised its policy and switched over to thekka system however, a sum of Rs.5,806.404 million against 18 chaks on account of lease rent for the period from 2000 to June 2021 was not deposited by the tenants. This omission resulted into non recovery of lease rent which needed recovery.

When pointed out by audit, the management replied that recovery action is under process.

The DAC in its meeting dated 29.11.2023 directed to pursue the recovery expeditiously and get it verified from audit. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-141/2023-24

2.7.2 Non-recovery of sales tax on services – Rs. 718.372 million

A. According to Item No. 49 of 4th Schedule of Constitution of Pakistan amended vide 18th Amendment to the Constitution, “The imposition, administration, collection and enforcement of tax on services is the prerogative of the provinces”. As per clarification issued vide U.O. No. 3(10)ST-L&P/2007(PI)114971-R dated 27-09-2018 by FBR (Federal Board of Revenue), “The authority to levy and collect sales tax on services provided within the territorial limits of provinces now vests with the respective provinces. Therefore, the federal/provincial government departments, autonomous bodies and public sector organizations shall withhold the amount of sales tax on such services as prescribed under the provincial sales tax law and rules and deposit the same in the respective provincial heads of account.”

During audit of various Army Formations for the financial year 2021-22 & 2022-23, it was observed that sales tax on services amounting to Rs. 627.941 million was not deducted from suppliers/contractors.

(Rs in million)

Sr. No.	DP No.	Taxable Amount	% of Sales Tax	Amount of Sales Tax on Services
1.	S-101/2023-24	1,836.674	15%	275.501
2.	S-141/2023-24	1,121.847	13%	145.840
3.	S-55/2023-24	1795.347	5%	107.721
4.	S-158-A/2023-24	207.600	13%	26.988
5.	S-122/2023-24	450.196	5%	22.510
6.	S-44/2023-24	292.121	5%	14.606
7.	S-450/2022-23	198.773	6%	11.90
8.	S-17/2023-24	199.507	5%	9.975
9.	S-163/2023-24	150.555	5%	7.528
10.	S-156/2023-24	57.53	6%	3.452
11.	S-361/2022-23	14.773	13%	1.920

Total	627.941
--------------	----------------

Audit is of view that due to non-compliance of rules/orders, government revenue could not be realized which indicated weak internal controls within the organization.

The matter was pointed out by Audit in December, 2022 & March, 2023. The management in DP S-101 replied that documentary evidence of sales tax on services will be produced shortly for audit verification. In case of DP S-141, & S-156, the management did not furnish the reply. In case of DP S-55, the management replied that contractor provided exemption certificates issued by the concerned Revenue Authority. In case of S-158 the management replied that GST@ 1/10th was deducted from contractors` bills and deposited into government treasury. In case of DP S-44, S-122 & S-163, the management replied that Unit Accountant already deducted the tax from final bills. In case of DP S-450 & S-17 management replied that concerned Directorate was approached vide letter dated 22 November 2021, but further decision of higher authority has not been received so far. In case of DP S-361, the management replied that deduction of tax is the responsibility of the CMA concerned.

The replies were not tenable as MoD in its letter dated 27th January 2021 has decided the matter. The MAG vide its latter dated 31-03-2021 has issued Code Head for deposit of the subject tax. Therefore, non-deposit of this tax was a serious violation of rules. In case of DPs S-101, S-44, S-122, S-158, S-163, no documentary evidence was provided by management for verification of recovered sales tax on services. In case of DP S-55, as per BRA letter dated 08-12-2022 it was stated that the sales tax on services is being levied. Therefore, there was no exemption.

The DAC in its meetings held on 30.08.2023 and December, 2023 directed the management in DP S-450, DP S-156 & DP S-163 to reconcile the recoverable amount with @ 6%. Recovery thereafter be made from the concerned contractors and got verified from audit. In case of DP S-361, DAC directed the management that that relevant documents of deduction of sales tax on services by the CMA. DAC further directed that HQs issue fresh letters for the deduction of sales tax on services by the Formations. In case of DP S-17, DP S-44, DP S-101, DP S-122, DAC directed the management to pursue the recovery of sales tax on services within 2 months. In case of DP 55, DAC directed the management to put up updated reply, whereas, remaining recovery be expedited and get it verified from audit. In case of DP S-141, DAC directed that audit will verify the recovery of the tax from CMA concerned. In case of DP S-158, DAC directed that as the unit has moved, the management

of concerned Division will pursue the recovery under intimation to MoD/Audit. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-361 & 450/2022-23 and DP-S-17, 44, 55, 101, 122, 141,156, 158(A) & 163/2023-24

B. During the audit of army Formations for the financial year 2022-23, it was observed that sales tax on services amounting to Rs 90.431 million was less deducted from the payment made to various contractors in contravention of the rules. The details are given below:

(Rs in million)

Sr. No.	DP No.	Amount paid to contractors	Amount deducted	Amount to be deducted	Amount Less recovered
1.	S-53/2023-24	1,757.70	16.472 @ 1%	105.642 @ 6%	88.990
2.	S-235 /2023-24	1,77.202	7.422 @ 4.18%	8.863 @ 5%	1.441
			Total		90.431

Audit is of the opinion that due to less-recovery of sales tax on services from the contractors the government sustained loss. This indicated prevalence of weak internal controls within the Formation.

The matter was pointed out by Audit in 2023. The reply was not tenable as recovery of tax should be made according to prescribed rates.

The DAC in its meeting dated 29th December. 2023 and 18.01.2024, directed the management to reconcile/recover the amount and get it verified from audit within two months. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-53 & 235/2023-24

2.7.3 Non-recovery of allied charges– Rs. 250.241 million

According to Para 442 of DSR-1998, ‘The GE is responsible for making demands for payment of all revenue and for taking steps for its prompt realization.’ As per Rule 81 of Quarters and Rents rules 1985 as amended vide letter No. F.5620/109/Qtg-4/F-2/D-3(AIII)/2002 dated October 14, 2009, scale for free consumption of sui gas to a cook house is prescribed by the government @ 400 cft per person per month.

During audit of various Engineering Formations for the financial year 2021-22 & 2022-23, it was observed that allied charges (i.e. electricity, gas & water) amounting to Rs. 250.241 million were lying outstanding against various consumers / occupants.

(Rs in million)

Sr. No.	DP No.	Amount
3.	DP-SSR-S-462	94.281
4.	DP-S-45/2023-24	61.158
5.	DP- SSR-S-201	33.120
6.	DP- SSR-S-195	16.534
7.	DP-S-51/2023-24	13.690
8.	DP- SSR-S-418	9.610
9.	DP- SSR-S-196	6.632
10.	DP-S-157/2023-24	5.023
11.	DP-S-164/2023-24	2.608
12.	DP-S-165/2023-24	2.179
13.	DP-S-234/2023-24	2.067
14.	DP- SSR-S-197	1.869
15.	DP-S-124/2023-24	1.470
Total		250.241

Audit is of the view that non-recovery of allied charges indicated weak internal controls within the Formations.

Non-recovery was pointed out by audit from August, 2022 to September, 2023. In case of DP S-462, the management replied that ROR have been issued for the recovery of

dues from the concerned. In case of DP S-201, the management replied that the office issued 592 RORs in the light of Rule 28 (a) of Q&R 1985 and accordingly the UA prepared bills against army officers. In case of DP S-195, S-196, S-197, & S-45, S-157, S-165 the management did not furnish the reply, in case of DP S-418, DP-S-51, DP-S-124, DP S-234 the management replied that all the concerned consumers had been approached for recovery. In case of DP-S-234 the management responded that reply would follow. Replies are not tenable as timely recovery of dues is the responsibility of GE.

The DAC vide meeting held in January, 2023 and August, 2023 directed the management in DP S-196 to share documentary evidence of usage of building to audit for verification. In case of DP S-197, DAC directed to provide monthly bills to audit for verification. In case of DPs S-201 and S-124, DAC directed the management to reconcile the issue with audit. In case of DPs S-195, S-418, S-462, S-45, S-51, S-157, S-164, S-165 & S-234. DAC directed the management to verify the recovered amount from audit and pursue recovery of outstanding amount. No progress was reported till finalization of this report.

Audit recommends implementation of the DAC directives.

Note: (i) The issue was reported earlier in the Audit Report for Audit Year 2020-21 vide Para No. 2.7.3 having financial impact of Rs 7.747 million.

(ii) The issue was reported earlier also in the Audit Report for the Audit Year 2020-21 vide Para No. 2.10.2/DP S-105 & S-106 having financial impact of Rs 38.855 million & Para No. 2.10.2/DP S-101, S-154 & S-155 having financial impact of Rs 27.014 million. Recurrence of the same irregularity is a matter of serious concern.

DP-S-SSR-195, 196, 197, 201, 418 & 462 and DP-S-45, 51, 124, 157, 164, 165 & 234/2023-24

2.7.4 Non-deduction of General Sales Tax – Rs. 239.069 million

As per Sales Tax Act, 1990, the applicable rate of sales tax on items in Third Schedule has been increased to 17%. Furthermore, as per Rules 2(2) and (3) of the Sales Tax Special Procedure (Withholding) Rules, 2007 under S.R.O. 660(1)/2007, the 30th of June 2007, withholding agent shall deduct sales tax at 17% of the value of the taxable supplies made to him from the payment due to the supplier”

Furthermore, as per Sales Tax Act – 1990 (as amended upto 01.07-2015 through Finance Act 2015) Chapter –II, Clause 3 (1) that Subject To the provisions of this Act, there shall be charged, levied and paid a tax known as sales tax at the rate of seventeen percent of the value and (1A) “Where taxable supplies are made to a person who has not

obtained registration number, there shall be charged, levied and paid a further tax at the rate of three percent of the value”.

During audit of various Army Formations for the Financial Year 2022-23, it was observed that GST amounting to Rs 239.069 million on supplies from registered/unregistered suppliers was not deducted from suppliers/contractors.

(Rs in million)

Sr. No.	DP No.	Amount Paid	Rate of GST	Amount of Sales tax
1.	S-138/2023-24	1429.909	17%	177.004
2.	S-137/2023-24	296.218	17%	50.357
3.	S-248/2023-24	45.664	20%	9.132
4.	S-97/2023-24	15.150	17%	2.576
Total				239.069

Audit is of the opinion that due to non-deduction of sales tax, government exchequer was deprived of its revenue, which reflected weak internal controls within the Formations.

The matter was pointed out by audit in August, 2023 to December, 2023. The management in DP S-97 replied that the required documents will be produced as and when received. In case of DP S- 138 & S-137, the management stated that to avoid duplication, this office did not deduct GST after provision of invoices as per procedure in vogue. In case of DP S-248, the management replied that deduction of tax was responsibility of CMA.

Reply was not tenable as per paid vouchers GST was not recovered from contractor. In the case of DPs S-138 & S-137, as per rules UAGE being withholding agent was required to withheld 1/5th GST after provision of invoices. The remaining 80% of GST was to be deposited by the contractors through filing sales tax returns. Neither UAGE withheld 1/5th of GST, nor any evidence was provided regarding filing of the tax returns by the concerned contractors.

The DAC in its meeting dated 29.12.2024 and 18.01.2024, directed the management in DP S-97, that case for adjustment be taken up with concerned CMA. In case of DPs S-137 & S-138, DAC directed the management to reconcile recoverable amount, expedite remaining recovery and get it verified from audit. In case of DP S-248, DAC directed the management to provide relevant record to audit for verification. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-97, 137, 138 & 248/2023-24

2.7.5 Non-deduction of income tax- Rs. 187.39 million

According to Income Tax Ordinance 2001 (withholding provisions), Payment for goods, services, and execution of contracts under Section 153(1) Person(s) liable to deduct tax from resident person at the Rate 4.5% on supply of goods (by a person other than a company) and in case of services 10% respectively.

During audit of Army Formations for the Financial Year 2021-22 & 2022-23, it was observed that an amount of Rs. 2571.003 million was paid to different contractors on account of construction works, repair works and other services but income tax amounting to Rs. 187.39 million was not deducted which resulted in loss to the government.

(Rs. in million)

Sr. No.	DP No.	Head	Amount Paid	Rate of income tax	Amount of income tax
1.	S-135/2023-24	Construction of civil work	1805.794	10%	180.579
2.	S-233/2023-24	Hair cutting & washing contract	51.437	9%	4.629
3.	S-362/2022-23	Repair	7.058	20%	1.411
		Repair	7.714	10%	0.771
Total			2,571.003		187.39

Audit is of the view that due to non-deduction of income tax the government was deprived of its revenue, which indicated weak internal controls within the department.

The matter was pointed out by Audit in March, 2023 to December, 2023. In case of DP S-362, the management replied that deduction of tax was the responsibility of the

CMA. In case of DP S-135, the management replied that contractor provided exemption certificate issued by the FBR. In case of DP S-233, the management replied that income tax was deducted.

The reply furnished by the management was not tenable as no documentary evidence regarding recovery of tax was produced to audit for verification. In case of DP S-135, the exemption of contractor was on manufacturing goods whereas contractor provided the services which requires recovery of income tax, Furthermore, contractor has no exemption on the payment of income tax.

The DAC in its meetings dated 30.08.2023, 29.12.2024 and 18.01.2024, directed the management in DP S-362, that relevant documents of deduction of income tax by the CMA, be provided to audit for verification. In case of DP S-135, DAC directed the management to provide relevant record i.e., exemption certificates to audit for verification. In case of DP S-233, DAC directed the management to provide relevant record that the contractors were filers. In case of non-filers, amount of income tax be recovered and get it verified from audit. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives besides, adoption of remedial measures to avoid such lapses in future.

DP-S-362/2022-23 and DP-S-135 & 233/2023-24

2.7.6 Less deduction of income tax from contractors – Rs. 159.577 million

As per Section-153 of Income Tax Ordinance 2001, “Every prescribed person making a payment for rendering or providing of services is liable to deduct Income Tax from the gross amount of the bills at prescribed rates”.

During audit of various Army Formations for the financial year 2022-23, it was observed that income tax amounting to Rs 159.873 million was less deducted from the payments made to various contractors in contravention of rules.

(Rs in million)

Sr. No.	DP No.	Less recovery of income tax
1.	S-54/2023-24	68.227
2.	S-50/2023-24	23.885
3.	S-96/2023-24	16.50

4.	S-173/2023-24	16.046
5.	S-121/2023-24	13.824
6.	S-74/2023-24	9.241
7.	S-16/2023-24	9.150
8.	S-158-B/2023-24	2.704
Total		159.577

Non-deduction of government taxes as per prescribed rate reflected weak internal controls within the entity.

The matter was pointed out by audit from July 2023 to October 2023. The management in case of DP S-54 replied that as per clarification under section 153(1)(c) issued by FBR, rate of tax was 4% and 6.5% for companies and other than companies respectively. In case of DP S-96, the management replied that the required documents would be produced as and when received. In case of DP S-158, the management replies that income tax @ 4% was deducted and deposited into government treasury. The management for remaining DPs replied that all the contractors were filers and active taxpayer certificates were asked from contractors which would be provided for verification.

The reply was not tenable as no documentary evidence regarding status of active taxpayer/ filer of the contractors was provided. Furthermore, the deductions of tax were not made as per prescribed rates.

The DAC in its meetings dated 29.12.2024 and 18.01.2024, directed the management that for DP S-16, to submit updated reply besides reconciliation the recoverable amount, expedite remaining recovery and its verification from audit within two months. In case of DPs S-50, S-54, S-74, S-96, S-121 & S-173, DAC directed the management to provide relevant record that the contractors were filer. In case of non-filing, amount of income tax be recovered and get verified from audit. In case of DP S-158, DAC directed that as the unit has moved, concerned Division will pursue the recovery under intimation to MoD/Audit. No further progress in terms of recovery was reported by management to audit till finalization of this report.

Audit recommends implementation of DAC directives.

2.7.7 Non-deposit of Government shares of commercial activities – Rs.144.923 million

According to policy on use of A-I Land circulated vide Ministry of Defence, letter dated 02.04.2008 launched for commercial activities (Category A) required to serve the residents of the respective garrison, survey will be conducted by a Board of Officers to determine the actual area under usage. The rent shall be charged @ 6% per annum of existing revenue rate of the said land. Government's share @ 25% of the rent so charged will be deposited into Government treasury.

During audit of various Formations, it was observed from the record that certain commercial projects were being run on A-I land but 25% rent being government share amounting to Rs.144.923 million for the year 2018-19 & 2019-20 was not deposited into Government treasury.

(Rs. in million)

Sr. No.	DP No.	Violation	Amount
1.	DP-N-50/2023-24	Non-deposit of Government share into treasury	24.120
2.	DP-N-05/2023-24		23.790
3.	DP-N-13/2023-24		48.979
4.	DP-N-09/2023-24		27.742
5.	DP-N-238/2023-24		20.292
Total			144.923

When pointed out by audit, it was replied by the management for DP-N-50/2023-24, that Rs.1.894 million @ Rs.720,000 per marla would be deposited into Government treasury. Against DP-N-05/2023-24, the management replied that due to increase in DC rates, the case was under process with Deputy Commissioner for rationalization of revenue rates for A-I land. Against DP-N-13/2023-24, the management replied that 6% rent of the projects worked out Rs.7.521 million will be deposited. Against DP-N-09/2023-24, the

management replied that a board proceeding of 6% rent is under process and being finalized. Amount as recommended by the Board of Officers on verification of ground realities / income etc, share of Government will be deposited into Government Treasury. Moreover, during financial year 2019-20 less income was received due to COVID-19. Against DP-N-238/2023-24, the management replied that commercial Projects of Headquarters Division were executed on A-2 Land. Case had already been forwarded to Qtg & Lands Directorate for re-classification of land from A-2 to A-1. 25% of Government share would be deposited into Government Treasury from A-2 to A-1 after reclassification by the concerned authorities. Final outcome of the case, however, remained awaited till finalization of this case.

The replies were not tenable. Government share needs to be deposited immediately.

The DAC in its meeting dated 29.11.2023 against DP-N-05/2023-24, was apprised that Rs.10.878 million for the year 2018-19 has been deposited and Government share for 2019-20 is under process. The DAC directed for verification of the recovered amount from audit and expeditious recovery of balance. Against DP-N-13/2023-24, the DAC directed to reconcile the recoverable amount with audit. Deposit the government share and get it verified from audit in case of Headquarters concerned Corps. DAC shifted the remaining portion to concerned Military Hospital for recovery of amount and its deposit into Government treasury. Against DP-N-50/2023-24 & DP-N-09/2023-24, the DAC directed to deposit Government share into Government Treasury as per A-1 land policy, on notified DC rates within 03 months. Against DP-N-238/2023-24, the DAC in its meeting dated 05.01.2024 directed that conversion of land from category A-2 to A-1 be completed within a month and the amount involved be deposited with retrospective effect. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-50, 05, 13, 09 & 238/2023-24

2.7.8 Non-deduction of sales tax on services – Rs.126.931 million

According to Sr. No. 26 of the Schedule-II to Section 19 of the Finance Act of KP 2013 amended in 2016, “services provided by persons engaged in contractual execution of work or furnishing supplies shall be charged 15% sales tax on services”.

According to clarification made by FBR regarding applicability of Sales Tax issued vide letter dated 27.09.2018, it may be noted that the authority to levy and collect sales tax on services provided within the territorial limits of provinces now rests with the respective

provinces. Therefore, the federal / provincial Government departments / autonomous bodies and public sector organizations shall withhold the amount of sales tax on such services as prescribed under the Provincial Sales Tax Act & rules and deposit the same in the respective provincial head of accounts. MAG vide letter dated 31.05.2021 also directed all CMAs to credit the amount of sales tax on services to respective AGPR sub offices by minus crediting the amount of relevant head of account (0/003/15 Defence code B02386 Civil code).

During audit of an Engineering Formation, it was observed that 173 contracts were concluded during financial year 2017-18 to 2020-21 and an amount of Rs.846.210 million was paid to various contractors. However, 15% sales tax on services amounting to Rs.126.931 million imposed by Government of KP, was not deducted which needed recovery.

When pointed out by audit, the management replied that according to MAG instructions issued to UAs vide their letter dated 31.05.2021, 2% tax was to be deducted which was done accordingly with effect from the same date. This office has neither received any instructions nor there was a provision of 15% Sales tax in the contractors' rates.

The reply was not tenable because as per Finance Act of Khyber Pakhtunkhwa, 15% sales tax was required to be recovered.

The DAC in its meeting dated 26.09.2023, directed the management to recover the amount of sales tax as per Government existing orders. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-360/2022-23

2.7.9 Non-deposit of government share of commercial projects at A-1 land – Rs.102.441 million

According to Accounting Procedure on use of A-1 Land for welfare and commercial projects of the Armed Forces, issued by Government of Pakistan, Ministry of Defence letter No.F-2/5/D-12/ML& C/99 dated 20.11.2009 rent will be calculated @ 6% per annum of existing Revenue Rate of the said land notwithstanding the tenancy/rent agreement of the military authorities with the user (s). The rent so calculated was to be deposited into Government treasury as Government share and Welfare fund account of

respective Service chiefs against relevant head of account in the ratio of 25:75 respectively therein control of accounts concerning.

As per Para 2 (b-1) of Policy on Use of A-1 land for welfare and other projects of the Armed Forces and Canteen Stores Department circulated vide Ministry of Defence letter No.F.2/5/12/ML&C/99 dated 02.04.2008, "Survey will be conducted by board of officers to determine actual area under usage. Furthermore, as per para 5 of the said policy "Past usage of A-1 Land and not the transaction is condoned as one-time measure".

During audit of an MEO, it was observed that certain projects were being run by Army authorities under the jurisdiction of MEO but board of officers was not being constituted regularly on yearly basis to determine actual area under usage. Thus, Government share due to use of A-1 Land for commercial purpose was not deposited into Government treasury. Justification for running of commercial projects without approval of competent authority besides regularization and recovery of 25% Government Share amounting to Rs.102.441 million may be expedited.

When pointed out by audit, the management replied that this office had approached to the concerned military authorities to provide TRs, TE No. on yearly basis and also provide record of deposited Government share as well as proceedings regarding constitution of board of officers.

The reply was not tenable as no follow up had been made so far regarding deposit of Government share.

The DAC in its meeting dated 05.01.2024 shifted the para to Army. No further progress was reported till finalization of this report.

Audit recommends for depositing of Government share at the earliest.

DP-N-286/2023-24

2.7.10 Non recovery of POL & Dry Ration– Rs. 89.021 million

According to Rule 51 of ASC Regulations-1986 (Volume-I), "Issue of Rations on Payment to Civil Armed Forces i.e. Pakistan Coast Guards and Frontier Corps, the following items of rations will be issued on payment at payment issue rates at the same scale as laid down in SRS-1975 to Pakistan Coast Guards. The amount representing the cost of the above, items will be recovered.

- (a) Atta/Rice (b) Dall
(c) Vanaspati (d) Sugar
(e) Salt (f) Tea (g) Matches Safety.”

During the audit of Army Formation for the financial year 2021-22, it was observed that POL and Dry Ration amounting to Rs. 89.021 million were issued to different units on payment without book adjustment/recovery of dues.

(Rs. in million)

Sr. No.	Items issued	Outstanding Since	Amount
1.	POL	July 2021	67.407
2.	Dry Ration		21.614
Total			89.021

Audit is of the view that issuance of POL and Ration without adjustment/recovery of dues reflects weak internal controls within the entity.

The matter was pointed out by audit in May, 2023. The management replied that as per procedure, organizations draw POL and Dry Ration on payment and amount against book adjustment was deposited through TRs in concerned CMA. Reply was not substantiated from documentary evidence.

The DAC in its meeting dated 30.08.2023 directed the management that relevant record of recovery/adjustments against the ration may be provided to audit for verification. No progress was reported till finalization of this report.

Audit recommends implementation of the DAC directives.

DP-S-343/ 2022-23

2.7.II Non-recovery of rent and allied charges – Rs 71.548 million

According to Rule 35 Quarter & Rent 1985, “Assessment of Rent of Public Buildings (a). Rents for all public buildings shall be assessed in accordance with this regulation, under which the GE/ME is authorized to fix the rent of a building unless otherwise fixed by the Government.” Further, according to Para-442 of DSR 1998, “GE is responsible for making monthly demands and prompt realization of rent and allied charges

from the users of Military Buildings and allied services.” According to Para I of COD Estate Land Agreement, “The second party will pay electric charges to MES or authorities concerned and shall deposit a copy of paid bill every month for record.”

A. During the audit of an Army Formation for the period of 2019-20 to 2021-22, it was observed that military land was used for commercial purposes (Institute of Technical Education), but revenue and utilities charges amounting to Rs. 46.800 million was not deposited into government treasury. Furthermore, different commercial activities were also operated by this Formation but rent amounting to Rs. 8.640 million was not deposited into government treasury.

Audit is of the view that non-recovery of rent & allied charges caused financial loss to the public exchequer.

The matter was pointed out by Audit in May, 2023. The management replied that the Institute was a welfare project operated by the concerned Corps, however in other cases reply would be submitted. Reply of management is admissibility of irregularity, whereas non-deposit of rent and allied charges resulted in a loss of Rs. 46.800 million.

The DAC in its meeting dated 30.08.2023, directed the management that relevant documents in evidence that the institute is not being run commercially, be provided to audit for verification. DAC further directed to recover the allied charges from the institute and got verified from audit. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-427/ 2022-23

B. During the audit of an Army Formation for the financial year 2021-22, it was observed that as per lease agreement dated 1st December, 2020 a piece of 42 Acres of land was leased out for farming, however, utilities charges i.e. water and electricity charges, amounting to Rs 5.694 million was not recovered from the contractor, since date of execution of agreement.

Utility	No. of units/ Gallons per day	Units/ Gallon per Annum	Rate Per unit/ Gallon	Amount for year (Rs)	No. of year	Recoverable amount (Rs)
---------	-------------------------------------	-------------------------------	-----------------------------	-------------------------	----------------	-----------------------------------

Water Charges	2000	730000	2.25	1,642,500	3	4,927,500
Electricity	20	7300	35	255500	3	766,500
Total						5,694,000

Audit is of the view that due to no-recovery of dues government sustained loss, which indicated weak internal controls within the department.

The matter was pointed out by Audit in March, 2023. The management replied that electricity is being provided through solar system and water used for agriculture is sewerage water which was certified by PCSIR. Reply is not tenable as neither permission for installation of solar system is on record nor it was physically available, moreover, sewerage water is not fit for agriculture and is dangerous for human life.

The DAC in its meeting dated 30.08.2023 directed the management that that relevant record of recovery of water charges from the concerned contractors may be provided to audit for verification. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-357/ 2022-23

C. According to Rule 35 Quarter & Rent 1985, "Assessment of Rent of Public Buildings (a). Rents for all public buildings shall be assessed in accordance with this regulation, under which the GE/ME is authorized to fix the rent of a building unless otherwise fixed by the Government. Under Para-442 of DSR1998, "GE is responsible for making monthly demands and prompt realization of rent and allied charges from the users of Military Buildings and allied services."

During the audit of an Engineering Formation for the financial Year 2022-23, it was observed that various officers/ officials (in-service & retired) were residing in government accommodations. However, recovery of rent & allied charges amounting to Rs 19.054 million was not made from the occupants.

(Rs in million)

Sr. No.	DP No	Description	Amount
1.	DP-S-311/2023-24	99 Officers/ Officials	14.254

2.	DP-S-300/2023-24	04 Retired Army Officers	4.800
		Total	19.054

Audit is of the view that non-recovery of rent indicated prevalence of weak internal controls.

The matter was pointed out by Audit in August, 2023 & September, 2023. The management replied that rent recovery of some officers were not responsibility of this office. It should be recovered by the unit concerned. Furthermore, some officers were living outside the premises of the Cantonment in private accommodation, for which electric bills were directly charged by the concerned company. However, recovery of water charges is in progress.

Reply was not tenable as per above quoted rule of DSR, GE was responsible for making monthly demand for realization of rent and allied charges. Furthermore, as per record 5% of HRA was deducted from officer which proves that officers were living within the Cantonment area therefore allied charges may be deposited at earliest.

The DAC in its meeting dated 18.01.2024 directed the management in DP S-311, that relevant record establishing that the individuals were residing in private accommodation be provided for verification to audit, otherwise recovery be made from the concerned within one month. In case of DP S-300, DAC shifted the para to concerned Corps. DAC further directed to pursue the recovery and get it verified from audit. No further progress in terms of recovery was reported by management to audit till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-300 & 311/2023-24

2.7.12 Less deduction of GST from the suppliers - Rs 61.346 million

According to Finance Bill, 2015, “The applicable rate of GST is 17% for GST registered firms and 19% for unregistered firms.” Further, According to SRO 896(I)/2013 dated 04-10-2013 and Sales Tax General Order No. 27 of 2014 letter No. C.No.3 (11)ST-L&P/2013-40880 dated -03-2014 “Levy of 2% extra tax on the supply of Auto Parts and Accessories, Tyres and Tubes and Storage batteries has been imposed.”

During audit of various Army Formations for the period of 2017-18 to 2021-22, it was observed that management procured spare parts and other items through local purchase

valuing Rs 435.315 million. However, 17% GST on other items and 2% extra tax was not deducted from the suppliers. Non-recovery resulted in loss to state amounting to Rs 61.346 million.

(Rs in million)

S/No	DP No	Purchase value	GST@ 17%	Extra GST @ 2%	Total GST
1.	S-363/2022-23	188.327	27.361	2.706	30.067
2.	S-413/2022-23	141.158	20.510	2.03	22.54
3.	S-424/2022-23	38.956	5.66	0.56*	7.402
4.	S-415/2022-23	66.874		0.94	1.337
Total		435.315			61.346

*2% Extra GST as the contractor was unregistered with FBR

Audit is of the view that due to non-recovery of GST, government was deprived of its revenue which indicated weak internal controls.

The matter was pointed out by Audit in November, 2022 to April, 2023. The management in DP S-424, replied that both firms were registered, and two contractors were registered firms, while powdered milk was exempted from GST. The management of remaining DPs replied that deduction of taxes is the responsibility of CMA and as per FBR letter dated 18th March, 2014, 2% extra levy tax imposed on automobiles manufacturers, whereas the firms registered with this workshop are general suppliers.

Reply furnished by the management is self-admission as 2% extra sales tax imposed on automobiles, hence amount may be recovered from the concerned under intimation to audit. Reply was non-satisfactory as GST was not deducted, neither the exemption certificate of Milk Replace from FBR was provided to audit nor the GST registration number of the said two contractors provided to audit.

The DAC in its meeting dated 30.08.2023 directed the management in DP S-363, S-413 & S-415 that relevant documents of deduction of GST by the CMA, be provided to audit for verification. in case of DP S-424, DAC directed that import documents of the procurement be provided to audit for verification. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

2.7.13 Non-recovery of dues from foreign students US \$ 0.229 million

According to Annexure-B to Joint Services Instructions, (JSI-4/2006), “Tuition fee @ US \$ 400 per week per student was required to be recovered from foreign students / allied officers”. Furthermore, according to Annexure-E to above stated JSI, “Messing charges @ US \$ 8 per day, Accommodation charges @ US \$ 12 per day single bed room single occupancy and US \$ 6 double occupancy and Medical charges @ US \$ 3 per day per student was required to be recovered from foreign students / allied officers”.

During audit of an Engineering College, it was observed that 05 students of friendly country were selected for engineering degree / programme at the College but messing, accommodation, medical charges and tuition fee amounting to US \$ 229,398 were not recovered from students, which needs recovery.

When pointed out by audit, the management replied that the cadets were detailed in the College to undergo engineering degree courses, they joined the College in October/November, 2018 and October 2019, their courses will be completed in October/November, 2022 and October, 2023 respectively. It was instructed by GHQ that all bills pertaining to foreign cadets be forwarded to MT Directorate for further processing / payment within one month after termination of course.

The reply was not acceptable as instructions of GHQ were not shared with Audit. Recovery was required to be made as per JSI 4/2006.

The DAC in its meeting dated 26.09.2023 directed to pursue the case, expedite recovery and get it verified from audit. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

Note:

The issue was reported earlier also in the Audit Report for Audit Year 2021-22 vide para number 2.7.3 having financial impact of US \$ 0.064 million. Recurrence of the same irregularity is a matter of serious concern.

DP-N-366/2022-23

2.7.14 Non-deduction of sales tax on procurement of stores – Rs.54.198 million

According to Section 236 (A) of income tax ordinance 2001, “Any person making sale by public auction/ tender of any property or goods shall deduct tax including award of any lease to any person” (Tax rate filer 10%, Non filer 20%). Further, according to SRO No. 660(1) dated 30-06-2007 “1/5th Sales Tax is required to be deducted while making payment to contractor and remaining amount of GST is required to be deposited to FBR directly by the contractor. Further, under Rule-6 (d) Financial Regulations Volume-I “Government revenues shall not be utilized for the benefit of a particular person or a section of the community”.

During audit of various Formations, it was observed from the record that certain items were purchased from different contractors but 1/5th Sales Tax amounting to Rs.15.802 million (464.772 million x 17% = 79.010 / 5) was not deducted/withheld. Moreover, evidence regarding depositing of 17% GST Rs.79.010 million was also not available which resulted into loss to State. Details are as under:

(Rs. in million)

Sr. No.	DP No.	Description	Cost of stores	17% GST
1.	DP-N-172/2023-24	GST	98.850	16.804
2.	DP-N-132/2023-24	-do-	115.250	19.592
3.	DP-N-145/2023-24	-do-	26.880	4.569
4.	DP-N-389/2022-23	-do-	132.712	22.561
Total			373.692	63.526

When pointed out by audit, against DP-N-172/2023-24, the management replied that an amount of Rs.338,537 on account of 1/10th of GST was deposited through computerized payment slip Sale Tax. The Supplier is registered with Sale Tax department as Wholesalers and @ 1/10th GST is required to be deposited by the contractor vide 897-(I)/2013 dated 4th October 2013, which was already been made. Against DP-N-132/2023-24, no reply was furnished by the management. Against DP-N-145/2023-24, the management replied that items were not procured from plants. However, the store has been locally transported on which 3% transportation tax has already been deposited into

Government treasury. Against DP-N-389/2022-23, the management replied that 1/10th of GST was deposited through computerized payment slip. The Supplier is registered with Sales Tax Department as Wholesaler and @ 1/10th of GST vide SRO 897-(I)/2013 dated 4th Oct 2013 is required to be deposited by the contractor, which has already been made.

The replies were not tenable, sales tax amount due needs to be recovered.

The DAC in its meetings dated 26.09.2023 and 29.11.2023 directed to reconcile the recoverable amount, deposit the recovered amount, expedite recovery of balance amount and get it verified from audit. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-389/2022-23, DP-N-172, 132 & 145/2023-24

2.7.15 Non-recovery of Foreign Training charges -US \$ 156,972.78

According to JSI-4/2006, "Tuition fee @ US \$ 300 per week per student was required to be recovered from foreign students / allied officers". Further according to Annexure-E to JSI-4/2006, "Messing charges @ US \$ 8 per day, Accommodation charges @ US \$ 12 per day and Medical charges @ US \$ 3 per day per student was required to be recovered from foreign students / allied officers".

During audit of an Army Formation for the financial year 2020-21 & 2021-22 it was observed that an amount of US \$ 156,972.7 was outstanding against 23 foreign trainees of different countries.

Audit is of the view that non-recovery of allied charges from foreign trainees reflected weak internal controls within the entity.

The matter was pointed out by audit in January, 2023. The management admitted recovery amount of US \$ 156,972.78. The reply is an admission of the audit observation as only partial recovery of the amount was made.

The DAC in its meeting dated 30.08.2023 directed the management to expedite the recovery from the concerned and get it verified from audit. No progress was reported till finalization of this report.

Audit recommends implementation of the DAC directives.

DP-S-380/ 2022-23

2.7.16 Unauthorized payment of HRA and non-deduction of 5% rent – Rs.41.813 million

As per rule 66 of Pay and Allowance (Vol II), 1997 married officers not provided with Government / hired / requisitioned / married accommodation, shall be entitled to House Rent Allowance on the same conditions as in the civil. Further, as per Ministry of Housing and Works O.M No. F-11(33)/2012-Policy dated 17.05.2013 endorsed by Finance Division (Military Finance Wing) vide U.O No. 134/R-1/ASMF/2014 dated 31.01.2014, armed forces officers allotted residential accommodations may not be paid 45% house rent allowance and 5% of their running basic pay should be charged to bring them at par with civilian set up”.

During Audit of Pay Section of a Controller Military Accounts, it was observed that married officer quarters (MOQs) were allotted to Army officers but house rent allowance amounting to Rs.41.813 million was also paid in their monthly pay in violation of above Government order. Furthermore, 5% rent was deducted from few officers only. The irregularity resulted into unauthorized payment of HRA besides non-recovery of 5% rent.

When pointed out by audit, the management replied that as per Government orders the station is declared as non-family/operational. Therefore, deduction of HRA was not authorized. Recovery of 5% with regard to self-help basis building was not clear.

The reply was not tenable. Audit observed from the record of Rent and Allied charges Register maintained by Pak Works Section (PWS) and list of accommodation obtained from UA PWS that officers were residing in MOQs.

The DAC in its meeting dated 27.09.2023, shifted the para to Concerned Army Headquarters with the direction to expedite revision of the HRA policy. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-383/2022-23

2.7.17 Loss to state due to non-deposit of income tax – Rs.31.200 million

According to section 236 (A) of income tax ordinance 2001, “any person making sale by public auction / tender of any property or goods shall deduct tax including award of any lease to any person”. Moreover, according to Clause-11 of Contract Agreement the bonafide Government taxes will be paid / deposited by the lessee. Further, according to Section-205 of Income Tax Ordinance captioned as Default surcharge, a person who fails

to pay any tax on or before the due date for payment shall be liable for default surcharge @ 18% per annum on the tax or other amount unpaid computed for the period commencing on the date on which the tax was due and ending on the date on which it was paid.

During audit of Headquarters of a Corps, it was observed from the record that Contract Agreement for establishment of Cattle Mandi on A-1 Land measuring 32 Acres 6 Kanals and 14 Marlas was awarded / concluded by the Corps Headquarters with a firm on 11.03.2013 for a period of 30 years on rental basis. However, evidence in support of deduction / deposit of Income Tax was not available in the record which was incorrect and resulted into loss to State. Therefore, Income Tax @ 10% for the last five years amounting to Rs.31.200 million (5,200,000 x 12 x 5 years = 312,000,000 x 10%) needs recovery from the contractor concerned for deposit into Government treasury.

When pointed out by audit, the management replied that contractor will be approached for provision of complete details of income tax deposited. On receipt of Computerized Payment Receipt (CPR) / challans from the contractor, the same shall be produced to Audit.

The reply was not convincing. Amount of income tax needed recovery from the contractor concerned for deposit into Government treasury.

The DAC in its meeting dated 05.01.2024 was apprised by the management that as per A-1 land policy 6% dues are already deposited into Government treasury, whereas income tax ordinance is not applicable on A-1 land matter. The DAC directed to reconcile the amount and get the recovered amount verified from audit besides expediting recovery of balance amount within two months. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-295/2023-24

2.7.18 Delay in recovery of outstanding dues against contractors – Rs.28.287 million

As per para-65(c) of PAFW-2249, if as a result of such audit and technical examination any over payment is discovered in respect of any work done by the contractor, or alleged to have been done by him under the contract, it shall be recovered by Government from the contractor by any sum then due or which at any time thereafter may become due to the contractor.

During audit of an Engineering Formation, it was noticed from quarterly report of outstanding dues i.e. electricity charges and recoveries pointed out by relevant inspecting authority against contracts (quarter ending June, 2021) Rs.28.287 million was lying outstanding against various contractors since 1987 which needs immediate recovery.

When pointed out by audit, the management replied that maximum efforts have been made to recover the outstanding dues and during 2020-21 a sum of Rs.13.221 million has been recovered.

The reply was not tenable as no evidence regarding recovery was produced to audit for verification.

The DAC in its meeting dated 26.09.2023, directed to verify the recovered amount to audit and pursue the balance recovery. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-627/2022-23

2.7.19 Non-deposit of government share of commercial activities – Rs. 25.556 million

According to policy issued vide MoD letter No.F.2/5/D-12/ML&C/99, “On use of A-1 land for welfare and other projects of armed forces and CSD dated 2nd April 2008, 25% of the revenue generated will be deposited into Government Treasury and 75% balance will be utilized by respective Formation as per policy to be laid down by respective Service Chief.” According to Para 4(b)(3) of A-1 land Policy issued by Government of Pakistan Ministry of Defence Rwp vide Letter No. F.2/5/D-12/ML&C/99 dated 02-04-2008, “The whole income relating to A-I land for agricultural purposes etc. will be deposited into the Government treasury.”

During audit of various Army Formations for the year 2022-23, it was observed that the A-1 land was being used for commercial/agricultural activities, but the government share as per A-1 land policy amounting to Rs 25.556 million was not deposited into the treasury.

(Rs in million)

Sr. No.	DP No.	Nature of activity	Type of land	Area of Land (Sq Yards)	Amount of Govt Share 25% of 6% of DC rate
1.	S-177/2023-24	Commercial	A-1	38,889	17.137
2.	S-282/2023-24	Commercial	A-1	2616	6.081
3.	S-283/2023-24	Agriculture	A-1	340 Acre	2.338
Total					25.556

Audit is of the view that non-deposit of Government shares from commercial activity and agriculture land caused loss to the state, which reflected weak internal controls within the organization.

The matter was pointed out by Audit in November, 2023 & December, 2023. The management in DP S-177, replied that the completion of said project has been delayed and rent thereof could not be deposited. In case of DP S-282 & 283, the management replied that that transfer of government share is under process and will be deposited after approval of competent authority. Reply was not tenable, shops relating to DP S-177, were already rented by the management.

The DAC in its meetings dated 29.12.2024 and 18.01.2024, directed the management to provide relevant record of commercial activities along-with their board of officers' proceedings and deposit of government share into treasury to audit authorities for verification. No further progress was reported by management to audit till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-177, 282 & 283/2023-24

2.7.20 Non-deposit of profit into government treasury – Rs.12.546 million

According to Ministry of Defence Letter No. 6/5/D-3 (A-II)/2016 dated 09.02.2021, the profit earned on deposit by CNE Account in PLS Account shall be deposited into Government treasury in the light of Article 78 of the Constitution and Rule-2 of Financial Regulations Volume-II, 1986. Moreover, The DAC in its meeting dated 17.11.2021 recommended to remit the recovery of profit into State treasury.

During audit of a Military Hospital, it was observed that a sum of Rs.12.546 million on account of profit was received for the year 2019-2020 on the payment received from Outdoor / Indoor CNEs patients and deposited into Amenity Fund. The profit received from the Bank was required to deposit into Government treasury instead of hospital amenity Fund as per above government orders.

When pointed out by audit, the management replied that the profit is being utilized for welfare of entitled poor cancer patients for their test being carried out from civil laboratories, hence there is no loss to state.

The DAC in its meeting dated 29.11.2023 directed the management to deposit the amount of profit into Government treasury and get it verified from audit within one month. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-96/2023-24

2.7.21 Loss to state due to less application of GST rates – Rs.5.128 million

The Federal Government has made amendment in Chapter-XII of Sales Tax Special Procedure Rules-2007 vide SRO 896(1)2013, dated: 04-10-2013 which entail levy of an additional Sales Tax @2% on purchase of Auto Parts and accessories i.e. 19% instead of 17%.

During audit of a Regional Workshop it was observed that local purchase of Mechanical Transport spare parts was made by applying rate of Sales Tax as 17% instead of 19% during the financial years 2015-16 to 2017-18. The omission resulted in less recovery on account of Sales Tax amounting to Rs.5.128 million.

When pointed out by audit, the management replied that contingent bills inclusive all taxes were submitted in CMA, by respective firm. After necessary verification by CMA, bills were passed and cheques were issued after deduction of withholding tax 1/10th of GST & 4.5% income tax.

The reply was not tenable. GST was required to be applied at prescribed rate.

The DAC in its meeting dated 29.11.2023 directed to approach the firm for recovery of additional 2% GST and get it verified from audit. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-20/2023-24

2.7.22 Non-recovery of HRA from officers - Rs 4.241 million.

As per Government of Pakistan Ministry of Finance OM No.F.2 (2) R.5/2010-530, dated 19th November 2019, a) HRA will not be admissible to Armed Forced Officer who have been allotted Government accommodation/ MOQs. b) recovery of 5% Rent presently be deducted from the married officer will continue as per Rules.

During the audit of various Army Formations for the financial year 2021-22, it was observed that amount of Rs 4.241 million was paid to various officers who were residing in government accommodation.

(Rs in million)

Sr. No.	DP No.	Amount
1.	DP-S-379/2022-23	3.335
2.	DP-S-349/2022-23	0.906
	Total	4.241

Audit is of the view that non-recovery of House Rent Allowance reflected weak internal controls with the entities.

The matter was pointed out by Audit in January and March 2023. The management for DP-S-349/2022-23 agreed to recover the amount from the concerned. The management replied for DP-S-379/2022-23 in some cases recovery of HRA has been made. Reply was not tenable as no record of recovery of HRA verified from audit.

The DAC in its meeting dated 30.08.2023 directed the management to reconcile the recoverable amount with audit and recovery be made expeditiously and got verified from audit. No progress was reported till finalization of this report.

Audit recommends implementation DAC directives.

DP-S-349 & 379/2022-23

2.7.23 Non-recovery of dry ration items over and above authorization – Rs.3.829 million

Under Rule-5 Scales of Rations and Supplies (SRS) read with Annexure A of SRS 1998 that in no circumstances can under drawn of the vegetable rations on one day be made good on any subsequent day. Over drawl on any one day will be adjusted by under drawl on subsequent days with in the month to which the indent pertains, except in the case of over drawl for the last day of the month or these detected during the audit of the ration return for which adjustment will be made by over drawl in the next month.

During audit of a Training Facility for the financial year 2018-19 it was observed that dry/fresh ration items were drawn over and above the authorized strength amounting to Rs.3.829 million which need regularization/recovery.

When pointed out by audit, the management replied that court of inquiry in the matter has been finalized. The amount had been recovered from the accused and will be deposited into Government treasury.

The DAC in its meeting dated 29.11.2023 directed that extra cost in lieu of ration may be recovered and deposited into Government treasury and get it verified from audit. DAC further directed that matter may be investigated and the action so far taken also be intimated to audit. In this regard, fresh reply may also be submitted to audit besides updated reply. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-591/2022-23

2.7.24 Non-recovery of rent from BTS towers installed at A-1 land – Rs.1.200 million

According to Rule 14(3) of CLAR 1937 “Class A-1 land shall not be used or occupied for any purpose other than authorized purpose and according to Ministry of Defence ML&C Department letter No.51/1411/Lands/ML&C/2005 dated 24.06.2005” on provision of No Objection Certificate (NOC) and agreement will be executed with cellular companies for installation of Base Transmission Station and tower fee @ Rs.20,000 per month with annual enhancement of 10% will be recovered.

During audit of a Military Farm it was noticed that 5 BTS Towers of different cellular companies were installed on A-I Land at different locations but Tower Fee amounting to Rs.1.200 million for financial year 2019-20 was not deposited into Government Treasury in violation of above rule.

When pointed out by audit, the management replied that the subject work was under the management of Soldier Welfare Organization. The authority would be approached for depositing of objected amount.

The reply was not tenable as the BTS Tower fee was required to be deposited into Government Treasury by the Military Farm as the Towers were installed on their Land.

The DAC in its meeting dated 29.11.2023 shifted the Draft Para to Army.

Audit recommends for recovery of the amount involved.

DP-N-19/2023-24

2.8 Loss to State – Rs. 7,317.933 million

2.8.1 Loss due to unauthorized structures on military land – Rs. 6,347.20 million

According to Rule-14(1) of the CLA Rules-1937, “The administrative control of Class-"A-1" land including the detection and prevention of encroachments thereon, shall vest in the Military Authorities for the time being in occupation of the land”.

During audit of an MEO, it was observed that encroachments were made on A-1 land measuring 39.67 Acres and commercial businesses were established on state land by Army authorities. This omission resulted into loss to Federal Government amounting to Rs. 6,347.20 million (39.67 x 160 million).

When pointed out by audit, the management replied that according to the Cantonment Lands Administration Rules, 1937 responsibility for removal of encroachment on A-1 land lies with Military authorities. Furthermore, as per SRO No.178/2 dated 16.02.1978 the concerned Station Commander was responsible for detection/prevention of encroachment on A-1 Land.

The reply was not tenable as MEO is the custodian of military land and the case was required to be taken up with Military authorities for getting the land free from occupant.

The DAC in its meeting dated 05.01.2024 shifted the para to concerned Corps Headquarters. No further progress was reported till finalization of this report.

Audit recommends either removal of encroachment or recovery of the amount involved as proposed.

2.8.2 Loss to state due to irregular payment of late payment surcharge Rs.317.110 million

According to Rule-6 (a) of Financial Regulations Volume-I 1986, “Every officer should exercise the same vigilance in respect of expenditure incurred from Government revenue as a person of ordinary prudence would exercise in respect of the expenditure of his own money.”

During the audit of an Engineering Formation, it was observed from paid voucher No.3863/1277/E&M dated 09.06.2021 that an amount of Rs.317.110 million was paid to SNGPL on account of Late payment surcharge. It was observed that there was no position in Quarter and Rent Rules 1985 and MES Regulations, 1998 regarding payment of such penalty/surcharge. Audit was of the view that weak internal control resulted into loss to state due to irregular payment of Rs. 317.110 million on account of late payment surcharge.

When pointed out by audit, the management replied that reply would be provided after scrutiny of record.

It was concluded that only cost of Sui gas consumed should be paid and no payment as Late Payment Surcharge (LPS) was admissible, so the amount may be got regularized.

The DAC in its meeting dated 29.11.2023 directed to provide relevant record to audit authorities for verification. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

2.8.3 Loss to state due to cost overrun of the contract – Rs. 265.122 million

According to Rule-6(a) of F.R (Vol-1) 1986, “Every officer should exercise the same vigilance in respect of expenditure from Government revenue as a person of ordinary prudence would exercise in respect of expenditure of his own money.” Moreover, according to Rule-6 (d) above, “Government revenue shall not be utilized for the benefit of a particular person or section of community.”

During audit of an Engineering Formation for the financial year 2022-23, it was observed that a contract amounting to 3,503.374 million was awarded to a contractor in the year 2021. However, the contract was cancelled and reason and justification for awarding

of a new CA of the same work with the same organization were not provided. At the time of cancellation of the contract total payment of Rs 1,680.600 million was released to the contractor. The new contract amounting to Rs 2,087.896 million, for the remaining work of Rs 1,822.774 million was awarded to the same contractor. This resulted into cost overrun of the contract to the tune of Rs 265.122 million.

Furthermore, as per 1st running payment amount of Rs 126.045 million against income tax and Rs 100.836 million against sales tax on services had been deducted. However, in the new CA, income tax and sales tax on services were not withheld from the payment to the contractor.

Audit is of the view that the cost overrun reflected prevalence of weak internal controls within the organization.

The matter was pointed out by audit in August, 2023. The management replied that Board of officers constituted would be provided soon as the same has been held/forwarded to DGW&CE (A) office for discussion purposes. E-in-C is the competent authority for awarding the contract in this case. Reply was not tenable as the management admitted the stance of audit.

The DAC in its meeting dated 18.01.2024 directed the management that relevant record regarding discontinuation the contract, change of scope of work and awarding the contract for same work to FWO be provided to audit for verification with one month. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-314/ 2023-24

2.8.4 Loss to state due to unauthorized consumption of electricity - Rs. 167.374 million

A. As per Quarter and Rent Rules 1985, Chapter XII rule 82, "Supply to be Restricted to Authorized Scale. Electrification of accommodation may be authorized only at stations where electricity is available. The scale of provision of electrical installations for illumination, ventilation or power purposes shall be governed by the Barrack Synopsis. Where lights and fans, etc, have been installed in excess of the authorized scale, the excess fittings shall be removed so as to reduce the illumination or ventilation to the authorized scale." As per Rule 83, 84 of Q& R 1985, "The following shall be entitled to free supply of electric energy for lights and fans only."

During the audit of an Engineering Formation for the financial year 2021-22, it was observed that free authorization of electricity board was convened for consumption of electricity for entitled building. In this regard, following irregularities were observed,

- Board of Officer for free electricity consumption was worked out on 317 working days (average 4 holidays in a month) whereas normally 248 working days were available hence establishment of board on 69 excess days resulted in excess assessment by the board.
- Extra Fans were added in those building where it was not necessary i.e. MT Sheds, Stores, therefore adding excess fans increases the free consumption units/ loads.
- Fix 100 watt lights were worked out whereas only 40 and 60 watt LED tube lights are available in market, and government revenue could have been saved.
- As per available record of consumption of bulbs neither bulbs were procured nor issued for office and domestic use. This puts into question the calculated load.
- Free consumption of load for winter and summer was almost same which indicates load was not properly worked out.
- Un-authorized free units were allowed to the Mess guest rooms, which was irregular.
- Free consumption of 410,957.8 units in summer and 373,431.4 units in Winter was shown without keeping in view of TO&E of equipment of concerned hospital.
- An amount of Rs 722.477 million was paid to SEPCO on account of electricity bills, but electricity was supplied to buildings without installation of sub-meters to verify the consumption of electricity within free authorized limit.

Audit is of the view that irregular supply and consumption of electricity showed weak internal controls within the organization.

The matter was pointed out by the audit in May, 2023. The management replied that the board was finalized as per procedure. Reply was not tenable as point-wise reply was not furnished by the management.

The DAC in its meeting dated 30.08.2023 directed the management that revised Board of Officers be convened in the line of audit observation, electric meters be installed where un-metered electricity is being supplied, case be taken up for amendment in Defence Services Accommodations Scales 2000, DSR 1998 & Quarter & Rents 1985. No progress was reported till finalization of this report.

Audit recommends implementation of the DAC directives.

DP-SSR-S-416 /2022-23

B. As per Rule 82, Chapter XII of Quarter and Rent Rules 1985, “Supply to be restricted to authorized scale. Electrification of accommodation may be authorized only at stations where electricity is available. The scale of provision of electrical installations for illumination, ventilation or power purposes shall be governed by the Barracks Synopsis. Where lights and fans, etc., have been installed in excess of the authorized scale, the excess fittings shall be removed so as to reduce the illumination or ventilation to the authorized scale.” As per Rule 83, 84 of Q & R 1985, “The lights and fans shall be entitled to free supply of electric energy only.”

During the audit of an Engineering Formation for the financial year 2021-22, it was observed that as per Quarter & Rent Rules 1985, free supply of electric energy was authorized for lights and fans only. Plug points of 1000 watts and 100 watts were free authorized by board of officers, but there was no provision for free authorization of plug points in Q&R Rules 1985.

Sr. No.	Total units of Plug points 1000watts	Total units of Plug points 100 watts	Total Units of Plug points PM	Units 12 Months plug points	Rate per Unit of Bulk supply	Amount (Rs)
1	26,781	160,857	157,638	1,891,654	Rs 31/-	58,641,336

Audit is of the opinion that plug points of 1000 watts and 100 watts were not covered under free allowance, which indicated weak internal controls within the Formation.

The matter was pointed out by Audit in October 2022. The management replied that the contention of audit that as per Q&R 1985, free supply electric energy is authorized for lights and fans only. The contention of audit was not correct. The rule quoted stipulates that scale of provision of electrical installations for illumination, ventilation or power purposes shall be governed by the Barracks synopsis. According to Rule-17(f)(g)(h)(j) of Accommodation scale certain apparatus were allowed for free consumption, therefore, plug point 1000 watts had been included the board for free authorization electric energy. The Reply was not tenable; as 17 plug points were not authorized.

The DAC in its meeting dated 08.05.2023 directed the management to reconcile the matter with audit. Case for amendment in Quarter & Rent Rules 1985 be initiated. No progress was reported to audit till finalization of this report.

Audit recommends implementation of DAC directives.

DP-SSR-S-200 /2022-23

2.8.5 Loss to state due to irregular drawl of fresh ration – Rs.160.401 million

Under Rule – 5 Scale of Ration Strength (SRS) read with Annexure A of SRS 1998 that in no circumstances can under drawn of the vegetable rations on one day be made good on any subsequent day. Over drawl on any one day will be adjusted by under drawl on subsequent days with in the month to which the indent pertain, except in the case of over drawl for the last day of the month or these detected during the audit of the ration return for which adjustment will be made by over drawl in the next month.

During the audit of a Training Facility for the year 2015-16 to 2018-19, it was observed that certain fresh ration items were drawn over and above the authorized scales. The omission resulted in an un-authorized drawl of ration costing Rs.160.401 million which needed recovery besides investigation into the matter.

When pointed out by audit, the management replied that the court of inquiry in the matter has been finalized. The amount had been recovered from the accused and will be deposited into Government Treasury.

The DAC in its meeting dated 29.11.2023 directed that extra cost in lieu of ration may be recovered & deposited into Government treasury and get it verified from audit. The DAC further directed that matter may be investigated and the action taken be intimated to audit. In this regard, fresh & updated reply may also be submitted to audit. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-38/2023-24

2.8.6 Loss due to non-inclusion of PST in contract agreements – Rs.31.899 million

According to S.No.14 of the 2nd Schedule to Section 3 of the Punjab Sales Tax (PST) on Services Act 2012, “Subject to such exclusion as mentioned in Second Schedule, a taxable service is a service listed in Second Schedule, which is provided by a person from his office or place of business in the Punjab in the course of an economic activity, including the commencement or termination of the activity”. Construction services and services provided by contractors of building (including water supply, gas supply and sanitary works), roads and bridges, electrical and mechanical works (including air conditioning),

horticultural works, multi-discipline works (including turn-key projects) and similar other works shall be charged five percent without input tax credit/adjustment in respect of Government civil works and sixteen percent with input tax credit/adjustment for others.

As per FBR Clarification vide letter dated 27.09.2018 “the authority to levy and collect sales tax on services provided within the territorial limits of provinces now rest with the respective provinces. Therefore, the federal / provincial govt. departments / autonomous bodies and public sector organization shall withhold the amount of sales tax on such services as prescribed under the provincial sales tax law and rules and deposit the same in the respective provincial head of accounts”. MAG vide letter dated 31-05-2021 directed all CMAs to credit the amount of sales tax on services to respective AGPR sub office by minus crediting of relevant head of account (0/003/15 defence code B02386 civil code).

During Audit of an Engineering Formation, it was observed that 97 contracts valuing Rs. 637.972 million were concluded for construction / repair and maintenance work without inclusion of clause regarding 5% sales tax on services resulting into a loss of Rs. 31.899 million. It was, therefore, pointed out that the same may be justified besides amendment / recovery / regularization under intimation to Audit.

When pointed out by audit, the management replied that the percentage of sales tax @ 5% was not mentioned in the specifications to avoid any complication during increase of percentage of sales tax. However, the contractor is bound to deposit sales tax under the provision of Clause-15 of PAFW-2249 (form part of contract agreement) “Octroi and Other Charges”.

The reply was not tenable. Clause regarding provincial sales tax on services was required to be included in the contracts which was not done in this case.

The DAC in its meeting dated 29.11.2023 directed to pursue the recovery from contractor on account of PST on services and get it verified from audit. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-158/2023-24

2.8.7 Loss due to purchase at higher rates- Rs.28.827 million

According to Rule-4 Public Procurement Rules 2004, Procuring agencies, while engaging in procurements, shall ensure that the procurements are conducted in a fair and transparent manner, the object of procurement brings value for money to the agency and the procurement process is efficient and economical.

During audit of a Depot, it was noticed that various stores items were locally purchased from different contractors during the year 2017-19.

Audit observed that stores were purchased from the highest bidder without any justification. Audit is of the view that due to local purchase of store at higher rate, Government sustained a loss of Rs. 28.827 million which needed recovery and regularization.

When pointed out by audit, the management replied that all rates and procedure as per PPRA Rules 2004 have been followed. Moreover, items accepted by the end users have been procured.

The reply was not tenable because the store was required to be purchased from the lowest bidder which was not done. This resulted into loss to state which needed recovery and regularization.

The DAC in its meeting dated 29.11.2023 directed to carry out fact finding inquiry for not purchasing the store from lowest bidder and get it verified from audit. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-94 & 95/2023-24

MILITARY LANDS AND CANTONMENTS

Military Lands and Cantonments is an attached department of the Ministry of Defence which provides input on defence land and local Government matters in Cantonment areas to the Federal Government and all related stakeholders. Major responsibilities include acquisition of property for Defence Service, de-limitation of Cantonments areas, local self-government and provision of civic amenities in Cantonment areas. It also ensures implementation of Cantonment Act 1924, policies, executive instructions and all rules and regulations in the Cantonment areas.

AUDIT PARAS

2.9 Un-authorized / irregular payments – Rs.141,421.971 million

2.9.1 Irregular utilization of land for commercial purposes – Rs.106.430 billion

A. According to Rule 9 (2) of CLA Rules 1937, “The management of Class A-2 land shall vest in the Military Estate Officer.” Further, according to Rule 14(4) *ibid*, “Class A-2 land shall ordinarily be kept vacant, but its temporary use or occupation may be licensed by the Military Estate Officer under Rule 39, or it may be leased by the Military Estate officer by private treaty for period not exceeding five years with the previous sanction of the officer Commanding-in-Chief, the Command, or for any other period with the previous sanction of Federal Government.”

During audit of Military Estate Office for the Financial Year 2021-22, it was observed that A-2 Land was allotted to a Club, which expired on 16-02-2020. However, the land measuring 206 acres was under custody of the Club till to-date without approval of MoD. In this regard, ground rent and premium amounting to Rs.514.472 million was not recovered, against the value of the land i.e. Rs. 103,109.640 million. The A-2 land was leased out for 48 years by the MEO to a Club in violation of the prescribed rules.

Audit is of the view that the non-recovery of premium & ground rent caused loss to the state due to irregular use of land.

The matter was pointed out by Audit in June, 2023. The management replied that case of obtaining of government sanction for grant of lease was under process since 04-9-2020, the amount of rent and premium will be recovered and deposited as and when finalized.

Reply is not tenable as the use of land for a Club without approval and non-deposit of premium and ground rent stood as irregular.

The DAC in its meeting dated 12.02.2024, directed the management to expedite the case of Government sanction for grant of lease process, after finalization of the lease process, recover the premium and ground rent and get it verified from audit. No further progress was reported till finalization of this report.

Audit recommends implementation of the DAC directives.

DP S-381/2022-23

B. According to Rule 13 of CLA Rules 1937 (2), "No alteration in the plans and schedules shall be made without the sanction of the Central Government."

During audit of Estate office for the Financial Year 2021-22, it was observed that land measuring 4 acres was allotted for NHS residential purpose, but the same was used for commercial purpose i.e. petrol pump, banks and market without approval of Government of Pakistan. The MEO was custodian of the land utilized for commercial purpose without approval from the sanctioning authority i.e. Secretary Defence, Government of Pakistan. Further, premium and ground rent amounting to Rs.2,806.038 million was also not recovered from the tenants.

Audit is of the view that the use of the land for commercial purpose without approval of the Government stood as irregular. Besides, the non-recovery of premium & ground rent also caused loss to the public exchequer.

The matter was pointed out by Audit in June, 2023. The management replied that it was an A-1 land under the control of Naval authorities.

Reply is not tenable as land is classified as B-4 land and allotted to NHS for residential purpose i.e. construction of bungalows of NHS, however the same is utilized for commercial purpose without approval from the Government.

The DAC in its meeting dated 12.02.2024, directed the management to pursue the case with Pak Navy and share it with the DAC forum, and further directed that representative of concerned Naval unit will attend next DAC meeting with record. No further progress was reported till finalization of this report.

Audit recommends implementation of the DAC directives.

2.9.2 Unauthorized handing-over of A-1 land for Expressway – Rs.17.811 billion

According to Rule-14 (3) of Cantonment Land Administration (CLA) Rules 1937, “Land in Class “A” (1) shall not be used or occupied, without the prior sanction of the Central Government or such authority as they may appoint in this behalf, for any other purpose other than those stated in Rule-5(i) i.e. ‘A-1 Land which is actually used or occupied by the Military Authorities, for the purposes of fortifications, barracks, stores, arsenals, aerodromes, bungalows for military officers which are the property of Government’. Likewise, according to Rule 13 of CLA Rules 1937 (1), “The Military Estate Officer shall maintain plans and schedules of land in Class “A” (1) and (2) for each cantonment in which land is entrusted to his management. (2) No alteration in the plans and schedules shall be made without the sanction of the Central Government. (3) As soon as may be after the 1st April of each year and not later than the 1st July, the Military Estate Officer shall submit a certificate, countersigned by the Officer Commanding the Station, to the Central Government as to the correctness of the plans and schedules of class “A” land, together with a report of any unauthorized structures or encroachments thereon.”

During audit of Military Estate Office for the Financial Year 2021-22, it was observed that 80 acres of A-1 land from survey No. 21 & 22/1 was handed over to Provincial Government for execution of Expressway project without approval of the Government of Pakistan. The market value of the land is Rs.17,811.20 million. The details are as under:

Nature of Project	Actual Area Under Usage (in Sq Yds)	DC Rate per Sq yd 2021 (Rs)	Amount (Rs)
Expressway	387,200	46,000	17,811,200,000

Audit is of the opinion that the award of A-1 land to provincial Government without approval of Federal Government stood as irregular.

The matter was pointed out by Audit in June, 2023. The management replied that Government of Sindh, agreed to provide equal acreage in lieu of class A-1 land, case for NOC from concerned services headquarters was awaited from the Government.

Reply was admission of the irregularity.

The DAC in its meeting dated 12.02.2024 directed the management to pursue the case vigorously with PAF, Army authorities as well as Government of Sindh. No further progress was reported till finalization of this report.

Audit recommends expeditious compliance of the DAC directives.

DP S-382/2022-23

2.9.3 Irregular utilization of A-1 land for Housing Society – Rs. 5.684 billion

According to Rule 13 of CLA Rules 1937 (2), “No alteration in the plans and schedules shall be made without the sanction of the Central Government.”

During audit of Military Estate Office for the Financial Year 2021-22, it was observed that status of land was A-1 at survey No. 1/4 however, GHQ issued NOC for utilization of the land admeasuring 25.30 acres having market value of Rs.5,683.999 million for a Housing Society vide letter dated 02.04.2019, without approval from Government of Pakistan. Furthermore, the land was handed over to the Housing Directorate and construction work started without approval from competent authority. The details are as under:

Area of Project	Actual Area Under Usage (in Sq Yds Approx.)	DC Rate per Sq yd - 2021	Amount Rs in million
25.03 Acre	122,450	46,000/-	5,683.999

Audit is of the opinion that the re-classification of the Govt. land without approval from the competent authority stood as irregular.

The matter was pointed out by Audit in June, 2023. The management replied that as per record, it was an A-1 land under the control of concerned Quartering Directorate. NOC was issued by GHQ in favor of Housing Society on 02.04.2019. Case for re-classification of land is not received from Assistant Director Housing (ADH).

Reply is not tenable as on ground, ADH being a custodian of land, initiated the housing scheme without re-classification of land and the construction work initiated in violation of rules.

The DAC in its meeting dated 12.02.2024 shifted the draft para to Housing Directorate, GHQ for the purpose of reclassification of land with MEO concerned. No further progress was reported till finalization of this report.

Audit recommends providing approval for the change in use of land for purpose other than the specified one.

DP S-383/2022-23

2.9.4 Irregular encroachment of ‘Class C’ land – Rs. 4.658 billion

According to Rule 4 (b) (iii) of CLAR 1937, “Class ‘C’ land is required for local public purposes of a municipal nature, such as streets, markets, hospitals, rubbish depots and so forth.” Further, as per the Rule 7(iii)(f-A) of CLAR 1937, “The Federal Government reserves the right to resume possession of any such land if it is not used for the purpose for which it was granted by the Government to the Cantonment Board.”

During audit of Cantonment Boards for the Financial Year 2022-23, it was observed that class ‘C’ land entrusted to Cantonment Board was encroached by different authorities and used as commercial land without benefit of same being drawn by CB or the Government of Pakistan. Moreover, the government share was not being deposited into treasury. The detail is as under:

(Rs. in million)

S. No.	DP No.	Amount
1.	DP-S-69/2023-24	3035.424
2.	DP-S-110/2023-24	1349.271
3.	DP-S-139/2023-24	248.2
4.	DP-S-113/2023-24	25.285
Total		4658.18

Audit is of the view that the encroachment on Class ‘C’ land, which is specified for amenity purposes, reflected weak internal controls and negligence on the part of the management.

The matter was pointed out by the Audit in July, 2023. The management in DP-S-69 replied that the case had already been taken up with the concerned authorities along

with HQ ML&C Department to get CB's profit share and audit shall be intimated about outcome within due course of time. The management in DP-S-110 replied that a board was constituted by the Garrison headquarters for joint survey and case for re-classification of land will be taken up with HQ ML&C. The management in DP-S-139 replied that parking area in-front of a Hospital is classified as A-2 land and is situated outside bazar area under the management of the concerned MEO. The said area being used for hospital parking purposes with no encroachment. The management in DP-S-113 replied that the shell petrol pump was constructed on A-1 land and was exempt from taxes.

The reply was not tenable as the commercial activity on Class 'C' land by other than Cantonment Board was unauthorized and needed to be stopped.

The DAC in its meeting dated 29th December, 2023 directed the management in DP-S-69, that case may be processed for re-classification of land from Government of Pakistan within 03 months. In case of DP-S-110, DAC directed the management that revised reply may be provided to audit for verification. In case of DP-S-139, DAC directed the management that relevant record in evidence that the land falls in A-2 category, may be provided to audit for verification. In case of DP-S-113, DAC directed the management to pursue the case and resolve the matter amicably. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives/recovery on account of commercial use of land from the concerned.

DP-S-69, 110, 113 & 139/2023-24

2.9.5 Non-transfer of Amenity plots - Rs. 4,234.469 million

According to Serial No. 8(b)(3) of Government of Pakistan, Ministry of Defence (ML&C Deptt) letter No. 55/45/land/ML&C/99 dated 17.02.2011 to submit transfer deed for transfer of the area for roads open space parks and Graveyard to the Cantonment Board. Furthermore, area for public buildings shall be transferred to Cantonment Board and reclassified as 'C' land. The area transferred shall not be used by transferee for any other purpose.

During audit of a Cantonment Board, it was observed from record that the amenity plots valuing Rs. 4,234.469 million were approved by the Board in the schematic plans for different housing schemes and sent to Headquarters ML&C for ex-post facto sanction subject to surrender of the amenity plots in favor of Cantonment Board for maintenance,

repair and look after of the colony. However, the same were not handed over to Cantonment Board.

When pointed out by audit, the management replied that the surrendered deed in respect of amenity plots is under process. Furthermore, the management replied that the same surrendered deed of amenity plots duly registered with the relevant Sub-Registrar in favour of Cantonment Board will be provided after the approval of layout plan by the competent authority.

The DAC in its meeting dated 16.06.2020, directed to hold an inquiry, fix responsibility for the negligence and also recover amenities' plots within one month. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

Para 4.5.2, 4.5.3 & 4.5.5 (SAR)/2019-20

2.9.6 Non-provision of mortgage or bank guarantee – Rs.1,740.461 million

According to Serial No. 8(b)(3) of Government of Pakistan, Ministry of Defence (ML&C Dept.) letter No.55/45/land / ML&C/99 dated 17.02.2011, if the Cantonment Board proceed to sanction the scheme then prior to issuance of such sanction, it shall require the developer to mortgage 20% of the saleable area of the scheme or furnish bank guarantee of any commercial bank of Pakistan equivalent to the total area of development works in the name of Cantonment Board.

During audit of a Cantonment Board, it was observed from record that certain housing societies, failed to mortgage 20% of the saleable area of the scheme or furnish bank guarantee of any commercial bank of Pakistan equivalent to the total area of development works in the name of Cantonment Board in contravention of above Rule.

When pointed out by audit, against Para 4.3.1 (SAR)/2019-20, the management replied that:

- a) The management of a Society had produced the registered surrender deeds for amenity plots. While the process of surrendering of remaining amenity plots for schools and roads (partially) were under progress and would be handed over shortly.
- b) Another Housing Scheme was established in the year 2008 before promulgation of the policy. Therefore, the condition of mortgaging of 20% area was not applicable in the instant

case. However, the developer has submitted the layout plan for extension of an area measuring 5.32 acres for approval of the Board which was under consideration and will be finalized. Keeping in view the 2011 policy the progress will be conveyed to audit in due course of time.

- c) Yet another Housing Scheme was established in the year 1997. Since the said housing scheme was established before promulgation of 2011 policy and the development work has almost been completed as such mortgaging of more plots was not required in this case.

Against Para 4.3.3 (SAR)/2019-20, the management replied that the layout / Scheme plan of Housing Society had not yet been approved by the Board/competent Authority.

The replies were not tenable as provisional permission was granted to a Housing Society for the development of work and sale & purchase of the plots.

The DAC in its meeting dated 16.06.2020 directed against para No. 4.3.1 to conduct inquiry and fix the responsibility for the negligence within one month. Against Para No.4.3.3, the DAC was informed that the developer of the housing scheme had not shown any progress after approval of schematic plan. The DAC directed to cancel the approval of schematic plan. DAC also directed to take necessary action for blacklisting of this housing scheme within one month. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

Para 4.3.1 & 4.3.3 (SAR)/2019-20

2.9.7 Un-authorized establishment of a housing society – Rs.314.105 million

According to Government of Pakistan/ MoD (ML&C) areas of Pakistan vide letter No.55/45/Lands/ML&C/99 dated 17.02.2011. Further, section 178(a) of Cantonment Act, 1924 no person shall erect a building on any land in a Cantonment without getting building plan sanctioned by the Board. According to Government of Pakistan, Ministry of Defence, letter No.75/853/Lands/92/4970/D-12/ML&C/94 dated 06.11.1994, minimum 10% of assessed Capital Cost of Land and building shall be charged as Composition fee.

During the audit of a Cantonment Board, it was observed from the record that an illegal/un-authorized housing Society was established over an area of 532.35 Kanals in Cantonment limit without approval of layout plan as evident from Cantonment Board Letter dated 07.03.2019. In the light of above Government Policy, composition fee of Rs.

314.105 million needed recovery against illegal / un-authorized establishment of Housing Society.

When pointed out by audit, the management replied that the audit worked out the amount of composition fee upon total area of housing Scheme. However, at present 71 houses are constructed in the said colony. It is further clarified that out of 71 houses, 8 building plans for construction of houses had already been approved by the Board. Thus, recovery of composition fee from the said 8 houses is not tenable. However, the composition fee was only applicable in case of remaining 63 houses and its recovery not tenable on total area of the housing scheme. Sanctioning of building plan in respect of a housing society without having approval of its Master plan from concerned development authority and NOC from other statutory bodies was irregular, requiring to fix responsibility through a court of inquiry.

The reply was not tenable as housing society was established without approval of the Board in the light of Government letter dated 17.02.2011. Furthermore, composition fee was also not recovered which resulted into undue favour to the owner of the society and loss to cantonment fund.

The DAC in its meeting dated 28.11.2023 was apprised by the management that housing society was established in 1984 by Government of Punjab without approval of building plan. The management of the society was approached to get regularized the scheme under the relevant laws of Cantt Act 1924. DAC further directed to pursue the case of regularization of the society / houses and get the compliance verified from audit within one month. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-106/2023-24

2.9.8 Un-authorized conversion of residential lease into commercial – Rs.271.192 million

According to Government of Pakistan Ministry of Defence letter No.3/6/D-12 (ML&C)/97-2007 dated 31.12.2007 further amended vide MoD (ML&C) letter dated 29.12.2008, all such cases whether inside or outside Bazar Area will be charged at 100% of the commercial rates as fixed by Revenue authorities as the property has been used for commercial purpose.

During audit of Cantonment Board, it was observed that two properties were held on residential lease. The lessee has converted the residential property into commercial

purpose without getting approval of Government of Pakistan on payment of prescribe charges, i.e. premium, development charges and ground rent etc. Neither the land was resumed nor the required Cantonment fund dues valuing Rs.271.924 million was recovered from the lessee.

When pointed out by audit, the management replied that neither property number mentioned nor statement of any property is attached with the observation list. Hence, preparation of reply of the observation list in hand was not possible.

The reply was not tenable as complete statement showing property number with locations was already provided. Hence, the regularization action in the matter along with recovery of Cantonment Fund Dues be initiated.

The DAC in its meeting dated 28.11.2023 was apprised by the management that property No. 120 & 129 are situated outside Bazar area and under the management of MEO. DAC shifted the draft para to concerned MEO. No progress was reported till finalization of this report.

Audit recommends for regularization and recovery of amount involved.

DP-N-01/2023-24

2.9.9 Un-authorized construction on class “C” land – Rs.118.075 million

Under Rule 4 (b) read with Rule 9 (6) of the Cantonment Land Administration Rules 1937, the management of Class “C” land vests in the Board under Section 108 of the Cantonment Act 1924. However, reclassification of land can be processed with prior approval of the Federal Government under Rule 7 of CLA Rules 1937.

During audit of a Cantonment Board, it was observed that Military authorities intended utilization of land measuring 1780.7237 Sq. Mtr (3.52 Kanals) at Survey No.127 for construction of Coffee Shop. After detailed deliberations, Board recommended constitution of Board of Officer with inclusion of MEO for proper demarcation & value assessment of land. The Military authorities were also asked to provide NOC from QMG Branch for the swap of land and non-commencement of any activity till finalization of the proposal.

Board of officers for reclassification / swap of land were constituted on 15.03.2017, but neither MEO was involved in the process for proper demarcation/value assessment of proposed land for exchange/swap nor NOC for reclassification of land from QMG Branch

GHQ obtained despite lapse of 04 years. Instead construction of Coffee Shop was started in violation of prevailing rules and regulations. Furthermore, approval for proper reclassification of land from Class “C” land into “A-1” had not been taken from Ministry of Defence.

Audit is of the view that Cantonment Board suffered financial loss of Rs.118.076 million being cost of Class “C” land as well as utilization of the land for its revenue.

When pointed out by audit, the management replied that they will take up the case with Army authorities to complete all codal / legal formalities for exchange / swap of land in the presence of Board including MEO.

The reply was not tenable as encroachment of Class “C” land and construction of Coffee Shop on Class “C” land without proper swap or approval from MoD was an unauthorized activity.

The DAC in its meeting dated 27.09.2023 directed the management to pursue the case with Army authorities and process regularization. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-516/2022-23

2.9.10 Non-payment of dues to KWSC – Rs.63.344 million

According to Rule-22 of the Pakistan Cantonment Account Code, 1955, “All liabilities shall be liquidated without delay, and in no circumstances shall a liability be allowed to stand over to be paid from the budget grant of the following year, no, shall payments or refunds be postponed to the last day of a month or of the last month of the financial year.”

During audit of a Cantonment Board, for the Financial Year 2022-23, it was observed that an amount of Rs. 63.344 million was outstanding against the Cantonment Board on account of bulk water supply in cantonment areas by KWSC. The accumulation of this liability threatens to significantly overburden the Cantonment Fund, impacting its financial stability and ability to fund other critical services. Additionally, this non-payment has led to a financial loss for the Cantonment Fund due to accruing surcharges on the monthly bills.

Audit is of the view that non-payment of the outstanding charges reflected weak financial management within the entity which caused a loss to the Cantonment Fund.

The matter was pointed out by the Audit in August, 2023, the management replied that the KWSC was liable to pay road cutting charges to Cantonment Board. Therefore, the objected amount of Rs.63.344 million will either be paid or adjusted with KWSC and the liability will be reduced.

The reply furnished by the management was not tenable as non-payment of dues caused a burden on the Cantonment Fund.

The DAC in its meeting dated 29.12.2024, directed the management to resolve the matter and reconcile with audit within two months. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-10/2023-24

2.9.11 Un-authorized utilization of old grant lease and non-realization of Cantonment dues – Rs.38.355 million

According to Clause (h) of revised old grant policy issued by government of Pakistan ministry of defence letter No.3/6/D-12/ML&C/97-2007 dated 31.12.2007 as renewed vide letter No.55/305/lands ML&C 2018 dated 05.06.2018 that cases of unauthorized change of purpose shall be dealt as under:

Cases of unauthorized change of purpose e.g. site for hospital / education purposes being used for commercial / other purposes and residential property being used for commercial purposes will be treated as under:

- i. NOC: NOC shall be obtained from the respective garrison Headquarter through station Headquarters.
- ii. Premium: shall be charged on revenue rate applicable for the said purpose.
- iii. Penalty / composition fee: after approval of conversion, respective Cantonment Board to charge due composition fee as per existing rules.
- iv. Resumption of property: those who fail to pay the premium and composition fee their property shall be resumed.

During audit of a Cantonment Board, it was observed that certain lessees have converted their properties into commercial as evident from CBR No.37 dated 03.10.2019 in violation of the old grant policy. Due to unauthorized utilization of residential old grant leases as commercial without permission / regularization resulted into loss of Rs.38.355 million to Cantonment fund / Government exchequer which needed recovery besides regularization or resumption of old grant lease was required to be made in favor of Government.

When pointed out by audit, the management replied that cases of unauthorized change of purpose were placed before the Board and the Board resolved as under: *“Considered and held forth. The Board after detail discussion resolved that strict action be taken against the violators and properties involving unauthorized change of purpose be sealed forthwith”*. As per decision of the Board, properties situated inside Bazar area, were sealed by the Cantonment Board. The offenders filed civil suit against the action of Cantonment Board and court order dated on 14.10.2019 directed the respondents to de-seal the suit shops, however, the plaintiff will be bound to pay all the arrears be it of a tax / composition fee or any money which is subject to recovery under the Cantonments Act, 1924.

The reply was not tenable to as no progress towards implementation of court orders was produced to audit.

The DAC in its meeting dated 27.09.2023 directed the management to pursue the case of revision of Old Grant Conversion Policy. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-551/2022-23

2.9.12 Illegal utilization land by housing society – Rs.26.250 million

According to Para-2(b)2 of ML&C Deptt, Rwp letter No. 55/45/Land/ ML&C/99 dated 17.02.2011, issued on Policy on Preparation / Operation of Housing Schemes on Private Land in cantonment areas in Pakistan. “Application for sanction of scheme submitted by the developers to Cantonment Executive Officer shall not be entertained unless it is accompanied by developer’s ownership / title documents in respect of land proposed for the scheme along with Khasra Plan (Aks-e-Shajra) duly verified by the concerned District Officer (Revenue)”.

During audit of a Cantonment Board, it was observed that encroachment upon private and state land (13.6 and 4.4 Kanals) respectively was made by a cooperative housing society. It was however, noticed that despite illegal encroachment, the Board granted provisional approval to the society without clearance of title by giving undue benefit to the developer worth Rs. 26.250 million.

When pointed out by audit, the management replied that neither any Cantonment Board Class-C land was encroached by the Society nor the said scheme was approved by the competent authority. The reply was not tenable as a provisional permission was granted to the society for land comprising 17 Kanals & 10 Marlas.

The DAC in its meeting dated 16.06.2020 directed to cancel the provisional approval of the Society within one month. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

Para 4.14.2 (SAR)/2019-20

2.9.13 Award of contracts to PEC unregistered firms – Rs. 14.720 million

According to Rule 3 (I) Pakistan Engineering Council Bye Laws, 1987, “No engineering work shall be constructed except by a contractor or operator except by an operator licensed as such by the Council.”

During audit of Cantonment Board for the Financial Year 2022-23, it was observed that 22 contracts valuing Rs.14.72 million were awarded to different firms, which were not registered with PEC.

Audit is of the view that the award of contracts to firms not registered with PEC reflected non-adherence of the Govt. rules.

The matter was pointed out by Audit in July, 2022. The management replied that all contracts were awarded to PEC registered firms. Reply is not tenable as status of de-registration of firms was confirmed from PEC certificates.

The DAC meeting dated 12.02.2024 directed the management to provide relevant record to audit for verification. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

2.9.14 Irregular sale of plots reserved for Amenity – Rs.9.000 million

According to Para 5 a (9) of Government of Pakistan, Ministry of Defence (ML&C Department) letter No. 55/45/Lands/ ML&C/99 dated 17.02.2011 “2-10% area should be available in the housing scheme for Public Buildings (Mosque, Community Hall, School, College, Dispensary etc.) on private land in Cantonment areas in Pakistan”.

During audit of a Cantonment Board, it was observed from the case file of a Co-operative Housing Society that the defunct Management Committee of the society made 1922 allotments against 1450 plots on the proposed layout plan. This included 425 residential plots on land which was not even purchased by the society and land pertaining to 381 residential plots was sold after allotment of these plots. At present only 955 plots are free of disputes whereas 927 plots were disputed being either superimposed (‘bala’) plots or plots in respect of which no land existed. The defunct Management Committee also made allotment of 166 commercial plots against 111 which were actually available; 28 plots were created on community land reserved for utilities such as the main park whereas land for 9 plots was not purchased, land for 5 plots was sold and 13 plots were created on land reserved for ‘green belt’. As there is a huge difference by carving plots at present and shown in layout plan, the proposed plan submitted for approval has been absolutely changed and required to be revised to fulfill the purpose approval of layout plan. Amenity plots, parks, grave yards, schools and post offices were sold out to different persons which resulted into a loss to the residents and Cantonment Board amounting to Rs.9.000 million.

When pointed out by audit, the management replied that a show cause notice will be served to the administration of society for deviations from the approved layout plan and conversion of the amenity plots. Further action will follow accordingly.

The DAC in its meeting dated 16.06.2020 directed to pursue the case vigorously and results be shared with audit within one month. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

Para 4.14.1 (SAR)/2019-20

2.9.15 Irregular approval of a housing scheme and non-recovery of TIP Tax & conversion charges

According to Para-3 (b) of ML&C Deptt, letter No. 5/45/Land/ML&C/99 dated 17.02.2011, “No Housing Scheme can be approved by the Board without completion of Pre-requisites of Scheme by the Developers”.

During the audit of a Cantonment Board, it was observed that the Board approved a Housing Scheme. However, TIP Tax and conversion charges were not recovered. Moreover, 03 Marla residential plots were approved whereas, minimum 10 Marla plots were required on private housing schemes in Cantonment area as per policy. The omission resulted in irregular approval of Private Housing Scheme without charging of Cantonment Board dues.

When pointed out by audit, the management replied that policy on private housing schemes was promulgated in 2011, whereas a Scheme was actually developed and constructed before implementation of the policy. The Board approved the scheme in 2013 as “fait accompli” under the advice of Regional Headquarters.

The reply was not tenable as the Board was required to formalize mode of approval for layout plans of housing schemes by framing by-laws vide ML&C Department, letter No.55/45/Lands/ML&C/99-G, dated 18.09.1999. Moreover, TIP Tax and conversion charges were not recovered.

The DAC in its meeting dated 16.06.2020, directed that recovery made on the basis of TIP tax and sizes of plots as per policy may be got verified and notification of imposition of conversion charges may be provided to audit for verification within one month. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

Para 4.6.8 (SAR)/2019-20

2.9.16 Delay in construction of specific purpose allotted plots

According to Para 5 a (9) of Government of Pakistan, Ministry of Defence (ML&C Department) letter No. 55/45/ Lands/ML&C/99 dated 17.02.2011 “2-10% area should be available in the housing scheme for Public Buildings (Mosque, Community Hall, School, College, Dispensary etc.) on private land in Cantonment areas in Pakistan”.

During audit of Cantonment Board, it was observed that a Housing Society allocated 2-10% land for specific purposes i.e. schools and hospitals, however, despite the lapse of 20 years it remained un-utilized. This delay in construction of public buildings caused inconvenience for general public and violated the above policy.

When pointed out by audit, the management replied that no time period was mentioned in the terms and conditions of the approval for construction of specific purpose plots. Moreover, the administration of the Society has pledged 50% of the proposed commercial area in favour of Cantonment Board till completion of developmental works vides registered surrender deed. The same is still intact and the pledged plots will be released after completion of all developmental works / public buildings and handing over of the infrastructure to the Cantonment Board.

The reply was not tenable as these plots were not constructed even after the lapse of 20 years which indicate negligence on part of Cantonment management as well as Society because the residents were deprived of basic facilities like school, hospitals, mosques and community centers.

The DAC in its meeting dated 16.06.2020, directed that progress may be physically got verified from audit and report be submitted within one month. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

Para 4.5.11 (SAR)/2019-20

2.9.17 Irregular approval of Housing Society without physical demarcation

According to Para-2 (b) (a) of Government of Pakistan, Ministry of Defence (ML&C Deptt), letter No. 55/45/Land/ML&C/99 dated 17.02.2011. The developer must arrange joint physical demarcation of the Scheme by revenue authorities and MEO for identification of physical feature by the Cantonment Board.

During audit of Cantonment Board, it was observed from the record of Private Housing scheme, that Cantonment Board has granted approval of the Schemes without MEO and revenue authorities joint physical demarcation report. It was therefore, proposed that Joint Physical Demarcation may please be conducted in the presence of MEO and revenue authorities for identification of physical feature by the Cantonment Board if not carried out earlier.

When pointed out by audit, it was replied in case of Audit Para 4.4.2 that joint physical demarcation was held on 18.09.2015 in the presence of Developer, Halqa Patwari, Girdawar, Representative of Cantonment Board and MEO. Similarly, in case of Audit Para 4.4.3 the management replied that housing scheme was not approved by the Board.

The DAC in its meeting dated 16.06.2020 directed in case of Audit Para 4.4.2 that physical demarcation of the scheme / land from revenue authorities and a certificate to this effect may be got verified from audit authority within one month. Similarly, in case of Audit Para 4.4.3 DAC directed that scrutiny of record held by Cantonment Boards and physical verification of the site / society may be furnished to Audit within one month. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

Para 4.4.2 & 4.4.3 (SAR)/2019-20

2.10 Recoverable / Overpayments – Rs.13,405.011 million

2.10.1 Non-recovery of cantonment dues – Rs. 5,068.958 million

Section-92 of Cantonments Act, 1924, states that, “If a person liable for payment of any tax does not, within thirty days from the service of the notice of demand, pay the amount due, or show sufficient cause for non-payment of the same to the satisfaction of the Executive Officer, such sum, with all costs of the recovery, may be recovered under a warrant, issued in the form set forth in Schedule II, by distress and sale of the movable property of the defaulter.”

During audit of Cantonment Board for the Financial Year 2022-23, it was observed that an amount of Rs.5,068.958 million was lying outstanding against different parties/properties on account of house tax, conservancy tax & water charges as tabulated below:

(Rs. in million)

S.No.	DP No.	Outstanding Since	Amount
1.	S-199/2023-24	July 2022	1,799.185
2.	S-08/2023-24	July 2018	1,632.845
3.	S-112/2023-24	July 2022	808.108

4.	S-171/2023-24	July 2019	341.013
5.	S-05/2023-24	July 2022	165.399
6.	S-68/2023-24	July 2018	151.204
7.	S-40/2023-24	July 2018	117.414
8.	S-115/2023-24	July 1997	36.922
9.	S-119/2023-24	July 2022	13.973
10.	S-66/2023-24	July 2022	2.895
Total			5,068.958

Audit is of the view that due to non-recovery of the cantonment dues, the public funds were blocked, which stood as irregular.

Non-recoveries were pointed out by audit in 2023. The management replied that partial recoveries had been made and some properties involved court cases. However, efforts were being made to recover the outstanding amount.

The DAC vide meeting dated 29.12.2024, directed the management for reconciliation of the recoverable amount and for verification of the amount already recovered, besides pursuance of the court cases/outstanding amounts. No progress in the matter was however reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-199, 08, 112, 171, 05, 68, 40, 115, 119 & 66/2023-24

2.10.2 Non-recovery of compensation of land from a Development Authority – Rs.2,710.276 million

Under Clause-3 of Contract Agreement concluded between a Cantonment Board and concerned City Development Authority for construction of Bus Rapid Transit, it was mutually agreed that land owned by the Cantonment Board will be utilized / included in the Bus Rapid Transit Project and the concerned Development Authority will pay the cost of land per marla to the Cantonment Board. Furthermore, under Rule-2(5&6) of Pakistan Cantonment Accounts Code 1955, it is the duty of the management officer and the staff employed by the Cantonment Board to see that dues of the Board are correctly and promptly assessed, collected and paid to the treasury.

During audit of a Cantonment Board, it was observed that an area of land measuring 497.89 Marlas owned by the Cantonment Board was utilized by a City Development Authority for construction of Bus Rapid Transit Project but compensation of land against property bearing survey No. 41 situated at Jinnah Park which came to Rs.2,710.276 million (497.89 Marlas @ Rs.5,443,524 per Marla) was not recovered from the concerned Development Authority as evident from Cantonment Board letter dated 01.07.2021 which needed recovery.

When pointed out by audit, the management replied that the case has been taken up with the concerned Development Authority for recovery of objected amount.

The DAC in its meeting dated 27.09.2023 directed the management that recovery be pursued vigorously with the concerned Development Authority and get it verified from audit. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-404/2022-23

2.10.3 Non-recovery of outstanding dues – Rs.1,040.707 million

According to Ministry of Defence, letter No.14/2Budget/ML&C/95 dated 10.11.1997 that “all the WAPDA buildings / poles existing in the Cantonment limits should be assessed for recovery of property tax” and read with CBR No.30 dated 04.11.2008.

During audit of a Cantonment Board, it was observed that an amount of Rs. 1,040.707 million on account of ground rent of electric poles and line rent was not recovered from WAPDA which stood irregular.

When pointed out by audit, no reply was furnished by the management.

The DAC in its meeting dated 28.11.2023 was apprised by the management that ground rent of polls and line charges shall not be claimed from distribution companies. DAC directed that relevant record may be got verified from audit within one month. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-82/2023-24

2.10.4 Non-assessment of residential properties and recovery of composition charges – Rs.967.500 million

As per Section 259 of Cantonment Act 1924, arrears of any tax or any other money recoverable by Cantonment Board may be recovered either by a suit or an application to a magistrate having jurisdiction in the cantonment.

During audit of a Cantonment Board, it was noticed from letter dated 14.02.2019 that housing schemes were established in 2009 at Cantonment area. Layout plan of housing schemes were approved by the board in 08.02.2011 and in the meanwhile the management succeeded to sell out 98% of plots of the schemes. Due to non-assessment of irregular construction of houses within the society, Cantonment Board sustained a considerable loss of revenue amounting to Rs.967.500 million for last three years on the basis of property tax and 5% composition charges. Audit, therefore, recommends that residents of the said housing scheme may be advised to submit their building plans. In addition, residents should further submit composition fee and house tax.

When pointed out by audit, the management replied that the audit authorities observed composition fee by considering total plots / houses as mentioned in the submitted layout plan and worked out house tax for 3 years retrospectively. In this regard, the management of Housing Schemes were asked for provision of list stating actual number of houses constructed in violation of the policy, to ascertain exact figure for levying composition fee and house tax. In response, the management informed that 596 houses were actually constructed at site against which the House Tax and composition fee was to be recovered. In this connection, it was pointed out that Cantonment Board had introduced an amnesty scheme for regularization of irregular construction in Cantonment limits as one time measure as approved by the Board vide its resolution of special meetings. After receipt of sanction from the Competent Authority, the said amnesty scheme would be implemented for regularization of irregular constructions in the said housing schemes.

The reply was not tenable, since exact amount of composition fee and property tax was not recovered which needed immediate recovery.

The DAC in its meeting dated 16.06.2020 directed that recovery of property tax and composition charges be made and got verified from audit authority within one month. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

2.10.5 Non-recovery of Sky Charges – Rs.623.560 million

As per Rule 2(5&6) of Cantonment Accounts Code 1955, “It is the duty of the executive officer and the staff employed by the Cantonment Board to see that dues of the Board are correctly and promptly assessed, collected and paid to the treasury.”

During audit of Cantonment Boards for the Financial Year 2022-23, it was observed that an amount of Rs.623.56 million was lying outstanding on account of Antenna/Tower fee and hoarding fee from various cellular companies and military authorities as tabulated below:

(Rs. in million)

Sr. No.	DP No.	Outstanding since	Amount
1.	DP-S-196/2023-24	July, 2010	609.760
2.	DP-S-38/2023-24	July, 2020	13.800
Total			623.560

Audit is of the view that due to non-recovery of the cantonment dues, the public funds were blocked.

Non-recoveries were pointed out by audit in 2023. The management in case of DP-S-196 replied that the cellular operators have deposited partial payments for their sites. In case of DP-S-38 the management replied the matter has been taken up the matter with Garrison HQ for payment of hoarding charges; as and when recovery is made, the same will be intimated to Audit.

The DAC in its meeting held in December, 2023 directed the management in DP-S-38, to develop a mechanism for hoarding policy in consultation with QMG to resolve the matter. DAC pended the case till the finalization of the said mechanism. In case of DP-S-196, DAC was apprised that amount of Rs 66.302 million had been recovered. DAC directed the management that recovered amount be got verified and recovery of remaining amount expedited. No progress in the matter was however conveyed till finalization of this report.

Audit recommends implementation of DAC directives.

2.10.6 Non-deposit of rent into Government treasury – Rs.600.731 million

According to policy on use of A-1 Land circulated vide MoD letter dated 02.04.2008, for launch of essential commercial activities required to serve the residents of the respective garrison, survey will be conducted by a Board of Officers to determine the actual area under usage. The rent shall be charged @ 6% per annum of existing revenue rate of the said land, governments share @ 25% of the rent charged will be deposited into government treasury, besides entire amount of the rent charged on A-1 Land for agricultural purpose will be deposited into government treasury.

During audit of a Military Estate Office, it was observed that certain projects were run by Military authorities on A-1 land under the jurisdiction of MEO. However, the government share amounting to Rs.600.731 million was not deposited which needed recovery.

When pointed out by audit, the management replied that according to Rule-5 of the CLA Rules 1937, A-1 land is actually used or occupied by the Military authorities. According to Rule 9 and 14, the management of A-1 land including the detection and prevention of encroachment thereon, shall vest in the military authorities. According to Rule-2 (v) of the ACR Rules 1944, all land occupied by the Air Force fall under the immediate control of the officer commanding in chief, therefore the instant para may be shifted to concerned Military authorities. As per A-I Land policy 2008, calculation of rent and its remittance was the sole responsibility of the Board of officers so detailed by the respective Corps Headquarters or PN/PAF authorities.

The reply was not tenable. As per Para-7 and 9 of Government of Pakistan MoD letter dated 20.11.2009, MEO being member of board of officers was required to determine the actual area of A-1 land being used for welfare and commercial activities and to calculate rent for Cat-A & C activities.

The DAC in its meeting dated 27.09.2023 pended the para and directed the management to resolve the matter with concerned stakeholders i.e. MoDP. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-525/2022-23

2.10.7 Less-recovery of TIP tax – Rs.455.809 million

In accordance with Gazette Notification No.380 (I)/ 94 dated 07.05.1994 “TIP Tax @ 3% of cost of consideration money of such property as recorded in Sale Deed or as assessed by the Cantonment Executive Officer for the purpose of assessment of tax as market value of the property, whichever is higher will be recovered from the owner of Land at the time of sales of property”.

During audit of various Cantonment Boards, it was noted that TIP Tax was deducted @ 1.5% from the residents instead of 3% in violation of above government orders. Details are as under:

(Rs. In million)

S No.	DP No.	Tax deducted @ 1.5%	Tax to be deducted @ 3%	Less deduction (Rs.)
1.	DP-N-153/2023-24	200.233	400.466	200.233
2.	DP-N-146/2023-24	17.494	34.988	17.494
3.	DP-N-244/2023-24	238.082	476.164	238.082
Total		455.809	911.618	455.809

Audit observed that the amount of TIP Tax rate was reduced from 3% to 1.5%, causing financial loss amounting to Rs.455.809 million to the Cantonment Fund.

When pointed out by audit, the management replied that TIP Tax @ 1.5% was being recovered from sale / purchase situated at the DHA, in the light of decision taken in meeting

dated 09.08.2018 under the Chairmanship of Secretary Defence conveyed vide letter dated 05.11.2018.

The reply was not tenable as any relaxation for imposition of TIP on residents through internal minutes of meeting on the subject at MoD level cannot override the statutory provisions.

The DAC in its meetings dated 28.11.2023 and 05.01.2024. Against DP-N-153/2023-24 & DP-N-146/2023-24, the DAC directed to provide updated reply addressing all aspects of the audit observation and pursue the case with the competent authority. Against DP-N-244/2023-24, the DAC was apprised that the matter is already under consideration of the department. The DAC further directed to pursue the case for revised notification. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-153, 146 & 244/2023-24

2.10.8 Non-recovery of BTS tower rent – Rs.284.842 million

According to Para-92 (1) of the Cantonment Act-1924, “If the person liable for the payment of any tax does not, within 30 days from the service of notice of demand, pay the amount due or show sufficient cause of non-payment of the same to the satisfaction of the Cantonment Executive Officer, such sum, with all costs of recovery may be recovered under warrant.”

During audit of the several Cantonment Boards for the Financial Year 2022-23, it was observed that a sum of Rs.284.842 million on account of tower fee was outstanding against different Telecom Companies for the last 18 years. The details are tabulated below:

(Rs. in million)

Sr. No.	DP No.	Amount
1.	S-02/2023-24	264.676
2.	S-67/2023-24	18.96
3.	S-120/2023-24	1.206
Total		284.842

Audit is of the view that the non-recovery of the tower rent deprived the Cantonment Board of the revenue.

When pointed out by Audit in August 2023, the management replied that efforts are at hand to recover the amount and as soon as recovery is affected audit shall be informed accordingly.

The DAC in its meeting dated 29.12.2024 directed the management that recovered amount be verified from audit and pursue the recovery of the remaining amount. Further progress in terms of recovery was not reported to audit till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-02, 67 & 120/2023-24

2.10.9 Non-recovery of house tax and water charges – Rs.241.981 million

As per Section 259 of Cantonment Act 1924, arrears of any tax or any other money recoverable by Cantonment Board may be recovered either by a suit or an application to a magistrate having jurisdiction in the cantonment.

During audit of a Cantonment Board, it was observed from the record that an amount of Rs.241.981 million on account of House tax and Water charges for financial year 2020-21 was outstanding against various properties which needed recovery.

When pointed out by audit, the management replied that efforts for recovery of outstanding amount are being made.

The reply is not tenable as early action was needed for recovery of the outstanding amount.

The DAC in its meeting dated 27.09.2023 directed the management to recover the balance amount and get it verified from audit. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-436/2022-23

2.10.10 Non-recovery of Composition Fee – Rs.181.793 million

As per Section 178 (a) of Cantonment Act, 1924, “No person shall erect a building on any land in a Cantonment without getting building plan sanctioned by the Board. Further Govt. of Pakistan Ministry of Defence vide their letter No. 75/853/Lands/92/4970/D-/ML&C/94 dated 06-11-1994, provides that “Unauthorized construction within the limits of a Cantonment is an offence and Board is empowered to demolish the unauthorized construction or regularize it on payment of Composition Fee.”

During audit of Cantonment Boards for the Financial Year 2022-23, it was observed that owners of the various properties carried out unauthorized constructions without approval of the building plan from the concerned Boards, but the management did not recover the composition fee amounting to Rs.181.793 million as detailed below:

(Rs in million)

Sr. No.	DP No.	Amount
1	DP-S-37/2023-24	128.698
2	DP-S-108/2023-24	25.56
3	DP-S-200/2023-24	21.825
4	DP-S-04/2023-24	5.71
Total		181.793

Audit is of the opinion that the non-recovery of composition fee deprived the Cantonment Fund of the due revenue share.

When pointed out by audit in August 2023, the management replied that partial recoveries had been made and efforts were underway to recover the outstanding amount.

The DAC in its meetings held in December, 2023 and February 2024, directed the management in DP S-04, S-108 & S-200, that recovered amount be verified from audit and pursue the recovery of outstanding amount. Further progress in terms of recovery was not reported to audit till finalization of this report. In case of DP S-37, DAC directed the management to expedite the case of revised building plan with concerned residents within

03 months. DAC further directed that the recovery of 17 million from the Park Towers may be got verified from audit.

Audit recommends implementation of DAC directives.

DP-S-04, 37, 108 & 200/2023-24

2.10.11 Non-recovery of Provincial Sales Tax – Rs.150.874 million

According to Serial No: 16 of Schedule-II of the Punjab Provincial Sales Tax (PST) on Services Act, 2012, “16% PST is applicable on cleaning services (including collection and processing of domestic waste and street cleaning services)”.

During audit of a Cantonment Board Hospital, it was observed from record that two contracts were concluded by Cantonment Board for construction of Family Wing Hospital 250 Beds (now 500 beds) and construction of Cantonment Board Medical College near old Cantonment General Hospital but PST on Services Rs.150.874 million was not recovered from the contractor.

When pointed out by audit, no reply was given by the management. Audit stresses upon early recovery of the amount involved.

The DAC in its meeting dated 08.11.2022, directed the management to link up the Court cases and submit a fresh reply to MoD and Audit as well. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

Para 9.1 (SAR)/2020-21

2.10.12 Loss due to non-realization of premium charges – Rs.150.00 million

According to Para (v) of Ministry of Defence, Military Land & Cantonment letter dated 25.10.1980, premium of newly constructed commercial premises including shops and flats should be disposed of by public auction.

During Audit of Director Military Lands & Cantonments, it was observed that premium of Rs. 150.00 million on account of newly constructed commercial shops / halls completed in financial year 2018-19 was estimated. However, the same could not be realized despite the fact that capital expenditure had already been incurred.

When pointed out by audit, the management replied that this office being the competent financial authority could only sanction the budget estimates, whereas its realization rests with the concerned Cantonment Board. However, concerned Cantonment Board was also being asked to submit reply to audit.

The reply was not tenable as the management endorsed audit viewpoint that concerned Cantonment Board could not generate the estimated revenue. Audit stresses that immediate steps be taken to realize the revenue.

The DAC in its meeting dated 27.09.2023, directed the management to reconcile the amount and get the recovered amount verified from audit. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-624/2022-23

2.10.13 Non-recovery of rent and shop board fees – Rs.139.650 million

Section-92 of Cantonments Act, 1924, states that, “If a person liable for payment of any tax does not, within thirty days from the service of the notice of demand, pay the amount due, or show sufficient cause for non-payment of the same to the satisfaction of the Executive Officer, such sum, with all costs of the recovery, may be recovered under a warrant, issued in the form set forth in Schedule II, by distress and sale of the movable property of the defaulter.”

During audit of Cantonment Board for the Financial Year 2022-23, it was observed that an amount of Rs.139.650 million was lying outstanding against different parties/properties on account of residential & commercial rent, and shop board taxes as tabulated below:

(Rs in million)

S. No.	DP No.	Outstanding since	Amount
1.	DP-S-198/2023-24	July 2018	101.913
2.	DP-S-167/2023-24	July 2021	11.613
3.	DP-S-39/2023-24	July 2021	10.859
4.	DP-S-70/2023-24	July 2021	9.50

5.	DP-S-111/2023-24	July 2021	5.76
Total			139.65

Audit is of the view that due to non-recovery of the rent and shop fee; the Cantonment Fund was deprived of its due revenue share.

When pointed out by audit in 2023, the management replied that partial recoveries had been made and efforts were being made to recover the outstanding amount.

The DAC in its meeting held in December, 2023, directed the management in DP S-39, S-70 & S-111, that recovered amount be verified from audit and pursue the recovery of outstanding amount. In case of DP S-167 & S-198, DAC directed to pursue the court cases. No progress in terms of recovery was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-39, 70, 111, 167 & 198/2023-24

2.10.14 Non-deposit of Taxes – Rs.130.458 million

According to Rule-43 (b) of the Income Tax Rules 2002 amended upto 10.02.2017, ‘where the tax has been deducted by a person other than the Federal Government or a Provincial Government, by remittance to the Government Treasury or deposit in an authorized branch of the State Bank of Pakistan or the National Bank of Pakistan, within seven days from the end of each week ending on every Sunday’.

Furthermore, according to Rule-2 (5) of the Sales Tax Special Procedure (Withholding) Rules, 2007 amended upto 30.06.2015, “In case of purchases, the sales tax deducted at source shall be deposited by the withholding agent in the designated branch of National Bank of Pakistan under [under relevant head of account] on sales tax return-cum-payment challans in the form set out at Annexure to these rules, by 15th of the month following the month during which [the purchase has been made]. The return-cum-payment challans shall be prepared and deposited with the bank in triplicate and the bank shall send the original to the [Collectorate of Sales Tax] having jurisdiction, return the duplicate to the depositor and retain the triplicate for its own record”.

During audit of various Cantonment Boards, it was noted that in payments made to various contractors, Income Tax and GST amounting to Rs. 130.458 million was deducted and withheld respectively. Details are as under:

(Rs. in million)

Sr. No.	DP No.	Description	Amount
1.	DP-N-126/2023-24	Sales Tax	15,704,759
2.	DP-N-120/2023-24	Income Tax	14,263,000
3.	DP-N-84/2023-24	Income Tax	19,486,258
4.	Para 9.2 & 9.3 (SAR)/2020-21	Income Tax	81,003,780
Total			130,457,797

Audit observed that Income Tax and Sales Tax was not deposited into Government treasury. The same was required to be deposited into Government treasury within seven days of receipt as per above rules.

When pointed out by audit, against DP-N-126/2023-24 & DP-N-84/2023-24, the management replied that due to weak financial position, this office was unable to pay the amount of Income Tax in to Government treasury. Against DP-N-120/2023-24, the management replied that Income Tax was being deposited with concerned department regularly. Against Para 9.2 & 9.3 (SAR)/2020-21, no reply was furnished by the management.

The replies were not tenable as Income Tax and Sales Tax was required to be deposited into Government treasury within seven days of receipt. Furthermore, no documentary evidence was shown to audit regarding deposit of Income Tax.

The DAC in its meeting dated 28.11.2023 directed for DP-N-126/2023-24 & DP-N-84/2023-24, to reconcile the recoverable amount with audit, recovery may be made expeditiously and the amount already recovered be also verified from audit within one month. Against DP-N-120/2023-24, the DAC directed to deposit the amount of Income Tax expeditiously and get it verified from audit within one month. Against Para 9.2 & 9.3 (SAR)/2020-21, the DAC in its earlier meeting dated 08.11.2022 had directed the management to recover the Income Tax and get it verified from Audit. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

2.10.15 Non-recovery of conservancy charges – Rs.106.650 million

Rule-67(1) of Cantonment Boards Budget Rules-1966 stipulates that, “it shall be the duty of the Executive Officer to ensure that all income claimable is claimed, realized and credited to the Cantonment Fund”.

During audit of certain Cantonment Boards, it was observed that contract agreements were concluded with Army Authorities for providing conservancy services. However, an amount of Rs.106.650 million was laying outstanding against Army Authorities which needed recovery.

(Rs. in million)

Sr. No.	DP No.	Description	Amount
1.	DP-N-351/2022-23	Conservancy Charges	12,984,400
2.	DP-N-420/2022-23		28,558,000
3.	DP-N-48/2023-24		3,288,000
4.	DP-N-69/2023-24		3,246,600
5.	DP-N-156/2023-24		16,810,000
6.	DP-N-16/2023-24		15,929,000
7.	DP-N-27/2023-24		25,834,000
Total			106,650,000

When pointed out by audit, the management replied that efforts were being made to recover the outstanding amount.

The DAC in its meeting dated 27.09.2023 directed the management against DP-N-351/2022-23 & DP-N-420/2022-23, to get 100% recovery verified from Audit within two weeks. Against DP-N-48, DP-N-69, DP-N-156 & DP-N-16/2023-24, the DAC in its meeting dated 29.11.2023 was apprised that case has

been taken up with Army authorities for recovery. The DAC directed to pursue the recovery and get it verified from audit. Against DP-N-27/2023-24, the management replied that Rs. 5.561 million out of total outstanding amount has been recovered. The DAC directed that remaining recovery may be pursued expeditiously and get it verified from audit. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

Note:

With reference to Sr. No. 1 above, the issue was reported earlier also in the Audit Report for Audit Year 2021-22 vide Para No. 2.10.14 having financial impact of Rs. 16.386 million and Audit Year 2022-23 vide Paras No.2.7.13 having financial impact of Rs. 20.032 million. Recurrence of the same irregularity is a matter of serious concern.

DP-N-351 & 420/2022-23, DP-N-16, 27, 48, 69 & 156/2023-24

2.10.16 Loss due to less-recovery of Cantonment dues – Rs.86.363 million

As per Para-3 (h) (General Conditions) of Government of Pakistan Ministry of Defence letter No.3/6/D-12/(ML&C)/97-2007 dated 31.12.2007 “usage of residential property for commercial purpose will require NOC from respective Station Headquarters on Payment of premium at revenue rate applicable for the said purpose, imposition of composition fee by the respective Cantonment Board and those who fail to pay, their property will be resumed”.

A. During audit of a Cantonment Board, it was observed that a Bungalow measuring 1500 Sq.Yds initially held on lease for residential purpose in schedule IX-A by one person under the management of MEO, Lease hold rights were transferred to another lessee. Subsequently the current lessee started unauthorized use for commercial purpose without obtaining NOC. In addition, the lessee did not pay composition fee, premium, TIP, and development charges (at commercial rates) which resulted into loss to Cantonment Board amounting to Rs. 59.203 million.

B. Similarly, another Bungalow measuring 516.66 Sq. Yds held on lease for residential purpose was un-authorizedly being used for commercial purpose (Medical Clinic) without obtaining NOC. In addition the lessee did not pay the premium, rent, development charges (at commercial rates) and composition fee which resulted loss to Cantonment funds amounting to Rs.27.160 million.

When pointed out by audit, the management replied that both properties are situated outside bazar area and under the management of MEO. Therefore, it is requested that audit observation may please be shifted to MEO.

The reply was not tenable. Cantonment Board was supposed to issue notices to offenders and report to Director ML&C concerned for obtaining approval of DG ML&C regarding issuance of sanction of commercialization on payment of premium, development charges and composition fee on the case submitted by MEO for Rs.86.363 million.

The DAC in its meeting dated 28.11.2023 directed the management that relevant record of commercialization sanction and recovery of Government dues may be got verified from audit within one month. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-115/2023-24

2.10.17 Non-recovery of cantonment dues from bidders – Rs.73.866 million

In accordance with Para-4 of Terms & Condition of Auction ‘If successful bidder fails to deposit total amount of the bid within stipulated period of 30 days (after the approval of the competent authority), the amount deposited by him will be forfeited in favor of Cantonment Board and the plot in-question will be auctioned again’.

During Audit of a Cantonment Hospital, it was observed that 4 successful bidders of auctioned plots failed to deposit their outstanding dues within the stipulated time period as mentioned in the above clause. The Board extended the time period up to 31.12.2019 vide CBR No.106 dated 14.11.2019 whereas the Board was required to forfeit the amount and re-auction the plots. This omission resulted into loss to Cantonment fund amounting to Rs.73.867 million.

When pointed out by audit, no reply was given by the management.

The DAC in its meeting dated 08.11.2022, directed the management to get their record verified with respect to recovery of one plot. DAC further directed to recover the remaining amount and get it verified from Audit within one month. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

2.10.18 Non-realization of bid amount from auction of plots - Rs.66.295 million

According to Para 1, 4 & 5 of the terms and conditions published in the Newspaper dated 13-21 August-2020, the interested bidders will have to deposit CDR of Rs.700,000 in favour of CEO Cantonment Board concerned. The successful bidder will have to deposit 1/10th the total bid on the spot whereas the balance amount will have to be deposited within 30 days after the approval of competent authority, in case of failure the amount deposited will be forfeited.

During audit of a Cantonment Board, it was observed that 2 commercial and 3 residential plots situated at an Officer Housing Scheme were advertised in the national dailies dated 13-08-2020 to 21-08-2020 with opening date on 02-09-2020. The highest bids amounting to Rs. 95.400 million were accepted vide CBR No.27 dated 15-09-2020. 1/10th of the bid amounting to Rs. 9.560 million was deposited by the successful bidders. However, the balance amount of Rs.85.840 million was not deposited despite lapse of considerable time.

It was noted that the highest bids amounting to Rs.95.400 million were sanctioned by the Govt. of Pakistan, MOD (ML&C Deptt) vide their letter dated 11.08.2022 and the highest bidders were intimated vide CB letter dated 16.08.2022 after lapse of 2 years from the date of auction i.e., 02.09.2020. As per CB letter dated 20.09.2022, only a sum of Rs. 29.105 Million was deposited by the successful bidders, whereas the balance amount of Rs. 66.295 Million was outstanding. The delay in approval process and non-depositing of balance amount by the successful bidders despite lapse of 3 years needed investigation as the bidders had to deposit the value of plot as on 15.09.2020, whereas the value of plot after lapse of 03 years should have risen significantly.

When pointed out by the Audit in August 2023, the management replied that the case was forwarded to the Competent Authority for approval. In response, HQ, ML&C has accorded sanction vide letter dated 09.08.2023 for extension of one month time to deposit the remaining balance premium and other dues, the same has been intimated on 10.08.2023 to the highest bidders to deposit the same within one month.

Reply was not tenable as the 1/10th amount was deposited by the highest bidder in the month of September 2020, however approval by the competent authority was conveyed on 16.08.2022. The unnecessary delay of 23 months in the approval process could not be justified, as the prices of the plots should have further escalated, which needed investigation for inordinate delay at different levels in the matter.

DAC held on 5.01.2023 directed the management that the recovered amount may be got verified from audit and the recovery of the remaining amount be pursued vigorously.

Audit recommends implementation of DAC directives and a thorough inquiry into the matter for fixation of responsibility for delay in the remittance of the amount to the Cantonment Fund/ Government and for departmental lukewarm action in the matter.

DP-N-380/2023-24 (Reported as Critical Issue to PAO)

2.10.19 Non-recovery of outstanding loans - Rs.53.200 million

As per Rule 2(A)-5 of the Pakistan Cantonments Account Code 1955, “It is the duty of the Executive Officer and the staff employed by the Cantonment Board to see that dues of the Board are correctly and promptly assessed, collected and paid into the treasury.” Further Rule 2(A)-6 states that, “The Executive Officer is responsible for enforcing financial order and for observance of all relevant financial rules both by himself and by his subordinates.”

During audit of various Cantonment Boards for the Financial Year 2022-23, it was observed that loans amounting to Rs.53.200 million were lying outstanding against different Cantonment Boards, but the same remained unrecoverable despite lapse of a considerable time. The details are as under:

(Rs. in million)

S. No.	DP No.	Outstanding since	Amount
1.	DP-S-06/2023-24	April 2015	27.20
2.	DP-S-197/2023-24	July 2022	26.00
Total			53.200

Audit is of the opinion that the non-recovery of the loans reflected negligence on part of the management besides blockage of the Cantonment Fund.

The matter was pointed out by Audit in July, 2023. The management replied that the reminders for refund of the loan are being issued on regular basis. As soon as the said loans were refunded, audit would be informed accordingly. The management admitted the stance of audit, recovery be affected as soon as possible.

The DAC in its meeting dated 29.12.2024, directed the management in DP S-06, to develop a mechanism in the matter, share the same with audit and resolve the issue within three months. In case of DP S-197, DAC directed the management that case may be pursued expeditiously and get it verified from audit. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-06 & 197/20223-24

2.10.20 Non-recovery of premium – Rs.48.271 million

As per section 259 of Cantonment Act 1924, arrears of any tax or any other money recoverable by Cantonment Board may be recovered together with the cost of recovery either by a suit or an application to a magistrate having jurisdiction in the cantonment.

During audit of a Cantonment Board it was observed from the record that certain Cantonment Board shops were auctioned on tenancy rights basis through open competition. Scrutiny of Premium Register revealed that an amount of Rs.48.271 million was lying outstanding against different bidders which needed recovery.

When pointed out by audit, the management replied that efforts were made to recover the outstanding amount.

The reply was not tenable. Serious effort needs to be made for recovery of the outstanding amount.

The DAC in its meeting dated 27.09.2023 directed the management to reconcile the amount, pursue remaining recovery and get the recovered amount verified from audit. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-490/2022-23

2.10.21 Un-authorized change in building plan and non-recovery of cantonment dues – Rs.48.158 million

Para 3(h) of Government of Pakistan Ministry of Defence letter No.3/6/D-12(ML&C)/97-2007 dated 31.12.2007, provides that cases of un-authorized change of purpose residential property being used for commercial purpose will be charged premium

on revenue rates applicable for the said purpose, Cantonment Board to charge due composition fees. Those who fail to pay the premium and composition fee, their property shall be resumed. Further Para-3 of Government of Pakistan Ministry of Defence letter No.55/305/lands/ML&C/2007 dated 29.12.2008, clarified that in all such cases whether inside or outside Bazar Area premium will be charged at 100% of commercial rates as fixed by the Revenue Authorities for the property being used for commercial purpose.

During audit of a Cantonment Board and a MEO, it was observed that certain residential properties were used by the lessees for commercial activities but neither the properties were restored nor the premium and development charges amounting to Rs. 48.158 million were recovered from the lessees.

When pointed out by audit, the management replied that the lessees had unauthorizedly changed the status of properties from residential to commercial. However, this office served the notices upon the lessees with the direction to restore the property in its original status i.e. residential or submit Schedule-V for regularization of unauthorized change of purpose.

The reply was not tenable as the lessees had converted residential property into commercial, without approval of revised building plan. Therefore, objected amount of premium and development charges needed recovery.

The DAC meeting was held dated 27.09.2023 was apprised by the management that out of 7 objected properties, 4 have been restored to original status, whereas notices have been issued to owners of the remaining 3 properties. The DAC directed the management to pursue the case of 3 properties and get the same verified from audit. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-341/2022-23

2.10.22 Non-recovery of transfer of immovable property (TIP) Tax - Rs.25.580 million

According to Section 92(1) of Cantonment Act,1924, “If the person liable of the payment of any tax dues not, within thirty days from the service of the notice of demand, pay the amount due, or show sufficient cause of non-payment of the same to the satisfaction of the Executive Officer such sum with all costs of recovery may be recovered under a warrant, issued in the form set forth in schedule II, by distress and sale of the movable property of the defaulter. “

During audit of Cantonment Boards for the Financial Year 2022-23, it was observed that an amount of Rs.25.580 million was outstanding on account of Transfer of Immovable Property (TIP) Tax against different properties. The detail is as under:

(Rs in million)

S. No.	DP No.	Amount
1.	DP-S-01/2023-24	21.307
2.	DP-S-308/2023-24	4.273
Total		25.580

Audit is of the view that the non-recovery of TIP Tax resulted in loss to Cantonment fund.

The irregularity was pointed out by audit in August, 2023, the management replied that partial recoveries had been made and progress thereof would be intimated to audit.

The DAC in its meetings held in December, 2023 and February 2024, directed the management to recover the amount in full and get the recoveries verified from audit. No progress in terms of recovery was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-01 & 308/2023-24

2.10.23 Non-recovery of rent of commercial property – Rs. 25.481 million

As per section 259 of Cantonment Act 1924, arrears of any tax or any other money recoverable by Cantonment Board may be recovered together with the cost of recovery either by a suit or an application to a magistrate having jurisdiction in the cantonment.

During audit of a Cantonment Board it was observed from the record that an amount of Rs. 25.481 million on account of rent of commercial property of Cantonment Board was lying outstanding against different allottees which needed recovery.

When pointed out by audit, the management replied that efforts were being made to recover the outstanding amount.

The reply was not tenable. Audit stresses upon immediate recovery of the amount involved.

The DAC in its meeting dated 27.09.2023 directed the management to get recoverable amount reconciled and verified from audit. Furthermore, remaining recovery be pursued. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-613/2022-23

2.10.24 Non-realization of Cantonment dues - Rs.24.051 million

According to Para (g) of Revised old grant policy letter No. 55/305/land ML&C 2018 dated 05.06.2018 the un-authorized sale/sale Agreement will be regularized after due verification of the sale deed / sale agreement duly registered under the relevant Registration Act and also after obtaining clearance from respective Garrison through Station Headquarter, No sale agreement executed after the date of issue of this policy will be accepted.

During the audit of a Cantonment Board, it was observed that property bearing No. 454/2 old grant (Residential) measuring 1,437 Sft, was sold at the cost of Rs. 13.00 million without registration of lease agreement. On the request of the transferee the Board vide CBR No. 40 dated 17.09.2018 approved conversion of the land from residential to commercial. As per old grant policy, the premium alongwith other charges was worked out valuing Rs. 19.701 million for sanction of DML&C vide their letter dated 18.12.2018. However, on the direction of ML&C Department a sum of Rs.24.052 million was revised on account of premium, surcharge and development charges which were not realized till date.

When pointed out by audit, the management replied that the case regarding conversion of property No. 454/2 into regular commercial lease has been submitted to the competent authority for approval. After sanction of the competent authority recovery will be made accordingly.

The DAC in its meeting dated 27.09.2023 was apprised by the management that case is subjudice in court. The DAC directed to pursue the case. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-506/2022-23

2.10.25 Non-recovery of Income Tax – Rs.16.167 million

According to section 259 of Cantonment Act 1924, arrears of any tax or any other money recoverable by Cantonment Board may be recovered either by a suit or an application to a magistrate having jurisdiction in the cantonment.

During audit of a Cantonment Board, it was observed that certain Cantonment Board shops were auctioned for Rs. 10.778 million on tenancy rights basis through open competition but Income Tax @ 15 % amounting to Rs. 16.167 million (Rs.10,778,000 x 15%) was not recovered from the successful bidders.

When pointed out by audit, the management replied that concerned tenants of shops were asked for payment of the Income Tax. Final outcome will be intimated to audit in due course of time.

The reply was not tenable. Income Tax from the successful bidders was not recovered causing loss to the state.

The DAC in its meeting dated 28.11.2023 directed to reconcile the recoverable amount with audit, recovery may be made expeditiously and the amount already recovered be also got verified from audit within one month. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-07/2023-24

2.10.26 Less recovery of conversion charges – Rs.15.950 million

According to para-16(a) of Government of Pakistan Ministry of Defence (ML&C Deptt) letter No. 55/45/Lands/ML&C/99 dated: 17.02.2011, following conversion charges will apply according to area carved for residential or commercial activity:

1. Agriculture to Residential 5% of valuation Table.
2. Agriculture to Commercial 25% of valuation Table.
3. Residential to Commercial 20% of valuation Table.

During audit of a Cantonment Board, it was noticed that the Board approved the layout plan of a scheme and DG ML&C granted sanction by relaxing of the policy as a one-time measure. Accordingly, the developer was asked to deposit commercial charges to the area carved for residential / commercial activity vide Cantonment Board letter dated

24.11.2016. The developer submitted an appeal before ML&C Department against the conversion charges applied by the office. The appeal was accepted and Cantonment Board was requested to revisit the calculation of conversion charges. The relevant file was placed before the board which decided that developer would pay Rs.16.790 million in three equal installments.

In this regard, audit was of the view that conversion charges of Rs.16.790 million were calculated on the basis of “Off Road” rates whereas the whole Housing Society is located on Grand Trunk Road. Therefore, rates were required to be applied on the basis of “On Road” i.e. Rs.32.103 million. Therefore, the balance amount of Rs.15.950 million needs recovery.

When pointed out by audit, the management replied that the Board had rightly calculated the conversion charges after taking legal opinion from the legal advisor Cantonment Board and the charges calculated were conveyed to the developer and the developer deposited the same accordingly. The audit objection regarding off and on road was not applicable.

The reply was not tenable, as the conversion charges were calculated on the basis of “Off Road” rates whereas the whole society is located on GT Road, therefore, rates fixed by the board for “On Road” were required to be applied. Due to incorrect application of conversion rates an amount of Rs.15.950 million was less recovered which needed recovery.

The DAC in its meeting dated 16.06.2020, directed for holding of inquiry to fix responsibility within one month, and also provide notification/policy letter for imposition of commercialization charges to audit for verification. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

Para 4.8.4 (SAR)/2019-20

2.10.27 Loss due to non-recovery of scrutiny fee – Rs.11.914 million

According to ML&C letter No.55/45/Lands/ML&C/99 dated 17.02.2011, no such application shall be entertained unless it is accompanied by scrutiny fee of the rate as fixed by the Cantonment Board to be revised by ML&C department from time to time.

During audit of a Cantonment Board, it was noticed from letter No. IV/G-113-I/125 dated 24.04.2019 that case regarding regularization of housing scheme in Cantonment was sent to Director ML&C. It was noticed that the Housing Scheme of 1254 Kanals (757,974 Sq yard) was started in 2003 as evident from CBR No. 6 dated 28.09.2017 but developer has submitted layout plan after a lapse of 15 years. However, Scrutiny fee amounting to Rs.11.914 million was not deposited alongwith the layout plan.

When pointed out by audit, the management replied that the objected amount of scrutiny fee was calculated for an area of 1254 Kanal. However, as per layout plan and other documents actual land involved was 1237 Kanal and the actual recoverable scrutiny fee comes to Rs. 11.762 million instead of Rs. 11.914 million. It was further added that the case for regularization of Housing scheme is under consideration and on receipt of its approval from the competent authority, the amount of scrutiny fee would be recovered.

The DAC in its meeting dated 16.06.2020, directed that scrutiny fee be recovered from developer and got verified from audit authority within one month. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

Para 4.12.1 (SAR)/2019-20

2.10.28 Loss due to non-recovery of cantonment dues – Rs. 11.567 million

As per Section 178(a) of Cantonment Act, 1924 no person shall erect a building on any land in a Cantonment without getting building plan sanctioned by the Board. According to Government of Pakistan, Ministry of Defence, letter No.75/853/Lands/92/4970/D-12/ML&C/94 dated 06.11.1994, minimum 10% of assessed Capital Cost of Land and Building shall be charged as Composition fee. Furthermore, under section 64 (a) of the Cantonment Act 1924 in the case of railway stations, hotels, colleges, schools, hospitals, factories and any other buildings which a Board decides to assess under this clause, one twentieth of the sum obtained by adding the estimated present cost of erecting the building to the estimated value of the land.

During audit of a Cantonment Board, for the year 2019-20 it was observed that certain owners of commercial properties on private land had carried out unauthorized construction without approval of building plans from the Board. Accordingly, Cantonment Board approved their building plans with imposition of composition fee as per CBR No.89 dated 03.10.2019. However, land tax file from the respective branch was demanded time

and again but not made available for scrutiny. This revealed that neither the properties had been assessed for the purpose of tax nor the composition for their unauthorized construction was recovered. Due to non-recovery of composition fee and assessment of the property Cantonment fund sustained a loss of Rs. 10.870 million on account of composition fee and Rs. 786,932 as property tax.

When pointed out by audit, the management replied that the commercial properties had already been assessed vide CB No.1037, 1037/1-7, CB No.3454/1-19 and CB No.1312/1-9 respectively. Moreover, Property tax files were presented to Audit.

The reply was not tenable as tax file was neither produced during audit nor at the time of discussion. Therefore, composition fee may be recovered besides provision of tax file to verify the assessment.

The DAC in its meeting dated 27.09.2023 directed the management to reconcile the amount and get the recovery verified from audit. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-432/2022-23

2.10.29 Non-realization of hoarding charges – Rs.10.533 million

Under section-259 of the Cantonment Act 1924 any money recoverable by a board under this Act may be recovered together with the cost of recovery either by suit or, on application to a magistrate having jurisdiction in the cantonment.

During the audit of a Cantonment Board, it was observed from demand and collection register of hoarding charges for the year 2018-19 that an amount of Rs.12.172 million on account of hoarding charges against various bill Board hoardings were not recovered in addition to non-deduction of withholding tax from the bill Board advertisers which needed immediate recovery.

When pointed out by audit, the management replied that out of Rs.12.172 million pointed out by audit, an amount of Rs.1.639 million has been recovered. However, the case of balance recovery of Rs.10.533 million had already forwarded to Cantonment Magistrate for recovery and one case is pending in Civil Court.

The DAC in its meeting dated 27.09.2023, directed the management to reconcile the amount and effect recovery and get the same verified from audit. The DAC also directed to confiscate the hoarding in case of non-recovery. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-558/2022-23

2.10.30 Non-recovery of cantonment dues on conversion of residential lease – Rs.10.273 million

According to Rule-2(a) 4 (i) of Pakistan Cantonment Accounts Code,1955, “every public officer is expected to exercise the same vigilance in respect of expenditure incurred from public money as a person of ordinary prudence would exercise in respect of expenditure of his own money”. A per clause 2(b) of Government of Pakistan MOD letter No.3/6/D-12(ML& C)/97-2007 dated 31.12.2007 conversion charges equal to 50% of Revenue Rate will charged for conversion of residential lease into Commercial lease.

During the audit of a Cantonment Board for the financial year 2020-2021, it was noticed from record that conversion of Regular lease from Residential to commercial Lease in sch IX-C of CLA Rules, 1937 had been approved by the Board vide CBR No.13(6) dated 29/09/2020 in respect of property No.733, Saddar Bazar without recovery of Cantonment dues of Rs.10.273 million.

When pointed out by audit, the management replied that as there is no sanction of the Competent Authority so no loss had been caused.

The reply was not tenable as conversion of residential lease into commercial was approved vide CBR No.13 (6) dated 29.9.2020, which was on record of Cantonment Board.

The DAC in its meeting dated 28.11.2023 directed that the property may either be regularized or restored within two months and be got verified from audit.

Audit recommends implementation of DAC directives.

DP-N-77/2023-24

2.10.31 Non-recovery of commercialization charges – Rs.7.832 million

According to Para-16 (a) of Government of Pakistan Ministry of Defence letter No. 55/45/Lands/ML&C Deptt/99 dated 17.02.2011, “Following conversion charges will apply according to area carved for residential or commercial activity”

1. Agricultural to Commercial: 25% of valuation Table.
2. Residential to Commercial: 20% of valuation Table.

During Audit of a Cantonment Board, it was observed that a Housing Scheme utilized 7.120 Kanal residential land for commercial activities without depositing commercialization charge which resulted into non-recovery of commercialization charges amounting to Rs.7.832 million.

When pointed out by audit, the management replied that the administration of the society was being approached for payment of commercialization charges or provision of receipt, if paid earlier.

The DAC in its meeting dated 16.06.2020, directed for holding of inquiry to fix responsibility within one month, and also provide notification/policy letter for imposition of commercialization charges to audit for verification. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

Para 4.8.5 (SAR)/2019-20

2.10.32 Loss due to non-recovery of cost of land and development charges – Rs.6.610 million

According to Para (i) Directorate General of Katchi Abadies Board of Revenue, Punjab letter No.DG (KA)/BOR/1-140/12 dated 21.06.2012 “The current price of evaluation table would be charged from the residents of all categories of Katchi Abadies irrespective of area occupied by them”.

During audit of a Cantonment Board, it was noticed from Property No. CA-543 (Commercial) that cost of land and development charges had not been recovered from the dweller of Kachi abadis in contravention of the above rule. Resultantly Cantonment Board sustained loss to the tune of Rs.6.614 million.

When pointed out by audit, the management replied that Directorate General Katchi abadi had informed that cost of land would be recovered at market rate after 30.06.2013

from dwellers of entire Katchi Abadi. It was a common issue of entire Katchi Abadi and dwellers did not agree to make payment of cost of land at market rate being on higher side. However, CB would issue notice for recovery of outstanding amount of cost of land. Outcome would be intimated to Audit.

The reply was not tenable as the cost of land was required to be recovered from dwellers of Katchi Abadi. Audit opined that either cost of land may be recovered from dwellers or the land may be got vacated as per Rules.

The DAC in its meeting dated 28.11.2023 directed that recovery be made within three months and got verified from audit. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-83/2023-24

2.10.33 Less / non-deposit of Income Tax / GST – Rs.3.476 million

- (i) As per Budgetary changes made through Finance Act 2019-2020, income tax @ 7.5% & @10% is required to be deducted on construction works from filer & non-filer persons /contractors respectively.
- (ii) Income tax @ 10% & @15% is required to be deducted on provision of services from filer & non-filer persons /contractors.
- (iii) GST @ 17% is required to be recovered from contractors winning the auction.

During audit of a Cantonment Board, it was observed that certain works were carried out through different contractors. However, income tax amounting to Rs.2.796 million was less recovered from the contractors. Similarly, auction was conducted for old building material and unserviceable store and highest bid of Rs.4.000 million was won by a contractor duly approved by the President of Cantonment Board but GST @ 17% amounting to Rs.680,000 was not recovered / deposited in to Government treasury.

Income tax amounting to Rs.2.796 million was less recovered and GST @ 17% Rs.680,000 not recovered, which resulted in loss to State exchequer, needed to be deposited into Government treasury.

When pointed out by audit, the management replied that the financial position of this office was very weak. The objected amount of income tax would be remitted to FBR upto 31.01.2022 and GST will also be recovered from the bidder.

The DAC in its meeting dated 28.11.2023 directed that recovery may be made at the earliest and got verified from audit within two months. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-40/2023-24

2.10.34 Loss to state due to non-withholding of 1/10 sales tax from the contractors – Rs.3.110 million

According to Rule-2 of Sales Tax Withholding Rules 2007, “A withholding agent, other than a recipient of advertisement services, shall deduct an amount equal to one fifth of the total sales tax shown in the sales tax invoice issued by a registered person and make payment of the balance amount to him.”

During the audit of a Cantonment Board, for the financial year 2020-21, it was observed from payment vouchers that purchases of goods were made from different contractors who charged an amount of Rs.15.559 million as sales tax from July, 2020 to June, 2021. However, 1/10th of sales tax was not withheld from final payment. The omission resulted into loss to state due to non-withholding of sales tax amounting to Rs.3.112 million (15,558,658 x 20%) which needed recovery.

When pointed out by audit, the management replied that contractors charged sales tax on their invoices which were also being updated in the FBR's online system. Full amount of sales tax was paid by the suppliers by themselves so additional charging of sales tax by the Cantonment Board would just increase the burden on the suppliers.

The reply was not tenable as Cantonment Board authorities were bound to withhold sales tax as per Rule.

The DAC in its meeting dated 28.11.2023 was apprised by the management that whole amount of GST @ 17% was released to contractors as they themselves would deposit it into Government treasury. The DAC directed to provide proof of deposit of amount of

GST and get it verified from audit within one month. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-121/2023-24

2.10.35 Non-recovery of property tax – Rs.2.525 million

According to Section 92 (1) of the Cantonments Act-1924 "If the person liable for the payment of any tax does not, within 30 days from the service of notice of demand, pay the amount due, or show sufficient cause for non-payment of the same to the satisfaction of the Cantonment Executive Officer, such sum with all costs of recovery, may be recovered under a warrant".

During audit of a Cantonment Board, for the financial year 2021-22, it was observed that an amount of Rs.2.525 million in respect of Property No. 1629/C, Survey No.117, was not recovered in contravention of the above rule, which was irregular and needed recovery. Moreover, the same observation was issued during the audit for financial year 2019-20. However, the same irregularity was recurring.

When pointed out by audit, the management replied that a notice under Section 91 of Cantonments Act 1924 for recovery was already issued to the defaulter through magistrate. Efforts were being made to recover the amount. However, recovery action was awaited till finalization of the case.

The DAC in its meeting dated 28.11.2023 directed that assessment of property may be completed, the amount be recovered and got verified from audit within 2 months. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-179/2023-24

2.11 Loss to State – Rs.217.748 million

2.11.1 Non-observance of planning standards – Rs.104.582 million

According to Para-5a (9) of the Policy of Housing Schemes on Private Lands issued vide ML&C Department letter No. 55/45/1 dated 17.02.2011, 2 to 10% of the total Scheme area shall be used for public buildings was re-fixed as minimum 4% through amendment

issued vide ML&C Department letter dated 19.04.2019. Moreover, area for public buildings shall be transferred to Cantonment Board and re-classified as C Land vide Para-8b (4) of the Policy.

During the audit of a Cantonment Board, it was observed that Private Housing schemes, reserved 2% area for public buildings instead of 4%. This omission resulted into loss to Cantonment Fund amounting to Rs. 104.582 million

When pointed out by audit, the management replied that the case for approval of the housing schemes was processed before introduction of this amendment.

The reply was not tenable, as approval of schemes were accorded vide CBR No. 18 dated 04.02.2022 and CBR No.03 dated 27.12.2021. These approvals were granted after the amendment issued on 19.04.2019. Therefore, audit is of the view that 4% area as public building instead of 2% was required to be provided for and transferred to Cantonment Board after re-classification as Class-C land.

The DAC in its meeting dated 08.11.2022 directed to conduct an inquiry, fix responsibility within one month under intimation to audit. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

Para 4.7.3 & 4.7.10 (SAR)/2022-23

2.11.2 Loss due to encroachment of cantonment land – Rs.40.810 million

According to Rule-26(ix) a of Cantonment Land Administration Rules 1937, that an encroachment is an un-authorized occupation of Government Land and should not be permitted to remain in existence under any circumstances unless it is properly regularized. Moreover, as per Section 259 of Cantonment Act 1924, arrears of any tax or any other money recoverable by Cantonment Board may be recovered either by a suit or an application to a Magistrate having jurisdiction in the Cantonment.

During audit of a Cantonment Board, it was observed that land measuring 10.702 marlas comprising survey No. 269 valuing Rs. 8.546 million (10.702 marlas x 798,600) was encroached. Similarly, another land measuring 40.40 marlas comprising survey No. 9 valuing Rs. 32.263 million (40.40 x 798,600 per marla) was also encroached resulting into loss to Cantonment Fund amounting Rs.40.810 million.

When pointed out by audit, the management replied that lessee has already been informed to vacate Cantonment Board land to restore the premises in its original status.

The reply was not tenable, as no concrete action for removal of encroachment or imposition of fine was reported.

The DAC in its meeting dated 27.09.2023, directed the management that documents regarding removal of encroachment be got verified from audit. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-580/2022-23

2.11.3 Loss due to unauthorized construction – Rs.23.088 million

As per Section 178 (a) of Cantonment Act, 1924 no person shall erect a building on any land in a Cantonment without getting building plan sanctioned by the Board. According to Government of Pakistan, Ministry of Defence, letter No.75/853/Lands/92/4970/D-12/ML&C/94 dated 06.11.1994, minimum 10% of assessed Capital Cost of Land and Building shall be charged as Composition fee.

During audit of certain Cantonment Boards, it was noted that lessee of certain residential and commercial properties have constructed their building either in excess of authorized plot area or deviation of their approved building plans. Details are as under:

(Amount in Rs.)

Sr. No.	DP No.	Description	Composition fee
1.	DP-N-500/2022-23	Composition fee	13,180,000
2.	DP-N-481/2022-23		3,668,000
3.	DP-N-92/2023-24		1,125,000
4.	DP-N-75/2023-24		3,601,000
5.	DP-N-71/2023-24		1,514,000

Total	23,088,000
--------------	-------------------

Audit observed that composition fee amounting to Rs. 23.088 million was imposed on various leases but no recovery thereof was found in record.

When pointed out by audit, against DP-N-500/2022-23, the management replied that out of the total objected amount Rs. 1.354 million has been effected. Against DP-N-481/2022-23, DP-N-92, DP-N-75 & DP-N-71/2023-24, the management replied that fresh survey of the said properties shall be conducted to probe into the matter.

The replies were not tenable. Audit stressed upon early recovery of composition fee.

The DAC in its meetings dated 27.09.2023 and 28.11.2023 directed the management to get the recovered amount verified from audit and pursue the balance recovery within two months. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-481 & 500/2022-23, DP-N-71, 75 & 92/2023-24

2.11.4 Loss to Cantt Fund due to non-assessment of Properties - Rs. 16.760 million

Section 67-72 of the Cantonments Act, 1924, gives detailed statutory provision of system of assessment of building for taxation purposes.

During audit of a Cantonment Board, for the Financial Year 2022-23, it was observed that 1,248 numbers of properties were not assessed in concerned Cantonment Board and due to non- assessment of the properties, a loss of approximately Rs. 16,760,422 was sustained by the Cantonment Fund.

Audit is of the opinion that due to non-assessment of properties a substantial amount of revenue could not be realized, which indicated weak internal controls within the entity.

When pointed out by audit in August, 2023, the management replied that assessment of the properties as pointed out by audit would be done in due course of time in the light of Cantonment Act 1924, and recovery thereof will be made.

The reply was not tenable as under section 72 of the Cantonment Act 1954, all the properties needed to be reassessed and amounts recovered.

The DAC in its meeting held in December, 2023 directed the management to finalize the re-assessment process within 3 months. Further progress in terms of recovery was not reported to audit till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-03/2023-24

2.11.5 Non-recovery of Income Tax and GST – Rs.13.537 million

According to Income Tax Ordinance 2001, “Income tax is required to be deducted at the specified rate.” Moreover, Rule 2 of FR Vol-II, 1986 states that “Income tax recovered should be promptly deposited into government account.”

During audit of the several Cantonment Boards for the Financial Year 2022-23, it was observed that a sum of Rs. 13.537 million on account of income tax and sales tax was either less deducted or not deducted at all against different parties. The details are as under:

(Rs. in million)

S. No.	DP No.	Amount
1.	DP-S-11/2023-24	4.282
2.	DP-S-168/2023-24	2.681
3.	DP-S-57/2023-24	2.276
4.	DP-S-14/2023-24	2.164
5.	DP-S-71/2023-24	2.134
Total		13.537

Audit is of the view that non-deduction/recovery of taxes resulted in loss to state.

The matter was pointed out by audit in October, 2023. The management in case of DP S-11, stated that the contractor was exempt from GST. The Management in case of DP S-168, stated that the amount would be deposited with FBR. The Management in case of

DP S-57, stated that due to financial constraints the amount was not deposited with FBR. The management of DP S-14 & S-71, stated that the contractors were filers. The reply furnished by the management is not tenable as they should have deposited the due tax.

The DAC in its meeting dated 29.12.2024 directed the management in DP-S-11 & S-14 to recover the amount and get it verified from audit. In case of DP S-71, DAC directed the management that relevant record be produced to audit. In case the contractor is non-filer, DAC further directed, that due amount of income tax may be recovered and get it verified from audit within one month. In case of DP S-168, DAC directed the management that amount may be deposited into government treasury and get it verified from audit. Further progress in terms of recovery was not reported to audit till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-11, 14, 57, 71 & 168/2023-24

2.11.6 Non-recovery of Sales Tax on services – Rs 8.112 million

As per Item No. 49 of 4th Schedule of Constitution of Pakistan amended vide 18th Amendment to the Constitution, “The imposition, administration, collection and enforcement of tax on services is the prerogative of the provinces.” As per clarification issued vide U.O. No. 3(10) ST-L&P/2007(PI)114971-R dated 27-09-2018 by FBR (Federal Board of Revenue), “The authority to levy and collect sales tax on services provided within the territorial limits of provinces now vests with the respective provinces. Therefore, the federal/provincial government departments, autonomous bodies and public sector organizations shall withhold the amount of sales tax on such services as prescribed under the provincial sales tax law and rules and deposit the same in the respective provincial heads of account.”

During audit of various Cantonment Boards for the Financial Year 2022-23, it was observed that various services were outsourced by different cantonments boards, but sales tax on services amounting Rs. 57.649 million was not recovered from the contractors’ payments as detailed below:

(Rs. in million)

Sr. No.	DP No.	Amount
---------	--------	--------

1.	DP-S-09/2023-24	5.844
2.	DP-S-118/2023-24	2.268
Total		8.112

Audit is of the view that due to non-recovery of Sales Tax, public exchequer was deprived of revenue.

Non-recoveries were pointed out by audit in August, 2023. The management on DP-S-09/2023-24 stated that CB concerned had filed CP No. D-6866 of 2022 and the matter is subjudice. Furthermore, another CP No. (D) 1917/2023 has also been filed on the matter. Moreover, Cantonment Boards, being Federal institutions, also fall under Item No. 02 of Federal Legislative List, Fourth Schedule, Article 70(4) of Constitution of Pakistan. The management on DP S-118, stated that the matter is under consideration at HQ ML&C, as and when the matter is decided it would be intimated to audit accordingly.

The contention of the management was not tenable as Sindh sales tax act clearly mentions rates against federal projects for deduction of taxes.

The DAC in its meeting dated 29.12.2024, was apprised that subject matter is subjudice, DAC directed the management to pursue the court case vigorously. Further progress in terms of recovery was not reported to audit till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-09 & 118/2023-24

2.11.7 Non-recovery of contractual amount from parking contractor- Rs.7.434 million

According to Clause 1 of contract agreement for parking fee for the year 2022-23, "The highest bidder had agreed to pay Rs 9.40 million vide 03 postdated cheques." Furthermore, Clause 2 of the contract agreement, "In case of default in making payments or in case of dishonor of cheques a surcharge @ 1% for every day of such delay of payment will be charged in addition to termination of the contract and forfeiture of security deposit."

During audit of a Cantonment Board, for the Financial Year 2022-23, it was observed that collection rights for parking fee was awarded to contractor for two sites in the cantonment area. Later on, the said contractor defaulted in payment against the parking contract, resultantly the contract was cancelled on dated 13/4/2023. This resulted in loss to

Cantonment Fund amounting to Rs.7.433 million. Furthermore, as per the contract agreement, the contractor was bound to submit three post-dated cheques for remaining amount, but the same were neither provided nor requested by the management. The details are as under:

Sr. No.	Description	Contract Amount (Rs)	Amount Recovered (Rs)	Balance Amount (Rs)
1.	Parking contracts	9,400,000	3,133,333	6,266,667
2.		1,750,000	583,000	1,167,000
Total				7,433,667

Audit is of the opinion that due to non-fulfillment of terms & conditions of contractual agreement, Cantonment Fund was deprived its due revenue share.

The matter was pointed out by the Audit in August, 2023, the management replied that the contractor was blacklisted from the penal of the concerned CB vide CBR No.60 dated 17.04.2023. Moreover, the actual defaulted amount was Rs. 4,266,000 instead of Rs. 6,266,667. The management is set to file case in the Court of Law, for recovery of the amount.

The reply furnished by the management was not tenable as the payment was not secured as mentioned in the contract agreement.

The DAC in its meeting dated 29.12.2024 directed the management that recoverable amount may be reconciled with audit. DAC further directed that case of blacklisting of the contractor should be expedited and post-dated cheque system may be included in future contracts. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-07/2023-24

2.11.8 Non-adjustment of withholding tax - Rs. 2.400 million

According to Section 170(1) of Income Tax Ordinance 2001, “A taxpayer who has paid tax in excess of the amount which the taxpayer is properly chargeable under this Ordinance may apply to the Commissioner for a refund of the excess.”

During audit of a Cantonment Board for the Financial Year 2022-23, it was observed that an amount of Rs.2,399,767 was deducted as withholding tax from PLS bank accounts of concerned Cantonment Board as non-filers, at the rate of 30%. However, this withheld amount was neither applied for refund nor it was adjusted against the tax liability in the income tax returns. This situation caused loss to the Cantonment Fund, as the advance tax paid was not appropriately offset against the tax liability arising from the profit/gain on investments.

Audit is of the opinion that a lack of mechanism to identify the taxable income and associated tax liability, reflected weak internal controls within the Formation.

The matter was pointed out by the Audit in August, 2023 the management replied that a letter had been issued to the Federal Board of Revenue (FBR) regarding the refund of withholding tax deducted on profit, as indicated by the concerned Cantonment Board vide letter dated 09-08-2023. The management acknowledged the audit findings and expressed intent to address the matter with the relevant FBR authorities.

The DAC in its meeting dated 29.12.2024 directed the management that recovered amount may be verified to audit, and remaining recovery be made within two months. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives/ adjustment of the taxes with FBR besides taking up the case for obtaining Free Tax Number (FTN).

DP-S-170/2023-24

2.11.9 Loss due to non-revision of rent – Rs.1.025 million

According to Rule-12 of the Pakistan Cantonment Account Code 1955 “Any loss of Cantonment Fund Money, departmental revenue or receipts, stamps, stores or other property held by or on behalf of the Cantonment Board caused by defalcation or otherwise, which is discovered in a treasury or office or department, shall be immediately reported by the Executive Officer to the President, the Board and the Director, as well as to the Accountant General, even when such loss has been made good by the party responsible for

it. Such reports must be submitted as soon as there is reason to believe that there has been a loss; they must not be delayed while detailed enquiries are made”.

During the audit of a Cantonment Board, it was observed that rain shelters of Class-C Land were converted into a Bakery. The board of officer assessed rent of the Bakery on 29-11-2011 @ Rs. 4.5 per Sft. per month. It was pointed out by audit that rent of the Bakery may be enhanced at least @ 50% of the adjacent Hotel i.e. Rs.1.738.96 which can contribute to Cantonment Fund to the tune of Rs.1.026 million (1,739.96 (x) 590 sq ft.).

When pointed out by audit, the management replied that the Bakery is presently paying Rs.106,631 per annum which comes to Rs. 15 per sq ft per month. A comprehensive exercise is being under taken to revise the rent of Cantonment Board Properties as per market value. The case of the Bakery is being taken up by the Committee.

The reply was not justified because initially the rent of the Bakery was not calculated on rational basis as compared to other properties in the vicinity which resulted into recurring loss to Cantonment Fund.

The DAC in its meeting dated 28.11.2023 directed for re-assessment as per market rate, resolve the issue within one month and get it verified from audit. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-11/2023-24

MILITARY ACCOUNTANT GENERAL

Pakistan Military Accounts Department is an attached Department of Ministry of Defence. Its main function includes maintenance of Accounts, payments and carrying out internal audit of Defence Services.

AUDIT PARAS

2.12 Procurement related irregularities – Rs.10.000 million

2.12.1 Irregular expenditure without open competition – Rs.10.000 million

According to Cabinet Division letter No.5/1/2005-M-III/Admin (PPRA) dated 14.04.2008, only such objects will be exempted for which the Principal Accounting Officer of the concerned Ministry has certified that these are sensitive in nature, required for Defence Purpose and their procurement under PPRA Ordinance, 2002 and PPRA Rule 2004 will not be in national interest.

According to Rule-12(2) of Public Procurement Rules, 2004, all procurement opportunities over two million rupees should be advertised on the Authority's website as well as in other print media or newspapers having wide circulation. The advertisement in the newspapers shall principally appear in at least two national dailies, one in English and the other in Urdu.

During Audit of a Controller Military Accounts, it was observed that an amount of Rs. 10.000 million was released on procurement of accessories and payment was made vide DV No.96 dated 05/2019 without publishing of tender in two national dailies or on PPRA's website. The procurement was made by calling of quotations from three contractors which was contradictory to above Rules.

When pointed out by audit, the Controller office stated that management had been requested to comply with the PPRA Rules in each procurement to avoid audit objections vide letter dated 31.10.2019.

The reply was not tenable as payment was made to contractor after carrying out pre-audit of contingent bill, therefore it was the responsibility of Controller office to bring such irregularities into the notice of executive for compliance.

The DAC in its meeting dated 27.09.2023 directed the management to hold Court of Inquiry and get it endorsed by Secretary Defence within 02 months. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-493/2022-23

2.13 Un-authorized / irregular payments – Rs.93,034.780 million

2.13.1 Irregular deduction of DSOP Fund – Rs.41,536.123 million

According to Rule-8 of DSOP Fund Part–I Rules, Part–II Instructions 1973 Reprint 1980, every officer shall subscribe monthly to the fund not less than the prescribed amounts. MAG Office vide their letter No-36-59/AT/MES/2248-IX P/F dated 04.10.2013, had however permitted that subscriptions may be maintained within the basic/rank pay of officer/official.

During audit of DSOP & DSP Fund maintained by CsMA and FPOs, it was observed that monthly subscription of different Army Officers / JCOs and ORs was being deducted from their monthly pay in excess of their Rank / Basic Pay, which stood irregular. In certain cases, subscription of Civil employees was also made over and above the prescribed rates. As a result, the Government had to pay heavy amounts on account of annual interest.

When pointed out by audit, it was replied by the management that monthly subscriptions were authorized upto the Rank Pay by the MAG. The management replied that all the concerned groups had been instructed to restrict the deduction of DSOP/DSP fund below rank pay. The management also replied that intimation to concerned Units/Formations had been issued for correction. A FPO Centre replied that increase / decrease in the rate of DSP subscriptions are dealt by the concerned Formations and the office was bound to enter the same. However, the policy needs to be reviewed. Another office management replied that case has already been elaborated by the MAG office and therefore, subscriptions were deducted up to a certain limit for a particular rank.

The replies were not tenable to as the rates were much higher as compared to the prescribed rates resulting in heavy interest payments.

The DAC in its meeting dated 07.08.2023 directed the management to reconcile the relevant record with audit and review the procedure, get the case regularized and verified

from audit within two months. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

Para-5.2.1 (SAR)/2020-21

2.13.2 Non-conducting of post-audit – Rs. 20,290.00 million

According to Para-10 of Operating & Accounting Procedure for a development Board fund issued by Government of Pakistan Ministry of Defence vide letter No.12/151/D-10 (AF-II)/14 dated 05.10.2015. Monthly cash account consisting of receipt / payment vouchers will be submitted to CAAF for post-audit by specified date of each month.

During audit of a Controller of Accounts, it was observed that cash assignment for the Financial Year 2015-16 to 2018-19 amounting to Rs. 20,290.00 million was placed at the disposal of Chief Project Director Air Headquarter. However, post-audit of cash account consisting of receipt and payment vouchers was not conducted and no report regarding post-audit of paid vouchers was available on record.

When pointed out by audit, the management replied that task of Post-Audit of paid vouchers had been assigned to concerned Unit Accountant in addition to his own duties. Post-Audit reports were available for verification.

The reply was not tenable as post-audit reports for the complete period of Financial Year 2015-16 to 2018-19 were not available on record. The post audit may be conducted as per Government orders and reports be provided to audit.

The DAC in its meeting dated 27.09.2023, directed to get the record verified from audit with respect to cash account vouchers of financial year 2015-16 to 2018-19. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-457/2022-23

2.13.3 Non-reconciliation of the accounts – Rs.19,755.527 million

According to Para 1(viii) of Government of Pakistan Ministry of Defence letter No. 7/6/2004-05/D-21 (Budget) dated 30.11.2004 “Reconciliation of monthly accounts shall be made. Reconciliation of accounts for the month of June shall be made in July”.

During audit of a Controller of Military Accounts, it was observed from summary and relevant accounts record provided by Accounts Authorities that an amount of Rs.19,755.527 million was released from Al-Mizan Fund during the period 2016-17 to 2020-21 as given below. However, no reconciliation of the accounts has so far been made in violation of the above Government policy.

(Rs. in million)

Sr. No.	Financial Year	Amount
1.	2016-17	4,028.89
2.	2017-18	2,296.874
3.	2018-19	1,577.111
4.	2019-20	6,853.652
5.	2020-21	4,999.000
	Total	19,755.527

When pointed out by audit, the management replied that according to para-VIII of Government of Pakistan Ministry of Defence letter dated 30.11.2004 “Reconciliation of monthly accounts shall be made. Reconciliation of accounts for the month of June shall be made in July” is addressed to Director General Budget General Headquarters. As per Para-VII of letter, expenditure incurred during a financial year shall be pre-audited and initially booked by MAG under two separate heads. The booked expenditure shall subsequently be transferred to AGPR for adjustment against the relevant demand of the Finance Division. Furthermore, it was pointed out that reconciliation of expenditure was required to be addressed by MAG Office with AGPR.

The reply was not tenable as reconciliation was a mandatory requirement as per Government policy which was not made.

The DAC in its meeting dated 27.09.2023, directed the management to get the reconciled accounts pertaining to expenditure from United Nations Reimbursement

Accounts (UNRA) and Special Transfer Accounts (STA) for financial year 2016-17 to 2020-21, verified from the audit. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-565/2022-23

2.13.4 Irregular manual pension payment through GPOs – Rs. 11,261.130 million

According to first paragraph of Revised SOP issued by the Finance Division, Government of Pakistan dated 05-01-2016, “Pursuant to Supreme Court’s Order dated 17.09.2007 in case of Suo Moto Notice in respect of pensioner in human rights case No.2492 of 2007 and circular No.11 dated 6-06-2009 of State Bank of Pakistan issued to banks, it was decided to credit pension direct in the pensioner’s bank account opened in any Schedule Bank including National Saving Centers for this purpose. It will enable a pensioner to draw monthly pension without preferring a pension payment claim at the bank. Further, Direct Credit system was made mandatory w.e.f. 01.08.2014.”

During Special Study of Pension Payment System of Naval Accounts, for the period 2017-18 to 2019-20, it was observed from the DCS Report of CNA office dated 24.06.2020 that out of total 48,345 pensioners 53% i.e. 25,196 pensioners were drawing pension manually from the GPOs in violation of Supreme Court and Government orders. The detail is as under:

(Rs. in million)

Sr. No.	Financial Year	Pension Amount
1.	2017-18	3,793.471
2.	2018-19	3,601.681
3.	2019-20	3,865.978
Total		11,261.130

Audit is of the view that due to non-compliance of government orders, 53% of the pensioners drawing pension manually reflected weak internal controls within the organization.

The irregularity was pointed out by audit in June, 2021. The management replied that as per SOP for new retirees, it is mandatory to be brought on DCS roll w.e.f. 01.08.2014. However, old pensioners were given option for DCS. NHQ had issued

memorandum to make country wide advertisement for familiarization and benefit of PN personnel from DCS.

The DAC vide meeting dated 06.07.2022, directed the management that DCS be pursued on the top priority basis; and discourage the manual payments of pension and get it verify from Audit. No further progress was reported till finalization of this report.

Audit recommends implementation of the DAC directives.

(DP-S-SSR-464/2022-23)

2.13.5 Unauthorized payment beyond contractual scope – Rs.192.000 million

According to Para-1 of contract agreement dated 06.06.2020, regarding scope of work under which the contractor was allowed to execute solar lightening of the outer border of fort, bunker and check post in operational areas.

During audit of a Controller Military Accounts, it was observed from contingent bill dated 10.06.2020 of a Headquarters Corps that an amount of Rs. 192.00 million was paid to a firm on account of an item of work in operational areas on 96 posts @ Rs. 2.000 million per post vide DV No.07 of 06/2020. It was, however, evident from contract agreement dated 06.06.2020 that the works were required to be executed at operational area instead these were executed at places not covered in the scope of work / contract.

When pointed out by audit, the management replied that the contract was executed almost in the same areas mentioned in the contract.

The reply was not tenable as no documentary evidence in support of reply was produced at the time of discussion.

The DAC in its meeting dated 05.01.2024 was apprised by the management that in the light of audit recommendations, amendments in the contracts have been made. The DAC directed to get the relevant record verified from audit. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-212/2023-24

2.13.6 Unauthorized payment system

As per the Article 170 (1) of the Constitution of Islamic Republic of Pakistan, the accounts of the Federation and of the Provinces shall be kept in such form and in

accordance with such principles and methods as the Auditor-General may, with the approval of the President, prescribe.

During audit of Controller of Accounts Air Force (CAAF), and its sub-offices following was noted:

- a. Payments pertaining to Air Force were made by concerned Air Force Bases and vouchers of such payments are submitted to concerned CAAF sub-offices for post-audit. This system of payment and accounting is contrary to the constitution and not endorsed by the AGP as required under the Constitution of Pakistan.
- b. Current payment and accounting system of Air Force is totally different from the system prevailing in other arms of the Pakistan military. For instance, in case of Pakistan Army and Navy Pre-audit system of payment through Controllers of Military Accounts working under MAG is currently in operation. This is resulting in lack of uniformity throughout the armed forces creating exceptions in the accountability chain.
- c. Due to this unauthorized system, neither the pre-audit function nor the post-audit function is working effectively.
- d. Development of unique payment and accounting system by Air Force is an encroachment in the areas of AGP since AGP is empowered under the Article of 169 and 170 of the Constitution of Islamic Republic of Pakistan read with section 63 of the Constitution (Eighteenth Amendment) Act 2010 for prescribing the form of accounts.
- e. Audit is of the view that since, Constitution empowered AGP for endorsement of accounting system of all Government entities therefore, the implementation of accounting system by Air Force Authorities without AGP's endorsement is unauthorized.

Non-observance of Government rule shows weak internal control. The management may immediately take up the case with OAGP for approval of the accounting system and may take up the case for regularization of the expenditure made under the existing unauthorized system and uniform payment and accounting system should be established and implemented in all Formations of Defence Services.

When pointed out by audit, the management replied that PAF is making payment of Pay & Allowances to PAF Officers/Staff according to AFI 42/57 at their end without pre-audit by CAAF.

Being a systemic issue, the same may be taken up with PAF / MoD at higher level for its resolution. Furthermore, audit authorities may include PAF CAO / Director Accounts in its certification audit activity to comprehensively cover the financial attest audit.

The reply was not tenable. The action suggested be taken under intimation to Audit.

The DAC in its meeting dated 05.01.2024 pended the para. No further progress was reported till finalization of this report.

Audit recommends for immediate action as proposed.

DP-N-364/2023-24

2.13.7 Non-reconciliation of pension payments with National Bank of Pakistan

According to Section 4.7.19.1 of APPM, "The Bank will send the "Bank Return" to the Account section, where a delegated officer shall check the Bank Return with the copy of the Pension Advice Note and Pension Credit Advice. In respect of the Pension Credit Advice the total will be reconciled with the total appearing on the Bank Return. The officer shall investigate any item which is on the Bank Return but not on the Pension Advice Note and the Pension Credit Advice, and vice versa."

During Special Study of Pension Payment System of Naval Accounts, for the period 2017-18 to 2019-20, it was observed that reconciliation of pension payments was not made with NBP and DGPR. This showed non-adherence of rules at the end of management.

The irregularity was pointed out by audit in June 2021. The management replied that reconciliation with banks were being carried out on quarterly basis and it would be made more effective in future. The reply was not tenable as no documentary evidence was provided to audit for verification.

The DAC vide meeting dated 06.07.2022, directed the management to provide reconciliation statement to audit for verification. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-SSR-467/2022-23

2.14 Recoverable / Overpayments – Rs.98.731 million

2.14.1 Loss due to non-recovery of PST – Rs.70.717 million

According to Punjab Revenue Authority letter No PRA/WH/3880, dated 28.10.2016, "it is the responsibility of withholding agent to deduct sales tax at prescribed

rates while making payments for receipt of services like transport of goods / intercity carriage”.

During audit of a Controller Military Accounts, it was noticed that a sum of Rs.441.983 million was paid to the contractor on account of Hired Mechanical Transport services but Punjab Provincial Sales Tax (PST) on Services @ 16% amounting to Rs.70.717 million was not recovered from the contractor, which needs recovery.

When pointed out by audit, the management replied the recovery of PST was initiated after receipt of Government Orders in this regard. Furthermore, clarification regarding date of implementation had been received from MAG, vide his letter dated 25.5.2021.

The reply was not tenable as PST deduction notification had been in place since enforcement of 18th Amendment to the Constitution, empowering provincial governments to collect the taxes at prescribed rates. MAG as withholding agent has clear instructions to calculate, recover/deposit taxable amount of PST as per prescribed provincial sales tax law through CsMA vide GHQ GS Branch Budget Directorate, letter dated 05.03.2021.

The DAC in its meeting dated 28.11.2023, directed the management to pursue the case for recovery as per government orders in vogue. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-72/2023-24

2.14.2 Non-deduction of Income Tax – Rs.22.069 million

According to Finance Act-2017 income tax is recoverable on gross amount payable to the contractor while making payment for execution of the contract under section 153(1)(c) @ 7.5 %.

During audit of a Controller of Military Accounts, it was observed from contingent bills amounting to Rs. 294.137 million furnished by Corps Headquarters on account of repair/maintenance works for payment to supplier during financial year 2017-18 and 2018-19. The supplier claimed exemption from Income Tax by providing an exemption certificate.

Audit was of the view that non-deduction of Income Tax on the basis of exemption certificate issued to the supplier resident of taxable area who provided services in non-taxable areas need justification / clarification from Chief Commissioner, Regional Tax Office. In this regard reference is made to the FBR clarification issued vide their letter dated 18.11.1998 which states that goods entering / supplied to PATA area of Balochistan from the areas of Pakistan subject to tariff are to follow to standard rate of Sales Tax as well as other applicable taxes. Similarly, the services provided in FATA/PATA by the resident of the tariff area of Pakistan is also liable to pay income tax.

When pointed out by audit, the management replied that Tax exemption certificates were issued to contractors for the period w.e.f 01.01.2018 to 30.06.2018 and 01.01.2019 to 30.06.2019, hence no violation of Government orders have been made during the release of payments.

The reply was not tenable as clarification from FBR authorities with reference to Audit contention was not obtained.

The DAC in its meeting dated 27.09.2023, directed the management to get exemption certificates verified from FBR and share it with audit. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-564 & 566/2022-23

2.14.3 Payment of pension without recovery of outstanding dues – Rs.3.185 million

According to Para 14 of Army Regulations Vol-I, “Any public claim outstanding against the pensioner shall be liable to be recovered from the pension/gratuity (including commuted value payable to him or her). However, no recovery shall be made from the disability pension without the special orders of the competent authority.”

During Special Study of Pension Payment System of Naval Accounts, for the period 2017-18 to 2019-20, it was observed that an amount of Rs.3.185 million was outstanding against the pensioners. Audit noted that the outstanding dues were recovered on monthly installment basis whereas, as the same were required to be recovered as lump sum amount of COVP (Commuted value of Pension) at the time of grant of pension.

Audit is of the view that the payment/grant of pension without recovery of outstanding dues reflects weak internal controls and financial management within the organization.

The irregularity was pointed out by audit in June, 2021. The management replied that Rs. 984,056 had been recovered against Rs. 3,1984,921 and remaining amount was being recovered from the monthly pension.

The DAC vide meeting dated 06.07.2022, directed the management to recover the amount and get the same verified from audit. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-SSR-S-468/2022-23

2.14.4 Non-recovery of stamp duty from contractors – Rs.2.760 million

As per Ministry of Defence Government of Pakistan letter No. MOD's U.O No.5-1/2019 (PAC-III) dated 31.07.2019 for the subject "NON-RECOVERY OF STAMP DUTY" Duty is applicable and its recovery from contractor is by provincial Government is applicable even when the contract is signed between contractor and a Federal Entity and the work has been performed in Cantonment Area. As per Government of Punjab Finance Act 2018, "Stamp duty of Twenty five paisa for every hundred rupees or part thereof of the amount of the contract will be charged".

During audit of a Controller Military Accounts, it was observed that an amount of Rs.1,104.919 million was paid to different contractors but stamp duty was not recovered from the contractors for amounting to Rs.2.762 million.

When pointed out by audit, the management replied that case had been taken up with the executive of concerned units. Audit concluded that amount may be recovered from contractors.

The DAC in its meeting dated 28.11.2023 directed to pursue the case for recovery of stamp duty from contractors. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

2.15 Loss to State – Rs.2,982.846 million**2.15.1 Irregular overstatement of opening balances – Rs.2,982.846 million**

Para-5 of Military Account Code (Revised Edition) of 2005 provides that each Controller is responsible for the accuracy and efficient working of the numerous processes of which the monthly account is the outcome. He should keep himself thoroughly acquainted with the progress of Receipt and Expenditure, so as to be able at once to bring to notice any matter demanding attention.

From scrutiny of computerized record of DSOP / DSP Fund databases maintained by CMA concerned and FPOs, an overstatement of Rs. 2,982.846 million was observed between opening and closing balances of 2017-18, 2018-19 and 2019-20 against 21,774 Army Officers / JCOs / ORs. Overstatement of opening balances vs closing balances of DSOP / DSP Funds resulted in undue benefit to the employees and loss to the State.

When pointed out by audit, the management replied that Army officers attached with PAF & Navy, when reverted back their balances of DSOP Fund are received through MID schedules and adjusted accordingly. The management of a regimental centre replied that the subscription and refund amount shown in notified financial years are not verified due to non-availability of their subscriptions and refund schedules. As and when their schedules are received from respective CsMA interest amount will be calculated. Another Centre management replied that all the cases have been re-checked. It was revealed that the said over-statement occurred due to negligence of the computer operator. Yet another Regimental Centre management did not furnish any reply.

The replies were not tenable. Reconciliation of statements and certificate regarding the correctness of data may be furnished to audit.

The DAC in its meeting dated 07.08.2023, directed the management to reconcile the relevant record with audit and get the same verified from audit within two months. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

Para 5.1.4 (SAR)/2020-21

PAKISTAN AIR FORCE

Pakistan Air Force (PAF) is the second component of Defence Services primarily responsible to safeguard the aerial territory of Pakistan.

AUDIT PARAS

2.16 Procurement Related Irregularities - Rs. 6,387.649 million

2.16.1 Irregular award of contract to other than the most advantageous bidder Rs. 4,540.094 million

According to Rule 36 of Public Procurement Rules 2004, “The bidder with the most advantageous bid, if not in conflict with any other law, rules, regulations or policy of the Federal Government, shall be awarded the procurement contract, within the original or extended period of bid validity.”

During audit of various Project for the Financial Years 2021-22 & 2022-23, it was observed that two contracts amounting to Rs. 4,540.094 million were awarded against the recommendations of procurement committee. The details are as under:

(Rs in million)

Sr. No.	DP No.	Remarks	Amount
1.	S-64/2023-24	Irregular award of contracts after negotiations with the highest bidder	3,030.647
2.	S-76/2023-24	Award of contract against recommendation of procurement committee	1,509.447
Total			4,540.094

Audit is of view that award of contracts to other than most advantageous bidders in violation of Public Procurement Rules resulted in loss to state which reflected prevalence of weak financial controls within department.

When pointed out by the Audit in October 2023, the management on DP-S-64, replied that shortcomings were conveyed to lowest bidder, but no response was received, hence the contract was awarded to second lowest bidder. In case of DP S-76, the contractor was already awarded two contracts, hence, the contract was awarded to another contractor.

Replies are not tenable as in all cases contracts were awarded to bidders other than the most advantageous ones.

The DAC in its meeting dated 28.12.2023 directed the management to recover the remaining amount from the contractor, and hold a Fact Finding Inquiry and get it verified from audit. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-64 & 76/2023-24

2.16.2 Irregular conclusion of contracts with a blacklisted firm Rs. 1,294.234 million

According to Rule 2(f) of PPRA, “Corrupt and fraudulent practices” includes the offering, giving, receiving, or soliciting of anything of value to influence the action of a public official or the supplier or contractor in the procurement process or in contract execution to the detriment of the procuring agencies; or misrepresentation of facts in order to influence a procurement process or the execution of a contract, collusive practices among bidders (prior to or after bid submission) designed to establish bid prices at artificial, non-competitive levels and to deprive the procuring agencies of the benefits of free and open competition and any request for, or solicitation of anything of value by any public official in the course of the exercise of his duty.” Further, according to Rule 19 of PPRA, 2004, “The procuring agencies shall specify a mechanism and manner to permanently or temporarily bar, from participating in their respective procurement proceedings, suppliers, and contractors who either consistently fail to provide satisfactory performances or are found to be indulging in corrupt or fraudulent practices. Such barring action shall be duly publicized and communicated to the Authority.”

During audit of a PAF Project, for the Financial Years 2021-22 & 2022-23, it was observed that the two contracts amounting to Rs. 1,294.234 million were concluded with a contractor, who was already blacklisted by E-in-C. Hence, contracts were awarded in violation of the directives of competent authority.

Audit is of the view that the award of contract to a blacklisted contractor compromised the government interest which reflected weak internal controls within the entity.

The matter was pointed out by the Audit in October, 2023. The management did not furnish a reply.

The DAC in its meeting dated 28.12.2023, directed the management to provide relevant tendering documents and get it verified from audit within one month. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-62/2023-24

2.16.3 Loss to state due to award of contract at higher rate – Rs. 451.985 million

According to PPRA Rule 4, “Procuring agencies, while engaging in procurements, shall ensure that the procurements are conducted in a fair and transparent manner, the object of procurement brings value for money to the agency and the procurement process is efficient and economical.”

During audit of the accounts of PAF Project for the Financial Years 2021-22 & 2022-23, it was observed that 04 contracts amounting to Rs. 2,936.256 million were awarded to two different contractors whereas, lowest bids submitted were of Rs 2,484.271 million, resultantly government sustained loss amounting to Rs 451.985 million. The details are as under:

(Rs in million)

S No.	Accepted Bid Amount	Lowest Offer	Loss
1.	700.204	677.627	22.577
2.	774.284	705.613	68.671
3.	735.163	605.086	130.077
4.	726.605	495.945	230.66
Total	2936.256	2484.271	451.985

Audit is of view that award of contract on higher rates reflected weak internal controls within department.

The matter was pointed out by Audit in October 2023. The management replied that in case of Sr. No. 01 some shortcomings were conveyed to lowest bidder but no response was received, hence the contract was awarded to the second lowest bidder. In case

of Sr. No. 02, it stated that the contractor was already awarded two contracts, therefore, it was awarded to another contractor. In case of Sr. No. 03, due to arithmetical errors rate was increased. In the case of Sr. No. 04, the management did not furnish a reply.

Reply was not tenable as contracts were awarded in violation of PPRA rules.

The DAC in its meeting dated 28.12.2023 directed the management to recover the remaining amount from contractor, and hold a Fact Finding Inquiry and get it verified from audit.

Audit recommends implementation of DAC directives.

DP-S-84 /2023-24

2.16.4 Irregular award of contracts Rs. 70.094 million

According to Rule 2(f) of PPRA Rules 2004, “Corrupt and fraudulent practices” includes the offering, giving, receiving, or soliciting of anything of value to influence the action of a public official or the supplier or contractor in the procurement process or in contract execution to the detriment of the procuring agencies; or misrepresentation of facts in order to influence a procurement process or the execution of a contract, collusive practices among bidders (prior to or after bid submission) designed to establish bid prices at artificial, non-competitive levels and to deprive the procuring agencies of the benefits of free and open competition and any request for, or solicitation of anything of value by any public official in the course of the exercise of his duty.”

During the audit of a PAF Project for the Financial Years 2021-22 & 2022-23, it was observed that pre-qualification of consultant was announced through different newspapers dated 19-12-2021, wherein, 09 No. of consultants participated, out of which six consultants qualified for financial bid. The lowest bidder quoted Rs. 50. 850 million but the work was awarded to a contractor with a bid of Rs. 70.094 million by revising the rate of lowest bidder to Rs. 126.999 million at the instance of the management.

Audit is of the view that the award of contract to the second lowest bidder caused loss to the public exchequer which reflected weak financial controls within department.

The matter was pointed out by Audit in October, 2023. The management did not furnish reply.

The DAC in its meeting dated 28.12.2023, directed the management to provide relevant record and get it verified from audit within one month. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-61 & 83 /2023-24

2.16.5 Procurement of stores without calling open tenders - Rs. 29.305 million

According to Rule 12(2) of Public Procurement Rules 2004, “All procurement opportunities over three million Pakistani Rupees should be advertised on the Authority’s website as well as in other print media or newspapers having wide circulation. The advertisement in the newspapers shall principally appear in at least two national dailies, one in English and the other in Urdu.”

During audit of PAF Formations for the Financial Years 2017-22, it was observed that procurement of different items was made without open competition in violation of PPRA rules. The detail is as under:

(Rs. in million)

Sr. No.	DP No.	PPRA Rule violated	Amount
1.	S-394/2022-23	Rule 12(2)	5.935
2.	S-449/2022-23	Rule 12(2)	10.000
3.	S-265/2023-24	Rule 12(2)	13.370
Total			29.305

Audit is of the view that procurement was made in violation of Public Procurement Rules.

The matter was pointed out by Audit in 2022 & 2023. The management in DP-S-394, replied that all contracts were concluded as per PPRA rules by concerned authority. In case of DP-S-449 the management replied that contract was awarded to a lowest bidder. The management in DP-S-265, did not furnish reply.

Replies furnished by the management were not tenable as no documentary evidence was provided regarding compliance of PPRA rules.

The DAC in its meetings held in August, 2023 and February 2024, directed the management in DP S-394 and S-265 to provide relevant tendering documents to audit for verification. In case of DP S-449, DAC directed the management to hold court of inquiry against the violation of rules, to fix responsibility against the person(s) at fault. The inquiry report after endorsement from PAO be provided to audit for examination. No progress was reported till finalization of this report.

Audit recommends verification of record/fixation of responsibility against the person(s) at fault.

DP-S-394 & 449/2022-23 and DP-S-265/2023-24

2.17 Un-authorized / irregular payments – Rs.12,117.311 million

2.17.1 Loss to State due to defective works – Rs. 5,330.508 million

According to Rule 6 (a) FR Volume I, 1986, “Every officer should exercise the same vigilance in respect of expenditure incurred from government revenue as a person of ordinary prudence would exercise in respect of the expenditure of his own money.”

During audit of a PAF Project for the Financial Years 2021-22 & 2022-23, it was observed that significant deficiencies in construction quality were identified in various works amounting to Rs. 5,225.486 million. Deficiencies mainly included unusual cracks in construction, faulty raft footing foundations, causing building cracks, and structural cracks in hospital and mosque buildings. The details are as under:

(Rs in million)

Sr. No	DP No.	Detail of the Work	Amount
1.	S-93/2023-24	Unusual cracks in the construction	1,491.312
2.	S-92/2023-24	Raft footing foundation, which is major cause of cracking in Building	1,169.637
3.	S-77/2023-24	Cracks in the Hospital building	1,081.323
4.	S-90/2023-24	Cracks were observed at the junction of columns, beams & wall joints	849.594
5.	S-91/2023-24	Cracks at Mosque Building	633.62

6.	S-229/2023-24	Handing over of 3 buildings with defective works	105.022
Total			5,330.508

Audit is of the view that release of payments to the contractors despite these evident defects reflected weak internal controls within the entity which resulted in a loss to the public exchequer.

The matter was pointed out by the Audit in October, 2023. The management replied that remedial measures were taken against the cracks, stability, and soundness of the projects. Raft foundation was being designed for up-coming projects.

The DAC in its meeting dated 28.12.2023 directed the management that relevant record of rectification work by contractor, without any additional cost, may be provided to audit for verification. No progress on the matter was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-77, 90, 91, 92, 93 & 229/2023-24 (Reported as Critical Issue to PAO)

2.17.2 Execution of work without recovery of risk & cost - Rs. 4,333.141 million

According to Clause 12.1 of PEC bidding documents, "If the Contractor has not taken all practicable steps to remedy the default within fourteen (14) days after receipt of the Employer's notice, the Employer may by a second notice given within a further twenty-one (21) days, terminate the Contract. The Contractor shall then demobilize from the Site leaving behind any Contractor's Equipment which the Employer instructs, in the second notice, to be used for the completion of the Works at the risk and cost of the Contractor."

During audit of a PAF Project for the Financial Years 2021-22 & 2022-23, it was observed that package of 10 different works was awarded to a construction company on 31-5-2017, for Rs.816.888 million. The contractor left the work incomplete and the same was re-awarded to different contractors in different packages with increased cost of Rs.5,150.038 million. Total increase in amount was Rs.4,333.141 million, but without recovery of risk & cost from the first contractor in light of the terms and conditions of the bid.

Audit is of the opinion that due to non-recovery of risk & cost, the Govt. sustained loss, which reflected weak internal controls within the department.

The matter was pointed out by the Audit in October, 2023. The management replied that in 2018, the site was abandoned due to negligence of contractor, the remaining work awarded to two different contractors at lowest bid. Reply is not tenable as the contractor defaulted but still the works were awarded without recovery of risk & cost.

The DAC in its meeting dated 28.12.2023 directed the management to pursue the recovery and get it verified from audit. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-65 /2023-24

2.17.3 Children School Project designed without Soil Testing – Rs. 1,169.637 million

According to Rule 6(a) FR Volume I, 1986, “Every officer should exercise the same vigilance in respect of expenditure incurred from government revenue as a person of ordinary prudence would exercise in respect of the expenditure of his own money.”

During audit of a PAF Project for the Financial Years 2021-22 & 2022-23, it was observed that Water, Mineral & Environmental (WME) Consultants carried out the study in January 2020, with scope i.e. “various buildings have under-gone extensive cracking and their stability and soundness is in question”. The study carried out on Children School for Infants found that the building was designed without carrying out the soil investigation. The project was designed on 2.5 tons soil bearing capacity. As a result, major cracks were observed in the building. Hence, the expenditure of Rs. 1,169.637 million on the school buildings was wasteful.

Audit is of view that the design of the building without soil investigation reflected negligence on part of the management.

The matter was pointed out by Audit in October, 2023. The management replied that in all other cases soil investigation was carried out after the observation. Reply is not tenable as soil investigation was required to be carried out before construction work.

The DAC in its meeting dated 28.12.2023 directed the management to provide relevant record of soil testing and get it verified from audit within one month. No further progress was reported till finalization of this report.

Audit stresses early implementation of the DAC recommendations.

2.17.4 Irregular award of contract without Government sanction – Rs.677.699 million

According to Ministry of Defence letter No.2/12/D-15/2001 dated 12.06.2006 amended vide letter No. 2/12/D-15/2001 dated 19.06.2019 abnormal repair work costing over Rs.12.000 million require prior approval of Government of Pakistan.

During audit of an Engineering Formation, it was observed from the record that up-gradation work valuing Rs. 677.699 million, each work costing over Rs.12.000 million was awarded to different contractors, without obtaining sanction of the Government.

When pointed out by audit, the management replied that contracts were concluded under Para-17. However, Government sanction will be obtained and provided to audit.

The reply was not tenable as the sanction of the Government was required to be obtained before award of contracts.

The DAC in its meeting dated 27.09.2023 was informed by the management that all formalities for regularization and approval of rehabilitation work had been completed. The DAC directed to get the regularization status verified from audit within 02 weeks. No further progress was however reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-375/2022-23

2.17.5 Irregular conclusion of contracts with unregistered firms - Rs. 290.237 million

According to Pakistan Engineering Council Bye-Laws, 1987, Rule (3)(1), “No engineering work shall be carried out except by an operator licensed as such by the Council.”

During audit of certain Engineering Formations for the Financial Year 2022-23, it was observed that twenty contracts amounting to Rs. 290.237 million were awarded to different contractors, which were unregistered/deregistered in Pakistan Engineering Council. Hence, the following expenditure stood as irregular.

(Rs in million)

Sr. No.	Sector	DP No.	Amount
---------	--------	--------	--------

1.	PAF	DP-S-210	38.707
2.		DP-S-318	251.53
Total			290.237

Audit is of the view that the award of contracts to the unregistered/deregistered firms reflected weak internal controls on the part of the management.

The matter was pointed out by the Audit in November & December, 2023. In case of DP-S-210 the management replied that firms in question were registered with Pakistan Engineering Council (PEC). In case of DP-S-318, the management replied that notices were issued to the contractors for submission of renewed licenses. Replies are not tenable as documentary evidence of valid PEC registration was not produced to Audit.

The DAC in its meetings held in December, 2023 and February 2024, directed management that relevant record in evidence that the contractors were registered with PEC be provided to audit for verification within one month. within one month. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-210 & 318

2.17.6 Loss to state due to collapse of building – Rs. 123.668 million

According to Para 38 (a) of PAFW-2249, “The contractor shall be responsible at his own expense for precaution to prevent loss or damage from any and all risks and to minimize the amount of any such loss or damage and for provision of all protective works, casing, coverings etc. required for the purpose until the works were handed over complete to the GE.”

During audit of Engineering Formation, for the year 2022-23, it was observed that on 11-07-2022, a building suddenly collapsed, and one causality was also reported. In this regard, audit observed following irregularities:

- i. Despite lapse of one year, the Court of Inquiry was not finalized.
- ii. The department did not initiate action to blacklist the contractor.
- iii. The Board of officers for Assessment of Risk and Cost along with L.D charges was not convened.

- iv. The Bank Guarantee of the above said work expired in December, 2022 but despite knowing the facts, the contractor was allowed to continue the work without pledging the renewed Bank Guarantee. In the absence of a valid Bank Guarantee, no damage can be claimed.

The matter was pointed out by the Audit in August, 2023. The management replied that the Board of Inquiry for subject work was already in progress. After completion of the Board of Inquiry, case for Risk & Cost would be initiated accordingly. It was also added that the subject building collapsed during rain and no work was carried out after that time period until the contractor provided fresh bank guarantee.

The DAC in its meeting dated 28.12.2023 directed the management that penalty may be imposed on the contractor. DAC further directed that Court of Inquiry be held and get it endorsed by PAO and be verified from audit. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-27/2023-24

2.17.7 Irregular Supply of furniture beyond approved specification – Rs. 48.258 million

According to Rule 6 (a) FR Volume I, 1986, “Every officer should exercise the same vigilance in respect of expenditure incurred from government revenue as a person of ordinary prudence would exercise in respect of the expenditure of his own money.”

During audit of a PAF Project for the Financial Years 2021-22 & 2022-23, it was observed that school furniture was not taken on charge by the concerned GE due to the different observations by dealing Board of Officers. In this regard, following irregularities were observed by Audit:

- i. The size of the tables was not as per BOQ.
- ii. Revolving chairs were replaced with teacher chairs.
- iii. Student chairs were replaced with benches.
- iv. Book rack sizes were not as per BOQ.
- v. Hydraulic door closer was not provided.

Audit is of the view that the store supplied was not as per specifications.

The matter was pointed out by the Audit in October, 2023. The management did not furnish the reply.

The DAC in its meeting dated 28.12.2023, directed the management to hold Fact Finding Inquiry and irregularity may be regularized within two months. No further progress was reported till finalization of this report.

Audit recommends implementation of the DAC directives.

DP-S-63/2023-24

2.17.8 Unauthorized expenditure on provision of security lights – Rs.43.181 million

As per Para-20 (1) of Defence Services Accommodation Scales, (DSAC) “Perimeter lighting will only be permitted with the prior concurrence of Government of Pakistan”. Furthermore, as per Clause-6(d) of particular specifications of contract, to satisfy the department regarding genuineness / authenticity of the approved products procured and brought on site the contractor may be required to produce invoices / bill of purchase and/or indicate the source of procurement to the Engineer in charge.

During audit of a Garrison Engineer, it was observed that contract valuing Rs. 43.181 million was concluded for provision of security lights. As per above Rule sanction of Government of Pakistan was required to be obtained. However, same was not found on record.

When pointed out by audit, the management replied that regularization action was in process and would be provided shortly.

The DAC in its meeting dated 27.09.2023 directed the management to get regularization status verified from audit. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-460/2022-23

2.17.9 Irregular disbursement of salary in cash – Rs.42.933 million

In accordance with Rule-36 (J) of Financial Regulations 1986, “With the exception of local payments for less than Rs.10.000 and out station payments less than Rs.100 in value in each case, which should be made in cash, all payments must be made by cheque.”

During audit of Dy. CAAF, it was observed from the pay bills received from various Formations that a sum of Rs.42.933 million was disbursed on account of Pay & Allowances in cash instead of crossed cheques or through digital means which was against the above mentioned Government orders. The violation resulted into irregular cash payment of pay & allowances which needed justification.

When pointed out by audit, the management replied that the observation was forwarded to PAF authorities and reply would be provided when received from the concerned units which, however, remained awaited till finalization of this case.

The DAC in its meeting dated 05.01.2024 shifted the para to PAF. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives besides fixing of responsibility on the person (s) at fault and non-recurrence of the irregularity in future.

DP-N-363/2023-24

2.17.10 Delay in risk & cost assessment and blacklisting of the defaulting contractor – Rs. 41.809 million

According to Rule 19 of PPRA, 2004, “The procuring agencies shall specify a mechanism and manner to permanently or temporarily bar, from participating in their respective procurement proceedings, suppliers and contractors who either consistently fail to provide satisfactory performances or are found to be indulging in corrupt or fraudulent practices. Such barring action shall be duly publicized and communicated to the Authority.”

During audit of an Engineering Formation for the year 2022-23, it was observed that a work was executed as urgent military necessity. The work order was issued to the contractor on 31.05.2019, with completion date of 30-05-2020. In this connection, CMES’s office letter dated 26.05.2023, revealed that “the contractor has left the site since long and no activity at site”. Only 66% progress of work was reported till 30th June, 2023 but the department neither initiated action for blacklisting of the firm nor was Board of Officer convened for assessment of Risk and Cost along with imposition of the LD charges.

Audit is of the opinion that the management failed to take action against the defaulting contractor, resultantly the incomplete work was exposed to the weather impact, which caused loss to the exchequer.

The matter was pointed out by the audit in August 2023. The management replied that the contractor was not enlisted contractor of MES. However, a case for removal of contractor from the list of approved contractors had already been initiated as per MES Instruction No.602/21. Furthermore, a case as per Para 55a of PAFW-2249 concerning cancellation and risk & cost of the contract had already been forwarded to E-in-C's Branch. Currently Board of Officer would be convened so that the remaining work can be completed at the Risk and Cost.

The DAC in its meeting dated 28.12.2023 directed the management to provide relevant record in justification of delay of work and get it verified from audit within one month.

Audit recommends implementation of DAC directives.

DP-S-28/2023-24(Reported as Critical Issue to PAO)

2.17.11 Unauthorized supply of electricity by MES – Rs 13.282 million

According to Rule 6(d) of FR-1986, "Government revenues shall not be utilized for the benefit of a particular person or a section of the community."

During audit of an Engineering Formation for the Financial Year 2021-22, it was observed that payment on account of electricity for private consumers was made by MES, which is unjustified. The detail is as under:

(Amount in Rs.)

Sr. No.	FY	Amount of Electric & Water Charges
1.	2021-22	1,104,108
2.	2021-22	5,015,752
3.	2021-22	1,133,094
4.	2021-22	5,251,439
5.	2021-22	32,354
6.	2021-22	745,574
Total		13,282,321

Audit is of the view that despite having direct electric supply lines, the supply and payment of electricity bills of private consumers from Defence Budget is unjustified.

The matter was pointed out by Audit in September 2022. The management replied that electric connections to the consumers mentioned in the observation were provided due to the non-availability of other sources in the area. However, all private consumers have already been asked to shift their connection to relevant electric supply company. The reply was not tenable as despite having electric lines, supply through MES was unauthorized.

The DAC in its meeting dated 31.08.2023 was apprised that that Rs 6.50 million have been recovered. DAC directed the management that recovered amount be got verified from audit and expedite the outstanding recovery. DAC further directed that relevant documents in evidence of disconnection of electricity load from MES, may also be provided to audit for verification. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-SSR-S-377 /2022-23

2.17.12 Irregular drawl of allowances during the period of foreign attachment Rs.2.975 million

According to MAG letter No.44/AT/PO/5981-LXIX dated 31.05.2016, “Case for admissibility of adhoc allowances to Armed Forces Personnel during training on courses or temporary duty abroad is still under consideration in Ministry of Defence. Finance Division (Military Finance Wing) has already recommended to stop payment of such allowances to officers who proceeded abroad on a training course or temporary duty.” Moreover according to Government of Pakistan Finance Division Regulations Wing letter No. F.No.1(1) Imp/2021-216 dated 08.07.2021, the amount of Adhoc Relief Allowance 2021 will not be admissible to the employees during the tenure of their posting / deputation abroad.”

During audit of Dy. CAAF, it was observed that 13 officers were deployed as Air / Defence Attaches at foreign countries. The officers, however, continuously drew Ad-hoc Relief 2021 & 2022, Conveyance, Entertainment and Flying allowances which was against the referred Government orders. The violation resulted into irregular payment to officers amounting to Rs. 2.975 million which needed recovery.

When pointed out by audit, the management replied that the observation was forwarded to the management and reply would be submitted as and when received from the concerned unit. It remained awaited till finalization of this report.

The DAC in its meeting dated 05.01.2024 shifted the para to PAF. No further progress was however reported till finalization of this report.

Audit recommends recovery of amounts involved from the concerned and non-recurrence of such irregularity in future.

DP-N-309/2023-24

2.18 Recoverable / Overpayments – Rs.1,350.125 million & US\$ 0.115 million

2.18.1 Non deposit of Government share into treasury against commercial activities – Rs. 226.234 million

As per Rule 4(a) (i) (b) of Cantonment Land Administration (CLA) Rules 1937, “Class A-1 Land is required or reserved for specific military purposes.” Further, according to policy on use of A-1 Land circulated vide MoD letter No. F.2/5/D-12/ML&C/99 dated 2nd April, 2008, read with MoD letter No. F.2/5/D-12/ML&C/99 dated 20 November, 2009, “In order to launch essential commercial activities required to serve the residents of the respective garrison, survey will be conducted by a board of officers to determine the actual area under usage. The Military Estate Officer (MEO) concerned is the member of the Board of Officers (BOO). The rent shall be charged @ 6% per annum of existing revenue rate of the said land. Government’s share @ 25% of the rent so charged will be deposited into Government treasury.”

During Audit of a PAF Formation for the Financial Years 2021-22 & 2022-23, it was observed that the 25% Government share amounting to Rs.226.234 million against rental income of commercial activities was not deposited into the Government treasury.

Audit is of the view that the government was deprived of its revenue due to non-deposit of 25% Government share against rental income of commercial activities, which indicated prevalence of financial indiscipline within the organization.

When pointed out by audit in November, 2023, the management replied that due Government share will be deposited into Government treasury after reconciliation with audit and as per Government share determined by the Board of Officers. Reply is not tenable, pointed out amount may be deposited into government treasury.

The DAC in its meeting dated 28.12.2023, directed the management that updated reply may be submitted to audit besides reconciliation with audit. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-148/2022-23

2.18.2 Non-recovery of Allied Charges - Rs. 152.930 million

According to Para 442 of DSR-1998, “The GE is responsible for making demands for payment of all revenue and for taking steps for its prompt realization.” As per rule 81 of Quarters and Rents rules 1985, as amended vide letter No. F.5620/109/Qtg-4/F-2/D-3(AIII)/2002 dated October 14, 2009, “Scale for free consumption of sui gas to a cook house is prescribed by the government @400cft per person per month.”

During audit of several Engineering Formations for the Financial Years 2021-22 & 2022-23, it was observed that allied charges (electricity, gas & water) amounting to Rs 152.93 million were lying outstanding against various consumers / occupants as detailed below:

(Rs in million)

Sr. No.	DP No.	Amount
1.	DP-S-41/2023-24	80.936
2.	DP-S-232/2023-24	26.726
3.	DP-SSR-S-15/2022-23	13.586
4.	DP-S-29/2023-24	12.630
5.	DP-SSR-S-376.2022-23	8.669
6.	DP-S-89/2023-24	7.098
7.	DP-SSR-S-185/2022-23	3.285
	Total	152.930

Audit is of the view that non-recovery of allied charges indicated weak financial management within the organization.

Non-recoveries were pointed out by audit from August, 2022 to December, 2023. In case of DP-S-15, DP-S-376, DP-S-29, DP-S-232 & DP-S-41 the management replied that all the concerned consumers had been approached/informed for recovery. In case of DP S-185 & DP S-89 the management did not furnish any reply. Replies are not tenable as timely recovery of dues is the responsibility of GE.

The DAC in its meetings held in January 2023, August 2023, December 2023 and February 2024, directed the management that recovered amount be verified from audit and pursue the recovery of outstanding amount. No progress was reported till finalization of the report.

Audit recommends implementation of DAC directives.

Note: The issue against the Formation of DP-S-41, was also reported in the Audit Report for the year 2020-21 vide para No. 2.14.2 with the financial impact of Rs 41.824 million. Recurrence of the same irregularity is a matter of serious concern.

DP-SSR-S-15, 185 & 376/2022-23 and DP-S-29, 41, 89 & 232/2023-24

2.18.3 Non-withholding of Sales Tax on Services - Rs. 142.566 million

As per Rule 3(3) of Sindh Sales Tax Special Procedure (Withholding) Rules, 2014 and Balochistan Sales Tax Special Procedure (Withholding) Rules, 2017, "In where the invoice issued by the registered person does not indicate the amount of sales tax, the withholding agent shall deduct and withhold the amount of sales tax, at the rate applicable to the services provided or rendered to him, from the amount invoiced or billed or charged by such registered person under tax fraction formula."

During audit of several PAF Formations for the Financial Years 2017-18 to 2022-23, it was observed that an amount of Rs.2,685.821 million was paid to different contractors/officials against the different services procured, but Sindh Sales Tax on services for Rs. 142.566 million was not recovered from the contractors/officials in violation of rules. The details are as under:

(Rs in million)

Sr. No	DP No.	Amount of Bill	Sales tax on Services
--------	--------	----------------	-----------------------

1.	S-85/2023-24	2,450.814	126.679
2.	S-230/2023-24	178.559	8.928
3.	S-393/2022-23	51.894	6.276
4.	S-355/2022-23	4.554	0.683
	Total	2,685.821	142.566

Audit is of the view that due to non-recovery of Tax, the exchequer was deprived of its revenue.

The matter was pointed out by audit in June, 2022, & October, 2023. The management for DP-S-85 and DP-S-393, replied that sales tax on services is exempted on construction work. In case of DP-S-230 replied that contracts were concluded in 2020 and sales tax on services was not part of CA. Sales Tax on Services is applicable since 1st January, 2022. In case of DP-S-355, the management replied that deduction of Sales tax on Research Supervisors/Guest Speakers payment is the domain of Base Accounts Squadron, as College is not a self-accounting entity. Replies were not tenable as the tax has been imposed since 2011.

The DAC in its meetings held in August, 2023, December, 2023, January 2024 & February 2024, In case of DP S-85, S-393 & DP S-230, DAC directed the management to recover the amount from contractor; the same may be deposited to MAG and get it verified from audit. For DP S-355, DAC directed that management to reconcile the recoverable amount and pursue the recovery from the concerned. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

Note: The issue against the Formation of DP-S-85, was also reported in the Audit Report for the year 2021-22 vide para No. 2.4.10 with the financial impact of Rs 4.637 million. The issue was also reported against the Formation of DP S-230 in the Audit Report for the year 2021-22 vide para No. 2.14.1 with financial impact of Rs 18.733 million. Recurrence of the same irregularity is a matter of serious concern.

DP-S-355 & 393/2022-23 and DP-S-85 & 230/2023-24

2.18.4 Non-deposit of security money into treasury Rs.85.976 million and interest of Rs.22.702 million

Rule-2 of FR-Vol I stipulates that all transactions to which any officer of Government in his official capacity is a party, shall, without any reservation, be brought to

account and all moneys received by or tendered to Government officer which are due to, or are required to be deposited with Government shall, without undue delay, be paid, in full, into a Government treasury.

During audit of the record of use of A-I land, centrally maintained by PAF for the years 2012-13 to 2018-19, it was observed from the tenancy contracts that heavy amount of Rs.59.253 million / Rs.85.976 million on account of Refundable / Non-refundable premium respectively was received from the tenants / contractors. The profit accrued on the amount of Security Deposits during the period of retention in PAF accounts, was credited into Non-Public Fund. Resultantly, Government was deprived from its due revenue to the tune of Rs.22.702 million. Audit pointed out following irregularities in this regard:

- i) PAF authorities received Premium /Security Deposits (Non-Refundable) in official capacity from the tenants / contractors amounting to Rs. 85.976 million beyond the authority vested in them under any Government Rules / A-I land Policy. Hence, the same was liable to be deposited into Government treasury.
- ii) The Security Deposits were received by PAF in official capacity on account of use of Government / Military land, hence the profit to the tune of Rs.22.702 million accrued thereupon was to be deposited into Government treasury.

When pointed out by audit, the management replied that as per A-1 land policy 2008, no provision or guideline was given in respect of collecting / taking any security money against any activity being carried out on A-1 land. However, to safeguard the national / PAF interest, nominal amounts were mentioned in some contracts to be collected under the head of security money. So that in case of non-compliance by the contractor, that money could be forfeited.

The reply furnished by the management was evasive.

The DAC in its meeting dated 27.09.2023 directed the management to reconcile the returnable amount and get the relevant record verified from audit. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives, fixing of responsibility in the matter on the person (s) at fault, deposit of amount into Government Treasury and non-recurrence of irregularity in future.

DP-N-446/2022-23

2.18.5 Non-recovery of electricity charges – Rs.63.354 million

According to Para-442 of Defence Services Regulations 1994, the GE is responsible for making demands for payment of all revenue and for taking steps for its prompt realization. Under Rule-6 (a) Financial Regulations Vol-I 1986, every officer should exercise the same vigilance in respect of expenditure incurred from Government revenue as a person of ordinary prudence would exercise in respect of the expenditure of his own money. Furthermore, Rule-6 (d) Financial Regulations Vol-I 1986, “Government revenues shall not be utilized for the benefit of a particular person or a section of the community”.

During audit of an Engineering Formation, it was observed that an amount of Rs.63.354 million on account of electricity charges was lying outstanding against an Officers Housing Society.

When pointed out by audit, the management replied that case had already been taken up with higher authorities. Final outcome will be intimated in due course of time.

The reply was not tenable as the electricity charges needed recovery from the Society without further delay.

The DAC in its meeting dated 05.01.2024 was apprised that the bills are regularly paid to the concerned Electric Supply Company by MES as per actual meter reading and recovery has been made from the concerned residents. The DAC directed to get the recovery verified from audit. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-302/2023-24

2.18.6 Non-recovery of GST – Rs. 46.672 million

According to General condition of contract Clause No. 73.1, “Payment of taxes and stamp duty, “the contractor, sub-contractor and their employees shall be responsible for payment of all their income tax, super tax GST on furniture and equipment and other taxes on income arising out of the contract and the rates and prices stated in the contract shall be deemed to cover all such taxes.” Further, as per FBR letter dated: 13-12-2019, “Sales tax and income tax on salvage value vehicle and misc. store, Sales tax on taxable goods for registered person is 17% of the bid amount and for un-registered person is 20% of the bid

amount. Further, according to Sales Tax Act 1990 Section 110 of Sixth Schedule “The following items with dedicated use of renewable source of energy like solar and wind, subject to certification by the Alternative Energy Development Board (AEDB), Islamabad.”

During audit of several PAF Formations for the Financial Years 2021-22 & 2022-23, it was observed that an amount of Rs. 46.672 million on account of GST was less deducted from contractors & participants of auction. The detail is as under:

(Rs in million)

Sr. No.	DP No.	Amount
1.	DP-S-296/2023-24	29.644
2.	DP-S-59/2023-24	8.264
3.	DP-S-78/2023-24	8.264
4.	DP-S-420(B)/2022-23	0.500
	Total	46.672

Audit is of the view that due to non-recovery of Tax, the exchequer was deprived of its revenue.

The matter was pointed out by audit in May, 2022 to October, 2023. In case of DP-S-420(B), the management replied that action carried out by specialized Government auctioneers was according to the procedure in vogue. Taxes were withheld and deposited as per calculation by Government auctioneer. In case of DP-S-59 the management replied that furniture was supplied to complete the scale under original work of MES under para 21 a (i) & 183(ii). In such cases sales tax is not applicable. In case of DP-S-78 & DP-S-296 the management did not furnish any reply. The replies are not tenable, pointed out amount may be recovered.

The DAC in its meetings held in August, 2023 and February 2024, directed the management in DP S-420, that relevant record in evidence that contractors were active tax payers/filers and registered with FBR with Sales Tax, may be provided to audit for verification. In case of DP S-59 & S-296, DAC directed the management to recover the GST from the contractor and get it verified from audit within two months. In case of DP S-78, directed the management relevant record in with the evidence that contractor has paid

GST be provided to audit for verification within one month. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives/besides recovery of GST from the concerned.

DP-S-420(B)/2022-23 and DP-S-59, 78 & 296/2023-24

2.18.7 Non-deposit of BTS Towers' Fee –Rs. 43.147 million

According to Policy for installation of Tower Base Transmission in Cantonment area circulated through ML&C Department vide letter No.51/1411/Lands/ML&C/2005 dated June, 24, 2005 “On provision of NOC from concerned authorities and department an agreement will be executed with cellular companies to install Base Transmission Station Towers/antennas in Cantonment area. The cellular companies will require to pay an antenna/tower fee @ Rs.20,000/- per month with an annual increase of 10%.” Furthermore, Para-12 of Hoarding Policy circulated through ML&C Department vide letter No.1/1/Gen/Hoarding Policy/ML&C/2012 dated 04.07.2012 that, “The Sky charges shall be recovered by respective Cantonment Board/MEO/Military Authority may levy the ground rent for the use of their land. In case of installation of advertisement/billboards on A-1 land. Ground rent will be recovered by the respective MEOs and Sky charges by the respective Cantonment Boards. In case of advertisement boards installed on private land, ground rent would be paid to land owners and Sky charges to the respective Cantonment Board. The principle would apply in case of installation of BTS Towers.”

During Audit of a PAF Formation for the Financial Years 2021-22 & 2022-23, it was observed that fourteen BTS Towers of Cellular Companies were installed on A-1 Land in different PAF Bases. However, relevant fee, and rent amounting to Rs. 43.147 million was not deposited.

Audit is of the view that the government was deprived of its revenue due to non-deposit of tower fee and ground rent.

The matter was pointed out by audit in November 2023. The management replied that revised policy of BTS Towers issued by Cabinet Division vide letter dated 21st July 2021, has been implemented in PAF. As per revised policy, BTS Towers antenna/tower fee @ Rs 20,000/- per month with an annual increase of 10% has been discontinued. Therefore, no rent was payable to the Government.

Reply was not tenable, as the management has referred policy regarding sky charges whereas, audit observed non-deposit of ground rent and sky charges against the BTS Tower.

The DAC in its meeting dated 28.12.2023 directed the management to reconcile the amount and recovered amount may be deposited and get it verified from audit. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-149/2022-23

2.18.8 Non-recovery of training and allied charges from foreign trainees – US\$ 114, 678

Under Joint Services Instruction No.4/2006, “It is laid down that training and allied charges contained would be recovered from the Government of International Trainees as per agreement/instructions.”

During audit of a PAF College, for the year 2021-22, it was observed that an amount of US\$ 114,678 was outstanding on account of training & allied charges from foreign trainees, but recovery of the same was not made.

Audit is of the view that non-recovery of allied charges from foreign trainees reflected weak internal controls within the entity.

The matter was pointed out by audit in May 2022. The management replied that the management has raised training bills to AHQ vide letter dated 07th October, 2022 for onward submission to concerned embassy for payment. The Department admitted in the reply about the non-recovery of training charges in time from foreign trainees.

The DAC in its meeting dated 31.08.2023, directed the management to expedite the recovery of outstanding amount and get it verified from audit. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-353/2022-23

2.18.9 Loss due to non-charging of PST – Rs.27.556 million

According to Government of the Punjab, Punjab revenue authority letter No. PRA/unit-4/1557 dated 07.10.2016 addressed to the Secretary Defence, Government of Pakistan, after constitutional amendment read with 7th NFC award, the provinces started exercising their constitutional right to levy, collect and administer sales tax on services from July, 2012.

According to serial No.48 of second schedule (taxable services) of Punjab sales tax on services Act 2012 (XLII) of 2012, 16% Punjab sales tax shall be levied by the withholding agent on services provided for intercity carriage of Goods by road and deposited in accordance to the procedure laid down in Government of the Punjab, Punjab revenue authority notification no PRA/orders.06/2012 dated 20.02.2015.

During audit of a PAF Base, it was observed from record that an amount of Rs. 172.223 million was paid to a vendor (service provider) on account of Hired Mechanical Transport services but 16% Punjab Sales Tax amounting to Rs.27.556 million was not deducted / withheld for financial year 2018-19 contrary to above provisions.

When pointed out by audit, the management replied that PAF is a Federal organization under MOD. In this regard, levy of tax against contractual services in PAF was applicable under the Federal Government rules instead of Provincial rules and no instructions to withhold Punjab Sales Tax on contractual services were received from MOD / AHQ.

The reply was not tenable as the amount needed recovery.

The DAC in its meeting dated 29.11.2023 directed to pursue case for recovery as per Government orders in vogue and get it verified from audit. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-70/2023-24

2.18.10 Non-deposit of interest income into Government treasury– Rs. 16.552 million

According to Rule 2 of Financial Regulations Vol-II 1986, “All transactions to which any officer of Government in his official capacity is a party, shall, without any reservation, be brought to account and all moneys received by or tendered to Government

officer which are due to, or are required to be deposited with Government shall, without undue delay, be paid, in full, into a Government treasury or into the bank to be credited to the appropriate account.”

During audit of a PAF Formation for the Financial Years 2021-22 & 2022-23, it was observed that total receipts from different commercial & agricultural activities were deposited into non-public fund account. These receipts including Government share were invested into investment schemes, but the benefit of such investment schemes was not proportionally deposited into Government treasury. The detail is as under:

Government Share	Minimum simple interest rate per annum	Interest Income
Rs 331,298,000/-	5%	Rs 16,552,000

Audit is of the view that the Government was deprived of its revenue due to non-deposit of interest income.

The matter was pointed out by audit in November, 2023. The management replied that income of A-1 land was being utilized for welfare activities of the troops and amount was not invested. Reply is not tenable as government share was retained and deposited into non-public fund.

The DAC in its meeting dated 28.12.2023 directed the management that case may be pursued for reconciliation and verification with audit. No progress was reported till finalization of this report.

Audit recommends prompt deposit of the interest income into government treasury and its verification from audit.

DP-S-151/2022-23

2.18.11 Non-deposit of rent on account of agricultural land – Rs.492.686 million

As per “policy” for use of A-I Land for welfare and commercial projects of the Armed Forces introduced vide Government of Pakistan, Ministry of Defence, letter No.F-2/5/D-12/ML&C/99, dated 02.04.2008, total rent received from agricultural land shall be deposited into Government treasury.

During audit of an MEO, it was noted that Land was used by Air Force authorities for agricultural purpose without approval of assessed rent by the Board of Officers. Details are as under:

(Rs. in million)

S No.	DP No.	Rent of Agricultural land
1.	DP-N-216/2023-24	11.318
2.	DP-N-226/2023-24	11.300
3.	DP-N-230/2023-24	470.068
Total		492.686

Audit observed that rent of agricultural land amounting to Rs. 492.686 million was not deposited into Government treasury.

When pointed out by audit, the management replied that audit of commercial activities on A-I land was required to be carried out centrally in Air Headquarters.

The reply furnished by the management was evasive.

The DAC in its meeting dated 05.01.2024 shifted the paras to PAF for submission of comprehensive reply by 10.01.2024. No further progress was reported till finalization of this report.

Audit recommends fixing of responsibility on the person (s) at fault and early deposit of rent on account of agricultural land into Government Treasury.

DP-N-216, 226 & 230/2023-24

2.18.12 Less recovery of water charges - Rs.10.736 million

As per Rule 1, Annex A (to Appendix 'O') of Defence Services Regulations, (DSR) 1998, "The all-Pakistan flat rate for water charges will be as notified from time to time in Joint Services Instruction (JSI) or other Government orders." Further, according to Notes at the end of Rule 2 of Annexure-A (Appendix 'O') of DSR 1998, "Any increase of rates

as and when notified/imposed by the Provincial Government./supplying agency shall be recovered in addition to the rates specified in this rule.”

During audit of an Engineering Formation for the Financial Year 2021-22, it was observed that Rs.221/- per 1000 gallons of water were paid to Water & Sewerage Corporation and an amount of Rs.73.096 million was also spent on supply of fresh water through water tankers @ Rs 1.70 per gallon and Rs.114.002 million was spent on supply of water through RO Plant @ Rs.1.55 per gallon. However, contrary to above rule, recovery at a flat rate of Rs 300/- from the officers and Rs.100/- per month from others was made, which resulted in less recovery of Rs 10.736 million per annum from different consumers. Summarized position is tabulated below:

Category	Scale of Water Gallons	Rate per 1000 Gallons	Amount to be recovered (Rs)	Amount recovered (Rs)	Difference per month (Rs)	No. Of Quarters	Yearly difference Less recovery of water Charges (Rs)
Married Officers	9600	219	2102	300	1802	48	1,037,952
Single Officers JCOs, Airmen	4800	219	1050	100	950	92	1,048,800
Civilian	9600	219	2102	300	1802	400	8,649,600
Total							10,736,350

Audit is of the view fixation of less rate of water charges through Board of officer against the government rules indicates non-adherence of government orders by the management.

The matter was pointed out by Audit in September, 2022. The management replied that academy authorities had been approached for revision of water charges through Board of officers.

Reply was not tenable as Board of Officer cannot over-rule government orders. The fixation of water charges on the lower side, as compared to the rates of supplying agency, is a recurring loss to the state.

The DAC in its meeting dated 31.08.2023 directed the management to reconcile the recoverable amount after application of revised water charges with audit, recovery thereafter be made and got verified from audit. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-SSR-S-375 /2022-23

2.18.13 Less-deduction of Income Tax - Rs 7.872 million

According to Section 236 (A) of Income Tax Ordinance 2001, “The tax rate on auction at the time of sales by auction is 10% for filer and 20% for non-filer. As per FBR letter dated: 13-12-2019 sales tax and income tax on salvage value vehicle and misc. store, Sales tax on taxable goods for registered person is 17% of the bid amount and for un-registered person is 20% of the bid amount.”

During audit of several PAF Formations for the Financial Years 2021-22 & 2022-23, it was observed that an amount of Rs.7.872 million was less deducted from contractors on account of Income Tax. The detail is as under:

(Rs in million)

Sr. No.	DP No.	Amount of Bill	Income Tax Due	Income Tax deducted	Income Tax less deducted
1.	S-231/2023-24	78.593	11.003	5.894	5.129
2.	S-420(A)/2022-23	16.777	4.025	1.961	2.06
3.	S-355/2022-23	4.554	0.683	0	0.683
	Total	99.924	15.711	7.855	7.872

Audit is of the view that due to non-observance of rules, exchequer was deprived of its due revenue share on account of taxes.

The matter was pointed out by audit in May, 2022 and December, 2023. The management in DP-S-231 replied that letters have been issued to contractors for submission of income tax returns. The management for DP-S-420(A), replied that action carried out by specialized Government auctioneer as per procedure. Taxes were withheld and deposited as per calculation Government auctioneer. For DP-S-355, the management replied that Income tax is calculated on total income of individual. However, this institute

paid in small amounts. Reply is not tenable as online verification from FBR revealed that contractors were non-filers.

The DAC in its meetings held in August, 2023, January, 2024 and February 2024, directed the management in DP S-420 & S-231, that relevant record in evidence that contractors were active tax payers/filers and registered with FBR with Sales Tax, may be provided to audit for verification. In case of DP S-355, DAC directed the management to reconcile the recoverable amount and pursue the recovery from the concerned. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-355 & 420(A)/2022-23 and DP-S-231/2023-24

2.18.14 Non deposit of Government Share into treasury against agricultural activities Rs. 7.763 million

As per Rule 4(a) (i) (b) of Cantonment Land Administration (CLA) Rules 1937, "Class A-1 Land is required or reserved for specific military purposes." Further, according to policy on use of A-1 Land circulated vide MoD letter No. F.2/5/D-12/ML&C/99 dated 2nd April, 2008, read with MoD letter No. F.2/5/D-12/ML&C/99 dated 20 November 2009, "In order to launch essential commercial activities required to serve the residents of the respective garrison, survey will be conducted by a board of officers to determine the actual area under usage. Military Estate Officer (MEO) concerned is the member of the Board of Officers (BOO). The entire amount of rent charged for use of A-I land for agricultural purposes will be deposited into Government treasury."

During audit of a PAF Formation for the Financial Years 2021-22 & 2022-23, it was observed that entire amount of rent amounting to Rs.7.763 million charged against agricultural activities was not deposited into Government treasury, which is in violation of above quoted rules.

Audit is of the view that the government was deprived from its revenue due to non-deposit of entire amount of rent charged against agricultural activities.

The matter pointed out by audit in November, 2023 the management replied that due Government share will be deposited into Government treasury after reconciliation with audit and as per Government share determined by the Board of Officers.

The reply was not tenable as the government share when realized was required to be deposited immediately as per the A-1 Land Policy.

The DAC in its meeting dated 28.12.2023 directed the management that updated reply may be submitted to audit besides reconciliation with audit. No progress was reported till finalization of this report.

Audit recommends prompt deposit of rent charges into government treasury and its verification from audit.

DP-S-150/2022-23

2.18.15 Irregular payment of HRA to Officers – Rs. 3.379 million

According to Finance Division, Government of Pakistan Office Memorandum No. F. 2(2)R.5/2010-530 dated 01-11-2019, “It is clarified that under existing rules House Rent Allowance is not admissible to those Government officers/ officials who have been allotted Government accommodation / MOQs.”

During audit of a PAF Base for the Financial Year 2021-22, it was observed that various officers were drawing House Rent Allowance Rs.3.379 million, despite occupation of Government accommodation stood as irregular.

Audit is of view that non-compliance of rules caused loss to state, which indicates prevalence of weak internal controls within the organization.

The matter was pointed out by audit in December, 2022, the management replied that officers from Sr. No.1 to 219 of the observation were allotted with service married accommodation and officers from Sr. No. 220 to 273 were residing in below entitlement accommodation.

Reply was not tenable as evidence of recovery of HRA was not provided. Furthermore, Ministry of Defence had already issued directives in this regard for recovery of the assessed house rent from officers residing below standard/entitled accommodation vide U.O. letter dated 14th January, 2016.

The DAC in its meeting dated 31.08.2023, directed the management to reconcile the recoverable amount with audit and recovery thereafter be made expeditiously and amount already recovered be verified from audit. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-448/2022-23

FRONTIER WORKS ORGANIZATION (FWO)

Frontier Works Organization (FWO) is established as an independent Formation of Pakistan Army and primarily provides engineering services to the armed forces. Additionally, FWO works as a registered contractor of Pakistan Engineering Council and carries out construction works in both public and private sector.

AUDIT PARAS

2.19 Un-authorized / irregular payments – Rs.353,059.495 million

2.19.1 Variation in expenditure reported versus booked by CMA – Rs.168,037.895 million

Article-170 (I) of the Constitution of Islamic Republic of Pakistan provides that the accounts of the Federation, and of the provinces shall be kept in such form and in accordance with such principles and methods as Auditor-General may with the approval of the President, prescribe.

During audit of FWO, it was observed that expenditure amounting to Rs.199,924.012 million was reflected in All Pakistan Annual Compilation prepared by the concerned CMA for the financial year 2016-17 to 2019-20, whereas on the other side expenditure amounting to Rs. 31,886.117 million was reported in the financial statements for respective financial years audited by a private Audit firm which showed a huge difference of Rs. 168,037.895 million on account of reported revenue figures.

When pointed out by audit, the management replied that the expenditure report of CMA was based on cash basis of accounting while income and expenditure reported in financial statements follow accrual basis of accounting, wherein income / expense are recorded whenever accrued irrespective of the fact that same had been received / paid by FWO.

The reply was not tenable. Audit, recommended that all types of reports containing accounts of receipts and expenditure along with financial statements be got approved from the Auditor-General of Pakistan.

The DAC in its meeting dated 29.11.2023 was apprised that receipts & expenditure report of CMA is based on cash basis of accounting while income and expenditure reported in financial statements follow accrual basis of accounting, wherein income/expenses are recorded whenever accrued. However audit observed that there was huge difference in the reported figures in revenue and expenditures in financial statements versus those reported

in All Pakistan Annual Compilation by the concerned CMA. The DAC directed to evolve a comprehensive mechanism for proper reporting of all revenues of FWO. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-157/2023-24

2.19.2 Variation in revenue reported through appropriation accounts – Rs. 102,279.867 million

According to Para-27 to Chapter-3 of FBA&A, a CMA has been authorized to DG FWO under Ministry of Defence letter No 6214/149/SD-4/1436/S/D34, dated 03.05.1967. He will act as the accounts and audit officer and audit officer for FWO. Furthermore, Para 28 restricts that, all payments in connection with the project will be made by the CMA concerned or the disbursing officer appointed by DG FWO from time to time.

FBA&A Procedures while detailing Job Description of Director (Finance), makes the Officer responsible to ensure that accurate and complete accounting, reporting are functioning and that all relevant records are maintained. FBA&A Procedures further provide that holders of public office are accountable for their decisions and actions, to the public and must submit themselves to whatever scrutiny is appropriate to their office.

During audit of FWO, it was observed that revenue amounting to Rs.194,924.012 million was reflected in All Pakistan Annual Compilation prepared by the concerned CMA for the financial year 2016-17 to 2019-20, whereas on the other hand revenue amounting to Rs. 297,203.879 million was reported in the financial statements for respective financial years prepared by the private Audit firm which showed a huge difference of Rs. 102,279.867 million on account of reported revenue figures.

When pointed out by Audit, the management replied that receipts & expenditure report of CMA is based on cash basis while income and expenditure reported in financial statements follow accrual basis of accounting, wherein income/ expenses are recorded whenever accrued irrespective of the fact that same has been received/paid by FWO. Receipts in CMA report represent payments released by HQ FWO to CMA for onward release to Group Headquarters, contractors and suppliers etc. Moreover, Expenditure report represents payments released by CMA onwards to respective Group Headquarters, contractors and suppliers. Therefore, the figures are not comparable resulting in anomaly.

The reply was not tenable. Audit recommended to present true and fair picture of revenue and expenditure of FWO.

The DAC in its meeting dated 29.11.2023 directed to evolve a comprehensive mechanism for proper reporting of all revenues of FWO. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-99/2023-24

2.19.3 Irregular retention of funds – Rs.46,146.202 million

As per article 78 (1) of the Constitution of Pakistan, all revenues received by the Federal Government, all loans raised by that Government, and all other moneys received by it in repayment of any loan, shall form part of a consolidated fund, to be known as the Federal Consolidated Fund. Furthermore, as per Ministry of Law, Justice and Human rights letter U.O. No. 610/2014/Law-1 dated 09.01.2015, FWO is a government organization. Moreover, as per Chapter 3, Section 28 of FBA&A procedure, a CMA has been authorized to act as the accounts and audit officer for FWO.

During audit of FWO, it was observed from the statement of cash flows for the year ended 30.06.2020 that FWO has cash and cash equivalents of Rs.46,146.202 million. However, these funds are being retained in private accounts which have not been approved from the government.

When pointed out by audit, the management replied that FWO has kept funds in banks under FBA&A procedures. FWO undertakes mega construction and development projects throughout Pakistan. Bank accounts with scheduled (private) banks are being maintained to obtain funded/ non-funded facilities (bank guarantees required for project bidding and execution as well), to undertake projects under Public Private Partnership mode and to manage toll collection activities.

The reply was not tenable. Audit recommended that retention of money in private accounts may please be justified.

The DAC in its meeting dated 29.11.2023 directed that rules on the subject be framed with approval of the government.

Audit recommends implementation of DAC directives.

2.19.4 Un-verified income reported in financial statements – Rs. 29,393.988 million

As per Section 32 (2) of Financial, Budget, Accounting and Audit Procedures, the FWO shall keep at its Headquarters proper books of accounts with respect to all sums of money received and expended by the FWO and matters in respect of which the receipt and expenditure takes place. Furthermore, FBA&A Commercial Procedure through caption Integrity guides that, holders of public office should not place themselves under any financial or other obligation to outside individuals or organizations that might seek to influence them in the performance of their official duties.

During audit of FWO, it observed from the financial statements for the period from financial year 2008-09 to 2019-20 that FWO reported revenue from toll collections in its profit and loss account as part of income. The total amount of this revenue from toll collections for the period from 2008-09 to 2019-20 amounted to Rs.29,393.988 million. However, these figures were not backed up by any bills, vouchers, receipts or any data which could authenticate these figures. Lack of supporting documentation make it difficult to verify the authenticity of these figures.

When pointed out by audit, the management replied that year-wise and motorway-wise summary details of toll income earned were available. Supporting documents were also available for verification.

The reply was not tenable as the stated supporting documents were not provided.

The DAC in its meeting dated 26.09.2023 directed management to submit updated reply to audit within one week, besides year wise receipts of toll income for verification. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-416/2022-23

2.19.5 Un-justified payment on account of donation and charity – Rs.7,201.543 million

According to Head Integrity to code of Commercial Conduct FWO that Holders of public office should not place themselves under any financial or other obligation to outside individuals or organizations that might seek to influence them in the performance of their official duties.

During audit of FWO, it was observed from the Financial Statements that FWO paid donation and charity worth Rs.7,201.543 million. However, FWO being a government organization does not have any official responsibility for giving charity. The list of beneficiaries was also not found nor was any approval sought for this expense.

When pointed out by audit, the management replied that being a defence organization, FWO also assumes its role for corporate social responsibility and contributed for the benefit of society. Year wise details and supporting documents are available for verification.

The reply was not tenable as the Government of Pakistan is running specialized organizations for the same purpose. Hence donations and charity by FWO on its own is not justified.

The DAC in its meeting dated 26.09.2023, was apprised by management that FWO plays a pivotal role in public welfare. The DAC directed management to establish rules/procedure as per international best practices of corporate social responsibility and get all the record verified from audit. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-423/2022-23

2.19.6 Irregular establishment of a new venture without government approval

According to Financial Budgeting Accounting and Auditing Procedure (FBA&A), caption Integrity provides that, Holders of public office should not place themselves under any financial or other obligation to outside individuals or organizations that might seek to influence them in the performance of their official duties. Moreover, Extracts of Rule-12(1)(d) of Rules of Business, 1973 restrict that (1) No Division shall, without previous consultation with the Finance Division, authorize the issue of any orders which will affect directly or indirectly the finances of the Federation or which in particular involve (g) the receipt or expenditure of foreign exchange unless already allocated.

During audit of FWO, it was observed that FWO had set up a new venture without government approval. Neither any approval was sought from the government with regard to its establishment nor was any detail of the expenditure incurred or revenue received maintained.

When pointed out by audit, the management replied that this venture entered in contract with FWO on 27.12.2020. Therefore, it doesn't fall in audit session 2008-09 to 2019-20 and that the reply to objection would be furnished in appropriate audit session i.e. 2020-2021.

Reply was not tenable as the observation was not addressed by the management.

The DAC in its meeting dated 26.09.2023, directed the management to verify all relevant documents to audit showing that the Project Board is competent to approve establishment of this venture. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-411/2022-23

2.19.7 Un-authorized service of army personnel in private company

Financial Budgeting Accounting and Auditing Procedure (FBA&A), through caption Integrity guides that, holders of public office should not place themselves under any financial or other obligation to outside individuals or organizations that might seek to influence them in the performance of their official duties.

During audit of record held with FWO, it was observed that FWO established a private limited liability company abroad. The establishment being a Limited Liability Company, worked as a private establishment. The rendering of services by Army officers in a private company cannot be termed as regular service counting towards promotion / pension.

When pointed out by audit, the management replied that FWO established a Limited Liability Company abroad with the order of President of Pakistan for purpose of doing business/ expanding its works in the International market. Establishment of an LLC Company is a necessity to do business abroad. Officers sent abroad are being selected by Army as incentive comparable to selection for United Nations Mission. Their duty tenures abroad are covered by GHQ policy on the subject.

The reply of FWO authorities is not tenable. Audit suggested that the activity be provided legal cover.

The DAC in its meeting dated 29.11.2023 directed that connected documents may be verified to audit within one month. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-108/2023-24

2.20 Recoverable / Overpayments – Rs.25,131.817 million

2.20.1 Non-recovery of outstanding dues from employers – Rs.11,780.893 million

According to Section 2.01.09 of FBA&A procedure, where the receivables/advances are of material nature, recovery through legal cases be initiated with the approval of the Directorate General Frontier Works Organization.

During audit of FWO, it was revealed that a sum of Rs. 11,780.893 million was lying in accounts as Receivables from employers which needed to be recovered immediately.

When pointed out by audit, the management replied that efforts were in hand for pursuance of recoveries.

The reply was not tenable. The amount was outstanding for a long time and needed to be recovered immediately.

The DAC in its meeting dated 26.09.2023 directed the management to pursue the recovery of FWO receivables with all concerned. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-347 & 414/2022-23

2.20.2 Variation in the figures of reported tax – Rs.8,258.990 million

Section 165 of Income Tax Ordinance under caption Statements restrict that (1) Every person collecting tax or deducting tax from a payment shall furnish to the Commissioner a statement in the prescribed form setting out:

- (a) the name, [Computerized National Identity Card Number, National Tax Number] and address of each person from whom tax has been collected or to whom payments have been made from which tax has been deducted
- (b) the total amount of payments made to a person from which tax has been deducted
- (c) the total amount of tax collected.

Furthermore, Rule 44 of Income Tax Rules 2002 provides that a person required to furnish a monthly statement shall furnish a reconciliation of the amounts mentioned in the aforesaid annual and monthly statements with the amounts of income, statements, related annexes and other documents submitted from time to time.

During audit of FWO, it was observed that the figures of tax remitted to FBR amounting to Rs.7,386.546 million was depicted in All Pakistan Compilation Report for the financial year 2016-17 to 2019-20. However, tax remitted figures amounting to Rs. 15,645.536 million were reported in the financial statements for respective financial years prepared by a private Audit firm. This resulted in a huge difference of Rs. 8,258.990 million on account of tax figures reported to FBR.

When pointed out by audit, the management replied that amount of tax figures reported by CMA represents the tax deducted and deposited through CMA in Government Treasury against a particular financial year. While the figures of tax withheld reported as per financial statements represent tax withheld by FWO at year end that is yet to be deposited in Government Treasury. Therefore, the figures are not comparable.

The reply was not tenable. Audit recommended that the amounts need to be reconciled.

The DAC in its meeting dated 29.11.2023 directed that connected documents may be got verified from audit within one month. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-100/2023-24

2.20.3 Non-remittance of withholding tax to government – Rs. 4,585.850 million

According to Rule 143 of Income Tax Rules 2002 amended upto 08.09.2020 under the caption Payment of tax collected or deducted stipulates that, “As required under Section 160 and under the Sixth Schedule to the Ordinance the tax collected or deducted under

Division II or Division III of Part V of Chapter X of the Ordinance, Chapter XII of the Ordinance or Sixth Schedule of the Ordinance shall be paid to the Commissioner by way of credit to the Federal Government:

- i) where the tax has been collected or deducted by the Federal Government or a Provincial Government on the day the tax was collected or deducted; or
- ii) where the tax has been collected or deducted by a person other than the Federal Government or a Provincial Government;-
- iii) by remittance to the Government Treasury or deposit in an authorized branch of the State Bank of Pakistan or the National Bank of Pakistan, within Seven days from the end of each week ending on every Sunday.

During audit of FWO, it was observed from Sr. No.20 of notes dated 30.06.2020 of the financial statement for the year ended 30.06.2020 that FWO had withheld tax payable amounting to Rs. 4,584.850 million. FWO was required to deposit the same into government treasury as required under the rules quoted above. However, FWO failed to deposit the withheld tax and retained the said payable tax in private bank accounts in violation of the rules quoted above.

When pointed out by audit, the management replied that withholding tax was being deposited into Government Treasury through CMA. Balance amount of tax would be deposited into Government Treasury. Reply was not tenable because the amount of tax was not deposited.

The DAC in its meeting dated 26.09.2023 directed the management to submit updated reply. DAC further directed to reconcile, recover and deposit withholding tax into Government Treasury and get the deposited amount verified from audit. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-409/ 2022-23

2.20.4 Loss to state due to non-remission of collected tax – Rs.490.649 million

According to Section-153 of Income Tax Ordinance, 2001 captioned as Payments for goods, services and contracts, “Every prescribed person” making a payment in full or part.

During audit of FWO, it was noticed that:

A. Scrutiny of Expenditure Reports versus Treasury Receipts revealed a deduction of Rs. 90.967 million from payments made to suppliers and contractors but not remitted to Federal Treasury. This was retained in Project Accounts from November, 2017 till June, 2020 resulting in loss of Rs. 90.967 million.

B. Similarly, irregular retention of government receipts amounting Rs. 399.683 million was also noted.

As a result, Rs.490.649 million (Rs.90.967 + Rs.399.683) were irregularly retained by the Formation.

When pointed out by audit, the management replied that TRs pertaining to Rs.90.966 million were produced.

However, during discussion, it was decided that original record would be got verified from Audit. Audit recommended compliance of agreed minutes of discussion.

The DAC in its meeting dated 29.11.2023 directed that connected documents may be verified to audit within one month. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-131/2023-24

2.20.5 Overpayment of special assignment allowance – Rs.15.435 million

FWO Revised HR Policy 2018 issued vide FWO HR Letter No. 25201/HR/HRO dated 13-11-2018, Para c (1) Annexure A, B & C, Salary Structure for Management, Non-Management and Field Staff consist of Basic Pay and Allowances which provides maximum limit of Special Assignment / Qualification Allowance.

During audit of FWO, it was observed that Special Assignment / Qualification Allowance was paid to the employees in excess of prescribed limits amounting to Rs.15.435 million. Payment of Special Assignment / Qualification Allowance in excess of prescribed limits resulted into over payment.

When pointed out by audit, the management replied that fact finding inquiry will be held to determine future course of action.

The reply was not tenable. Audit recommended that inquiry be expedited and final outcome be shared with Audit.

The DAC in its meeting dated 26.09.2023, directed the management to pursue and expedite recovery and get it verified from audit. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-424/2022-23

2.21 Loss to State – Rs.528.648 million

2.21.1 Loss to state due to writing-off advance tax – Rs.528.648 million

As per Ministry of Law, Justice and Human rights U.O. No. 610/2014/Law-1 dated 09.01.2015, Frontier Works Organization is a government organization. Furthermore, as per section 32 (2) of Financial Budgeting Accounting and Auditing Procedure (FBA&A), FWO shall keep at its Headquarters proper books of accounts with respect to all sums of money received and expended by the FWO and matters in respect of which the receipt and expenditure takes place and all liabilities of FWO.

During audit of FWO, it was observed from note 27.1 of the financial statements for the years ended 30th June 2008-09 to 2019-20 that FWO had written off advance tax amounting to Rs. 528.648 million. However, by writing off tax FWO deprived government of revenue.

When pointed out by audit, the management replied that this advance tax was related to deduction of tax at source made by Civil Aviation Authority (CAA) on an International Airport while making payment to FWO. Since, the tax was deducted at source, the same would have been deposited in Government Treasury by CAA. The amount was erroneously booked as receivable.

The reply was not tenable. Audit stressed that complete documents be produced showing deposit of said amount in Government Treasury for verification.

The DAC in its meeting dated 26.09.2023, was apprised by the management that project sponsored by CAA was executed by JV and tax was deducted by CAA. The DAC in this regard directed to get the record verified from audit. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-413/2022-23

INTER SERVICES ORGANIZATIONS

Inter Services Organizations (ISOs) of the defence services are those organizations which provide services to the tri-forces. ISOs include Joint Services Headquarter, FGEIs, and Medical institutions.

AUDIT PARAS

2.22 Un-authorized / irregular payments – Rs.89.989 million

2.22.1 Irregular purchase of medical store – Rs.89.989 million

According to Rule-47(e) to Financial Regulation Volume-I (1986), “the most careful supervision over expenditure shall be exercised and on no account shall money be spent simply because it is available.

During audit of a Medical Institute, following observations were noted in the local purchase of medical supplies worth Rs.89.989 million:

- i. Ex-post Facto Sanction of the Surgeon General / DMS (IS) accorded for LP exceeded the financial limit of the authority (i.e. delegated power of Rs.3.000 Million of COAS to Surgeon General / DGMS(IS)).
- ii. No Government sanction was obtained for previous years 2016-17 & 2017-18 liabilities for Rs.82.414 million (Rs.89.989 million – Rs.7.575 million).
- iii. Procurements made for in violation of Rule 12(2) of Public Procurement Rules, 2004.
- iv. Receipt of store taken on ledger charge may also be got verified to Audit.

When pointed out by audit, the management replied that main reason for liabilities was that budget allocation for these medical supplies was significantly lower than the expenditure, which subsequently led to liabilities for financial year 2016/2017, 2017/2018. Rs.90.000 million was allocated by MoD for clearance of outstanding liabilities.

The reply advanced was not tenable, for the following reasons:

- i. Ex-post Facto Sanction of the Surgeon General / DMS (IS) exceeded the financial limit of the authority which required regularization from CFA.
- ii. No Government sanction was obtained for previous years 2016-17 & 2017-18 liabilities for Rs.82.414 million (Rs.89.989 million – Rs.7.575 million) in violation of Rule quoted.
- iii. Procurements made for in violation of Rule 12(2) of Public Procurement Rules, 2004.
- iv. Receipt of store taken on ledger charge was not got verified from Audit.

The DAC in its meeting dated 27.09.2023 directed the management that action of regularization and SOPs with respect to medical equipment be got verified from audit within 02 weeks. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-450/2022-23

2.23 Recoverable / Overpayments – Rs.35.596 million

2.23.1 Irregular transfer of profit to private fund – Rs.26.231 million

Rule-2 of Financial Regulation Volume-II 1986 stipulates that “All transaction to which any officer of Government in his official capacity is a party, shall, without any reservation, be brought to account and all moneys received by or tendered to Government officer which are due to, or are required to be deposited with Government shall, without undue delay, be paid, in full, into a Government treasury or into the bank to be credited to the appropriate account or they shall be credited through the pay bill or other public account if it is so authorized”. Furthermore, Ministry of Defence, vide their UO No. 6/5/D-2 (AII)/2016, dated 09.02.2021, conveyed its decision to Medical Directorate/ DMS (IS) (C) to deposit the amount into Government treasury on the profit occurred on CNE Fund Account.

During audit of a Medical Institute, it was observed that a sum of Rs.26.231 million was earned on account of profit on CNE account. However, the same was not deposited into Government treasury in violation of above Government order/rules.

When pointed out by audit, the management replied that case was already under process. Action will be taken after receipt of the final decision.

The reply was not tenable in the light of Rules/government orders.

The DAC in its meeting dated 27.09.2023 directed to pursue the case of reviewing decision for depositing bank profit into Government treasury. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-473/2022-23

2.23.2 Loss due to less deposit of government share – Rs.9.365 million

According to GHQ Med Dte letter No.3532/32/DMS-3(c) dated 21.02.1983 “a specialist is allowed total of three CNE cases only in a station at a time. Sometimes additional CNE cases may have to be admitted on a life saving measure at the discretion of OC Hospital. It is therefore, clarified that if any additional cases is admitted at the request of any specialist, the charges should go to the Government and Hospital Amenity”.

During the scrutiny of cash book of Indoor CNE Patients held with a Medical Institute, it was observed that a sum of Rs.17.027 million was received from additional cases of CNE patients (more than 3 cases). However only 15% amount was deposited into Government treasury and remaining amount was credited in to Hospital Amenity / Medical Officer Shares. Therefore, remaining share of Government may be deposited into treasury as per the policy mentioned above.

When pointed out by audit, the management replied that this institute is strictly adhered to the policy. However, in some cases the CNE patients have been admitted in the evening against CNE patients discharged from hospital in the morning.

The reply was not tenable. Government share as per policy of GHQ issued in 1983 may be deposited into Government treasury.

The DAC in its meeting dated 28.11.2023 was apprised by the management that Government share has been deposited into Treasury as per Government orders. The DAC directed that the same may be got verified from audit within one week. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-113/2023-24

PAKISTAN NAVY

Pakistan Navy is the third component of Defence Services administered by the Naval Headquarters. It is primarily responsible for protection of maritime borders of Pakistan.

AUDIT PARAS

2.24 Procurement related irregularities – Rs.173.120 million

2.24.1 Award of contracts in violation of public procurement rules – Rs.173.120 million

According to Rule-12(2) of Public Procurement Rules, 2004, all procurement opportunities over one hundred thousand rupees and upto the limit of two million rupees shall be advertised on the authority's website. These procurement opportunities may also be advertised in print media. Further procedure governing the execution of operational and emergency works is laid down in Appendix "F" to Para-41 of DSR for MES 1998.

During audit of a Garrison Engineer, it was noticed that 123 contracts valuing Rs.173.120 million were concluded and finalized by the GE during July-2018 to June-2020. However, the requisite documentary evidence regarding advertisement of works in daily newspapers and other details on PPRA's website were not found on record in the office of the GE. Due to the omission, the entire expenditure incurred without observing Public Procurement Rules was treated as irregular.

When pointed out by audit, the management replied that the objected contracts were concluded after necessary advertisement in two different newspapers and PPRA formalities were observed. Requisite documents are hereby produced for verification.

The reply was not tenable as original record was not furnished to Audit for verification.

The DAC in its meeting dated 05.01.2024 was apprised that the procurement was advertised on PPRA website from time to time. The DAC directed that record relating to advertisement as per PPRA rules may be got verified from audit. In case of non-observance of PPRA Rules, a fact finding inquiry may be conducted. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

2.25 Recoverable / Overpayments -Rs. 26,674.260 million & US\$ 0.123 million

2.25.1 Non-deposit of government share of rental income – Rs. 2,301.772 million

According to Policy on use of A-1 Land circulated vide MoD`s letter dated 2nd April 2008, “for launch of essential commercial activities required to serve the residents of the respective garrison, survey will be conducted by a Board of Officers to determine the actual area under usage. The rent shall be charged @ 6% per annum of existing revenue rate of the said land. Government's share @ 25% of the rent so charged will be deposited into government treasury.”

During audit of several Navy Formations for the financial year 2021-22, it was observed that government share amounting to Rs 2,301.772 million on account of different commercial activities carried out on A-1 Land was not deposited into government treasury in violation of A-1 Land policy.

(Rs in million)

Sr. No.	DP No.	Amount
1.	DP-S-404	2,292.732
2.	DP-S-436	9.040
Total		2,301.772

Audit is of the opinion that non-deposit of government share into government treasury resulted in loss to exchequer.

The matter was pointed out by Audit in 2022. The management in DP-S-404, did not furnish any reply. In case of DP-S-436, the management replied that all activities run at site are already approved by NHQ vide letter dated 01 October, 2010, and government share was being deposited.

The replies furnished by the management were not tenable as the due amount was not deposited into the government treasury as per A-1 Land policy.

The DAC in its meeting dated 30.08.2023 directed the management in DP-S-404, that following record may be provided to audit for verification: regularization of the commercial activity with revision of contracts with regard to business activity; Board of Officers' proceedings, approved by NHQ; revised contract agreement of the commercial activity; In case of DP-S-436, DAC directed the management to reconcile the DC rates

with audit. Reconciled amount be deposited into government treasury and got verified from audit. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

Note: This issue was also reported earlier in the Audit Report for the year 2020-21 vide Para No. 2.10.2, DP S-254 having financial impact of Rs 2.366 million. Recurrence of the same irregularity is a matter of serious concern.

(DP-S-404 & 436/2022-23)

2.25.2 Non-recovery of Sales Tax on Services – Rs. 107.782 million

According to Sindh Sales Tax Act No XII of 2011, issued by Sindh Revenue Board (SRB), Government of Sindh, vide Notification No. SRB/TP/51/2016/212146 dated 08th March 2017, “Sales Tax would be charged @ 5% to 15% against different services”. Further according to Balochistan Sales Tax Ordinance, 2000 dated 29th June 2000, as amended vide Balochistan Sales Tax on Services Act, 2015, Schedule II, Part-B, services provided or rendered by persons engaged in contractual execution of work or furnishing supplies are liable to pay 15% Sales Tax on their rendered services.

During audit of several Navy Formations, it was observed that sales tax on services amounting to Rs. 107.782 million was not deducted from suppliers/contractors. Details are depicted as below:

(Rs in million)

Sr. No.	DP No.	Year	Amount	Rate	Sales Tax on services
1.	DP-S-346	2022-23	144.879	15%	18.897
2.	DP-S-406	2022-23	1,351.998	5%	67.600
			3.797	13%	0.493
3.	DP-S-438(A)	2022-23	32.300	13%	4.186
4.	DP-S-446(A)	2022-23	16.529	13%	2.149

5.	DP-S-19	2023-24	208.540	5%	10.427
6.	DP-S-302	2023-24	31.000	13%	4.030
Total			1,789.043		107.782

Non-withholding of sales tax on services caused financial loss to the public exchequer which indicated lack of internal controls and weak financial management within the organization.

The matter was pointed out by Audit in 2022. The management of DP-S-346, submitted irrelevant reply. For DP-S-406, the management replied that sales tax on services of building works was not applicable. For DP-S-438(A), the management did not furnish reply. For DP-S-446(A), the management replied that Sindh sales tax @ 13% was deposited by contractor. For DP-S-19, the management replied that they already had approached the contractor to provide exemption of Sindh sales tax on construction services otherwise, the amount in question would be deducted from upcoming dues. For DP-S-302, the management replied that 5% sales tax as per Sindh Revenue Board would be recovered.

Replies were not tenable as after the 18th Amendment, subject of sales tax on services was transferred to provinces. In this regard, the MoD has already issued directives for the recovery of sales tax on services from the contractors.

The DAC in its meetings held on 30.08.2023 and 28.12.2023 and February 2024, directed the management in DP S-346, S-406 & S-438, to pursue the recovery of sales tax on services from the concerned. In case DP S-446, DAC directed the management to provide relevant record of recovered amount to audit for verification. in case of non-recovery, pursue the recovery from the concerned contractors and got verified from audit. In case of DP S-19, DAC directed the management that the recovered amount may be got verified from audit and recovery of the balance amount be affected expeditiously. For DP S-302, DAC directed management to verify the recovered amount and reconcile that recovery of sales tax affected has been based on the rate of 5%, as per Sindh Revenue Board. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-346, 406, 438(A) & 446(A)/2022-23 and DP-S-19 & 302/2023-24

2.25.3 Non-billing of utility charges to residential buildings –Rs. 99.528 million

According to Para 442 of Defence Service Regulations 1998, Garrison Engineer is responsible for making demands for all revenue and its realization into Government treasury.

During audit of an Engineering Formation for the financial year 2021-22, it was observed from RORs that some residential buildings were not billed for utility charges for years without any justification which resulted into loss to state amounting to Rs. 99.528 million (estimated).

Audit is of the opinion that non billing of utility charges to residential buildings, Officers Mess and ward rooms indicated prevalence of weak internal controls and misuse of public resources within the Formation.

The matter was pointed out by Audit in December, 2022. The management replied that bills were forwarded to buildings mentioned in the observation, but recoveries had not yet been received.

The DAC in its meeting dated 30.08.2023 directed the management to provide relevant record of recovered amount to audit for verification and pursue the recovery of outstanding amount from the concerned residents. DAC further directed to provide details of buildings where recovery was not being made and RORs were not being issued. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-SSR-S-455 /2022-23

2.25.4 Non-recovery of allied charges – Rs. 90.006 million

According to Para 442 of DSR-1998, ‘the GE is responsible for making demands for payment of all revenue and for taking steps for its prompt realization.’ As per rule 81 of Quarters and Rents rules 1985 as amended vide letter No. F.5620/109/Qtg-4/F-2/D-3(AIII)/2002 dated October 14, 2009, scale for free consumption of sui gas to a cook house is prescribed by the government @400cft per person per month.

During audit of several Engineering Formations for the financial year 2021-22 and 2022-23, it was observed that allied charges (i.e. electricity, gas & water) amounting to Rs.

90.006 million were lying outstanding against various consumers / occupants. The details are as under:

(Rs in million)

Sr. No.	DP No.	Audit Year	Amount
1.	DP-S-SSR-32	2022-23	44.322
2.	DP-S-286	2023-24	12.148
3.	DP-S-105	2023-24	8.099
4.	DP-S-34	2023-24	6.104
5.	DP-S-225	2023-24	5.680
6.	DP-S-35	2023-24	3.091
7.	DP-S-99	2023-24	2.446
8.	DP-S-152	2023-24	2.204
9.	DP-S-299	2023-24	0.905
Total			90.006

Audit is of the view that non-recovery of allied charges indicated weak financial management within the organization.

The matter was pointed out by Audit in 2023. For DP-S-SSR-32 and DP-S-152, the management did not furnish any reply. For DP-S-286 and DP-S-99, the management replied that the notices were sent to non-paying consumers. For DP-S-105, the management replied that action would be taken as per audit recommendations. For DP-S-34 and DP-S-35, the management replied that UAGE was approached to provide the record regarding recovery. For DP-S-225 and DP-S-299, the management replied that the amount recovered would be intimated to audit for verification.

The reply furnished by the management was not tenable as the amount was not recovered. Moreover, no documentary evidence was presented to Audit for verification.

The DAC in its meetings held on January, 2023, December, 2023 and February, 2024, directed the management to verify the recovered amount from audit and pursue recovery of outstanding amount. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-SSR-32/2022-23 & DP-S-286, 105, 34, 225, 35, 99, 152 7 299/2023-24

2.25.5 Non-adjustment of advance salaries - US \$ 122,884

As per Ministry of Defence letter No. JST/3618/MC/F-8/109/D-16(C-ii) 77 dated 12th December 1978, the advance as drawn by the deputationist will be adjusted against their entitlement of Pay and Allowances in the foreign countries and will be reimbursed in foreign exchange to the Government of Pakistan by the Government of countries concerned.

During audit of a Navy Formation for the financial year 2021-22, it was observed that various officers/officials were deployed on deputation abroad. They were paid three months advance salary amounting to US\$ 122,884 but same was not adjusted from their pay.

Audit is of opinion that non-adjustment of advance pay indicated weak internal controls within the Formation.

The matter was pointed out by audit in January, 2023. The management did not furnish reply.

The DAC in its meeting dated 30.08.2023 directed the management that adjustment of advance salaries may be expedited and the documents be provided to audit for verification. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

(DP-S-433/2022-23)

2.25.6 Loss to state due to un-recorded consumption of water – Rs. 28.552 million

As per Para 442 of Defence Services Regulations to MES, 1998: “The GE is responsible for making demands for payment of all revenue, whether credited to Main Head VIII/X-H/Xi-C or D, or compiled as deduction from expenditure, and for taking steps for its prompt realization.’

During audit of an Engineering Formation of Navy, for the financial year 2021-22 it was observed that an amount of Rs. 36.674 million was paid for the procurement of water from KWSC and water through a bowser. In contrast, bills for the recovery of Rs. 8.122 million (approximately Rs. 676,884 x 12 months) against water charges were collected from officers, officials, and civilians, representing a recovery of only 22.146%. Audit noted that 77.85% of the annually procured water was treated as free authorization, totaling Rs. 28.552 million which was a loss to state.

Water bill amount as per MER	Recovery bills issued through RAR	Free consumption of water charges amount
Rs 36.674	Rs 8.122 (22.14% of total bill)	Rs 28.552 (77.86%)

Audit is of the view that recording of 77.86 % as free utilization of water consumption without justification was burden on the exchequer which reflected weak internal controls within the organization.

The matter was pointed out by the audit in November 2022. The management replied that Navy hospital was one of the largest Military Hospitals which operates 24/7 where a large amount of water was being consumed for the convenience of patients and other naval facilities due to which Free Consumption Board as per Defence Accommodation Scale was convened and approved by competent authority.

The reply was not tenable as recording of 77.86% as free authorization was not justified. Moreover, record of free authorization board of water was also not provided.

The DAC in its meeting dated 09.05.2023 directed the management to provide record of free authorization of water consumption to audit for verification. DAC further directed the management to pursue the case for recovery and get the same verified from audit. No progress was reported to audit till finalization of this report.

Audit recommends implementation of DAC directives.

DP S-282/2022-23

2.25.7 Irregular hiring of residential accommodations – Rs. 11.631 million & Non-recovery of hiring charges -Rs. 6.323 million

According to Financial Regulation (Navy) Rule 0104 (1)(a), “Every public officer should exercise the same vigilance in respect of expenditure incurred from Government revenues as a person of ordinary prudence would exercise in respect of the expenditure of his own money.”

During audit of a Navy Formation for the Financial Year 2021-22, it was observed that an amount of Rs. 11.631 million was disbursed for the hiring of accommodations for 24 officers/ officials. On verification, it was revealed that these hired accommodations, for which payments were made, were not being utilized by the officers. Consequently, the

accommodations were de-hired. However, the payments already made on account of hired accommodations were not recovered from the concerned.

Audit is of the view that Government sustained a loss due to non-recovery on account of non-utilization of the hired accommodations by the officers / officials.

The matter was pointed out by the audit in June 2023, the management replied that out of Rs. 11,631,965 an amount of Rs. 5,308,535 was recovered from the concerned individuals. Efforts were being made to recover the remaining amount of Rs. 6,323,430 at the earliest.

The DAC in its meeting dated 28.12.2023 directed the management that recovered amount may be got verified from audit within one month. No progress was reported to audit till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-23/2023-24

2.25.8 Non-recovery of training and allied charges from Foreign trainees – Rs.15.45 million

Under Joint Services Instruction No.4/2006, it is laid down that training and allied charges contained would be recovered from the Government of International Trainees as per agreement / instructions.

During audit of a Navy Formation for the year 2021-22, it was observed that an amount of Rs 15.450 million was outstanding on account of training & allied charges from foreign trainees but recovery of the same was not made.

Audit is of the view that non-recovery of allied charges from foreign trainees reflected weak internal controls and financial management on the part of the management.

The matter was pointed out by Audit in February, 2023. The management did not furnish reply.

The DAC in its meeting dated 30.08.2023 directed the management to pursue the recovery from the concerned and got verified from audit. No progress was reported till finalization of this report.

Audit recommends implementation of the DAC directives.

2.25.9 Non-recovery of General Sales Tax – Rs. 7.024 million

As per Finance Bill 2010 After amendments in the Sales Tax Act, 1990, “The applicable rate of sales tax on items in Third Schedule has been increased to 17% with effect from 1st July 2010”. if purchases are made from unregistered persons, the withholding agent shall deduct Sales Tax at the rate of 19% of the value of the taxable supplies made to him from the payment due to the supplier”.

During audit of a Navy Formation for the years 2021-22, it was observed that General Sales Tax on goods procured from market amounting to Rs. 7.024 million was not deducted from the contractors.

Audit is of the opinion that non-recovery of General Sales Tax resulted in loss to state and reflected weak internal controls within the Formations.

The matter was pointed out by Audit in 2023, the management replied that GST was deposited into treasury.

The reply was not tenable as no record of deposit of GST in treasury was produced to audit.

The DAC in its meeting dated 30.08.2023 directed the management to pursue the recovery from the concerned contractors and got verified from audit. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-405(A)/2022-23

2.25.10 Less-deduction of income tax from contractors - Rs. 6.192 million

As per Section-153 of Income Tax Ordinance 2001, “Every prescribed person making a payment for rendering or providing of services is liable to deduct Income Tax from the gross amount of the bills at prescribed rates”.

During audit of several Navy Formations for the period 2021-22, it was observed that income tax amounting to Rs. 6.192 million was less deducted from the payments made to various contractors in violation of rules.

(Rs in million)

Sr. No.	DP No.	Year	Total Amount	Less deduction of income tax
1.	DP-S-405(B)	2021-22	44.322	1.319
2.	DP-S-438 (B)	2021-22	32.200	3.220
3.	DP-S-446 (B)	2021-22	16.529	1.653
Total				6.192

Audit is of the view that less deduction of income tax indicated weak internal controls within the organization.

The matter was pointed out by Audit in 2023. For DP-S-405(B), the management replied that Income Tax was deposited into Treasury. For DP-S-438(B), the management did not furnish any reply. For DP-S-446(B), the management replied that income tax @ 10% was deposited by contractor.

The reply furnished by the management was not tenable as no documentary evidence was presented to Audit for verification.

The DAC in its meeting dated 30.08.2023 directed the management for DP-S-405(B) & DP-S-438(B) to pursue the recovery of income tax from the concerned. In case of DP-S-446(B), DAC directed that relevant record of recovery of income tax be provided to audit for verification. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-405(B), 438(B) & 446(B)

2.26 Un-Authorized / Irregular Payments -Rs. 1,693.939 million

2.26.1 Irregular determination of free authorization of electricity - Rs 621.753 million

A. According to Rule-85 of Q&R Rules 1985, "Except when occupied by non-entitled consumers, Military buildings for which power points are authorized in Barrack Synopsis, shall be supplied free electric energy for authorized consuming apparatus (see also rule 772 of Regulations for the MES). According to Rule-83 of Q&R 1985, officers messes are authorized for free electric for lights only. According to Rule-84 of Q&R 1985 "Officers messes are not authorized for free electricity of fans."

During audit of an Engineering Formation of Navy for the financial year 2021-22, it was observed from electric bills that an amount of Rs. 408.873 million was paid to KE for consumption of electricity whereas bills for recovery of Rs. 54.545 million against

electric charges by allied consumers (officers, officials, private consumers, & commercial consumers) was demanded which was 13.35% in-terms of recovery. Audit is of the view that annually 86.65% of free electricity was utilized by this Formation which is Rs. 354.328 million in annual loss to state which may be reconciled with accommodation of scale & Quarter & rent. Furthermore, free electricity amounting to Rs. 408.873 million was provided to Navy installation and other entitle officers / officials on the recommendation of Board, Audit noted that un-necessary lights and others electric points were free authorization by board which resulted in extra burden on Defence fund which is irregular and violation of rules.

(Rs in million)

Amount of Payment to KE as per MER	Amount of Recovery through RAR	Amount of Free consumption of electric charges
408.873 (100%)	54.545 (13.35%)	354.328 (86.65%)

Audit is of the view that 86.65 % of free utilization of electric consumption, reflected weak internal controls within the organization.

The matter was pointed out by the audit in November, 2022, the management replied that the concerned hospital is a large Military Hospital which operates 24/7 where a large amount of electricity is consumed for which free consumption board was convened and approved by competent authority. Reply was not tenable as free consumption was made on higher side.

The DAC in its meeting dated 9th May, 2023, directed the management to provide record of free authorization of electricity consumption to audit for verification. DAC further directed to reconstitute the board, rationalize electricity consumption, and get the same verified from audit. No progress was reported to audit till finalization of this report.

Audit recommends implementation of DAC directives.

DP-SSR-S-281 /2022-23

B. According to Free Authorization Board of FY 2016-17, “Over & above consumption of electricity will be recovered from the unit concerned and which will be later, paid on TR in favor of concern GE. According to Rule-85 of Q&R 1985 “Except when occupied by non-entitled consumers, military buildings for which power points are authorized in Barrack Synopsis, shall be supplied free electric energy for authorized

consuming apparatus (see also rule 772 of Regulations for the MES). According to Para-772 of DSR 1998, “Energy for any unauthorized appliances will be charged for. Any allowance for hot weather establishment which would be admissible may be drawn where fans are installed at unit expense and the energy is paid for by the unit.”

During audit of an Engineering Formation for the year 2021-22, it was observed that an amount Rs 399.781 million was paid to the KE on account of electricity bills. Free authorization of electricity is authorized for Lights and Fans only whereas physical visit of units revealed that a number of Air Conditioners were un-authorizedly installed in each office of Formations and Headquarters. Due to the unmetered supply of electricity to consumers, audit worked out unaccounted for consumption of electricity of Rs. 267.425 million which is tantamount to loss to state. Details are summarized as follows:

(Amount in Rs.)

Billed Units	Paid Amount	ROR units	RORs Amount	Un accounted for electricity	
				Units	Amount
(a)	(b)	(c)	(d)	(a – c)	(b – d)
11,761,458	3,29,779,809	3,764,042	62,354,671	7,997,416	267,425,138

Audit is of the view that due to unmetered electricity supply the chance of unauthorized use of electricity may not be ruled out.

The matter was pointed out by Audit in August, 2022. The management replied that audit recommendation would be shared with HQ/ higher authorities for rectification of the highlighted observations in the up-coming board of officer for assessment of free consumption of electricity units.

The DAC in its meeting dated 09.05.2023 directed the management that relevant record including board of officers for free authorization of electricity, details of operational equipment be provided to audit for verification. No progress was reported to audit till finalization of this report.

Audit recommends implementation of DAC directives

DP-SSR-S-30 /2022-23

2.26.2 Infructuous expenditure due to non-completion of abandoned projects – Rs. 406.957 million

According to Para 210 (a) of DSR, 1998, “Infructuous expenditure arises when Government funds were expended for which Government receives no useful return or in which there was unnecessary or avoidable extra expenditure.”

According to Para- 55 (b) of Form-2249, "Whenever the Accepting Officer exercises his authority to cancel the contract under this condition, he may complete the works by any means at the contractor's risk and expense.”

During the audit of several Engineering Formations of Navy, for the Financial Year 2022-23, it was observed that four (04) contracts, valued at Rs. 406.957 million, were abandoned due to default by contractors. The contractors, in these instances, left the work incomplete, and payments totaling Rs. 255.03 million were disbursed against such works to them. Audit noted that these works were not completed at the contractor's risk and expense despite lapse of 3 to 4 years. Furthermore, there was a failure to blacklist the firms, and the forfeiture of their performance guarantees was not done. The details are as under:

(Rs in million)

Sr. No.	DP No.	Audit Year	Amount
1.	DP-S-128	2023-24	151.937
2.	DP-S-130	2023-24	255.002
Total			406.957

Audit is of the view that the recurring pattern of contract abandonment signifies an alarming potential for financial implications and exposes a lapse in upholding contractual obligations.

The matter was pointed out by the Audit in 2023. The management for DP-S-128 replied that the subject contract was determined vide letter dated 20-04-2023 and a Joint Measurement Board was ordered vide letter dated 16-05-2023. A draft of left over work was also forwarded to HQ on 03-11-2022, and management for DP-S-130 replied that Joint Measurement Board for works in question was under process the same would be produced on completion to audit for verification.

Reply was itself an admission of audit contention as the left over work was not completed nor any action was taken against the defaulting contractors.

The DAC in its meeting dated 28.12.2023 directed the management that documentary evidence regarding cancellation of the contract and award of new contract on Risk & Cost basis be provided to audit for verification.

Audit recommends implementation of DAC directives.

DP-S-128 & 130/2023-24

2.26.3 Irregular consumption of utilities without free authorization Board - Rs 239.000 million

According to SPAO-11/86 free authorization of electricity for each building is required to be fixed through a Board of Officer. Further, as per rule-83 to 85 Q&R 1985, Persons/Buildings are entitled to Free Supply of Electricity for Light and fan only. The list of free Formations entitled, is also provided in the rules.

During audit of an Engineering Formation of Navy for the financial year 2021-22, it was observed that payment on account of electricity and water bills were made to concerned authorities without Board of Officers for free authorization of consumption. Hence, payment of Rs 239 million without Board of Officers stood as irregular.

(Rs in million)

Sr. No.	Description	Amount of Bills
1.	Electricity Bill	186.506
2.	Water Bill	52.494
Total		239.000

Audit is of the opinion that payment of all utility bills without free authorization board indicated misuse of public resources within the Formation.

The matter was pointed out by audit in December, 2022. The management replied that six (06) number of Boards of free authorization of electricity were convened in FY-2021/2022. Reply was not tenable, as no documentary evidence was produced to audit for verification.

The DAC in its meeting dated 30.08.2023 directed the management to convene Board of Officers as per rules for calculation of free authorization and charged

consumption of electricity. The same be provided to audit for verification. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-SSR-S-347 /2022-23

2.26.4 Unjustified transfer of public fund into non-public account - Rs 203.445 million

Under Rule 626 (1) of Financial Regulations (Navy) 1993, “All transactions to which any officer of the Government, in his official capacity is a party may without any reservation be brought to account and all money received be paid in full, without undue delay, into the State Bank or Government Treasury to be credited to the appropriate head of account or taken on charge in the Public fund (Main Cash) account and deposited with the Supply Officer. The appropriation of departmental receipts to departmental expenditure, except when specially authorized, is strictly prohibited.”

During audit of a Navy Formation for the year 2018-19 to 2021-22, it was observed from the cash book that a sum of Rs. 203.445 million was transferred to non-public fund account opened for foreign cadets messing etc. Audit observed following irregularities:

- i. Transfer of funds from public fund to non-public fund without rule/authority was not justified.
- ii. Further, despite two written reminders, record of utilization of same fund was not provided to audit.

Audit is of the view that transfer of funds from government accounts without any authority is not justified. This indicates weak internal controls within organization.

The matter was pointed out by Audit in 2023. The management replied that the unit emphasized on streamlining the process of audit of all kinds. During audit, documents from CAO Department were asked. CAO office extended its full support by producing requisite documents. Audit team was conveyed that the documents were held at HQ. However, during audit same were not produced to audit team. Moreover, same would be produced as & when required by the audit team in future visit Audit.

The reply furnished by the management was itself admission that the said record was not provided to audit team.

The DAC in its meeting dated 30.08.2023 directed the management to provide; details of expenditure, Rules and Regulations on matter, rules and procedure for utilization

of Imprest Account be provided to audit for verification. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-407/2022-23

2.26.5 Irregular payment of electricity bills to K-Electric – Rs. 145.101 million

According to Rule 6(d) of FR-1986, “Government revenues shall not be utilized for the benefit of a particular person or a section of the community.”

During audit of an Engineering Formation of Navy for the year 2021-22, it was observed that an amount of Rs 145.101 million was paid to KE on account of electricity bills of Naval residence which was unjustified as MES was not responsible for supply of electricity to the residents outside of Cantonment area. Furthermore, no record was maintained to verify the status of recovery against consumers outside cantonment areas.

(Amount in Rs.)

Sr. No.	Meter No	Location	Annual Expenditure
1.	BH-000005	NORE-I	96,409,442
2.	BH-000641	NORE-II	34,645,039
3.	BH-004214	NORE-II	5,799,026
4.	BH-000137	NORE-II	8,247,497
		Total	145,101,004

Audit is of the view that payment of electricity bills of consumers outside cantonment area from Defence Budget was unjustified and its non-recovery in accordance with the ratio of payment to K-Electric was to loss to state.

The matter was pointed out by Audit in August, 2022. The management replied that the matter was already in process at appropriate level and will be sorted out shortly.

The DAC in its meeting dated 09.05.2023 directed the management to provide relevant record regarding recovery of electric bills to audit for verification. No progress was reported to audit till finalization of this report.

Audit recommends implementation of DAC directives/stop the payment of electricity bills of residents outside cantonment areas.

DP-S-31/ 2022-23

2.26.6 Irregular procurement of fresh water beyond permissible limit - Rs.45.00 million

According to Para-5 of Appendix “K” of DSR 1998, “Agreements or memoranda of terms for taking a supply of electric energy or water from an outside source for military buildings when the annual payment in the case of each station does not exceed Rs. 5 million”.

During audit of an Engineering Formation of Navy for the financial year 2021-22, it was observed that nine contracts valuing Rs 45 million for supply of fresh water through bowser were concluded by splitting the sanction to avoid sanction of government (i.e., Ministry of Defence) in violation of rules. Furthermore, only Rs 5 million per annum is authorized for fresh water for each station whereas the same was done by splitting up sanctions for expenditure of Rs.25.00 million and Rs. 20.00 million respectively.

Audit is of the view that expenditure beyond permissible limit reflected weak internal controls within the entity.

The matter was pointed out by Audit in 2023, the management replied that contracts were concluded due to shortage of water. Board of officers was approved by NHQ, and concurrence of contracts was also obtained from HQs. The reply was not tenable as only Rs. 5 million per annum is authorized for fresh water on each station.

The DAC in its meeting dated 30.08.2023 directed the management to initiate the case through NHQ for enhancement of ceiling for procurement of water in DSR 1998. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

(DP-S-443/2022-23)

2.26.7 Non-recovery of Liquidated Damages Charges – Rs. 32.673 Million

According to Clause 55 (3 & 4) of Form 2249, “The Accepting Officer may without prejudice to any other right or remedy which shall have deemed or shall accrue thereafter to Government, cancel the contract in any of the following cases, if the Contractor:- (3) Fails to comply with any of the terms and conditions of the contract or

after reasonable notice in writing, with order properly issued thereunder, or (4) Fails to complete the works and clear the site on or before the date of completion. Whenever the Accepting Officer exercises his authority to cancel the contract under this condition he may complete the works by any means at the contractor's risk and expense.”

During audit of several Engineering Formations of Navy for the Financial Year 2022-23, it was observed that the management failed to impose Liquidated Damages (LD) of Rs. 32.673 million against two contractors for not completing the project within the stipulated time. The detail is as under:

(Rs. in million)

Sr. No.	DP No	Date of commencement of work	Date of completion of work	Work progress on 30 th June, 2023	CA Amount	Amount paid to contractor	LD Charges
1.	S-284/22-23	19-04-2021	18-04-2023	14%	184.361	23.369	18.436
2.	S-285/22-23	01-07-2020	20-06-2022	20%	142.378	59.286	14.237
						Total	32.673

Audit is of the view that, due to abnormal delay in the completion, intended benefits of the project remain unachieved besides the government sustained loss due to non-recovery of LD Charges.

The matter was pointed out by Audit in November, 2023. The management of DP-S-284, replied that notice was issued to the contractor for completion of work. In case of DP-S-285 the management replied that due to some technical / design changes work was determined by E-in-C on 20-12-2022 and Draft CA for leftover work was forwarded to relevant authority.

The DAC in its meeting dated 12.02.2024 directed the management that case regarding risk and expense be pursued with E-N-C Further, DAC further directed that physical progress of the work along with the actual payment made in this regard be verified within 01 month. No further progress was reported till finalization of this report.

Audit recommends for implementation of DAC directives.

CHAPTER-3

Ministry of Defence Production

3.1 Introduction

The Ministry of Defence Production was established to meet the requirements of Armed forces through procurement (local and import) and indigenous production. Ministry of Defence Production comprises two components i.e. Procurement including Director General Defence Procurement, Directorate General Munitions Production, Director General Procurement (Army), Director Procurement (Air Force) and Director Procurement (Navy) and Production which includes Heavy Industries Taxila, and Pakistan Aeronautical Complex Board, Kamra.

As per Rules of Business, 1973 Ministry of Defence Production is responsible for laying down policies on all matters relating to defence production, procurement of arms, fire arms, weapons, ammunition, equipment, stores and explosives for the defence forces, declaration of industries necessary for the purpose of defence or for the prosecution of war, research and development of defence equipment and stores, co-ordination of defence science research with civil scientific research organizations, indigenous production and manufacture of defence equipment and stores. Furthermore, responsibilities also include negotiations of agreements or MOUs for foreign assistance or collaboration and loans for purchase of military stores and technical know-how or transfer of technology, export of defence products, marketing and promotion of activities relating to export of defence products, co-ordinate production activities of all defence production organizations or establishments.

AUDIT PARAS

3.2 Procurement related irregularities – Rs.2,083.620 and Euro 3.096 million

3.2.1 Award of contract in violation of PPRA rules – Rs.1,360.896 million

Under Rule-4 of Public Procurement rules 2004, Procuring agencies, while engaging in procurements, shall ensure that the procurements are conducted in a fair and transparent manner. Under terms and conditions of tenders, multiple rates against one item are liable to be rejected.

During audit of a Central Procurement Organization, it was observed that tenders were called for procurement of ration (Ghee & Dhall) while scrutiny of record revealed

that one firm being with higher bids was asked to provide revised quotes on opening date of tender by neglecting the other lowest quotes and the contract for all zones was awarded which is against PPRA rules and thus the whole expenditure of Rs.1,360.896 million stood irregular.

When pointed out by audit, the management replied that Oil Mill was the lowest quote in all 04 zones with quoted rate Rs. 199 kg. Due to over writing / cutting on revised offer and also stabilization of rates of Ghee in the market firm willingly reduced the rate @Rs. 184.00 / kg. Resultantly an amount of Rs. 17.250 million was saved and no loss to state occurred. In respect of contracts of Dhall Channa (all Zones) it was stated that before opening of commercial offer/ rate announcement, all firms are allowed to deposit the revise bid in the light of para 12b (1), Chapter-III of DPP&I-35 (Revised 2019).

The reply was not tenable as originally, Oil Mill was the highest quote but revised rate was obtained to award the contract which stood irregular. Furthermore, PPRA does not allow for obtaining revised offer / two offers from one firm.

The DAC in its meeting dated 12.09.2023 was apprised by the management that DPP&I-35 was followed. Based on the justification, DAC directed the management to get the record verified as per DPP&I from the audit within 07 days. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-519/2022-23

3.2.2 Procurement of stores on proprietary basis without approval – Rs.510.204 million & Euro 3.096 million

Under Rule-13 (b) of DPP&I revised 2019, circumstances may arise when procurement agency may encounter an occasion to adopt one of the procurement tendering modalities like limited tender or single tender on proprietary basis, in such cases prior approval of principal accounting officer i.e. Secretary Defence Production for exemption from applicability of PPRA Rules is a mandatory requirement.

During audit of a Central Procurement Organization for 2019-20, it was observed that different contracts were awarded for procurement of Defence stores valuing Rs.5.204 million & Euro 3.096 million to different contractors on proprietary basis without obtaining prior approval of Secretary Defence Production regarding exemption on applicability of PPRA for floating of tenders on proprietary basis in violation of rules.

When pointed out by audit, the management replied that subject contracts were concluded on Proprietary basis as per Rule-13 of DPP&I-35. According to para-2 clause “c” of this rule all the requisite approvals have been obtained.

The reply was not tenable as exemption of Secretary DP from PPRA was a mandatory requirement for procurement on proprietary basis.

The DAC in its meeting dated 12.09.2023, directed the management to submit revised reply and get the documents verified from the audit within 02 weeks. It was further directed that the management may follow the procurement procedure of DGP (Army). No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-376/2022-23

3.2.3 Award of contract in violation of public procurement rules – Rs.75.328 million

According to Rule-23 of PPRA-2004, procuring agencies shall formulate precise and unambiguous bidding documents that shall be made available to the bidders immediately after the publication of the invitation to bid. For competitive bidding, whether open or limited, the bidding documents shall include: Invitation to bid, instructions to bidders, form of bid, form of contract, general or special conditions of contract, specifications and drawings or performance criteria, qualification criteria, bid evaluation criteria, format of all securities required, details of standards that are to be used in assessing the quality of, works or services specified. According to Government of Pakistan, letter No. PACB/1701/1/ MC(PC)/PACB/1002/58/Org dated 24.08.2015 a contract above Rs.30.000 (M) was to be concluded with the sanction of the Chairman.

During audit of a Hospital, it was observed that the 02 contracts valuing Rs.75.328 million for daily LP of medicines was concluded with a subsidiary firm by disqualifying all the other suppliers on various grounds like non-availability of space near the hospital, non-provision of medicines at the earliest etc. Audit noticed that neither bidding documents were prepared with these conditions nor these restrictions were conveyed to the suppliers. It was also observed that contracts were concluded without Board approval.

When pointed out by audit, it was replied in respect of above that hospital had invited quotations through open tender. The hospital had carried out technical vetting. During the scrutiny some points were raised that the daily LP medicines were required round the clock on daily and urgent basis for critically ill admitted as well as outdoor

patients. All the three firms which were disqualified were situated outside the premises and were unable to provide the medicines round the clock. Furthermore, the contract for financial year 2018-19 and onward was being approved by the Board. Management further replied that contract was finalized on the basis of commercial quotation instead of Technical quotation.

The reply was not tenable as bidding documents were neither prepared nor made public.

The DAC in its meeting dated 08.11.2023 directed the management to carry out fact finding and submit the report to PAO within one month for sharing with audit. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-154/2023-24

3.2.4 Procurement of stores at higher rates - Rs.56.561 million

A. According to Para 6 (h) of Defence Purchase Procedure and Instruction (DPP&I)-35, "Supplier fails to deliver the store or any consignment within the period prescribed, then on the expiry of 21 days after such period, the purchaser shall be entitled at his option to take either of the following:

- a) Cancel the contract, and/or
- b) To purchase from elsewhere stores not delivered, at the risk and expense of the Suppliers and without notice to him."

During audit of Army Depot for the year 2021-22, it was observed from central contracts of 2019-20 & 2021-22 that quantity of 2031 items amounting to Rs.31.954 million were lying outstanding which were procured through local purchase at higher rates instead of risk and expense of the contractor in violation of above quoted rules.

Audit is of the view that non-procurement of outstanding items against cost of risk and expense reflected weak internal controls within the Formation.

The matter was pointed out by Audit in April, 2023. The management replied that risk and expense purchase is undertaken by the buyer i.e. concerned central procurement agency. In case of sellers failing to honor the contracted obligations within the stipulated period concerned central procurement agency may be approached for the recovery of

additional amount spent by the government, due to seller defaulting in supply. Reply was itself admission of audit contention that stores were not supplied within time.

The DAC in its meeting dated 30.08.2023, shifted the para to DGDP (MoDP) for reply. No response was reported to audit till finalization of this report.

Audit recommends recovery of cost of Risk and Expense from the concerns.

DP-S-411/ 2022-23

B. According to Rule-6 (a) of Financial Regulations (Vol-01), 1986, every officer should exercise the same vigilance in respect of expenditure incurred from Government revenue as a person of ordinary prudence would exercise in respect of the expenditure of his own money. Furthermore, under Rule-47 (e), most careful supervision over expenditure shall be exercised and on no account shall money be spent simply because it is available.

During audit of Army Depot for the year 2021-22, it was observed that central contracts were concluded at exorbitant rates by concerned central procurement agency whereas, local purchase of same items were made at lower rates which resulted in loss to state amounting to Rs. 21.171 million.

Audit is of the opinion that the procurement made at higher rates by concerned central procurement agency reflected weak internal controls within the Formation.

The matter was pointed out by audit in April, 2023 the management replied that difference of rates was because concerned central procurement agency purchased bulk quantity directly from importer contractors, therefore, rates of spares were less. Spares Depot purchased said items from different contractors as per lowest rates according to approved comparative statement financial year 2021-22. The Depot could not purchase these items from central contractors; therefore, it was not included in CST.

Reply was not tenable as central contract items of same specification procured through LP at lower rates and various items were procured at higher rates as compared to central contracts.

The DAC in its meeting dated 30.08.2023, shifted the para to MoDP for reply. No response was reported to audit till finalization of this report.

Audit seeks justification in the matter.

DP-S-412/ 2022-23

C. As per Rule 4 of PPRA rules 2004, “Procuring agencies, while engaging in procurements, shall ensure that the procurements are conducted in a fair and transparent manner, the object of procurement brings value for money to the agency and the procurement process is efficient and economical.”

During audit of Army Depot, for the year 2021-22, it was observed that a contract was concluded by concerned central procurement agency at higher rates for supply of stores. The same items were tendered by the Depot, which received lower rate than the central contract. This resulted in loss to state amounting to Rs.3.436 million.

Audit is of the opinion that store procurement at higher rate reflected weak internal controls within the Formation.

The matter was pointed out by Audit in March, 2023. The management replied that Depot purchased at cheaper rates than concerned central procurement agency. Therefore, responsibility of loss rested with concerned central procurement agency.

Reply furnished by the management was not tenable as observing the economy in procurement was responsibility of the unit, once lowest rates received, same procurement should have been observed at Depot level instead of placing order to concerned central procurement agency, which caused loss to state.

The DAC in its meeting dated 30.08.2023, shifted the para to MoDP for reply. No response was received to audit till finalization of this report.

Audit seeks justification in the matter.

DP-S-359/2022-23

3.2.5 Irregular procurement through negotiated tendering – Rs.48.142 million

Under rule-42(c)(v) of Public Procurement Rules 2004, a procuring agency may engage in negotiated tendering with one or more suppliers or contractors with or without prior publication of a procurement notification. This procedure shall only be used when, for reasons of extreme urgency brought about by events unforeseeable by the procuring agency, the time limits laid down for open and limited bidding methods cannot be met. The circumstances invoked to justify extreme urgency must not be attributable to the procuring agency. Further, under rule-2(g) “emergency” means natural calamities, disasters, accidents, war and operational emergency which may give rise to abnormal situation

requiring prompt and immediate action to limit or avoid damage to person, property or the environment.

During audit of a Factory, it was observed that contract dated 16.03.2021 was concluded for supply of an item at a total cost of Rs.48.142 million. Scrutiny of record revealed that the said contract was concluded on negotiated tendering basis instead of open tendering which stands irregular. Furthermore, the contracted store was required to be delivered within 3 months of contract but no item was delivered by the contractor up to August, 2021. However, no action was taken against the contractor.

When pointed out by audit, the management replied that the case for procurement of the item was initially processed on open tender in year 2019-20 and 4 firms were finally selected on the basis of quality standard. Later on in 2020-21 tender was processed on negotiated tendering duly approved by all members of the Board, as one time measure being a critical item. The contracting process takes approximately 6 months on open tender and delivery of stores another 4 months. Production was to be completed in current year failing which would delay this particular project. Initially the indent for the procurement was processed on open tender basis on 27.02.2019 and the contract was awarded to the lowest / best evaluated bidder for 2019-20. In 2020-21 particularly the tender was issued to 3 firms qualified in previous bidding process being a negotiated tendering case in accordance with PPRA Rules-42(d). As far as delivery of stores was concerned the supplier was being pursued firmly for timely delivery of stores and would be dealt as per terms and clauses of the contract.

The reply was not tenable as negotiated tendering was not covered under the rules.

The DAC in its meeting dated 13.09.2023, was apprised by the management that the LD has been imposed on the firm for late delivery of the store. The DAC also directed the management to get the relevant record verified from the audit within 07 days. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-362/2022-23

3.2.6 Irregular revalidation of contract – Rs.20.000 million

Under Rule-42(c)(iii) of PPRA Rule 2004, “a procuring agency shall only engage in direct contracting where a change of supplier would oblige the procuring agency to acquire material having different technical specifications or characteristics and would result in incompatibility or disproportionate technical difficulties in operation and maintenance provided that the contract or contracts do not exceed three years in duration.”

Furthermore, according to Rule-12(2) of Public Procurement Rules, “all procurement opportunities over two million rupees should be advertised on the Authority’s website as well as in other print media or newspapers having wide circulation. The advertisement in the newspapers shall principally appear in at least two national dailies, one in English and the other in Urdu”. Furthermore, Rule-50 of PPRA 2004 states that any unauthorized breach of these rules shall amount to mis-procurement.

During audit of the Procurement Directorate of Defence Production Organization, it was observed that a contract for hiring of transport services was concluded with a firm for an amount of Rs. 20.00 million for one year. The contract was revalidated number of times without advertising in Newspapers and on PPRA website in violation of above rules.

When pointed out by audit, the management replied that Contract was concluded with a Goods Transport Company for a period of one year and as per DP-35 Chapter No. XVI para 7(a), 7 extensions were given to the firm with approval of the Board. In parallel the indent for conclusion of fresh contract was initiated on 18.07.2018 and the same was approved by the Board on 18.11.2018. After a lot of effort and meeting with the firms, finally a fresh RRC Contract was concluded on 14.01.2021.

The reply was not tenable. PPRA rule has overriding effect on all other rules.

The DAC in its meeting dated 13.09.2023, directed the management to carry out fact finding inquiry in which financial effect may also be explained alongwith market rates comparison. The report be submitted for perusal of PAO within one month and shared with audit. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-396/2022-23

3.2.7 Irregular procurement of medicines – Rs.12.489 million

According to Rule-38 of PPRA 2004, the bidder with the lowest evaluated bid, if not in conflict with any other law, rules, regulations or policy of the Federal Government, shall be awarded the procurement contract, within the original or extended period of bid validity.

During audit of a Factory, it was observed that contract of Local Purchase of Medicine was awarded to a firm at 15% discount on retail price. However, during scrutiny of contract file, it was revealed that the contract was awarded to the 2nd lowest bidder in contravention of above mentioned rules which resulted in irregular procurement of medicine Rs. 12.489 million.

When pointed out by audit, the management replied that according to Air Headquarters letter dated 19.04.2011, discount rate should not be the only criteria for awarding contracts. Good business practice, good reputation sound financial standing, past experience with the supplier and suppliers fulfilling requirement of the hospital should also be given due weightage.

The reply was not tenable because Air Headquarters could not over rule the government orders.

The DAC in its meeting dated 13.09.2023, directed to carry out fact finding inquiry. The report be submitted for the perusal of PAO within one month and shared with audit. DAC further directed that procedure of DGP (Army) may be followed in the future. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-380/2022-23

3.3 Un-authorized / irregular payments – Rs.61,893.206, USD 4.383 and Euro 10.612 million

3.3.1 Lack of proper cost accounting system – Rs.4,829.072 million and expenditure – Rs.55,334.149 million

Sub-Section-1 of Section-9 of a Defence Production Facility's Board Act, 1999 stipulates, namely, "The Board shall maintain in accounts including those of the factories

in such manner and form as may be prescribed by the Federal Government in consultation with the Auditor-General of Pakistan”.

During Audit of a Defence Production Organization, it was observed that the costing and accounting procedure for development activities has not been approved by office of the Auditor-General of Pakistan (OAGP). Therefore, receipt amounting Rs.4,829.072 million and expenditure Rs.55,334.149 million for the period 2012-13 to 2017-18 could not be certified as per laid down accounting procedure.

When pointed out by audit, the management replied that subject issue was discussed in the meeting dated 17.10.2012 in Finance Division, Islamabad. During the said meeting, it was unanimously agreed that the existing Accounting Procedure of Revolving Funds may continue. It was also added that the above stance of Board was supported by MoDP that Government letter authorizing establishment of Revolving Funds (both in LC & FE) was issued after approval of Ministry of Finance.

The reply was not tenable as it was restricted to Revolving Fund only, whereas audit had asked for approval of the costing system. The procedure would act as an instrument to enable the management to make informed decisions about production.

The DAC in its meeting dated 03.01.2024 was apprised that draft Financial Accounting & Costing System has been framed, and has been forwarded for final approval. The DAC directed the management to pursue the approval from competent authority and get it verified from audit. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-214/2023-24

3.3.2 Non-replacement of rejected store Euro 6.649 million

Para-8 of DPP&I-2017 stipulates that in the event of any item/equipment failing to conform to the specification given in the contract or not being in accordance with the description or the particulars or designs, or being of unsuitable quality of materials, the Inspector shall have the right to reject the same.

According to clause-23 of FOB contract agreements, the consignee will render a discrepancy report within 90 days after receipt of the material in Pakistan for any discrepancy found in consignment and shortage in quantities for which the seller is responsible to replace short quantity free of cost. If the seller is unable to provide the

replacement for the rejected store/short quantities within 90 days, the seller will make a complete refund of any payment received against the rejected store/short quantities to the purchaser. In case the stores on checking/test after receipt at consignee's warehouse are found not conforming strictly to the contract specification and other particular, the seller shall immediately replace the rejected store by acceptable store free of cost and without any obligation to the purchaser.

During Audit of the accounts of a Factory for the years 2016-17 to 2020-21, it was observed that store valuing Euro 6.649 million, against FOB contracts placed during last ten years, was rejected by the purchaser i.e. dealing Factory while the same could not be replaced till date despite elapsing one to six years after raising Discrepancy Report (DR). However, no action was taken and the contracts were still outstanding due to non-replacement of rejected store.

Audit pointed out the following issues:

- i. Non-replacement of the rejected store in time by the suppliers against their contractual obligations.
- ii. As per terms of payment (80-20%) of FOB contracts, 80% payment against the rejected store has been made to the suppliers.
- iii. Foreign Exchange has also been blocked for a long time.
- iv. In case of non-replacement of the rejected store, the amount is recoverable from the suppliers.

When pointed out by audit, the management replied that due to obsolescence and old vintage of the said aircraft system, spares were not readily available in the international market and the supplier had to go through an extensive cycle for the search of items and in case, same was not available in the open market or rejected, firm had to get the items manufactured in the light of DR which involve longer manufacturing. Due to this reason suppliers were continuously kept engaged in the contracts till the delivery of complete stores. However, LD charges and other punitive actions were also taken against deserving firms. Concerned firms were being approached to provide items against outstanding contracts.

The reply was not tenable as no tangible measures were in place to enforce the terms of the contract.

The DAC in its meeting dated 04.01.2024 was apprised that out of total 283 DRs, 98 DRs have been cleared. Store against 168 DRs is no more required by the user. Store

against 17 DRs is required by the user. The DAC directed that 98 DRs cleared be verified from audit and 17 DRs may be pursued. The DAC further directed that amendment in contract against 168 DRs no more required may be made and advance payment made against 168 DRs may be recovered. LD charges for late delivery against 17 DRs be recovered and verified from audit. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-213/2023-24

3.3.3 Un-authorized release of full payment to contractor before delivery of store – Rs.1,217.250 million

According to Para 22 of Annex E to Rule 42 Financial Regulations (Vol-I) 1986, no advance payment (except in case of Government to Government contracts) and letter of credit will be authorized without concurrence of the Finance Division, even though the contract may have been approved without reference to the Finance Division.

During Audit of a Central Procurement Organization, it was observed that a contract dated 17.05.2019 valuing Rs.1,217.249 million was concluded with a Company on 17.05.2019 for procurement of Trucks. During scrutiny of record, it was noticed that full payment was released on 21.06.2019 on the basis of CRVs showing that complete store was delivered by the contractor and taken on charge despite the facts that actually store was not delivered as evident from firm letter dated 21.06.2019.

When pointed out by audit, the management replied that firm had delivered stores within DP vide firm's delivery challans and consignee CRVs.

The reply was not tenable as advance payment was made as evident from firm's letter which needed regularization.

The DAC in its meeting dated 12.09.2023, was apprised by the management that the firm had delivered the stores within delivery period. Later on, CMA released the payment after scrutiny of all relevant documents. DAC pended the para and directed the management to get the documents verified by the audit as per revised reply within 07 days. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

Note:

The issue was reported earlier also in the Audit Report for Audit Year 2019-20 vide Para No.3.7.1 having financial impact of Rs.5,901.602 million. It was reported again in Audit Year 2020-21 vide Paras No.3.7.1 & 3.7.2 having financial impact of Rs.886.311 million. Furthermore, in Audit Year 2021-22 it was noted vide Para No.3.1.8.10 having financial impact of Rs.345.442 million. Again in Audit Year 2022-23 it was objected vide Paras No.3.3.6 & 3.3.13 having financial impact of Rs.89.730 million. Recurrence of the same irregularity is a matter of serious concern.

DP-N-379/2022-23

3.3.4 Irregular placement of FOB contracts without obtaining proforma invoice of OEM / principal – USD \$ 4.262 million

Para-13(b)(6) of Chapter-IV (Acceptance of Tenders) of DGDP Purchase Procedure & Instructions-2002 stipulates that offers are liable to be rejected if Principal's invoice, in duplicate clearly indicating whether prices quoted are inclusive or exclusive of the agent commission, is not enclosed.

In addition to above, Para-5(f & g) of Chapter-IX (Terms of Contracts) of DGDP Purchase Procedure & Instructions-2002 prescribes namely:

- a. Maker's Name and Brand as in Proforma Invoice or Offer is shown in the contract.
- b. Based on Principal's Offer / Proforma Invoice, country of origin is shown in the contracts.

Moreover, in terms of answer (xxx) of PPRA to FAQ-15 published in PPRA Procurement Code-2012, it is mandatory upon procuring agency to keep on record import invoices, letter of credit and shipping documents in respect of each contract and produce to Audit on requirement.

During audit of the accounts of a Factory, it was observed that majority of the Free on Board (FOB) contracts were placed on Foreign Supplier / OEM through Local Agent in Pakistan.

Scrutiny of Contract documents / files that the purchaser relied upon quote of local agent and no proforma / import invoice was held on record. Audit requested management to produce proforma / import invoices in respect of the contracts but no such proforma / import invoice was obtained.

Due to non-availability of proforma invoices, Audit could not certify the award of the contracts valuing US \$ 4,261,643.98 to this report on the lowest competitive prices.

When pointed out by audit, the management replied that as per Para-10 to 18 of Board SOP, the objection did not come under the domain of the Factory. Furthermore, Audit Team carried out regular audit of Directorate of Central Procurement (DCP) office. All the objectionable documents could be verified from the said office.

The reply was neither relevant to the Audit observation nor acceptable due to the fact that all the contracts were paid out of budget allocated to the Factory. Hence, all the contracts documents should have been maintained by the Factory and produced for audit of the expenditure and not by the Directorate of Central Procurement (DCP) which was the approving authority.

The DAC in its meeting dated 04.01.2024 directed the management to regularize the case from competent authority. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-259/2023-24

3.3.5 Non-delivery of store within stipulated period - Euro 3.603 million and non- imposition of LD charges - Euro 0.360 million

Under Clause-3.4 of the FOB contract dated 21.06.2019 that the stores worth Euro 3,602,500 was to be shipped to a Depot within 08 months from the date of LC opening as per terms of delivery schedule.

During audit of a Central Procurement Organization, it was observed that as per contract L.C issued on 27.06.2018 with final delivery of contracted stores valuing Euro 3.603 million by 21.03.2019. But the firm failed to deliver the stores within L.C period. However, neither the delivery period was extended nor L.D charges @ 10% valuing Euro 360,250 (10% Euro 3,602,500) were imposed. The performance bank guarantee @ 5% Euro 180,125 (3,602,500 x 5%) was also not revalidated.

When pointed out by audit, the management replied that contract was concluded. However, payment against contract was stopped by NHQ due to non-adherence of contractual deliverables by contracting firm resulting in delays in acceptance. NHQ had accorded approval for extension in delivery period with imposition of LD vide letter dated

30.08.2019. Case is under process and evidence of same would be provided when finalized. Furthermore, bank guarantee amounting to Euro €180,125.00 = (US \$ 210,026.00) was valid upto 20.05.2020 which was forwarded to the concerned CMA on 26.10.2018.

The reply was not tenable because the store was not received even after expiry of LC.

The DAC in its meeting dated 12.09.2023 was apprised by the management that the firm has delivered the stores and critical spares in lieu of LD amount. DAC directed the management to get the relevant record verified from the audit within 07 days. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-547/2022-23

3.3.6 Non-surrender of saving against budgetary provisions – Rs.358.936 million

Rule-95 of General Financial Rules stipulates that all anticipated savings should be surrendered to Government immediately these are foreseen but not later than 15th May of each year in any case, unless they are required to meet excesses under some other unit or units which are definitely foreseen at the time.

Rule-31(a) of Financial Regulations Vol-I (1986) stipulates that if savings are anticipated, the primary controlling authority will report the fact to the next higher authority, giving reasons for surrender and stating the amount surrendered. The surrender of excess allotments at the earliest possible date is very important since it will enable the excess to be diverted to meet shortages in the grants under other heads.

During Audit of the accounts of a Factory, for the years 2016-17 to 2020-21, it was observed from the statement of Budget Versus Expenditure provided by the management that an amount of Rs.358.936 million emerged as saving under accounts head “Carry Over” at the close of financial years. The saving was not surrendered to government as per above mentioned rules.

When pointed out by audit, the management replied that Carry Over is an obligatory payment and is directly controlled by concerned Controller Military Accounts. Payment was released against previous years Carry Over liabilities on shipment of stores by the suppliers. As regard saving for the year 2016-17 it was stated that an amount of Rs.355.961 million was kept for expected delivery of store while MAG booked an amount of

Rs.210.706 Million and intimated in December, 2017 while at that time it was not possible to surrender saving of Rs.145.255 Million. As regard 2017-18 the management replied that due to minus charge by MAG saving resulted which could not be surrendered in time.

The reply was not tenable as the payment of carry over depends upon delivery period of contracted store.

The DAC in its meeting dated 04.01.2024 directed the management to carry out fact finding inquiry, submit the same to PAO for approval. The DAC further directed to regularize the amount. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-209/2023-24

3.3.7 Irregular acceptance of store without technical inspection – Rs.103.622 million

According to Rule-4 of PPRA Rules-2004, Procuring agencies, while engaging in procurements, shall ensure that the procurements are conducted in a fair and transparent manner, the object of procurement brings value for money to the agency and the procurement process is efficient and economical.

Furthermore, according to clause 11-m of contract dated 25.06.2021, selected samples were to be tested on tyre testing machines by the inspecting authority IV&EE. In case the store do not qualify the test the whole lot of store was to be rejected.

During audit of a Central Procurement Organization, it was observed that contract dated 25.06.2021 was concluded for procurement of a store at a cost of Rs.103.622 million. Scrutiny of record, however, revealed that IV&EE did not have requisite machines (As defined in clause 11 above) to test the requisite samples of tyres as evident from their letter dated 13.12.2021. Thus an undue favour was granted to the supplier and store was accepted without completion of inspection procedure.

When pointed out by audit, the management replied that due to non-availability of requisite test IV&EE approached the firm for provision of endurance test and high speed uniformity test reports. Firm provided the same and inspection agency accepted the tyres on the basis of above mentioned reports.

The reply was not tenable as store was delivered without inspection of samples by the technical authority. Deviation from laid down procedure, therefore, needs regularization.

The DAC in its meeting dated 04.01.2024 was apprised that testing facility of required store was not available. The DAC directed to regularize the case from competent authority. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-313/2023-24

3.3.8 Non-adoption of transfer pricing and costing procedure – Rs.50.178 million

Sub-Section-1 of Section-9 of a Defence Production Facility's Board Ordinance XXVIII of 2000 stipulates that;

“The Board shall maintain its accounts including those of the factories in such manner and form as may be prescribed by the Federal Government in consultation with the Auditor-General of Pakistan”.

Sub-Section-5 of Section-9 of the Board Ordinance XXVIII of 2000 further stipulates that;

“The Board shall establish a costing mechanism in all the factories so as to exercise effective cost control and organized production on modern commercial lines”.

During audit of a Factory, it was observed that neither transfer pricing nor costing procedure for development activities has been approved by office of the Auditor-General of Pakistan (OAGP). Therefore, expenditure of Rs. 50,177.954 million for the period 2016-17 to 2020-21 could not be certified as per laid down accounting procedure.

When pointed out by audit, the management replied that the organization was primarily being manned by PAF Officers and Airmen besides some civilians. The Officers and Airmen were governed by PAF Act and PAF system of accounting for their pay and allowances and TA/DA claims etc. The accounting staff in the factories was taken from PAF Accounts Branch, who were qualified officials to deal in accordance with provisions of Air Force Instructions (AFI) 42/57. The system of post-audit was also followed by all factories up to now in accordance with sanction issued vide Defence Production Division letters. It was also added that at the time of authorization of imprest to these factories the concurrence of the competent financial authorities was obtained. Cost accounting

procedure was elaborated in SOP titled “Man Hours / Cost accounting” and was being followed in true letter and spirit.

The reply was not tenable. Audit recommended approval of a proper accounting procedure in respect of the factory on the lines duly approved by Federal Government in consultation with AGP.

The DAC in its meeting dated 04.01.2024 directed the management to get the accounting procedures approved from relevant competent authority and get it verified from audit. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-303/2023-24

3.3.9 Un-authorized transfer of foreign currency through money exchanges instead of banks USD \$ 0.121 million

Section 3(1) of Pakistan Foreign Exchange Regulations Act 1947 provides that only the State Bank of Pakistan may authorize to deal in foreign exchange. Section 4 ibid restricts any person to deal in Foreign Exchange except with the permission of State Bank of Pakistan.

During audit of an Export Promotion Formation it was observed from record that an amount of USD \$ 121,002 was required to be paid to a contractor on account of space charges. It was mentioned that due to SBP restrictions on payment in USD payment may be made through private money changers instead of Banks. Consequently an amount of USD-121,002.5 (Equivalent to Arab Emirates Dirham (AED)-444,381.5) was transferred through money exchanges. Furthermore, evidence of receipt from the payee was also not available on record. Un-authorized transfer of amount and non-availability of record of receipt by the payee stood irregular which needed regularization from the government.

When pointed out by audit, the management replied that space charges were required to be paid before exhibition in order to get a better location. This facilitates Defence Production Entities participating in the exhibition, since payment was required to be made urgently and no banking channel was ready to process the payment. Thus money exchanges were utilized as a last resort to make the payment.

The reply was not tenable as there is no rule which allows to transfer foreign exchange through private money exchanges.

The DAC in its meeting dated 03.01.2024 directed the management to take regularization action and get it verified from audit. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-353/2023-24

3.4 Recoverable / Overpayments – Rs.57.027, USD 0.136 and Euro 12.504 million

3.4.1 Non-delivery of contracted stores Euro 12.259 million and non-imposition of LD Euro 0.245 million

Under Clause-3.4 of the contract dated 19.06.2018 regarding supply of stores valuing Euro 12.259 million were to be shipped to the consignee within 12 months from date of Letter of Credit opening.

During the audit of a Central Procurement Organization for the year 2018-19, it was observed that as per Letter of Credit (LC) date for shipment of stores was 6th July, 2019. But the firm failed to deliver the contracted stores worth Euro 12.259 million even within expiry of L.C period. Neither Extension of Time (EOT) was obtained nor L.D @ 2 % was imposed i.e. Euro 245,182 (12,259,132 x 2%). Furthermore, revalidated Performance Bank Guarantee (PBG) @ 5% i.e. Euro 612,957 as required under Clause-13 of contract was also not obtained after expiry of Letter of Credit.

When pointed out by audit, the management replied that payment against contract was stopped / held by Naval Headquarter (NHQ) due to non-adherence of contractual deliverables. Now NHQ has accorded approval for extension in delivery period with imposition of LD.

The reply was not tenable as the store was not received even after expiry of LC. Therefore Shipment / delivery of stores besides imposition of LD and revalidated of 5% PBG be finalized and intimated to Audit.

The DAC in its meeting dated 08.11.2024 was apprised that the contracted store have been delivered successfully. Joint inspection had also been carried and accepted by PN. The management further apprised that amount of LD Euro 245,182 will be deducted from remaining/balance amount of Euro 316,847 which has been held up at LC bank. The DAC directed the management to get the relevant record reconciled and verified from audit within 15 days. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-36/2023-24

3.4.2 Non-recovery of liquidated damages US \$ 0.136 million

According to Para-I to Chapter-X of Defence Purchase Procedure and Instructions (DPP & I) Revised 2017, “the time for and the date of delivery of the stores as stipulated in the contract shall be taken as the essence of the contract. All deliveries must be completed within the dates specified in the contract. Should the Supplier fail to deliver the stores or consignment thereof within stipulated period or any extension thereof, the purchase shall be entitled to cancel the contract and purchase from elsewhere if stores not delivered, at the risk and expense of the supplier and without notice to him, or impose/recover LD”.

During audit of a Factory, it was noticed from a contract dated 02.05.2018 that the store was supplied after expiry of the stipulated delivery period but LD charges amounting to US \$ 136,802 were not recovered from the firm concerned which needed recovery.

When pointed out by audit, the management replied that Liquidated damages of US\$ 136,802.00 for late delivery of stores against contract have already imposed on the firm.

The reply was not tenable as imposition of LD charges was not sufficient. Recovery process needed to be expedited.

The DAC in its meeting dated 13.09.2023 was apprised by the management that the LD amount has been received. DAC directed the management to get the relevant record verified from audit. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-352/2022-23

3.4.3 Non-deposit of GST into government treasury – Rs.32.713 million

Section 3 of Sales Tax Act, 1990 stipulates that subject to the provisions of this Act, there shall be charged, levied and paid a tax known as Sales Tax @ 17% of the value of taxable supplies made by a registered person in the course of furtherance of any taxable activity carried on by the person.

During audit of Revolving Fund of a Defence Production Organization, it was observed that a Contract dated 06.06.2018 was concluded with a firm for procurement of certain engines. Scrutiny of record revealed that an amount of Rs.32.713 million of GST was to be paid to concerned agencies by the Budget Directorate as per Government letter dated 19.04.2018. However, no evidence for deposit of GST was available on record.

When pointed out by audit, the management replied that the contract is a CIF Import Contract. Sales Tax is not applicable at the import stage, but on the finished product, which is being regularly deposited.

The reply was not acceptable as GST is not exempt on import of store. Payment of GST to the Government may be expedited under intimation to Audit.

The DAC in its meeting dated 03.01.2024 was apprised that as the imported material form part of end product and Sales Tax on supply of these Defence products is being regularly deposited into government treasury. The DAC directed the management to get the facts verified from audit. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-283/2023-24

3.4.4 Non-forfeiture of earnest money of the lowest bidder – Rs.21.079 million

Under Rule-25 of PPRA Rules 2004 as amended from time to time, the procuring agency may require the bidders to furnish a bid security not exceeding five percent of the bid price.

During audit of a Central Procurement Organization, it was observed that during commercial offer opening on 25.05.2019 a firm was found the lowest with total bid cost as Rs.421.580 million for supply of store @ Rs.98,000 per M/Ton which was approved by the financial bid evaluation committee. After opening of commercial bid the firm had shown its inability and requested for withdrawal. The competent authority approved the same dated 29.08.2019 subject to confiscation of earnest money. However, the confiscation of earnest money equal to 5% of the bid value Rs.21.079 million (5% of Rs.421,580,000) as ordered by the CFA was not made.

When pointed out by audit, the management replied that earnest money submitted by firm was forwarded to the concerned CMA for confiscation on 20.06.2019.

The reply was not tenable. Confirmation regarding deposit of amount into Government treasury from the concerned CMA be obtained and produced to Audit for verification.

The DAC in its meeting dated 12.09.2023 was apprised by the management that the contract was not concluded. However earnest money was confiscated and deposited into Government Treasury. The DAC directed the management to get the relevant record i.e., contract cancellation and confiscation of earnest money, verified from the audit within 07 days. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-521/2022-23

3.4.5 Non-recovery of risk and expense amount from contractor – Rs.3.235 million

According to para I of Chapter XI of Defence Purchase Procedure and Instructions (DPP & I) 2002, specified delivery period is the essence of the contract. All the deliveries must be completed by the specified date. Upon failure of supplier to deliver the store within the stipulated time frame the purchaser shall be entitled to cancel the contract and purchase elsewhere stores not delivered at the risk and expense of the supplier.

During audit of a Factory, it was observed that 7 contracts were concluded for supply of various items at total cost of Rs. 12.594 million. However, contractors failed to supply the store and contracts were cancelled at the risk and expense of the contractors. Subsequently, new contracts were concluded and an amount of Rs. 3.235 million was established against defaulting contractors, but no recovery was made.

When pointed out by audit, the management replied that the concerned CMA has been notified to recover R&E amount from contractors. As per DGDP Procedure, responsibility for recovery of risk and expense amount rest with the CMA.

The reply was not tenable as recovery of risk and expense amount was required to be expedited.

The DAC in its meeting dated 08.11.2023 was apprised that R&E amount has been recovered. As regards, deduction of R&E amount from contractor, BGs have been confiscated and firm is now ready for payment of remaining R&E amount. The DAC directed the management to get the recovered amount verified, expedite the recovery

process of balance amount and in case of any in-appropriate action of the firm, legal action be initiated as per rule. No further progress was reported till finalization of this report.

Audit recommends the implementation of DAC directive.

DP-N-41/2023-24

3.5 Loss to State – Rs.254.099 million

3.5.1 Loss due to retention of Advance money by contractor – Rs.149.881 million

Under Rule-6(a) Financial Regulation Volume-I (1986), an officer should exercise same vigilance in respect of Government money as he would exercise with his own money.

During audit of a Factory, it was observed that 20% advance payment amounting to Rs.149.881 million was paid to suppliers against advance bank guarantees. However, none of the contracts were materialized even after a lapse of 3 years.

When pointed out by audit, the management replied that contracts are in progress i.e. in test and trial phase of prototypes.

The reply was not tenable, as considerable time had elapsed without materialization of the contracts.

The DAC in its meeting dated 13.09.2023, directed that facts stated in the executive reply to DAC may be got verified from audit within in 7 days. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-541/2022-23

3.5.2 Loss to state due to non-deposit of annual rent – Rs.29.400 million

According to Para.02 (a) (1) of Accounting Procedure on use of A-I land issued by Government of Pakistan Ministry of Defence vide letter No.F.2/5/D-12/ML&C/99 dated 20.11.2009, a board of officers will be detailed by the respective Corps Headquarters or PN/ PAF Admin Authority for Garrison/ Cantonments/ Bases/ Units/ Establishments etc within their area of responsibility to determine the actual area of A-1 Land being or required to be used, excluding roads, free parking space(s) and area left for utility services etc. Calculation of rent shall be worked out @ 6% per annum of existing Revenue Rate

(Old DC Rate) notwithstanding the tenancy /rent agreements of the Military authorities with the user(s). Sub para (2) ibid further stipulates that,

(2) “The rent so calculated shall be deposited into Government Treasury by the concerned Army Formation, PN / PAF Admin Authorities and TRs Forwarded to the respective Controller of Accounts for disposal as per Para.09 below.”

During audit of commercial activities on A-1 land at a Factory, it was observed that the Commissary was constructed with covered area around 5 Kanal (100 Marla) approximate. The Commissary is situated outside the Boundary wall of the Factory having easy access for general public. After introduction of A-1 land policy in 2008, these projects were required to be dealt in conformity with the policy under which 6% annual rent was mandatory to be deposited into treasury, but keeping these projects outside the ambit of policy was gross violation of rules. It was also revealed from internal audit report for the period January, 2019 to November 2021, issued by Chief Financial Officer of the Organization dated 31.12.2021, that the Commissary gained net profit of Rs.44.729 Million in last 3 financial years (January, 2019 to November, 2021). Since no record regarding GLR extract, Survey No & notified DC Rates in respect of Commissary was shared, Audit calculated 6% annual rent on applicable DC rates. An amount of Rs. 29.400 million was required to be deposited into Government treasury forthwith besides following the accounting procedure mentioned in Para 9 of A-1 Land policy-2009, which was not done.

When pointed out by audit, the management replied that the activity was undertaken for welfare of troops under Category “B” activities. However, a Board would be assembled at Factory to ascertain the assessed rent.

Audit stressed upon assessment of rent and demarcation of covered area on the basis of DC rates and deposit of due amount into Treasury.

The DAC in its meeting dated 04.01.2024 directed the management to deposit the amount of rent of A-I land as per government policy / rule and verify from audit. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-253/2023-24

3.5.3 Loss to state due to non-execution of contract on stamp paper – Rs.22.022 million

In terms of Section-3 read with S.No 22-A (b) of Schedule to Stamp Duty Act, 1899 as further clarified by Law and Justice Division vide their OM No.152/2016-Law-1 dated 20.01.2017 and circulated vide Min of Defence UO.No.5-1/2019 (PAC-III) dated 31.07.2019, Stamp duty @ 25 paisa per Rs.100 or part thereof the amount of the contract is recoverable as Government revenue in respect of contracts on account of procurement of store and material. Furthermore, Government of Pakistan, Ministry of Defence vide U.O dated 31.07.2019 clarified the case, vide Para 1(2) of cited letter; the contractor remains liable to pay the duty.

During audit of a Central Procurement Organization for the year 2019-20, it was observed that FOR contracts valuing Rs.8,808.997 million were awarded during the financial year 2019-20 but neither the contracts were found executed on Stamp paper of the corresponding value nor the duty was deposited by the contractors to the relevant head of revenue receipt. Resultantly, Government was deprived from due revenue of Rs.22.022 million which required recovery.

When pointed out by audit, the management replied that the Directorate concludes contract in light of instructions given in DPP&I-35. There is no procedure of conclusion of contracts on judicial stamp paper in DPP&I-35.

The reply was not tenable as the observation was based on above government orders.

The DAC in its meeting dated 08.11.2023 directed the management to frame a mechanism on the issue and send it to the relevant Revenue Authority and get the record verified from the audit within 15 days. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-161/2023-24

3.5.4 Loss to state due to non-deposit of rent of A-I land used for agriculture purpose – Rs.20.875 million

According to use of A-I Land Policy issued by Government of Pakistan Ministry of Defence vide letter No.F.2/5/D-12/ML&C/99 dated 02.04.2008, Category–C activities include agro based activities, i.e. nurseries, land used for agricultural purposes and poultry

/fish/cattle farms etc, temporary Melas and Circus etc. Para.4 (b) (2) (3) stipulates that, in case of agricultural land, rent be fixed separately for 'irrigated' and 'barani' lands. The complete rent so fixed shall be deposited into Government treasury.

During audit of commercial activities on A-1 land at a Factory, it was noticed that a piece of land measuring 835 Kanals was leased out to 5 private tenants for agricultural purpose including a mini cattle farm. However, no board of officers was assembled for assessment of annual rent on the land being used for agricultural purpose. Audit requested the management for provision of record of rent received from tenants, original deeds concluded with the tenants alongwith board proceedings, GLR extracts, notified DC rates, Khasra / Mouza / Survey No, etc vide requisition dated 21.07.2022 but nothing was furnished to audit till closing of audit period. The Government sustained loss amounting to Rs.20.875 million approx. on account of non-deposit of rent of A-I land being used for agricultural purpose in Government treasury which needed recovery.

When pointed out by audit, the management replied that no proper execution of contracts took place since inception. There were various limitations to carry out agriculture activities in the given area. However, a Board of Officers would be assembled at the Factory to ascertain the assessed rent.

The reply was not tenable. Audit recommended that board proceeding may be initiated for assessment of rent in accordance policy.

The DAC in its meeting dated 04.01.2024 directed the management to deposit the amount of rent of A-I land as per government policy and get it verified from audit. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-233/2023-24

3.5.5 Irregular release of advance payment and transfer to private fund – Rs.18.241 million

According to Para 22 of Annex E to Rule 42 Financial Regulations (Vol-1) 1986, No advance payment (except in case of Government to Government contracts) and letter of credit will be authorized without concurrence of the Finance Division, even though the contract may have been approved without reference to the Finance Division. Moreover, according to Rule 6 (d) of above regulation, Government, revenue shall not be utilized for the benefit of a person or section of community.

During audit of a Depot, it was observed that CRVs were released in advance against a Contract for procurement of store amounting to Rs. 18.241 million to the contractor and payment was to be deposited back by the contractor in the Central Procurement Organization account as per MOU signed between the organization and the contractor. This was un-authorized and not covered in any rule. The payment was drawn from national exchequer and transfer into Private fund as store was not delivered till August, 2019.

When pointed out by audit, the management replied that CRV in advance was issued as per instructions of the concerned central procuring agency.

The reply was not tenable as payment made on the basis of advance CRVs and transfer of amount on basis of MOU may be inquired at an appropriate level.

The DAC in its meeting dated 26.09.2023, directed to shift the draft para to concerned central procurement agency. Furthermore, audit authorities also advised to sort out matter of advance CRV between MoD and MoDP. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-368/2022-23

3.5.6 Loss to state due to re-tendering – Rs.13.680 million

According to Rule-6 (a) of Financial Regulations (Vol-01), 1986, every officer should exercise the same vigilance in respect of expenditure incurred from Government revenue as a person of ordinary prudence would exercise in respect of the expenditure of his own money. Furthermore, under Rule-47 (e), most careful supervision over expenditure shall be exercised and on no account shall money be spent simply because it is available.

During audit of a Central Procurement Organization, it was observed that in response to tender for supply of Dall Moong, a firm quoted the lowest rate of Rs. 137 per KG. However, instead of conclusion of contract with the lowest firm, re-tendering was opted. As a result of re-tendering 2 other firms quoted rate of Rs. 143 per kg and contracts were awarded to them. The award of contracts was not justified as the same firm quoted the rate of Rs. 137 per Kg in the first tendering but contract was not awarded and on re-tendering the same firm was awarded contract at the higher rate of Rs. 143 per Kg. Thus un-justified re-tendering and non-conclusion of contract after 1st tendering caused a loss of Rs.13.680 million (Rs. 143-137= Rs. 6 x 2,280,000 KGs).

When pointed out by audit, the management replied that due to receipt of higher rate than Last Purchase Rate (LPR) i.e. 29.24% and achieved rate in North Zone-I i.e. 14.17%, competent authority decided that re-tendering be carried out only for Central Zone on the expectation to achieve lower rates than LPR i.e. equal/ near to North Zone-I rate i.e. Rs. 120.00 per kg. In this regard, re-tendering was preferred and 10 firms quoted their rates which were ranging between Rs.143.00 to Rs.155.00 per kg. Achieved rates were higher than LPR as during retender process a sudden spike occurred in market due to non-availability of Dall Moong in market and increase in rates in international market. Due to expected continuous increase of the rate in international market, competent authority decided to conclude contract @ Rs.143.00 per kg.

The reply was not tenable because keeping in view the rising trends in market rate of Rs.137 was required to be accepted but re-tendering was opted which caused loss of Rs.13.680 million.

The DAC in its meeting dated 12.09.2023 directed the management to carry out a fact finding inquiry. The report may be submitted for the perusal of PAO within one month and shared with audit. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-370/2022-23

CHAPTER-4

Impact Audit (DGADS North)

Impact Audit of Water Distribution Network for Rawalpindi and Chaklala Cantonment Boards based on Khanpur Dam Water Source Phase-II

4.1 Introduction

Impact Audit gauges outcomes attributable to an initiative, program or project. It focuses on ultimate outcomes or wider impact as envisaged through the project. This audit has been conducted as a new initiative as per the direction of the Auditor-General of Pakistan for ushering in a new era of audit which focuses on analyzing the real time benefit of a government initiative for the people.

4.2 Background

Citizens of Islamabad and Rawalpindi up to the 1980s were being provided with potable water from Rawal Dam, Simly Dam, tube wells & self-bored arrangement in houses. Due to increase in population, decrease in rainfall and depleting underground water level in the area, acute water shortage was faced during late 1980s and early 1990s. In order to solve the issue, Government decided to provide potable water to inhabitants of twin cities from Khan Pur Dam (22,300 MG storage capacity). Federal Government under the CDA, through Japan International Cooperation Agency (JICA) launched a mega project costing Rs. 6,828.000 million, which comprises water from Khan Pur Dam to Sangjani Raw Water Reservoir (61 MGD capacity with workable capacity of 51 MGD), construction of treatment plant at Sangjani and laying bulk supply pipelines upto Tomar Reservoir near Kashmir Highway / Golra More. The project was completed by late 1999. CDA, RDA & RCB had to lay down their own distribution network as per following portion decided by ECNEC.

CDA	17.0 MGD (33%)
RDA	14.4 MGD (28.2%)
RCB	19.6 MGD (38.2%)

In order to cope with the shortage of water in RCB & Chaklala area (including Defence Services Establishments), Federal Government decided to provide relevant portion of 19.6 MGD water to the inhabitants by sourcing the Project out of PSDP valuing

Rs. 1,570.500 million in three phases. Phase-I (2001) and Phase-II (2002-2007) have been executed by HQ Engineers of a Corps as deposit work while Phase-III is being executed by RCB which is still under progress.

4.3 Role of Project

The prime role of the project is to provide adequate access to clean drinking water to the residents of Rawalpindi and Chaklala Cantonments. After completion of the project, almost 400,000 people of Cantonments will get access to clean drinking water in line with the social sector development policies of the Federal Government, aimed at improving the access to clean drinking water.

At present, the residents of these areas are fed by the tube wells, which dry up during summers. Water supply from Khanpur Dam source will ensure continued water fed by gravity and thus saving huge amount spent on electric energy to run the tube wells.

4.4 Overview

Phase-I:

CDWP sanctioned Rs. 180.000 million for Phase-I, entailing the installation of a 4.75 km-long, 1200 mm pipeline to convey Khanpur water to Westridge Rawalpindi Cantonment reservoirs, including connections to reservoirs on Valley Road, Seham, and Rommi Road. Completed in July, 2001.

Table-1

1.	Approved Cost	Rs. 180.000 million
2.	Start date	February, 2001
3.	Completion date	July, 2001, completed within the time limit
4.	Components	<ul style="list-style-type: none"> ➤ Trunk Line 48" 4.75 KM ➤ Underground Water Tanks 20,000 cap with 03 Nos ➤ pumping facility
5.	Saving	Rs. 10.000 million

6.	Areas Served	North West of Cantonment: Westridge-I, II & III. Lanes 1 to 7 along Peshawar Road, Allahabad, Aliabad, Naseerabad and Qasimabad
7.	Status	Operational

Source: (PC-I of the Project)

Phase-II:

Approved by Executive Committee of the National Economic Council (ECNEC) at a cost of Rs.510.000 million, Phase-II focused on enhancing water infrastructure in Rawalpindi Cantonment. It involved the construction of additional storage at Misrial, creation of a water pipeline "loop" throughout the cantonment, rehabilitation of existing systems, and the connection of water from Rawal Lake to the loop.

Table-2

1.	Approved Cost	Rs. 510.000 million
2.	Start date	March, 2002
3.	Completion date (PC-I)	31.02.2004
4.	Completion date (Actual)	31.10.2007
5.	Savings	Rs. 13.585 million
6.	Components	<ul style="list-style-type: none"> • 8" to 48" Lines - 35 KM • Underground Water Tanks 1.5 MG cap-01 No • Overhead Reservoir 0.2 MG cap-02 Nos
7.	Areas Served	<p>South East & South West of Cantonment:</p> <p>RCB Area: Dhok Syedan, Kamalabad Road, Asteroid Misrial Road, Allama Iqbal Colony, Tench Bhatta,</p> <p>CCB Area: Mughalabad and Chamanabad Tahli Mohri, Dheri Hassanabad, Lalazar,</p>

		Tulsa Road, Sher Zaman Colony and Aslam Shaheed Road
8.	Status	Operational

Source: (PC-I of the Project)

Phase-III:

Phase-III addressed water scarcity in areas like Gowal Mandi, Marir Hassan, Dhoke Charagh Din, Jhanda Chichi, Chaklala Scheme-II, Ghazi Abad Colony, Chak Madad, and Nothia. These regions were heavily reliant on tube wells, prone to yield depletion during drought conditions, received provision for Khanpur water, ensuring a more reliable water supply.

Table-3

1.	Estimated Cost	Original
		Rs. 699.500 million
2.	Start date	October, 2010
3.	Completion date	October, 2012 (As per initial approved PC-I)
4.	Completion date	24.08.2019 (As per revised approved PC-I)
5.	Completion date	Physical project has been completed
6.	Components (as per revised PC-I)	<ul style="list-style-type: none"> • Overhead Water Tanks - 07 Nos • Combo Tank - 01 No • Underground Water Tanks - 03 Nos • Mild Steel pipe lines - 14.742 KM • Polythlene pipe lines - 7.80 KM • Water Meter - 4,802 Nos • Flow Meter - 01 No • Const of RCC Nullah - 01 No (300 Feet)
7.	Areas Served	Marrir Hassan, Jhanda Chichi, Dhoke Chiraghadin, Chaklala Scheme-III, Gawalmandi , Saddar area, Dhoke Kashmirian

8.	Progress	Physical Progress = 100%,	Financial Progress = 98%
----	-----------------	---------------------------	--------------------------

Source: (PC-I of the Project)

4.5 Project benefits and analysis:

The income from the project as compared to the cost of the project is negligible as RCB provides water to its residents on subsidized rates. As a result, a total of 400,000 people of Rawalpindi / Chaklala Cantonments will get clean drinking water, which will fulfill one of the most important basic needs and will contribute towards a healthy living.

As per approved PC-1, the executing agency has indicated projected population vs daily demand. Following table illustrates year-wise growth in population vs demand.

4.6 Projected Population and total average daily demand

Table-4

Population				Water Demand at 30 GPCD
Year	RCB (Growth rate 3.5%)	Army Personnel	Total	In Million Gallons Per Day
2016	1,166,152	200,000	1,366,152	40.98
2017	1,206,967	200,000	1,406,967	42.20
2018	1,249,211	200,000	1,449,211	43.47
2019	1,292,933	200,000	1,492,933	44.78
2020	1,338,186	200,000	1,538,186	46.14
2021	1,385,022	200,000	1,585,022	47.55
2022	1,433,498	200,000	1,633,498	49.00
2023	1,483,671	200,000	1,683,671	50.51
2024	1,535,599	200,000	1,735,599	52.06

4.8 SWOT analysis of the project

The Strength, Weakness, Opportunity and Threat analysis (SWOT) of the project has been carried out and it has been concluded as under:

Table-6

	STRENGTH:	WEAKNESS:
Internal	<ul style="list-style-type: none"> • Government's VISION 2025 brings focus on social development • The project is financed at a 90:10 ratio between the Federal Government and the Rawalpindi & Chaklala Cantonment Boards • Major improvement in infrastructure of the area • Provision of potable water to the population of the area 	<ul style="list-style-type: none"> • Ill-planned phases • Non-provision of secondary Treatment Plant • Massive population growth and unplanned urbanization • Inadequate and late release of funds • Operation & Maintenance issues

External	OPPORTUNITY	THREAT
	<ul style="list-style-type: none"> • Catalyst for the greater socio-economic uplift of the area • Accelerate the economic activities • Employment generation • Better standard of living & quality of life • Better quality of services • Economic growth in every sector • Promote development of allied facilities and services in the private sector 	<ul style="list-style-type: none"> • Late or low precipitation • Non-replacement of rusted and ruptured pipes • Non-provision of adequate recurring budget for operations & maintenance • Long term sustainability of the facility • Non-billing/non-deposit of utility bills by the consumers • Absence of proper allied infrastructural framework • Water theft

4.9 Scope and Methodology

a. Scope

The scope of the Impact Audit was to gauge the causal relationship between project activities and wider impact of the project on the residents of both Cantonments Boards. Model showing logical follow up of input, activities, output, outcomes and impact is mentioned below:

Table-7

Inputs	Activities	Output	Outcomes	Impact
<ul style="list-style-type: none"> • Project Funds • PC-I guidelines • Injection of resources Rs.880.500 million • Acquisition of land measuring 7.22 Kanal • Hiring of skilled and 	<ul style="list-style-type: none"> • Surveys • Data collection • Awareness & publicity • Coordination with other agencies • Procurement / tendering • Execution of works 	<ul style="list-style-type: none"> • A total of 7 overhead (OH) water tanks • A total of 3 underground (UG) water tanks • Combined UG / OH water tank of 0.5 MG -01 No • Mild Steel Pipeline network 14,742 meters 	<ul style="list-style-type: none"> • Provision of water reservoirs and distribution network for various water starved areas of RCB/CCB 	<ul style="list-style-type: none"> • Living standards improvement • Increased income and revenues • Filtration plants • Improved health and wellbeing

unskilled labor • Procurement of material		• Polyethylene pipelines network 7,800 meter • Water meters 4,803 • Flow meter – 01		
--	--	---	--	--

The scope of the audit focuses on the last column i.e. Impact. The analysis focuses on authorities, inhabitants (residents and commercial) and tourists. The audit focuses on condition with and condition without, for both Treatment Group and Control Group.

b. Methodology

Audit methodology includes data collection, determining audit objectives and criteria, analyzing available records, interviewing target group, stakeholders and residents.

Impact Indicators

Table-8

Economic Indicators		Social Indicators	
Direct Indicators	Proxy Indicators	Direct Indicators	Proxy Indicators
<ul style="list-style-type: none"> ➤ Supply of water ➤ Construction of overhead and underground water tanks 	<ul style="list-style-type: none"> ➤ Provision of basic facilities ➤ Water quantity supplied ➤ Increase In water connections ➤ Water tanks underground and overhead ➤ Potable water supply ➤ Gravity supply ➤ Regular supply of water ➤ Increase in timing of supply of water ➤ Sustainability 	<ul style="list-style-type: none"> ➤ Social impact due to water Supply ➤ Social Equity ➤ Environmental impact ➤ Water quality ➤ Improved public health ➤ Infrastructure reliability ➤ Community perception ➤ Resilience to climate change 	<ul style="list-style-type: none"> ➤ Improvement in health of public ➤ Property value increase ➤ Monthly expenditure decrease ➤ Business growth ➤ Increase in storage of water

a) Unit of Analysis:

Beneficiaries (residents, traders, doctors) were taken as unit of analysis as scheme was planned and implemented with respect to beneficiaries. In this regard, it was decided that beneficiaries will be interviewed at random basis and area will be physically inspected to observe the project improvements.

b) Estimation of Sample Size:

Four types of survey were conducted to assess the impact of water distribution project on residents of RCB & CCB. A total of 200 surveys were conducted.

c) Random Selection of Beneficiaries:

Though beneficiaries were taken as the unit of analysis for selection of sample, all the beneficiaries could not be covered. Therefore, in order to get data from beneficiaries, certain locations were visited for collection of data.

4.10 Data Analysis and Findings

4.10.1 General Impact:

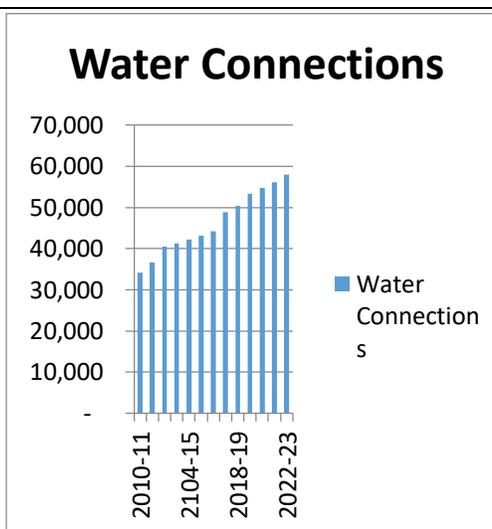

General impact includes visible changes / physical improvements, enhanced access to clean water, promoting public health and fostering economic development in communities.

(b) Water Connections:

After completion of water distribution network RCB & CCB based on Khanpur Dam source (Phase-I, II, III), the water connections to the residents of both Cantonments have increased.

Table-9

Sr No	Financial Year	Water Connections
1	2010-11	34,146
2	2011-12	36,604
3	2012-13	40,571
4	2013-14	41,328
5	2104-15	42,166
6	2015-16	43,135
7	2016-17	44,171
8	2017-18	48,792
9	2018-19	50,323

4.10.2 Project Impact:

Effectiveness

It was originally planned that daily water supply volume would be distributed at a ratio of one-third to Islamabad, two-third to Rawalpindi respectively. The current daily water supply volume falls below targets set at the planning phase, target was provision of 19.6 MGD but currently it is receiving just 11 MGD. This poor performance is linked to reduced water volume at the Khanpur dam due to drought, which has made the supply of purified water production difficult at the forecasted rate for the Khanpur filtration plant. Furthermore, extension of water pipes in the areas of Rawalpindi serviced by RCB and CCB was delayed. In addition, due to delayed rainfall, discussions are being held between RCB and WASA to determine how water will be distributed.

Daily water supplying hours vary by region. In Islamabad, water is available for approximately 1-2 hours. In RCB and WASA-controlled areas, water is available for a minimum of 32-45 minutes and four hours respectively. Current daily water volume stands at just 40% of values determined at the project planning stage, the reason for the problem being the drought-induced water shortage at Khanpur Dam, (a situation which is also prevalent at Simly Dam). Given that secure water source is so crucial to the success of the project, it is clear that certain factors were not given sufficient consideration at the planning phase, i.e. estimates of the amount of water that could be drawn from Khanpur Dam and geographical conditions for the construction of reservoir that would ensure reliable water sources, among others.

As for the quality of water supplied, according to the water quality department of the CDA, water is distributed to end users only after testing at each purification and distribution facility based on government standards. Furthermore, in response to poor water quality due to rain and waste water entering the pipes through the distal ends due to damage caused by deterioration, the CDA conducts daily random sampling of water quality at the distal ends and proceeds with repairs where necessary. The frequency of testing and repairs is, however, far from sufficient. According to the CDA, most people utilize mineral water

or boiled water for drinking, using the water supplied by the waterworks systems for washing, cooking, and the other such activities.

Impact on Society

To assess the impact of the project on society, a questionnaire survey was shared with local residents, being the major beneficiaries of the project. The survey was carried out in the residential areas of Rawalpindi under the jurisdiction of the RCB & CCB. Based on advice offered by the RCB, the area selected for the survey was one that had been supplied with water from wells and jointly owned water tanks prior to receiving water supply from the project. In the absence of resident registries and other materials critical to the sampling process, the survey was carried out with the goal of a sample of 200 residents. As for the actual process, a number of researchers paid random visits to homes in the designated areas and conducted interviews with the residents over a specified period (10 days), attaining a total of 190 completed questionnaires. The purpose was to investigate any changes in water supply before and after project-assisted water supply was instituted, as well as any changes in the daily lives of the residents. The average age of those surveyed was 38-60 years. Water was available for an average of 30-60 minutes per day at the time of the survey, indicating that the minimum timeframe set by the RCB was being met.

The survey found that the water was used for washing, bathing, and drinking/cooking in that order; most drinking water needs were met by purchased mineral water or from filtration plants. As for changes in water supply and pressure, 60% and 74% of respondents respectively noted that water volume and pressure was not according to plan. The questionnaire indicated that residents were paying a monthly average of Rs.200 to Rs.1000 more than they had paid previously. Most respondents (60%) reported, however, that overall they were happy with the water service provided.

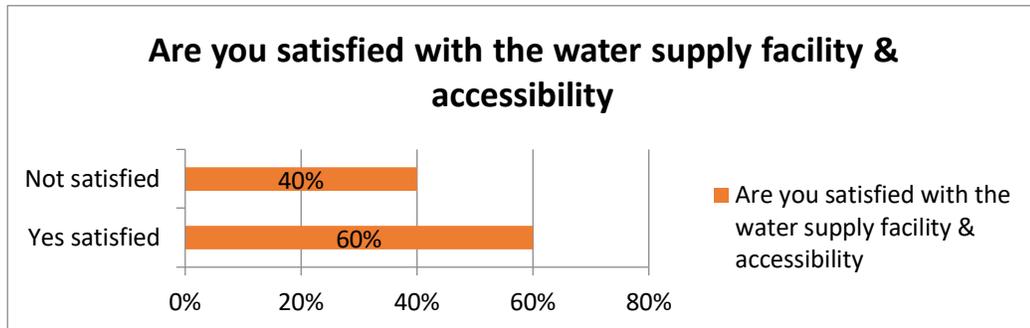

The questionnaire also inquired about changes in daily habits, i.e. the frequency with which respondents washed hands, washed dishes, bathed, washed clothes, and cleaned. Most residents answered that no changes had occurred. No changes were reported in the instance of outbreak of waterborne diseases such as gastrointestinal disorders and parasites. However, the short period of time, during which the water was actually available limited the ability of the residents to obtain safe water from the project. Similarly, a limited water supply makes it difficult to form an opinion on the quality of water.

Based on the results described above, including the fact that residents were happy with the results of the project. It was evaluated as having had a socially positive and beneficial impact. However, since the average time of water supply remains at 30-60

minutes, the same period as prior to project implementation, there have been many calls for water utility rates to be lowered. Also, without increasing the time of water supply, there can be no expectation for changes in daily habits or for decreased instance of waterborne disease. In light of these factors, important issues for future consideration include a more balanced utility fee system and making water available for longer periods of time.

4.10.3 Economic Impact

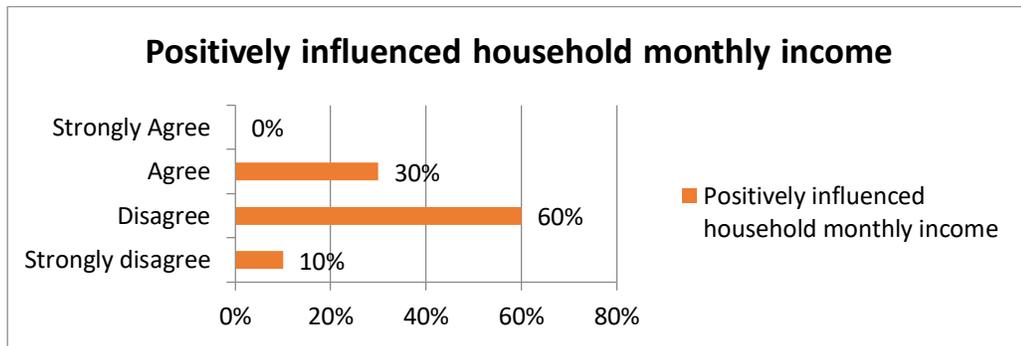

Water projects can have significant economic impact on society, both at the local and national level. The effects can be diverse and can influence various aspects of the economy. Here are some of the key economic impacts of water projects on society (sample questionnaire at Annexures-I).

➤ **Infrastructure Development:**

Water projects often involve the construction of infrastructure such as dams, pipelines, and water treatment facilities. This contributes to economic growth by creating jobs and stimulating demand for construction materials.

➤ **Income Generation and Growth:**

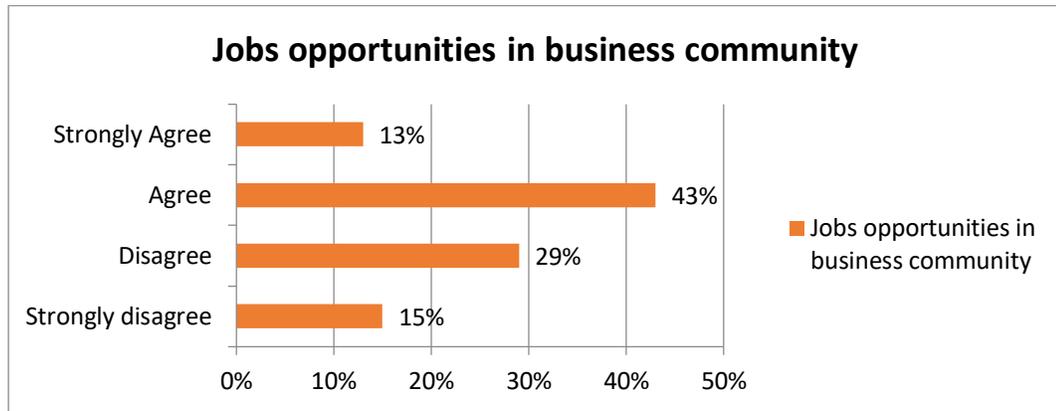

Improved water access can lead to income generation opportunities for communities. For example, access to water for irrigation can enable communities to engage in small-scale vegetable gardening and other income-generating activities.

Source: (Survey by Audit)

➤ **Employment Opportunities:**

The implementation and maintenance of water projects creates employment opportunities. This includes jobs related to project planning, construction, operation, and maintenance of water infrastructure.

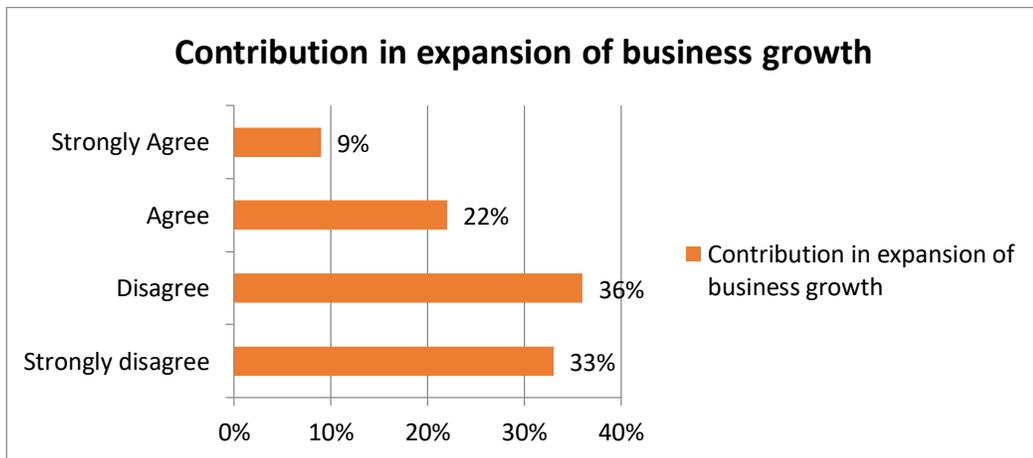

Source: (Survey by Audit)

➤ **Urban Development**

Reliable water supply is crucial for urban development. Water projects that provide sufficient water for households and businesses contribute to the growth of urban areas, attracting businesses and residents.

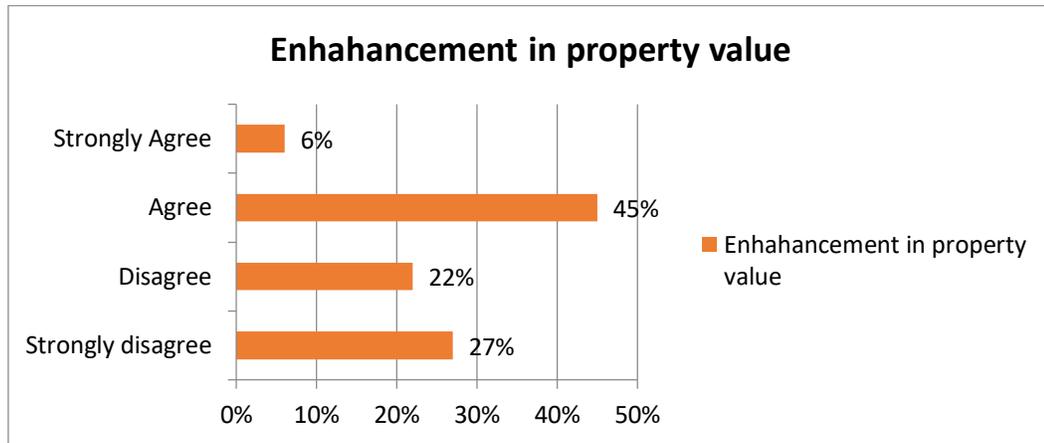

➤ **Business and industrial Growth**

Adequate water supply is essential for industrial processes and business growth in a society. Water projects that ensure a reliable water source for industries can foster industrial growth and attract investments. This, in turn, can lead to the creation of more jobs and increased economic activity.

➤ **Increase in property valuation**

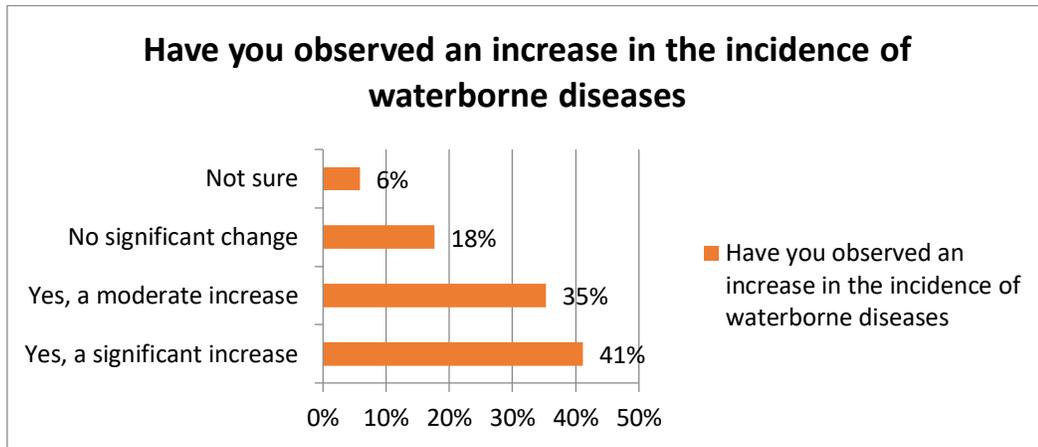

Source: (Survey by Audit)

4.10.4 Impact on the Health

In assessing the impact of a water distribution project on health, it is crucial to analyze both direct and indirect effects. The availability of clean and accessible water can lead to improved hygiene practices, reducing waterborne diseases and promoting overall health. Additionally, enhanced water supply may positively influence nutrition and sanitation, further contributing to community well-being. Monitoring indicators such as reduced instances of waterborne illnesses, improved child health, and enhanced community health awareness can provide valuable insights into the project's impact. It is essential to collaborate with health professionals, gather community feedback, and employ statistical data to comprehensively evaluate the positive health outcomes resulting from the water distribution initiative. For this study, total 25 surveys were conducted from doctors, health professionals and residents.

➤ Disease Incidence

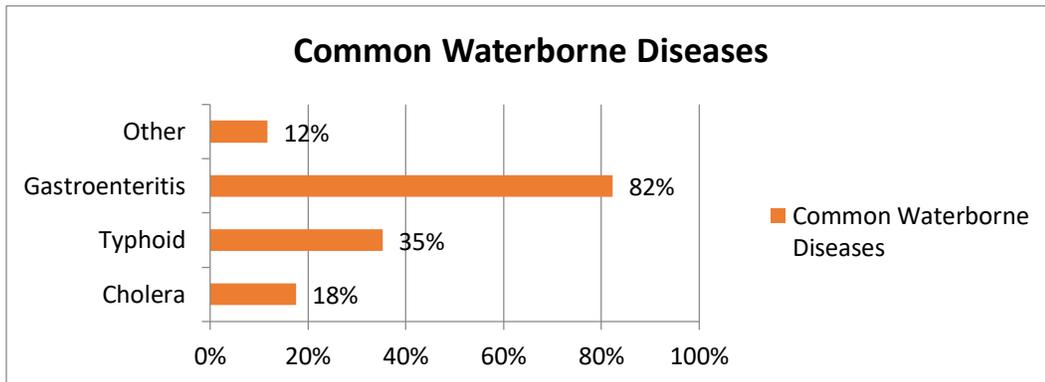

The survey focused on the observation of the health professionals and others regarding increase in the incidence of waterborne diseases, such as cholera, typhoid, or gastroenteritis, during their practice.

Source: (Survey by Audit)

➤ **Common Waterborne Diseases**

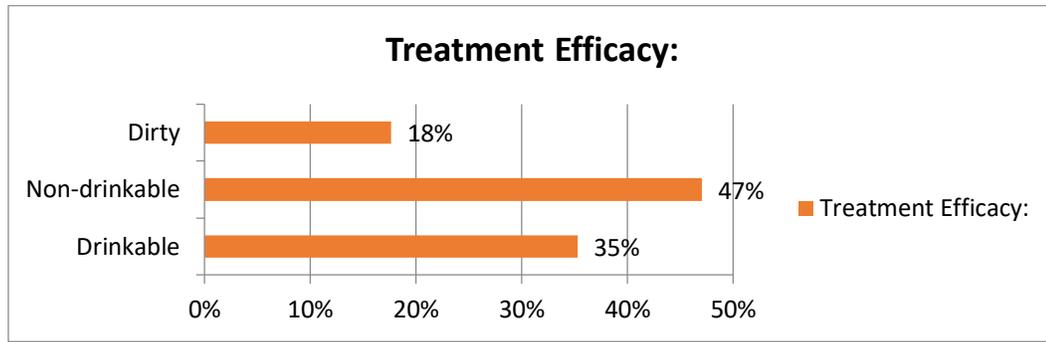

The survey focused on the observation of the health professionals and others regarding waterborne diseases most frequently diagnosed in patients from this community.

Source: (Survey by Audit)

➤ **Treatment Efficacy**

The survey focused on the observation of the health professionals and others regarding the quality of water in jurisdiction of Cantonment Board area.

Source: (Survey by Audit)

4.10.5 Impact on the Environment

According to the executing agency, no particular negative impact stemming from the project has been reported as of the present, though there were delays related to land acquisition and administrative procedures that required more time than anticipated in the original plan, which led to a longer implementation period.

4.10.6 Sustainability

- Non-achievement of targeted revenue provided in PC-I

Year	Total Income Forecasted as per PC-I	Actual Revenue as Per Cantt: Board Record	Achieved Goal %age
2007-08	224.49	41.19	18.32
2008-09	246.93	43.28	17.52
2009-10	271.63	53.53	19.71
2010-11	298.74	71.76	24.02
2011-12	328.49	72.83	22.17
2012-13	361	109.51	30.34
2013-14	397.1	112.12	28.25
2014-15	397.1	113.45	28.57
2015-16	397.1	167.38	42.15
2016-17	167.38	156.37	93.42
Total	3089.96	941.42	30.47

Source: (Annex-F to PC-I of Phase-II & III)

- Non-consideration of minimum water storage capacity of Khanpur Dam source resulting into less discharge of water in Left Canal Bank (LCB) affecting the per day requirement of CDA/RCB.

4.11 Issues and Observations

The major issues and observations pertaining to the execution of the project are summarized as under:

- i. Executing agency has not yet submitted PC-IV and PC-V of Phase-I & II.
- ii. The executing agency has furnished data of availability of water from WAPDA (as Khanpur dam operations and maintenance is under the administrative control of WAPDA). The data clearly depicts the depletion of water reservoir level against the reservoir's maximum level and also demonstrates the decreased runoff water.
- iii. The delays in the execution of the project has mainly resulted due to poor planning. This was further compounded by inadequate and late release of funds to the project.
- iv. The executing agency has focused on the storage of water by incorporating the component of overhead and underground water tanks instead of extension/renovation of distribution system.
- v. Project consultancy (design & supervision) was awarded to a single consultant. However, the contractual timelines have already expired and the consultant is still working.
- vi. It has also been observed that the quality of civil work is not monitored properly and no such record is being maintained.
- vii. The residents of the tail-end of the network are often forced to water bore due to unreliable water supply. However, no data of boring was maintained by the authorities.
- viii. Proper handing/taking of phase-I & II was not provided by the Cantonment. The record of the assets was not reconciled.
- ix. Infrastructure was developed but still unused especially in Chaklala Cantonment Board.
- x. Main lines were connected with the Khanpur supply lines but still further distribution facility in many areas has not been provided in CCB/RCB.
- xi. Water supply meters installed at houses in some areas costing approximately Rs.35.000 million are not yet functional.
- xii. Recovery is far less as compared to taxable houses and many illegal consumers are misusing water supply in both Cantonment Boards.
- xiii. Proper replacement system to change the filters at filtration plants is not in place. During the study, no record was produced in both areas.
- xiv. Utility bills of MES, SCO & CCB are pending, affecting the overall sustainability of the project.
- xv. A reconciliation exercise between CDA and RCB has never been carried out. Resultantly, liabilities to be paid by RCB to CDA are still pending.

4.12 Recommendations/Way Forward

Following are the recommendations / way forward for smooth completion of the project:

1. Sponsoring Ministry (Ministry of Defence) should submit PC-IV and PC-V of the Phase-I & II to ascertain the benefit to the residents.
2. Sponsoring Ministry should start work on the preparation of the PC-IV of Phase-III immediately and submit it to the Planning Division.
3. In order to avoid audit objections, the management should immediately grant an Extension of Time (EoT) in the contractual agreement for civil work as well as for consultancy work.
4. Since project's main objective is to provide clean drinking water to the inhabitants of RCB and CCB, therefore, management should make all its efforts for the speedy execution of the project.
5. The Executing agency should make a proper plan to charge the domestic and commercial water tariff, for better sustainability of the facilities.
6. The Executing agency should devise a water supply management system with online booking of water meters, complaint lodging system and increasing the tariff as per covered area for sustainable operation of the facilities.
7. Pending liabilities must be cleared as early as possible with CDA.
8. Utility bills pending with MES, SCO and CCB may be recovered at the earliest.

4.13 Conclusion

It is difficult to assess the impact of the project, as the water supply is much below the target due to various reasons given above. At present, its output is less than 40% of the projected capacity. The main reason is that system of distribution of water through pipelines is not yet fully laid. Due to the absence of a fully functional distribution system, the level of optimum use of the dam water is still not achieved. These problems were not perceived at the time of the design of the project, and emerged after the completion of the project.

Since this project supplies water for drinking and other purposes, its purification process should be fully functional. However, as reported in the evaluation report, the frequency of its testing and repair is far from sufficient. Thus, its ability to positively impact public health in its coverage area remains compromised. It seems unlikely that large number of people, who have very low buying capacity, can use bottled water from the market. They use water for drinking, either by boiling it, or otherwise.

The provision of potable water through this dam has provided an important facility to the population of RCB/CCB. However, the people's lives have not changed significantly after the project. This is probably due to lack of effective social campaign on how to use water economically. The effective distribution of water from Khanpur Dam has the potential to bring about positive transformation in public health, economy, and community well-being. Continued efforts to manage water resources sustainably and addressing emerging challenges will be essential in ensuring a sustainable and prosperous future for the society.

CHAPTER-5

Impact Audit (DGADS South)

Impact Audit of Development of Fair and Uniform House Tax Parameters and their Implementation on Self-Occupied Residential Properties in Four CBs

5.1 Introduction

Impact Audit focuses on outcomes attributable to an initiative, program or project. It highlights ultimate outcomes or wider impact as envisaged through the project. This audit has been conducted as a new initiative as per the direction of the Auditor-General of Pakistan for ushering in a new era of audit which analyzes the real time benefit of a government initiative for the people.

Property tax stands as a pivotal revenue stream for Cantonment Boards (CBs) in Pakistan and it constitutes their significant financial component. The collective contribution from cantonment residents amounts to Rs. 9.00 billion, representing over 35% of the total tax revenue collected by CBs across diverse categories. This fiscal reliance on house tax underscores its critical role in sustaining the operational vitality of CBs. The substantial revenue from cantonment residents bolsters Boards' ability to finance essential services, infrastructure development, and community-oriented projects.

As a linchpin in the economic architecture of CBs, house tax fosters financial resilience, enabling the Boards to meet evolving challenges and invest in the well-being and progress of cantonment communities. This taxation mechanism not only reflects the fiscal robustness of CBs but also underscores the cooperative fiscal relationship between the Boards and the residents.

5.2 Background

A study had been conducted by the Headquarter Military Lands and Cantonments Department in the year 2022-23 in the light of various audit paras raised by Directorates General of Audit Defence Services (North & South) regarding anomalies in the assessment of House Tax. The study found a huge variation and arbitrary discrimination in taxation on similar properties in the same vicinities in almost all CBs, which needed intervention and correction. The state of affairs was against justice, fair play, transparency, and uniformity to earn respect and goodwill of the cantonment residents.

The issue was also thoroughly discussed in the Directors' Conference of ML&C Department on 01.04.2022. Accordingly, ML&C department formulated the new policy i.e. 'Development of fair and uniform House Tax parameters and its implementation on all self-occupied residential properties in CBs'. The policy was introduced on 23.08.2022. The main objective behind the new policy was to apply uniform taxation on the residents of CBs. According to the new uniform taxation policy, ARV shall be fixed on the formula i.e. Annual Rental Value = Latest DC Rates + fixed cost of construction/20 along with a fixed percentage of rebate on ARV. Before the introduction and implementation of the new uniform taxation policy, ARV was fixed as per following method i.e. Cost of Land + Construction Cost (at that time) / 20 = ARV x a certain % of House Tax or Conservancy Tax as decided with the discretion of the Cantonment Boards. As a practice, the parameters for the calculation of ARV as well as House Tax were revised after every 2-3 years @ 10%, 15%, 20% or 30% as the case may be with the approval of the respective Boards. According to Para-8 of the Annexure of letter No.40/2/Budget/ML&C/79 dated 05.01.2001 issued by Ministry of Defence (ML&C Department) regarding guidelines for determination of fair annual value of buildings for levy of tax, the rates fixed for any category of a building would be reduced by 10% for each 10 years.

5.3 Role of Project

The intended role of the new policy was exhibition of justice, fair play, transparency and uniformity by the CBs in order to earn respect and goodwill of the cantonment residents. This was to be achieved through implementation of uniform taxation on the residential units in the jurisdiction of various Cantonment Boards. Prior to the introduction of the policy, the residents of the CBs paid uneven house tax on similar properties in the same areas.

5.4 Overview

As per the new policy, CB Clifton is supposed to charge house tax equal to 12.5% and offer rebate of 60%. CBs Hyderabad and Quetta, to charge house tax equal to 6% and offer rebate of 60% and CB Karachi to charge tax equal to 5% and allow rebate of 67% on respective ARVs.

According to Para (iii) of CBR No.3.2 dated 26.09.2022 of Cantonment Board Clifton, the basic concept for the revision of assessments/ARVs was to reassess the under-assessed taxable units and not to burden already fairly assessed units. However, uniform tax policy has been applied on all the self-occupied houses/flats, which is unjustified. Consequently, the total tax after uniform taxation on self-occupied residential units has

almost doubled as compared with the tax collection before the uniform taxation. This has resulted in increased tax burden on the public. Besides this, in the new taxation policy, no depreciation in cost of structure has been allowed on properties constructed in the last five years, which is unfair & unjustified as the houses constructed five years ago had lower cost of land and cost of construction as compared with the current market price. Though provision for the rebate has been given in the new policy, but this is not fairly justified and cannot offset the impact of increase in cost of construction during the last five and more years. The ratio of rebate and inflation is totally disproportionate. Furthermore, the cost of construction may also vary on quality of construction like best, standard and sub-standard/poor. Furthermore, other reduction/depreciation slab on cost of structure was allowed like 5%, 7.5%, 10% etc., which was unjustified.

5.5 Scope and Methodology

a. Scope

The scope of the Impact Audit was to assess the impact of the new taxation vis-à-vis development of fair and uniform house tax parameters and its implementation on all self-occupied residential properties in the jurisdiction of 04 Cantonment Boards i.e. Karachi, Clifton, Hyderabad & Quetta. In addition to this, another objective of the new taxation policy was that the civic bodies such as Cantonment Boards must exhibit justice, fairplay, transparency and uniformity to earn respect and goodwill of the cantonment residents. Therefore, the Impact Audit also assessed the attainment of the same.

b. Methodology

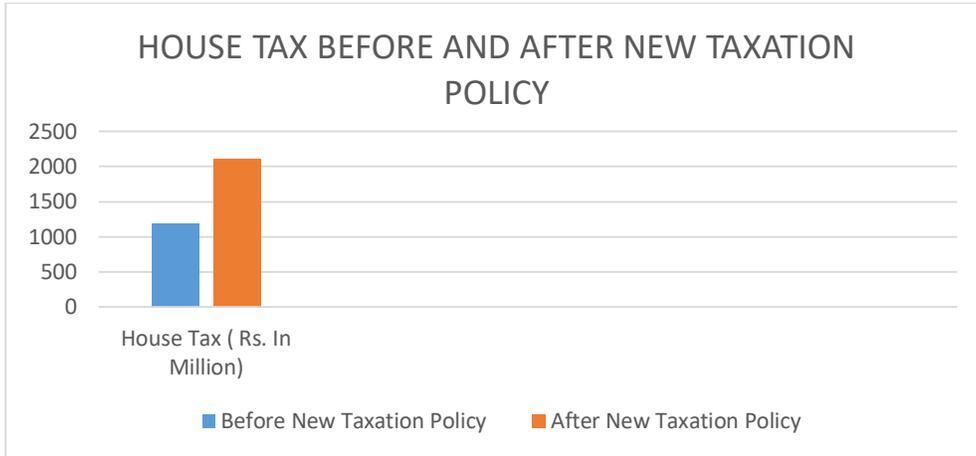

The audit compared and analyzed the data pertaining to property valuation, tax calculation and tax assessment before and after the implementation of the policy. In addition, observation and analysis of the public complaints and court cases besides, oral discussion with the management/general public visiting the respective Cantonment Boards were made to find out the impact of the intervention. In order to make a comparative analysis of the statistical data relating to cost of land and cost of construction, research was made through internet and some data was obtained from official website of Pakistan Bureau of Statistics (<https://www.pbs.gov.pk/>).

5.6 Findings:

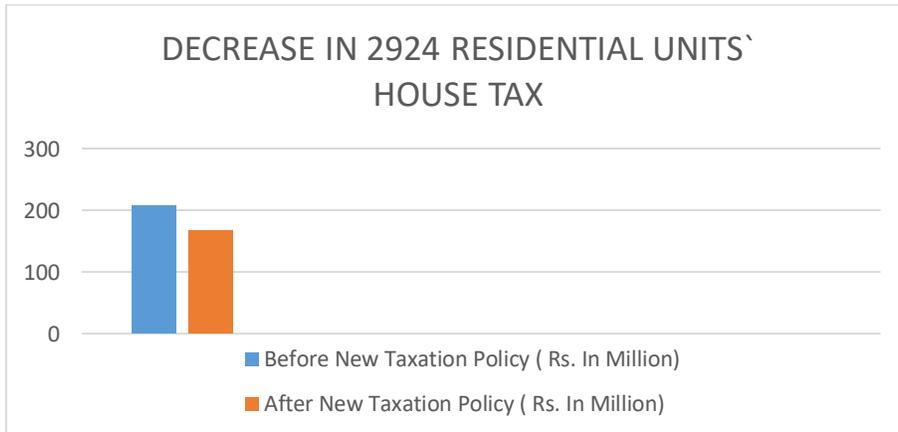

5.6.1 Cantonment Board Clifton:

In Cantonment Board Clifton, there were total of 45,623 units, out of which there was increase of tax on 42,699 units whereas, 2,924 units showed decline in tax after the

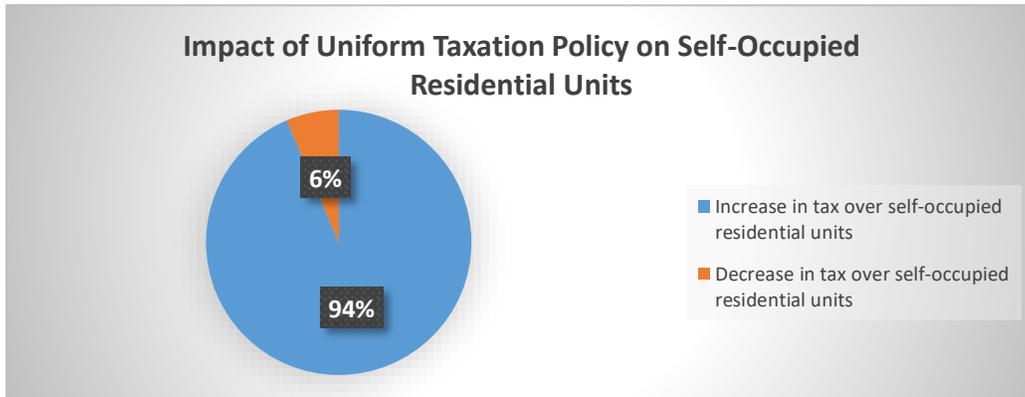

implementation of the new policy. 42,699 units` Annual Rental Value (ARV) stood at Rs.15,633 million, but before the policy implementation the ARV was Rs.9,563 million resulting in an increase of Rs.7,734 million. Likewise, the House Tax at the rate of 12.5% stood at Rs.2,121 million, but before the implementation of the uniform policy it was Rs.1,196 million, resulting in an increase of Rs. 925.00 million in House Tax collection, as shown below:

On the contrary, Rs.1,332 million ARV was calculated against the 2,924 units, which showed decline in the tax after the implementation of the uniform tax policy that remained at Rs.166.500 million, but before the policy the same was Rs.208.000 million, registering a decrease of Rs.41.500 million as shown below:

During the impact audit of Cantonment Board Clifton for the year 2022-23, it was observed that CBC revised assessment of all self-occupied residential properties on the basis of new uniform taxation policy without analyzing and separating the under-assessed units. Resultantly, the volume of tax on 94% residential units was increased. The assessment should have been made against the under-assessed taxable units and not the already fairly assessed units, but 'one size fit for all' approach was applied. As a result, rather than getting relief by virtue of new taxation policy, tax volume increased against the residents of the Clifton Cantonment Board as shown below:

The audit observed that the new method used for obtaining Annual Rental Value for calculation of House tax has doubled the tax vis-à-vis before the uniform tax policy. This can be understood from the increase of Rs. 925 million in House Tax i.e. before the policy it was Rs.1,196 million and after implementation, the same stood at Rs.2,121 million on all the self-occupied units. Further, no depreciation in cost of structure was allowed on properties constructed in the last five years, which is unfair and unjustified as the houses constructed during 2017 had low cost of land and construction, which cannot be compared with the current market price even after rebate. Further, the cost of construction may also vary on quality of construction like the best, standard and ordinary. The latest cost of land after rebate is not equal to previous cost of land. Similarly, cost of construction @ Rs.2500/sq ft is not equal to previous years cost of construction. Further, according to para (iii) of CBR No.3.2 dated 26-09-22, basic concept for the revision of assessment/ARV was to reassess the under-assessed taxable units and not to increase tax against the already fairly assessed units, but uniform tax policy was applied on all the self-occupied houses/flats, which was unjustified.

It was observed from CBR No.3.2 proceeding (vi) dated 26.09.2022 that the CBC partially and unfairly implemented uniform taxation policy, resulting in increased tax

burden on the residents of the apartments besides, non-uniformity in the implementation of the uniform taxation policy.

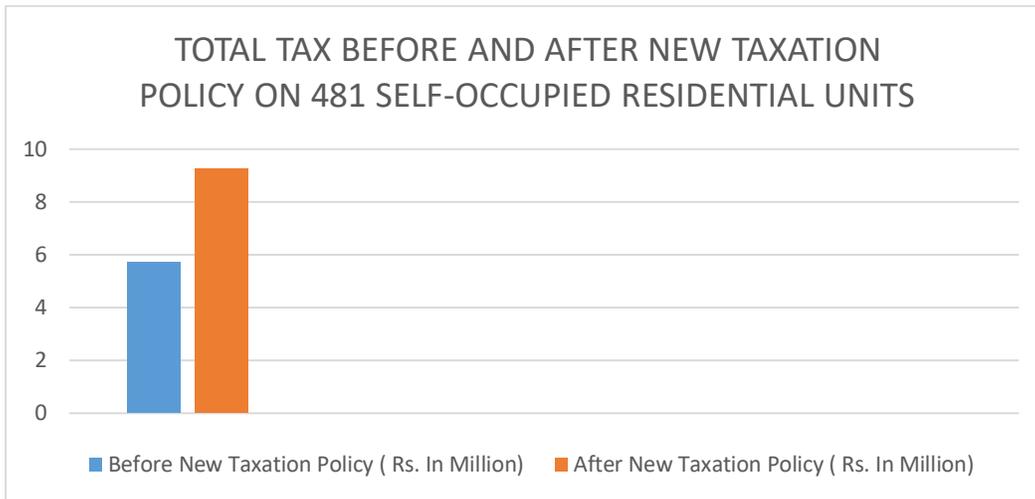

The formula used for calculation of depreciation of cost of structure is also unjustified, unfair and against the spirit of the policy objectives.

5.6.2 Karachi Cantonment Board

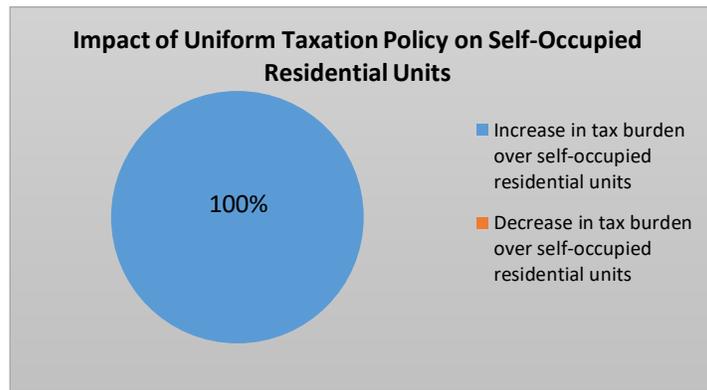

In Karachi Cantonment, the policy was implemented on 481 self-occupied flats of Askari-II & III only. The Annual Rental Value (ARV) of the said units after the implementation of the uniform taxation stood at Rs.48.647 million with an increase of Rs.18.558 million. The House Tax after implementation of the new taxation policy stood at Rs.7.297 million, resulting in an increase of Rs.2.783 million as under:

In Karachi Cantonment, the Annual Rental Value (ARV) of 481 self-occupied residential units was Rs.30.089 million and house Tax at the rate of 15% of ARV was Rs.4.513 million as shown under:

Audit observed that the new method used for obtaining Annual Rental Value ARV i.e., 25% depreciation on flats constructed more than 30 years back was unjustified. The new taxation policy was implemented on 481 self-occupied flats of Askari-II & III only. During the audit, it was observed that after implementation of uniform house taxation policy, the amount/burden of taxation increased on all the said units. Hence, 100% residents of the self-occupied units suffered from increase in taxation burden as a result of uniform taxation policy.

During the analysis, it was observed that the Annual Rental Value (ARV) of the above mentioned units before implementation of Uniform House Taxation Policy was Rs.30.089 million whereas, after the implementation of the policy, the same stood at Rs.48.647 million. Hence, the ARV increased by Rs. 18.558 million. Accordingly, the house Tax at the rate of 15% of ARV was Rs. 4.513 million before uniform taxation and after implementation it stood at Rs.7.297 million, as a result there was an increase of

Rs.2.783 million house tax. In the policy, the rate of House Tax was 5% whereas, actually the residents were charged 15%, which is unjustified.

5.6.3 Cantonment Board Quetta

In Cantonment Board Quetta, no documentary evidence was available about the implementation of the new taxation policy. However, the house tax remained unchanged throughout the years.

During the audit of Cantonment Board Quetta for the Financial Year 2022-23, it was observed that the Board approved specific guidelines in CBR No. 5.6 dated 09.09.2022 and CBR No. 7.3 dated 31.10.2022 for implementation of the uniform tax policy. These guidelines were intended to address taxation issues within the cantonment area and ensure fair and equitable taxation for all the residents. However, the Board passed a resolution to consider and approve these guidelines therefore, a request was also made by HQ ML&C (Headquarters Military Lands and Cantonments) to reduce the house tax rate from 6% to 5% on the proposed ARV.

Audit observed that the property tax assessed on the final ARV was Rs.48.136 million, which remained consistently unchanged throughout the years. No exemption/rebate was granted over the course of three years. The 5% tax charged on Proposed ARV with no rebate and no depreciation resulted in net increase in tax amount by Rs.41.656 million and at 6% as recommended in the new policy, the same would result in an increase of Rs.59.614 million, which is unjust, unfair and against objectives of the policy.

During the analysis, it was noted that the proposed Annual Rental Value (ARV) for the years 2020-21 to 2022-23 remained constant at Rs.1,795.855 million, which indicates that there were no changes in the proposed ARV over this time frame. The final Annual Rental Value (ARV) approved by the CBR for the same years stood at Rs.320.909 million. This further confirms that there were no adjustments to the approved ARV during this period.

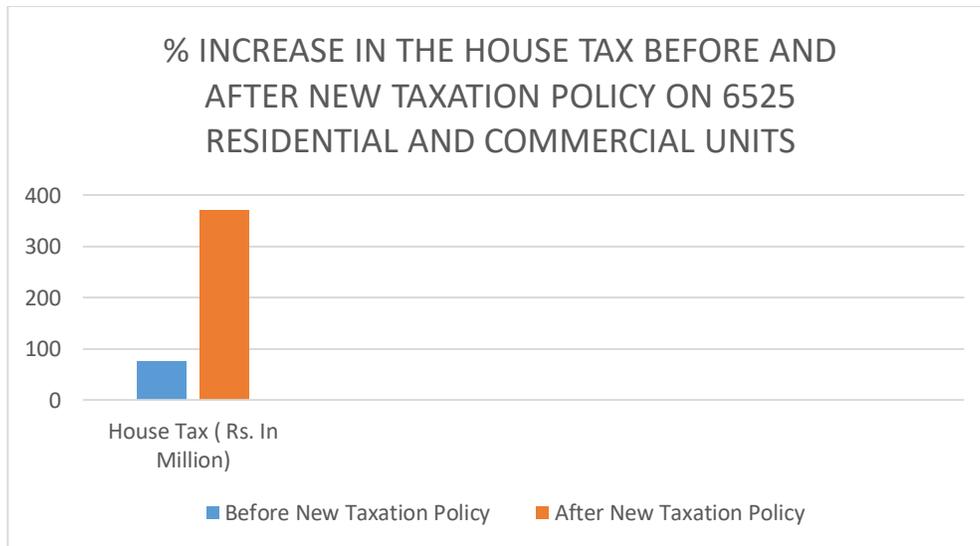

5.6.4 Cantonment Board Hyderabad

In Cantonment Board Hyderabad, the new policy was partially implemented. The assessment of 6526 units after partial implementation resulted in increased value of the House Tax from Rs.76.020 million to Rs.371.615 million i.e. 388.38% increase.

The Cantonment Board Hyderabad approved the implementation of Uniform House Tax policy. The residential as well as commercial (self-occupied/ rented) i.e. 6,526 units were assessed whereas, the policy was devised for self-occupied houses only. The separate data regarding commercial and residential units was neither maintained by the management nor provided to audit.

The new policy was partially implemented. The data pointed that 15% house tax was calculated at the ARV based on basis of both FBR and DC rates 2021 and cost of construction @ Rs.2500/sq ft. The data pertaining to the last year had no details of DC rates, which were applied from time to time for calculation of the ARV. However, tax @ 15% was calculated and was available on the record. A rebate of 73% was allowed on ARV.

The assessment of 6,526 units after partial implementation of new taxation policy increased the value of House Tax from Rs.76.020 million to Rs.371.615 million, resulting in an increase of 388.38%. This reveals that the implementation of new taxation policy increased tax burden on the residents of the Cantonment Boards as shown below:

5.7 Conclusion

In conclusion, house tax a major revenue source for Cantonment Boards (CBs), had become a focal point for scrutiny due to significant disparities in assessment practices across different regions. The audit, conducted in the aftermath of implementation of new uniform house tax policy shed light on the multifaceted impact of the policy across several

key areas, providing valuable insights into its effectiveness, challenges, and potential areas for improvement.

The findings revealed that there was a substantial increase in the tax burden on self-occupied residential units in certain instances, contradicting the anticipated relief for property owners. In the case of Cantonment Board Clifton, for example, the policy's implementation resulted in a notable rise in the total tax on self-occupied residential units, primarily due to the doubling of the Annual Rental Value (ARV) after the uniform taxation policy came into effect. The discrepancies and inconsistencies in applying the policy, particularly with regard to depreciation, rebate ratios, and the overall calculation of ARV, raised pertinent questions about the fairness and effectiveness of the policy in achieving its stated objectives.

Furthermore, in Cantonment Board Karachi, the policy was applied to only 481 units of self-occupied flats, showcasing a limited scope of implementation. Similarly, in Cantonment Board Quetta, the lack of documentary evidence and the unchanged property tax on the final ARV over the years raised concerns about the thoroughness of policy implementation.

An additional layer of complexity emerged in the evaluation of the impact on Cantonment Board Hyderabad, where the policy was partially implemented. The discrepancy between the percentage increase in tax and the corresponding increase in recovery highlighted potential shortcomings in the policy's impact on the tax-paying capacity and willingness of the general public.

The new policy became burdensome for the residents of the CBs. Instead of earning goodwill of public, it invited public complaints and constitutional petitions against CBs in the court of law. As Cantonment Boards play a pivotal role in generating revenue for local governance, it becomes imperative to revisit and refine the new taxation policy. Future revisions should prioritize a more comprehensive and elaborate approach, taking into account the varied nature of properties, ensuring transparency in the application of depreciation, and carefully evaluating rebate ratios. Moreover, the policy should be fine-tuned to avoid disproportionately burdening the public, ultimately fostering goodwill and respect within the cantonment communities.

CHAPTER-6

Audit of Donor Assistance for Flood Relief in Pakistan-2022

6.1 Overview

Between June and October, 2022, devastating floods in Pakistan resulted in 1,739 casualties and inflicted substantial economic losses totaling Rs. 3.2 trillion (\$14.9 billion). The floods were triggered by an unusual combination of intense monsoon rains and glacial melting, exacerbated by a preceding heatwave all indicative of the broader impacts of climate change. The aftermath prompted government estimates of reconstruction costs and economic damage, reaching \$30 billion or approximately 10% of the GDP.

A collaborative needs assessment, led by the Ministry of Planning, Development and Special Initiatives in conjunction with the Asian Development Bank (ADB), the European Union (EU), the United Nations agencies with technical facilitation by the United Nations Development Program (UNDP), and the World Bank, underscored damages surpassing \$14.9 billion, with economic losses estimated at \$15.2 billion. The projected requirements for rehabilitation and reconstruction in a resilient manner stood at a minimum of \$16.3 billion.

6.2 Details of Donor Support

Recognizing the magnitude of the disaster, Pakistan appealed to the international community and donor agencies for assistance, resulting in a donor conference held on 09.01.2023, in Geneva. Co-hosted by the Government of Pakistan with support from the United Nations, the conference yielded commitments exceeding \$9 billion, alongside substantial in-kind support.

Earlier, a conference held in Islamabad on 25.08.2022, saw international organizations and financial institutions pledging immediate aid exceeding \$500 million for flood victims.

6.3 Scope of the Audit

The audit, in line with ISSAI 5520 and ISSAI 5530, encompasses the entire post-disaster phase, addressing increased risks of fraud and corruption. It involves a thorough review of donor-funded programs, spanning from beneficiary identification to aid distribution. The Audit aims to evaluate accountability, transparency, and effectiveness in donor assistance for flood relief activities.

6.4 Objectives of the Audit

- i. Evaluate the adequacy of donor assistance for flood relief activities.
- ii. Assess the effectiveness and efficiency of donor assistance in achieving intended outcomes.
- iii. Identify weaknesses or gaps in the management and implementation of donor assistance.
- iv. Provide recommendations for enhancing the management and implementation of future donor assistance.

6.5 Audit Methodology

DGADS (North & South) conducted compliance audit of entities, which received grant/in-kind support. The trail of grant/in-kind support was checked in order to assess the distribution of donor assistance to the flood victims besides, utilization of the grant/in-kind support (like assault boats in the flood relief operations). Audit also checked receiving/disbursement vouchers of the donor assistance in various Units/Formations.

Risk Areas

- i. Inordinate delays
- ii. Unintended recipients
- iii. Undistributed funds/materials/aid
- iv. Fiduciary controls
- v. Fraud and corruption
- vi. Poor economy and efficiency
- vii. Lack of economy
- viii. Inflation
- ix. Inefficiency
- x. Ineffectiveness
- xi. Poor financial management
- xii. Unrecorded aid
- xiii. Damaged aid
- xiv. Unequal aid distribution
- xv. Environmental damage
- xvi. Assets ownership
- xvii. Double funding
- xviii. Information flows

6.6 Details of Grant/In-kind Support Received by the Army Formations

Based on data from the Director General Audit Climate Change & Environment, fifteen Army and one PAF Formations received in-kind support from NDMA, as well as a grant of Rs 220.910 million from the Kingdom of Bahrain. Additionally, in-kind support valued at \$ 150,000 was received from the UK in the form of eight (08) MK6 Assault Boats, outboard motors, oars, repair kits, and portable generators by two other Army Formations.

This audit aims to ensure transparency, effectiveness, and accountability in the utilization of donor assistance for flood relief, contributing to the ongoing efforts of rehabilitation and reconstruction in Pakistan.

AUDIT PARAS

6.7 Procurement related irregularities – Rs.24.232 million

6.7.1 Procurement of medical stores without tender – Rs. 18.533 million

According to PPRA Rule 12 (2), “All procurement opportunities over two million rupees should be advertised on the Authority’s website as well as in other print media or newspapers having wide circulation. The advertisement in the newspapers shall principally appear in at least two national dailies, one in English and the other in Urdu.” According to Rule 14 of PPRA Rules, 2004, Exceptions: It shall be mandatory for all procuring agencies to advertise all procurement requirements exceeding prescribed financial limit which is applicable under sub-clause (i) of clause (b) of rule 42. However under following circumstances deviation from the requirement is permissible with the prior approval of the Authority, -(a) the proposed procurement is related to national security and its publication could jeopardize national security objectives; and (b) the proposed procurement advertisement or notice or publication of it, in any manner, relates to disclosure of information, which is proprietary in nature or falls within the definition of intellectual property which is available from a single source.

During audit of record pertaining to Donor Assistance for Flood Relief- 2022 of Army medical Formations for the financial year 2022-23, it was observed that medicine was procured for flood affected persons amounting to Rs 18.533 million without advertisement on authority’s website as well as in print media which is in violation of PPRA rules.

(Rs. in million)

Sr. No.	DP No.	Purchased Items	Amount
1.	DP-S-250/2023-24	Construction of NICU ward	10.00
2.	DP-S-237/2023-24	Medicines	4.51
3.	DP-S- 219/2023-24	Medicines	4.043
Total			18.553

Audit is of the view that procurement without tenders resulted in violation of PPRA Rules which indicated prevalence of weak internal controls within the organization.

The matter was pointed out by audit in November 2023 & December 2023. In the case of DP S-250, the management did not furnish the reply. In the case of DP S-219 & DP S-237, the management replied that procurement was made in emergency.

Reply was not tenable as no documentary evidence in support of reply for declaration of emergency notification proclaimed by Government of Pakistan was provided to Audit. Furthermore, the process of calling limited tender and procurement of medicines took more than a month whereas the open tendering procedure could be complied comfortably within 20 days.

The DAC in its meeting dated 29.12.2024 and 18.01.2024 directed the management in DP S-219 & S-250, to hold Fact Finding/Court of Inquiry for violation of the rules, fix responsibility against the person(s) at fault, the inquiry report after endorsement from PAO be provided to audit. DAC further directed that the irregularities be regularized from competent authority. DP S-237 was not discussed due to absence of the management. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-219, 235 & 250/2023-24

6.7.2 Irregular procurement of medicines with brand names – Rs. 5.699 Million

According to letter No.F.8-I/2019 DD (PS) Vol II dated 16th April, 2021 of DRAP, “Prescription of medicine by doctors in government and private sectors adds to economic burden of the country and also puts financial load on patients due to purchase of pricier brands, such practice is against the code of ethics for medical and dental practitioners”. Furthermore, according to Rule 10 of PPRA Rules 2004, “Specifications shall allow the widest possible competition and shall not favour any single contractor or supplier nor put

others at a disadvantage. Specifications shall be generic and shall not include references to brand names, model numbers, catalogue numbers or similar classifications.”

During audit of records pertaining to Donor Assistance for Flood Relief- 2022 of an Army Medical Formation for the Financial Year 2022-23, it was observed that medicines were purchased with brand names instead of generic names in violation of prescribed rules. Thus, the entire expenditure of Rs. 5.699 million stood as irregular.

Audit is of the view that due to procurement of medicines with specific brand names, chances of uneconomical procurement and favour to specific supplier cannot be ruled out.

The matter was pointed out by audit in December, 2023. The management replied that products were purchased in emergency as declared by the government on 25 August, 2022. The purchases were made on the availability of brands in outfit. Reply is not tenable as the products purchased on brand names were against the PPRA and DRAP rules.

The DAC in its meeting dated 18.01.2024, directed to hold Fact Finding Inquiry for violation of the rules, fix responsibility against the person(s) at fault, the inquiry report after endorsement from PAO be provided to audit for verification. No progress was reported till finalization of this report.

Audit recommends implementation of the DAC directives.

DP-S-239/2023-24

6.8 Un-authorized / Irregular payments – Rs. 81.708 million

6.8.1 Non-utilization of medicines received as donations – Rs. 33.522 million

According to Para-1.6(e) of TORs circulated by Auditor-General of Pakistan vide letter dated 26.04.2023 Audit will check complete trail of distribution of relief items by National Disaster Management Authority (NDMA).

During audit of a Military Hospital, it was observed that different medicines/medical store items were received from National Disaster Management Authority (NDMA) Islamabad as donations under donor assistance for flood relief, in January, 2023. However, it was observed that only 50% of these medicines were distributed without any plan among some military hospitals and medical units whereas, remaining 50% medicines valuing Rs.33.521 million were irregularly retained by the military hospital

and still lying in the stock unconsumed / un-distributed among the end users. Furthermore, audit noticed the following discrepancies / irregularities in this regard:

1. These medical store items were received very late from NDMA (January, 2023) which effected the donor aim of delivering medicines to the flood victims in a timely manner.
2. Distribution plan issued by Corps Headquarters vide letter dated 19.01.2023 bears no clear instructions/guidelines about the further consumption / utilization of these medical store items in flood effected areas. Therefore, medicines distributed so far by the military hospital among different military hospitals/medical units outside flood effected areas are irregular.
3. Furthermore, a large quantity of these medical items including the share of this military hospital were still lying un-distributed/un-consumed which resulted into un-necessary retention of medicines and blockage of donated items.

In view of above, it was proposed that justification of above irregularities be furnished to audit besides initiation of immediate measures to distribute the retained medical items among the end users victims in the flood effected areas.

When pointed out by audit, it was replied by the management that as per distribution plan received, concerned units have been asked to collect their share of medicines received from NDMA but many of them have not collected the same. Furthermore, authorities have been approached with the request to take necessary action against these units.

The reply furnished by the management was not tenable being not relevant. It was, therefore, proposed that matter may be taken up with higher authorities and obtains detailed para wise justification for the issues highlighted above. Furthermore, requisite action may be initiated for immediate distribution of medicines besides holding a board of inquiry.

The DAC in its meeting dated 05.01.2024 was apprised that the revised distribution is under way and will be finalized within 15 days. The DAC directed the management to get the distribution verified from audit. No further progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-N-289/2023-24

6.8.2 Irregular utilization of grant in aid & in-kind items other than flood victims – Rs. 15.716 million

According to Para 7.2 (B) of The International Standards of Supreme Audit International Organization of Supreme Audit Institutions, (ISSAI) 5520. “Disaster managers should conduct a needs assessment to ascertain the number of victims and determine their specific requirements. The definition of victims and the procedure for registering them should be clearly set out. Unintended recipients are people who are not entitled to receive aid. Inadequate demographic data may result in misleading information on victims and ultimately cause aid to be channeled away from needy individuals/communities”.

During audit of record pertaining to Donor Assistance for Flood Relief- 2022 of Army Medical Formations for the financial year 2022-23, it was observed that Grant-in-Aid amounting to Rs. 15.716 million allocated to various Formations for relief works in flood affected areas. However, these funds were diverted for purposes other than the intended relief efforts. Audit opines that the use of grant other than its original purpose was irregular. The details are as under:

(Rs in million)

S. No.	DP No.	Amount of Grant	Utilization
1.	DP-S-249/2023-24	10.146	Grant was utilized for construction of Neonatal ICU, waiting area and procurement of other Misc. items including Air-conditioners
2.	DP-S-218/2023-24	5.570	Distributed to individuals affected by terrorist attack in July-2023

Audit is of view the utilization of grant other than the purpose indicated prevalence of weak internal and financial controls within the Formation.

The matter was pointed out by audit in December, 2023. In case of DP S-249, the management did not furnish any reply. In case of DP S-218, the management replied that number of military and civilian casualties occurred in terrorist attack in Zhob, hence, grant amount was distributed to the Army Medical Formations on urgent basis. Reply was not tenable as utilization of grant for other than intended purpose was irregular.

DAC in its meeting dated 29.12.2024 and 18.01.2024, directed the management in DP S-218, to hold Fact Finding Inquiry for violation of the rules, fix responsibility against the person(s) at fault, and share the inquiry report with audit for verification after

endorsement from PAO. In case of DP S-249, DAC shifted the para to Medical Directorate for further correspondence. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-218 & 249/2023-24

6.8.3 Irregular sanction and award of work – Rs. 10.146 million

According to Rule 3 (I) Pakistan Engineering Council Bye Laws, 1987, “No engineering work shall be constructed except by a contractor or operator licensed as such by the Council.” Furthermore, according to clause 8 of Notice of Tender, “If tender of a contractor not enlisted with MES is accepted, he shall be required to deposit 5% of CA amount as security in the form as demanded by accepting officer”. According to Table A of para 25 of MES regulations 2021, the power of administrative sanction for new works of Rs 10 million rests with Corps commander and for renewals of upto Rs 12 million rests with QMG.

During audit of record pertaining to Donor Assistance for flood relief- 2022 of an Army Medical Formation for the Financial Year 2022-23, it was observed that a construction work totaling Rs. 10.146 million was awarded, wherein the following discrepancies were observed:

- i. The contractor/firm was not registered with the Pakistan Engineering Council (PEC) and Military Engineering Services (MES).
- ii. The contractor was registered in FBR as an importer and exporter, which did not match the necessary credentials for a construction work.
- iii. The contract was awarded without the mandatory collection of security deposit and bank guarantee.
- iv. The construction work was awarded with the sanction/approval of the commandant, which was beyond his financial powers.

Audit is of the view that award of civil work contract to unregistered contractors/ firm without sanction of competent authority stood as irregular besides, chances of uneconomical and substandard execution of work cannot be ruled out.

The matter was pointed out by Audit in December, 2023. The management did not provide any reply.

The DAC in its meeting dated 18.01.2024 directed to hold Court of Inquiry, fix responsibility against the person(s) at fault, and share the inquiry report with audit for verification after endorsement from PAO. No progress was reported till finalization of this report.

Audit recommends implementation of the DAC directives.

DP-S-252 & S-253/2023-24.

6.8.4 Non-utilization of grant and non-surrender of unspent balance - Rs.5.957 Million

According to Section 7.2 (C) of The International Standards of Supreme Audit Institutions, (ISSAI) 5520, “Funds/materials/aid financial and in-kind aid not distributed to the victims is of no use. Inappropriate human or organizational resources, a lack of information on the procedure for requesting and distributing aid and damaged infrastructure may cause aid to remain in storage. Another reason for non-distribution might be an in-appropriate needs assessment, resulting in the delivery of aid or materials that are unnecessary or unsuitable for the culture or circumstances of the affected population.” Furthermore, according to Para-95 of GFR Vol-I, all anticipated savings should be surrendered to Government immediately but not later than 31st March of each year. However, savings occurring from funds provided after 31st March shall be surrendered to Government immediately and no savings shall be held in reserve for possible future use.

During audit of record related to Donor Assistance for Flood Relief-2022 of an Army Formation for the Financial Year 2022-23, it was observed that an allocation of Rs.10 million was received for relief activities in flood-affected areas. Out of the allocated amount, only Rs. 4.043 million was utilized for relief activities, but the balance of Rs. 5.957 million was neither utilized nor surrendered.

Audit is of the opinion that non-utilization/non-surrender of the funds reflected weak internal controls and poor financial management within the entity.

The matter was pointed out by Audit in November 2023. The management replied that donor assistance was allocated for the establishment of free medical camps in flood affected areas in Balochistan. The management retained the fund for future unforeseen calamities in the province. Furthermore, the competent authority had been approached for facilitation for return of unspent funds. The same would be deposited back in given account / head when provided. The reply itself was an admissibility of the irregularity.

The DAC in its meeting dated 29.12.2024, directed the management to surrender the un-spent balance within one month and get it verified from audit. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives/fixation of responsibility on the person(s) at fault.

DP-S-217/ 2023-24

6.8.5 Irregular deposit of grant in non-public account -Rs. 5.000 million

According to Article 78 of Constitution of Pakistan, “1) All revenues received by the Federal Government, all loans raised by that Government and all moneys received by it in repayment of any loan, shall form part of a consolidated fund, to be known as the Federal Consolidated Fund. 2) All other moneys received by or on behalf of the Federal Government shall be credited to the Public Account of the Federation.” Furthermore, according to Para 6.1 of The International Standards of Supreme Audit International Organization of Supreme Audit Institutions, (ISSAI) 5520. “SAIs of both recipient and donor governments audit disaster-related aid which passes through public accounts. In many cases this can involve examining aid paid directly to operational agencies which are not part of government”.

During audit of record pertaining to Donor Assistance for flood relief-2022 of Army Medical Formation for the Financial Year 2022-23, it was observed that a cheque amounting to Rs.5.000 million was received by a Formation from Medical Directorate, which was deposited into non-public fund account instead of public account of the Formation.

Audit is of the view that the deposit of flood relief fund into non-public account creates doubt about the utilization of the fund for flood victims.

The matter was pointed out by audit in December, 2023. The management replied that that the donor grant, received as an open cheque, aligned with the explicit intent of the donor and was undertaken in full compliance with legal and regulatory requirements, despite not being in the public account. To prevent similar irregularities, protocols for handling open cheque grants are being instituted.

The DAC in its meeting dated 18th January 2024, directed to hold fact finding inquiry, fix responsibility against the person(s) at fault, and share the inquiry report with

audit for verification after endorsement from PAO. No progress was reported till finalization of this report.

Audit recommends implementation of the DAC directives.

DP-S-287/2023-24

6.8.6 Irregular cash payment to supplier– Rs. 5.000 million

According to Rule 36 (j) of Financial Regulation Volume–I, 1986, “All payments must be made by cheque.”

During audit of record pertaining to Donor Assistance for flood relief- 2022 of an Army Medical Formation for the Financial Year 2022-23, it was observed that amount Rs. 5 million was allocated by the Medical Directorate for flood relief activities. It was observed that this amount was utilized for the purchase of Medicines, Nutritional supplements, Surgical & Disposable items. However, the payment to suppliers was made in cash.

Audit is of the view that cash payments to suppliers were in violation of the prescribed rules which reflected weak internal controls within the entity.

The matter was pointed out by Audit in December 2023. The management replied that due to unforeseen and urgent circumstances arising from the flooding in Sindh, the decision was made to conduct cash transactions. The decision was made to secure the timely availability of critical and necessary medical supplies, all in the best public interest. The reply itself was an admission of irregularity.

The DAC in its meeting dated 18.01.2024 directed the management to hold Fact Finding Inquiry for violation of the rules, fix responsibility against the person(s) at fault, share the inquiry report with audit for verification after endorsement from PAO. No progress was reported till finalization of this report.

Audit recommends implementation of the DAC directives.

DP-S-255/2023-24

6.8.7 Lack of transparency in distribution of flood relief items Rs 5.000 million

According to Para 7.2 (B) of The International Standards of Supreme Audit Institutions, (ISSAI) 5520, “Disaster managers should conduct a needs assessment to

ascertain the number of victims and determine their specific requirements. The definition of victims and the procedure for registering them should be clearly set out. Unintended recipients are people who are not entitled to receive aid”. Moreover, according to Para 7.2 (H), of ISSAI “Disaster-related aid should be used efficiently (i.e. maximum success in meeting victims’ needs with aid received”. According to Para 7.2 (M) & (I) of The International Standards of Supreme Audit Institutions, (ISSAI) 5520. “when individuals or groups are favored in aid distribution at the expense of others, there is inequality which may result in disaster-related aid not reaching the population affected most acutely by disaster.

A. During the Audit of record pertaining to Donor Assistance for flood relief- 2022, of an Army Formation for the financial year 2022-23, it was observed that grant in aid and in-kind items were received from NDMA and distributed to flood victims. Following irregularities were observed:

- Distribution of in-kind items like cement packets were of no use at the time of flood. Such items could have been useful in Post disaster rehabilitation exercise.
- The distribution of 10 sleeping bags and 10 blankets to one person also reflects that the distribution was made without need assessment. Sometimes double quantity was issued to individuals, which puts a question mark on the distribution system. Sleeping bags and blankets if distributed to different individuals may have covered more families.

Audit is of the view that unequal distribution of grant indicated poor planning and weak internal controls within the Formation.

The matter was pointed out by audit in December 2023. The management replied that unit had taken engineer’s advice and it required minimum 10-12 cement bags to build one room hence, 12 No cement bags were given to head of family to rebuilt damaged/destroyed portion of house. Furthermore, a total of 2000 families were given blankets and sleeping bags. A total of 1335 families received three blankets each.

Reply was not tenable, as in the absence of proper record keeping of the procured medicines, receipts, and issuance to the flood-affected, the decisions made during the emergency response to the floods, were not justified.

The DAC in its meeting dated 18.01.2024, directed the management to reconcile the records of sleeping bags and blankets, with audit. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP S-325/2023-24

B. During the Audit of record pertaining to Donor Assistance for flood relief- 2022, of Army Formation for the financial year 2022-23, it was observed that grant in aid and in-kind items were received from NDMA and distributed to flood victims. Following irregularities were observed:

- Grant in Aid of Rs 5.00 million was spent for procurement of medicines, without technical & financial evaluation criteria.
- Procured medicines were not taken on charge and distribution of medicine was carried without any documentation.

Audit is of the view that unequal distribution of grant indicated poor planning and weak internal controls within the Formation.

The matter was pointed out by audit in January 2024. The management replied that every effort was made to ensure the most efficient and transparent utilization of resources, as evident by receipts and distribution vouchers. SOPs were not available from the authorities in prior. Procurement from the most reliable vendor was done because other vendors were unable to supply locally due to the roads and infrastructure destruction. Due to the huge patient load, the documentation of the distribution of medicines and verification of patients could not be maintained for each patient.

Reply was not tenable, as in the absence of proper record keeping of the procured medicines, receipts, and issuance to the flood-affected, the decisions made during the emergency response to the 2022 floods, could not be justified.

The DAC in its meeting dated 18.1.2024, directed the management to hold Fact Finding Inquiry for violation of the rules, fix responsibility against the person(s) at fault, share the inquiry report with audit for verification after endorsement from PAO. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-254/2023-24

6.8.8 Irregular adjustment of Internal Security POL - Rs. 1.367 million

According to Rule – 47 (c) of FR Vol-I 1986, “On no account shall money be spent simply because it is available.”

During audit of record pertaining to Donor Assistance for Flood Relief- 2022 of an Army Medical Formation for the Financial Year 2022-23, it was observed that on 26th August 2022, the Government of Pakistan, Ministry of Interior sent a letter to Army authorities requesting their assistance for Internal Security (IS) duty. Additionally, on 5th September, 2022, HQ had authorized the allocation of 5000 liters of IS POL (D-20) for Flood Relief Duty. On the contrary, claim for POL of the same quantity was made through contingent bills on 10th August, 2022, which stood as irregular. The detail is as under:

(Rs. in million)

Voucher No. & Date	D-20 Quantity in Liters	Rate per Litter	Countersigned By	Authorization letter	Amount
PHJ/MTBR/2023/00034 Date 10-Aug 2022	2478	Rs 273.36	DC Sibi	No. 206/A/Log-FOIF82 Dated 05 September 2022	0.677
PHJ/MTBR/2023/00034 Date 10-Aug 2022	2522	Rs 273.36	DC Naseerabad	No. 206/A/Log-FOIF82 Dated 05 September 2022	0.689
Total	5,000				1.366

Audit is of the view that the claim of POL before sanction stands irregular.

The matter was pointed out by Audit in October, 2023. The management did not furnish any reply.

The DAC in its meeting dated 18.01.2024 directed the management to provide relevant record to audit for verification within one month. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-256 /2023-24

6.8.9 Unjustified delay in receipt of medicines

According to Para 7.2 (A & B) of the International Standards of Supreme Audit Institutions, (ISSAI) 5520, “When a disaster occurs, the first priority is that aid be given promptly in order to save lives and meet victims’ needs. Delays in the collection and distribution of aid may be caused by unfamiliarity with the immediate disaster response

protocol, infrastructure damage or unsuitable human and organizational resources.” Disaster managers should conduct a needs assessment to ascertain the number of victims and determine their specific requirements. The definition of victims and the procedure for registering them should be clearly set out. Unintended recipients are people who are not entitled to receive aid. Inadequate demographic data may result in misleading information on victims and ultimately cause aid to be channeled away from needy individuals/communities.

During audit of record pertaining to Donor Assistance for Flood Relief- 2022 of the Army Formations for the Financial Year 2022-23, it was observed that in-kind grant including medicines were received by the Formations with a delay of 5 to 6 months after the disastrous floods. The details are given as under:

Sr. No.	DP No	Description of item	Time period of disaster	Date of issuance of grant from NDMA	Date of receiving and distributed	Remarks
1.	S-303/2023-24	Medicines	July-September 2022	29.12.2023	09.06.2023	6 months delay in receipt of medicines from NDMA and twelve months delay from disaster.
2.	S-324/2023-24 (A)	In-kind Items	July-September 2022	26.02.2023 & 28.02.2023	01-02-2023 & 02-03-2023	One month delay in receipt of in-kind items from NDMA and five to six months delay after disaster.

Audit is of the view that the abnormal delay in the delivery/distribution of the flood relief items reflected weak internal controls and negligence on part of the management.

The matter was pointed out by Audit in December, 2023. In case of DP S-303, the management replied that flood relief duties were terminated by this unit on 10th December, 2022, whereas medicines from NDMA were received by another unit on 29th December,

2022. The same was further distributed to this unit on 10th February 2023. So, there was no urgency to receive medicines for said duty. In case of DP S-324, the management replied that delay was never on part of this unit as items received never kept in stores as the items were distributed on the same day of receipt. Reply was not tenable as the delay in receiving and issuance of medicines was admitted by management.

The DAC in its meeting dated 18.01.2024, directed the management in DP S-303, to provide relevant record in evidence that medicines were distributed to flood victims to audit for verification within one month. In case of DP S-324, DAC directed the management that relevant record of the timely receiving and distribution of in-kind aid to flood victims be provided to audit for verification within one month. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-303 & 324/2023-24

6.8.10 Non-utilization of Assault Boat for flood relief activities

According to Para 7.2 (C) of The International Standards of Supreme Audit Institutions, (ISSAI) 5520, “funds/ materials/aid Financial and in-kind aid not distributed to the victims is of no use. Inappropriate human or organizational resources, a lack of information on the procedure for requesting and distributing aid and damaged infrastructure may cause aid to remain in storage. Another reason for non-distribution might be an in-appropriate needs assessment, resulting in the delivery of aid or materials that are unnecessary or unsuitable for the culture or circumstances of the affected population”. According to Para 7.2 (I). “Damaged aid during transportation items donated in-kind or bought using financial aid can become damaged or obsolete and no longer meet required standards for distribution, because of inappropriate storage or inadequate human and organizational resources to manage them.”

During audit of record pertaining to Donor Assistance for Flood Relief- 2022 of an Army Formation for the financial year 2022-23, it was observed that 04 Assault Boats and other accessories were received from NDMA on 18-09-2022. In this regard, the following shortcomings were noticed:

- i. Four Assault Boats and associated accessories received from NDMA on 18-09-2022 have not been utilized to date signifies a significant underutilization of donated assets. The non-utilization of these resources raises concerns about operational efficiency and the timely deployment of critical assets during disaster relief situations.

- ii. The boats and accessories left exposed to the open air without utilization have incurred avoidable deterioration. This lack of proper asset management and protection further compromises the operational readiness of these assets, potentially rendering them less effective or inoperable when needed.
- iii. The absence of any intimation to the concerned HQ regarding the non-utilization of the donated assets raises questions about communication protocols and accountability. Failure to inform the relevant authorities about the status of received resources hinders effective coordination and planning for relief efforts.
- iv. The receipt of damaged accessories without addressing the associated risks and without fulfilling the intended purpose of the grant indicates a lapse in risk management and a failure to meet the objectives of the assistance received.

Audit is of the view that non-utilization of boats indicated ineffectiveness, inefficiency, and poor planning & distribution mechanism within the Formation.

The matter was pointed out by Audit in January, 2024. The management replied that flood 2022 started in Pakistan from 15th June 2022 to 30th October, 2022. However, 04 assault boats were issued for rescue team to rescue the civilians. The same had been kept for future contingency as per instruction of HQ. Furthermore, broken accessories fans of OBMs (out boat motors) were already cracked/broken during handing/taking over with representative of NDMA. The same was mentioned in unit level issue/receipt voucher.

Reply was not tenable, as donor aid was not utilized for the purpose for which it was received.

The DAC in its meeting dated 18.01.2024, shifted the para to NDMA for further reply. No progress was reported till finalization of this report.

Audit recommends the matter may be inquired into and responsibility be fixed against person(s) at fault.

DP-S-326/2023-24

6.8.11 Improper maintenance of record

According to Para 6.5 of The International Standards of Supreme Audit Institutions, (ISSAI) 5520. Auditors can measure the effectiveness of disaster-related aid in terms of results, the most direct examination of which can be achieved by consulting the intended final beneficiaries of the aid. To do this SAIs can actively seek the input of the affected population by use of interviews and surveys and by consulting civil society organizations.

SAIs can consider sending auditors on-the-spot at an early stage of the emergency to record evidence of the way in which disaster-related aid was implemented from the point of view of the disaster victims. Furthermore, clause 8 stated that Reporting Recipients of disaster-related aid should report on the management and use of financial and in-kind contributions received. Furthermore, As per clause 1.10 of Audit Plan and Modus Operandi, tools for scrutiny of distribution of In-kind aid/ relief items to the flood affectees (a) verification of thumb impression of recipients of relief items through NADRA. (b) verification of distribution of relief items through physical visits by audit teams. (c) documents review of the respective department/ entities.

During audit of record pertaining to Donor Assistance for Flood Relief- 2022 of Army Formation for the financial year 2022-23 it was observed that grant in aid and in-kind items were received from NDMA however, record of distributed items was not properly maintained by Formations/ under command units while distribution of items. The following irregularities were observed by Audit:

- Medicines were issued to patients without proper recording of name, age, gender, identity card, contact number, receiving of medicines and diagnosis detail.
- Segregation of medicines procured from donor grant and utilization of unit medicines procured from public fund were not maintained.
- Utilization of boats including number of trips, area of rescue operations, logbook of boats, monthly return submitted to GHQ for trips and consumption of POL on form 20/30, number of rescued persons and detail of officials deployed were not maintained.
- While distribution of in-kind items no receiving of distributed items was maintained (i.e. thumb impression or receiving signature) of flood victims, which could prove that items were been received by the individuals/flood victims.
- Under Command Formation distributed the flood items as per size of family by issue. Hence, no evidence in support of family members was recorded which could prove that the receiver has collected the flood items on behalf of all family members.
- Under Command Formation distributed the flood items without proper survey of damage as survey report was not shared with audit.
- Most of the Under-Command Formations distributed the flood items without recording the NIC number and date of distribution of items.
- Formations also did not maintain the record of number of vehicles and troops deployed for flood relief.

The details of the above irregularities have been highlighted below:

S. No.	DP No	Nature of Grant	Remarks
1.	S-288/2023-24	Grant in-Aid Rs 5.00 million	Procurement of medicines

2.	S-327/2023-24	Grant in Aid	04 Army Assault Boats and other accessories
3.	S-322 B/2023-24	Grant in-Kind	Relief items

Audit is of the view that in absence of proper record keeping, Audit could not conduct the field survey and verify the distribution of items. Hence unfair and non-transparent distribution of items to victims cannot be ruled out. It indicated the prevalence of weak internal control and improper accounting procedures for relief related items.

The matter was pointed out by audit in December, 2023 & January, 2024. The management in DP S-288, replied that the medical camps were established in emergency situations to provide urgent relief to the flood victims. It was difficult to maintain the documentary records of flood victims in emergency and pressed situation. Post reports of established medical camps show details of patients attended, investigations performed and common diseases in the area, which was also shared with higher authorities. We assured that corrective measures were being taken to enhance our record keeping procedures. In case of DP S-327, the management replied that 4 Army Assault Boats were not received by this unit from NDMA, those boats were collected by another army medical unit which were utilized by them. After termination of flood duty that army medical unit deposited these boats with this unit on order of HQ. These boats were placed in unit store and have not been used by this unit as there was no duty / requirement in 2023. In case of DP S-322, the management replied that it was sudden incident so there was no planning and units moved overnight. All the villagers come up the road, the unit took CNIC card from those who had possession of cards, however tried to accommodate maximum victims, therefore ration and other items were handed over keeping in view the general condition of area. Deployment of troops on flood duties Formation is forwarded to Higher HQ.

The reply from the management was itself an admissibility of non-maintenance of record.

The DAC in its meeting dated 18.01.2024, directed the management of DP S-288, to hold Fact Finding Inquiry for violation of the rules, fix responsibility against the person at fault, the inquiry report after endorsement from PAO be provided to audit for verification. In case of DP S-322 & S-327, DAC directed the management to provide relevant record to audit for verification. No progress was reported till finalization of this report.

Audit recommends implementation of the DAC directives.

DP-S-288, 327 & 322/2023-24

6.9 Non-production of record – Rs.16.526 million

6.9.1 Untraceable record of grant in aid & in kind items of Donor Assistance Rs. 16.526 million

A. According to Para H of the International Standards of Supreme Audit International Organization of Supreme Audit Institutions, (ISSAI) 5530, “Weak controls and non-existent inventories may result in theft or the unauthorized use of assets against payment or for favor.” Furthermore, according to Para 7.2 (C) of The International Standards of Supreme Audit Institutions, (ISSAI) 5520, “Funds/ materials/aid Financial and in-kind aid not distributed to the victims is of no use.” In addition to this, according to Financial Regulations 1986 Vol: 1 Rule (6)(a), “Every officer should exercise the same vigilance in respect of expenditure incurred from Government revenue as a person of ordinary prudence would exercise in respect of the expenditure of his own money.”

During audit of record pertaining to Donor Assistance for Flood Relief-2022 of Army Formations for the Financial Year 2022-23, it was observed that a grant of Rs. 11.00 million was transferred/deposited to the Army Relief Fund by two civil society organizations, but details of the expenditure were not available. Furthermore, a claim of Rs. 5.525 million against 22,000 liters of IS POL (D-20) was submitted to the provincial government for Flood Relief Duty, but evidence or documentation indicating the expenditure for flood relief in 2022 was not provided. The details are as under:

(Rs in million)

Sr. No	DP No.	Remarks	Amount
1.	S-236/2023-24	Grant received from two organization of civil society, through cheque no. 127450648 dated 26-09-2022 & 11859088 dated 30-8-2022	11.00
2.	S-257/2023-24	Claim for 22,000 liter of IS POL was submitted to the Provincial government against the flood relief duty	5.526

Total	16.526
--------------	---------------

Audit is of the view that the non-availability of expenditure record pertaining to grant and non-providing justification for claim against IS POL in flood duties which creates doubt about the actual utilization of the grant/POL claimed.

The matter was pointed out by audit in December, 2023. In case of DP S-257, the management did not furnish the reply. The management of DP S-236, replied that funds deposited by civil society directly in Army Flood Relief Account and the office did not have access on such account. Reply of management is admissibility of irregularity for non-provision of record pertaining to grant in aid received from civil society organization and Provincial Government.

The DAC in its meeting dated 18.01.2024, shifted the DP S-257 to Budget Directorate for further response. DP S-236 was not discussed due to absence of management representative. No progress was reported till finalization of this report.

Audit recommends seeks justification in the matter.

DP-S-236 & 257/2023-24

B. During audit of record pertaining to Donor Assistance for Flood Relief- 2022 of Army Formations for the financial year 2022-23, it was observed that in-kind grant was issued by NDMA, but the same remained untraceable. The details are as under:

Sr. No.	DP No.	Remarks
1.	S-305/2023-24	Tab Reset (Paracetamol) 500 mg received from donor countries but neither distributed to flood victims nor issued to other Formations.
2.	S-238/2023-24	Formation received 623,756 units of in-kind items from NDMA out of allocated grant, 300,040 units was distributed, however record of 323,716 units was still not traceable.
3.	S-322-A/2023-24	Formation received 103950.14 units (208 vouchers of NDMA) of in-kind items from NDMA out of allocated grant 7,777.32 units (48 vouchers) were distributed, however record of 323,716 units (160 vouchers) was not traceable.
4.	S-324-B/2023-24	Formation received 125 tons of cement from NDMA, out of which only 62.5 tons was distributed and record of remaining 62.5 tons was not traceable.

Audit is of the view that the non-availability of expenditure pertaining to in-kind items which creates doubt about the actual utilization of the items.

The matter was pointed out by audit in December, 2023. In case of DP S-238, the management did not furnish the reply. In case of DP S-305, the management replied that distribution of medicine was made by Army Medical Formation but out of allocation some medicines including the objected items were further distributed to another Army Formation. In case of DP S-322, the management replied that in-kind items were received from different sources (i.e. NDMA & HQ) through 148 vouchers instead of 208 vouchers and same was provided to audit for verification and also been communicated to HQs. In case of DP S-324, the management replied that all received quantity of cement was distributed as per nominal roll items received and were never kept in stores. Reply is not tenable as no documentary evidence was provided for distribution of items.

The DAC in its meeting dated 18.01.2024, directed the management in DP S-305, S-322 & S-324, to provide relevant record of medicines/in-kind items, distributed to flood victims to audit for verification within one month. DP S-238, was not discussed due to absence of management representative. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-238, 305, 322 & 324/2023-24

6.9.2 Non-production of record pertaining to grant-in-kind items received through NDMA

A. As per Article 169 of Constitution of Pakistan 1973 – Functions and Powers of Auditor-General of Pakistan and Article 170 as amended vide 18th Amendment, “The audit of the accounts of the Federal and Provincial Government and the accounts of any authority or body established by, or under the control of, the Federal or Provincial Government shall be conducted by the Auditor-General, who shall determine the extent and nature of such audit.” Furthermore, under Clause 14(c)(3) of AGP Ordinance 2001, “Any person or authority hindering the auditorial functions of the Auditor-General regarding inspection of accounts shall be subject to disciplinary action under relevant Efficiency and Disciplinary Rules.”

During audit of Donor Assistance for Flood Relief- 2022 of two (02) Army Formations for the Financial Year 2022-23, the record related to in-kind items (receipts, utilization and onward distribution) received from the donor countries through NDMA was

not provided despite reminders and taking up the matter with the Ministry of Defence and Army Budget Directorate. The details are as under:

Sr. No.	DP No	Nature of grant
1.	DP-S-280/2023-24	In- Kind Items
2.	DP-S-281/2023-24	In- Kind Items

Audit is of the opinion that the non-production of the record reflected negligence on part of the management besides, it creates doubt on the utilization of the in-kind grant items for the flood victims.

The matter was pointed out by Audit in 2023. The management for DP-S-280/2023-24 replied that flood relief donation articles had not been received/ collected by this HQs from friendly countries. In case of DP-S-281/2023-24, the management replied that available documents were provided to audit and remaining documents would be produced. Both the replies were not tenable as the details of the articles handed over to the Formations by the NDMA were also shared yet no record was provided to Audit.

The DAC in its meeting dated 18.01.2024, in case of DP S-280, directed the management of the concerned Division to provide the details of in-kind grant received from NDMA and its further distribution/utilization, to audit for verification within one month. In case of DP S-281, DAC directed the management of concerned Corps to provide the details of in-kind grant received from NDMA and its further distribution/utilization, to audit for verification within one month. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

DP-S-280 & 281/2023-24

6.10 Recoverables / Overpayments – Rs.1.268 million

6.10.1 Non-recovery of Income Tax and Sales Tax on Services – Rs. 1.268 million

According to Income Tax Ordinance 2001 (withholding provisions), “Payment for goods, services and execution of contracts under Section 153(1)(C) Person(s) liable to deduct tax, Federal Government from whom resident person at the Rate 7.5% on Contract (by a person other than a company).” Furthermore, according to the Finance Act 2015,

“The tax will be deducted at source @ 15% from non-filers.” In-addition to this, according to Sindh Revenue Board Notification No. SRB-3-4/11/2019 dated 27-06-2019, “5% Sales Tax on Services shall be chargeable w.e.f 01-07-2019 on account of Construction Services in relation to Government Civil Works for which the expenditure is paid out of the expenditure budget of the Federal Government or the Provincial Government or the Local Government or the Cantonment Board.”

During audit of record pertaining to Donor Assistance for flood relief- 2022 of an Army Medical Formation for the Financial Year 2022-23, it was observed that payment amounting to Rs.10.146 million was paid to contractor against construction work and supply of air-conditioners without recovery of Sales Tax on Services @ 5% amounting to Rs.0.507 million and income tax @7.5% amounting to Rs.0.761 million as tabulated below:

Rs in million

Sr. No.	Particulars	PV No. / Date	Amount Paid	Provincial Sales Tax Due @ 5%	Income tax due @ 7.5%	Cheque No. & Date
1	Construction of Neonatal ICU ward	282 / 12-01-2023	2.306	0.115	0.173	00535144 12-01-23
		258 / 20-12-2022	2.306	0.115	0.173	00535130 20-12-22
		401 / 02-03-2023	2.306	0.115	0.173	00535184 01-03-23
		468 / 04-05-2023	1.500	0.075	0.112	00563750 04-05-23
2	Installation of partition, AC's and Misc. items in Neonatal ICU ward	259 / 20-12-2022	0.700	0.035	0.052	00535129 20-12-22
3	Construction of waiting area in Neonatal ICU ward	328 / 24-01-2023	1.027	0.051	0.077	00535146 24-01-23
Total			10,145,885	0.507	0.760	

Audit is of the view that due to the non-recovery of the taxes; the government was deprived of revenue which indicated weak internal controls within the organization.

The matter was pointed out by Audit in December 2023. The management did not furnish any reply.

The DAC in its meeting dated 18.01.2024 directed to hold Court of Inquiry, fix responsibility against the person(s) at fault, share the inquiry report with audit for verification after endorsement from PAO. No progress was reported till finalization of this report.

Audit recommends implementation of DAC directives.

SIDCL, GPA AND FBR

GOVERNMENT OF PAKISTAN

AUDIT YEAR 2023-24

AUDITOR-GENERAL OF PAKISTAN

DIRECTORATE GENERAL AUDIT FEDERAL (WORKS)

CHAPTER 1

PUBLIC FINANCIAL MANAGEMENT

1.1 Sectoral Analysis

Ministry of Planning, Development and Special Initiatives, under Rules of Business, 1973, is responsible for preparation of comprehensive National Plan for the economic and social development of the country and formulation of an annual development programme. The Ministry is also responsible for monitoring the implementation of all major development projects and programmes. The Public Sector Development Programme (PSDP) prepared by the Ministry is an important part of public sector investment, which channels domestic and foreign resources to implement the development programmes and projects prepared by the federal, provincial and local agencies. PSDP funds are released to the executing departments/organizations through Ministry of Finance.

PSDP allocations during last five years reflect mixed trend. These increased by 3.85 percent in the financial year 2019-20 as compared to 2018-19. It was followed by a declining trend in 2020-21 and 2021-22. It again increased by 43 percent in 2022-23 as depicted in the following histograms.

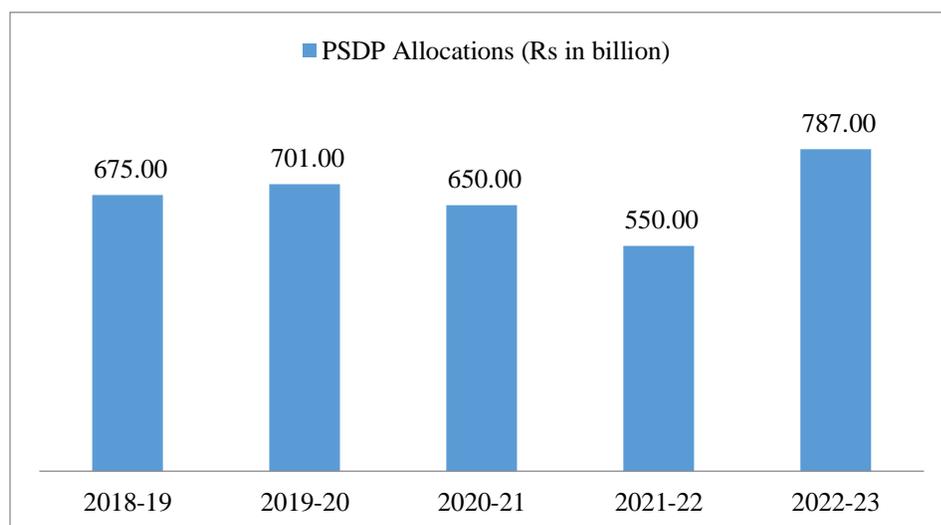

Figure: PSDP Allocations for last five years (Source: PSDP Archive and Year Books - Ministry of Planning, Development and Special Initiatives)

It is worth mentioning that original allocations for the year 2021-22 were Rs 900 billion, which were subsequently revised to Rs 550.00 billion. Moreover, original allocations for the year 2022-23 were Rs 800 billion, which were revised as Rs 787 billion.

Infrastructure development works of federal government are executed by specialized department, namely Pakistan Public Works Department, development authorities/agencies like National Highway Authority, Capital Development Authority, Civil Aviation Authority, Federal Government Employees Housing Authority, Pakistan Housing Authority Foundation, Higher Education Commission, Sindh Infrastructure Development Company Limited, Gwadar Port Authority, etc., and also by some ministries/departments concerned. The public sector autonomous organizations - such as CAA, CDA, FGEHA, PHAF, etc. – generate their own resources for implementing development programmes. However, CDA and CAA also receive PSDP funds for certain projects. NHA, though generates its own resources, it also receives Cash Development Loan (CDL) from federal government and foreign loans through PSDP of Ministry of Communications for execution of development projects.

The Directorate General of Audit Works (Federal), Islamabad is mandated to carry out audit of the Federal Government entities engaged in construction works, i.e., NHA, CDA, CAA, Pak PWD, FGEHA, NCL, PHAF, SIDCL, HEC (PSDP/Infrastructure development works executed by federally chartered universities/institutions), Ministry of PD&SI (Special Project Cell), Gwadar Port Authority (GPA) and Federal Board of Revenue (FBR). These entities received 30% (Rs 218.624 billion) of the total federal PSDP funds for financial year 2022-23 (Rs 731.662 billion). Out of it, Pak PWD got Rs 102.103 billion including funds for Sustainable Development Goals and NHA got Rs 94.168 billion, including Rs 20.117 billion for adjustment at source against Foreign Aid-Cash Development Loan.

There are two main sectors under the Audit jurisdiction of Directorate General of Audit Works (Federal), Islamabad as follows:

Communication and Transport which includes National Highway Authority in Road Infrastructure Sector and Civil Aviation Authority in Aviation Sector.

Housing & Physical Planning which includes Pakistan Public Works Department, Pakistan Housing Authority Foundation, Federal Government Employees Housing Authority and Capital Development Authority/Metropolitan Corporation Islamabad.

The development spending trend of the departments (including PSDP and self-generated financial resources) under auditorial jurisdiction of this office during last five years is as under:

Year-wise Development Expenditure of Departments

Department	Expenditure (Rs in billion)				
	2018-19	2019-20	2020-21	2021-22	2022-23
NHA	185.62	155.119	98.147	81.269	94.168
CAA	13.98	9.01	12.408	14.564	10.084
PPWD	3.09	5.52	24.397	21.532	102.103
PHAF	4.04	2.39	2.832	4.333	4.625
FGEHA	5.94	3.14	7.865	8.958	10.446
CDA/MCI	2.69	2.85	9.005	28.442	39.599
HEC	3.05	4.54	3.496	6.579	4.004
SIDCL	6.94	5.05	7.229	4.790	3.185
GPA	1.59	3.83	4.014	0.915	0.015
FBR	-	-	7.041	9.60	8.406
Total	226.94	191.449	176.434	180.982	276.635

Source: Expenditure statements/Financial statements for the years 2018-19 to 2022-23 of the departments concerned

The above table indicates that development expenditure of these departments has a downward trend after 2018-19 till 2020-21 and then a rising trend in 2021-22 and 2022-23.

Sector-wise analysis is as follows:

Communication and Transport

Road Infrastructure

Transport sector in general and road infrastructure in particular have an enduring effect on economic growth of Pakistan. NHA is responsible to plan promote, organize and implement construction, development, operation, repair and maintenance of 48 national highways, motorways, expressways and strategic roads (14,480 km)¹⁰ which is 5% of total national road network (263,775 km). It supports 80% of commercial traffic.

Pakistan Vision 2025 envisages increase in road density from around 260,000 km to 358,000 km. NHA has aspired to double the road density till 2025 by increasing the Public-Private Partnership (PPP). It has been seeking for interested local, as well as, foreign firms for investment. Sambrial-Kharian, Kharian-Rawalpindi and Sukkur-Hyderabad Sections of National Highways have been awarded by NHA on PPP mode.

Through Medium Term Budgetary Framework (Performance Based Budget 2022-23 to 2024-25), the Government of Pakistan set and assign medium term priorities for development and improvement of various sectors. As per MTBF, NHA is responsible for development of road infrastructure, its expansion and maintenance. NHA has planned to embark on various programmes for construction of new roads/bridges and improvement/rehabilitation of the existing infrastructure.

Through China-Pakistan Economic Corridor, NHA is connecting Khunjerab to Gwadar. Short term projects of eastern alignment include Construction of Karakorum Highway Havelian-Thakot Section (118 km) and Sukkur-Multan Section of Peshawar-Karachi Motorway (392 km). These sections had been completed by NHA through foreign loan. CPEC Western alignment project Dera Ismail Khan-Hakla (285 km) had been substantially completed through Federal Government funding and was open to traffic from 05.01.2022, as a key milestone.

¹⁰ Pakistan Economic Survey 2022-23

Among other CPEC projects, “Construction of Eastbay Expressway at Gwadar Port” (financed through China loan) had been completed by GPA as a part of modernization of port facilities under CPEC and maritime linkage. This project will connect Gwadar Port with hinterland through M-8 and Makran Coastal Highway. The project has been completed and inaugurated in June 2022.

Development portfolio of NHA

NHA development portfolio for the year 2022-23 is as under:

Description	No. of projects	Allocations (Rs in million)		
		Foreign	Local	Total
Ongoing Projects	64	21,500.000	64,788.281	86,288.281
New Projects	46	1,000.000	22,295.121	23,295.121
Sub-Total	110	22,500.000	87,083.402	109,583.402
BOT/PPP Projects	05	0	7,670.000	7,670.000
Grand Total	115	22,500	94,753.402	117,253.402

Source: NHA PSDP Utilization Status Report for the year 2022-23

PSDP budget was revised as Rs 98,641.878 million (Foreign Rs 22,500 million and Local Rs 76,141.880 million). Actual authorization/disbursement against the budgeted PSDP was Rs 94,167.500 million including local component of Rs 76,141.88 million and foreign component of Rs 18,025.621 million.

Overall utilization of PSDP funds was Rs 94,070.999 million, which includes local component of Rs 54,542.595 million, foreign component of Rs 18,025.621 million, CDL adjustment of Rs 20,117.853 million and BOT projects amounting to Rs 1,384.930 million.

There were 46 new schemes with original allocation of Rs 23,295.121 million, subsequently revised to Rs 12,745 million. Only two of the new schemes could be initiated physically and expenditure of Rs 3,281.320 million (25.74%) was incurred on civil works against new schemes. One out of 46 new projects involved foreign assistance, but the project could not be started. This indicates that new schemes could not be implemented as per planned targets. There were 64 ongoing projects but, no expenditure was incurred against 11 projects during the financial year 2022-23. As such, construction activity on ongoing projects was also not according to the planned targets.

Public-Private Partnership

Allocation in original PSDP for 2022-23, included five BOT projects for Rs 7,670.000 million as Viability Gap Funding (VGF). However, in only one project “Construction of Kharian-Rawalpindi Motorway” upfront VGF of Rs 1,369.00 million was released. In another project, “Construction of Sialkot (Sambrial)-Kharian Motorway”, awarded on 13.09.2021, the concessionaire M/s Sialkot-Kharian Infrastructure Management (SKIM) Pvt. Ltd did not achieve financial close as required within six months, despite release of Rs 4,000.00 million as VGF by NHA in June 2022. Another project “Construction of Hyderabad-Sukkur Motorway” could not be started despite execution of concession agreement in December 2022. As such, investment opportunities through PPP mode have not been exploited optimally by NHA as no activity could be undertaken against most of the PPP projects.

Maintenance of road network

As per performance indicator given in Medium Term Budgetary Framework (Performance Based Budget 2022-23 to 2024-25) road maintenance of 10,700 km was planned during 2022-23. Planned activities of current and previous years were not carried out accordingly which resulted in deterioration of road network. Annual Maintenance Plan (AMP) prepared by NHA has not been implemented efficiently.

Current year’s AMP (2022-23) was estimated at Rs 84,169.260 million but, no expenditure could be incurred. In addition to the current estimation, a sum of Rs 114,772.661 million was provided in AMP for previous year’s liabilities and only Rs 41,527.636 million were spent on road maintenance activities, which indicated poor performance of the maintenance units of NHA all over Pakistan. Delay in implementation of AMP results in difficulties for road commuters, including life threats, and higher economic cost due to inflation. Further, delay in execution causes deterioration of road network and resultant enhancement of the scope of work.

Revenue Collection

NHA has lawful authority to collect revenue for operation and maintenance of its road network. The collection broadly pertains to (i) Revenue from tolls and (ii) Revenue from commercialization of ROW. Medium term outcome, envisaged in MTBF 2022-25, includes improvement of socio-economic conditions of the people through development, expansion and maintenance integrated road network. This requires more funds for preservation and improvement of road network.

a. Toll Revenue

An analysis of toll collections shows that there was steady rise in 2020-21 and 2021-22, mainly due to increase in road network, however, it decreased during 2022-23. The decrease in toll revenue in the year 2022-23 is due to award of toll collection contract of Lahore-Abdul Hakeem, Multan-Sukkur, Pindi Bhattian-Multan, Islamabad-Peshawar, Hassan Abdal-Havelian and Hakla-D.I Khan Motorways on 32.5% O&M cost causing decrease in net toll income. Comparative analysis is shown in the following table:

NHA Toll Collection Analysis for the years 2015-16 to 2022-23

Year	Toll Collection (Rs in million)	Increase/(Decrease) (Rs in million)	Percentage Increase/ (decrease)
2015-16	15,563.00	---	---
2016-17	18,504.00	2,941.00	18.89 %
2017-18	19,191.00	687.00	3.71 %
2018-19	23,052.00	3,861.00	20.12 %
2019-20	25,573.00	2,521.00	10.94%
2020-21	29,657.00	4,084.00	15.96%
2021-22	35,063.00	5,406.00	18.23%

Year	Toll Collection (Rs in million)	Increase/(Decrease) (Rs in million)	Percentage Increase/ (decrease)
2022-23	33,399.37	(1,663.63)	(4.74%)

Source: Financial statements for the years 2015-16 to 2022-23

b. Revenue from commercialization of ROW

Revenue generation through commercialization of Right of Way (ROW)/rent shows a visible increase in 2020-21, decrease in 2021-22 and then again increase in 2022-23, though 25% less than the estimated receipt of Rs 3,193.39 million.

NHA Right of Way Income for the years 2015-16 to 2022-23

Years	Total (Rs in million)
2017-18	1,912.914
2018-19	1,910.758
2019-20	1,938.077
2020-21	3,644.000
2021-22	2,164.260
2022-23	2,372.320

Source: Financial statements and information provided by NHA for the years 2017-18 to 2022-23

Institutional sustainability

Due to inefficient revenue management, NHA is unable to generate matching resources to rehabilitate/maintain the existing road network, as well as, repay the cash development loan from Federal Government. Due to non-payment of cash development loan by NHA, Ministry of Finance has made deduction at source from releases of PSDP during 2022-23 (Rs 20,117.853 million i.e., 21.36% of total releases of Rs 94,167.500 million). This has adversely affected the cash flows for development projects, resulting in hampering of physical progress and subsequent throw forward to the next financial year with resultant cost overrun.

NHA is facing financial deficit with varying trend (operating income versus operating expenses) mainly due to depreciation expense in Income and Expenditure Account/financial statements. Detail is as under:

NHA Financial Deficit Analysis

(Rs in billion)

	2018-19	2019-20*	2020-21	2021-22*	2022-23**
Deficit after taxation	171.050	135.476	254.568	169.504	413.454

* Restated figures in the financial statements

** As per draft financial statements for the year 2022-23

Sharp increase in deficit for the year 2022-23 is mainly due to disclosure of “Finance Cost” on account of mark-up on long terms loans for Rs 153.159 billion, which was shown as “Nil” in the year 2021-22.

Non-current and current liabilities i.e., long term loans (Cash Development Loan) also have a rising trend:

NHA’s Non-Current and Current Liabilities Analysis

(Rs in billion)

	2018-19	2019-20*	2020-21	2021-22*	2022-23**
Local (GoP, Provincial Govt.)	890.127	1,012.360	1,112.887	1,170.016	1,244.124
Foreign Loan	667.405	723.158	733.292	781.238	853.730
Total	1,557.532	1,735.518	1,846.179	1,951.254	2,097.854
Mark-up on long term loans	621.424	709.029	841.263	841.263	1,061.319

* Restated figures in the financial statements

** As per draft financial statements for the year 2022-23

The Authority has current liability of re-payment of mature long term loans of Rs 481.016 billion and interest thereon amounting to Rs 1,061.319 billion.

Governance issues

From the PDPs issued to the Ministry of Communications, Audit observed partial or complete deviation from compliance processes i.e., non-conducting physical inspection of ongoing works at initial and middle stage, non-finalization of accounts, non-implementation of Annual Maintenance Plan, inefficient utilization of ROW for revenue generation, execution of below standard works, inability to manage debt servicing, inefficient axle load regime, inadequate implementation of PSDP and delay in award of works, non-adherence to PPRA/Planning Commission's guidelines, mis-management in EPC/turnkey contract implementation/non-adjustment of cost of un-executed works, execution of works over and above the approved PC-I, inadequate planning leading to a series of variation orders during execution, etc. (Paras 2.4.1, 2.4.2, 2.4.3, 2.4.5, 2.4.6, 2.4.7, 2.4.8, 2.4.9, 2.4.10, 2.4.13, 2.4.21, 2.4.23, 2.4.30, 2.4.32)

The analysis of observations revealed that major deviations are due to weak internal controls, non-adherence to contract spirit, late financial releases and improper planning, execution and monitoring.

The sector may witness improvement if internal controls are strengthened, proper planning, execution and monitoring is done diligently to ensure timelines and thus reduce cost overruns, escalation and change in scope during the execution.

Aviation Sector

As per Pakistan Vision 2025 a key objective related to the aviation sector, will be enhancement of the cargo and passenger infrastructure and handling capacity at important airports to meet the delivery needs of a modern global supply chain. Further, a revised civil aviation policy will be formulated.

National Aviation Policy stipulates separation of regulatory and service provision functions in CAA, promotion of import and export through air cargo villages and upgradation of airports. Pakistan Civil Aviation Ordinance, 2021 and Pakistan Airports Authority, Ordinance 2021 have been promulgated in line with National Aviation Policy. Air cargo villages were not established by CAA so far and adequacy of operation of air routes of politically and socially deprived locations was not determined so far.

On 31.12.2022, Government of Pakistan decided to outsource the operational management of the Jinnah International Airport Karachi, Allama Iqbal International Airport Lahore and Islamabad International Airport to international operators, in order to attract foreign investment. The same is at tendering stage.

Development portfolio

Annual Development Programme of CAA contained allocation of Rs 19,909.009 million for infrastructure development/upgradation of airports for the financial year 2022-23.

CAA has taken up the initiative of upgradation/extension of airports at Lahore, Faisalabad, Peshawar, Quetta and Karachi, as per Aviation Policy. Work at Peshawar has been completed and works at other stations, except Karachi, are in progress. Upgradation work at Karachi airport is at tendering stage. Another project “Construction of New Gwadar Airport”, is also one of the performance indicators towards compliance of International Civil Aviation Organization standards, which is under execution by CAA under China grant. Airport at Skardu has been upgraded. Development/construction of Green Field aerodrome for general aviation activities at Muridke, near Sheikhpura, has also been initiated as a substitute of Walton Aerodrome.

Revenue collection

CAA has a good stream of revenue on account of aeronautical and non-aeronautical activities. Analysis of revenue collections during last five years (shown below) indicates a steady rise except 2019-20, and 2020-21.

CAA's Revenue Collection Analysis

Type of Revenue	Amount realized (Rs in billion)				
	2018-19	2019-20	2020-21	2021-22	2022-23
Aeronautical	77.148	57.181	38.936	75.552	124.195
Non-Aeronautical	8.978	9.174	10.401	12.322	14.360
Total	86.126	66.355	49.337	87.874	138.555

Source: Financial Statements for the years 2018-19 to 2022-23

Due to the spread of Covid-19, reduction in passenger and air traffic, the aeronautical revenue of the Authority in 2020-21 (Rs 38.936 billion) decreased by 31% as compared to previous years realization of Rs 57.181 billion and by 49% as compared with actual aeronautical revenue realized during 2018-19 (Rs 77.148 billion), a Pre-Covid situation. However, during 2021-22 and 2022-23 it has raised tremendously.

Governance issues

Audit has observed that major issues in this sector have been non-realization of due revenue, especially from Pakistan International Airlines, non-maintenance of Measurement Books, encroachment of CAA land, mismanagement in award of concession/licenses, human resource issues, etc. (Paras 4.4.1, 4.4.5, 4.4.15, 4.4.17, 4.4.21, 4.4.51)

The analysis of the audit observations revealed that the deviations are due to weak internal controls and improper monitoring.

Housing and Physical Planning

As per Rules of Business 1973, Housing and Works Division is responsible for development of sites, construction, furnishing and maintenance of Federal Government buildings, except those under the Defense Division and Ministry of Foreign Affairs. Pak PWD, FGEHA, PHAF and Naya Pakistan Housing and Development Authority (NAPHDA) are the implementing arms of Housing and Works and Cabinet Division to discharge with the assigned responsibilities.

Pak PWD is responsible for construction and maintenance works (Buildings and Roads) of the Federal Government. The FGEHA is authorized to initiate, launch, sponsor and implement Housing Schemes for Federal Government Employees in major cities of Pakistan, to make and assist, as far as possible, each of them to have house at the time of retirement or earlier. PHAF is mandated to provide shelter and to reduce the housing shortfall in Pakistan.

CDA and MCI under the administrative control of Interior Division are responsible for development of new sectors, allotment and transfer of plots, maintenance of sectors, municipal services, provision of health and medical services in Islamabad and Federal Capital Territory, etc.

Governance Issues

Pak PWD incurred development expenditure of Rs 99,292.592 million during the financial year 2022-23. Audit observed through test check that 25 out of 55 Divisions incurred expenditure of Rs 26,770.528 million in June 2023, which constituted 70% of total expenditure. The disproportionate expenditure casts serious doubts on the credibility and physical execution of the development works in the closing month of the financial year. (Para 1.2.1)

CDA auctioned commercial plots in various sectors having different sizes. Audit observed that back-up record i.e., detailed calculations of average auction prices, calculation of GPI, market trend of prices/analysis, calculation of reserve price, etc., was not available in the record. Matters relating to private housing societies and construction activities for residential and commercial buildings have not been properly monitored. (Para 3.4.1, 3.4.57, 3.4.63, 3.4.65, 3.4.73)

1.2 Issues relating to Financial Attest Audit of Appropriation Accounts of Pakistan Public Works Department

Pakistan Public Works Department (Pak. PWD) maintains its accounts as a self-accounting entity. Directorate General of Audit Works (Federal), Islamabad conducted Financial Attest Audit of the Appropriation Accounts of Pak. PWD as per Section 7 of the Auditor-General's (Functions, Powers and Terms and Conditions of Service) Ordinance, 2001. The results of Financial Attest Audit were reported to the Department through Management Report. Audit para is as follows:

1.2.1 Financial indiscipline due to rush of expenditure - Rs 26,770.528 million

Rule 96 of General Financial Rules (Vol-I) provides that it is contrary to the interest of the State that money should be spent hastily or in an ill-considered manner merely because it is available or that the lapse of a grant could be avoided. In the public interest, grant that cannot be profitably utilized should be surrendered. The existence of likely saving should not be seized as an opportunity for introducing fresh items expenditure which might wait till next year. A rush of expenditure particularly in the closing months of the financial year will ordinarily be regarded as a breach of financial regularity.

Development expenditure of Rs 99,292.592 million was incurred against Grant No. 128 (Capital Outlay) during the financial year 2022-23. Audit observed that there was huge spending in the closing month of June 2023. An analysis of spending trend indicated that 25 out of 55 Divisions incurred expenditure of Rs 26,770.528 million in June 2023, which constituted 70% of total expenditure of Rs 38,239.825 million incurred by these Divisions (**Annexure-A**). The disproportionate expenditure casts serious doubts on the credibility and physical execution of works which require certain minimum time for curing and testing before payment. This hasty expenditure approach during the closing months led to financial mismanagement and indiscipline.

Audit maintains that rush of expenditure occurred due to weak financial management.

Audit pointed out the matter of hasty expenditure in November 2023, but the management did not reply.

The matter was discussed in DAC meeting held on 29.11.2023 wherein Department explained that payments were made in closing months due to late release of funds. Audit contended that it is a systemic

issue. DAC directed Director General Pak PWD to provide physical reports of the schemes to Audit for evaluation.

Audit recommends compliance of DAC directive regarding report on status of physical execution of the schemes.

(Para 04 of Management Letter)

CHAPTER 2

NATIONAL HIGHWAY AUTHORITY

(MINISTRY OF COMMUNICATIONS)

2.1 Introduction

A. National Highway Authority (NHA) was established in 1991 through an Act of Parliament. The purpose and functions of the Authority are to plan, promote, organise and implement programmes for construction, development, operation, repair and maintenance of national highways and strategic roads specially entrusted to it by the Federal Government or by a Provincial Government or any other authority concerned.

NHA is under the administrative control of Ministry of Communications (Communications Division). As per Schedule II of the Rules of Business, 1973, business assigned to Communications Division includes national policy, planning, research and international aspects of roads and road transport; national highways and strategic roads; National Highway Council and Authority; administration of the Central Road Fund and Fund for Roads of National Importance.

NHA has its headquarters at Islamabad with regional offices at Peshawar, Abbottabad, Burhan, Gilgit, Kallar Kahar, Mianwali, Lahore, Multan, Karachi, Sukkur, Quetta, Khuzdar and Gwadar.

B. Comments on Budget and Accounts (Variance Analysis)

Table below shows fund-wise position of budget allocation and actual expenditure (with reference to nature of fund) of NHA for the financial year 2022-23:

(Rs in million)

Type of Funds	Budget Allocation	Actual Releases	Expenditure
Non-Development	221,614.511	58,007.728	58,007.728
Maintenance Grants (GoP)	8,645.000	6,454.500	6,454.500
Road Maintenance Account	88,171.26	-	-
Provision against previous years AMP	114,772.661	41,527.636	41,527.636
Operating Expenditure (Pay & Allowances and Operational Expenditure)	10,025.592	10,025.592	10,025.592
Development	98,641.878	95,340.215	95,340.215
PSDP (Local)	76,141.88	76,141.88	76,141.88
Foreign Loans (Development)	22,500.000	18,025.620	18,025.620
Deposit Works (Shatiyal Thor Nullah Bypass)	-	1,172.717	1,172.717
Grand Total	320,256.389	153,347.944	153,347.944

Source: Utilization Reports/Expenditure statements provided by NHA

Operating income of NHA for the financial year 2022-23 is as under:

(Rs in million)

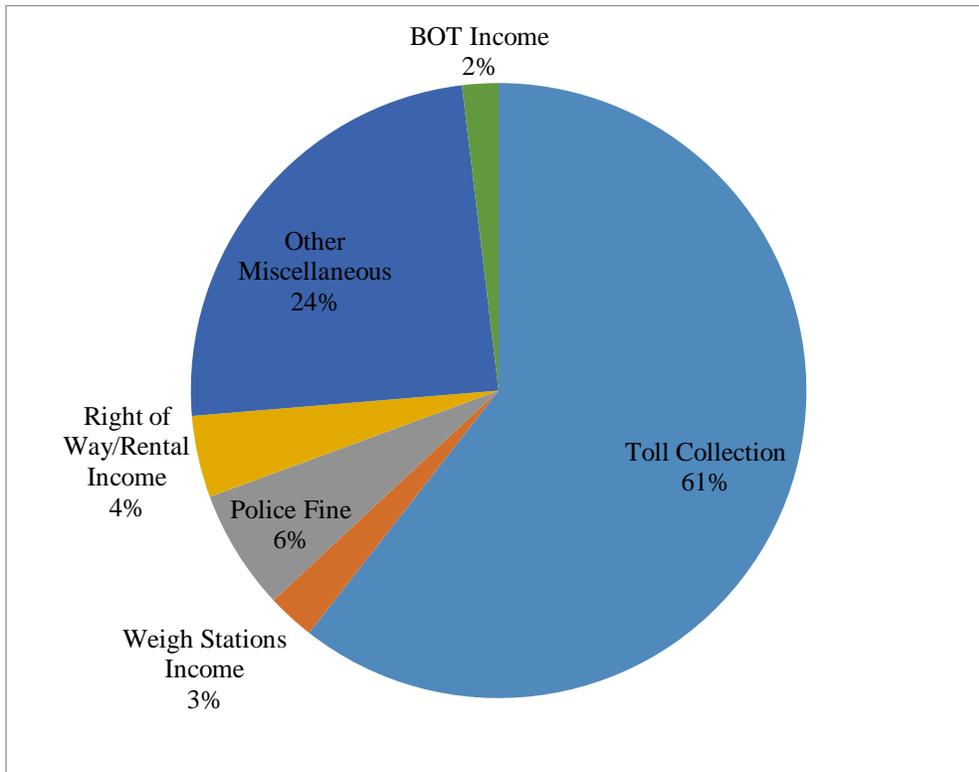

S. No	Head	Estimated Revenue	Actual Receipt Realized	Excess/ (Shortfall)	Percentage Excess/ (Shortfall)
1	Toll Collection	35,673.87	33,399.37	(2,274.50)	(6.38%)
2	Weigh Stations Income	1,058.98	1,377.06	318.08	30.04%
3	Police Fine	2,636.50	3,489.93	853.43	32.37%

S. No	Head	Estimated Revenue	Actual Receipt Realized	Excess/ (Shortfall)	Percentage Excess/ (Shortfall)
4	Right of Way/Rental Income	3,193.39	2,372.32	(821.07)	(25.71%)
5	Other Miscellaneous	7,000.00	13,463.60	6,463.60	92.34%
6	BOT Income	1,049.00	1,049.00	-	0.00%
Total		50,611.74	55,151.28	4,539.54	8.97%

Source: Income statement provided by NHA

Percentage of head-wise revenue collection of NHA for the year 2022-23 is given in the following pie chart:

Head-wise Percentage of Revenue

Comments on ‘Receipt and Expenditure Account’ of NHA for the financial year 2022-23 are as under:

NHA made provision of Rs 88,171.26 million for maintenance of roads in the budget estimates for the financial year 2022-23, but no releases were made during the year 2022-23 for the current year maintenance plan. The financial resources of Rs 41,527.636 million were utilized towards clearance of liabilities for the previous years.

NHA engaged M/s Baker Tilly Mehmoood Idrees Qamar, Chartered Accountants, Islamabad, for third party audit of the Financial Statements of NHA as at 30.06.2023 without concurrence of the Auditor-General of Pakistan as required. (DP. 422)

There exists no mechanism for assessment of annual revenue income in NHA. Therefore, overall increase in estimated revenue does not show the real achievement. However, Right of Way/Rental Income was estimated at Rs 3,193.39 million against which income of Rs 2,372.32 million was realized, leaving a short fall of Rs 821.07 million (25.71%).

C. Audit Profile of NHA

S. No.	Description	Total	Audited	Expenditure audited FY 2022-23 (Rs in million)	Revenue/ Receipts audited FY 2022-23 (Rs in million)
1	Formations	58	23	82,982.91	-
2	Assignment Accounts SDAs, RFAs (Excluding FAP)	132	132*	-	-
3	Foreign Aided Projects (FAP)**	08	08	19,998.97	-

* Three Assignment Accounts for Maintenance Grants for national highways, KKH Thakot Khunjerab Road, KKH Skardu Road, Torkham-Jalalabad Road and Mianwali Road and 129 Assignment Accounts for Cash Development Loan under PSDP (including 08 Assignment Accounts of foreign-aided projects). Expenditure audited shown against formations is inclusive of Assignment Accounts and own resources of NHA.

** Financial Attest Audit Reports submitted to Economic Affairs Division and Development Partners concerned. Significant audit observations have been included in this report. This figure includes PSDP/non-PSDP loans, grants and counterpart Government funds. This also includes two CPEC related projects involving expenditure of Rs 13,880.455 million.

Note: In addition to above, four formations audited during Phase II of 2022-23 involving expenditure of Rs 7,051.54 million and results incorporated in this report.

2.2 Classified summary of audit observations

Audit observations amounting to Rs 373,279.054 million are raised in this audit report. This amount also includes recoverable of Rs 20,550.846 million as pointed out by the Audit. Summary of the audit observations classified by nature is as under:

Overview of audit observations

S. No.	Classification	Amount (Rs in million)
1	Irregularities	
A	Procurement/award related irregularities	37,634.030
B	Execution of works, contract agreement	209,010.672
C	Management of accounts with commercial banks	1,224.567
2	Value for money and service delivery issues	5,411.859
3	Revenue related issues	80,975.467
4	Others	39,022.459
Total		373,279.054

Note: Amount of audit observations exceeds audited outlays due to issues like award of works which involve future spending, amount covering multiple previous years of spending, multiple reckoning of monetary impact in different audit observations pertaining to same transaction, etc.

2.3 Brief comments on the status of compliance with PAC's directives

Compliance position with PAC's directives on previous Audit Reports relating to NHA is as under:

Year	Total Paras	Total No. of Paras Discussed	Compliance Made	Compliance Awaited	Percentage of compliance
1987-88	10	10	8	2	80
1989-90	3	3	2	1	66.67
1990-91	9	9	8	1	88.89
1991-92	31	31	25	6	80.65
1992-93	88	88	83	5	94.32

Year	Total Paras	Total No. of Paras Discussed	Compliance Made	Compliance Awaited	Percentage of compliance
1993-94	117	117	26	91	22.22
1994-95	38	38	34	4	89.47
1995-96	25	25	23	2	92
1996-97	45	45	42	03	93.33
1997-98	468	468	358	110	76.50
1998-99	177	177	154	23	87.01
1999-00	185	185	130	55	70.27
2000-01	244	244	213	31	86.58
	2 PAR	2 PAR	-	2 PAR	0
2001-02	70	70	43	27	61.43
2002-03	21	21	10	11	47.62
2003-04	50	50	36	14	72
2004-05	27	27	19	08	70.37
2005-06	30	30	25	05	83.33
2006-07	65	65	50	15	76.92
2007-08	36	36	13	23	36.11
2009-10	AR-71	71	40	31	56.34
2009-10	PAR-20	20	3	17	15
2008-09	SAR-120	4	-	4	0
2010-11	86	86	43	43	50
	16 PAR	16	1	15	6.25
	24 PAR	24	11	13	45.83
	36 PAR	36	18	18	50.00
2011-12	58	03	03	0	100

Year	Total Paras	Total No. of Paras Discussed	Compliance Made	Compliance Awaited	Percentage of compliance
2013-14	45	45	14	31	31.11
2014-15	60	16	7	9	11.67
2015-16	117	10	02	08	20.0
2016-17	205	33	15	18	45.45
2017-18	95	27	10	17	37.00
2018-19	77	41	9	32	21.95
2019-20	110	42	30	12	71.42

Note: Audit Reports for 2020-21, 2021-22 and 2022-23 were not discussed by PAC till the finalization of this Audit Report. Whereas Audit Reports for 1997-98, 2008-09 (Special Audit Report FY 2005-08), 2011-12, 2012-13, 2014-15, 2015-16, 2016-17, 2017-18, 2018-19 and 2019-20 were partially discussed.

2.4 AUDIT PARAS

2.4.1 Non-conducting of required physical inspection of projects valuing Rs 750,380.846 million

According to Paras 1 and 2 of Standard Operating Procedure (SOP) for inspection of ongoing construction works issued by NHA Inspection Wing dated 27.02.2014, in addition to construction supervision consultants, the Inspection Wing shall carry out inspections of all types of ongoing construction projects on achieving progress of works between 30 to 50 percent and 60 to 80 percent.

Audit observed that the Monitoring & Inspection Wing of NHA did not conduct inspections of the ongoing twenty-one (21) major construction Projects/Works valuing Rs 750,380.846 million (**Annexure-B**) in violation of the SOP.

Audit maintains that certain tests in case of projects involving construction of high embankment could only be made by M&I Wing of NHA during construction phase (between 30 to 50 percent and between 60 to 80 percent progress). As an instance (printed Para 2.5.3, Audit Report 2019-20), in Hassanabdal-Havelian Expressway (E-35) Project having completion cost of Rs 34,165.00 million, no such tests/inspections were carried out during execution. After construction of embankment, tests were carried out and, out of 56 field density tests, only 29 fulfilled the specification requirement. Less compaction and use of unsuitable soil in embankment was also reported in the inspection report of Director (Monitoring & Inspection Wing), NHA.

Audit pointed out the irregularity in April 2023. The Authority replied that construction supervision consultants were available at site all the time and M&I Wing conducted site inspections at the time of issuance of Taking-Over Certificates (TOCs) and Defect Liability Certificates (DLCs).

The reply was not accepted because, as pointed out, site inspections were required by M&I Wing during progress of the works which was not done.

The matter was discussed in DAC meeting held on 9-10 January, 2024 wherein NHA took the stance that the supervision of works during execution was under the ambit of supervisory consultants as per provisions of contract. Audit contended that NHA, being employer, failed to conduct site inspections during execution of projects as per approved SOP and there were instances that in the presence of supervisory consultants, defects were witnessed in the executed works worth billions of rupees which could have been avoided through continuous and timely monitoring. DAC directed NHA to make a strategy to strengthen M&I Wing and strictly adhere to the approved SOP for Monitoring and Inspection of ongoing projects and devise mechanism of coordination with project management to ensure field inspections during execution of works. DAC further directed

that M&I Wing shall provide project wise reports and certificates that all defects have been removed or otherwise recoveries effected. Final bills shall also be checked.

Audit recommends that implementation of SOP on the subject may be ensured and reports of M&I with implementation status thereof be shared with Audit.

(DP. 66 & 242)

2.4.2 Non-finalization of accounts of completed projects of Rs 102,088.204 million and non-conducting of inspections of completed maintenance works of Rs 27,788 million

Para 3.33 of Planning Commission's Project Management Guidelines, 2008 provides that project is considered to be completed/ closed when all the funds have been utilized and objectives achieved or abandoned due to various reasons. At this stage the project has to be closed formally. Further, Para 3.34 further provides that project closure involves handing over the deliverables to the concerned authorities.

Para 5.9.3 of SOP for Road Maintenance Account (RMA), NHA Code (Volume-II) provides that maintenance works shall commence from 1st July of every calendar year and be completed during the financial year (that is by 30th June of the next calendar year).

As per Paras 1 and 3(d) of SOP for Inspection of Maintenance Works (February 2014), Inspection Wing shall carry out inspection of maintenance works of all regions on completion of at least 50% work. Necessary tests would be carried out by General Manager (Inspection) and his team in line with contract agreements and specifications. Quality, quantities and condition of executed works as per approved estimates/ contract agreement would be checked by the Inspection Team.

A. Audit noted that eleven (11) projects/works amounting to Rs 102,088.204 million were completed during the years 2016 to 2023, as detailed below:

DP. No.	Package	Contract Cost (Rs in million)	TOC/ Completion Date
143	Lowari Tunnel Project	19,300.990	24.04.2018
183	02 Periodic Maintenance Works	495.954	06.03.2023 and 20.05.2023

DP. No.	Package	Contract Cost (Rs in million)	TOC/ Completion Date
417	Hakla to D. I. Khan Package - I Yarak - Rehmani Khel	13,257.000	28.07.2021
	Package-2B	7,250.000	04.11.2020
	Package-2C	7,137.853	23.01.2022
	Package-IV-Pindi Gheb to Tarap	21,386.222	01.01.2022
	Package-V Hakla to Pindi Gheb	16,886.803	01.01.2022
	National Highway Development Sector Investment Programme (NHDSIP), N-50 (Lot-I)	4,803.218	10.01.2020
	NHDSIP N-50 (Lot-II)	4,043.635	10.01.2020
	NHDSIP N-70 (Lot-I)	4,454.848	30.09.2019
	NHDSIP N-70 (Lot-II)	3,071.681	30.09.2019
	Total	102,088.204	

Audit observed that even after two to three years of completion, as indicated in the above table, NHA did not finalize the accounts of the said projects and PC-IV and PC-V had also not been prepared for submission to Planning Commission as required. Furthermore, Audit observed that assets - i.e., vehicles, office and residence furniture and fixtures, laboratory and survey equipment procured against these projects - had also not been taken on stock register as per contractual obligation.

B. Audit noted that Maintenance Units of Sindh, Northern Areas, Punjab, Khyber Pakhtunkhwa, Balochistan (North & South) and M-1 got executed 162 Periodic Maintenance works under Annual Maintenance Plans 2015-16, 2016-17, 2017-18, 2018-19, 2019-20 and 2020-21 with agreement cost of Rs 27,788 million through various contractors.

Audit observed that the final bills of substantially completed works and accounts of these works were not finalized despite lapse of four to five years after completion without any cogent reason. Further, no evidence in support of testing and inspection of works at 50% execution as per approved SOP by the M&I Wing of NHA was available on record.

This resulted in non-finalization of accounts of completed projects of Rs 102,088.204 million and non-conducting of Monitoring and Inspection reports of completed maintenance works amounting to Rs 27,788 million.

Audit pointed out the matter during July-August 2023. The Authority replied in case of Lowari Tunnel Project that DLC and Final Bill were delayed due to delay in approval of Revised PC-I and non-availability of funds. As regards D.I Khan-Hakla Motorway Project, NHA replied that additional work of service area emerged after completion of main road work and finalization of accounts was in process and also replied in respect of maintenance works, that works were being finalized. The Authority did not respond in NHDSIP Projects (N-50 and N-70).

The matter was discussed in DAC meeting held on 9-10 January, 2024 wherein DAC took notice of non-finalization of accounts of the completed works and directed early compliance. DAC further directed NHA to strictly adhere to the approved SOP and devise mechanism to ensure field inspections during execution of works.

Audit recommends finalization of accounts besides field inspections of maintenance works.

Note: The issue was reported earlier also in the Audit Reports for Audit Years 2021-22 and 2022-23 vide para numbers 2.4.7 (2021-22) and 2.4.6 (2022-23) having a financial impact of Rs 368,275.63 million. The recurrence of same irregularity is a matter of serious concern.

(DP 81, 143, 183 & 417)

2.4.3 Irregular carrying forward previous year's liabilities of Rs 65,779.166 million and non-procurement of works under AMP 2022-23 amounting to Rs 23,610.04 million

Para 5.9.3 of SOP for Road Maintenance Account (RMA), NHA Code (Volume-II) provides that maintenance works shall commence from 1st July of every calendar year and be completed during the financial year (that is by 30th June of the next calendar year).

A. Audit noted that the National Highway Executive Board (NHEB) in its 433rd meeting held on 23.05.2023 granted the approval of Annual Maintenance Plan (AMP) 2023-24 amounting to Rs 72,850.00 million, which also contained the liabilities from previous years amounting to Rs 52,861.74 million (region-wise actual liabilities of Rs 65,779.166 million). Audit further noted that NHEB directed General Manager (M&I) to conduct a fact-finding inquiry to know the reasons for delay in execution of previous AMPs.

Audit observed that liabilities of Rs 52,861.74 million carried forward from previous AMPs were due to non-award of works in the respective financial years. Delay in implementation of AMP

results in difficulties for road commuters, including life threats, and higher economic cost due to inflation. Further, delay in execution causes deterioration of road network and resultant enhancement of the scope of work.

This resulted in irregular carrying forward of previous years' liabilities of Rs 65,779.166 million, non-finalization of inquiry ordered by NHEB and non-procurement of works under AMP 2022-23 amounting to Rs 23,610.04 million.

Audit pointed out the irregularity in July-August 2023. The Authority replied that the accumulation of liabilities was due to delay in approval of AMPs, procurement and execution of works in the same financial year, therefore, the maintenance works approved under a particular AMP were generally executed/completed in subsequent AMPs. Thus, the payments were carried forward as a liability. Further, due to hyperinflation triggered since June 2021, progress on awarded works remained stalled which were resumed after inclusion of Price Adjustment Clause in the ongoing maintenance contracts in line with **Standard Procedure and Formula for Price Adjustment (Second Edition), May 2022, formulated by PEC** in collaboration with and under the guidance of Planning Commission of Pakistan and decision of the National Highway Council in its 38th meeting of 01.08.2022. The majority of Periodic Maintenance and Rehabilitation works of previous AMPs had now been completed whereas the execution of AMP 2022-23 and 2023-24 would be completed by June 2024 as per directions of NHEB in its 435th meeting. Moreover, fact-finding inquiry to know the reasons for delay in execution of previous AMPs was also in process.

Audit recommends that outcome of inquiry report ordered by the NHEB in the matter be shared with Audit to ascertain the actual time and cost overruns due to delay in award of works.

(DP. 87, 164)

B. Audit noted that NHEB in its 422nd meeting held on 20.01.2023 accorded the approval of AMP 2022-23 amounting to Rs 62,917.09 million in addition to liabilities carried forward from previous year amounting to Rs 47,388.114 million, whereas Rs 9,140.80 million was allocated for Periodic Maintenance (Functional Overlay), Rs 6,925.41 million for Periodic Maintenance (Structural Overlay) and Rs 7,543.83 million for Rehabilitation.

Scrutiny of accounts - i.e., progress reports of all regional maintenance offices maintained by the General Manager, RAMD, NHA HQ, Islamabad - revealed that all regional offices failed to procure works pertaining to Periodic Maintenance and Rehabilitation works up to 30.06.2023.

Audit observed that the works were required to be completed during the financial year till 30th June of the next calendar year but regional offices failed to procure works under the Annual Maintenance Plan 2022-23.

This state of affairs indicated that the Authority failed to implement the approved Annual Maintenance Plan due to which the objective of conservation and preservation of NHA road network and convenience of general public and road safety could not be achieved.

This resulted in non-procurement of works under Annual Maintenance Plan 2022-23 of Rs 23,610.04 million (Rs 9,140.80 million + Rs 6,925.41 million + Rs 7,543.83 million).

Audit pointed out non-procurement of works in July-August 2023. The Authority replied that subsequent to approval of AMP 2022-23, the procurement of works was commenced at regional/zonal office level and execution would be completed before 30.06.2024.

The matter was discussed in DAC meeting held on 9-10 January, 2024 wherein NHA responded that efforts were made to reduce the liabilities and ensure timely implementation of Annual Maintenance Plan in future. DAC directed NHA to share outcome of inquiry report ordered by the NHEB in the matter to ascertain the actual time and cost overruns due to delay in award of works/implementation of AMP.

Audit recommends early compliance of DAC's directives.

(DP. 88, 123, 231, 321 & 329)

2.4.4 Non-rectification of defects and non-effecting of recoveries pointed out by Monitoring & Inspection (M&I) Wing, NHA against contracts valuing Rs 45,762.491 million

According to Para 1 of SOP for issuance of Taking-Over Certificate (TOC) & Defect Liability Certificate (DLC) of NHA dated 12.12.2011, the Inspection Wing of NHA will carry out Inspection of Projects before issuance of Taking-Over Certificate (TOC) after Substantial Completion and before issuance of Defect Liability Certificate (DLC) at the end Defect Liability Period (DLP).

Audit noted that against ten (10) works valuing Rs 45,762.491 million, certain defects were pointed out by M&I Wing, NHA as per above-mentioned SOP during the years 2019-22 for rectification and recoveries against defective works as detailed in **Annexure-C**.

Audit observed that despite lapse of two to four years, the required rectifications/recoveries were not made by the project authorities.

Audit pointed out the matter in April 2023. The Authority replied that rectification of defects pointed out was in process and recoveries where due would be made in due course of time.

The reply was not accepted because delay of two to four years was witnessed in required implementation of the recommendations of M&I Wing.

The matter was discussed in DAC meeting held on 9-10 January, 2024 wherein NHA responded that implementation of M&I recommendations was in progress. Necessary recoveries would be made and defects would be rectified in due course of time. DAC directed NHA to ensure compliance and its verification from Audit.

Audit recommends that responsibility be fixed through an inquiry against those responsible for poor contract management besides early corrective action in the light of observations of M&I Wing NHA.

(DP. 70, 71, 73, 77, 139, 210, 201, 299, 325 & 326)

2.4.5 Non-recovery of NHA dues on account of toll income, etc. - Rs 26,402.496 million

As per Rule 6 of NHA Road Maintenance Account Rules, 2003, NHA shall ensure cost-effective, transparent, and accountable arrangements for the collection of the Road Maintenance Account revenues.

Audit noted during review of the Trial Balance and ledgers of RMA Section of NHA Headquarters for the financial year 2022-23 that an amount of Rs 26,402.496 million (including Rs 25,283.716 million receivable against toll income from 313 toll contractors) was receivable, as detailed below:

S. No.	Particulars	Amount (Rs in million)
1.	Toll Income Receivable	25,283.716
2.	Receivable from FBR on account of income tax deducted directly from NHA Bank Accounts	1,118.780
	Total	26,402.496

Audit pointed out non-recovery in August 2023. The Authority replied that efforts were being made for recoveries.

The matter was discussed in DAC meeting held on 9-10 January, 2024, wherein the Committee directed NHA to furnish to Ministry and Audit head-wise details of recoverables in tabular form with entity-wise aging of such dues, pre-covid and post-covid dues, dues status of the entity at the time of fresh award of concession, action against defaulters and efforts made for recovery. NHA may ensure early recovery of dues and its verification from Audit.

Audit recommends furnishing of details of outstanding amount with aging of receivables, complete inventory of amenities along with NHA Right of Way (RoW) Charges and efforts made for recovery.
(DP. 94)

2.4.6 Non-recovery of Right of Way (RoW) charges - Rs 17,755.540 million

As per Para 1 of NHA Regulatory Framework and Standard Operating Procedure for Preservation and Commercialization of Right of Way, 2002, NHA Act, 1991 empowers NHA to benefit from the commercial use of roads and bridges entrusted to it. The Authority shall be responsible for collecting/generating revenues from the issuance of licences for use of NHA land, NOCs for CNG, petrol pumps, etc.

During scrutiny of the accounts of Regional General Managers of NHA, Audit noted that certain owners of CNG filling stations, petrol pumps, housing societies and other business operators of commercial plazas and hotels were using Right of Way (ROW) of NHA without obtaining of NOCs (one time) and payment of annual fees. Thus, an amount of Rs 17,755.540 million was recoverable in the jurisdictions of following General Managers:

(Rs in million)

DP No.	Name of Region	Amount
120	G.M (Maint.) Punjab South, NHA Multan	13,646.092
149	G.M (Maint.) Punjab North, NHA Lahore	843.381
214	G.M (Maint.) Sindh South, NHA Karachi	3,059.867
251	G.M (Maint.) G.B, NHA Gilgit Baltistan	206.200
Total		17,755.540

This resulted in non-recovery of NHA dues on account of RoW charges of Rs 17,755.540 million.

Audit pointed out non-recovery in August 2023. The Authority replied in DP 214 and 251 that an amount of Rs 70.903 million

(Rs 60.789 million + Rs 10.114 million) had been recovered from the commercial amenity holders and further notices were served on defaulters/ amenity holders. In DP 149, the Authority replied that no revenue target was fixed and assigned to the maintenance unit for the financial year 2022-23. In DP 120, the Authority replied that the task of revenue collection through regularization of commercial amenities along NHA road was very difficult, time consuming and complicated due to lack of dedicated revenue staff, patrolling vehicles and machinery, and litigations/land issues.

The reply was not accepted because record in support of stated recovery of Rs 70.903 million was not gotten verified from Audit. Further, strenuous efforts were not on record to recover NHA dues.

The matter was discussed in DAC meeting held on 9-10 January, 2024 wherein the Committee directed NHA to furnish to Ministry and Audit head-wise details of recoverables in tabular form with entity-wise aging of such dues, pre-covid and post-covid dues, dues status of the entity at the time of fresh award of concession and action against defaulters and efforts made for recovery. NHA may ensure early recovery of dues and its verification from Audit. DAC further directed the concerned GMs to take up the case before Executive Board in the light of audit observation and share the decision with Audit.

Audit recommends furnishing of details of outstanding amount with aging of receivables, complete inventory of amenities along with NHA RoW charges, efforts made for recovery and NHA Executive Board meetings where receivables came under discussion. The matter of receivables may immediately be placed before NHA Executive Board in its next meeting for decisions and directions against defaulters.

(DP. 120,149,214&251)

2.4.7 Execution of sub-standard development works for Rs 34,165.00 million and loss of Rs 95.022 million on repair works

Design life of ten years of the pavement was provided in PC-I of the projects “Hassanabdal (Burhan)-Havelian Expressway E-35” and “Construction of Hakla on M-1 to D.I. Khan Expressway (M-14)”.

Audit noted that NHA awarded the following rehabilitation/de-patching works on newly constructed Motorways to various contractors:

DP. No.	Name of Work/Reference	Agreement Cost (Rs in million)
101	Rehabilitation de-patching at km 112-153 (M-14)	17.639
168	SM-E35-20-5002	49.686
	EM-(M-1)-2022-23/01	4.885
169	SM-E35-19-5001	9.213
	SM-E35-19-5004	6.115
	SM-E35-19-5002	7.484
	Total	95.022

Audit observed that motorway M-14 “Hakla-DI Khan” was opened for traffic in December 2021 and separate work of de-patching, over and above the project cost, was awarded within the Defect Liability Period. Further, removal of defective work was the responsibility of original contractor as the DLC was not yet issued and pavement life was just one year. Audit further observed that the pavement design life of the project costing Rs 34,165.00 million was 10 years. However, the pavement structure and embankment of the Expressway was settled/ damaged and large number of depressions/humps appeared at different locations just after two years of its completion due to sub-standard/ below specification execution of the original works. The damaged/settled portion was milled and asphaltic layers were laid in 2022 through Special/ Emergency Maintenance work under AMP, which is loss to the government exchequer. This resulted in execution of sub-standard original work for Rs 34,165.00 million and loss of Rs 95.022 million on repair works.

Audit maintains that the irregularity occurred due to weak contract management.

Audit pointed out the sub-standard development work and loss in September-October 2023. The Authority replied that the construction section of NHA had been informed about the said repair on emergency basis and deduction of said amount would be made from the final bill of the original contractor, M/s FWO, under intimation to Audit. Works were executed in hilly terrain involving huge cut and fill in addition to high embankment and no protection works was constructed in the project construction phase. Further, in response to Suo-Moto Action taken by Chief Justice (Peshawar High Court), Abbottabad Bench

for immediate rectification of the most critical settlement/depression at Hazara Motorway E-35, and upon directives of Chairman NHA, the senior management of NHA, including Member (EC) and General Manager (Maint.) for M-1, along with a team of experts, visited Hazara Motorway and identified the most critical locations/depressions/cavities that had recently appeared and directed to undertake works on emergency basis.

The management admitted that settlements of different dimensions and nature had appeared in monsoon season due to high embankment and penetration of rain/surface water under pavement structure and underlying embankment layers. The same were attended by NHA through the same contractor in the DLP.

DP 101 was discussed in DAC meeting held on 9-10 January, 2024 wherein NHA admitted recovery and committed that the same would be made in the final bill. DAC directed NHA to make the recovery and get it verified from Audit.

Audit recommends that an independent inquiry should be conducted into the matter for fixing responsibility and taking disciplinary action against the officers concerned. Recovery may also be made in the earliest and verified from Audit.

(DP. 101, 168 & 169)

2.4.8 Inability to repay the loans and consequent adjustment of development loan towards recovery of debt service charges - Rs 20,117.853 million

According to Chapter 11 of NHA Code, 1999, as revised in 2005 (Vol-I), the Annual Development Programme of the Authority is for the present being financed out of the Cash Development Loans (CDL) advanced every year by the Government of Pakistan, Foreign loans and Foreign relent loans and the Suppliers/Buyers' Credits obtained in accordance with the contract agreements signed by the Authority with various local/foreign firms for constructions of projects. Each loan has its own terms and conditions as to repayment and the rates of interest.

Further, while chalking out the Annual Development Programme, priority in respect of fund allocation shall be given to those ongoing projects which are nearing completion so that necessary funds for repayment of the loans and the interest accrued thereon could be generated through levy of tolls/other charges on these completed projects.

Audit noted that General Manager (B&A) NHA HQ Islamabad demanded funds under Grant No. 128 for Rs 76,141.878 million in PSDP (Local Component) in the budget allocation for the financial

year
2022-23.

Audit observed that NHA did not repay the matured liability of CDL which was piled up to the tune of Rs 387,567.619 million and interest thereon amounting to Rs 841,263.558 million on 30.06.2022. Consequently, Finance Division started deduction at source from the PSDP allocations and deducted an amount of Rs 20,117.853 million on account of recovery of foreign loans during the financial year 2022-23.

Audit maintains that reduction in the PSDP allocations would cause delay in completion of development projects and result in cost overruns.

Audit pointed out the matter in December 2023. The issue was also reported earlier in the Audit Report for Audit Year 2021-22 vide para number 2.4.3, having a financial impact of Rs 44,804.921 million. The Authority replied that funds were allocated for development projects as loan to NHA. However, NHA promptly took up the case with the Government for continuing treating development funds as budgetary grant in view of inadequate revenue generation from its assets. The issue was taken up by NHA repeatedly in the past and discussed at different relevant forum. ECC in its meeting held on 20.01.2021 approved the summary prepared by an ECC nominated committee under the chairmanship of Minister of Planning, Development and Special Initiatives. In the said summary, treatment/restructuring of debt is linked with the preparation of a commercially viable business plan for which a consultant firm through international competitive bidding was being hired by NHA.

The reply was not acceptable because the recovery of interest on CDL could not be adjusted against the PSDP development funds approved by the Parliament. The same was required to be paid to Government of Pakistan by generating revenue from the road network and optimum commercialization of Right of Way (RoW).

DAC meeting was not convened by PAO despite request made by Audit on 05.01.2024.

Audit recommends that NHA should enhance its revenue to enable itself in repayment of CDL at the earliest so that the precious development funds could be utilized towards development works. This will ensure timely completion of these projects ensuring early benefits to the road commuters.

Note: The issue was reported earlier also in the Audit Report for Audit Year 2021-22 vide para number 2.4.3, having a financial impact of Rs 44,804.921 million. The recurrence of same irregularity is a matter of serious concern.

(DP. 421)

2.4.9 Loss due to less recovery on account of fine imposed on overload trucks/vehicles - Rs 16,745.203 million

As per Sr. No. 4 of Twelfth Schedule of the National Highways Safety Ordinance, 2000, as amended by the Ministry of Communications vide SRO No. 1418(I)/2019 dated 18.11.2019, the fine of moving violation in the category of “Carrying goods less than 15% in excess of permissible load” is Rs 10,000.

Audit noted during scrutiny of the accounts of General Manager (Finance) NHA HQ, Islamabad, pertaining to fine collection of eight (8) Weigh Stations installed at various locations on National Highway (N-5), North Region, Punjab, that an amount of Rs 1,086.166 million was collected on account of fine imposed on overloaded trucks/vehicles during the financial years 2021-22.

A scrutiny of Monthly Activity Report of the above-mentioned Weigh Stations, compiled by the Electronic Toll and Traffic Management (ETTM) Section for the year 2021-22, revealed that a total of 2.340 million trucks were weighed, the load of 0.557 million trucks was found within limits and remaining 1.783 million trucks were found overloaded. A fine @ Rs 10,000 was to be imposed on overloaded trucks which comes to Rs 17,831.370 million, but the record produced showed that a fine of Rs 1,086.166 million only was collected from the overloaded trucks. This resulted in loss of Rs 16,745.203 million due to less recovery on account of fine imposed on overload trucks/vehicles as calculated below:

Total number of overloaded trucks	= 1,783,137
Fine to be imposed on overload trucks @ Rs 10,000	= Rs 17,831,370,000
Fine imposed /collected	= Rs 1,086,166,601
Loss / less recovery	= Rs 16,745,203,399

Audit further observed that 18,671 trucks were carrying load more than 40 tons which was more than the design Axle Load of the Highways, meaning thereby that those overloaded trucks were damaging

the road network. However, no system seems to be in place to restrict these overloaded trucks to enter on the National Highways.

Audit pointed out the issue in June 2023, but the Authority did not reply.

The matter was discussed in DAC meeting held on 10.01.2024 wherein NHA was directed to reconcile the position at all toll plazas and submit detailed reply to Audit for evaluation.

Audit recommends investigation into the matter for fixing responsibility and recovery of loss from the concerned operators/officers responsible, besides providing Fine Register, Receipt Books duly numbered and counter signed by the authorized officer, and reconciliation of fine collection with RMA to Audit. Audit further recommends taking remedial measures to protect the road network from the overloaded trucks.

(Para 01 of PAR Revenue NHA, 2022-23)

2.4.10 Non-incurrence of expenditure on 45 development projects despite allocation of funds - Rs 13,454.306 million

As per Para 3.54(ii) of Planning Commission's Manual for Development Projects (December 2021), if the project does not start functioning within 12 months of its approval or does not achieve financial close, then it will be reconsidered by the approving forum. Further, as per para 7.06(ix and x), release of funds will be made as per financial phasing of approved PC-I. The sponsoring agency will ensure timely execution and completion of the project as per approved PC-I targets/objectives.

Audit noted during scrutiny of the accounts of General Manager Budget & Accounts (B&A), NHA, Islamabad for the financial year 2022-23, that NHA with the approval of Planning Commission and Finance Division got allocation of Rs 94,753.402 million (Revised to Rs 76,141.878 million) for 110 ongoing and new schemes in the PSDP.

Audit observed that no expenditure was incurred from the allocation of Rs 13,454.306 million on 45 projects out of 110 projects during the financial year 2022-23. This resulted in non-incurrence of expenditure from the allocation of development funds of Rs 13,454.306 million which refutes sanctity of PSDP for the financial year 2022-23.

Audit pointed out the non-incurrence of expenditure on projects despite allocation of funds in the PSDP for the financial year 2022-23 in December 2023, but the Authority did not reply.

DAC meeting was not convened by the PAO despite requests by Audit on 10.11.2023 and 05.01.2024.

Audit recommends that measures be taken to ensure that projects are conceived diligently keeping in view the financial resources to avoid unnecessary through-forward involving time and cost overruns.

(DP. 423)

2.4.11 Irregularities in award, execution and operation of Electronic Toll Collection System on Motorways - Rs 12,200 million

Rule 42(f) of the Public Procurement Rules, 2004 provides that a procuring agency may engage in direct contracting with state-owned entities such as professional, autonomous or semi-autonomous organizations or bodies of the Federal or Provincial Governments for the procurement of such works and services, including consultancy services, which are time sensitive and in public interest with certain conditions.

According to Scope of Services defined in the contract, the Operations and Management Contractor (OMC) shall be responsible to provide all manpower, tools/ plants/equipment, materials, technical support, maintenance services, and other assistance required to perform the duties and responsibilities assigned under the terms of the contract. The OMC shall operate and maintain the NHA's facilities in strict adherence to approved SOP. Failure to maintain the level of professional services and performance specified in the Contract and/or failure to continuously comply with the approved SOP may provide cause to impose penalties as per the provision of the contract.

Audit noted that the NHA awarded the work "Installation of Electronic Toll Collection System & Operations, Management and Maintenance of Toll Plazas and Collection of Toll Revenue along with Provision of Allied Services on the Motorways M-1, E-35, M-14, M-3, M-4 & M-5" to M/s Frontier Works Organization (FWO) vide acceptance letter dated 02.06.2022 at agreement cost of Rs 12,200 million with completion period of eight (08) months. The payment was made to contractor up to 4th invoice for Rs 7,319.617 million.

Audit observed the following irregularities in award, execution and operation of the OM&C:

NHA awarded the above-mentioned contract to M/s FWO under Rule 42(f) of the Public Procurement Rules but the requirement of determining price reasonability, with reference to analysis of rates, was not fulfilled.

The work was awarded for collection of revenue without adjustment of previous outstanding receivables from M/s FWO against the SOP of NHA.

Insurance policies required under clauses 18.1, 18.2 and 18.3 of condition of contract were not obtained.

Even though M/s FWO did not complete the work within stipulated completion period, NHA did not recover liquidated damages from the contractor.

NHA made payment against the schedule of payment without achieving relevant milestone by the contractor.

Contractor did not provide the manufacturer certificate, model, company, warranties, etc., of the imported item/accessories of the Electronic Toll Collection System.

Equipment/items were installed without carrying out inspection at site.

Existing parts of all sections were not used and also not properly handed/taken over by Authority from the contractor.

The lights installed on M-1 (other than interchanges) were out of order and the commuters were facing great difficulties while traveling at night time due to poor visibility (particularly in fog prone areas). These issues of non-illumination of lights on M-1 had also been highlighted by different fora, i.e., Pakistan Citizen Forum, Peshawar High Court, etc., however, the street lights issue was not resolved. Whereas, the OMC is getting its revenue share @ 32.5% of Toll Revenue but the allied services were not being provided as per contract. This was also communicated to GM Revenue of NHA HQ through various letters, but the OMC neither provided the services nor was penalized.

In the light of above discrepancies, audit observed that the Authority did not award or execute the work in accordance with the relevant rules and regulations. This resulted in irregular award and execution of works valuing Rs 12,200 million.

Audit pointed out the irregularities in August 2023. The Authority replied that NHA awarded the contract to M/s FWO with the approval of NHA Executive Board because M-Tag service was solely owned, marketed and implemented by FWO since 2016. Presently the customer-base of M-Tag was already more than 1.5 million. To avoid segregation plaza and queuing, NHA needed identical system compatible to the existing infrastructure, therefore, M-Tag was the best available tested solution. Other than M-Tag, NHA may face integration and operational/technical issues. Reconciliation with FWO is in process. After reconciliation, receivables from FWO would be adjusted, accordingly. The insurance coverage of equipment, installed under ETC contract in

accordance with clauses 18.1, 18.2 and 18.3, would be obtained from FWO. Delay in completion occurred by the contractor only due to unforeseeable circumstances, i.e., sudden change in policies owing to the deprived economic conditions. Hence, liquidity damages could not be imposed on M/s FWO. All the payments to M/s FWO were made upon achieving milestones and after verification by the Employer Representative. Necessary visits were conducted for inspection of sites. The payments were made based on inspection reports after evaluating the progress of works done. It is appraised that all motorways do not have any old ITS/ETC system except E-35, M-3 and M-5 motorways, therefore new system was required to be installed on M-1, M-14 and M-4 motorways. Furthermore, handing/ taking of old equipment between M/s FWO and NHA regional offices was in process. As regards non-provision of facilities, the Authority responded that various meetings had been conducted with OMC, i.e., M/s FWO, regarding provision of allied services on M-1 and E-35, wherein the OMC assured of the provision of allied services such as repair and maintenance of road lights, mechanized sweeping and improvement of electronic toll collection.

The reply was not accepted because the work was awarded without estimation; M/s FWO was already not paying NHA dues; insurance coverage along with proof of payment of premium and manufacturing guarantees of equipment were not produced to Audit; and handing/taking over of old toll equipment is also not forthcoming on record.

The matter was discussed in DAC meeting held on 9-10 January, 2024 wherein NHA reiterated its stance. DAC directed NHA to ensure compliance of audit observations and its verification from Audit. DAC further directed that the matter regarding amount due against FWO and amount due to FWO be pursued with FWO, reconcile claims and counterclaims and outcome be shared with Audit.

Audit recommends that responsibility be fixed through an inquiry against those responsible for poor contract management, besides early corrective actions.

(DP. 90, 91 & 172)

2.4.12 Non-recovery of rent from National Highways and Motorway Police - Rs 11,761.354 million

Para 43(3 & 4) of NHA Administrative Manual, 2002 provides that rent for vehicles, building and land will be charged with the approval of Chairman NHA.

NHA land records showed that land measuring 3.724 million square feet was in possession of National Highways and Motorway Police throughout Pakistan at different locations.

Audit observed that the Authority did not recover an amount of Rs 11,761.354 million from NH&MP on account of rent for utilization of NHA land, as detailed in **Annexure-D**.

Audit pointed out the matter during March-April 2019. The Authority replied that two meetings were held under the chairmanship of Member (Admn) NHA on 19.08.2016 and 07.06.2017 to discuss all outstanding issues, including the recovery of outstanding rent from NH&MP. In pursuance thereof, a sub-committee under GM (Audit) was constituted to submit an updated detail of the amount payable towards NH&MP under guidance of Member (Finance), NHA, in accordance with the decision of the National Highway Executive Board in its 110th meeting held on 24.04.2003. In the meanwhile, all further requests for the provision of NHA-owned premises were held in abeyance till necessary recovery from NH&MP.

DAC in its meeting held on 19.11.2019 directed that the Committee constituted under Member (Finance), NHA should submit its report within one month for further consideration by the Ministry of Communications. The compliance of DAC's directive was not made till the finalization of this report.

Audit recommends early compliance of DAC's directives.

(Para 12 of SAR Asset Management, 2018-19)

2.4.13 Irregular award of work to a contractor disqualified in technical evaluation - Rs 9,184.294 million

Rule 48 of the Public Procurement Rules, 2004 provides that Grievance Redressal Committee (GRC) shall investigate and decide upon complaint within ten days of its receipt. Further, Rule 30 provides that all bids shall be evaluated in accordance with the evaluation criteria and other terms and conditions set forth in the prescribed bidding documents, and, save as provided for in sub-clause (iv) of clause (c) of rule 36, no evaluation criteria shall be used for evaluation of bids that had not been specified in the bidding documents. Moreover, Rule 50 provides that any violation of these rules constitutes mis-procurement.

During scrutiny of record of P&CA Wing regarding procurement of contracts for the financial year 2022-23, Audit noted that PC-I of the project "Hoshab-Awaran-Khuzdar Section of M-8 Project; Section 2, Awaran-Naal (168 kilometer)" was approved by ECNEC in its meeting dated 26.05.2021

at a rationalized cost of Rs 32,244.82 million without Foreign Exchange Component (FEC). Procurement process for the work “Package-2B (kilometer 200 to kilometer 260)” was initiated in July 2021. The Technical and Financial Bids of the subject project were received on 31.08.2021.

During technical evaluation, bids of three bidders were evaluated and M/s SFGEC-HRK-SB (Joint Venture) (A Joint Venture of M/s Sichuan Province Geological Engineering Complex, M/s HRK & Company, and M/s Shah Builders) were disqualified with reference to criteria as per bidding documents. The disqualified bidder questioned the result and opted to submit his grievances to the Grievance Redressal Committee vide letter dated 28.10.2021. Grievance Redressal Committee vide letter dated 15.03.2022 decided that M/s SPGEC-HRK -SB (JV) were wrongly technically disqualified and their technical disqualification should be cancelled and their financial bid should be opened as per rules and guidelines.

Accordingly, financial bids of all three bidders were opened on 28.03.2022 and the work was awarded to the lowest bidder, i.e., M/s SFGEC-HRK-SB (Joint Venture) for Rs 9,184,294,222 vide acceptance letter dated 14.07.2022.

Audit observed the following:

As per Rule 48 of the Public Procurement Rules, 2004, GRC was required to decide upon the complaint within ten days of its receipt. In this case, Grievances Redressal Committee reviewed the complaint/grievance of disqualified bidder from 28.10.2021 to 15.03.2022. Further, any bidder or party not satisfied with the decision of the GRC, may file an appeal before the Authority (PPRA) within thirty days of communication of the decision but NHA did not appeal before PPRA.

The bidder was dis-qualified mainly due to past poor performance in projects namely “Construction of Additional Carriageway: Petaro-Sehwan (N-55) Section-I (64 km), Package-1C” and “Construction of Dera Murad Jamali Bypass (N-65)” but during review of disqualification process, other projects were taken for consideration instead of the above projects.

Furthermore, foreign firm was a lead partner in the JV as per JV agreement with 60% share but their human and equipment/ machinery resources were not depicted in their bid as well as in the contract agreement. Physical presence of the foreign firm during construction was, therefore, not confirmed.

This resulted in irregular award of works for Rs 9,184.294 million to a contractor validly disqualified in technical evaluation but qualified by GRC without considering relevant grounds of disqualification.

Audit pointed out the matter in October 2023. The Authority replied that the decision of GRC was approved by the Chairman NHA, hence it was not considered for appeal before PPRA.

The reply was not accepted because the bidder was disqualified mainly due to past poor performance in projects but during review of dis-qualification process other projects were taken for consideration. NHA did not appeal before PPRA against findings of the GRC. List of human resources and machinery/equipment of JV were also not produced.

Audit recommends fixing responsibility through fact finding inquiry besides corrective action including ensuring the physical existence of the foreign firm at site as per their share in the JV Agreement.

(DP. 413)

2.4.14 Incurring expenditure on road project without mutation of land in the name of NHA - Rs 8,464.229 million

Para 18 of Chapter 7 of NHA Code, 2005 (Land Acquisition) provides that the Land Acquisition Collector shall get the land transferred in favour of NHA through mutation.

As per approved PC-I for the project “Construction of 02 lanes Highway from Basima to Khuzdar (N-30)”, cost of land for the project was provided as Rs 2,995.00 million.

Audit noted that the work “Construction of two lanes Highway from Basima to Khuzdar (N-30)” was awarded to the contractor with agreement cost of Rs 11,749.280 million on 22.05.2019 with completion period of two years (730 days). The total value of work done paid to the contractor up to IPC No. 21 was Rs 8,464.229 million.

Audit observed that despite lapse of four years since start of the project, mutation of land in favour of NHA was not made. In the absence of mutation in the name of NHA, the expenditure incurred against the above project is at stake and may cause extra burden on exchequer due to claims of the land owners at later stage along with compound interest. This resulted in incurring of expenditure of Rs 8,464.229 million on road project without mutation of land.

Audit maintains that the incurring of expenditure without mutation was due to non-observance of land acquisition rules.

Audit pointed out the matter during September 2023. The Authority replied that NHA released Rs 1,000.00 million to Deputy Commissioner Khuzdar, the disbursement of payments to land affectees were under process. Once the same is completed, the mutation would be done in the name of NHA.

The reply was not accepted because the Authority called the tenders of the project without acquisition and mutation of land in the name of NHA.

DAC meeting was not convened by the PAO despite requests by Audit on 10.11.2023, 05.01.2024 and 24.01.2024.

Audit recommends early mutation of land in the name of Federal Government to safeguard financial interest of the government, besides probing the matter and fixing the responsibility against the officers concerned.

(DP. 314)

2.4.15 Non-adjustment/submission of vouched accounts of advances and non-mutation of land - Rs 6,932.147 million

Para 12 of Chapter 7 of NHA Code (Vol-I) provides that the funds credited to the Land Acquisition Collectors accounts shall be treated as an advance, the LAC shall be responsible for rendering complete accounts and supporting documents on quarterly basis to the accounts section concerned for settlement of advance.

Further, as per para 72 of Central Public Works Accounts Code, every payment for whatever purpose must be supported by a voucher setting forth full and clear particulars of the payment/claim.

Audit noted that in fourteen cases, NHA paid an advance of Rs 6,932.147 million to different government departments, i.e., LAC, MEPCO, SNGPL, MEPCO, GEPCO, QESCO, Irrigation and Forest Departments for acquisition of land and shifting of utilities. (**Annexure-E**)

Audit observed that the adjustment of the advance payments made on account of acquisition of land and other agencies through vouched accounts of disbursed amount along with necessary ownership documents was neither produced by the LACs/agencies nor NHA initiated any measures/efforts for adjustment against the advances. This resulted in non-adjustment/submission of vouched accounts of advances and non-mutation of land worth Rs 6,932.147 million

Audit holds that irregularity occurred due to weak internal controls.

Audit pointed out the matter in August-November 2023. The Authority replied in DP 06, 28, 154, 146, 191, 249, 292, 300, 305 and 361 that efforts were being made to obtain vouched accounts from the

concerned departments and efforts were also being made to get the land mutated in the name of NHA through revenue field staff concerned. In DP. 380, the Authority replied that reminder issued in June 2021 to Secretary Forest Department, Khyber Pakhtunkhwa for reimbursement of Rs 120.7 million. However, the Forest Department was reluctant to release the payment. This issue would be raised with the Forest Department at the highest level.

The replies were not accepted because non-adjustment of advances was against the procedure referred above. Moreover, NHA made payment of Rs 120.700 million in Dualization of Indus Highway (N-55) Package-I & II Sarai Gambila project (DP. 380) to Forest Department for removing of trees and this scope was already included in the civil contract and trees were also removed by the contractor. Therefore, payment was required to be recovered from the Forest Department.

The matter was discussed in DAC meeting held on 9-10 January, 2024 wherein the Committee directed NHA to provide evidence of deposit of amount in treasury, minutes of meetings with LAC, reconciliation statement to Audit for verification. DAC further directed NHA to pursue adjustment of advances/obtaining of vouched account from respective authorities and share the outcome with Audit.

Audit recommends compliance of DAC's directives.

Note: The issue was also reported earlier in the Audit Reports for Audit Years 2018-19, 2019-20, 2021-22 and 2022-23 vide para numbers 2.4.2 (2018-19), 2.5.23 (2019-20), 2.4.4 (2021-22), 2.4.5 and 2.4.120 (2022-23) having a financial impact of Rs 54,806.66 million. The recurrence of same irregularity is a matter of serious concern.

(DP. 06, 28, 154,146,191,249,292,300,305,361, 380 & 435)

2.4.16 Non-recovery of 4th & 5th instalment of Staggered Guaranteed Payment from the Concessionaire - Rs 5,133.382 million

Article 2.7(b) of Concession Agreement made between National Highway Authority and M/s Motorway Operations & Rehabilitation Engineering (Pvt.) Ltd. (MORE) for modernization and overlay of M-2 dated 23.04.2014, provides that the Parties agree that the Concessionaire shall pay to NHA an amount of Rs 9,000.000 million, as Staggered Guaranteed Payment, in five (5) equal installments of Rs 1,900.000 million each, within fifteen (15) days of the expiry of each of the fourth (4th) year of the concession period to the eighth (8th) year of the Concession period.

Audit observed that the Concessionaire M/s MORE was required to pay Rs 5,133.382 million on account of 4th & 5th instalment of Staggered Guaranteed Payment under the provisions of the Concession Agreement, due on completion of ninth year in April 2023, but the accounts of General Manager M-2 (BOT) Kallar Kahar showed nothing about the receipt of the 4th & 5th instalment. This resulted in non-recovery of 4th and 5th instalment of Staggered Guaranteed Payment of Rs 5,133.382 million from the Concessionaire M/s MORE.

Non-recovery of 4th & 5th instalment of Staggered Guaranteed Payment of Rs 5,133.382 million from the Concessionaire needs to be explained, besides effecting recovery of the same under verification to audit.

Audit pointed out the issue in August-September 2023. The Authority replied that NHA is consistently requesting to the Concessionaire for depositing of outstanding amounts with reference to 4th & 5th installments of Staggered Guaranteed Payment but the concessionaire did not respond.

DAC meeting was not convened by the PAO despite requests by Audit on 10.11.2023, 05.01.2024 and 24.01.2024.

Audit recommends early recovery of 4th & 5th instalment as required under the provision of the agreement with interest for delayed payment in terms of clause 29.20 of the concession agreement and its verification from Audit.

(DP. 332)

2.4.17 Non-execution of work by the lead JV Partner as per their major proportion - Rs 4,942.662 million

As per clause 1.4 of Joint Venture Agreement for Construction of Additional 2-lane Carriageway (N-55) Section-2 Ratodero to Shikarpur, the percentage of participation of Parties in the Joint Venture shall be 55% of M/s Top International Engineering Company (TIEC) and 45% of M/s Umer Jan & Company.

Clause 1.6.2 of Asian Development Bank (ADB) Guidelines (User Guide for Procurement of Works) states that Domestic Contractors and Joint Ventures between a Domestic Contractor(s) and its foreign partner(s) shall meet the minimum criteria for eligibility of the Domestic Preference Scheme

Domestic Contractor(s) and Firms will not subcontract to foreign contractors more than 50% of the total value of their work.

Audit noted that NHA awarded a work “Construction of Additional 2 lane Carriageway (N55) Section-2 Ratodero to Shikarpur” to M/s Top International Engineering Corporation China (TIEC)-Umar Jan & Co (JV) at agreement cost of Rs 4,942.662 million on 13.08.2020 with the commencement date as 10.02.2021 and time was allowed 730 days (24 month), and completion date was on 09.02.2023. The contractor was paid gross work done amount of Rs 548.355 million up to June 2023.

During scrutiny of the accounts relating to the above project, Audit observed that the project staff and equipment of lead partner firm in the JV, i.e., M/s TIEC was not deployed at project site as per their proportion decided in JV agreement.

Audit maintains that non-availability of JV lead partner at project site with its staff and equipment violated the sanctity of the bidding process. Besides, the JV partner with 45% obligations executed the work with local resources saving its overheads on expatriates. This resulted in non-execution of work of Rs 4,942.662 million by the lead JV Partner as per their major proportion.

Audit pointed out the irregularity in September 2023, but the management did not reply.

DAC meeting was not convened by the PAO despite requests by Audit on 10.11.2023, 05.01.2024 and 24.01.2024.

Audit recommends fixing responsibility against officers concerned, besides ensuring availability of equipment and personnel of JV partners as per JV agreement.

(DP. 388)

2.4.18 Non-recovery of risk and cost amount from the defaulting contractors - Rs 3,865.439 million

Clause 63.1 of the contract agreement states that the Employer (NHA) may, after giving 14 days’ notice to the contractor, enter upon the site of the works and terminate the employment of the contractor without thereby releasing the contractor from any of his obligations or liabilities under the contract, or affecting the rights and authorities conferred on the Employer or the Engineer by the contract, and may himself complete the works or may employ any other contractor to complete the works.

Audit noted that NHA awarded three (3) construction works for Rs 9,796.260 million, as detailed below. The contractors failed to complete the works and NHA resorted to execute left over works

on risk and cost basis. The cost of these incomplete works exceeded the original cost for Rs 3,865.439 million, as calculated below:

(Rs in million)

DP No.	Name of Project/Work	Original Agreement Cost (& date)	Work done	Leftover work	Cost of award of balance work	Risk and Cost Amount
1	2	3	4	5 (3-4)	6	7 (6-5)
308	Construction of Lodhran-Multan section	6,886.097 (03.06.2021)	564.112	6,321.985	8,755.278	2,433.293
405	Construction of Additional Carriageway from Petaro to Sehwan N-55	1,794.319 (19.11.2019)	12.353	1,781.966	3,019.849	1,237.883
414	Conversion of Gwadar Ratodero Road M-8 Package-III	1,115.844 (02.10.2004)	338.792	777.052	971.315	194.263
	Total	9,796.260	915.257	8,881.003	12,746.442	3,865.439

Audit observed that NHA did not recover the risk and cost amount from the defaulting contractors. This resulted in non-recovery of risk and cost amount of Rs 3,865.439 million.

Audit pointed out the recovery in September-October 2022. The Authority replied that in case of DP-308, re-tendering of subject project was about to complete and date for submission of new bids for balance work at the risk and cost of contractor was on 04.12.2023. Moreover, an amount of risk and cost cannot be calculated until or unless the balance work was completed by the new contractor keeping in view the quantities provided in original BOQ.

The reply was not accepted because efforts made by NHA towards encashment of guarantees and forfeiture of retention money of the defaulting contractors were not shared with Audit.

DAC meeting was not convened by the PAO despite requests by Audit on 10.11.2023, 05.01.2024 and 24.01.2024.

Audit recommends fixing responsibility through fact finding inquiry, recovery of extra cost besides early completion of balance works.

(DP. 308, 405 & 414)

2.4.19 Irregular award of work without observing contractual obligations - Rs 3,650.00 million

Clause 32.1 of Instructions to Bidder (IB) stipulates that the successful bidder shall furnish to the Employer a Performance Security in the form and the amount stipulated in the Bidding Data Sheet and the Conditions of Contract within a period of 28 days after the receipt of Letter of Acceptance. Further, IB 32.2 provides that failure of the successful bidder to comply with the requirements of IB.32.1 or IB.33 or IB.35 shall constitute sufficient grounds for the annulment of the award and forfeiture of the Bid Security.

Audit noted that NHA awarded the work “Construction of Rawalpindi-Kahuta Road including 4 Lane Bridge over Sihala Railway Pass, Sihala Bypass & Kahuta Bypass Package-II” to M/s SMADB-Shah Rukh JV vide acceptance letter dated 25.04.2018 at contract cost of Rs 3,650.000 million. The commencement date of the work was 17.08.2022. Total up to date expenditure was Rs 598.050 million on account of work done and Rs 493.137 million on account of price escalation.

Audit observed that the contractor did not furnish the required performance security/bond within 28 days after receipt of acceptance letter. Contractor submitted performance bond valid from 13.06.2022 to 12.12.2024 after fifty months. The contract agreement was signed on 21.07.2022 whereas the formal agreement between the Employer and successful bidder was to be executed within 14 days of the receipt of the contract agreement. The award of work was not annulled due to default in submission of required performance security as required. Audit further observed that the award of work to M/s SMADB-Shah Rukh JV was also questioned by Joint Secretary (MoC) in 296th NHA Executive Board meeting held on 01.03.2018 due to inquiry with reference to performance of the contractor. The observation of the JS (MoC) was, however not addressed while awarding work.

Due to delay in issuance of commencement letter price of input items were increased extraordinarily from 100% to 250% which resulted in loss to the government in shape of price escalation. The present status/work progress of Package-I was also not shared with Audit.

This resulted in irregular award of work without observing contractual obligations for Rs 3,650.00 million

Audit pointed out the matter in January 2024 but the Authority did not reply.

DAC meeting was not convened by the PAO despite request by Audit on 05.01.2024.

Audit recommends recovery of loss sustained by the Authority due to late issuance of commencement letter in respect of escalated cost, recovery of financial charges for the period of default in submission of performance security.

(DP. 445)

2.4.20 Irregular payment of Mobilization Advance against conditional bank guarantee - Rs 3,385.080 million

Clause 14.2, Section 8 (Part A Contract Data), General Conditions of Contract, provides that the Employer shall make an advance payment @ 10% of accepted contract amount payable in currencies and proportions in which the accepted contract amount is payable provided that the contractor delivers the corresponding irrevocable/unconditional Bank Guarantee for advance payment to the Employer in a timely manner. The total advance payment, the number and timing of installments (if more than one) and the applicable currencies and proportions shall be stated in the Contract Data.

Audit noted during review of the accounts that project “Construction of Additional Carriageway on Indus Highway (N-55) from Shikarpur-Rajanpur (221 km) under Central Asia Regional Economic Cooperation Corridor Development Investment Programme Tranche-II” was financed through ADB Loan No. 4099-PAK which was signed on 22.12.2021 with effective date 21.03.2022 and to be closed on 31.12.2025.

During scrutiny of the record of the above project for the year 2022-23, Audit observed that Bank Guarantees provided by the contractors, as detailed in the table below, from Askari Bank Limited and Industrial & Commercial Bank of China (ICBC) which were valid up to 18.01.2024

respectively, were conditional in violation of contract provisions and following paragraph was included in the Bank Guarantees:

“It is a condition for any claim and payment under this guarantee to be made that the advance payment referred to above must have been received by the contractor on their account numbers”.

(Rs in million)

Lot	Section	Name of contractor	Date of Contract	Contract Cost	Payment of Mob. Advance
Lot-1	Shikarpur-Kandhkot	M/s Zahir Khan & Brothers (ZKB)	20.12.2022	8,848.101	884.810
Lot-2	Shikarpur-Rajanpur	M/s China Civil Eng. Cons. Co. (CCECC) & M/s ZKB	22.12.2021	33,850.870	1,127.580
Lot-3	Kashmore-Rojhan	M/s ZKB	20.12.2022	6,414.199	641.420
Lot-4	Rojhan-Rajanpur	M/s ZKB	20.12.2022	7,312.770	731.278
Total				56,425.94	3,385.088

Audit maintains that conditional bank guarantee and payment there against it was against the provisions of contract.

Audit pointed out the irregular payment of mobilization advance against conditional bank guarantee in December 2023, but the Authority did not reply.

DAC meeting was not convened by the PAO despite requests by Audit on 10.11.2023, 05.01.2024 and 24.01.2024.

Audit recommends fixing responsibility besides justification.

(DP. 419& 384)

2.4.21 Non-initiation of disciplinary action as per directions of Ministry of Planning, Development & Special Initiatives for delay in commencement of project - Rs 3,383.879 million

As per Ministry of Communications letter dated 02.11.2017, PC-I of the project, “Four Lane Bridge Across River Indus Linking Layyah with Taunsa including Two Lane Approach Roads and River Training Works, Package-II (Layyah Side Approach Roads km 0+000 to km 08+233 and Taunsa Side Approach Roads km 09+983 to km 24+556)”, was approved by the ECNEC in its meeting held on 06.10.2017 for Rs 9,775.600 million in which implementation period of the project was given for 36 months.

Audit noted that the Package-II was awarded to the contractor on 10.06.2021 with agreement cost of Rs 3,833.878 million and completion period was of two years. The total value of work done paid to the contractor up to IPC No.2 was Rs 215.287 million and EPC-I for Rs 29.983 million.

Audit observed that PC-I of the said project was approved by the ECNEC on 06.10.2017 in which implementation period was given as three years. The said project was divided into two packages for timely completion of the project and to avoid extra cost on account of variation in prices. Therefore, Package-I (main bridge work) was awarded in 2017 which was completed in 2020, however the Authority awarded Package-II work in June 2021 and commencement letter was issued in January 2022. As per para D 4(d) Director General (Monitoring) Ministry of Planning letter dated 15.11.2022, NHA was required to investigate the matter and fix responsibility for inordinate delay of 4.5 years in procurement/commencement of the project but the same was not done till to date. Furthermore, Audit observed that as per minutes of 2nd reconciliation meeting held on 27.04.2023 under the chairmanship of Member (Engg. Coord) NHA, vide para No. 7, it was told that the contractor showed their intention to do the work subject to revision of Factor-C according to current scenario. It was recommended vide para 8 of said letter, that current contractor would be requested to complete the balance work, Factor-C would be revised, and savings of the PC-I of Rs 7,075 million would be provided for this contract. This resulted in non-initiation of disciplinary action

as per directions of Ministry of Planning, Development & Special Initiatives for delay in commencement of project valuing Rs 3,383.879 million.

Audit is of the view that the late award of work, and its commencement may result in cost overrun in future.

Audit pointed out the matter in August/September 2023. The management replied that the Planning Section of NHA is responsible for the preparation and approval of PC-I, while the Design Section is tasked with detailed design and Technical Sanction approve. Only after the receiving of Technical sanction along with Tender Documents from the Design Section, the Procurement and Contract Administration (P&CA) Section initiate the procurement process for specific projects. In the case of the project in question, Technical Sanction and Tender Documents were received in the P&CA Section on 22.12.2020. The Invitation for Bids (IFB) and bidding Documents were issued on 20.01.2021, and bids were received by 01.03.2021. Letter of Acceptance was issued on 10.01.2021. The date for issuance of the commencement letter was 13.01.2022. The time elapsed between the issuance of the IFB and Contract Documents represents the average duration required for a procurement process to reach maturity.

The reply was not accepted because not tenable. The Authority was trying to shifting of responsibility for abnormal delay in implementation of project as per PC-I approved by the ECNEC.

Audit is of the view that the late award and commencement of work caused slow progress of the work which would ultimately result in cost overrun in future and that utilization of savings of PC-I was due to poor management.

DAC meeting was not convened by PAO despite requests made by Audit on 07.11.2023, 10.11.2023, 17.11.2023, 05.01.2024 and 24.01.2024.

Audit recommends that matter be investigated for fixing responsibility for delay.

(DP. 295)

2.4.22 Non-encashment of performance bond/guarantees of defaulting contractors - Rs 3,193.055 million

Clause 15 of General Conditions of Contract provides that if the contractor fails to carry out any obligations under the contract, the Engineer may, by notice, require the contractor to make good the failure and to remedy it within a specified time. The Engineer shall be entitled to terminate the

Contract if the contractor fails to comply with Sub-Clause 4.2 or with a notice under Sub-Clause 15.1, abandons the works or otherwise demonstrates the intention not to continue performance of his obligations.

Audit noted that in 11 works, the contractors did not complete the assigned works and defaulted in the performance of their contractual obligations.

Audit observed that NHA did not take penal action and performance security of defaulted contractors was not forfeited/encashed. This resulted in non-forfeiture/ non-encashment of performance securities and mobilization guarantees/ retention money for Rs 3,193.055 million **(Annexure-F)**.

Audit maintains that the irregularity of non-encashment of performance and mobilization guarantees/retention money of defaulting contractors was due to weak contract management.

Audit pointed out the matter in September-October 2023. The Authority replied that in case of DP 304, prompt action was initiated to en-cash performance security provided by the United Insurance Company of Pakistan. But on non-encashment of performance security, case/petition for recovery of performance security amount was filed at Insurance Tribunal Multan and case was still underway. In DP 303, that 20% of Bank Guarantee, i.e., Rs 137,721,954 had already been got encashed from concerned bank after winning the case from Civil Court Islamabad and Islamabad High Court. Moreover, 80% Bank Guarantee was under stay order from Islamabad High Court and next date of hearing was 12.10.2023, but due to paucity of time, case could not be heard by the Court and re-listed on 28.11.2023. Honourable Court further directed the both parties to submit the name of Arbitrators (03 names by each party) to the Court on 11.12.2023, so that Arbitration process may be started. In case of DP 293, the contractor could not be paid timely due to lack of funds. Under such scenario it was not possible to take any action against the contractor. Further, Guarantee will expire on 07.10.2023 in case of expiry the same would be encashed in favor of NHA. In case of DP 287, The Civil Court has granted stay order against encashment of performance security and other adverse actions. The Employer has filed an appeal in Islamabad High Court for vacation of stay order which was fixed for hearing on 20.12.2023. Therefore, the encashment of performance security and other adverse actions would be taken after decision of Court Case and audit would be informed accordingly. In DP 412, the Authority did not reply. In case of DP-140, Performance Guarantee by the contractor was valid up to 31.10.2024. In case of DP 406, Failure to fulfill any of the above requirements as contained in the Letter of Intent (LOI) or Letter of Start (LOS) within the time specified, as the case may be, may, result in the forfeiture of the Bidder's Bid Security. Whether Bid Security is forfeited or not NHA may, at its discretion, withdraw the LOI or LOS, as the case may be, either invite the Bidder scoring next highest to the successful Bidder in the evaluation carried out by the NHA to negotiate, or terminate the Bidding Process

without accepting any Proposal. In case of DP 218, case was referred for opinion of black listing is forwarded to the Dispute Resolution Committee (DRC) and legal opinion from legal wing. In case of DP 128 and 116, process of encashment of the performance guarantee was initiated by concerned authorities. In case of DP 156, the contractor did not mobilize at site since the issuance of letter of commencement due to steep hike in material & commodity price and non-availability of price escalation clause in contract documents. Eventually, the contract was terminated after approval of Member Central Zone and no punitive action was taken against the contractor.

The reply was not accepted because the work which was required to be completed in one year up to the year 2019 was not completed even in the year 2023. Penal action was not taken against the contractor.

The matter was discussed in DAC meeting held on 9-10 January, 2024. In DP 116, DAC ordered inquiry and nominated Director General (PM&E), MoC to inquire the matter, fix responsibility and recommend measures for recovery from contractor and share the report with Audit within 15 days. In DP 140 and 156, DAC directed the concerned GM that chronology showing timelines of default of the contractor, notices issued, initiation of court case may be shared with Audit along with supporting record. DAC further directed that case be pursued actively for early decision keeping in view the expiry of performance guarantee.

DAC meeting was not convened by PAO in other cases despite requests made by Audit on 07.11.2023, 10.11.2023, 17.11.2023, 05.01.2024 and 24.01.2024.

Audit recommends fact finding inquiry for abnormal delay in completion of work besides early encashment of performance security.

(DP. 304,303,293,287,412,140,406,218,128,116 &156)

2.4.23 Non-recovery of the cost of less executed work - Rs 3,094.699 million

Clause 13 of the contract agreement provides that the contractor may, at any time, submit to the Engineer a written proposal which (in the Contractor's opinion) will, if adopted, (i) accelerate completion, (ii) reduce the cost to the Employer of executing, maintaining or operating the Works, (iii) improve the efficiency or value to the Employer of the completed Works, or (iv) otherwise be of benefit to the Employer. The proposal shall be prepared at the cost of the Contractor.

Audit noted that contract of "Improvement, Up-gradation and Widening of Jaglot-Skardu Road" was awarded to M/s Frontier Works Organization on 20.06.2017 for Rs 31,000 million on EPC basis (42.86% above PC-I cost of Rs 21,699.970 million) in consideration of survey, investigation, design, execution, completion, maintenance and defects liability of the works as prescribed in the Contract Documents with a commencement date of 29.06.2017 and completion date of 28.06.2020.

The contractor was paid an amount of Rs 23,656.023 million up to IPC 11. Audit further noted that the provision of Plum concrete type wall and RCC type wall in the contract agreement was for 100 km and 26 km respectively and stone masonry type wall was not provided in the contract agreement.

Audit observed that the contractor executed stone masonry type wall, Plum type wall and RCC type wall for 65.1 km, 59.4 km and 1.5 km respectively. Due to execution of low cost item without provision in the contract agreement, the contractor saved amount of Rs 3,094.699 million (Rs 10,044.62 million – Rs 6,949.92 million), as detailed below:

(Rs in million)

S No	Wall type	Length as per Contract	Length as per Detailed Design	Cost Per km	Cost as per agreement	Total Cost as per design
1	Stone Masonry	0	65.1	43.168	-	2,810.246
2	Plum Concrete	100	59.4	66.383	6,638.315	3,943.159
3	RCC	26	1.5	131.011	3,406.306	196.517
Total					10,044.621	6,949.922

Audit maintains that the execution of stone masonry walls and less execution of RCC and Plum concrete wall was due to weak internal controls.

Audit pointed out the non-recovery of the cost of less executed work in September 2023. The Authority replied that major payments against retaining and breast walls were prudently withheld in IPC-11. The resolution of this proposal is currently under process, indicating a proactive approach to ensure transparency and adherence to due process.

DAC meeting was not convened by PAO despite requests made by Audit on 07.11.2023, 10.11.2023, 17.11.2023, 05.01.2024 and 24.01.2024.

Audit recommends fixing responsibility against those responsible for failure in getting the work executed as per provisions of the contract besides recovery of the amount saved by the contractor due to deviation in the scope of work.

(DP. 245&247)

2.4.24 Non-imposition and recovery of liquidated damages due to delay in completion of works - Rs 3,035.938 million

Clause 47.1 of the contract agreement provides that liquidated damages @ 0.1% of contract price for each day of delay in completion of the work subject to maximum of 10% of contract price was to be charged for delay in completion of the work within stipulated period.

Audit noted that in eight (08) cases/works, the contractors delayed in completion of works but NHA did not impose and recover liquidated damages from the defaulting contractors (**Annexure-G**).

This resulted in non-recovery of liquidated damages due to non-completion of work as per schedule for Rs 3,035.938 million.

Audit maintains that the irregularity occurred due to weak contract management.

Audit pointed out the non-imposition/recovery of liquidated damages in August-September 2023. The management replied that the works delayed due to various impediments particularly natural catastrophe beyond human control and EOTs are under process for approval. In DP 233, it was replied that the Engineer imposed liquidated damages due to delay in completion and same would be recovered from the contractors.

The replies were not accepted because documentary evidences in support of replies were not produced to Audit.

DP 98 was discussed in DAC meeting held on 9-10 January, 2024 wherein the management explained that EOT was granted up to December 2023. Audit contended that very purpose of the distribution of work in packages was timely completion. Further, the hindering factors like relocation of utilities and funding constraints were to be addressed in timely manner which was not done. Delay also results in price escalation. DAC directed NHA to provide detailed justification of EOT, clearly identifying employer's and contractor's responsibility, to Audit for evaluation.

Audit recommends recovery of liquidated damages from the contractors who could not complete the works within stipulated time period.

(DP. 98, 173, 233, 238, 246, 359, 372 & 428)

2.4.25 Wasteful expenditure due to non-utilization of executed bridges/works - Rs 3,011.859 million

Para 2.1 of Planning Commission's Guidelines for Project Management, 2008 provides that policy of the Government of Pakistan is to efficiently utilize natural and economic resources of the country for socio-economic welfare of the people. This objective may be achieved only when development projects are planned and executed with vigilant management. Objective of development planning is to have projects implemented for the benefit and social uplift of the society. For achievement of stipulated targets and tangible returns, it is imperative to entrust management and supervision of the project during implementation stage to capable and competent persons of required qualifications, experience and caliber.

Audit noted that the NHA awarded three works to various contractors during the years 2017-21, as detailed below:

(Rs in million)

DP. No.	Name of Project/Work	Contractor Date of award/ Stipulated Date of Completion	Contract Cost	Expenditure
301	Four Lane Bridge Across River Indus Linking Layyah with Taunsa Including Two Lane Approach Roads and River Training Works, Package-I (Major Bridge on River Indus)	M/s SHE-HRL JV 08.11.2017/ 07.11.2019	2,689.980	2,699.817
298	Four Lane Bridge Across River Indus Linking	M/s KNK – JV	3,833.878	245.270

DP. No.	Name of Project/Work	Contractor Date of award/ Stipulated Date of Completion	Contract Cost	Expenditure
	Layyah with Taunsa Including Two Lane Approach Roads and River Training Works, Package-II (Layyah Side Approach Roads km 0+000 to km 08+233 and Taunsa Side Approach Roads km 09+983 to km 24+556)	10.06.2021/ 09.06.2023		
288	Widening and Strengthening of National Highway (N-70) (Rakhi Gajj-Bewata) (East West Road Improvement Project), Package-II - From km 19+500 to km 32+650	M/s KAC- UCC JV 29.11.2021/ 28.11.2023	1,110.000	66.772
Total				3,011.859

Audit observed that PC-I of the project “Four Lane Bridge across River Indus Linking Layyah with Taunsa Including Two Lane Approach Roads and River Training Works” was approved by the ECNEC on 06.10.2017 for Rs 9,775.600 million, in which implementation period was given for three years. The said project was divided into two packages for timely completion of the project and to avoid extra on account of variation in prices in this connection. Package-I (Main Bridge work) was awarded in 2017 which was completed in 2020. Package-II (Approach Roads) was awarded in June 2021, i.e., three and half years after

approval of PC-I. Audit further observed that the contractor of the package-II served the termination notice to the employer (NHA) on 15.03.2023 and the work of the project was executed at site only 10.07% against estimated progress of work of 71.40% up to July 2023 which was 61.33% below from the target. No construction activity was underway at this stage.

Furthermore, Audit observed that the work “Widening and Strengthening of National Highway (N-70) (Rakhi Gajj-Bewata) (East West Road Improvement Project), Package-II was awarded for Rs 1,110.00 million on 29.11.2021. The Authority made payment to contractor of Rs 66.772 million up to IPC No.2 till September 2023. Due to slow progress of the work, Member Central Zone NHA Lahore terminated the said contract on 28.08.2023 under contract clause 63.1 with the direction that under contract sub-clause 63.3, termination of contract would be at contractor’s risk and cost. This resulted in wasteful expenditure due to non-execution of work at site of Rs 3,011.859 million. The said facts showed ill planning of the management which caused wasteful expenditure of Rs 3,011.859 million

Audit holds that wasteful expenditure was due to poor management of the Authority and weak internal controls.

Audit pointed out wasteful expenditure in August-September 2023. In case of DP 301, the Authority replied that Package-I, construction of bridge had been completed in its original time and Package-II was started in January 2022. Unfortunately, contractor was not paid Mobilization Advance and IPCs in time. Therefore, the contractor served termination notice due to non-payments. Bridge is in its shining condition and no wasteful expenditure has been made. In case of DP 298, that IPC No.2 was certified and approved on 14.01.2023. The contractor could not get payment for this and escalation in due time as per contract. Ultimately contractor served Notice of Termination due to non-payment against work done/escalation in time. In case of DP-288, the contractor achieved about 9% progress till August 2023 against 90% planned progress. The Engineer of the project certified the default of Contractor under clause 63.1 due to very slow progress of work. As the payment made to the contractor against actual executed work (most of the work is roadway excavation) was not wasteful. Accordingly, the Member (Engr-Coord) NHA HQ accorded approval for the above mentioned estimates, therefore, necessary payments were made to contractor under above mentioned projects from RMA Administrative expenses budget.

The reply was not accepted as the PC-I was approved keeping in view all factors towards the project with implementation period of 24 months. Further, the Authority did not take up the matter with Federal Government-Ministry of Planning and Development/ Government of Punjab and Khyber Pakhtunkhwa regarding construction of approach roads. Moreover, revision of PC-I was still under process.

DAC meeting was not convened by PAO despite requests made by Audit on 07.11.2023, 10.11.2023, 17.11.2023, 05.01.2024 and 24.01.2024.

Audit recommends investigation into the matter at appropriate level for taking necessary action against the responsible.

(DP. 301, 298, 288)

2.4.26 Inconvenience to DI Khan-Hakla Motorway commuters due to non-construction of service areas - Rs 2,400.00 million

The Project “Construction of 292 km Hakla to D.I. Khan Motorway” is being financed by Government of Pakistan through PSDP. Global PC-I of the project is approved by ECNEC on the 07.11.2016 at the cost of Rs 110,208 million. The amended cost of PC-I is Rs 123,570.004 million. As per PC-I, four Service Areas and one NHA Building were provided for Rs 2,400.00 million.

Audit noted that an expenditure of Rs 104,972.145 million was booked against the project up to June 2023 and the project was operational since January 2022 (Package 01 Taking Over Certificate (TOC) was issued on 28.07.2021, Package 2A TOC on 12.12.2020, Package 2 II B TOC on 04.11.2020, Package 2C TOC on 23.01.2022, and Package III TOC on 27.03.2021).

Audit observed that four Service Areas were not complete as yet. The road commuters are facing inconvenience due to non-construction of these service areas.

Audit maintains that the irregularity occurred due to weak internal and financial control and weak project management. This resulted in inconvenience to DI Khan-Hakla Motorway commuters due to non-construction of service areas against the provisions of approved PC-I for Rs 2400.00 million.

Audit pointed out the matter in October 2023. The Authority replied that originally these Service areas were not included in the Motorway Construction Contracts. Following was the status on all four proposed service areas:

Pindi Gheb Service area: No works were executed as the local land affectees filed writ petition in Lahore High Court Rawalpindi Bench and the matter was sub-judice.

Jand Service area: Basic facilities like Filling Stations, Mosques, Washrooms, Tuck Shops and Tyre shops were fully operational on both sides of Motorway.

Indus River/Essa Khel Service area: Works were in progress.

Pahar Pur Service area: Basic facilities like Filling Stations, Mosques, Washrooms, Tuck Shops and Tyre shops were fully operational on both sides of Motorway.

As such the road commuters on Hakla-D.I. Khan Motorway were not facing any inconvenience due to non-construction of Service areas.

The reply was not acceptable because NHA did not provide documentary evidence regarding construction and operationalization of service areas in support of reply. It was almost three years after operationalization of motorway but service areas were still not in place.

DAC meeting was not convened by PAO despite requests made by Audit on 07.11.2023, 10.11.2023, 17.11.2023, 05.01.2024 and 24.01.2024.

Audit recommends fixing responsibility for poor planning and contract management which caused inconvenience to motorway commuters.

(DP. 212)

2.4.27 Irregular award of work with imbalanced rates of items of work - Rs 2,285.757 million

As per clause 28.4 of the bidding documents, if the bid of the successful bidder is seriously unbalanced in relation to the Employer's estimate of the cost of work to be performed under the Contract, the Employer may require the bidder to produce detailed price analysis for any or all items of the Bill of Quantities to demonstrate the internal consistency of those prices with the construction methods and schedule proposed.

ECNEC in its meeting dated 04.06.2021 approved PC-I of the project "Dualization of Khuzdar-Kuchlak Section of National Highway (N-25), having length 330.52 kilometers for Rs 81,582.19 million with implementation period of 39 months.

A. The work "Dualization of Khuzdar-Kuchlak Section of National Highway (N-25) Section-III (km 102+00 - km 171+900)" was awarded to M/s ZIEC-PTA JV for agreement cost of Rs 10,583.568 million dated 09.12.2022, i.e., 19.50% below Engineer Estimate of Rs 13,147.830 million.

M/s ZIEC-PTA JV quoted rate against item of work "Stone Masonry Dressed Coursed with Mortar" as Rs 750.65 per Cu.m against and PC-I/Engineer Estimate rate of Rs 5,842 per Cu.m. During bid evaluation, GM P&CA Wing asked the bidder to submit analysis of rate for all the items of BOQ.

Audit observed that the bidder did not submit the analysis of the above item despite the huge difference of estimated and quoted cost of Rs 1,370.693 million, only against this item, as under:

Sub-Head	EE Quantity (Cu.m)	Quoted Rate (Rs per Cu.m)	Rate as per Estimate (Rs per Cu.m)	Difference (Rs)	Amount (Rs)
Slab Culverts	269,220	750.65	5,842	5,091.35	1,370,693,247

B. The work “Dualization of Khuzdar - Kuchlak Section of National Highway (N-25) Section-IV (km 171+900 - km 241+200)” awarded to M/s ZIEC-PTA JV on for agreement cost of Rs 11,324,194,850 on 10.02.2023, i.e., 19.28% below Engineer Estimate of Rs 14,029,776,519.

M/s ZIEC-PTA JV quoted rate against item of work “Reinforcement as per AASHTO M-31 Grade-60” as Rs 50,000 per ton against and PC-I/Engineer Estimate rate of Rs 119,692.59 per ton. During bid evaluation GM P&CA Wing asked the bidder to submit analysis of rate for all the items of BOQ.

Audit observed that the bidder did not submit the analysis of the above item despite the huge difference of estimated and quoted cost of Rs 915.064 million, only against this item as under:

Sub-Head	EE Quantity Ton	Quoted Rate (Rs per ton)	Rate as per Estimate (Rs per ton)	Difference (Rs per ton)	Amount (Rs)
Box Culverts	13,130	50,000	119,692.59	69,692.59	915,063,707

Non-responsiveness of the bidders warranted rejection of bids because no justification for such deviation in rates was given by the bidders as required by GM P&CA Wing. The award of works was with a delay of one and a half year after approval of PC-I and chances were there that sub head Slab and Box Culverts and its items quantities were not as per site requirement and the contractor was able to get the award of work with such imbalanced rates. Estimate of the work was not updated. This caused irregular award of works with imbalanced rates for an amount of Rs 2,285.757 million (Rs 1,370.693 million + Rs 915.064 million).

Audit pointed out the matter in October 2023. The Authority replied that non-provision of rate analysis for a certain item was not any irregularity. Furthermore, Rule 40 of the Public Procurement

Rules, 2004 prohibits the employer from any negotiations with successful bidder regarding their price bid. Contractors were not bound by the Engineer Estimate when submitting their bids.

The reply was not acceptable. The bidder did not furnish rate analysis of particular items as pointed out by Audit. The bid was not cancelled due to non-compliance of tender conditions and work was awarded with imbalanced rate.

DAC meeting was not convened by the PAO despite requests by Audit on 05.01.2024 and 24.01.2024.

Audit recommends fixing responsibility through fact finding inquiry besides recovery of the amount involved in imbalanced rates. Mechanism for procurements of high value contracts may be improved and tenders must be called only against estimates/costs based on updated drawings/design prepared after site surveys.

(DP. 404&416)

2.4.28 Award of additional work without fresh tenders - Rs 2,280.001 million

Rule 12(2) of the Public Procurement Rules, 2004 states that all procurement opportunities over two million rupees should be advertised on the Authority's website as well as in other print media or newspapers having wide circulation. The advertisement in the newspapers shall principally appear in at least two national dailies, one in English and the other in Urdu. Rule 42 I (iv) of ibid rules provides that a procuring agency shall only engage in direct contracting if the repeat orders do not exceed fifteen percent (15%) of the original agreement. According to Rule 50, any violation of these rules constitutes mis-procurement.

Audit noted that the Authority awarded the work "Construction of Shatial-Thur Nullah Bypass (Relocation of KKH) including link road to existing KKH" to M/s HAKAS Pvt. Ltd. vide acceptance letter dated 22.06.2012 at an agreed amount of Rs 3,518.133 million with commencement date of 23.09.2012 and completion date of 22.09.2012. EOT-04 was approved up to 31.03.2023. PC-I of the project was approved by ECNEC on 20.08.2009 for Rs 3,844.431 million. Up to date payments against total work done of Rs 4,071.833 million vide IPC-31 and escalation amounting to Rs 1,213.574 million vide EPC-31 were paid up to June 2023. Variation Order No.03 amounting to Rs 5,789.468 million was approved by NHA Executive Board in its 370th meeting dated 02.10.2021.

Audit observed that the scope of the work was enhanced due to inclusion of two link roads having length of 7.7 km with cost impact of Rs 2,280.001 million. The contract amount was enhanced beyond permissible limit of 15% of the already awarded work but the authority awarded additional work to existing contractor without calling tenders in violation of the Public Procurement Rules.

This resulted in award of additional work without calling for tenders amounting to Rs 2,280.001 million.

Audit pointed out the award of additional work without fresh tenders in September 2023. The Authority replied that being deposit work, payment was made by WAPDA from Basha Dam PC-I which was approved for Rs 57 billion including re-alignment of KKH for Basha Dam. Therefore, there was no need for fresh tender for such small quantum of additional link road.

The reply was not accepted because additional work was awarded without calling for tenders in violation of rules.

DAC meeting was not convened by PAO despite requests made by Audit on 07.11.2023, 10.11.2023, 17.11.2023, 05.01.2024 and 24.01.2024.

Audit recommends fixing responsibility against those responsible for violation of rules besides taking concrete steps to avoid recurrence of such irregularity in future.

(DP. 254)

2.4.29 Loss of revenue due to delay in completion of work - Rs 1,932.00 million

Rule 30(3) of the Public Procurement Rules, 2004 provides that a bid once opened in accordance with the prescribed procedure shall be subject to only those rules, regulations and policies that are in force at the time of issue of notice for invitation of bids.

Clause 27 of contract agreement for Automatic Vehicle Classification system (detail of shipment/goods supply) states that the contractor shall provide bill of lading, sea waybill, an inland waterway document, an air way bill, etc., in support of imported equipment to NHA.

Audit noted during scrutiny of Road Maintenance Account that the General Manager (Revenue) awarded two (2) contracts and made payments of Rs 1,178.486 million, as detailed below:

(Rs in million)

S. No.	Name and date of award of work	Contractor	Contract Amount	Payments up to June 2022
1	Package-I (44 lanes 05 plaza), awarded on 17.06.2019	M/s Whale Cloud Tollink (JV)	986.326	642.983
2	Package-II (44 lanes 05 plaza) awarded on 17.06.2019	M/s Sh. Iqbal Akhtar & Co	883.140	535.503
Total				1,178.486

Audit observed the following irregularities:

The works were awarded in June 2019 and the completion period of both packages was six (06) months whereas forty-two (42) months have been lapsed but the contractors failed to complete the works.

The status of old material retrieved from dismantling of old ETTM system amounting to Rs 500 million was also not forthcoming on record.

Due to non-completion of work within specified time period, the authority sustained loss of revenue amounting to Rs 1,932.00 million.

(Rs in million)

Expected annual increase due to installation of ETTM system (after excluding 4% O&M charges)	542.35
--	--------

Per month increase	46.00
For fourteen (42) months 01.01.2020 to 28.06.2023 (42 months x 46)	1,932.00

Audit pointed out the irregularities in September-October 2022. The Authority replied that considering the 2020-21 as base year, the revenue collected after installation new ETTM system on Toll Plazas falls under Package-I&II has been increased by 14% and 12% for financial year 2021-22 and 2022-23, respectively. Stock taking for the old ETTM equipment has been done and is available at site and NHA HQ stores.

The reply was not accepted because the contractors did not complete the work within original/revised completion period, i.e., 15.09.2021, the authority suffered huge loss of revenue due to non-completion of work. The accounts and disposal of replaced tolling system was not got verified.

The matter was discussed in DAC meeting held on 9-10 January, 2024 wherein DAC directed to conduct fact-finding inquiry through Member (Finance), NHA. DAC further directed that M&I Wing shall submit report within one month.

Audit recommends fixing responsibility through fact-finding inquiry besides recovery.

(DP. 82)

2.4.30 Irregular award of work at higher cost above PC-I and also above previous lowest bid - Rs 1,883.451 million

Para 4.05 of Manual for Development Projects issued by Planning Commission (December 2021) states that, for smooth implementation of projects, the following guidelines may be adhered to: (i) While making the decisions to include projects in the PSDP, the PAOs should prioritize existing projects instead of suggesting new projects; (ii) If the cost of the project exceeds 15% of the approved budget at the time the contract is being awarded, PC-I would be revised immediately and should be submitted for approval of the competent forum.

The NHA Executive Board in its 425th meeting dated 10.03.2023 approved the award of work for “Construction of 6-lane Overhead Bridge at Imamia Colony Railway Crossing Shahdara” to the lowest evaluated bidder M/s National Logistics Corporation Engineers (NLC Engineers) at

evaluated bid price of Rs 3,379.453 million, which was 125.90% above the Engineer's Estimate of Rs 1,496.001 million based on CSR 2014 and 37.48% above the Engineer's Estimate of Rs 2,458.135 million based on CSR 2022 subject to approval of Revised PC-I.

The NHA Executive Board in its 435th meeting dated 08.06.2023, recommended the 2nd Revised PC-I for "Conversion of 6-lane overhead bridge to 8-lane bridge at Imamia Colony Railway Crossing Shahdara (Revised) and conversion of the existing 4 lanes N-5 from Shahdara More to Imamia Colony and 6 lanes N-5 from Imamia Colony to Kala Shah Kaku into 8-lanes to accommodate Metro Bus facility" at a cost of Rs 18,682.953 million for approval of ECNEC.

Audit noted that GM P&CA NHA HQ Islamabad invited bids on 20.02.2018 for "Construction of 6-Lane Overhead Bridge at Imamia Colony Railway Crossing, Shahdara" and the lowest bid of Rs 1,296.701 million was quoted by M/s HCS-AKB (JV). There is no further clue in the record produced about the fate of this tendering process.

Audit further noted that, for the same work, tender was again invited in August 2022 and the work was awarded to the lowest bidder M/s NLC at a contract cost of Rs 3,379.452 million. The fresh tendering process did not contain information about the previous tendering.

Audit observed that the project was awarded at higher rates above PC-I cost of Rs 1,883.451 million (Rs 3,379.452 million - Rs 1,496.001 million) and above previous lowest bid of the year 2018 for Rs 2,082.751 million (Rs 3,379.452 million - Rs 1,296.701 million), and that the work was not awarded to the lowest bidder M/s HCB-AKB (JV) at their evaluated bid price of Rs 1,296.701 million which was 25.24% below the engineers estimate of Rs 1,734.520 million in 2018. Audit further observed that the same work was awarded to the lowest bidder M/s NLC at their evaluated bid price of Rs 3,379.452 million which is 125.90% above the engineer estimate of Rs 1,496.000 million in 2022. This resulted in loss to the authority due to non-award of contract to the lowest evaluated bidder in 2018 of Rs 2,082.751 million (lowest bid quoted in 2018 (Rs 1,296.701 million) - lowest bidder quoted cost in 2022 (Rs 3,379.452 million)).

Audit maintains that award of work at higher rates without revision of PC-I and non-finalization of earlier tendering process caused higher cost of Rs 2,082.751 million.

Audit pointed out the matter in October 2023. The Authority replied that original tendering process was annulled in 2018 and fresh procurement was initiated in 2022 when allocation was made in PSDP 2021-22.

The reply was not accepted because justification was not furnished for fresh tendering in the year 2021-22 and non-finalization of tendering process of 2018-19 despite availability of funds in 2018-19 as admitted in reply. Award of work at higher rates and non-finalization of earlier tendering process caused higher cost of Rs 2,082.751 million.

DAC meeting was not convened by the PAO despite requests by Audit on 05.01.2024 and 24.01.2024.

Audit recommends inquiry for fixing responsibility besides recovery.

(DP. 410)

2.4.31 Poor contract management and non-recovery of risk and cost amount from the defaulting contractor - Rs 1,854.679 million

Clause 63.1 of the contract agreement stipulates that the Employer (NHA) may, after giving 14 days' notice to the contractor, enter upon the site and the works and terminate the employment of the contractor without thereby releasing the contractor from any of his obligations or liabilities under the contract, or affecting the rights and authorities conferred on the Employer or the Engineer by the contract, and may himself complete the works or may employ any other contractor to complete the works.

As per Special Stipulations No. 12 (Appendix-A to bid) of the contract agreement, minimum amount of interim payment certificate (running bills) was fixed as 2.5% of contract price as stated in Letter of Acceptance which comes to Rs 31.088 million (Rs 1,243.516 million x 2.5%).

During scrutiny of the accounts of General Manager, RAMD NHA, Islamabad for the year 2021-22, Audit noted that the work "Conversion of 2-Lane Lai & Sawan bridges to 4-Lane bridges" was awarded to M/s A.K Communication on 28.02.2017 for Rs 1,243.516 million with completion period of 2 years up to February 2019. The contractor did not complete the work even within the extended time which ended on 21.01.2022. Consequently, the contract was terminated on 18.04.2022 by the Chairman NHA under clause 63.1 of contract agreement.

Audit observed the following irregularities:

Penalty was not imposed on the contractor for delay in completion of work and NHA had to bear extra cost of Rs 496.969 million on account of price escalation, consultancy fee and payments against general items. Payment of Rs 802.158 million was made to defaulting contractor till April 2022 against contract amount of Rs 1,243.516 million. NHA awarded the balance work to M/s FWO at contract cost Rs 1,799,067,967 on 21.10.2022 with completion period of one year. An amount of Rs 1,854.679 million (Rs 1,243.516 million – Rs 802.158 million = Rs 441.358 million – (Rs 1,799.068 million+ Rs 496.969 million) was recoverable as risk and cost from the defaulting contractor which was not recovered.

Performance security of the defaulter contractor of Rs 124.352 million valid up to 15.03.2023 was not en-cashed.

During execution of work, the project consultants pointed out defective works of Rs 60.515 million. But the deductions were not made from the running payments.

The contractor's claims/PCs were less than specified limit of Rs 31.088 million (2.5%). But the Authority paid the 21st and 22nd PCs to contractor for Rs 20.085 million and Rs 28.918 million during the year 2021-22. This resulted in undue financial assistance of Rs 48.003 million to contractor due to payment of PCs less than the contract provision.

Survey, lab equipment and vehicles worth Rs 26.138 million procured through the defaulting contractor were not taken over and accounted for.

The enhanced consultancy cost of consultancy services amounting to Rs 77.979 million was also recoverable from defaulting contractor.

Audit maintains that the irregularities were due to weak internal controls.

Audit pointed out the matter in September-October 2022. The Authority replied that the contractor went to the Court in the matters of encashment of performance security, termination, forfeiture of retention money and award of balance work on risk and cost. The matter was sub-judice.

The matter was discussed in DAC meeting held on 9-10 January, 2024 wherein NHA responded that the work was delayed due to site issues including shifting of utilities. Audit contended that the completion of work was delayed despite extra-contractual favours to the contractor. DAC decided that a Fact Finding Inquiry be conducted in all paras relating to Sawan Bridge and report thereon

be submitted to Audit and Ministry. DAC further directed NHA to pursue court case, provide date wise penal actions taken against the contractor and ensure timely completion of work.

Audit recommends fixing responsibility through fact finding inquiry, recovery of extra cost besides early completion of work.

(DP. 22, 23, 24, 25, 26, 35, 86, 89 & 408)

2.4.32 Excess payment due to deviation from the approved provisions - Rs 1,849.583 million

Para 56 of Chapter 2 of NHA Code (Vol-I) provides that technical sanction means the order of the competent authority sanctioning a properly detailed estimate of the cost of a work of construction or repair proposed to be carried out by the Authority. Sanction accorded to the execution of a work by an officer of any other department is regarded merely as an Administrative Approval of the work. Technical Sanction is a guarantee that the proposal is structurally sound and that the estimates are accurately calculated and based on adequate data. It shall be issued on the basis of detailed estimates for the project as a whole, after Administrative Approval is accorded.

Audit noted that in NHA awarded eight (08) works to the various contractors at agreed cost Rs 16,626.228 million during the year 2022-23 (**Annexure-H**)

Audit observed that NHA addition/deletion some items of work from approved scope through variation orders which clearly indicates that engineer's estimate of said project was not structurally sound and not accurately calculated allowing contractor to execute the work at site on his own will, and not according to approved scope of work. Audit is of the view that Authority compromised on quality of work provided in the original contract and undue favour was extended to the contractor. This resulted in excess payment due to deviation from the approved provisions through Variation Order in violation of TS estimate amounting to Rs 1,890.388 million.

Audit maintains that the irregularity occurred due to poor planning and weak internal controls/contract management.

Audit pointed out irregularity in September-October 2023. The Authority replied that in case of DP 148, the excess quantities over the provisions in contract agreement were paid provisionally on account of under process variation order. In case of DP 145, scope of projects usually changes during execution of project keeping in view the site conditions. In case of DP 370, the variation

order No.2 is under process and the payments on account of legitimate expenditures under BOQ – Bill 7 (General Items) became indispensable for the continuation of these services. In case of DPs 268 & 281, the work has been executed as per site requirement under the supervision of renowned supervisory consultant M/s PEAS Consulting Engineers Pvt. Ltd. The section of road remained inundated in flood water for more than two months during super flood 2022 due to which the said section becomes more deteriorated. The Re-appropriation and reach extension was duly approved by the concerned Member (EC).

The reply was not accepted because payments of deviated scope of work in excess of contract provisions were made without approval of the competent forum. It also shows that the design/estimate was not prepared after site surveys.

DPs 145 and 148 were discussed in DAC meeting held on 9-10 January, 2024 wherein DAC ordered inquiry and nominated Director General (PM&E), MoC and General Manager (M&I) as a co-opt member to inquire into the matter (imposition of penalty against design consultant) and submit a report within 15 days. Report may also be shared with Audit. Compliance of DAC's directive was not made till the finalization of this report.

DAC meeting was not convened by the PAO in other cases despite requests made by Audit on 07.11.2023, 10.11.2023, 17.11.2023, 05.01.2024 and 24.01.2024.

Audit recommends fixing responsibility against those responsible for poor estimation and weak contract management besides recovery of the amount involved.

(DP. 148,145, 370, 268, 281)

**2.4.33 Irregular closure of the projects without revision of PC-I -
Rs 1,747.20 million and unjustified execution of works -
Rs 143.294 million**

Planning Division letter No. 20(1) DA/PC/79-Vol.XIV dated 22.06.1980 provides that if the total estimated cost, as sanctioned increases by a margin of 15% or more or if any significant variation in the nature/scope of the project has been made, irrespective of whether or not it involves an increased outlay, the approval of the ECNEC/ competent authority shall be obtained in the same manner as in the case of the original scheme without delay.

Audit noted that Authority awarded/executed three (03) works under Project “Rehabilitation of NHA Highways Network damaged due to unprecedented monsoon rains & flash floods 2010” at a contract cost of Rs 1,747.20 million to various contractors as detail below:

(Rs in million)

Section Name	Name of Contractor	Contract Cost	Gross work done
Package-2 Lot-01 Bahrain to Kalam 08 Bridges	M/s Sachal Engineering works Pvt. Ltd.	504.809	75.569
Package-2 Lot-02 Bahrain to Kalam 04 Bridges	M/s Sachal Engineering works Pvt Ltd	348.033	23.926
Package-2 Bahrain to Kalam 12 Bridges	M/s Sheikh Abdul Razzaq & Co	894.358	43.799
Total		1,747.2	143.294

Audit observed the followings discrepancies:

The works were terminated despite the facts that the BOQ rates/ contract cost were at lower side and necessity of bridges is still intact, the same will be constructed at higher rates through new contracts.

Execution was started without proper hydrology study to safe public money resultantly expenditure of Rs 143.294 million incurred for construction of bridges gone waste due to flood.

The payment for work done for Rs143.294 million was made after flood, i.e., August 2022 without availability of proof regarding physical execution at site duly supported by test reports, check request, etc.

Audit is of the view that the deviation from approved scope of the work without getting approval from competent forum, i.e., ECNEC was irregular and execution of works amounting to Rs 143.294 million without proper estimation is unjustified.

Audit pointed out the irregular closure of the projects without revision of PC-I in October 2023, but the Authority did not reply.

DAC meeting was not convened by the PAO despite request by Audit on 05.01.2024.

Audit recommends that matter be investigated for fixing responsibility and action against persons at fault.

(DP. 441)

2.4.34 Unauthentic payment on account of price escalation - Rs 1,711.655 million

Para 1 of Part-I(C) of Standard Procedure and Formula for Price Adjustment states that the billed amount of the work for each calendar month will be obtained from the contractor. In case the billed amount is for more than one month, the amount of the bill shall be segregated for actual work done in each month.

Clause SP(C)-60.1 of the Contract provides that the contractor will supply to the Employer's representative six copies of the monthly statement along with two copies of detailed measurements, quality control tests and cross sections with calculations, and any other documents or information which form the basis of payment.

Audit noted that the NHA awarded/executed 08 works through different contractors at agreed cost of Rs 28,580.878 million and made payment of Rs 1,711.655 million on account of price adjustment during contract period, as detailed below:

(Rs in million)

Name of Project	Contractor Name	Original Contract Cost	Escalation Paid
Chitral-Ayun-Bumborate Road Project (Package-I)	M/s HRK-MQC-SB (JV)	1,260.262	139.787
Chitral-Ayun-Bumborate Road Project (Package-II)	M/s MQC-HRK-SAPNA (JV)	1,756.459	167.889

Name of Project	Contractor Name	Original Contract Cost	Escalation Paid
Chitral-Booni-Mastuj-Shandoor Road Project (Package-1)	M/s Umer Jan & Co	2,668.317	139.644
Chitral-Booni-Mastuj-Shandoor Road Project (Package-2)	M/s Umer Jan & Co	2,829.340	96.045
Chitral-Booni-Mastuj-Shandoor Road Project (Package-3)	M/s Umer Jan & Co	2,546.316	110.603
Nokundi Mashkhel Road Project	M/s KAC-NIC-RA (JV)	5,726.085	287.941
Rawalpindi Kahuta Road Project (Package-II)	M/s SMADB-Shahrukh-(JV)	4,296.035	493.138
Jhaljao Bela Road Project	M/s JHCEC-ABD (JV)	7,498.064	276.608
Total		28,580.878	1,711.655

Audit observed that the Authority made payment to the contractor on account of Price adjustments (average basis) by dividing the whole quantum of work on the number of months for which the IPC relates instead of actual work done executed during the month (calculated on the basis of check requests) as required under PEC procedure/agreement. This resulted in unauthentic payment made to contracts on account of Price adjustments/escalation for Rs 1,711.655 million.

Audit pointed out the unauthentic payment made on account of price escalation in December 2023, but the Authority did not reply.

DAC meeting was not convened by the PAO despite request by Audit on 05.01.2024.

Audit recommends price escalation may be calculated on the basis of actual work done on monthly basis.

(DP. 425)

**2.4.35 Non-obtaining of additional performance guarantees -
Rs 1,586.566 million**

Clause 10.1 of Special Provisions of the Contract provides that:

Minimum performance security shall be of an amount equal to 10% of the contract price stated in letter of acceptance.

Performance security of an amount equal to 10% of the contract price stated in letter of acceptance (LOA) shall be at the option of the bidder, be in the form of any of the following options, only if the quoted/evaluated bid price is up to 10% below of Engineer Estimate.

Bank Guarantee from any Schedule bank in Pakistan or

Bank Guarantee from a bank located outside Pakistan duly counter guaranteed by schedule bank in Pakistan or

An insurance company having at least AA rating from PACRA/JCR (Available on NHA's approved panel)

However, if quoted bid price is beyond 10% below the engineer's estimate, the bidder shall have to provide additional performance security in the shape of Bank Guarantee only for the balance lower percentage beyond 10% below the EE.

A. Audit noted that the Authority awarded the work "Dualization of Khuzdar-Kuchlak Section N-25 Section-I" to M/s SMADB-Shahrukh-MBC (JV) vide acceptance letter dated 07.12.2021 at agreed cost of Rs 8,786.787 million and Section-II" to M/s Umer Jan & Co, - NPI Construction & Engineering (JV) on 25.03.2022 at agreed cost of Rs 9,271.096 million against estimated cost of Rs 10,869.046 million.

Audit further noted that the Authority (in Section-I) obtained performance security for Rs 878.679 million issued by the insurance company (No. 101/LHR/PB-02/01/2022 dated 05.01.2022), i.e., 10% of contract cost and additional performance guarantee for Rs 171.911 million from Dubai Islamic Bank (No. 179GTEL213650001 dated 03.12.2021) and also obtained 10% performance security for Rs 927.109 million dated 29.03.2022 issued by the insurance company No. 101/LHR/PB-24/03/2022 and additional performance guarantee for Rs 24.019 million dated 13.4.2022 No MD22103276740054 from the Bank of Khyber (Section-II).

Audit observed that in Section-I, the contractor quoted bid 22.33% below the estimated rates and submitted performance guarantee of Rs 1,050.589 million (Rs 878.679 million + Rs 171.911 million) instead of Rs 1,962.089 million as required under the special stipulations of the contract

agreement to safeguard the interest of the government. In Section-II, the contractor quoted bid 14.70% below the estimated rates and submitted performance guarantee of Rs 951.128 million instead of Rs 1,362.851 million as required under the special stipulations of the contract agreement to safeguard the interest of the government.

This resulted in insufficient additional performance guarantee of Rs 1,323.07 million (Rs 911.499 million + Rs 411.571 million).

(DP. 350, 353)

B. Audit noted that NHA awarded the work “Rehabilitation and Up-gradation of Jhal Jao-Awaran Road (54.80 km)” to the contractor on 25.04.2022 at agreed cost of Rs 5,146.410 million which was 15.12% below the Engineering Estimate cost of Rs 6,062.993 million. The work was started on 16.06.2022 and was required to be completed within 24 months, i.e., 15.06.2024. The total value of work done up to IPC No. 4 was Rs 1,023.872 million. Audit further noted that authority obtained performance security @ 10% of contract price amounting to Rs 514.641 million.

Audit observed that contractor quoted 15.12% below rates, therefore according to above contract clause, 5.12% additional performance security in shape of bank guarantee was required to be obtained from the contractor which was not obtained. This resulted in non-obtaining of additional performance security in shape of bank guarantee acceptance of below estimated rates valuing Rs 263.496 million (Rs 5,146.410 despite @ 5.12%).

Audit pointed out the matter during August & September 2023. The Authority replied that the 10% Performance Guarantee in shape of Insurance Guarantee amounting to Rs 514.641 million issued by AA Rated Insurance Company has been given the afore mentioned amount is 10% of the “accepted Contract Price” Rs 5,146,410,630 payable in consideration of execution, completion, maintenance and defect liability of the works as prescribed by the contract document. Similarly, the additional Performance Guarantee in the shape of Bank Guarantee amounting to Rs 16 million issued by Habib Bank Limited has been given.

The reply was not accepted because NHA obtained additional performance guarantee of only Rs 16.00 million instead of Rs 263.496 million.

Audit maintains that the irregularity occurred due to weak internal controls and inefficient oversight mechanisms.

DAC meeting was not convened by PAO despite requests made by Audit on 17.11.2023, 05.01.2024 and 24.01.2024.

Audit recommends that additional performance security in shape of bank guarantee needs to be obtained from the contractor otherwise premium saved by the contractor may be recovered.

(DP. 309)

2.4.36 Irregular and unauthentic payment on account of Intelligent Transport System - Rs 1,565.580 million

Clause 5 of the contract agreement provides that, Provisional Sums included in the contract shall be expended in whole or in part at the direction and discretion of the Employer. The Contractor will only receive payment in respect of Provisional Sums if he has been instructed by the Employer to utilize such sums. As per clause 13.5, contractor's overhead charges and profit shall be 12% of the cost. Further, the contractor shall, when required by the Employer, produce quotations, invoices, vouchers and accounts or receipts in substantiation.

Para 208 of Central Public Works Accounts Code (CPWA) states that, payments for all work done are made on the basis of measurements recorded in the Measurement Book (Form 23) in accordance with the rules in Para 209 of CPWA Code. The Measurement Books should, therefore, be considered as very important accounting record. Para 209(b) states that all measurements should be neatly taken down in a Measurement Book.

Para 5.14.2 of Financial Manual of NHA provides that while processing contractor's claims on account of work done it may be checked that all the measurements have been properly recorded in the Measurement Book.

Intelligent Transport System (ITS) was to be provided by the contractor under contract clause relating to provisional sums for Rs 1,490.000 million. "Statement at completion" of the project "Construction of Havelian-Thakot", showing up to date value of all work done and all financial aspects of the project, was prepared on 12.03.2021, duly signed by the NHA and the contractor as per requirement of the clause 14.10 of the contract. Record relating to ITS showed that the contractor was paid against items of ITS, as detailed below:

Payment date	IPC No.	Amount (Rs)
08.11.2019	36	700,914,843
09.12.2019	37	91,289,413
18.12.2019	38	271,332,344
07.04.2019	39	90,566,976
29.06.2020	40	372,775,225
03.05.2021	41	38,701,105
Total		1,565,579,906

Audit observed the following:

Details of equipment procured and installed with dimensions of civil works was not recorded in the Measurement Books. The authenticity of quality and quantity of works under ITS was not confirmed.

Valuation/Analysis of rates of the items under ITS along with defined scope of materials, equipment, etc., to be provided, as required under clause 13.5, were not available in the record produced.

Import documents of ITS equipment with bill of lading, warranties, test reports, etc., were not available in the record.

Amount approved for ITS equipment was Rs 1,490.000 million, whereas payment of Rs 1,565.580 million was made, resulting in excess expenditure of Rs 75.580 million.

Monitoring & Inspection (M&I) Wing of NHA got inspected the installed IT equipment/system through Director MIS/ITS NHA, who raised following functional and operational issues/shortcomings:

The centralized dashboard/platform of ITS had not been provided, i.e., data obtained through different components of ITS (incident detection, speed detection, emergency telephones, video surveillance, tolling, weighing, etc.) was not integrated and could not be processed with a single click.

Highway Monitoring Platform provided under ITS, was not user friendly as Live Video preview was not available. Besides, traffic flow information data was not accurate. Alarms for offline equipment were activated with a delay of five (5) minutes. Further, the fault alarm was not sorted at the top.

The software for the Emergency Telephone System is unable to handle more than one calls at a time. Further, it lacks in recording of incoming/outgoing calls.

Network Management System (NMS) Software was not available for Optical Fiber Cable and Field equipment of ITS.

This resulted in irregular and un-authentic payment on account of Intelligent Transport System for Rs 1,565.580 million.

Audit pointed out the matter in October 2023. The management replied that specifics of all Intelligent Transportation System equipment and related works were confirmed in line with the approved design. These details were fixed in the Bill of Quantities (BOQ), and they were attached to each Interim Payment Certificate (IPC). The contractor provided warranties and performance certificates for the ITS equipment. The total amount allocated against provisional sums was Rs 1,565.58 million, with Rs 1,490 million designated for ITS and Rs 75.58 million for Landscaping and Horticulture. The problems that were Contractor's responsibility were rectified in time.

The reply was not accepted because details of equipment procured and installed with dimensions of civil works were not recorded in the Measurement Books. Analysis of rates of the items under ITS were not prepared in the absence of which the authenticity of rates paid could not be ascertained. Import documents of ITS equipment procured with bill of lading, warranties, and test reports were not produced in support of reply. Rectification of defects as pointed out by M&I report were not made.

DAC meeting was not convened by PAO despite requests made by Audit on 10.11.2023, 17.11.2023, 05.01.2024 and 24.01.2024.

Audit recommends fixing responsibility through fact-finding inquiry besides recovery.

(DP. 277)

2.4.37 Excess payment of price variation beyond PC-I provision -
Rs 1,544.00 million

Paras 9.1 and 9.2 of Manual for Development Projects (Revised 2019), issued by the Planning Commission of Pakistan provide that, after the approval of the project, the executing agency is required to implement the project according to the provisions of PC-I.

A. PC-I of the project “Central Asia Regional Economic Corridor Development Investment Programme Tranche-I” was approved by the Executive Committee of National Engineering Council (ECNEC) containing a provision of the Rs 814.100 million on account of price escalation.

Audit noted during review of the accounts that NHA awarded a work “Petaro-Sehwan (128 km)-Ratodero-Shikarpur (44 km)-Peshawar-Dara Adam Khel (36 km) on Indus Highway (N-55)” which was financed through ADB Loan Agreement No. 3574-Pak (Tranche-I) signed on 18.12.2017 with effective date as 17.02.2018 and to be closed on 31.12.2022.

Audit observed that a payment of Rs 2,030.351 million was made to the contractors on account of price escalation against a provision of Rs 814.100 million in PC-I. This resulted in excess payment of Rs 1,216.251 million to the contractor, which constitutes 149.39% of the provision.

Audit maintains that excess payment occurred due to non-observance of instructions of Planning Commission.

Audit pointed out the irregularity during September 2023. The Authority replied that the overall cost of the PC-I was not exceeded. Furthermore, revised PC-I covering the escalation payment, had been submitted for approval of competent forum.

The reply was not accepted because payments beyond PC-I provisions were made without revision of PC-I.

Audit recommends fixing responsibility against those responsible for excess expenditure on account of price adjustment besides corrective action.

(DP. 397)

B. PC-I of the project “Construction of Rawalpindi-Kahuta road including 4 lane bridge over Sihala Railway pass Sihala bypass & Kahuta bypass was approved by ECNEC in its meeting held on 11.05.2022 for total cost of Rs 13,012.13 million having provision for escalation amounting to Rs 165.130 million.

Audit noted that NHA awarded the work “Construction of Rawalpindi-Kahuta road including 4 lane bridge over Sihala railway pass Sihala bypass & Kahuta bypass Package-II” to M/s SMADB-Shah Rukh JV vide acceptance letter dated 25.04.2018 at contract cost of Rs 3,650.000 million with commencement date as 17.08.2022. Total up to date expenditure was Rs 598.050 million on account of work done and Rs 493.137 million on account of escalation.

Audit observed that the Authority allowed payment on account of price variation amounting to Rs 493.138 million against PC-I provision of Rs 165.130 million without approval from competent forum (ECNEC). This resulted in payment of price variation beyond PC-I provision amounting to Rs 328.008 million (Rs 493.138 million - Rs 165.130 million).

DAC meeting was not convened by the PAO despite request by Audit on 05.01.2024.

Audit recommends early regularization of excess paid escalation cost.

(DP. 443)

2.4.38 Irregular finalization of the project despite incomplete works - Rs 1,323.362 million

Planning Division letter No. 20(1) DA/PC/79-Vol.XIV dated 22.06.1980 provides that if the total estimated cost, as sanctioned increases by a margin of 15% or more or if any significant variation in the nature/scope of the project has been made, irrespective of whether or not it involves an increased outlay, the approval of the ECNEC/ competent authority shall be obtained in the same manner as in the case of the original scheme without delay.

Audit noted that NHA awarded a contract for Rehabilitation and Improvement of Existing Carriageway from Dara Adam Khel to Peshawar (Section-3) km 0+000 to km 34+350 (34.350 km) on N-55 to M/s Nasrullah Jan Inamullah Khan & Co. in joint venture with Karcon Pvt. Ltd. for an agreement cost of Rs 1,834.318 million on 06.07.2018. The work was commenced on 26.11.2018 which was completed in 18 months up to 25.05.2020. The contractor was paid for Rs 1,323.362 million up to IPC-16.

Audit also noted that the contractor executed the work amounting to Rs 1,323.362 million against the contract cost of Rs 1,834.318 million, i.e., 72.144% within stipulated completion period, on completion of 72% work, the contractor applied for issuance of TOC as per condition of contract.

Audit observed that the contractor failed to complete the work within stipulated period, but the Authority did not impose liquidated damages. The rates of items increased due to economic crisis and it was beneficial for contractor to finalize the contract at 72% physical progress.

Audit further observed that the work was being finalized despite the facts the BOQ rates/contract cost were at lower side and necessity of remaining work/portion was still intact. It would be constructed at higher rates through new contracts.

Audit is of the view that the deviation from approved scope of the work without getting approval from competent forum, i.e., ECNEC is irregular and non-execution of work amounting to Rs 510.956 million without proper estimation was unjustified.

Audit pointed out the irregular finalization of the project without approval of competent authority and non-execution of work due to poor estimation in December 2023, but the Authority did not reply.

DAC meeting was not convened by the PAO despite request by Audit on 05.01.2024.

Audit recommends justification besides fixing responsibility against the person(s) responsible.

(DP. 429)

2.4.39 Unauthentic expenditure on various head of accounts from Imprest Account - Rs 1,224.567 million

As per paras 3.49 and 5.51 of Chapter 3 of NHA Financial Manual, imprest is a standing advance of a fixed sum of money given to an officer to enable him to make certain classes of disbursements as part of day-to-day management of the Authority's Affairs. Imprest shall be used in accordance with the rules and restrictions notified by the Authority from time to time.

The estimate represents carefully budgeted cost of execution of the work including all accessory and consequential services calculated as accurately as is possible at the time of its preparation.

Audit noted that expenditure of Rs 1,224.567 million (Rs 1,156.746 million and Rs 67.821 million) was incurred from imprest account against various

heads of account, i.e., purchase of stationery, POL, hiring of project staff, other administration expenses, etc.

Audit observed the following discrepancies:

Expenditure was incurred without approval of technical sanction estimate.

Procedure and agreement regarding hiring of staff for interim arrangement is not available.

Mechanism of handling of receipts books, i.e., number of books prints, custody of books and folio of used books is not shared with Audit.

Expenditure for purchase of stationery and other consumable items was made without obtaining three quotations from GST registered firms and without obtaining sales tax invoices.

Detail of toll plaza, weigh stations, police fine collection vans operated by NHA through interim arrangements, i.e., period of interim arrangement, revenue generated through each plaza, weigh station and police fine collection was not shared with Audit.

Audit maintains that incurring of expenditure without observing rules and procedures resulted in to unauthentic expenditure of Rs 1,224.567 million.

Audit pointed out unauthentic expenditure in July-August 2023. The Authority replied that the expenditure was incurred on departmental collection arrangement in the event of an emergency arising from the premature termination of contract or due to suspension of the toll collection by the contractor. GMs (Region) have been requested to provide details of expenditure incurred and revenue collected departmentally as interim arrangement.

The reply was not accepted because huge amount was spent on account of imprest without transparent record. The details/mechanism for hiring of interim arrangement staff, receipts books, etc., were not shared with Audit.

The matter was discussed in DAC meeting held on 9-10 January, 2024 wherein the Committee directed NHA to review the system for improvement, recover all imprest and discontinue unnecessary imprest accounts.

Audit recommends compliance of DAC's directive.

(DP. 92)

2.4.40 Unauthentic payments for abandoned projects in violation NHA SOP - Rs 882.207 million

Following is the SOP regarding payment of final bills:

The PD/Coordinator shall ensure that the internal & external auditors have audited the project before the final bills are forwarded for approval;

Copy of Audit report and points settled by the Audit authorities shall be attached with final bill for scrutiny and pre audit by Account section;

After verification from Audit an undertaking will be furnished by the Contractor in prescribed format duly vetted by Director Legal; and

Approval of chairman to the payment will then be obtained by Operation wing as this is to be done on case-to-case basis.

Audit noted that the Authority made payment amounting to Rs 882.207 million for 10 works to various contractors, as detailed below:

S. No.	Project Name	Contractor	Amount (Rs)
1	Nowshera- Chitral Project	M/s Muhammad Ikram & Co	165,470,714
2	Takht Bhai Flyover	M/s RMC Construction	23,460,144
3	Sangla Hills Interchange	Techno Time Construction	31,279,504
4	Dualization of Sukkur Bypass	M/s Associated Consulting	11,983,704
5	Dualization of Sukkur Bypass	M/s Rakhshani Builders	35,081,794
6	Bridge over River Indus	M/s A.K.K Construction	13,305,932
7	Bridge over River Indus	M/s Ch Abdul Latif & Sons	36,275,395
8	Rehabilitation of Kambar- Shadadkot	M/s RMS Construction	37,763,827
9	Rehabilitation of Larkana- Naseerabad	M/s Osmani & Co	40,770,014

S. No.	Project Name	Contractor	Amount (Rs)
10	Hoshab-Nag-Basima-Surab	M/s FWO	486,815,980
Total			882,207,008

Audit observed that NHA made payment for abandoned projects to the Contractor on account of final bills, release of withheld amount and to clear liabilities without observing the SOP circulated by the competent authority in this context.

Audit further observed that payment was made without getting clearance from Monitoring & Inspection Qing of NHA regarding rectification of defects pointed out by the M& I at the time of inspection carried out for issuance of TOC and DLC, and also without seeking NOC from the regional maintenance units/offices to make sure that no major maintenance activity was performed on these projects within validity period of design life. Therefore, the payment made to the contractors for Rs 882.207 million was considered unauthentic.

Audit pointed out the unauthentic payment for abandoned projects in December 2023, but the Authority did not reply.

DAC meeting was not convened by the PAO despite request by Audit on 05.01.2024.

Audit recommends that payments against abandoned projects may be investigated.

(DP. 436)

2.4.41 Non-recovery of outstanding dues against NOCs, leases and **advertisement contracts - Rs 858.140 million**

Para 7 of Appendix I of Chapter IV of Regulatory Framework and Standard Operating Procedure for Preservation and Commercial use of RoW 2002, in case the owner of commercial entity/amenity or any Government/Semi Government agency owning the utility fails to pay the lease or ground or approach rental charges or fee in due course of time, the owner shall be charged surcharge at the rates given as under:

1 month after due date	Surcharge of 10% of ground rental charges
2 month after due date	Surcharge of 20% of ground rental charges
3 month after due date	Surcharge of 30% of ground rental charges
More than 90 days	In case the Lessee does not abide by the provisions contained herein or any dues are outstanding against him for more than 90 days, the Lessor may exercise right to terminate the Agreement forthwith and to seize / retain his articles, goods, materials, etc., and remove, sell or dispose-off the same in such manner as the Lessor may deem fit without being liable to pay any expenses incurred in connection with such retention, removal or disposal.

A. Audit observed that NHA did not take action against defaulters of levy of surcharge and seizing of leases/withdrawal of NOCs as per its rules and procedure referred above and dues of Rs 793.089 million were outstanding against various Oil Manufacturing Companies on account of annual fees up to the dates of audit, as detailed below:

(Amount in Rs)

Region	No of NOCs	Total Dues	Paid Amount	Outstanding
Punjab	578	918,678,538	294,930,396	624,008,142
Khyber Pakhtunkhwa	208	203,429,759	67,914,105	135,515,654
Sindh	75	62,615,538	28,965,766	33,564,772
Total	861	1,184,723,835	391,810,267	793,088,568

Audit further observed that an amount of Rs 28.605 million was outstanding against twenty (20) lessees on account of lease fee/Annual Ground Rent up to the dates of audit.

Audit pointed out the matter in April-June 2018. The Authority did not reply despite repeated verbal and written reminders on 29.05.2018, 25.06.2018, 29.06.2018 and 13.07.2018.

B. Audit observed that NHA did not take action against defaulter concessionaires/licencees against which an amount of Rs 36.446 million was outstanding recoverable on account of Advertisement/Promotional displays, as detailed below:

(Amount in Rs)

S No.	Description	Name of firm	Outstanding amount
1	Corridor Management Contractor(CMC)	M/s Evolve (Channi Goth-Multan)	665,298
2		M/s Evolve (Sahiwal-Lahore)	2,934,438
3		M/s Awan-e-Azam (Multan-Sahiwal)	3,599,736
4		Sh. Iqbal Akhtar (Chenab, Jhelum Teraki)	3,450,497
5		M/s SS Tameerat (Mandra Sangjani Qutbal)	5,975,506
6		M/s Progressive (Attock-Peshawar)	6,710,880
7		M/s SS Tameerat (Harro-Noshera)	3,232,848
8	Mini Service Area	M/s 6T3 (km 04 N/S Bound M-1)	2,325,166
9	Bus Bays	M/s Ahmed & Co. (Eminabad N-5)	7,551,246
Total			36,445,615

Audit pointed out non-recovery in April-June 2018. The Authority replied that the above mentioned CMC's operation of service areas and bus bays were under litigation and NHA had filed recovery suits against some of the CMCs, however, Mini Service Area at Hakla was an ongoing project and operator has been remitting NHA revenue. Most of the above operators were in court, therefore, the matter is sub judice.

The reply was not accepted because evidence of cases being sub judice was not shared with Audit. Moreover, no action was taken by NHA against defaulter of NHA dues.

DAC meeting was not convened by PAO despite requests made by Audit on 31.10.2018, 28.02.2019, 19.11.2021 and 11.01.2024.

Audit recommends recovery of outstanding amount besides fixing of responsibility against the officers concerned.

(Para 19, 40 & 41 of PAR RoW)

2.4.42 Provision of excess quantities of earth work than PC-I involving extra expenditure - Rs 766.250 million

Paras 6.11 of Planning Commission’s Manual for Development Projects (Revised 2019) provides that the physical and financial scope of a project, as determined and defined in the project document (PC-I), is appraised and scrutinized by the agencies concerned before submitting it for approval of the CDWP or ECNEC. Once approved, the executing agency is required to implement the project in accordance with the PC-I provisions. It has no authority to change and modify any approved parameter of the project on its own. If the sponsoring agency feels that the project could not be implemented in accordance with the approved parameters, a revised PC-I be submitted for approval of the competent forum immediately. No expenditure may be undertaken beyond the approved scope and cost of the project, and if done, it would be considered as illegitimate expenditure.

ECNEC in its meeting dated 04.06.2021 approved PC-I of the project “Dualization of Khuzdar - Kuchlak Section of National Highway (N-25) Length 330.52 kilometer for Rs 81,582.19 million with implementation of 39 months. The work “Dualization of Khuzdar - Kuchlak Section of National Highway (N-25) Section-III (km 102+00 - km 171+900)” was awarded to M/s ZIEC-PTA JV for agreement cost of Rs 10,583.567 million on 09.12.2022, i.e., 19.50% below Engineer’s Estimate of Rs 13,147.830 million.

Audit observed that the item of work “Formation of Embankment from Borrow Excavation in common material” was taken for excess quantity than PC-I provision in the Engineer’s Estimate/BOQ. The lowest bidder quoted extra ordinary high rate for this item and due to this increase in quantity, the project cost was increased to Rs 766.250 million against this item as under:

PC-I Cu.m.	Quantity	Engineer’s Estimate Quantity Cu.m.	Difference Cu.m.	Rate agreed Rs per Cu.m.	Amount Rs
185,500		613,000	427,500	1,250	766,250,000

Audit pointed out the matter in October 2023. The Authority replied that P&CA Section had no input regarding quantities mentioned in the BOQ. The BOQ as provided by the Design Section of NHA was made a part of the bidding documents and shared with the contractors who then quoted their prices accordingly. The matter was forwarded to the Design Section for an appropriate reply.

The reply was not accepted because against the PC-I quantity of earth work of 185,500 Cu.m., a quantity of 613,000 Cu.m. was provided in engineer estimate/tender documents, which was not commented in reply by NHA. Due to this increase in quantity, the project cost was increased to Rs 766.250 million against this item. This also depicted poor designing/planning by NHA.

DAC meeting was not convened by the PAO despite requests by Audit on 05.01.2024 and 24.01.2024.

Audit recommends fixing responsibility through fact finding inquiry besides recovery of the amount involved in imbalanced rates and excess quantities.

(DP. 409)

2.4.43 Irregular release of retention money to the contractor - Rs 688.318 million

Clause 14.9 of the contract agreement provided that when the Taking-Over Certificate has been issued for the works, and the works have passed all specified tests (including the tests after Completion, if any), the first half of the retention money shall be paid to the contractor. If a Taking-over Certificate is issued for a Section, the relevant percentage of the first half of the retention money shall be paid when the section passes all tests.

A. Audit noted that the work “Construction of Motorway from Hakla (on M-1) to Yarak D.I. Khan Motorway Package-I Yarik to Rehmani Khel (55 km)” was awarded to M/s National Logistics Corporation (NLC) at agreed cost of Rs 13,257.000 million on 09.06.2016. The contract cost was revised in VO No. 02 in April 2021 to Rs 12,909.744 million against which gross work done amounting to Rs 11,076.860 million till IPC No. 16 dated 10.10.2022. The Project was commenced in 2016 and substantially completed on 28.05.2021. DLC was to be issued on 27.08.2022 but yet not issued. Date of commencement of work was 01.09.2016 with stipulated date of completion as 31.08.2018. Extension of time from 01.09.2018 to 31.05.2021 was granted. Total price adjustment EPC 07 of Rs 716.625 million (Up to IPC No. 16) was paid to the contractor so far. Audit further noted that 1st half retention money for Rs 331.425 million was paid to the contractor dated 13.10.2022.

Audit observed that M&I inspection for TOC was conducted on 27.09.2021 to 01.10.2021. As per observation in the inspection report, trimming/dressing of side slopes, cleaning of construction material debris, dressing of ROW area and clearance of site was balance mostly. Highway Lights were not installed yet. Weighing equipment was provided but not installed. Sealant was not filled in the joints of Rigid Pavement. Some sanitary fitting and door locks were sub-standard and slope of wash room of “Abdul Kel” Toll Plaza Building (R/S) has been found defective. Settlement was observed in the platform of “Abdul Kel” Toll Plaza Building (R/S). Writing on canopy was defective. Cores of asphalt were taken from one hundred and eleven (111) locations of main

carriageway @ 1.0 km and eight (8) locations of Loops/Ramps. Thickness of thirteen (13) cores of main carriageway and one (1) core of Ramp of Abdul Khel has been found less.

In view of the above, the contractor was not eligible for release of security deposit/retention money. But 1st half retention money for Rs 331.425 million was paid to the contractor dated 13.10.2022 without authorization.

B. Similarly in other work “Construction of Motorway Burhan Hakla (on M-1) to D.I. Khan Motorway Package-2-C (6.54 km including Indus Bridge) Rehmani Khel to Kot Ballian to M/S SKB-KMK JV at agreed cost of Rs 7,137.853 million vide acceptance letter dated 15.09.2017, despite non-closing of accounts and non-issuance of defect liability certificate, retention money has been released to the contractor for Rs 356.892 million.

This resulted in irregular release of retention money to the contractors for Rs 688.317 million (Rs 331,425,000 + Rs 356,892,585).

Audit maintains that the irregularities occurred due to weak internal controls.

Audit pointed out the matter in October 2023. The Authority replied that retention money was released under the contract and no irregularity, violation of contract or non-adherence to rules occurred in this regard.

The reply was not acceptable because retention money was released in Package-01 despite defective execution of works and left over works as pointed out. In Package-02 C, retention money was released despite non-closing of accounts and non-issuance of defect liability certificate.

DAC meeting was not convened by PAO despite requests made by Audit on 07.11.2023, 10.11.2023, 17.11.2023, 05.01.2024 and 24.01.2024.

Audit recommends fixing responsibility through fact finding inquiry besides recovery of Rs 688.318 million.

(DP. 197)

2.4.44 Duplicate payment against bridges - Rs 652.575 million

Clause 1.2 of construction work items of employer’s requirements states that the work includes construction of bridges (including balance work of five bridges).

As per Point 15 of Minutes of Clarification Meeting dated 14.03.2017 for the project Improvement and Widening of Jaglot Skardu (S-I) road 164km on EPC/Turnkey mode, proposed structures given in Alternate Proposal under “Project Salient Features” are the least requirement as envisaged by the Contractor, however any increase as per site requirement would be executed by the Contractor without any extra cost to the Employer. Detail Design for these would be submitted along with design approval submissions as per standard practice.

Audit noted that contract of Improvement, Upgradation and Widening of Jaglot-Skardu Road (EPC/Turnkey) was awarded to M/s Frontier Works Organization (FWO) on 20.06.2017 for lump sum

Rs 31,000 million (42.86% above PC-I EPC Cost of Rs 21,699.970 million) in consideration of survey, investigation, design, execution, completion, maintenance and defects liability of the works as prescribed in the contract documents with a commencement date of 29.06.2017 and completion date of 28.06.2020. The contractor was paid an amount of Rs 23,656.023 million up to 11th IPC.

Audit also noted that the Authority had awarded the separate work “Replacement of old bridges with permanent bridges” (Steel equipment Bridges & RCC Bridges) on Gilgit - Skardu Roads S-I (BR-2015-16-GB-003) vide agreement dated 18.10.2016 at agreed cost of Rs 726.666 million (Acceptance dated 07.09.2016). The contractor could not complete the work as evident from the letter written by “The Engineer” dated 28.09.2017 till signing of agreement for the work “Widening/ Improvement of Jaglot Skardu Road”, but the Authority made payment Rs 652.576 million to the contractor from June 2018 to June 2023.

Audit maintains that the contractor was paid against replacement of old bridges with permanent bridges work for Rs 652.575 million despite the fact that this cost was also included and paid in the subsequently awarded contract at the site to the same contractor. This resulted in duplicate payment of Rs 652.575 million.

Audit pointed out the duplicate payment due to non-execution of balance work in September 2023. The Authority replied that the payment of Rs 652.575 million is not associated with the current contract under the “Improvement, Upgradation and Widening of Jaglot-Skardu Road (JSR)”. This payment pertains to the earlier contract for the “Replacement of Old Bridges” and it was made subsequent to the completion of work on the five bridges.

The reply was not acceptable because the contractor was responsible to complete the balance work of already awarded five bridges under the provision of contract.

DAC meeting was not convened by PAO despite requests made by Audit on 07.11.2023, 10.11.2023, 17.11.2023, 05.01.2024 and 24.01.2024.

Audit recommends recovery of the overpaid amount of Rs 652.575 million.

(DP. 248)

2.4.45 Payment for amicable settlement claim without adjustment of defective work cost - Rs 550.000 million

Approved PC-I of the project, "Hassanabdal (Burhan)-Havelian Expressway E-35 (56.7 km) for Rs 34,165.00 million depicted that the Pavement Design Life of the expressway was provided as ten (10) years.

Audit noted that the project Hassanabdal (Burhan)-Havelian Expressway E-35 (56.7 km) for Rs 34,165.00 million was completed in 2021. The Authority made payment of Rs 550.00 million on account of amicable settlement to the contractors during the financial year 2022-23 as detailed below:

Package	Description	Contractor	Amount paid (Rs)
Package-I	Construction of road Burhan to Jarikas	M/s CGGC-GRC JV	200,000,000
Package-III	Construction of road Sarai Saleh to Simlaila	M/s Limak-ZKB (JV)	258,806,970
			91,193,030
Total			550,000,000

Audit also noted that the Authority allocated an amount of Rs 931.76 million in Annual Maintenance Plan 2022-23 for three (03) works of functional overlay from km 0+000 to 57+000 on E-35.

Audit observed that the Authority while processing the amicable settlement with the contractor did not claim the cost of rectification of damaged surface of constructed expressway.

Audit maintains that the execution of major repair works by the employer at his own cost after three to four years of taking over by the Authority within the design life of the pavement structure was recoverable from the contractor.

Audit pointed out the payment for amicable settlement claim without adjustment of defective work cost in December 2023, but the Authority did not reply.

DAC meeting was not convened by the PAO despite request by Audit on 05.01.2024.

Audit recommends early recovery besides taking disciplinary action against defaulters.

(DP. 426)

2.4.46 Non-recovery of mobilization advance despite expiry of contract period - Rs 424.971 million

Clauses 14.2 and 14.2(b) of Section 8 of Particular Conditions of Contract stipulates mobilization advance @ 10% of the accepted contract amount payable in two equal installments in the currencies in which accepted contract amount is payable. Further, repayment amortization of advance payment was provided @ 17%. Deduction shall be made from the each interim payment certificates in the currencies provided in acceptance letter.

Audit noted that the contractors were paid mobilization advance for Rs 1,248.54 million for construction and rehabilitation works. The detail of contracts given as under:

(Rs in million)

Name of Work	Date of Completion	Mob. Advance Paid	Outstanding Mob.
GM NHA West Mianwali	30.06.2023	1,158.468	378.010

GM Maintenance NHA Peshawar	05.07.2023	90.072	46.961
Total		1,248.540	424.971

Audit observed that authorities paid an amount of Rs 1,248.54 million on account of mobilization advance against bank guarantee. The advance was required to be fully recovered, two months before the date of completion. But contrary to the agreement clauses, NHA recovered only Rs 823.569 million on account of mobilization advance leaving a balance of Rs 424.971 due from the contractors. This resulted in non-recovery of Mobilization Advance amounting to Rs 424.971 million.

Audit maintains that non-recovery of mobilization advance and interest thereon occurred due to weak financial controls and weak contract management.

Audit pointed out the recovery in August/September 2023. The Authority replied that in case of DP 99, the contractor has already applied for 2nd extension of time due to the justified impediments, i.e., (i) unpredicted rainfalls, (ii) acute shortage of fuel supply due to abnormal price hike, (iii) prolongation of non-removal of existing trees, and (iv) reassessment of increase in quantum of work, and cases of their respective EOT-2 were duly worked out by the project consultants and recommended by The Engineer, and accordingly forwarded for approval of the competent authority which are currently under process of scrutiny and approval of the competent authority, which will obviously be approved for the updated 2nd revised completion date, i.e., 31.12.2023. In case of DP 105, the authority replied the remaining advance would be recovered from the next IPC of the Contractor.

The reply was not acceptable. The stipulated dates of completion in all three contracts had expired but the recovery of mobilization advance was yet not made in full as required under the provisions of the contract.

The matter was discussed in DAC meeting held on 9-10 January, 2024 wherein DAC directed NHA to make recovery in DP 105 and also to disallow price escalation. In DP 99, NHA explained that recovery has been made in two out of four cases. DAC directed to pursue recovery.

Audit recommends that recovery may be made at the earliest with financial charges. Besides, the guarantee may be got rectified. Responsibility for acceptance of incorrect/defective guarantees and payments may be fixed, besides recovery of interest on mobilization advance for the period till rectification may be made now.

2.4.47 Undue financial benefit to the contractors due to non-procurement of vehicles - Rs 415.284 million

Special Provision Clause 708.3 provides that on failure of the contractor to provide and of the services under this clause or even otherwise notwithstanding anything contained in any other clauses of the contract Documents, the “Engineer” shall have the authority to nominate/ sublet to any other agency on recommendation of the Resident Engineer for the Supply of services under this clause, the payment for which shall be made through this contract direct to the nominated agency out of Provisional Sum provided in the contract or hire the good road worth vehicles and recover the cost with 100% penalty charges from contractor’s IPC.

Audit noted that the procurement of vehicles through contractors was provided in twelve (12) contracts at agreed rates which were on much lower side as compared to the market rates.

Audit observed that despite provisions in the contract vehicles were not procured which caused benefit to the contractors of Rs 415.284 million because the quoted rates against each type of vehicle by the contractor were much cheaper than the market prices. This resulted in benefit to the contractor of Rs 415.284 million, as detailed below.

(Rs in Million)

S. No	Name of work	Market Rate	Contract Amount	Difference / Benefit
1	Dualization of Quetta Western Bypass	40.000	13.615	26.384
2	Construction of Ziarat Mor - Kach Harnai Sanjavi Road Package-I (Zairat Mor-Kach Harnai Road 107.2 km)	92.000	31.000	61.000

S. No	Name of work	Market Rate	Contract Amount	Difference / Benefit
3	Construction of Ziarat Mor - Kach Harnai Sanjavi Road Package-II (Harnai-Sanjavi Road 50.784 km)	92.000	31.000	61.000
4	Dualization of Kuchlak-Zhob Section of N-50 Package-IV	16.000	6.600	9.400
5	Dualization of Zhob-Kuchlak of Section N-50 Package-V	36.000	12.000	24.000
6	Peshawar Northern Bypass Package-II	63.000	31.500	31.500
7	Dualization of Khuzdar - Kuchlak Section I&II	130.000	65.000	65.000
8	Construction of road from Nokundi-Mashkhel-Taftan-Quetta Road	111.000	55.500	55.500
9	Dara Murad Jamali Bypass N-65	68.000	34.000	34.000
10	Const. of Hoshab – Awaran – Khuzdar Section to (Awaran - Nall)	35.400	17.700	17.700

S. No	Name of work	Market Rate	Contract Amount	Difference / Benefit
11	Construction of Rawalpindi Kahuta Road (P-II)	30.000	14.200	15.800
12	Rehabilitation and Up-gradation of Jhal Jao – Awaran Road	50.000	36.000	14.000
	Total	683.400	297.915	415.284

Audit pointed out the matter in September-October 2023. The Authority replied in DPs 188, 232 and 351 that Government of Pakistan put a ban on purchasing of new vehicles which was implemented strictly in all departments of Federal Government. Due to ban by the Government of Pakistan, the contractor was unable to purchase new vehicles as per contract. In DP 239 and 311, the Authority replied that the Finance Division granted approval for purchase of project vehicles on 28.03.2022. The Contractor was accordingly requested to provide project vehicles as the ban imposed had been relaxed; however, despite repeated requests, the Contractor did not comply with the instructions regarding provision of the vehicles. As a result, NHA is purchasing the remaining vehicles at the risk and cost of the Contractor. The requisite amount of Rs 30 million has been withheld from the Contractor's IPC for purchase of vehicles and would be directly paid to the Toyota Motors. In DP 285, the Authority replied that ban on purchase of vehicles imposed by Government vide Finance Division's Finance Division, however after lapse of almost a year's time, purchase was allowed by Finance Division but contractor failed to purchase contract vehicles due to price hikes. In DP 444, the Authority replied that till then price of automobile touched sky high rates and contractor failed to purchase despite repeated requests. As a result, NHA raised a mechanism of purchasing the remaining vehicles at the risk and cost of the contractor; which is under process through a committee and final amount would be recouped from the contractor.

The replies were not acceptable because project vehicles were essential for smooth completion of the projects. The contractors quoted extra ordinary below rates of vehicles then prevailing market price therefore it was difficult for them to purchase the vehicles at current market price. The authority may recover the cost difference of vehicles (current market rate – quoted rate) from the contractors.

DAC meeting was not convened by PAO despite requests made by Audit on 07.11.2023, 10.11.2023, 17.11.2023, 05.01.2024 and 24.01.2024.

Audit recommends that recovery of cost differential of vehicles be made from the contractor.

(DP. 188, 232, 239, 285,311, 351, 362 & 444)

2.4.48 Overpayment of price escalation due to allowing incorrect application of rates - Rs 348.988 million

Clause 70.1 of the contract agreement states that there shall be added to or deducted from the contract price such sums in respect of rise or fall in the cost of labour and/or materials or any other matters affecting the cost of execution of the work as may be determined in accordance with Part-II of the conditions.

Further according to Appendix C, the prices of specified material shall be as of actually prevailing on the date falling on 28 days prior to latest date of submission of Bids and shall be obtained be from the respective source and to apply as well as current rate also.

A. Audit noted that NHA awarded the work “Construction of Rawalpindi-Kahuta Road including 4 lane bridge over Sihala railway pass Sihala bypass & Kahuta bypass Package-II” to M/s SMADB-Shah Rukh JV vide acceptance letter dated 25.04.2018 at contract cost of Rs 3,650.000 million with commencement date 17.08.2022. Total up to date expenditure was Rs 598.050 million on account of work done and Rs 493.137 million on account of escalation.

Audit observed that the Authority calculated and paid price escalation in EPC No 1 to 3 for IPC No 1 to 3 work done without taking into consideration the actual consumption of specified materials in the work done. Audit further observed that escalation was allowed on bitumen, steel and cement which was not consumed in IPC-1 to 3 but the escalation was calculated and paid to the contractor which was a violation of said PEC price adjustment procedure.

B. Audit noted that the NHA executed various road infrastructure projects during the year 2022-23 and made payments to the contractors against their running bills.

Audit observed that the Authority calculated and paid price escalation on work done without taking into consideration the actual consumption of specified materials in the work done. Audit further observed that escalation was allowed on bitumen which was not consumed in IPC but the escalation was calculated and paid to the contractor which was a violation of said PEC price adjustment procedure.

This resulted in overpayment of Rs 348.988 million on account of price escalation due to calculation of bitumen, steel and cement without usage in IPC at site, incorrect application of

weightages, unauthentic application of source and incorrect application of current rates.
(Annexure-I)

Audit pointed out the overpayment in September-October 2023. The Authority replied in case of DP 377 that the “C” factor of various adjustable items is calculated on the basis of quantities of BOQ of whole project at the time of tendering. In every IPC, the ‘C’ factor cannot be changed on the basis of BOQ items executed in that IPC. In case of DPs 367 and 368, the said two Contracts were awarded as per bona fide SOP. The Projects Authorities are bound to evaluate the works in accordance with the rates stated in Appendix D to Bid. In case of DPs 373 and 297, the Price Adjustment on account of bitumen, like other construction items specified in Appendix C to Bid, was paid strictly in accordance with Clause 70.1 of PCC, Part II of contract agreement. In case of DPs 347 and 446, NHA did not reply.

The reply was not accepted because price adjustment was allowed on items in violation of prescribed procedure for formula of price adjustment. Further, incorrect higher current rate of specified material and source of rate was applied.

DAC meeting was not convened by the PAO despite requests by Audit on 05.01.2024 and 24.01.2024.

Audit recommends early recovery of overpaid amount.

(DP. 377,368,367,373,297, 347& 446)

2.4.49 Irregular leases of land without considering market rates - Rs 324.520 million

Rule 13(1)(b) of the National Highways and Strategic Roads (Control) Rules, 1998 provides that the licences, leases and agreements for the construction or use by a private person or works of a private nature by any other agency for public works/utilities on land which is the property of government shall be leased out on ground rental charges @ 7% (minimum) or prescribed by the Authority (with the approval of Board), of the land value assessed and notified by District Revenue Officers or any other prescribed authority for this purpose.

As per item 10(2)(xiii) of Table 1-I of Chapter 1 of NHA Code (Vol-I), competent authority/forum for approval of lease of government land, is as under:

Executive Board: above Rs 20 million in each case for lease period

Chairman: up to Rs 20 million in each case for lease period

Member (Ops) up to Rs 5.00 million in each case for lease period

As assessed by NHA, the market rate of land at the location of M-9 near Karachi was Rs 22,000 per square yard.

A. Audit noted that Member (Operations) NHA Headquarters, Islamabad leased out its land to various lessees for thirty years to erect, commission, operate and maintain the petrol pumps/ CNG stations, as detailed below:

Area	Location	Lessee	Date of lease
8 Kanal 5-1/2 Marla	km 27+200 – 27+300 at M-9 Karachi	Mr. Mushtaq Ali Jatoi	30.03.2004
9 Kanal 4 Marla	km 18+700 at M-9 Karachi	Mr. Amir Mehmood Khan (Asad Petroleum)	07.04.2006
05 Kanal 15 Marla	km 14+700 at M-9 Karachi	M/s Khazan Associates	15.10.2003

Audit observed that the above NHA land was leased out at District Revenue Authority's rate of Rs 1,600 per square yard, whereas market rate in these areas was Rs 22,000 per square yard. The evidence for the notified rate of Rs 1,600 per square yard was not available in the record. Moreover, approval of NHA Executive Board was not obtained as required.

Lease of NHA land at lesser ground rent resulted in loss of revenue of Rs 221.396 million to NHA **(Annexure-J)**.

B. Audit further noted that on the request/application of Mr. M. Iqbal Waheed, the lease of plot measuring 16 kanals 10 marlas (measured after site visit and as per application) was approved by Member (Ops) NHA on 16.08.2003. District Officer Revenue's prescribed land rates of Rs 48,355 per marla (Rs 1,600 per square yard, i.e., 30.22 square yard per marla) were considered for calculation of Annual Ground Rent (AGR). AGR was assessed Rs 1,117,001 per annum which was equal to 7% of the assessed value of land (as per DOR rates).

Audit further noted that revised approval for lease of less land, i.e., 10 kanals 19 marlas was granted by Member (Ops) on 20.11.2003 and the rates were reduced for Restaurant from 7% to 5% of the assessed value of land.

As per clause 4.2.1 of lease agreement, the lessee was required to pay Rs 605,405 per annum with date of start being six months after signing of agreement. The period of lease was 30 years which was extendable subject to the mutual consent of both the parties.

Audit observed the following:

Lease was approved irregularly by Member Ops NHA instead of Chairman/Executive Board.

Lease was awarded without open competitive bidding/auction.

Revised approval for lease was granted wherein not only land measurement was reduced but also the rates were reduced from 7% to 5% of the assessed value of land. Recovery of lease rent for lesser land resulted in less recovery of Rs 7.124 million.

Lease was awarded on the assessed value as per DOR rates without any documentary evidence instead of market rates, which were on much higher side as compared to DOR rates. District Revenue Officer's land rates of Rs 48,355 per marla (Rs 1,600 per square yard) were considered for calculation of Annual Ground Rent (AGR). Market rate was Rs 22,000 per square yard, i.e., Rs 664,881 per marla. NHA has made an ambiguous policy on leasing issue. Charging rent on the DOR/Lesser rates as compared to market rates is also against the principles of financial propriety. This resulted in loss of revenue of Rs 103.124 million.

Dues were not deposited by the lessee as per schedule. Instead of making required annual payment of rent, after 2009 the lessee deposited amount of Rs 5,750,379 in December 2015. No surcharge was recovered and no penal action was initiated by NHA.

Audit pointed out the loss in April-June 2018. The Authority replied that the then General Manager (Operations) proposed that power to grant leases may be delegated to Member (Operations). NHA called expression of interest in September 2002. The rate revision in respect of lease cases was not done up to June 2016. However, since July 2016, the excess passage rates in respect of lease cases were being collected as per revised rates.

The reply was not accepted because documentary evidence for delegation of powers regarding lease of NHA land to Member (Operations) and press advertisement was not produced. No justification for assessment of value of land at lesser rates was furnished in reply.

DAC meeting was not convened by PAO despite requests made by Audit on 31.10.2018, 28.02.2019, 19.11.2021 and 11.01.2024.

Audit recommends investigation and fixing of responsibility against the person(s) responsible.

(Paras 25, 33 & 45 of PAR RoW 2017-18)

2.4.50 Irregular provision of vehicles in the tender documents in violation of Austerity Measures - Rs 288.260 million

According to Office Memorandum regarding “Austerity Measures for Financial year 2020-21” issued by the Government of Pakistan Finance Division (Expenditure Wing) vide No. 7(1)Exp.IV/2016-430 dated 06.08.2020, there shall be complete ban on purchase of all types of vehicles (excluding motorcycles) both for current as well as development expenditure during the financial year 2020-21.

Audit noted that GM P&CA NHA HQ Islamabad invited bids for nine (09) Works during the financial years 2022-23 and awarded the works to the lowest bidders at contracts cost of Rs 64,770.725 million.

Audit observed that NHA while preparing Engineering Estimates included provisions of sixty (60) vehicles (Toyota Double Cabin Revo, Toyota Double Cabin, Toyota Single Cabin, Suzuki Jeeps and Suzuki Bolan) in the Engineering Estimates of nine (09) contracts under Bill No 07: General Items in violation of the Austerity Measures enforced by the Finance Division (Expenditure Wing), Government of Pakistan by imposing complete ban on purchase of all types of vehicles (excluding motorcycles) both for current as well as development expenditure during the financial year 2020-21. This resulted in provisions of sixty (60) vehicles of different types valuing Rs 288.260 million (**Annexure-K**) in the Engineering Estimates and BOQ of the contracts, in violation of Austerity Measures.

Audit pointed out the matter in October 2023. The Authority replied that P&CA Wing put the vehicles in the tendering process as per provisions of approved PC-I. Project management authorities were responsible for purchase as per austerity measures of the government.

The reply was not accepted because approval of vehicles in the PC-I was to be linked with austerity measures of the Federal Government at the time of procurement process.

DAC meeting was not convened by the PAO despite requests by Audit on 05.01.2024 and 24.01.2024.

Audit recommends fixing responsibility through fact-finding inquiry, besides latest position of actual procurement of vehicles with cost during project execution may be apprised.

(DP. 411)

2.4.51 Overpayments to the contractors due to unjustified execution, incorrect measurements and application of higher rates, etc. - Rs 260.511 million

Para 71 of Chapter 2 of NHA Code (Vol-I) provides that in a case where such excess has the effect of exceeding the maximum monetary limit of the original sanctioning authority, the variation order shall be submitted for the approval of the authority within whose power the project as amended falls. No work shall be carried out and no expenditure shall be incurred until fresh approval from the concerned authority has been obtained for the revised cost.

Audit observed that different formations of NHA in 23 cases made payment for excessive and inadmissible items which caused overpayments to the contractors for Rs 260.511 million (**Annexure-L**).

Audit maintains that the excess payments were due to weak financial controls.

Audit pointed out the matter during July-November 2023. The Authority replied that all the payments were made as per site requirements and admissible as per contract provisions.

The reply was not accepted because deviations from the approved provisions depicted poor planning and estimation which caused financial favour to the contractors.

DP 95 was discussed in DAC meeting held on 9-10 January, 2024, wherein it was apprised that there was ten packages, and variation orders against 8 works had been obtained. DAC directed to provide detailed justification and approval of variation orders.

Audit recommends fixing responsibility against officers concerned besides recovery.

(DP. 95, 250, 136, 170, 177, 155, 152, & 395)

2.4.52 Unjustified payment of Price Escalation – Rs 228.001 million

Appendix C to Bid envisages 42% variable portion for high-speed diesel, labour, steel and cement with weightages of 10%, 7%, 9% and 16% respectively.

Audit noted that NHA awarded the Contract Lowari Tunnel Project, South Access Road-2 (469)-01 Improvement, Widening and Construction of South Access Road Package-II from Link Access Road of South Portal to Qualandi (km 1+103.844 to km 8.492.96) 7.389 km of Lowari Tunnel Project to M/s Sambu-Nishan (JV) at agreed cost of Rs 2,031.321 million. However, the contract price was reduced with revised contract cost of Rs 2,018 million. Total value of work done was Rs 1,710.926 million up to 15th IPC. Total price adjustment paid up to ECP No.15 for Rs 228.001 million.

Audit observed that General Manager, Lowari Tunnel, NHA paid total price escalation amounting to Rs 228.001 million to the contractor up to EPC No.15. This payment was not justified on following grounds:

Current rate for steel Grade-40 were applied whereas in Appendix-C, Grade-60 steel was provided.

Rates for Steel related to Mangora City were applied while the rates for labour related to Mardan district. This rate of different cities for these elements were against the provision of clause 70 of the contract agreement.

The ECNEC, while approving 3rd revised PC-I in September 2022 approved total implementation period of 19 years 2 months commencing from June 2004 and thereafter NHA was directed to submit PC-IV. Hence the time stood expired in June 2023 while the project is still in complete. Therefore, no escalation beyond original completion time of 24 months was permissible.

The amount of revised works varied in earth work pertaining to disposal of surplus of material was also included in value of work done for price escalation whereas this was required to be excluded being its valuation on current market rate.

This resulted in unjustified payment of Rs 228.001 million

Audit pointed out the matter in August 2023, but the Authority did not reply.

The matter was discussed in DAC meeting held on 9-10 January, 2024 wherein the Committee directed that inquiry may be conducted and report be shared with Audit.

Audit recommends compliance of DAC's directive regarding inquiry.

(DP. 134)

2.4.53 Award of work at higher rates without revision of PC-I - Rs 218.996 million

Para 4.05 of Planning Commission's Manual for Development Projects (December 2021) provides that, for smooth implementation of projects, the following guidelines may be adhered to: while making the decisions to include projects in the PSDP, the PAOs should prioritize existing projects instead of suggesting new projects; if the cost of the project exceeds 15% of the approved budget at the time the contract is being awarded, PC-I would be revised immediately and should be submitted for approval of the competent forum.

During scrutiny of record of P&CA Wing regarding procurement of contracts for the financial year 2022-23, Audit noted that PC-I of the project "Construction Bridge on River Ravi at Syedwala" was approved at a revised cost of Rs 1,437.00 million by CDWP in its meeting held on 29.03.2018, including the work as part of this project "Construction of 2.25 km Missing Link Road on Okara Side to connect Rai Mansab Ali Khan Kharal Bridge Approach Road with existing Provincial Highway Network".

Financial bid of single qualified bidder for the work was opened on 05.07.2022. M/s KNK Pvt. Ltd. quoted Rs 218.995 million against engineer's estimated cost based on NHA CSR 2014 of Rs 151.376 million. The tender evaluation committee recommended annulment of tendering process due to single bid and high rates. The NHA Executive Board in its 403rd meeting dated 27.07.2023 approved the award of work to the successful bidder. NHA awarded the work to M/s KNK Pvt. Ltd. Through acceptance letter dated 26.12.2022 for Rs 218.995 million, i.e., 44.67 % above engineer's estimated cost based on NHA CSR 2014 of Rs 151.376 million.

Audit observed that the work was awarded at higher rates to the contractor without revision of PC-I and with a delay of six months. This resulted in irregular award of work without revision of PC-I for Rs 218.996 million.

Audit pointed out the matter in October 2023. The Authority replied that revision of PC-I was not required as the cost of awarded/ approved work, i.e., Rs 218.996 million was (231 million) less than the cost of work approved in PC-I, i.e., Rs 450 million.

The reply was not accepted because revised PC-I of the main project including the component under observation was approved for Rs 1,437 million by CDWP on 29.03.2018. NHA was defending higher rates by comparison with NHA SR 2022 which was not justified.

DAC meeting was not convened by the PAO despite requests by Audit on 05.01.2024 and 24.01.2024.

Audit recommends inquiry for fixing responsibility besides recovery of higher rates.

(DP. 415)

2.4.54 Unjustified provision/execution of DST as crack relief layer - Rs 207.818 million

As provided in NHA Specification 304.3.9, to ensure chipping retention when surface dressing on a very hard surface, a pad coat consisting of the application of an initial binder spray followed by 6 mm of chipping will be applied. After stabilizing the pad coat under traffic, the appropriate surface dressing will be applied. Further, NHA General Specification 304.1 regarding surface treatment and seal coat provides that, the work shall consist of one or more applications of asphaltic material and one or more covers of aggregates or an application of asphaltic material without aggregates applied in accordance with these specifications and in conformity with the lines and width shown on the typical cross-sections or as established by the Engineer.

As per directions of the Departmental Accounts Committee, on the similar issue, dated 12-13.01.2021, the NHA may provide the approval of change in the SOP of RAMD or otherwise make recovery from the contractor.

Audit noted that the NHA awarded eleven (11) Periodic Maintenance/Structural Overlay works to various contractors at contract cost of Rs 2,863.242 million, as detailed below:

(Rs in million)

DP No.	Name of Project/Work	No of Works	Agreement Cost	Overpayment
348	General Manger Balochistan South NHA Khuzdar	3	407.488	64.953
230	Contract No. PM-2020-21- BN-11	1	95.217	47.594
111	General Manger Maintenance (Khyber Pakhtunkhwa) NHA Peshawar	3	843.754	45.843
157	General Manager (RAMD), NHA	2	655.651	26.638
176	General Manager (Northern Areas) Abbottabad	1	554.844	12.937
263	GM (Maintenance), Sindh- North, Sukkur	1	306.288	9.853
Total		11	2,863.242	207.818

Audit observed that the Authority executed and paid item of DST as a crack relief layer in the bottom of the road surface without provision of such methodology in the NHA Specifications. This resulted in unjustified provision/execution of DST as crack relief layer of Rs 207.818 million.

Audit pointed out the matter in August/September 2023. The Authority replied that due to heavy axle loads and localized failure, severe alligator cracks, fatigue & shrinkages were occurred Highway. During estimation, the field formation suggested to execute Double Surface Treatment (DST) as crack relief layer to address the severe alligator cracks, fatigue and shrinkage which developed beyond the existing asphaltic concrete of Base course at said sections of the road.

The reply was not accepted because NHA General Specifications, 1998 for execution of works did not support this mode of execution.

The matter was discussed in DAC meeting held on 9-10 January, 2024 wherein the Committee directed the concerned GM to provide Technical Inspection Reports to Audit on 10.01.2024. DAC further directed that SOP may be reviewed and appropriate provisions be made in line with specifications. Compliance of DAC's directive was not made till the finalization of this report.

Audit recommends fixing responsibility through fact-finding inquiry besides recovery.

Note: The issue was also reported earlier in the Audit Reports for Audit Years 2021-22 and 2022-23 vide para numbers 2.4.41 (2021-22) and 2.4.60 (2022-23), having a financial impact of Rs 561.333 million. The recurrence of same irregularity is a matter of serious concern.

(DP. 348, 230,111,157,176 & 263)

2.4.55 Loss due to award of work to the second lowest bidder -
Rs 192.210 million

Rule 4 of the Public Procurement Rules 2004 provides that procuring agencies, while engaging in procurements, shall ensure that the procurements are conducted in a fair and transparent manner, the object of procurement brings value for money to the agency and the procurement process is efficient and economical.

Audit noted that NHA awarded the above work to Mr. Niaz Ahmed, Authorized Representative of M/s Aitmaad Builders & Developers vide acceptance letter dated 09.12.2022 for Rs 3,019.849 million.

Audit observed that:

The bid submitted by the lowest bidder M/s Umer Jan & Co was Rs 2,827.639 million and M/s Aitmaad Builders was 2nd lowest having bid cost of Rs 3,019.849 million.

As per announcement of bid financial evaluation report, the procurement process was annulled and bid security was withdrawn by the bidder. On revival, however the bidder did not provide bid security hence first lowest evaluated bidder could not be considered for award of works

Audit maintains that the bidding process was annulled by the Authority without any cogent reasons and, on revival, the work was awarded to the 2nd lowest at higher rates which resulted in loss of Rs 192.210 million (Rs 3,019.849 million – Rs 2,827.639 million).

Audit pointed out the loss in December 2023, but the Authority did not reply.

DAC meeting was not convened by the PAO despite request by Audit on 05.01.2024.

Audit recommends fixing responsibility through fact-finding inquiry for delay in award of work.

(DP. 420)

2.4.56 Unjustified payment of interest on account of delayed payment - Rs 181.672 million

Clause 60.10 of Conditions of Contract, Part II, provides that the amount due to the Contractor under any Interim Payment Certificate issued by the Engineer pursuant to this Clause, or to any other terms of the Contract, shall , subject to Clause 47, be paid by the Employer to the Contractor within 42 days after such Interim Payment Certificate has been jointly verified by Employer and Contractor, or, in the case of the Final Certificate referred to in Sub Clause 60.8, within 60 days after such Final Payment Certificate has been jointly verified by Employer and Contractor. In the event of the failure of the Employer to make payment within the times stated, the Employer shall pay to the Contractor compensation at the 28 days rate of KIBOR (Karachi Inter-Bank Offered Rate+2% per annum for local currency and LIBOR (London Inter-Bank Offered Rate) +1% for foreign currency, upon all sums unpaid from the date by which the same should have been paid.

Audit noted that NHA awarded the Contract “Lowari Tunnel Project, South Access Road-2 (469)-01, Improvement, Widening and Construction of South Access Road Package-II from Link Access Road of South Portal to Qualandi (km 1+103.844 to km 8.492.96) 7.389 km of Lowari Tunnel Project” to M/s Sambu-Nishan (JV) at agreement cost of Rs 2,031.321 million. However, the contract price was reduced with revised contract cost Rs 2,018.136 million. Total value of work done up to 15th IPC was Rs 1,710.926 million and price adjustment paid up to EPC No.15 for Rs 228.001 million.

Audit observed that General Manager LTP NHA paid an amount of Rs 181.672 million to the contractor on account of interest on delayed payment vide Voucher No.19(C) dated 23.06.2023 as evident from party ledgers. The payment was unjustified because:

As per above clause, the 42 days' time for payment was to be reckoned from the date of verification of IPC by the Employer, i.e., concerned Member. The clause was therefore to be invoked only if delay occurred beyond 42 days after concurrence/ verification of IPC by the concerned Member. But in this case, time was counted from the date of submission of IPC by the Consultant to the Project Director.

Clause 60.10 was subject to clause 47 of the contract. Therefore, percentage of work done was required to be compared with the approved work programme to ascertain the progress of work. As per clause 60.2, the minimum amount of monthly IPC was 2.5 % of the contract amount. As per record the progress was too slow and stipulated time for completion had lapsed.

No fact finding inquiry was conducted to know the reasons for delay whether willful or otherwise. This resulted in unjustified payment of Rs 181.672 million.

Audit pointed out the matter in August 2023. The Authority replied that NHA Executive Board recommended the PC-I (3rd Revised) for approval of CDWP/ECNEC in its 323rd Board meeting dated 01.08.2019. Same remained under process at relevant platforms and was approved by ECNEC on 07.10.2022, i.e., the approval took 1,163 days (more than 03 years). Due to delay in approval of revised PC-I, NHA was unable to make payments within due course of time. Whereas, according to Item No. 13 of Appendix-A to Bid through addendum No. 1, amount due to the Contractor is to be paid within 42 days after IPC has been jointly verified by the Employer and the Contractor.

Furthermore, Clause 47 of CoC refers to the liquidated damages which is only applicable when the works are not completed within prescribed time period. However, the project was completed and taken over by the NHA as per the work program.

In light of above clarification, it is submitted that, the interest was caused due to delay in payment to the contractor, which is attributed to delay in approval of revised PC-I. The same was beyond control of NHA.

The reply was not accepted because IPC wise details of processing and payments with reference to budget allocations, etc., were not shared in support of reply. Moreover, no fact finding inquiry was conducted. Audit recommends recovery.

The matter was discussed in DAC meeting held on 9-10 January, 2024 wherein the Committee directed NHA to provide detail of liabilities, justification thereof and efforts for revision of PC-I to Audit for verification.

Audit recommends compliance of DAC's directive.

(DP. 132)

2.4.57 Non-deduction of trimming charges from the formation of embankment - Rs 167.805 million

Item 108.3 provides that no surplus material shall be permitted to be left at the toe of embankment or at the top of cut sections. Side slopes shall be neatly trimmed to the lines and slopes shown on the Drawings or as directed by the Engineer and the finished work shall be left in a neat and acceptable condition. In order to prevent erosion of the slopes the Contractor shall compact the trimmed slopes to the required density prior to laying top soil or as directed by the Engineer.

Audit noted that NHA got executed different works during the year 2023-24 as detailed below:

DP No.	Name of the Formation	Name of Project	Agreement Cost (Rs in million)	Non-Deduction 5% of Earth work
236	G.M Construction NHA Quetta and Dera Murad Jamali Bypass on N-65	Construction of road from Nokundi to Mashkhel (102 km) on Taftan Quetta road	5,726.085	67.649
283	GM Maintenance Balochistan, West Makran, NHA, Gwadar including projects i) Construction of Hoshab-Awaran-	Construction of Hoshab – Awaran – Khuzdar Section of M-8 Project, Hoshab – Awaran Section (146 km) Package –IA	7,334.384	72.104

DP No.	Name of the Formation	Name of Project	Agreement Cost (Rs in million)	Non-Deduction 5% of Earth work
	Khuzdar Section of M-8 Project, Section 02, ii) Awaran-Nall M-8			
352	General Manager Balochistan South, NHA, Khuzdar	Dualization of Khuzdar-Kuchlak Section N-25 Section-I	8,786.787	12.777
354	General Manager Balochistan South, NHA, Khuzdar	Dualization of Khuzdar-Kuchlak Section N-25 Section-II	9,271.096	15.275
Total			31,118.352	167.805

Audit observed that an item 108-c, “formation of embankment from borrow in common material”, was got executed and paid to the contractors, whereas, the embankment slopes were untrimmed and protection work was yet to be executed. As such due to non-execution of the said component, certain percentage 5% of the item rate was required to be withheld but full rate was allowed for payment. This resulted in non-deduction of trimming charges of Rs 167. 805 million

Audit pointed out the issue in August-October 2023, but the Authority did not reply.

DAC meeting was not convened by PAO despite requests made by Audit on 10.11.2023, 17.11.2023, 05.01.2024 and 24.01.2024.

Audit recommends fixing responsibility for non-deduction of trimming element besides physical inspection of sites of work to ensure quality of executed works.

(DP. 236,283,352&354)

2.4.58 Undue financial assistance of JV firm due to payment of mobilization advance in conflict of NHEB decision - Rs 158.194 million

Clause 60.11 of contract agreement provides that, an interest-free Mobilization Advance up to 10% of the Contract Price stated in the Letter of Acceptance shall be paid by the Employer to the Contractor in two equal parts upon submission by the Contractor of a Mobilization Advance Guarantee.

As per amendments of confirmed minutes of NHA Executive Board 289th meeting dated 30.11.2017, the Board directed the Member concerned/Project Director (in zone) that before releasing the remaining 2nd half of mobilization advance, field staff of the project will submit a certificate to the Member concerned verifying thereby that JV contractors have physically mobilized their resources at site proportionate to their share in JV agreement.

Audit noted that a work “Construction of Four Lane Bridge Across River Indus Linking Layyah with Taunsa Including Two Lane Approach Roads and River Training Works, Package-II (Layyah Side Approach Roads km 0+000 to km 08+233 and Taunsa Side Approach Roads km 09+983 to km 24+556)” was awarded on 10.06.2021 with agreement cost of Rs 3,833.878 million and completion period of two years. The total value of work done paid to the contractor up to IPC No.2 was Rs 215.287 million and EPC-I for Rs 29.983 million.

Audit observed that the authority made payment of 2nd part of mobilization advance of Rs 158.194 million on 20.03.2023. It was astonishing to mention that the contractor issued notice for termination of the contract to employer on 15.03.2023 whereas the NHA made payment of 2nd part of mobilization advance to JV firm on 20.03.2023. Audit further observed that as per Project Director letter dated 25.08.2022 the progress of the contractor in past 7 months was very poor and not as per plan. Instead of taking action against the contractor as per contract provision for poor performance, the authority obliged the JV firm and 2nd part of mobilization advance was paid in violation of quoted rules. This resulted in undue financial assistance of JV firm due to payment of mobilization advance in conflict of NHEB decision of Rs 158.194 million

Audit pointed out non-encashment of mobilization guarantee in August & September 2023. The Authority replied that the Supervisory Consultants certified the 2nd Part 50% amount of 10% Mobilization Advance in two parts, i.e., 60% & 40% on 22.06.2022 and 13.08.2022 amounting to Rs 114,116,359 and Rs 76,077,572 respectively under Clause 60.11 a(2) of PCOC Part-II. After certification the payment should be done within 42 days as per Clause 60.10 stated in Appendix-A to Bid (Special Stipulations). Unfortunately, payment could not be made before 20.03.2023 due to lack of funds in NHA Finance Wing. The contractor M/s KNK-JV was physically Mobilized at site on commencement date of project. The Firms in Joint Venture (JV) mobilized their Manpower as well as Construction Equipment. The Engineer verified the resources before certification of 2nd part of Mobilization Advance and then issued the Certificate.

The reply was not accepted. The Authority made payment of mobilization advance after five days of issuing of termination notice by the contractor to employer which was not justifiable.

DAC meeting was not convened by PAO despite requests made by Audit on 10.11.2023, 17.11.2023, 05.01.2024 and 24.01.2024.

Audit recommends thorough investigation and fixing responsibility against the persons at fault.

(DP. 294)

2.4.59 Non-encashment of performance security and non-recovery of Mobilization Advance from the defaulting contractor - Rs 156.804 million

Clause 15 of General Conditions of Contract provides that if the contractor fails to carry out any obligation under the contract, the Engineer may by notice require the contractor to make good the failure and to remedy it within a specified. As per sub-clause 10.1 of contract agreement, the contractor shall provide a Performance security equal to 10 percent of the Contract Price in the form of Bank Guarantee from any scheduled Bank in Pakistan or from a Bank located outside Pakistan duly counter-guaranteed by a scheduled bank in Pakistan or an insurance Company having at least AA rating from PACRA/JCR.

Clause 60.2 of contract agreement provides that, minimum amount of interim payment certificates (Running bills) was 15% of contract price or Rs 50 million, whichever, is minimum.

As per contract agreement, forms for Mobilization Advance Guarantee shall remain valid up to the aforesaid date (till final adjustment of advance) and shall be null and void after the aforesaid date or earlier if the advance made to the contractor is fully adjusted against payments from interim payment certificates of the contractor provided that the Guarantor agrees that the aforesaid period of validity shall be deemed to be extended if on the above mentioned date the advance payment is not fully adjusted.

Audit noted that GM Maintenance (Punjab South), NHA Multan awarded three Periodic Maintenance Works (Structural Overlay) Contract Nos. RH-2020-21-PS-01, PS-02 and PS-03 to M/s PMCC (Pvt) Ltd. (JV) on 22.04.2022 at agreed cost of Rs 920.473 million and completion period of six months dated 20.10.2022. The total value of work done paid to the contractor up to 30.06.2023 was Rs 272.898 million. In this connection following audit points needs to be attended:

The stipulated date for completion of said works were October 2022 and January 2023, but contractor could achieve only 14.24% to 48% progress of works against 100% up to October 2022 and January 2023, respectively. More than eight months have lapsed since the contractor demobilized from the sites of said three works but the Authority did not take any action against the

contractor towards encashment of the performance security, resulting in non-forfeiture of the retention money of Rs 105.692 million (Rs 92.047 million + Retention money Rs 13.645 million).

An amount of Rs 92.047 million was paid to the contractor against said three (03) works in which Rs 40.934 million was adjusted and balance of Rs 51.112 million not recover so far whereas the performance guarantee against these advances has also expired.

As per contract clause, the minimum limit for interim payment certificate of the contract was 15% of contract price or Rs 50.00 million but in all three works an amount of Rs 272.898 million was paid to the contractor and all these IPCs were paid below from the specified limit of the contract agreement.

In the light of above irregularities, Audit observed that the contractor did not complete the works within stipulated time period and the contractor also demobilized from the site but the Authority did not take any action against the contractor as per contract. Audit is of the view that the Authority was required to terminate the contract, encash the performance security and forfeit the retention money, but the same was not done. The amount of mobilization advance was also not recovered according to agreement clause which is the serious irregularity on the part of authority. This resulted in non-encashment of performance security and non-recovery of Mobilization Advance from the defaulting contractor amounting to Rs 156.804 million.

Audit pointed out the matter in August 2023. The Authority replied in all three cases that the Performance Security of the Contractor is valid up to 27.03.2024 and 22.05.2024 and bank guarantee was also valid up to 25.11.2023. The payment made to the contractor below from the specified limit due to maintaining the cash flow of the contractor due to price hikes during the execution period. Moreover, the contractor is working on the site and progress is lagging than planned progress for which actions as per COC in process.

The reply was not acceptable because contractor failed to complete the work within stipulated period, i.e., October 2022 and January 2023 and after achieving the progress of works up to 14.24%, 29.27% and 47.88% was demobilized from the site so far but the Authority did not take any action against the contractor according to contract agreement which caused mobilization advance guarantee was expired on 25.11.2023 and Rs 51.112 million are still recoverable.

The matter was discussed in DAC meeting held on 9-10 January, 2024 wherein DAC directed that the matter may be inquired through DG M&I, Ministry of Communications for fixing responsibility and report be shared with Ministry and Audit within one month.

Audit recommends early compliance of DAC's directives besides verification of compliance from Audit.

(DP 114, 117 & 118)

2.4.60 Inclusion of United Insurance Company in NHA approved panel without recovery - Rs 124.351 million

Rule 23 of GFR (Vol-I) states that every Government officer should realize fully and clearly that he will be held personally responsible for any loss sustained by Government through fraud or negligence on his part and that he will also be held personally responsible for any loss arising from fraud or negligence on the part of any other Government officer to the extent to which it may be shown that he contributed to the loss by his own action or negligence.

Audit noted that NHA delisted the M/s United Insurance Company from its approved insurance panel due to reasons known to the Authority vide circular No 325 dated 06.06.2022. Audit also noted that NHA again approved the re-enlistment of the insurance company on the condition that the company shall submit Rs 10.00 million as a token out of total liability of Rs 124.351 million and the company shall submit an undertaking that it will submit the remaining amount after finalization of actual loss incurred by NHA due to default of the contractors vide letter dated 20.07.2022.

Audit observed that firm was re-enlisted in approved panel after 05 days without fulfillment of employer requirements, the rapid inclusion and deletion of insurance company in NHA approved panel creating confusion/doubts for field offices regarding acceptance of insurance policy/ performance bond issued by United Insurance Company. This resulted in inclusion of United Insurance Company in NHA approved panel without recovery of Rs 124.351 million.

Audit further observed that insurance bond issued by the United Insurance issued for works widening and strengthening of N-70 (Rakhi-Gajj-Bewata) Package-II for Rs 222.000 million and in PM Works (South-Zone) NHA, Karachi were not encashed due to defaults of contractors.

Audit maintains that delisting of M/s United Insurance is a chronic issue and it was delisted by NHA on 09.12.2020 and 06.06.2022 due to default of the insurance company as referred above. However, while relisting on the panel, the recovery/claim of NHA was not ensured and undue

favour of Rs 124.351 million was granted.

Audit pointed out the matter in December 2023, but the Authority did not reply.

DAC meeting was not convened by PAO despite request made by Audit on 05.01.2024.

Audit recommends early recovery besides taking disciplinary action against defaulters.

(DP. 427)

2.4.61 Irregular expenditure without provision in PC-I and in violation of approved SOP - Rs 84.747 million

Para 53 of CPWD Code provides that there are four main stages in the project for a central work, namely, Administrative Approval, Expenditure Sanction, Technical Sanction and the Appropriation or re-Appropriation of funds. Para 57 provides that “Appropriation or re-Appropriation represents the allotment of a particular sum of money to meet expenditure on a specified object: it is operative only for the financial year for which it is made”.

Rule 12 of GFR (Vol-I) provides that a controlling officer must see not only that the total expenditure is kept within the limits of the authorized appropriation but also that the funds allotted to spending units are expended in the public interest and upon objects for which the money was provided. In order to maintain a proper control, he should arrange to be kept informed not only of what has actually been spent from an appropriation but also what commitments and liabilities were and will be incurred against it.

PC-I of the project “Construction of Ziarat Mor-Kach Harnai Sanjavi” was approved by ECNEC in its meeting held on 07.03.2018 for Rs 8,379.075 million.

Audit noted that the Authority awarded the work “Construction of Ziarat Mor – Kach Harnai Sanjavi” Package-I & II to M/s Umer Jan & Co at contract cost of Rs 2,404.339 million (Package-I) and 2,551.684 million (Package-II) vide acceptance letter No 257 & 256 dated 22.04.2021 respectively. Up-to-date payment expenditure in respect of Package-I&II is Rs 458.816 million and Rs 207.788 million respectively.

Audit observed that the authority made payment on account of flood damages under item 106 of the BOQ @ 360 per Cu.m. for Rs 84.747 million (Rs 70.773 million + Rs 13.974 million) to M/s Umar Jan & Co against project Zairat Mor – Sanjavi from the funds related to the Project “Construction of Zairat Mor – Kach Harnai Sanjavi” despite the fact that there was no provision of the work in the approved PC-I by ECNEC.

Audit maintains that the payment of the flood damages was required to be made from RMA accounts as per approved SOP issued by the NHA HQ Islamabad vide letter dated 16.03.2022. This resulted in irregular expenditure of Rs 84.747 million without provision in PC-I and in violation of SOP.

Audit pointed out the matter in December 2023, but the Authority did not reply.

DAC meeting was not convened by the PAO despite request by Audit on 05.01.2024.

Audit recommends fixing responsibility for irregular expenditure without provision in PC-I and in violation of approved SOP.

(DP. 432)

2.4.62 Loss to authority due to allowing excess weight of Motorcyclist ramps for pedestrian bridge - Rs 63.024 million

Para 56 of Chapter 2 of NHA Code (Vol-I) provides that Technical Sanction is a guarantee that the proposal is structurally sound and the estimates are accurately calculated and based on adequate data. It shall be issued on the basis of detailed estimates for the project as a whole, after administrative approval is accorded. Technical Sanction ensures that:

In assessment of the project cost, utmost economy has been observed consistent with good workmanship and good materials.

The estimate represents carefully budgeted cost of execution of the work including all accessory and consequential services calculated as accurately as is possible at the time of its preparation.

Audit noted that the General Manager, Maintenance (Punjab North), NHA Lahore accepted the financial bid of two works, i.e., “Construction of additional motorcyclist Ramp work km 1346-1347 on N-5 (bus stop) Ghakhar vide contract No. BC-PN-21-05-03 and km 1346-1347 on N-5 (Mandi stop) Ghakhar vide contract No. BC-PN-21-05-02” on 17.04.2023 with bid amount of Rs 72.493 million and Rs 68.310 million respectively with completion period of four (04) months. In this connection, Audit further noted that:

In the Engineering Estimate/BOQ of both works, the weight of additional motorcyclist ramps was provided as 93 tons for each work which was based on incorrect calculations.

The same nature of work was already executed in 2018-19 vide contract No.HS-PN-16-05-06 for provision of additional motorcyclist ramps with existing pedestrian steel overhead bridge at km 1,397+300 (NBC/SBC) on GT Road N-5 in which weight of additional motorcyclist ramps was designed and calculated for 39.760 tons, but in both the above-mentioned works, the weight of steel for same nature work at same road (N-5) was calculated as 93 Tons for each work which was at very higher side and based on incorrect calculations.

The drawings were also not approved by the structure expert of the NHA Headquarter.

The both works were awarded to same contractor with 106.36% and 119% above from the CSR NHA 2022 which was at very higher side.

The contract No. BC-PN-21-05-02 was awarded to the contractor but other work contract No. BC-PN-21-05-03 was not awarded due to non-fulfillment of codal formalities, i.e., performance guarantee and insurance coverage so far but the Authority did not take any action against the contractor towards encashment of bid security.

Cost of dismantled steel stairs was also not credited to the work.

In the light of above discrepancies, Audit observed that the calculation of additional motorcyclist ramps was not accurately calculated because in same area the same nature of work was also executed in which weight of motorcyclist ramp was calculated as 39.760 ton and same weight was required to be calculated and paid to the contractor. Audit further observed that the work was awarded at rates that were 106.36% and 119% above from the CSR 2022 of NHA but the Authority did not obtain rate analysis which caused acceptance of bid at higher rates and allowed excess weight of motorcyclist ramp due to incorrect calculations. This resulted in loss to the Authority due to allowing excess weight of Motorcyclist ramps amounting to Rs 63.024 million.

S. No.	Location	Weight calculated (Ton)	Actual weight (Ton)	Excess weight (Ton)	Rate accepted (Rs per ton)	Amount (Rs)
1	Mandi Stop	93	39.760	53.300	273,894.4 + 106.36% above	31,054,082
2	Bus Stop	93	39.760	53.300	273,894.4 + 119% above	31,970,871
Total						63,024,953

Audit pointed out overpayment in August 2022. The Authority replied that contract No. BC-PN-21-05-02 has already been awarded @106.36% above the Engineer's Estimate, whereas other contract No. BC-PN-21-05-03 is under process and not finalized yet. It is true that contractor quoted bid @ 119% above. The contractor was called for rate analysis. After reviewing the same, the procurement will be finalized and will be informed to Audit Authorities accordingly.

Reply was not accepted because estimates were based on incorrect calculations which caused 58 tons excess weight for each contract and the bid was accepted at very higher side without obtaining the rate analysis from the contractor.

Audit holds that irregularity was due to weak financial and internal controls.

The matter was discussed in DAC meeting held on 9-10 January, 2024 wherein Audit contended that weight for ramp was extraordinarily high as compared with other similar structure. DAC directed NHA to examine the analysis of weight and cost in the light of audit contention and detailed justification be shared with Audit.

Audit recommends that recovery of excess weight may be recovered from the contractor and, in the other contract, the bid security may be forfeited and disciplinary action be taken against the officers concerned.

(DP 150)

2.4.63 Extension in contract period and non-recovery - Rs 42.832 million

Rule 12(2) of the Public Procurement Rules 2004 states that all procurement opportunities over two million rupees should be advertised on the Authority's website as well as in other print media, principally at least two national dailies, one in English and the other in Urdu. Rule 42(c)(iv) provides that a procuring agency shall only engage in direct contracting if the repeat orders do not exceed fifteen percent (15%) of the original agreement.

Rule 3(2) of NHA Roads Maintenance Account Rules, 2003 provides that all revenues from road users accruing to the NHA, from the tolls on roads and bridges, net of collection costs, shall be expeditiously transferred into the Roads Maintenance Account.

Audit noted the NHA awarded contract for operation and maintenance of Bus Bays-Package-V (different locations at N-5 Rawalpindi) to M/s Niazi Construction Company on 04.08.2011 at monthly net guaranteed revenue of Rs 563,583 for three years, extendable for another one year, subject to satisfactory performance of the operator.

Audit observed that an amount of Rs 1.691 million was recovered against due amount of Rs 44.523 million from August 2011 to February 2018 as detailed below:

(Amount in Rs)

Months	Per Month Guaranteed Revenue	Total Amount due	Amount Recovered	Non-recovery
79	563,583	44,523,057	1,690,760	42,832,297

This resulted in non-recovery of NHA dues of Rs 42.832 million from the Bus Bay Operator.

Audit further observed that the Bus Bays were not put to tender after expiry of the contract period on 03.08.2014. The contract period was extended up to February 2018. This resulted in irregular extension of contract period in violation of the Public Procurement Rules referred above.

Audit pointed out the matter in April-June 2018. The Authority did not reply.

DAC meeting was not convened by PAO despite requests made by Audit on 31.10.2018, 28.02.2019, 19.11.2021 and 11.01.2024.

Audit recommends corrective measures and recovery at the earliest.

(Para 20 of PAR RoW 2017-18)

2.4.64 Award of hoarding concessions at lesser rates - Rs 30.409 million

Rule 4 of the Public Procurement Rules, 2004 states that procuring agencies, while engaging in procurements, shall ensure that the procurements are conducted in a fair and transparent manner, the object of procurement brings value for money to the agency and the procurement process is efficient and economical. Further, Rule 29 provides that procuring agencies shall formulate an appropriate evaluation criterion listing all the relevant information against which a bid is to be evaluated.

A. Audit noted that NHA invited bids for “Advertisement/Promotional displays on Toll Plaza (Chenab, Jhelum, Terraki & Islamabad-Muzaffarabad Dual Carriageway) North/South Bound on NHA Network”, “Mandra Sangjani and Qutbal” and advertisement rights on road section Attock to Torkham, Lachi to Peshawar and Kohat to Khushal Garh during the year 2017 and 2018.

Audit observed that NHA did not fix reserve price and awarded the Concessions at lesser rates than the previous rates for the same sites. This resulted in loss of revenue of Rs 30.409 million, as detailed below:

(Amount in Rs)

Name of Concession	Awarded at licence fee	Previous fee plus 10%	Difference per month	Duration of contract (Months)	Amount
Advertisement/ Promotional displays on Toll Plaza (Chenab, Jhelum, Terraki & IMDCW) North/South Bound on NHA Network	291,000	865,151	574,151	24	13,779,624

Name of Concession	Awarded at licence fee	Previous fee plus 10%	Difference per month	Duration of contract (Months)	Amount
Advertisement/ Promotional displays on section pertaining to jurisdiction of DD Maintenance Peshawar (Attock to Torkham, Lachi to Peshawar and Kohat to Khushal Garh) North and South bound on NHA Network	255,000	559,240	304,240	24	7,301,760
Advertisement/ Promotional displays on Toll Plaza (Mandra, Sangjani & Qutbal) North/South Bound on NHA Network Package-2	255,786	644,417	388,631	24	9,327,144
Total					30,408,528

Audit pointed out the matter in April-June 2018. The Authority replied that NHA conducted open competitive bidding in accordance with the Public Procurement Rules and NHA Code. The Authority has to award the concessions to the highest bidders in terms of guaranteed revenue to the Authority. NHA offers the package based on net guaranteed revenue to the Authority and the bidders are advised prior to bidding to visit the concession site and assess the business potential of the concession site at their own. Furthermore, since the fixtures/structures of the billboards are the property of private entrepreneurs therefore, NHA can't fix/assess their reserve/base price at the time of tendering.

The reply was not tenable because the previous concession was the baseline/reserve price was already available for the Authority and the next concession should have been awarded on higher rates.

B. Audit noted that National Highway Authority invited bids for "Advertisement/Promotional displays on 17 Sections/Packages at National Highways" on 26.11.2015. In response bidders were prequalified and financial bids were opened. Financial bids against four packages were as follows:

(Amount in Rs)

S No	Name of Concession	First highest offer	Second highest offer
1	Phulgran Toll plaza to Lower Topa	6,120,000 (M/s Gillani)	2,700,000 (M/s Sahar)
2	Chan da Qila to Kharian	18,660,000 (M/s Gillani)	9,999,996 (M/s Ejaz)
3	Lahore to Chan da Qila	11,220,000 (M/s Gillani)	7,199,988 (M/s Ejaz)

The award of contract was held up by the Lahore High Court Rawalpindi Bench till the decision of writ petition No. 1109/2016. The honorable Court dismissed the petition on 19.12.2016. NHA requested the bidders to extend the bid validity. Other bidders enhanced their bid validity but M/s Gillani refused to extend the bid validity.

NHA re-tendered the above four concessions and out of four, three concessions were awarded to Concessionaires for two years below the bid of M/s Gillani and in case of Phulgran to Lower Topa the accepted bid was even below the second lowest bid.

Audit observed that the bids were called without fixing reserve price. Even after the base rates of above concessions were arrived through the bids of M/s Gillani, the aspect was not considered in re-tendering and the Concessions were awarded at lesser rates. This resulted in irregular award of concessions at lesser rates involving loss of Rs 12.963 million, as follows:

(Amount in Rs)

S. No.	Name of Concession	Offer of M/s Gillani (per year)	Awarded at (Rs per year)	Award date and period	Loss
1	Phulgran Toll plaza to Lower Topa	6,120,000	2,400,000	1.3.2018 to 28.2.2020	3,720,000 x 2 = 7,440,000
2	Chan da Qila to Kharian	18,660,000	17,012,016	11.12.2017 to 10.12.2019	1,647,984 x 2 = 3,295,968

S. No.	Name of Concession	Offer of M/s Gillani (per year)	Awarded at (Rs per year)	Award date and period	Loss
3	Lahore to Chan da Qila	11,220,000	10,100,004	11.12.2017 to 10.12.2019	1,119,996 x 2= 2,226,672
Total					12,962,640

Audit pointed out the matter in April-June 2018. The Authority replied that M/s Gillani Advertisers did not re-validate their bid securities at their discretion in accordance with the condition of the RFP. Therefore, the remaining Sections were re-advertised and accordingly the same were awarded to the highest interested bidders in accordance with the Public Procurement Rules. NHA did not determine a base rate or reserve price for any Section of National Highway as the hoarding boards were solely the proprietorship of private entrepreneurs. They have the discretion to remove their hoarding boards anytime without any prior intimation or notice. Moreover, NHA carries out encroachment removal operations from time to time wherein a number of boards are being removed which are in conflict with Highway Safety standards or encroaching upon road structure.

The reply was not tenable because the baseline/reserve price was already available for the Authority under which M/s Gillani offered their rates against the concessions keeping in view the business potential of the sites/concessions. Acceptance of lesser rates despite availability of a benchmark caused loss of revenue to the Authority.

DAC meeting was not convened by PAO despite requests made by Audit on 31.10.2018, 28.02.2019, 19.11.2021 and 11.01.2024.

Audit recommends fixing of responsibility against the responsible besides making good the loss.

(Paras 3 & 7 of PAR RoW 2017-18)

2.4.65 Irregularities in the Public Private Partnership (PPP)/Build, Operate and Transfer (BOT) Basis Projects

Hyderabad - Sukkur Motorway (M-6)

Rule 48 of the Public Procurement Rules, 2004 provides that Grievance Redressal Committee shall investigate and decide upon the complaint within ten days of its receipt. Any bidder or party not satisfied with the decision of the GRC, may file an appeal before the Authority (PPRA) within thirty days of communication of the decision. The decision of the Authority shall be considered as final. Further, Rule 30 provides that all bids shall be evaluated in accordance with the evaluation criteria and other terms and conditions set forth in the prescribed bidding documents, and, save as provided for in sub-clause (iv) of clause (c) of rule 36, no evaluation criteria shall be used for evaluation of bids that had not been specified in the bidding documents. Lastly, Rule 50 provides that any violation of these rules constitutes mis-procurement.

Public Private Partnership Authority (P3A) Board, in its meeting held on 16.02.2022, accorded approval of the project (Hyderabad-Sukkur Motorway) and Letter of Intent (LOI) was issued to M/s Techno-CMC-ACC Consortium on 21.02.2022. Letter of support (LOS) was issued on 28.02.2022. NHA Executive Board in its 412th meeting dated 19.10.2022 approved PPP Agreement entered on 02.12.2022 for Rs 307,393.999 million.

Audit observed the following:

During bid evaluation, M/s TECHNO-CMC-ACC Consortium was disqualified due to following main reasons:

Lack of specific Construction Experience of Constructor(s). Experience certificate was for upgradation of state highway instead required motorway/ expressway.

Copies of Financial Statements of CMC provided not attested by the concerned (Italian) Embassy.

M/s Kreston Hyder Bhimji & Company, Chartered Accountant evaluated that the Company have 49% share in JV which have already incurred losses for the years 2018 and 2019. The amount of loss is Rs 265,921 million during 2018 and Rs 5,463 million during 2019. In the year 2020 the company's profit Rs 275,811 million which was mainly other income of Rs 37,514 million and debt relief of Rs 255,033 million. These sources of income were not a regular feature. Keeping in view the ratio analysis, it was assessed that the company is not consistent in its profitability even the company's Gross Profit is negative in the year 2019 and 2020. Despite the above short comings pointed out by M/s Kreston Hyder Bhimji & Company, Chartered Accountant, the process of evaluation was reversed by the Grievances Redressal Committee and the request of M/s TECHNO-CMC-ACC Consortium was accepted.

Grievances Redressal Committee kept reviewing the complaint/ grievance of M/s TECHNO-CMC-ACC Consortium from 30.12.2021 to 26.01.2022 (28 days) and announced results on 26.01.2022 instead of 10 days required for the purpose. Despite the facts mentioned above, the NHA did not appeal before PPRA for re-consideration of GRC decision.

As per Letter of Support (LOS), the Concessionaire was required to initiate incorporation of the Project Company and submit within twenty-one (21) days of issuance of LOS, Certificate of Incorporation of the Project Company issued by Securities and Exchange Commission of Pakistan (SECP); Memorandum of Association of the Project Company; and Articles of Association of the Project Company and Valid status and documents in respect of branch office of M/s CMC in Pakistan prior to signing of PPP Agreement. The same were not found in the record produced which may be provided now.

As per RFP, Financial Proposal Form-B, the bidder was to quote break-up of the construction cost as per the design carried out by the bidder but the bidder quoted Rs 265,265 million as lump sum cost.

As per RFP, Financial Proposal Form-B, the bidder included Rs 500 million on account of purchase of NH&MP vehicles and equipment. Being a separate government entity NH&MP expenditure on vehicles and equipment is required to be met out of specific budget allocations for NH&MP. Inclusion of such sub-head in the Concession Agreement is therefore, unjustified.

Total project cost of Rs 307,394 million included Rs 460.400 million as PPP Fee @ 0.15 % of Cost which was to be paid by the Concessionaire to P3Authority, however there was no evidence on record that the payment of Rs 460.400 million was made by the Concessionaire to P3Authority.

As per RFP, Financial Proposal Form-B, the bidder quoted cost of Rs 5,026.690 million for Intelligent Transportation System (ITS) as Provisional Sum separately without justification.

Audit recommends that responsibility be fixed through fact finding inquiry besides corrective action in the light of audit observations.

(DP. 01)

Sialkot (Sambrial)-Kharian Motorway Project

Clause 4.4.1 of PPP agreement with M/s Frontier Works Organization (FWO)-Sultan Mahmood and Company (SMC), Joint Venture for “BOT of the Sialkot (Sambrial)-Kharian Motorway” awarded to M/s Sialkot Kharian Infrastructure Management (SKIM) Pvt on 13.09.2021 for Rs 27,326.540 million, provides that the Concessionaire shall achieve Financial Close within such time as stated in this Agreement, procure funding by the Sponsors of the Sponsors Funding Amount to finance the Estimated Project Cost.

As per para 2.2 of Letter of Support dated 25.06.2021, GOP/NHA's Financial Support: The Government of Pakistan (GOP)/ NHA shall provide Financial Support/viability gap funding (VGF) of Rs 4,000.000 million in the form of Equity ("Class B" equity shares) having no dividend and voting rights. The upfront VGF shall be provided, through an escrow arrangement.

Audit observed that:

Financial close was required to be achieved within six months of effective date (signing of the PPP agreement) but the same was not achieved so far. Before achievement of financial close, the concessionaire was required to obtain term finance sheets and financial arrangements. Moreover, bid security received in the shape of bank guarantee dated 29.04.2021 for Rs 100.00 million expired on 19.12.2022.

Scheduled project completion time is September 2024 but the concessionaire executed only the work Rs 1,320 million, i.e., 5.15% against the planned physical progress of 43.56% for Rs 11,928 million up to October 2022.

The financial model was based on the construction cost of the project of Rs 22,500 million but break-up of the construction cost was not obtained to substantiate the total cost of the construction of project.

The NHA did not obtain the required insurance coverage the charges of which were included by the concessionaire in its financial model. Non-obtaining of insurance coverage ultimately resulted in undue favour to the concessionaire.

The concessionaire did not provide project implementation programme, its revision, detail design approvals, and variation to the approved detailed design by the concessionaire as required under clause 8.1 to 10.6 of concession agreement.

Facilities including fully equipped lab, furnished office and accommodation of independent engineer as office for NHA representative and project staff, transportation facilities including (1) double cabin 4x4 with A/c (2) two Toyota corolla (GLI) 1300cc or equivalent, (3) one single cabin with air conditioner and (4) one Suzuki Jimny Jeep (or equivalent) along with running/maintenance, fuel and driver's cost was not provided by the concessionaire as required under clause 25.

Consultancy agreement for "Feasibility Study and Preliminary Design for Sambrial Kharian Motorway Project on BOT basis under Public Private Partnership" was signed by the Authority with M/s Prime Engineering and Testing Consultants (Pvt.) Ltd. in JV with M/s Finite Engineering (Pvt) Ltd and M/s Concept Engineering Services at an agreed cost of Rs 11.427 million. Audit observed that no action

was taken against the design consultants as required under clause 3.1 of the agreement for submission of Model Hydraulic Study for main bridge without consideration of the site condition and without consulting Irrigation Research Institute (IRI) of Punjab Irrigation Department. The material deviation, i.e., realignment of 50% of the road structure/route occurred as observed from the progress reports of the project on account of non-conducting of model study/consultation with IRI.

Audit pointed out the matter in March 2023. The Authority replied that:

Hyderabad - Sukkur Motorway (M-6)

NHA's Grievance Redressal Committee (GRC) was a higher formation to review and investigate the evaluation done by the Bid Evaluation Committee and decide upon the complaint by any bidder. The GRC decided upon the case and took approval of its decision from the top management. Once the GRC gave its decision the Bid Evaluation Committee applied the said decision for smooth and timely implementation of procurement process. As per PPP (BOT) project, all the risks for increase in quantities & cost lies upon Concessionaire part, therefore, back up calculation of the quantities were not required. As per RFP, Financial Proposal Form-B, the bidder quoted cost of Rs 5,026.690 million for Intelligent Transportation System (ITS) as Lump Sum amount and not as Provisional Sum. All the risks related to increase in cost for ITS installations over the period of time lies upon Concessionaire's part. The process for appointment of Independent Engineer, as given in section 5.3 of PPP Agreement, has been initiated accordingly after signing of the agreement on 02.12.2022 which was in process.

Sialkot (Sambrial)-Kharian Motorway Project

As per PPP (BOT) project, all the risks for increase in quantities & cost lies upon Concessionaire part, therefore, back up calculation of the quantities were not required. Pursuant to Sub-clause 5.6 of PPP Agreement, the NHA and the Concessionaire 'M/s SKIM' mutually appointed the Independent Auditor, and accordingly the agreement was signed on prior to Financial Close, i.e., on 14.06.2022. Financial close has not been achieved as yet due to issues with the finalization of design with respect to Revised Alignment due to hydraulic model study by Irrigation Research Institute, EIA & Hydrology reports, etc. Insurance policies regarding contractor's all risk policy (CAR), third party and cash in transit insurance would be provided by the concessionaire accordingly as per agreement. As per the PPP agreement, the concessionaire was bound to conduct Hydraulic Model Study for River Chenab. Accordingly, Concessionaire M/s SKIM Pvt. Ltd. has taken up the matter with Chief Engineer IRI and subsequently carried out the Hydraulic Model Study. Later Joint Committee of Irrigation Department prepared a report on 29.04.2022, wherein

they have rejected the original proposed Bridge location over river Chenab. NHA had thoroughly contested with irrigation Department to adopt the original alignment of the proposed bridge over River Chenab. However the proposal was turned down by IRI. Keeping in view the above, CDWP was requested to grant in principle approval. CDWP allowed NHA to proceed with the changed alignment with the direction to submit the revised PC-I with the firmed up scope & cost as per the changed alignment for processing through CDWP/ECNEC.

The reply was not accepted because:

Hyderabad-Sukkur Motorway (M-6)

NHA did not appeal before PPRA for re-consideration of GRC decision despite having solid reasons. As per RFP the bidder was to quote break-up of the construction cost but the bidder quoted Rs 265,265 million as lump sum cost. Independent Engineer was not appointed as required.

Sialkot (Sambrial)-Kharian Motorway Project

Financial close was not achieved and bid security received in the shape of bank guarantee also expired on 19.12.2022. The progress of work was slow. Break-up of the construction cost was not obtained to substantiate the total cost of the construction of project. NHA did not obtain performance bond. The record of appointment of Independent Auditor and their submitted audit reports were not shared with Audit. The material deviations in the design were witnessed which depicted poor consultancy but no action was taken against the design consultants.

The matter was discussed in DAC meeting held on 9-10 January, 2024 wherein both projects were discussed in detail, as under:

Hyderabad - Sukkur Motorway (M-6)

NHA explained that the decision by the Grievances Redressal Committee was made after hearing both parties, i.e., NHA and the bidder and decided accordingly. Audit contended that the issues highlighted by the bid evaluation committee including private Chartered Accountants and NESPAK proved correct when after signing of PPP agreement, the JV firm failed to achieve financial close even after time extension and now NHA issued notice of termination. DAC directed NHA to share the proceedings of bid evaluation and grievances redressal committee and present status of the project with audit. DAC further directed NHA to share preliminary design basing cost estimates of the bidder, with Ministry and Audit within fifteen days.

Sialkot (Sambrial)-Kharian Motorway Project

NHA explained that the contractor could not achieve financial close due to site issues and necessary documents/guarantees would be obtained in due course of time. DAC directed NHA to share the details of variations with justification to Audit. DAC further directed NHA obtain required insurances and guarantees and share preliminary design basing cost estimates of the bidder, with Ministry and Audit within fifteen days.

Audit recommends compliance of DAC's directives.

(DP. 04, 05, 10, 11, 12, 13, 15)

2.4.66 Non-obtaining of insurances and insurances without premium payment receipts

Clause 21.1 of the contract agreement for the works, contractors were required to insure works, equipment and liabilities for death or injury to any person. As per Clause 25.3, in case of failure to do so the employer may effect and keep in force any such insurance, and pay any premium as may be necessary for that purpose and from time to time deduct the amount so paid from any moneys due or to become due to the contractor. The amount to be insured is contract amount plus 15%.

During scrutiny of the accounting record of NHA for the financial year 2022-23, Audit observed that NHA did not obtain insurances for Rs 55,028.877 million in seven cases, as detailed below:

(Rs in million)

S. No.	DP. No.	Name of Formation	Subject of Draft Para	No. of Projects/works	Amount
	349	General Manager Balochistan South, NHA, Khuzdar	Non-obtaining of insurance of work	02	20,767.554
	431	General Manager Budget and Accounts, NHA HQ	Non-obtaining of insurance of works	05	34,261.323
Total				07	55,028.877

Audit further observed that premium payment receipts were also not obtained to ensure the correctness of the insurances. This resulted in non-provision of insurance cover for Rs 55,028.877 million.

Audit holds that non-obtaining of insurance cover and non-recovery of premium was due to non-adherence to the contractual clauses and poor internal control systems.

Audit pointed out the non-adherence in September 2022. The Authority replied that insurances and premium receipts would be obtained and produced for verification.

DAC meeting was not convened by the PAO despite requests by Audit on 05.01.2024 and 24.01.2024.

Audit recommends immediate obtaining of insurances and recovery of insurance premium for the period of default.

(DP. 349&431)

2.4.67 Unjustified extra procurement of land and non-recovery of rent or cost of land

Chapter 07 of NHA Code (Vol-I) provides irrespective of the method to be ultimately adopted for acquisition of the land, the Project Director of each project for which the land is to be acquired, shall prepare detailed project design /drawings and define the public purpose of acquisition with full justification. He shall forward them along with complete details of the land coming in the ROW of the Authority, to the officer in charge of the Land Management Section/Wing located at the station, who shall in turn forward them for further necessary action as per this procedure to the Land Acquisition Collector/Officer concerned. The design/drawings must be comprehensive, covering all details of the project and entire land required for the project. The Project Director/Consultant shall demarcate the alignment in co-ordination with the Land Acquisition Collector and his staff. To ensure accurate acquisition of required strip of land, the permanent survey mark/pucca burjis shall be fixed.

The land records of NHA showed that a total land of 1400 kanals and 02 marlas was procured at different locations of in Khyber Pakhtunkhwa and Punjab.

Audit observed that 880 kanals and 01 marla land of NHA in Khyber Pakhtunkhwa was under unauthorized occupation of public, whereas 122 kanals and 02 marlas land was lying vacant/unutilized.

Audit further observed that since completion of the M-2 in the year 1997-98, different lands, measuring 398 kanals and 19 marlas were under the possession of M/s FWO. Audit also revealed that neither land nor cost of land was recovered from M/s FWO.

This state of affairs indicates that the land was purchased without actual requirements at the cost of public exchequer and there was no internal control mechanism in place to safeguard NHA assets. No record relating to need assessment of procurement and approval of competent forum for such procurement was available in the record produced to Audit.

The matter was discussed in DAC meeting held on 19.11.2019, wherein against 1002 kanal 10 marla land, DAC directed Member (Admn) NHA to submit report within one month after physical verification of the status of land. The report should also give proposal for future utilization of the land. As regards 398 kanal 19 marla, DAC directed General Manager (M-2), NHA to submit report within one month. The compliance of DAC's directive was not made till the finalization of this report.

Audit recommends early compliance of DAC's directives.

(Paras 16&17 of SAR Asset Management/2018-19)

2.4.68 Mis-management in award and execution of leases on NHA RoW land

As per item 10(2)(xiii) of Table 1-I of Chapter-1 of NHA Code (Vol-I), competent authority/forum for approval of lease of government land, is as under:

Executive Board above Rs 20 million in each case for lease period

Chairman up to Rs 20 million in each case for lease period

Member (Ops) up to Rs 5.00 million in each case for lease period

As per instructions contained in Ministry of Communications letter dated 24.06.2004 regarding allotment of land, the future allotment of NHA land for above purpose be stopped till the new SOP in operation. The new SOP will be devised which will have legal cover as per law. The sites available for future allotment be identified after survey which will be disposed of through an open auction and wider publicity.

A. Audit noted that Mr. Babar Zaman, MD ACE-One International Corporation, Rawalpindi submitted an application dated 10.06.2004 for the plot measuring 20x80 ft opposite to Ayub National Park Rawalpindi for establishment of CNG petrol Pump. Lease agreement was signed on 08.03.2006 at Annual Ground Rent of Rs 474,950.

The Lessee vide applications dated 06.12.2006 and 30.10.2009 requested for alternate site due to construction of service road/expansion of road. The Chairman NHA in June 2010 approved change of site from Ayub Park to Jhangi Syedan and lease on revised location was signed on 26.08.2010. In June 2013 the lessee requested for transfer of lease rights from the name of Mr. Akmal Abbasi to Mr. Sohail Abbasi, Raja Shahid Ahmed and Mr. Javed Khan which was approved by Chairman NHA and addendum was signed on 18.07.2013.

Audit observed that:

Change of site from Ayub Park to Jhangi Sayedan (Rawalpindi) was not justified and it was done to favour the Lessee without open auction in violation of Ministry of Communications directives referred above.

Lease for original site Opposite Ayub Park was approved by Member Operations instead by Chairman NHA.

Assessment of rates of land were without any documentary evidence.

B. Audit noted that lease of 110 kanals and 05 marlas land located on North Bound Carriageway on Lahore Bypass near River Ravi was granted to M/s A&M Consortium Lahore for thirty years at Annual Ground Rent of Rs 3,080,000 on 07.01.2003. Annual Ground Rent was to be increase after every three years @ 8.71% of the bid value. Lease agreement was registered on 02.12.2005 and effective date of payments was reckoned as 03.12.2006 (after one year grace period).

Audit observed the following:

Lease was approved irregularly by Member (Operations) NHA instead by Chairman/NHA Executive Board.

M/s A&M Consortium incorporated a company named Magic River Services as intimated vide letter dated 29.11.2004 after more than one year without approval from NHA.

M/s Magic River applied for approval of three advertisement sign boards of 30x90 ft size on 25.08.2006. As per NHA record NOC was issued by NHA in May 2007. Audit observed that as per NHA record the said sign boards were being used by the Lessee on commercial basis. NHA, however, did not recover the dues on account of advertisement Bill Boards for the financial years 2007-08 till December 2015 (till M-2 was handed over to M/s MORE). This resulted in non-recovery of Rs 29.678 million.

As per financial proposal of M/s A&M Consortium, works worth Rs 150 million were to be done by the Consortium in Phase-I on site development and commercial development and Rs 3,000.000 million (US\$30 million) in Phase-II on acquisition and development of 100-150 acres of land. Audit observed that the Lessee did not fulfill the obligations of development works but no action was taken by NHA regarding termination of the lease and imposition/recovery of damages as per clause 12 of the lease agreement.

C. Audit noted that lease agreement of Land on Plot Size 68 x 616 ft (07 Kanals and 14 Marlas) situated at ROW on SBC, in village Sara-e-Kharbooza N-5 was signed on 16.05.2006 with M/s Abdul Rehman Khan Abbasi on Annual Ground Rent of Rs 192,500 plus Rs 75,000 Approach Rental Charges.

Audit further noted that National Highway Authority leased out a piece of land measuring 04 Kanals and 10 Marlas to Mr. Younas Raza for establishment of Filling and CNG station at km 1552 between Tarnol and Motorway Interchange (South Bound) N-5 for a period of thirty (30) years at Annual Ground Rent of Rs 126,000 plus Annual Approach Rental Charges Rs 75,000. The lease was signed on 22.03.2006.

Audit observed that the above leases were awarded without open auction in violation of Ministry of Communications directives referred above. Moreover, the Lease was approved by Member Operations instead by Chairman NHA as required. Assessment of rates of land was without any documentary evidence.

Audit pointed out the matter in April-June 2018. The Authority did not reply.

DAC meeting was not convened by PAO despite requests made by Audit on 31.10.2018, 28.02.2019, 19.11.2021 and 11.01.2024.

Audit recommends fixing of responsibility besides recovery of the amount involved.

(Paras 27, 28, 29 & 34 of PAR RoW 2017-18)

2.4.69 Misplaced and unaccounted vehicles

Chapter 2 of NHA Administrative Manual 2002 provides that management of the NHA motor transport is the responsibility of the Admn Wing. However, all officials who use the facility and have custody of allotted vehicles are responsible for its safety and upkeep. Further, Paras 3.21 to 3.27 provide that all entitled officers allotted NHA vehicles, field staff of contractors and consultants deployed on projects and other authorized users shall be fully responsible both for safe custody and proper upkeep of the vehicles placed at their disposal.

Para 88(vi) of the NHA Code provides that no project vehicle shall be purchased unless there is a provision thereof in the PC-I of that project. Whenever such a vehicle is purchased by NHA, the procedure in paras (i) to (v) shall be followed.

A. 195 vehicles unaccounted for

Audit noted that as per audited financial statements of NHA for the years 2016 and 2017, NHA owned the following vehicles/ motorcycles:

Particulars	Cost as on 30.06.2017 (Net after depreciation)	Cost as on 30.06.2016 (Net after depreciation)
748 Vehicles	Rs 111.800 million	Rs 91.450 million

Audit further noted that NHA disclosed 748 vehicles as their assets in the financial statements for the year ended 30.06.2017. Audit demanded the current status and number of vehicles with NHA and up to 2019 and found that there were 1,417 vehicles on the strength of NHA after exclusion of all auctioned vehicles.

Audit observed during scrutiny of detail of vehicles (detail of 748 vehicles, auctioned vehicles and latest available 1,417 vehicles) that 195 vehicles and 05 motorcycles valuing Rs 72.181 million were (**Annexure-M**) neither auctioned after 30.06.2017 nor were available among 1,417 vehicles.

This resulted in the misplacement of vehicles/motorcycles worth Rs 72.181 million.

Audit pointed out the matter during March-April 2019. The Authority replied that the Transport Section tried to account for all the vehicles owned by NHA on the basis of information provided by Regional/Project offices and incorporated into VMIS system. The vehicles standing at serial No. 54 to 58 of the annexure pertained to HQ/ NHIP.

The reply was not tenable because in its reply the Authority provided the status of only three vehicles out of 195. The status provided by the Authority shows that the vehicles at S No. 54, 55 & 58 of the annexure were stolen during 2009 and 2012. No details, i.e., FIR, inquiry findings and recovery of loss were provided in support of the reply. Interim reply has been furnished which does not depict the availability status of all pointed out vehicles.

The matter was discussed in DAC meeting held on 19.11.2019, wherein DAC directed GM (Estab.) & GM (Finance), NHA to reconcile the number of vehicles mentioned in audit para and to get the record verified from Audit within one month. The compliance of DAC's directive was not made till the finalization of this report.

Audit recommends early compliance of DAC's directives

B. Missing of 119 vehicles out of NHA vehicles fleet

Audit noted that different preliminary inquiries were conducted and the inquiry committees pointed out discrepancies about physical existence of some vehicles in the years 2015 and 2016.

Audit observed that 119 (**Annexure-N**) vehicles were not found in NHA records even after consulting previous three years' auctions record and updated list of 1,417. Moreover, no action was taken by NHA on the outcome of these preliminary inquiries. Missing 119 NHA-owned vehicles resulted in loss of millions of rupees to public exchequer.

Audit pointed out the matter during March-April 2019. The Authority replied that out of 119 vehicles, 55 vehicles were up to 1996 Model and most of them had already been auctioned. However out of 119 vehicles, 29 vehicles were traced out from the available record.

The reply was not tenable because no supporting document regarding the auction of vehicles as replied was made available to Audit. Moreover, out of 119 numbers, against 29 vehicles the Authority replied that five vehicles (S No. 13, 15, 17, 24 & 29 of the annexure) were stolen/missing but the related record of FIRs and recovery of loss/ findings of inquiries were not produced in support of reply.

C. 93 vehicles at M-2 and M-3 unaccounted for

Deputy Director (Admn) M-2/M-3 vide his letter dated 20.07.2000 intimated NHA Headquarters about the status of 164 NHA vehicles.

Audit observed that out of the above, 93 vehicles (**Annexure-O**) were not accounted for and disposal of these was not available after checking auctions record for the years 2015-16, 2016-17, 2017-18 and 2018-19 and list of presently available 1,417 vehicles. This resulted in loss worth millions of rupees to the public exchequer.

Audit pointed out the matter during March-April 2019. The Authority replied that almost all the vehicles were up-to 1993 model and NHA auctioned them. After checking old record available at transport section, status of 16 vehicles was traced out. The status of remaining vehicles will be shared by General Manager (M-2/M-3).

The reply was not tenable because the Authority provided status of only sixteen (16) vehicles out of 93 as pointed out by Audit. The status provided by the Authority showed that 14 vehicles were auctioned, one stolen and one available in NHA HQ. However, no supporting documents against such vehicles were provided to ascertain the factual position.

The matter was discussed in DAC meeting held on 19.11.2019, wherein DAC directed Member (Admn), NHA to inquire the matter and submit the report to Ministry and Audit within one month. The compliance of DAC's directive was not made till the finalization of this report.

Audit recommends early compliance of DAC's directives

D. Unjustified attachment of 25 vehicles with M/s FWO

As per record of the Motor Transport Section of NHA, there were 1,417 vehicles of different categories.

Audit observed that out of 1,417 vehicles, 25 vehicles were allotted/shown attached with M/s Frontier Works Organization (**Annexure-P**) without any plausible justification on record.

Audit pointed out the matter during March-April 2019. The Authority did not reply.

The matter was discussed in the DAC meeting held on 19.11.2019, wherein DAC directed Member (Admn), NHA to inquire about the matter regarding the remaining 25 vehicles deployed with FWO, and submit report to Ministry and Audit within one month. The compliance of DAC's directive was not made till the finalization of this report.

Audit recommends early compliance of DAC's directives

E. Irregular procurement of vehicles - Rs 239.435 million

As per Clause 22 of Article VI of the contract agreement between NADRA and NHA for development, installation, commissioning, operation and maintenance of e-toll system and collection of toll revenue through e-toll system on Motorways M-1, M-2 & M-3 by NADRA dated 09.01.2009, all revenue collected by NADRA shall be remitted to NHA's bank account on the next working day of such collection.

Audit observed that NHA made an amendment to contract in February 2013 and authorized M/s NADRA to incur total capital expenditure of Rs 110.73 million which was a clear violation of agreed terms. M/s NADRA purchased 12 vehicles and two motorcycles involving Rs 10.040 million whereas, for the remaining amount no record was available. NHA Executive Board in 263rd meeting held on 14.04.2016 approved handing over of the E-tag operation on M-1 & M-3 to M/s FWO which was made on 30.06.2016. But NADRA did not handed over the vehicles and other

assets. Audit further observed that an amount of Rs 597.186 million was outstanding against NADRA till June 2016.

Audit pointed out the matter during March-April 2019. The Authority replied that as the original contract also provides for capital expenditure, the authorization to M/s NADRA to incur capital expenditure vide Amendment-1 was not a favour to the contract. Regarding outstanding amount of Rs 597.186 million, the matter was being actively pursued with NADRA at the level of Chairman, NHA. The matter has also been referred to Ministry of Communications to take up the matter with Ministry of Interior for solution.

DAC in its meeting held on 19.11.2019 pended the para and directed Director (Roads), MOC to submit the latest status. The compliance of DAC's directive was not made till the finalization of this report.

Audit recommends early compliance of DAC's directives.

(Paras 34, 36, 37, 38 & 39 of SAR Asset Management/2018-19)

2.4.70 Non-carrying out International Roughness Index (IRI) test and non-rectification of potholes, cracks in Islamabad-Lahore Motorway (M-2)

According to Article 4 of Concession Agreement signed between NHA and Motorway Operations and Rehabilitation Engineering Company (Pvt.) Ltd. (MORE) on 23.04.2014 for overlay and modernization of M-2, the Concessionaire shall ensure improvement of riding quality and reinstatement of the structural strength of motorway during the course of rehabilitation to extend the life of motorway by at least 10 years. According to Schedule-M 'O&M Requirements' of the Concession agreement, the concessionaire will keep the road smooth, safe adequate skid resistance, and durable by filling the potholes causing a threat to safety. There will be no potholes greater than 100 sq. mm area and 25 mm deep, no unsealed (non-structural) cracks larger than 2 to 6 mm on 95% of road length. Tolerance for structural cracks would be nil.

Audit observed that the condition of the motorway was not as per required standards as evident from the site visit report Sector Commander of National Highways and Motorway Police. There were a lot of potholes, cracks, bulges, choking of drainage system on the Motorway M-2. The concessionaire executed substandard repair and maintenance works under functional, structural overlay and rehabilitation works. The General Manager (M-2) also reported about the damaged surface of motorway, missing guardrail and iron fence and non-execution of asphalt work as per roughness survey inspection but concessionaire did not take corrective measures. This resulted in non-execution of repair maintenance works and non-conducting IRI tests.

Audit pointed out the issue in September 2023. The Authority replied that the Concessionaire started overlay activities in January 2015 and substantially completed the overlay works on 26.08.2016. Since then, all the operation and maintenance activities on Motorway M-2 were the concessionaire's obligation. The Concessionaire furnished the IRI reports. The Concessionaire was informed wherever the OM&M of the Motorway was required as per reports received from NH&MP and NHA field formation. In year 2022, major rehabilitation works were undertaken from Thokar Niaz Baig Interchange to Ravi Toll Plaza and Salt Range in addition to other patch works.

The reply was not accepted because the compliance of provisions of concession agreement was not verified through Independent Engineer and Independent Auditor.

DAC meeting was not convened by the PAO despite requests by Audit on 10.11.2023, 05.01.2024 and 24.01.2024.

Audit recommends provision of compliance report of concession agreement to Audit for scrutiny.

(DP. 340 & 341)

CHAPTER 3

CAPITAL DEVELOPMENT AUTHORITY/METROPOLITAN CORPORATION
(MINISTRY OF INTERIOR) **ISLAMABAD**

3.1 Introduction

A. Capital Development Authority

Capital Development Authority (CDA), established under the CDA Ordinance, 1960 is governed by an Executive Board, constituted by the Federal Government.

Financial Advisor/Member (Finance), CDA is in charge of the Finance/Accounts Wing and is responsible for preparation of budget and allocation/distribution of funds to different Divisions/Formations.

Major resources of receipts of CDA include:

Revenue generated from the sale of plots, municipal receipts, sanitation receipts, environmental/horticulture receipts, property tax, water charges, conservancy charges, interest/markup, commercial receipts (rent from shopping centers, bus stands), etc.,
Grant-in-aid from the Federal Government for development purposes through the Public Sector Development Programme,
Grant-in-aid from the Federal Government for maintenance of specified government buildings (Maintenance Grant).

The main functions of the Authority are:

Acquisition of land and development of residential sectors;
Sale of plots and recovery of their cost;
Maintenance of federally-owned government buildings;
Construction of federally financed government offices and residential accommodation;
Management of Parliament Lodges.

Metropolitan Corporation Islamabad

Metropolitan Corporation for Islamabad Capital Territory is the local government, constituted under Section 9 of The Capital Territory Local Government Act, 2015. Twenty-three (23) Directorates of CDA were placed under the administrative control of the Mayor of Metropolitan Corporation Islamabad (MCI) along with all rights, assets and liabilities. However, due to administrative reasons, financial arrangements are still under CDA and practical distribution of work is yet to be finalized.

MCI is responsible for performing the following functions in Islamabad:

Regulate affixing of sign-boards and advertisements;

Provide, manage, operate, maintain and improve the municipal infrastructure and services, sewage treatment and disposal, and storm water drainage.

Sanitation and solid waste collection and sanitary disposal;

Roads and streets;

Street lighting;

Playgrounds, open space graveyards and arboriculture;

Slaughter houses;

Collect approved taxes, fees, tolls, charged fines and penalties;

Regulate markets and issue licenses, permits, grant permissions and impose penalties for violation thereof as and where applicable.

As per Schedule-II of Rules of Business 1973, CDA and MCI are under the administrative control of Ministry of Interior (Interior Division).

B. Comments on Budget and Accounts (Variance Analysis)

Comments on Receipt and Expenditure Account for the financial year 2022-23 are as under:

(a) Expenditure:

Budget allocation and expenditure for the financial year 2022-23 is shown in the table below:

(Rs in million)

S. No.	Particulars	Budget Estimates	Release/ Receipts	Expenditure
A	Development	30,235.28	34,273.25	39,599.403
(i)	PSDP (Federal Government)	5,650.000	3,784.539	3,768.622
(ii)	Self-Financing Account (CDA Own Source)	24,585.280	30,488.711	35,830.781
B	Non-Development	6,956.315	15,456.319	28,537.079
(i)	Maintenance Grant (Federal Government)	2,646.315	2,572.637	3,338.858
(ii)	Revenue Account (CDA Own Source)	4,310.00	12,883.682	25,198.221
C	Debt & Deposits (Including deposit works)	-	7,490.279	6,748.036
	Total (A+B+C)	37,191.595	49,729.569	68,136.484

Source: Consolidated and Compiled Monthly Account for June 2023 and Grant and Expenditure Report of Treasury Division CDA.

Comments on 'Receipt and Expenditure Account' of CDA for the year 2022-23 are as under:

CDA did not prepare and submit to the Federal Government, a certified Balance Sheet together with the Financial Statements of the Authority in violation of the provisions of the CDA Ordinance 1960.

Funds of Rs 2,572.637 million were received against the Maintenance Grant, during the year 2022-23. Expenditure of Rs 3,338.858 million was incurred with an excess of Rs 766.22 million (29.78%).

(b) Receipts:

The receipts of CDA from its own resources are as follows:

Description	2022-23 (Rs in million)
Estimated Receipts	24,585.280
Actual Receipts	30,488.711
(Shortfall)/Excess	5,903.43
(Shortfall)/Excess in %age	24.01%

In addition to the above, MCI receipts for the year 2022-23 were as under:

Description	Receipt (Rs in million)
Municipal Receipts	994.970
Environment Receipt	16.153
Property Tax Residential	1,307.562
Property Tax Commercial	888.936
Water and Conservancy Charges	866.184
Total	4,073.805

Source: Information provided by CDA/MCI

MCI did not prepare estimates of receipts for the year 2022-23. Therefore, efficiency towards achievement of revenue targets could not be ascertained and commented on.

C. Audit Profile of CDA & MCI

S. No.	Description	Total	Audited	Expenditure audited FY 2022-23 (Rs in million)	Revenue/ Receipts audited FY 2022-23 (Rs in million)
1	Formations	56	15	44,286.73	-
2	Assignment Accounts				
i	PSDP	05	05	3,768.621	
ii	Maintenance Grant	08	08	3,338.858	

Note: Expenditure audited indicated against formations is inclusive of assignment accounts. In addition to the above, eleven formations audited during Phase-II of 2022-23 involving expenditure of Rs 3,287.052 million and revenue of Rs 4,187.876 and results incorporated in this report.

3.2 Classified summary of audit observations

Audit observations amounting to Rs 155,772.969 million were raised in this audit report. This amount also includes recoveries of Rs 6,688.363 million, as pointed out by the Audit. The summary of the audit observations classified by nature is as under:

Overview of audit observations

S. No.	Classification	Amount (Rs in million)
1	Bogus/fraudulent allotment of plots	1,000.000
2	Irregularities	
A	HR related irregularities	568.082
B	Procurement/award related irregularities	46,405.320

S. No.	Classification	Amount (Rs in million)
C	Execution of works, contract agreement	38,422.221
D	Management of accounts in commercial banks	43,210.700
E	Revenue management	19,071.743
3	Value for money and service delivery issues	-
4	Others	7,094.903
Total		155,772.969

Note: Amount of audit observations exceeds the amount audited due to non-budgetary issues like award of works which involves future spending, amount covering multiple previous years of spending, multiple reckoning of monetary impact in different audit observations pertaining to the same transaction, etc.

3.3 Brief comments on the status of compliance with PAC's directives

Compliance position of PAC's directives on Audit Reports relating to CDA is as under:

Year	Audit Paras		Compliance		
	Total	Discussed	Made	Awaited	percentage
1988-89	07	07	04	03	57.14
1989-90	04	04	04	-	100

2019-20	48	48	17	31	35.42
2021-22	70	1	0	1	-

Note 1: Audit Reports for 1985-86, 1987-88, 2020-21 and 2022-23 and five Special Audit Reports for the year 2017-18 were not discussed by PAC till the finalization of this Audit Report.

Note 2: In DAC meeting held on 19.01.2024, Audit highlighted the issue of non-verification of record in respect of most of the Proposed Draft paras despite issuance of verification schedule. Partial record was provided in some cases and replies were without any supporting documents. Audit is of the view that the management of CDA is not taking the Audit Paras seriously despite issuance of numerous directives by DAC in its earlier meetings.

The chairperson DAC showed displeasure on the non-serious attitude of CDA management and directed that proper attention should be given to the compliance of Audit/DAC recommendations, record verification from Audit be carried out by well conversant senior management and complete record shall be provided to Audit for convening of fruitful DAC meetings. Such laxity will not be tolerated in the future and disciplinary action will be taken against the officer concerned.

3.4 AUDIT PARAS

Capital Development Authority

3.4.1 Non-transparent process of auction of commercial plots - Rs 37,822.260 million

As per criteria approved by the CDA Board dated 03.06.2011, the bids received in the open auction/competition were required to be presented before the CDA Board. Further, such bids were to be presented by the Finance Wing before the CDA Board including the information of (i) Previous sale price (ii) General Price Index (GPI) (iii) Market trend, in order to facilitate the Board in accepting or rejecting bids.

During scrutiny of the record of Director Estate Management-II, CDA, Audit noted that results of auctions dated 4&5.08.2021 were approved by the CDA Board in its 8th meeting dated 26.08.2021. As approved by the CDA Board, twenty-nine (29) commercial plots were offered for auction in various sectors having different sizes and land uses as per terms & conditions laid down in Auction Brochure. Bids against twenty-three (23) plots with a bid price of Rs 37,822.260 million were accepted whereas five (05) plots were deferred for future auction due to lack of interest by bidders/competitors and one (01) plot was withdrawn due to legal complications.

Audit observed the following irregularities:

Back-up record/detailed calculations of average auction prices, calculation of GPI, market trend of prices/analysis, calculation of reserve price, etc., not available on record. It was not clear how the reserve price had been arrived at by the Authority.

Details or any information about five (05) deferred plots and legal complications of one (01) plot are also not available in files or Board directives.

Decision of the CDA Board regarding the change of criteria from highest sales price to average sale price of the year could not be termed as a prudent decision being against the “market trend criteria”.

Pay orders received from intending bidders for issuance of Token/auction brochures, were not deposited in a bank. Further, authenticity of pay orders was not checked by the issuing bank. As such possibility of fake pay orders could not be ruled out because pay orders were even received at the time of bidding.

Audit maintains that acceptance of auction bids without detailed calculations of previous sale prices, calculation of GPI and analysis of market trend resulted in a non-transparent process of auction of commercial plots for Rs 37,822.260 million.

Audit holds that the irregularity occurred due to weak internal and financial controls.

Audit pointed out the irregularities during March 2023, but the Authority did not reply.

DAC meeting was not convened by PAO despite multiple requests made by Audit on 04.10.2023, 20.10.2023, 06.11.2023, 12.12.2023, 19.12.2023 and 21.12.2023.

Audit recommends for an investigation into the matter for fixing responsibility against those who are responsible, justification for the change in criteria for a base price, and provision of data of calculation of base prices. Besides, verification of pay orders of all participants of auction from the concerned banks was also not available on record which needs to be explained.

Note: The issue was reported earlier also in the Audit Reports for Audit Years 2019-20, 2021-22 and 2022-23 vide para numbers 3.5.17 (2019-20), 3.4.5 (2021-22), 3.4.4 (2022-23) having a financial impact of Rs 7,654.57 million. The recurrence of same irregularity is a matter of serious concern.

(DP. 216)

3.4.2 Unjustified retention of heavy closing balances with DDOs - Rs 1,583.254 million and non-verification/non-reconciliation of cash balance - Rs 30,712.395 million

As per para 257 of Procedure Manual part-III CDA (Accounting Procedure), cash accounts should be positively closed on 30th June every year. Further, Para 20 states that after verification of the cash balance, the bank balance should also be verified. A statement of accounts should be obtained monthly from the bank within three days of the closing of the Cash Book and a reconciliation statement should be prepared before the submission of the monthly account to the Accounts Directorate. The reconciliation statement should be copied out in the cash book over the signatures of the Disbursing Officer after the closing entries of the month. According to the CDA Procedure Manual, money realized, whether in cash or through cheque, should be deposited by DDOs immediately in the bank account of the Authority.

During audit scrutiny of the Final Consolidated Accounts of the Accounts Directorate, CDA for financial year 2021-22, Audit noted that an amount of Rs 1,583.254 million was shown as a balance with DDOs of CDA as of 30.06.2022.

Audit observed that CDA Divisions retained a heavy closing balance with DDOs for Rs 1,583.254 million. It is further added that these balances were increasing during the last three financial years, as detailed below:

S. No.	Financial year	Balance with DDOs (Rs in million)	Increased amount (Rs in million)
1	2019-20	249.688	-
2	2020-21	1,384.14	1,134.452
3	2021-22	1,583.254	199.114

Furthermore, an amount of Rs 30,712.395 million was shown as cash and cash equivalent balances of CDA as on 30.06.2022, as detailed below:

Bank balance

(including Treasury bills) Rs 29,129.141 million

Balance with D.D.Os Rs 1,583.254 million

Total Rs 30,712.395 million

A bank balance of Rs 30,712.395 million was posted without providing detailed reconciled figures in each Bank Account. As a result, the cash balance was found unauthenticated in the absence of reconciled figures against each bank account. The audit team was provided with the important documents such as Division-wise break-up of DDOs balance, DDO-wise detail of cash book closing, justification for retention of these balances by each DDO, period of retention of these balances, status of interest accrued.

Audit pointed out the issue in June 2023, but the Authority did not respond.

DAC meeting was not convened by PAO despite repeated requests made by Audit on 04.10.2023, 20.10.2023, 06.11.2023, 12.12.2023, 19.12.2023 and 21.12.2023. However, DAC meetings on similar paras were held on 31.12.2020 and 28.11.2022 wherein the management was directed to submit reconciled figure by DDOs alongwith justification for retained balances to Audit for verification.

Audit recommends that disciplinary action may be taken for this irregularity against the person(s) at fault, besides enforcing strict financial discipline to minimize the balances with DDOs in future.

Note: The issue was reported earlier also in the Audit Report for Audit Year 2019-20 vide para number 3.5.4 having a financial impact of Rs 9,227.851 million. The recurrence of same irregularity is a matter of serious concern.

(DP. 226)

3.4.3 Unauthentic quality of road works without conducting required quality control tests - Rs 15,194.139 million

Capital Development Authority prepared PC-Is/TS Estimates of different road works based on NHA General Specifications 1998 and NHA CSRs. NHA General Specifications of works stipulate different quality control tests at various stages of execution starting from earth works to Asphaltic layers i.e., soil classification tests, earth/embankment compaction tests, California Bearing Ratio (CBR) tests, moisture tests, concrete strength tests, aggregate base and sub-base compaction and quality assurance tests, crushing test, abrasion test, impact test, soundness test, shape test, specific gravity and water absorption test, bitumen adhesion test, Job Mix Formula (JMF) approvals, Bitumen procurement from authorized source evidence, bitumen quality tests, core thickness tests, asphaltic layers thickness tests, steel strength tests, International Roughness Index (IRI) test.

Further, standard bidding documents prescribed by the Pakistan Engineering Council are mandatory to be used by all procuring agencies, as per clause 3 of the Public Procurement Regulations, 2008. As per standard contract provisions (clause 37.2), the Engineer shall be entitled, during manufacture, fabrication or preparation to inspect and test the materials and plant to be supplied under the Contract. If materials or Plants are being manufactured, fabricated or prepared in workshops or places other than those of the contractor, the Contractor shall obtain permission for the Engineer to carry out such inspection and testing in those workshops or places. Such inspection or testing shall not release the contractor from any obligation under the Contract. The Engineer may delegate the inspection and testing of materials or Plants to an independent inspector.

As such the contractor is bound to ensure that the materials to be used shall conform to specifications and testing procedures as indicated in the relevant specifications. Samples of materials for laboratory tests and their subsequent approval shall be utilized according to these references.

During scrutiny of the record of different formation of CDA for the year 2023-24, Audit noted that CDA awarded and executed major road works/projects and incurred expenditure of Rs 15,194.139 million (**Annexure-Q**).

Audit observed that the employer/CDA did not conduct required quality control tests at various stages of execution starting from earth works to asphaltic layers i.e., soil classification tests, earth/embankment compaction tests, CBR tests, moisture tests, concrete strength tests, aggregate sub base, base compaction and quality assurance tests, crushing test, abrasion test, impact test, soundness test, shape test, specific gravity and water absorption test, bitumen adhesion test, JMF approvals, Bitumen procurement from authorized source evidence, bitumen quality tests, core thickness tests, asphaltic layers thickness tests, steel strength tests, IRI test.

In the absence of the above quality control testing, the quality of road works was compromised the number of depressions/undulations and settlements of road structure were witnessed especially in the newly constructed Margallah Avenue, Bharakahu Bypass and IJP road. This resulted in sub-standard road works execution without conducting third-party required quality control tests for Rs 15,194.139 million. This is further substantiated by the fact that CDA has faced backlash for substandard road quality inaugurated projects as there has been a trend of road damages (IJP Road) shortly after their inauguration in the capital city. Poor quality of constructed roads reflects inadequate construction work and a potential threat to public safety.

Audit maintains that in the absence of required quality tests during execution and after completion of the works, the quality of the executed road works was compromised at the cost of public exchequer.

Audit pointed out the issue in August 2023 and January 2024. The Authority replied in respect of Margallah Avenue Project that a sum of Rs 110 million against work done of asphalt was held and not paid to the Contractor. The Contractor was not yet mobilized at site and TOC has not been issued so far. IRI survey would be conducted before TOC and shared with Audit. Regarding other projects, the Authority stated that all the requisite quality tests were performed during execution. However, due to a lack of traffic management and enforcement of lane discipline by traffic police, minor issues were observed. These issues will be rectified during the Defect Liability Period.

The reply was not accepted because tests conducted during the execution of work were not verified. As admitted in reply, these projects were facing structural issues despite incurring billions of rupees even in the Defect Liability Period. The quality of the executed work has therefore proven compromised. The International Roughness Index (IRI) survey of the completed road projects was not conducted without which smoothness and riding quality of the road surface cannot be assured. Moreover, source of bitumen, Job Mix Formula (JMF) and penetration/ compaction tests of bitumen used in asphaltic work were also not produced for evaluation of the genuineness and purity of specified material.

The matter was discussed in DAC meeting held on 31.01.2024 wherein DAC directed CDA to provide information along with supporting record on the following format to Audit for evaluation:

Name of Work	Cost	Item of work	Date of Measurements in MB	Nature of Tests performed
1	2	3	4	5

Date of submission of sample with evidence	Date of Lab Test Report	JMF approval status with date	Date of execution of bituminous item	Lab test report with covering letter
6	7	8	9	10

Audit recommends compliance of DAC's directive. Further, IRI survey may be conducted and shared with Audit.

(DP. 114&325)

3.4.4 Mis-procurement due to award of work at higher rates through direct contracting - Rs 7,488.943 million

Rule 42 (f) of the Public Procurement Rules, 2004 (Inserted vide S.R.O No. 834(I)/2021 dated 28.06.2021) provides that a procuring agency may engage in direct contracting with state owned entities such as professional, autonomous or semi-autonomous organizations or bodies of the Federal or Provincial Governments for the procurement of such works and services, including consultancy services, which are time sensitive and in the public interest, subject to the conditions that the organization or the body shall accomplish the work or the services including consultancy services, exclusively through its own resources without involving private sector as a partner or in the form of a joint venture or as a sub-contractor. The

procuring agency shall devise a mechanism for determining price reasonability to ensure that the prices offered by the state owned entities are reasonable for award of the contract. Rule 50 of Public Procurement Rules provides that any unauthorized breach of these rules shall amount to mis-procurement.

Clause-30 of Special Provisions/Condition of the contract provides that the contractor shall be responsible for providing asphaltic road diversions at site and shall ensure proper traffic safety, information & warning signs including lightning etc. No separate payment will be made against these arrangements.

Audit noted that Director Road (North) CDA, Islamabad awarded a contract “Construction of Bharakahu Bypass Islamabad” on Design and Built basis to M/s NLC Islamabad at agreed cost of Rs 6,515.079 million through direct contract under rule 42(f) on 22.09.2022 without open competition with stipulated completion period of four (04) months. The contractor was paid 5th running bill for Rs 544,916,848. The up to date progress of the work was 80% in June 2023.

Audit observed the following:

A premium of 15.81% on NHA CSR 2022 was allowed in September, 2022 without determining price reasonability as the NHA CSR 2022 represents the prevailing market rates/prices including contractor's Overheads, Profits resulting in loss of Rs 828.107 million (Rs 5,237,870,744 x 15.81%). Thus, the agency has not devised a mechanism for determining price reasonability to ensure that the prices offered by the state owned entities were reasonable.

The work was awarded without open competition on the plea of a time-sensitive project with the completion period four (04) months. However, the project was not completed within the stipulated period even after the grant of a time extension of 214 days.

The contractor has not provided proper asphalted traffic diversions, the cost of which was included in the bid cost of the contractor, for the safety of traffic and work, due to which a fatal incident occurred during construction causing loss of human lives and structure. The cost of asphaltic diversion was neither determined nor recovered from the contractor.

Two fatal incidents occurred during the execution of the project. There were two casualties of workers also but no FIR was registered. In 2nd incident five girders fell just after launching on the Transom.

The design of the project was also not vetted by the third party.

The SOP as per construction procedures was not followed. Incidents raised questions about the poor performance of the supervisory consultant. However, the supervisory consultant was not penalized for poor performance.

Audit further noted that Director Works CDA, Islamabad awarded a contract for “Construction of Boundary Wall & Allied Works in Diplomatic Enclave, Islamabad” to National Logistics Corporation (NLC) at an agreement cost of Rs 973,864,055 which was 106.94% above on MES 2021 and 21.55% above on non-scheduled items against the NIT Cost of Rs 549,844,144 on 03.04.2023. The work started on 06.04.2023 which was required to be completed within six (06) months i.e., on 05.10.2023.

Audit observed that above mentioned work was awarded to a single firm i.e., NLC without advertisement and open competition. A review of the record indicated that the said work was awarded on the basis of urgent issues. Moreover, the Authority neither compared the rates with the same nature of work/contract nor adopted the preferable option of retendering for healthy competition in violation of the Public Procurement Rules.

This resulted in mis-procurement due to award of works for Rs 7,488.943 million (Rs 6,515.079 million+ Rs 973.864 million) at higher rates through direct contracting without open tendering.

Audit pointed out mis-procurement in July-August 2023. The Authority replied (DP.110) that the project was to be completed in four months as directed by PM Directives. So the bids were called from state owned organizations under Rule 42 (f) and awarded to M/s NLC. The rate of 15.81% above NHA CSR-2022 quoted by M/s NLC was found reasonable keeping in view the price hike. There was no available option for the diversion of main/heavy traffic on Murree Road. The incidents happened due to external reasons and there was no negligence of supervisory consultants. In DP. 260, the Authority did not reply.

The reply was not accepted because the work was awarded at 15.81% above the NHA CSR 2022 in September 2022. The contractor was also exempted from 7.5% Income Tax thus the contractor was actually awarded at 23.31% above the estimate without adjudging the reasonability of rates the asphaltic diversion was neither provided nor the cost thereof was determined and deducted from the contractor. An unrealistic time frame was provided to justify the time limit case for application of 42(f). Recommendations of inquiry against the fatal incidents be implemented and outcome be shared with Audit.

DAC meeting was not convened by PAO despite repeated requests made by Audit on 20.09.2023, 04.10.2023, 20.10.2023, 06.11.2023, 12.12.2023, 19.12.2023 and 21.12.2023.

Audit recommends for inquiring the matter for fixing responsibility against those who are responsible, for award of work at higher rates. Furthermore all escalations, if any, paid after the four months be recovered from the contractor.

Note: The issue was reported earlier also in the Audit Reports for Audit Years 2021-22 and 2022-23 vide para numbers 3.4.1 (2021-22) 3.4.3, 3.4.10, 3.4.1, 3.4.19 and 3.4.27 (2022-23) having a financial impact of Rs 41,462.63 million. The recurrence of same irregularity is a matter of serious concern.

(DP. 110&260)

3.4.5 Unauthentic payment made to the contractor without evidence of the executed works - Rs 6,570.887 million

According to Rule-I of CDA Procedure Manual Part-II, every public officer is expected to exercise the same vigilance in respect of expenditure incurred from public funds as a person of ordinary prudence would exercise in respect of expenditure of his own money.

Audit noted that Director, Special Project Directorate CDA awarded the project “Development of Low Cost Housing Scheme at Farash Town” for construction of 3960 apartments to M/s FWO through direct contracting at lump sum cost of Rs 14,776.00 million (EPC basis) on 13.07.2021 with completion period of 24 months. The total value of work done up to 12th running bill was Rs 6,570.887 million.

The following irregularities were noticed:

The project was initially awarded for 3,960 apartments and payment milestones were set according to 3,960 apartments. Later on, scope of work was reduced to 2,400 apartments but payment was made to the contractor without revision of payment milestone.

Payment was made to the contractor without verifying the execution activities according to payment milestone.

Details of material purchased and consumed were also not on record despite 92% payment on account of material and design. It shows that advance payment was made to the contractor without execution of work at site.

Material test reports were also not available to Audit.

Detail measurements of execution activities were not recorded in the Measurement Book. Monthly progress reports were not available in office record.

In the light of above discrepancies and without observance of the contract clauses, the payment made to the contractor of Rs 6,570.887 million stands unauthentic.

Audit maintains that unauthentic payment was made due to weak internal financial controls, and non-implementation of rules.

Audit pointed out unauthentic payment during July and August 2023, but the Authority did not reply.

DAC meeting was not convened by PAO despite repeated requests made by Audit on 20.09.2023, 04.10.2023, 20.10.2023, 06.11.2023, 12.12.2023, 19.12.2023 and 21.12.2023.

Audit recommends that Authority may explain the point wise justification along-with supporting documents besides fixing the responsibility against the responsible(s).

(DP. 161)

3.4.6 Irregular payment of mobilization advance without required bank guarantees - Rs 3,555.982 million

As per contract clause 14.2 and 60.12, the Employer shall make an advance payment, as an interest-free loan for mobilization and design, when the Contractor submits a guarantee in accordance with this Sub-Clause including the details stated in the Particular Coalitions. The Contractor shall ensure that the guarantee is valid and enforceable until the advance payment has been repaid, but its amount may be progressively reduced by the amount repaid by the Contractor. If the terms of the guarantee specify its expiry date, and the advance payment was not repaid by the date 28 days prior to the expiry date, the Contractor shall extend the validity of the guarantee until the advance payment has been repaid.

During scrutiny of the accounts record of different projects for the year 2023-24, Audit noted that mobilization advance of Rs 3,555.982 million was paid to the contractors as detailed below:

(Rs in million)

Name of Formation	Name of Project	Name of Contractor	Amount
Director, Special Project Directorate CDA	Development of low cost housing scheme Farash Town	M/s FWO	1,839.400
Director, Special Project Directorate CDA	Construction of Nilore Height (G+9)	M/s FWO	1450.000
Director, Works, CDA	Construction of Parking Plaza Near Savor Food, Blue Area	M/s NLC	191.822
Director Roads South, CDA	Construction of Flyover at Sihala Railway Line, Islamabad	M/s FWO	74.760
Total			3,555.982

Audit observed that mobilization advance was paid without securing bank guarantee as required. This resulted in irregular payment of mobilization advance without required bank guarantees for Rs 3,555.982 million.

Audit pointed out the matter in July-September 2023, but the Authority did not reply.

DAC meeting was not convened by PAO despite requests made by Audit.

Audit recommends fixing responsibility through fact finding inquiry for violation of contract provisions besides recovery.

(DP. 108, 154, 157, 163&266)

3.4.7 Unauthentic expenditure on pension payments - Rs 3,549.280 million

As per para 379 of CDA Procedure Manual, accounts of all transactions, whether relating to cash or stores, are to be maintained in the prescribed manner in each case so that the Authority may know at any time its exact financial position, its assets and liabilities. Further, Pension Rules and Orders 2018 provide a compendium of various regulations and documentation for pension matters. Documentation includes Service Register, Register for Pension Payment Order, Register of Certificates and other database.

During Audit scrutiny of the accounts record of Director Accounts (Pension Section) CDA for the financial year 2021-22, Audit observed that a huge amount of pension payments for Rs 3,469.20 million was made to different banks for payments against 8,645 pensioners during 2021-22 and Rs 3,549.280 million was booked under this head. Audit observed that the details of pensioners on the following pattern were not available in the CDA record:

Name of retired employee/spouse/siblings
Date of retirement/death
Personnel Number/PPO Number
Account Number/Bank/whether joint account
Month- wise history of Pension payments
Inquiries/FIA/Court cases
Life Certificate obtained/not obtained
Revisions in the pension rates
CNIC Number
Non-Separation/non-marriage certificate from widow(if widow pension)
Type/kind of pension
Name of formation from where retired
Cases of undrawn pension (if any)
NOCs/Permissions granted for re-employment (if any)

Audit maintains that pension payments against unreliable data without backup details can cause misappropriation.

Unauthentic expenditure of 3,549.280 was made on pension payments.

Audit pointed out the issue in June 2023, but the Authority did not reply.

DAC meeting was not convened by PAO despite repeated requests made by Audit on 04.10.2023, 20.10.2023, 06.11.2023, 12.12.2023, 19.12.2023 and 21.12.2023.

Audit recommends maintaining of comprehensive pension payments record to authenticate the expenditure on pension payment besides comprehensive internal Audit may be conducted on the matter and report be shared with Audit.

(DP. 223)

3.4.8 Creation of huge liability of electricity bills of Rs 2,481.831 million and unauthentic/irregular payment of electricity bills - Rs 1,325.834 million

PAC Sub-Committee in its meeting held 17.07.2019 while discussing para 2.4.6 of Audit Report 2017-18 of CDA, directed PAO to take up the matter regarding excess billing against CDA by IESCO with the Power Division for its early resolution. Chief Engineer IESCO was directed to install the meters for street lights. If they failed, the CDA would not deposit the electricity bills of street lights, if the IESCO disconnects the electricity of CDA offices, the case should be registered against the CEO of IESCO.

Audit observed the following:

Treasury Division, CDA Islamabad, made payments against bills raised by Production-I&II Divisions CDA of Rs 758,140,769 for the financial year 2021-22, on account of electricity charges of tube wells. The payments were made against unmetered bill claims without measuring/ reconciliation of actual consumption of electricity in violation of clear directions of PAC. Out of Rs 758,140,769 an amount of Rs 18,517,148 related to IESCO Rawalpindi City/Cantt. Details of tube wells installed in Rawalpindi /Cantt area was not forthcoming from the record of Treasury Division.

Audit observed that Director (E/M)/Deputy Director Street Lights, CDA Islamabad paid an amount of Rs 349.00 million to IESCO on 26.06.2023 as an interim payment from August 2021 to June 2023 against unmetered bill claims for the year 2021-22 without reconciliation of actual

consumption of electricity. An amount of Rs 190.354 million up till June 2021 and Rs 3.082 million in June 2023 was paid to IESCO as advance payment for installation of 643 energy meters and 191 transformers.

There was a payable amount to IESCO of Rs 2,481.831 million during the FY 2022-23 out of which Rs 218.693 million caused accumulation of arrears.

This resulted in creation of a huge liability of electricity bills for Rs 2,481.831 million and unauthentic/irregular payment of electricity bills of Rs 1,325.834 million (Rs 758.141 million + Rs 349.000 million +Rs 218.693 million) without analyzing actual consumption. Moreover, the advance for installation of 643 energy meters and 191 transformers was not yet adjusted.

Audit holds that creation of liability was due to weak financial and internal controls.

Audit pointed out the irregularity in May and August 2023. The Authority replied that payment of un-metered electricity bills was stopped on the direction of PAC. Outstanding dues for an amount of Rs 1,787.557 million was payable against un-metered bills. In a meeting between IESCO and CDA it was mutually decided that payment of outstanding dues of Rs 1,787.557 million from July 2019 to June 2023 will be made. IESCO was being pursued for the installation of energy meters and transformers on street light circuits.

The reply was not accepted because payment of electricity without actual consumption was against PAC's directions. Additionally, installation of energy meters and transformers on street light circuits was not being pursued.

DP. 22 was discussed in DAC meeting held on 9-10 January, 2024. Audit contended that payments against unmetered bills is a chronic issue which needs to be resolved in the light of PAC directive dated 17.07.2019 to safeguard the financial interest of the Authority. The management apprised that all payments against Water Supply electricity were made as per actual consumption of electricity. Proper record of electricity consumption had been maintained and reconciliation with IESCO management was carried out on regular basis. DAC directed CDA to get the record i.e., total electricity meters for water distribution, list of burnt meters with dates and their billing, consumption trend in last two years from Audit within seven days.

DAC meeting was not convened by PAO in other cases despite repeated requests made by Audit on 04.10.2023, 20.10.2023, 06.11.2023, 12.12.2023, 19.12.2023 and 21.12.2023.

Audit recommends that reconciliation be carried out regarding electricity consumption in the light of load adjustment and other reduction factors as pointed out by Audit. Efforts may be made to get the electricity meters installed and matter also be taken up with Ministry of Water and Power. Those responsible for not actively following up on the installation of meters despite making payments should be held accountable.

Note: The issue was reported earlier also in the Audit Reports for Audit Years 2017-18 and 2022-23 vide para numbers 2.4.6 (2017-18) 3.4.14, and 3.4.62 (2022-23) having a financial impact of Rs 8,767.17 million. The recurrence of same irregularity is a matter of serious concern.

(DP. 22, 138, 141 &143)

Non-imposition of penalty due to delayed completion and non-recovery from the sponsor of the schemes - Rs 2,310.384 million

According to clause 10(d) of Modalities and Procedures framed under Islamabad Capital Territory (Zoning) Regulation, 1992, the completion period of six year is prescribed for a housing society of above 400 Acres of land and only one year extension is permissible after expiry of 6 years. Extension in completion period can be granted up to 6 years and fee would be Rs 2,000 per kanal for 1st year with an increase of Rs 1,000 and for 6th year Rs 8,000 penalty per kanal per year for subsequent years' extensions.

As per clause 10 of Modalities and Procedures framed under ICT (Zoning) Regulation, 1992 development works of the scheme be completed within the time of:

- 3 years for scheme covering an area of up to 100 acres
- 4 years for scheme covering an area between 101 acres to 200 acres
- 5 years for scheme covering an area between 201 to 400 acres and
- 6 years for scheme covering an area of more than 400 acres.

Clause 22 (I & II) "Default in Completion of Scheme" states that (i) the CDA shall assume control of the scheme in case it is satisfied that the sponsors are incapable of completing the scheme after expiry of the extended period of completion. (ii) In the event of CDA assuming control of the scheme, it shall sell the plots mortgaged with it in the scheme privately, through public auction or private contract in order to accumulate funds for the completion of the remaining development works in the scheme to the extent of the amount received from such sale.

Audit noted that Directorate of Housing Societies CDA approved layout plan of fifty (50) housing schemes/societies in Sector E-11, Zone-II and Zone-V and, and NOC was issued to twenty four (24) housing schemes during the period mentioned against each. The projects were required to be completed in 3 to 6 years. The sponsor was liable to complete the housing scheme as per the terms & conditions of layout plan. The sponsors shall mobilize their resources to start implementing the scheme within six months after issuance of the letter of approval of engineering designs and detailed specification by the CDA.

Audit observed that schemes were not completed within due time as completion certificates were not issued from the year 2001 to 2021. The sponsor of the schemes did not complete the housing schemes within the stipulated period but penalty for delay in completion of the works for Rs 1,710.434 million (**Annexure-R**) was not imposed on the sponsors of the schemes. CDA was required to resort to the second option given in the procedure to assume control of the schemes for completion of the remaining development works. But the Authority neither penalized sponsors for delay in completion nor took over the control of schemes. The sponsors of the schemes did not deposit Rs 599.950 million (worked out by CDA as per **Annexure-S**) on account of scrutiny fees, penalty charges, extension charges, and ROW charges.

This resulted in non-imposition of penalty of Rs 2,310.384 million (Rs 1,710.434 million + Rs 599.950 million) for delayed completion of the housing societies and non-recovery from the sponsors of the schemes.

Audit holds that the loss occurred due to inadequate oversight mechanism and weak internal and financial controls.

Audit pointed out the recovery in February & March 2023, but the Authority did not reply.

The matter was discussed in DAC meeting held on 23.01.2024. The management apprised that NOCs were issued after payment of scrutiny fee and approval of LOPs. The management of societies started development works and requested for extension. Penalties for deviations from LOPs were imposed and recovered accordingly. 25% of the saleable area has been mortgaged with CDA. CDA Regulations 2020 allows revision in LOPs and protects amenities plots. Audit contended that deviations from LOPs were not approved by the competent authority and construction works were started without NOC. Moreover, the management of societies failed to develop the societies within the stipulated period.

DAC directed CDA that complete record including approval of changes in LOPs, detail of land mortgaged, deviations from LOPs, penalties imposed/recovered on prescribed format be provided to Audit within seven days, as under:

Name of society	LOP area	Area required to be mortgaged	Area mortgaged	NOC status	Expansion
-----------------	----------	-------------------------------	----------------	------------	-----------

Status of approval of expansion	Violation	Notices	Penalties imposed	Recovery made
---------------------------------	-----------	---------	-------------------	---------------

Audit recommends compliance of DAC's directive.

(DP. 75 & 70)

Non-payment of loan (principal + interest) due to financial indiscipline - Rs 1,917.087 million

According to Article-II of the loan agreement (PK-P-25) for Metropolitan Water Supply Project (Simly) under Japanese Project loan signed between the Government of Pakistan and the Overseas Economic Cooperation Fund of Japan on 30.03.1989 regarding repayment and interest, Section-I of the Article provides that the borrower shall repay the principal of the loan to Fund in accordance with the Amortization Schedule set forth in Schedule-3. Section 2 of the Article provides that the Borrower shall pay interest to the Fund semi-annually at the rate of two and half percent (2.5%) per annum on the principal disbursed and outstanding. The Borrower shall pay to the Fund on 20th March of each year the interest that has accrued up to 19th March of that year from 20th September of the preceding year and on 20th September of each year the interest has accrued up to 19th September 19 from 20th March of that year.

Audit noted that Deputy Director Zone-A, W&S (Development) Directorate MCI Islamabad paid an amount of Rs 50.00 million on account of principal amount of loan (PK-P25) vide CV # 07 & 09 and got reconciled with Accounts Officer Economic Affairs Division Government of Pakistan.

Audit observed that W&S Development Directorate, MCI, Islamabad has not paid the outstanding amount of principal and interest accrued for Rs 1,917.087 million against Loan agreement (PK-P-25) for Metropolitan Water Supply Project (Simly) signed between the Government of Pakistan and the Overseas Economic Cooperation Fund of Japan on 30.03.1989. This resulted in non-payment of outstanding amount of Rs 1,917.087 million.

Non-payment of installments of loan was due to financial indiscipline, which resulted in creation of pending liabilities and pilling up of interest.

Audit pointed out the issue in August 2023. The Authority replied that W&S Zone-A Division always paid the installment on time, as and when funds were allocated to this Division. The remaining liability amounting to Rs 1917.087 million would be paid as soon as the funds are allocated. Moreover, CDA is regularly depositing payment in State Bank of Pakistan.

DAC meeting was not convened by PAO despite repeated requests made by Audit on 04.10.2023, 20.10.2023, 06.11.2023, 12.12.2023, 19.12.2023 and 21.12.2023.

Audit recommends steps may be taken to obtain the required amount of budget from the federal government for repayment of the principal amount of loan with interest to donor without further delay as per the loan agreement executed by the Government of Pakistan.

(DP. 208)

3.4.11 Non-conducting the classification of soil/rock from Geological Survey of Pakistan (GSP) Department - Rs 1,719.558 million

Rule-01(i) of CDA Procedure Manual Part-II, financial procedure provides that every officer authorized to incur expenditure from public funds is expected to exercise same vigilance in respect of expenditure from public funds as person of ordinary prudence shall exercise in respect of his own money.

Audit noted that CDA, Islamabad, awarded three (03) works to different contractors amounting to Rs 4,587.072 million in May & June 2022 as under:

(Rs in million)

Name of work	Acceptance letter date	Agreement Amount	Payment against earth works
Development of Infrastructure Work of	24.06.2022	1,425.063	426.501

Name of work	Acceptance letter date	Agreement Amount	Payment against earth works
Sector I-15/2 Islamabad			
Development of Sector C-14, Islamabad	10.05.2022	1,574.960	1,293.057
Development of Sector C-15, Islamabad	22.06.2022	1,587.049	
Total		4,587.072	1,719.558

A payment of Rs 1,719.558 million was made against different earth work items against the above works. Audit observed that in BOQ/ agreement of said works various quantities pertaining to roadway excavation in common material, median rock material, hard rock material, excavate surplus median rock material and excavate surplus hard rock material, etc., was given on tentative basis.

Audit further observed that Authority did not conduct the classification of soil/rock from the department of Geological Survey of Pakistan (GSP) before execution of said item. Audit is of the view that the aim of classification of soil/rock is the assessment of exact quantities of different soil/rock for applying the proper rates but the Authority classified quantity of these items of work without conducting the soil/rock classification which caused extraordinary variation made between the BOQ and paid Quantities. This resulted in unjustified payment due to non-conducting the classification of soil/rock from GSP Department for Rs 1,719.558 million.

Audit pointed out the matter in November 2023. The Authority replied that the estimate was framed after getting Soil/Rock classification from the Geology & Hydrology lab, CDA.

The reply was not accepted because proper classification of rock from the GSP was not conducted, which led to inaccurate evaluation of quantities. , The estimate was based on the tentative quantities and a test report, and comprehensive rock classification was not produced to Audit.

DAC meeting was not convened by PAO despite request made by Audit on 21.12.2023.

Audit recommends soil classification as per actual from authorized source and recovery of due amount from the contractor.

(DP. 316)

3.4.12 Undue financial burden due to unjustified inclusion of 1938 kanal 9 marla excess land - Rs 1,618.230 million

According to CDA Land Acquisition and Rehabilitation Policy 2007 (Land Sharing Basis), (CDA Land Acquisition and Rehabilitation Regulation 2007 vide SRO 304 (1)/2008 dated 06.03.2008) land will be acquired on land sharing basis, meaning a developed plot of one (01) kanal will be allotted to the affectees/land owner for every four (04) kanals of land acquired from him in the same sector.

According to award announced by Deputy Commissioner CDA on 25.02.2008 under the Directive No. 1337 of CDA Board, land measuring 14944 Kanal 09 Marla was to be acquired.

Audit noted that Director Land & Rehabilitation CDA acquired the land 14,944 Kanals 9 Marla showing in the award from affectees of Sarai Madhu, Sarai Kharbooza, Sangjani and Shah Allah Ditta Tehsil & District Islamabad for Sectors C-13, C-14, C-15 & C-16 @ Rs 835,000 per Kanal was fixed for compensation to the affectees.

Audit observed that instead of acquiring 13,006 Kanals, Deputy Commissioner CDA announced land award for 14944 Kanals 09 Marla. This resulted in an undue burden to the Authority's exchequer due to unjustified inclusion of 1,938 Kanal 9 Marlas excessive land beyond the schedule of specification for Rs 1,618.230 million (14,944 Kanals 09 Marla -13,006 Kanals x Rs 835,000 per Kanal).

Audit pointed out the matter in June 2023. The Authority replied that the land was acquired as per land award after comparing the land of the villages with field books. No benefit under the Rehabilitation Policy would be granted to anyone.

The reply was not accepted because CDA could not justify the use of excess land beyond the schedule of specification which caused extra expenditure.

DAC meeting was not convened by PAO despite repeated requests made by Audit on 04.10.2023, 20.10.2023, 06.11.2023, 12.12.2023, 19.12.2023 and 21.12.2023.

Audit recommends investigation into the matter and fixing responsibility.

(DP. 84)

3.4.13 Non-recoupment of funds allocated by CDA from its own sources through bridge financing on PSDP project - Rs 1,468.906 million

According to Expenditure Sanction issued by Finance Wing, CDA, concerned Directorate is responsible to correspond with respective Ministry for reimbursement of total cost of the project "Construction/Establishment of 93-No District Courts in Sector G-11/4, Mauve Area Islamabad". According to PC-I of the project, the project was to be funded by Ministry of Law & Justice being the sponsoring ministry through Access to Justice Program.

Audit noted that Director (Works), CDA, Islamabad awarded a contract for "Construction/Establishment of 93 District Courts in Sector G-11/4 Mauve Area Islamabad" to M/s FWO at an agreed cost of Rs 1,473.033 million on 03.09.2021 with a completion period of six (06) months. The contractor was allowed the first extension of time (EOT) from 03.03.2022 to 31.08.2022 and 2nd EOT from 01.09.2022 to 30.11.2022. The contractor was last paid 8th running bill for Rs 1,468,906,850 in June 2023.

Audit observed that CDA was executing the work from Self Finance account, whereas the project was to be funded by the Ministry of Law & Justice through Access to Justice Program. The expenditure of Rs 1,468.906 million incurred up to June 2023 on the work from the CDA Self Finance Account was not recouped by the Ministry of Law & Justice. This resulted in non-recoupment of funds of Rs 1,468.906 million spent by CDA through bridge financing on the PSDP project.

Audit pointed out the irregularity in November 2023, but the Authority did not reply.

DAC meeting was not convened by PAO despite repeated requests made by Audit on 20.10.2023, 06.11.2023, 12.12.2023, 19.12.2023 and 21.12.2023.

Audit recommends fixing responsibility through fact finding inquiry besides corrective action.

(DP. 261)

3.4.14 Non-imposition and recovery of liquidated damages due to delay in completion of works - Rs 1,549.728 million

According to clause-47.1 and clause 7.2 of the contract agreements, liquidated damages @ 0.1% of the contract price for each day of delay in completion of the work subject to a maximum of 10% of the contract price was to be charged for delay in completion of the work within stipulated period. According to Clause 8.7 of the agreement for the work “Development of low cost housing scheme Farash Town”, if the contractor fails to complete the work within the stipulated time, he shall render himself liable to pay liquidated damages equal to 0.0125% of the contract price for each day of delay in completion of the works subject to maximum of 1% of contract price.

Audit noted that in 09 cases/works the contractors delayed completion of works but CDA did not impose and recover liquidated damages from the defaulting contractors (**Annexure-T**).

This resulted in non-recovery of liquidated damages due to non-completion of work as per schedule for Rs 1,549.728 million.

Audit maintains that the irregularity occurred due to weak contract management.

Audit pointed out the non-imposition/recovery of liquidated damages in July-August 2023. The Authority replied (DP. 111) that the works progress was badly affected due to various reasons that were beyond the control of the contractors therefore the employer accorded the extension of time as per conditions of the contract.

The reply was not accepted as the reasons that caused delay such as shifting of utilities, cutting of trees and possession of land were already in the knowledge of the Authority as the costs of the same were included in the engineering estimates.

DAC meeting was not convened by PAO despite repeated requests made by Audit on 04.10.2023, 20.10.2023, 06.11.2023, 12.12.2023, 19.12.2023 and 21.12.2023.

Audit recommends imposition and recovery of liquidated damages as per contract provisions.

(DP. 111, 160, 240, 262&263)

3.4.15 Overpayment due to duplicity in activity components - Rs 1,348.338 million

According to Rule-I of CDA Procedure Manual Part-II, every public officer is expected to exercise the same vigilance in respect of expenditure incurred from public funds as a person of ordinary prudence would exercise in respect of expenditure of his own money.

Audit noted that Director, Special Project Directorate CDA awarded the project “Development of low cost housing scheme Farash Town” construction of 3960 apartments to M/s FWO through direct contracting at lump sum cost of Rs 14,776.00 million (EPC basis) on 13.07.2021 for construction of 3960 apartments with a completion period of 24 months. The total value of work done up to 12th running bill was Rs 6,570.887 million. Later on, CDA placed another proposal before its board to curtail the approved scope from already approved contract from 3960 apartments to 2400 apartments and to start another project titled “Construction of Nilore Heights (G+9)” comprising 1876 apartments with revised specification and design. CDA Board approved the proposal on 31.03.2022 and another EPC mode contract at a cost of Rs 16,854.234 million was awarded to M/s FWO on 11.04.2022 with a completion period of two years and cost of revised PC-I was approved for Rs 31,984.57 million.

Audit observed that both agreements were executed on EPC basis and payment made to the contractor on milestone basis and payment schedule was given in each agreement. One time activity components like security, design, geo-tech investigation, etc., were included in payment milestone schedule of both agreements instead of one agreement. Payment against overlapped activities in both projects caused overpayment to the contractor amounting to Rs 1,348.338 million, as detailed below:

(Amount in Rs)

Description (Activity)	Milestone Weightage (Low cost flats Farash Town 3960 flats)	Milestone Weightage (Nilore Heights 1876 flats)	Suspected Overpayment due to activity repeated in Nilore heights agreement
One Time Security	1.50%	1.50%	252,813,511
GEO Technical Investigation	1.50%	1.50%	252,813,511
Master Planning	1.75%	1.75%	294,949,097
Detail design infrastructure	1.25%	1.25%	210,677,926
Detail design Apartments	1%	1%	168,542,341
Detail design of external electrical & Grid station	1%	1%	168,542,341
Total			1,348,338,727

Audit pointed out the overpayment during July and August 2023, but the Authority did not reply.

DAC meeting was not convened by PAO despite repeated requests made by Audit on 04.10.2023, 20.10.2023, 06.11.2023, 12.12.2023, 19.12.2023 and 21.12.2023.

Audit recommends that cost of one time activities repeated in both agreements needs to be adjusted and payments be made to the contractor in Nilore Heights project by excluding the cost of said components which were already paid in Low Cost Farash Town Flats agreement and fix the responsibility against the responsible(s) who did not evaluate the payment milestone with required activities.

(DP. 159)

3.4.16 Loss to Authority due to suspected allotments of 43 plots in different sectors - Rs 1,000.00 million

Rule 55 of CDA Procedure Manual (Part-II) provides that every Government officer should realize fully and clearly that he would be held personally responsible for any loss sustained by Government through fraud or negligence on his part and that he will also be held personally responsible for any loss arising from fraud or negligence on the part of any other Government officer to the extent to which it may be shown that he contributed to the loss by his own action or negligence.

Audit noted that the Land and Rehabilitation Directorate, CDA allotted forty-three (43) plots in different sectors of Islamabad. Audit observed that the allotment of two of these plots was referred to FIA on 20.04.2023 for inquiry regarding of double allotment and backdated allotment of plots. It showed that allotments of 41 missing files and two under inquiry with FIA, were not carried out while observing proper procedure. In response to the requisition No.03 dated 01.06.2023 for production of the files, it was reported that 41 files were not available in the record room. Only two files of plot No. 275 Sector 1/11-1 and plot No. 1403 Sector I/11-2 were produced to Audit.

This resulted in loss of Rs 1,000 million to Authority due to suspected allotments of 43 plots in different sectors.

Audit pointed out irregularity during June 2023. The Authority replied that allotments of 43 plots in question were already under investigation by CDA and were referred to FIA.

DAC meeting was not convened by PAO despite repeated requests made by Audit on 04.10.2023, 20.10.2023, 06.11.2023, 12.12.2023, 19.12.2023 and 21.12.2023.

Audit recommends appropriate action against the responsible officers/officials and recovery of loss.

(DP. 86)

3.4.17 Mis-management in land compensation payments - Rs 858.752 million

According to the Section-28 of the CDA Ordinance 1960, compensation for acquired land was required to be determined keeping in view market value of land, damage caused by reason of dis-possession besides the value of land so determined including 15% compulsory acquisition charges.

As per the approved Procedure for Land Acquisition payments to the Affectees, the Admin Approval and Expenditure Sanction (A.A & E.E) is thus obtained of the total expenditure involved from the Chairman. CDA under item No. 42 of Delegation of Financial & Admin Power wherein Chairman, CDA is empowered to sanction the expenditure under head "Acquisition of Land" after completion of pre-payment Audit, the Accounts Officer Payment makes the payment to affectees. Each affectee is handed over his cheques after his identification by the Numberdar and taking over possession of his Land/BUP as the case may be. A Surrender Certificate is kept on record by Accounts Officer Payment Land Directorate CDA.

During scrutiny of the record of Director Land Rehabilitation CDA, Audit observed that:

Funds amounting to Rs 1,300.00 million on account of disbursement/payment to land affectees were allocated and released to Land & Rehabilitation Directorate CDA, Islamabad out of which an amount of Rs 858.752 million was utilized/spent up to 30.06.2022 leaving unspent balance of Rs 441.247 million. (DP. 83)

For Sectors H-16 and I-17, a committee constituted by the Deputy Commissioner recommended the market price of land as Rs 700,000 per kanal plus 15% compulsory acquisition charges (Rs 805,000 per Kanal). Audit observed that at the time of announcement of awards, the Deputy Commissioner, CDA, allowed land compensation @ Rs 830,000 per kanal instead of applicable rate of Rs 805,000 per kanal. Similarly in other case, CDA acquired 14,944 Kanals of land for sector

C-13, C-14, C-15 and C-16 of various villages. Deputy Commissioner CDA allotted land compensation @ Rs 835,000 per Kanal instead of Rs 833,750 per Kanal as determined by the committee. Due to allowing extra compensation without justification, the Authority sustained a loss of Rs 420.585 million.(DP. 87)

CDA made payment of Rs 858.752 million on account of land compensation to the affectees of Sectors H-16 and I-17 (Mauza Noon) during the financial year 2021-22. Audit observed that Land Surrender Certificates and copy of CNIC of the affectees were not found placed in the accounts

record. Form-II (Register Haqdaran) was not properly maintained. Bank reconciliation against payments was also not prepared.(DP. 88)

Allotment register/Red entry register were not properly maintained. In some cases, record entries of plots were tampered with by cutting/fluid without recording any reason and authentication. The complete record was not computerized, which increased the risk of double allotments and backdated allotments of plots. Creation and entries of new plots without revision/approval of the layout plan. Backdated allotment entries of plots were entered without balloting. No Authorized Officer was deployed to verify the Red Entry Register, Allotment Register, and Embossed Register. The handing/taking over charge of dealing assistants and store keepers were not properly maintained, which caused misplacement 695 files pertaining to various sectors are missing and up-to- date status of missing files was not share with Audit due to improper maintenance of record. Many new files were reconstructed without approval of the competent authority. Monthly inspection was not done by the Authority.(DP. 94)

Audit pointed out the irregularities in June 2023. The management replied that in many cases payments to the land affectees were delayed due to incomplete documents and non-furnishing of claims. Further, record of acquittance was with FIA for inquiry. The payment record would be verified from Audit once it's received back from FIA. The Land Directorate record was being computerized, and all measures were being taken to minimize the chances of bogus/duplicate/backdated allotments.

The reply was not accepted because it was not backed up with any documentary evidence.

DAC meeting was not convened by PAO despite repeated requests made by Audit on 04.10.2023, 20.10.2023, 06.11.2023, 12.12.2023, 19.12.2023 and 21.12.2023.

Audit recommends provision of required record to Audit for scrutiny besides sharing outcome of FIA inquiry.

(DP. 83, 87, 88&94)

3.4.18 Unjustified payment on account of price adjustment without backup calculations and beyond the provision of PC-I - Rs 840.917 million

The PC-I of the Project “Rehabilitation and Widening of IJP Road Islamabad” was approved for Rs 6,739.00 million (rationalized) and a sum of Rs 139.695 million was provided for price escalation with construction period of two years.

Part-1 Sub-Part B.1 of the PEC Standard Procedure and Formula for Price Adjustment, 2009 states that in determining the weightages, the following procedure shall be adopted:

Base Data Price alone of an element based on market rate shall be considered excluding the cost of construction/installation, overheads and profit. Engineer’s Estimate shall be prepared for the complete project. Appropriate Rate Analysis of the Engineer’s estimate shall be made to determine the cost of the basic elements. Each cost element shall be divided by the total amount of the Engineer’s Estimate to determine various weightages.

Audit noted that CDA awarded a work “Rehabilitation and Widening of IJP Road Islamabad to M/s NLC with agreement amount of Rs 4,953.110 million on 12.08.2021 with a completion period of eighteen (18) months. The total value of work done up to 8th running bill paid to the contractor was Rs 4,153.960 million and price escalation paid up to EPC-06 was Rs 980.612 million.

Audit observed that the weightages of Factor “c” were provided in the contract without back up calculations. The column of Factor “C” was filled on the basis of tentative weightages instead of to be filled according to the PEC Standard Procedure and Formula for Price Adjustment, and beyond the PC-I provision. This resulted in unjustified payment on account of price adjustment without backup calculations and beyond the provision of PC-I, amounting to Rs 840.917 million.

Audit pointed out unjustified payment during November 2023, but the Authority did not reply.

DAC meeting was not convened by PAO despite request made by Audit on 21.12.2023.

Audit recommends that overpayment may be recovered from the contractor besides fix the responsibility against the person at fault.

(DP. 314)

3.4.19 Wasteful expenditure due to non-completion of work despite lapse of 10 years since stipulated time period for completion - Rs 823.651 million

Para 2.1 of Planning Commission's Guidelines for Project Management (August 2008) provides that policy of the Government of Pakistan is to efficiently utilize natural and economic resources of the country for socio-economic welfare of the people. This objective may be achieved only when development projects are planned and executed with vigilant management. Objective of development planning is to have projects implemented for the benefit and social uplift of the society. For achievement of stipulated targets and tangible returns, it is imperative to entrust management and supervision of the project during implementation stage to capable and competent persons of required qualifications, experience and caliber.

Audit noted that Deputy Director, Works Directorate (Division-I), CDA Islamabad awarded the work "Construction of Additional (104) Family Suites for the Members of the Parliament Including Servant Quarters Block for 500 Persons" Islamabad at agreement cost Rs 2,728.451 million to M/s Habib Rafique Pvt. Ltd. Work was commenced on 23.05.2011 and to be complete on 19.11.2013 (910 days). 3rd Extension in time was granted up to 30.06.2018. Physical progress was 52% and financial progress was 51%.

Audit observed that project could not be completed up to June 2023 despite incurring an expenditure of Rs 823.651 million. Due to this negligence and in-capabilities, government's interest was not safeguarded, envisioned benefits could not be achieved, and parliamentarian gets deprived from housing facilities. This resulted in a wasteful expenditure of for Rs 823.651 million due to non-completion of work despite the lapse of ten (10) years since the stipulated time period for completion.

Audit pointed out the irregularity in November 2023. The issue was also pointed out in October 2017. The Authority replied that the matter was sub-judice and CDA was also defending its stance during arbitration for the inordinate delay caused by the contractor. The issue was discussed in DAC meeting held on 30.09.2020 wherein the management apprised the forum that the appointment of a new consultant was in progress. Arbitration was decided in favour of the contractor which was challenged by CDA. In a follow-up DAC meeting held on 17.06.2021, the management apprised that a consultant was hired and joint measurement had been made. Tenders for the completion of balance work will be floated in the next financial year. The case with the previous contractor was also sub-judice in the Supreme Court of Pakistan. No further progress was reported.

DAC directed the management to vigorously pursue the case and complete the work without further delay

DAC meeting was not convened by PAO despite requests made by Audit on 12.12.2023, 19.12.2023 and 21.12.2023.

Audit recommends fixing responsibility through fact finding inquiry besides corrective action.

Note: The issue was reported earlier also in the Audit Report for Audit Year 2017-18 vide para number 2.4.34. The recurrence of same irregularity is a matter of serious concern.

(DP. 259)

3.4.20 Overpayment to contractor beyond the approved millstone payment schedule - Rs 738.800 million

As per schedule of payment of the project “Development of low cost housing scheme Farash Town for construction of 3960 apartments” awarded on EPC mode to M/s FWO for Rs 14,776.00 million, payment of item No. 1 (Mobilization, design and engineering procurement and delivery) was to be made for Rs 1,300.288 million.

Audit noted that Director, Special Project Directorate CDA awarded the project “Development of low cost housing scheme Farash Town for construction of 3960 apartments” to M/s FWO through direct contracting at a lump sum cost of Rs 14,776.00 million (EPC basis) on 13.07.2021 with a completion period of 24 months. The total value of work done up to 12th running bill was Rs 6,570.887 million.

Audit observed that the Authority made payment to the contractor against item No.1 for Rs 2,039.088 million by taking the 15% weightage of payment milestone instead of payment was required to be made for Rs 1,300.288 million by taking the weightage of 10% as approved in the contract agreement. Non-observing the contract clause has resulted in overpayment to the contractor for Rs 738.800 million (Rs 2,039.088 million – Rs 1,300.288 million).

Audit maintains that overpayment made to the contractor due to weak internal and financial controls.

Audit pointed out overpayment during July and August 2023, but the Authority did not reply.

DAC meeting was not convened by PAO despite repeated requests made by Audit on 04.10.2023, 20.10.2023, 06.11.2023, 12.12.2023, 19.12.2023 and 21.12.2023.

Audit recommends fixing responsibility against those responsible besides recovery.

(DP. 153)

3.4.21 Non-recovery of Annual Ground Rent (AGR) of Rs 181.506 million and lease money of Rs 13,600 million

As per point 06 of chapter mode of payment of auction broacher, Annual Ground Rent (AGR) shall be payable without demand, in advance, in the first month of every year, at the prescribed rate. The rate of AGR in respect of all the plots shall be increased by 15% after every three years or as determined by the CDA Board from time to time.

During scrutiny of record of different formations of CDA during the year 2023-24, Audit observed as under:

Audit observed that Town Planning Wing CDA allotted 10 Acres (895 x 490) towards south of the Low Cost Housing at Farash Town project site on a temporary basis for the establishment of site offices and material storage sheds vide letter dated 15.06.2021. Audit further observed that CDA did not obtain annual ground rent against an additional 10 acres land from the contractor amounting to Rs 40.00 million (10 acres x 2 years x 20.00 million per year approximately).

CDA leased out 7,344 Kanals (918 Acres) land of Sector I-17 vide offer letter dated 09.08.2018 to National University of Medical Sciences (NUMS) on lease hold rights basis for a period of 33 years extendable for two subsequent terms of 33 years each for the establishment of a Medical City against payment of Rs 13.600 billion. Audit observed that despite the lapse of 4 years and 11 months, Authority could not recover the outstanding dues on account of annual ground rent of Rs 131.072 million (4,443,120 square yards x Rs 6 per square yard per annum x 4.11 years) and Rs 13,600 million lease money.

As per Estate Management-II record, the CDA Board in its 8th meeting dated 16.08.2021, accepted 22 bids out of 29 commercial plots for Rs 37,822.260 million offered by the highest bidders in the auction held on 4-5.08.2021. Audit observed that an amount of Rs 10.434 million on account of AGR was not recovered.

Audit further observed that plots were being auctioned at current market prices but AGR rates of the year 2014 were being applied which were very low. Audit maintains that AGR may be assessed and enhanced as per prevailing market rates.

This resulted in non-recovery of AGR of Rs 181.506 million and lease money of Rs 13,600 million.

Audit pointed out the loss to the Authority during March-June 2023. The Authority replied that the management of NUMS was requested to pay the required premium through letters. In this case, only Rs 318 million was received as the cost of land (DP. 82 and 91). In other cases, the Authority did not reply.

DAC meeting was not convened by PAO despite repeated requests made by Audit on 04.10.2023, 20.10.2023, 06.11.2023, 12.12.2023, 19.12.2023 and 21.12.2023.

Audit recommends improvement in timely collection of Annual Ground Rent/lease money, imposing charges on delayed payments, revision of AGR rates as per prevailing market rates besides strengthening the internal controls.

(DP. 82, 91, 165&213)

3.4.22 Irregular allotment of 53 plots against shamlati land without determination of ownership/share of land by the land revenue department - Rs 570.00 million

According to CDA Land Acquisition and Rehabilitation Regulation 2007 (Land Sharing Basis), land will be acquired on land sharing basis, meaning a developed plot of one (01) kanal will be allotted to the affectee/land owner for every four (04) kanals of land acquired from him in the same sector.

As per Letter dated 10.03.2023, land falling in village Shah Allah Ditta was acquired for Sectors C-13, D-13 and E-13 in the year 2008. Share of shamlati land of villages Jhangi Syedan, Shah Allah Ditta, Bhekar Fateh Buksh & Dharaik Mohri was not determined amongst the land owners. Due to non-

determination of share of Shamlati land, CDA rehabilitation benefit could not be released to the land owners.

Audit noted that Director Land & Rehabilitation Directorate CDA, Islamabad allotted fifty-three (53) plots measuring one Kanal in sector D-13 under Khewat No.683 (Shamlati Land) in village Shah Allah Ditta as detailed below:

S. No.	Name	Khawat No.	Area of Shamlati Land (Kanal)	No. of plots allotted	Year
1	Nadeem Bashir	683	196	49	2019
2	Inam Ullah	683	16	4	2015
Total			212	53	

Audit observed that total 765 Kanals land fell under shamlati land of said Mouza and as per letter No.443 dated 10.03.2023 the ownership of all 765 Kanals shamlati land was not determined by the Land Revenue Department so far while Authority allotted fifty-three 53 plots worth Rs 570.00 million against the said shamlati land which was the serious irregularity on the part of the Authority management. This resulted in irregular allotment of 53 plots against shamlati land without determination of ownership/share of land by the land revenue department.

Audit pointed out irregularity during June 2023. The Authority replied that most of the shamlati land was sold out by the land owners before the acquisition which was mutated in the land revenue record in the name of purchasers.

The reply was not accepted because the record of mutation of shamlati land before the acquisition of the land in question duly certified by the concerned revenue offices was not produced in support of reply.

DAC meeting was not convened by PAO despite repeated requests made by Audit on 04.10.2023, 20.10.2023, 06.11.2023, 12.12.2023, 19.12.2023 and 21.12.2023.

Audit recommends provision of the record of mutation of shamlati land before acquisition of the land in question duly certified by the concerned revenue offices besides detail of land compensation paid against shamlati land.

(DP. 85)

3.4.23 Irregular/unauthorized award of additional works through variation orders without open tendering - Rs 491.224 million

Rule 20 of Public Procurement Rules, 2004 regarding principal method of procurement provides that save as otherwise provided hereinafter, the procuring agencies shall use open competitive bidding as the principal method of procurement for the procurement of goods, services and works.

The Inter-Departmental Committee (IDC) of the Public Accounts Committee (PAC) in its meeting dated 17.07.2001 decided that the management is not empowered to award a new work as additional work to an existing contractor without calling open tenders. It only allows minor adjustments in the already awarded work so as to complete it in all respects.

Audit noted that Director Road North CDA, Islamabad awarded a work Grade Separation Facility at Intersection of 7th Avenue with Khayaban-e-Suherwardy and Srinagar Highway and Underpass to M/s National Logistics Corporation (NLC) on 09.08.2021 with the agreement cost of Rs 1,696.321 million against the PC-I cost of Rs 2132.41 million approved by DWP on 27.10.2020 and T.S estimate was approved for Rs 1,615.59 million. At time of 364 days was allowed for the completion of the work. The revised contract as per VO-2 was Rs 2,149.024 million. The contractor was last paid 4th running bill for Rs 347.632 million in November 2022 with up-to-date payment of Rs 2,000.516 million including an escalation of Rs 210.034 million.

Audit observed that during execution the scope of work was enhanced, and additional works of Rs 491.224 million including Green Line Metro Bus Terminal & Stops with cost impact of Rs 123.417 million, electrical works for Rs 177.704 million, Gantry signs for Rs 44.918 million, embankment, service roads, etc., for Rs 120.976 million and environment & land scape for Rs 50.00 million was awarded through variation order (VO-2) which was 28.95% of the original contract cost of Rs 1,696.321 million without open tendering which was over and above 15% of the contract. This resulted in irregular/ unauthorized award of additional works through enhancement/VOs for Rs 491.224 million without open tendering.

Audit maintains that additional works were awarded through variation order due to violations of Public Procurement Rules and PAC directives.

Audit pointed out irregularity in July-August 2022. The Authority replied that the variation order in the aforementioned project occurred due to an increase in the scope of work during the project execution. Some additional works, like Green Line Metro Bus Terminals and Stops, additional protection work, concrete shoulder, and Service Road were awarded through variation order after approval of the Employer under Clause 51 of Conditions of Contract.

The Authority has admitted that additional works, not part of this work, were included later on through variation order and awarded without competition in violation of the Procurement Rules and decision of IDC of PAC.

DAC meeting was not convened by PAO despite repeated requests made by Audit on 04.10.2023, 20.10.2023, 06.11.2023, 12.12.2023, 19.12.2023 and 21.12.2023.

Audit recommends investigation into the matter and fixation of responsibility for violation of procurement rules.

(DP. 115)

3.4.24 Non-recovery of secured advance of Rs 2.55 million, non-recovery of liquidated damages Rs 58.264 million and unexecuted balance work - Rs 417.977 million

As per contract clause 63.1, if the Contractor fails to perform the contract, the Employer may, after giving 14 days' notice to the Contractor, enter upon the Site and the Works and terminate the employment of the Contractor without thereby releasing the Contractor from any of his obligations or liabilities under the Contract, or affecting the rights and authorities conferred on the Employer or the Engineer by the Contract, and may himself complete the Works or may employ any other contractor to complete the Works.

Deputy Director Roads-South, Division-III, CDA Islamabad, Audit noted that a work, "Development of Sector E-12, construction of road network, water supply and sanitary sewerage system of Sub-Sector E-12/3, Islamabad." was awarded to M/s Mumtaz & Co. Moro Construction Solution (JV) dated 25.12.2020. The Work was awarded at agreed cost of Rs 309.861 million

against TS cost of Rs 371.404 million. The work started on 25.12.2020. Total value of work done up to IPC 03 was paid for Rs 66,224,594 dated 27.06.2023.

Audit further noted that a work, “Development of Sector E-12, construction of road network, water supply and sanitary sewerage system of Sub-Sector E-12/3, Islamabad.” was awarded to M/s Muntaz & Co. Moro Construction Solution (JV) dated 25.12.2020. The Work was awarded at agreed cost of Rs 272,778,747 against TS cost of Rs 330.924 million. The work started on 25.12.2020. Total value of work done up to IPC 05 was paid for Rs 98,438,416 dated 17.05.2023.

Audit observed that:

Secured advance of Rs 2,500,000 was outstanding / recoverable from the contractor against the work of Sector E-12/2.

Liquidated damages of Rs 58,263,989 as detailed below for delay in completion of works were not recovered.

The scope of work of Rs 417,976,884 as detailed below was still incomplete and no efforts have been made to award unexecuted works at risk and cost of the contractor.

(Amount in Rs)

Name of Work	Contract Amount	Balance work to be executed	10% LD
Development of Sector E-12, Construction of Road Network, Water Supply and Sanitary Sewerage System of Sub-Sector E-12/3, Islamabad. Ag	309,861,147	243,636,553	30,986,115
Development of Sector E-12, Construction of Road Network, Water Supply and Sanitary Sewerage System of Sub-Sector E-12/2, Islamabad	272,778,747	174,340,331	27,277,875
Total	582,639,894	417,976,884	58,263,989

Audit pointed out the matter in July 2023. The Authority replied that the amount of secured advance amounting to Rs 2.55 million would be recovered from any payment due to the contractor and would be verified to the Audit. The case for Liquidated Damages was under process and upon approval, finalization would be taken as per provision of the contract agreement. The case for award of unexecuted balance work was under approval and action will be taken accordingly and will be verified to the Audit.

Audit stance was admitted in reply. Audit further observed that despite the default by the contractor, payments were made even in May and June 2023.

The matter was discussed in DAC meeting held on 31.01.2024 wherein DAC directed CDA to make recovery from the defaulting contractor on risk and cost basis and get the outcome verified from Audit.

Audit recommends compliance of DAC's directive.

(DP. 104)

3.4.25 Unjustified expenditure on account of salaries of maintenance (Regular -P Staff) - Rs 410.102 million

As per Para 2.03 of Central Public Works Department (CPWD) Code, 'the engagement of work charged establishment shall be subject to the rules laid down by the Government. The work charged staff shall not be engaged on any work unless provided for in the estimate as a separate sub-head of the estimate for that work. Para 10 of CPWD Code provides that work charged establishment includes such establishment as is employed upon the actual execution, as distinct from the general supervision, of a specific work or of sub-works of a specific project or upon the subordinate supervision of departmental labour, stores and machinery in connection with such a work or sub-works.

A. Deputy Director, Road & Market Maintenance (South/North), CDA Islamabad, incurred an expenditure of Rs 225.326 million on salaries of maintenance staff/Regular (P) staff during financial year 2022-23.

Audit observed that maintenance staff /Regular (P) were posted against different projects four to fifteen years ago. They were drawing pay and allowances continuously without assignment of any

duty, as the repair work was being done through contracts. In estimates, no provision was made for contingent paid staff and they are being paid from regular budget.

B. Audit further noted that Director Parliament Lodges and Hostels, CDA Islamabad incurred an expenditure of Rs 184.776 million during the year 2022-23 on account of pay & allowances of the establishment who were deployed for day-to-day repair & maintenance works to keep the government owned buildings/houses.

Audit observed that the said Directorate did not utilize the services of departmental maintenance staff and carried out maintenance works through contractors during the year and incurred an expenditure of Rs 160.579 million against maintenance works.

This resulted in unjustified expenditure of Rs 410.102 million (Rs 225.326 million + Rs 184.776 million) on account of salaries of maintenance staff without utilization of their services.

Audit pointed out the irregularity in August 2023. The Authority replied that Regular-P staff is performing duties i.e., up-keeping of all sectorial areas (Sector F,G,H & I) of Islamabad for cleaning of grating chambers, removing of debris from shoulders, fixing and re-fixing of kerb stones, patch work by utilizing departmental AM plant throughout in Islamabad, opening of blockage in pipe lines & cleaning and maintenance of sign boards. Against the staff at Parliament Lodges and Hostels, CDA did not reply.

The reply was not accepted because CDA was paying their pay and allowances continuously from the regular budget instead of R&M budget as per rules. Further, these employees were appointed on a daily basis in different projects which have been regularized without codal formalities.

DAC meeting was not convened by PAO despite repeated requests made by Audit on 04.10.2023, 20.10.2023, 06.11.2023, 12.12.2023, 19.12.2023 and 21.12.2023.

Audit recommends rationalizing the deployment of maintenance staff as per actual requirement of the directorate besides regularization of the expenditure.

(DP. 118&178)

3.4.26 Wasteful expenditure due to incomplete abandoned works - Rs 358.240 million

Rule 55 of CDA Procedure Manual (Part-II) provides that every Government officer should realize fully and clearly that he would be held personally responsible for any loss sustained by Government through fraud or negligence on his part and that he will also be held personally responsible for any loss arising from fraud or negligence on the part of any other Government officer to the extent to which it may be shown that he contributed to the loss by his own action or negligence.

During scrutiny of the accounts record of Director Sector Development CDA, Audit noted the following:

The work "Construction of Major Roads Work Sector I-12" was awarded to M/s Zafar & Co on 09.03.2015 for Rs 248.48 million which was revised to Rs 402.618 million. The stipulated date for completion was 08.12.2015 but the contractor could not complete the work within time period. The work was suspended on 23.11.2015 by the order of Member Engineering CDA due to abnormal changes occurred in NSL of major roads and quantities of earth work were abnormally increased due to incorrect survey and defective estimation. The total payment made to the contractor so far was Rs 298.684 million. Six (06) years has been lapsed but work was still abandoned and account of the contractor was not finalized by the Authority. Even, joint measurement of executed work by the contractor was also not made till to date. Markaz road, which was constructed by the contractor, was totally damaged due to dumping huge quantity of garbage by the Sanitation Directorate, of CDA.

The work "Construction of Service Roads Work Sector I-12" was awarded to M/s Zafar & Co for Rs 189.686 million. The commencement date of the said work was 12.01.2021 and date for completion was 11.01.2022 (12 months). The mobilization advance and secured advance amounting

Rs 59.556 million was paid to the contractor without acceptance of contract agreement which resulted in suspension of work since March, 2021. The contractor executed some work at site which was not measured because no contractor IPC was generated so far. Design of culverts was changed without prior approval from the competent authority. Variation order was prepared and submitted which was not approved due to non-approval of contract agreement by the competent authority. The recovery of mobilization advance and secured advance was not made from the contractor and bank guarantees submitted by the contractor against these advances were also expired and Authority failed to timely en-cash from the concerned banks.

Authority did not take any action against the contractor as well as against the Officers/Officials responsible and the consultant who conducted the incorrect survey. Thus, the purpose of the execution of work approved under PC-I/Administrative Approval could not be achieved resulting in the wasteful expenditure amounting to Rs 358.240 million (Rs 298.684 million + Rs 59.556 million).

Audit pointed out the matter during November 2023, but the Authority did not reply.

DAC meeting was not convened by PAO despite request made by Audit on 21.12.2023.

Audit recommends probe the matter and fixing the responsibility against person(s) at fault besides recovery of the amount involved from source at fault.

(DP. 321)

3.4.27 Loss due to imprudent investment - Rs 352.808 million

According to para 4 of the Finance Division O.M No.F.4 (1)/2002-BR.II dated 02.07.2003, corporate entities which receive support from the budgetary allocation are excluded from the policy (investments). Capital Development Authority being a corporate body receives budgetary grants from Government of Pakistan and thus is not authorized to invest funds in stock market.

During scrutiny of accounts record of Treasury Division, CDA Islamabad, for the year 2021-22, Audit noted that CDA made an investment in purchasing shares of banks/companies for a sum of Rs 448.723 million in 2008 to 2010, as detailed in **Annexure-U**. The Authority, instead of resorting to a safe investment of bank deposits obtaining a competitive mark-up rate preferred to assume high risk due to significant fluctuations in the stock market index. Therefore, such investment in shares should have been avoided to ensure mark up at a confirmed rate of interest.

Audit is of the view that the Management imprudently made investments in equity market due to weak financial controls.

This resulted in loss due to imprudent investment Rs 352,807,545 (Rs 448,723,015 – Rs 95,915,470).

Audit pointed out the matter in May 2023. The Authority replied that Treasury Division CDA had made investments of Rs 448.723 million in shares in 2008 to 2010. At that time, the price of shares was high and it was prudent to make such investment. However, due to declined economic situation of country, as well as capital market, the price of these shares decreased with the passage of time. However, CDA has maintained the quantity of these shares, which can be verified from the report of Centrally Deposit Investment (CDI).

The reply was not accepted because Management had made non-productive decisions by making investment in above portfolios and resultantly sustained losses. The Management failed to safeguard the asset by making investment vigilantly. Physical existence of shares was also not forthcoming from the record.

The matter was discussed in DAC meeting held on 19.01.2024. The management apprised that due to declined economic situation of country as well as capital market, the price of these shares went downward with the passage of time. However, CDA has maintained the quantity of these shares which can be verified from the report of Centrally Deposit Investment (CDI). The matter is under investigation by NAB. DAC pended the para till the outcome of NAB investigation and directed the management that the matter shall be taken up in the upcoming CDA Board meeting and decision of the Board and its implementation be shared with Ministry/Audit

Audit recommends that responsibility be fixed for such investment for which relevant expertise and experience was not available with the Organization.

(DP. 29)

3.4.28 Non-transparent tendering process for award of works - Rs 346.998 million

Para 35 of Public Procurement Rules 2004, provides that the procuring agencies shall announce the results of bid evaluation in the form of a report giving justification for acceptance or rejection of bids at least fifteen days prior to the award of procurement contract.

Audit noted that different formations of CDA, Islamabad, awarded 54 works at agreed cost of Rs 346.998 million to different contractors, as detailed below:

DP. No.	Name of Formation	No. of works	Amount (Rs in million)
136	Deputy Director, Street Light Division	11	170.845
146	Deputy Director, Mechanical Division-II	39	132.562
181	Dy. Director, Road & Market Maintenance (South)	04	43.591
	Total	54	346.998

Audit observed that the divisional office did not prepare any evaluation report of accepted and rejected tenders and also did not publish on website or announced it before the award of contracts. Further, Works awarded at higher rates above the TS /NIT estimates. In every bid, 03 to 05 same bidders were shown as participated. The rejected bidders were not informed. This resulted in a non-transparent tendering process for award of works of Rs 132.562 million.

Audit pointed out the irregularity in August 2023. The Authority replied (DP. 114) that evaluation reports were prepared. Against DP. 181 replied that tenders in question are open tenders related to maintenance works and do not require any separate financial and technical proposal. These tenders were opened in the presence of all bidders and lowest bid amount was announced at that time immediately and the same was accepted. No contractor/bidder objected regarding the acceptance of a lowest bid.

The reply was not accepted because no documentary evidence was provided in support of reply. Rejected bidders were not informed through letter and the bid evaluation reports were required to be published on Public Procurement Regularity Authority website. In some cases, the tender opening register was also not signed by the contractors.

DAC meeting was not convened by PAO despite repeated requests made by Audit on 04.10.2023, 20.10.2023, 06.11.2023, 12.12.2023, 19.12.2023 and 21.12.2023.

Audit recommends fixing responsibility for violation of rules besides strengthening of internal controls to avoid recurrence of such irregularity in future.

(DP. 136,146&181)

3.4.29 Irregular division of five plots in side by side position instead of front-rear position - Rs 300 million

Clause 2.3.5 of ICT Building Control Regulations 2020, provides that plots, which abut on one road only, can be sub-divided, provided an independent road access is given to the rear sub-divided portion from within the front portion. The area and ownership of this access lane will remain with the rear plot.

Audit noted that plot No. 5 (Street No. 56), Plot No. 8 (Street No. 55), Plot No. 28 (Street No. 56) & 48 (Nazim-ud-Din Road) Sector F-7/4 and Plot No. 18 (80x140 ft) street No. 18 Sector F-8/2 Islamabad, abut on only one road as per the layout plan.

During scrutiny of record of the Directorate of Estate Management-1, CDA, Audit observed that the plot was sub-divided into two side by side plots instead of front-rear division as required by above referred ICT Building Control Regulations. Further, this division/size of plot does not commensurate with any size of the plot in Islamabad. Furthermore, after leaving 5 feet on right and left side of the plot as required for construction of one Kanal plot, remaining construction area of plots would be irregular in shape and portray a bad image of the sector. This resulted in irregular division of five (05) plots in side by side position instead of front-rear position valuing Rs 300 million.

Audit maintains that irregularity occurred due weak internal and monitoring controls.

Audit pointed out the irregularity in May 2023, but the Authority did not reply.

DAC meeting was not convened by PAO despite repeated requests made by Audit on 20.10.2023, 06.11.2023, 12.12.2023, 19.12.2023 and 21.12.2023.

Audit recommends investigation into the matter at Director General (Internal Audit), CDA level for 100% check/identify if there are more such cases and submit report for corrective action besides fixing responsibility at the persons at fault.

(DP. 236)

3.4.30 Unjustified payment to the contractor without record measurement in the measurement book - Rs 269.269 million

According to Para-209 (d) of CPWA Code all Payment for work done or supplies are made on the basis of quantities recorded in the Measurement Book. It is incumbent upon the person taking measurements to record the quantities clearly and accurately. He would also work out and enter in the measurement book the figure for the contents or area column.

Audit noted that Project Director (Bus Rapid Transit) CDA Islamabad awarded work “Construction of Metro Bus Depot and Allied Works for Islamabad Metro Bus Service” to M/s NLC on 20.07.2022 at agreed cost of Rs 765.516 million against NIT amount of Rs 355.186 million and completion period of 5 months. The total value of work done paid to the contractor up to IPC No.02 was Rs 384.096 million including mobilization advance of Rs 114.827 million.

Audit observed that Authority made payment to the contractor amounting Rs 269.269 million (Rs 254.958 million against scheduled items and Rs 14.310 million against non-scheduled items). Audit further observed that said payment was made to the contractor without recording detailed measurement. This resulted in unjustified payment of Rs 269.269 million to the contractor without recording measurement in the measurement book.

Audit maintains that the unjustified payment occurred due to non-adherence of financial rules and regulating and weak oversight mechanisms.

Audit pointed out unjustified payment during July and August 2023, but the Authority did not reply.

DAC meeting was not convened by PAO despite repeated requests made by Audit on 04.10.2023, 20.10.2023, 06.11.2023, 12.12.2023, 19.12.2023 and 21.12.2023.

Audit recommends an investigation besides inquiry with the view to fix responsibility against the person(s) at fault in order to avoid the serious irregularity in future.

(DP. 172)

3.4.31 Non-adjustment of material available at site - Rs 257.102 million

Rule 55 of CDA Procedure Manual (Part-II) provides that every Government officer should realize fully and clearly that he would be held personally responsible for any loss sustained by Government through fraud or negligence on his part and that he will also be held personally responsible for any loss arising from fraud or negligence on the part of any other Government officer to the extent to which it may be shown that he contributed to the loss by his own action or negligence.

Audit noted that Director, Special Project Directorate CDA awarded the project “Development of Low Cost Housing Scheme Farash Town” for construction of 3960 apartments to M/s FWO through direct contracting at a lump sum cost of Rs 14,776.00 million (EPC basis) on 13.07.2021 with the completion period of 24 months. The total value of work done up to 12th running bill was Rs 6,570.887 million. Later on, CDA placed another proposal before its Board to curtail the approved scope from already approved contract from 3960 apartments to 2400 apartments and to start another project titled “Construction of Nilore Heights (G+9)” comprising 1876 apartments with revised specification and design. CDA Board approved the proposal on 31.03.2022 and another EPC mode contract at a cost of Rs 16,854.234 million was awarded to M/s FWO on 11.04.2022 with the completion period of two years and a cost of revised PC-I was approved for Rs 31,984.57 million.

Audit observed that Authority had paid 96.96% payment to the contractor on account of material in first agreement for 3960 flats. However, upon awarding the second agreement for 2400 flats, the Authority did not adjust the available material against which payment of Rs 642.756 million (96.66%) was paid to the contractor up to 12th running bill and the same material was added in 2nd agreement (Nilore Heights) with extraordinary higher rates. This resulted in non-adjustment of material available at site amounting to Rs 257.102 million.

Description	Milestone Weightage	Paid Weightage	Amount of material paid for 3960 flats (100%)	Amount of material as per 2400 flats (60%)	Non-adjustment of material
Supplier selection	1.50%	1.50%	221,640,000	132,984,000	88,656,000

Description	Milestone Weightage	Paid Weightage	Amount of material paid for 3960 flats (100%)	Amount of material as per 2400 flats (60%)	Non-adjustment of material
Advance payment to supplier	1.50%	1.45%	214,252,000	128,551,200	85,700,800
Delivery of material	1.50%	1.40%	206,864,000	124,118,400	82,745,600
Total			642,756,000		257,102,400

Audit maintains that the irregularity occurred due to weak internal financial controls.

Audit pointed out the matter during July and August 2023, but the Authority did not reply.

DAC meeting was not convened by PAO despite repeated requests made by Audit on 04.10.2023, 20.10.2023, 06.11.2023, 12.12.2023, 19.12.2023 and 21.12.2023.

Audit recommends that material available at site was the property of employer against which payment has already been made to the contractor. Therefore, 40% material needs to be adjusted in “Nilore Heights” agreement besides investigating the matter and fixing the responsibility against the person(s) at fault.

(DP. 164)

3.4.32 Unauthorized retention of funds since 2015-16 due to non-utilization of Cash Development Loan - Rs 248.948 million

As per Para 4 (ii & iii) of System of Financial Control and Budgeting 2006, the funds allotted to a Ministry/Division, Attached Departments and Subordinate Offices are spent for the purpose for which they are allocated and the funds are spent in accordance with relevant rules and regulations.

During examining the CDA Final Accounts for the year 2021-22 maintained by Accounts Directorate, CDA it was noticed that an amount of Rs 5,000 million was received by CDA in the financial year 2015-16 on account of Cash Development Loan (CDL) out of which, total expenditure of Rs 4,751.052 million was incurred up to financial year 2015-16 and remaining amount of Rs 248.948 million was left unutilized since 2015-16.

Audit observed that the remaining funds of Rs 248.948 million were neither utilized by CDA nor timely surrendered to the Federal Government. A huge amount is still blocked/retained by CDA since 2015-16 which is unjustified/unauthorized. Further, Audit was not provided information/documents like terms and conditions for utilization of CDL and procedure for repayment of this loan, detail of projects/works against which expenditure was incurred from this loan, Project/work wise detail of expenditure, certificate to the effect that all projects/works executed under this loan were completed and handed over to the concerned authorities and accounts finalized, interest if any applied.

Audit pointed out the issue in June 2023, but the Authority did not reply.

DAC meeting was not convened by PAO despite repeated requests made by Audit on 04.10.2023, 20.10.2023, 06.11.2023, 12.12.2023, 19.12.2023 and 21.12.2023.

Audit recommends that matter of retention and non-return of huge amount of CDL may be discussed in Board meeting of CDA and decision/action taken may be shared.

(DP. 228)

3.4.33 Unauthentic execution of asphaltic works - Rs 245.875 million

As per clause 36 of contract agreement, the contractor shall use the material fabricated in Pakistan which is required standard and ensure timely procurement of bitumen required for the works. All materials, plant and workmanship shall be of the respective kind and in accordance with the engineer instructions. It shall be subjected to any kind of tests before incorporation in the works as may be selected by the Engineer. Engineer estimates of road works in CDA are based on NHA

Schedule of Rate and Specification. As per NHA specification of works 305.4.1, the quantities of asphaltic wearing course shall be measured by volume in Cu.m. laid and compacted in place. Measurements shall be based on the dimension as shown on plans or as otherwise directed or authorized by the Engineer. A tolerance of + three (3) mm shall be allowed in compacted thickness of wearing course. However, any asphalt in excess of 3 mm shall not be paid and any layer deficient by more than 3 mm but not exceeding 10 mm shall be paid at an adjusted price.

During scrutiny of the accounts record of Director Roads-South, CDA Islamabad, Audit noted that CDA executed and paid different asphalt consuming items of tack coat, prime coat, TST and Asphaltic Concrete for Wearing Course for different works for Rs 245,875,327 as under:

Name of work & Contractor	Amount Rs
Rehabilitation/Carpeting of Service Road (North, East & South) from East to NESCOM Gate, MR-I (Southern Side) Sector H-11 & Streets in Sector H-11/4, Islamabad (M/s Origin Enterprises). Agreement cost Rs 136,611,158 and was started on 16.08.2022.	91,069,676
Carpeting of Major Roads VR-I Chishtiabad Road & Main Entrance in Sector I-14, Islamabad (M/s M. Afzal Brothers) dated 25.01.2021 at agreement cost of Rs 74,415,187.	68,842,021
Development of Islamabad Expressway from PWD Underpass to G.T Road Including Bhandar Bridge, Japan Road, Underpass Soan Bridge, Islamabad (M/s Frontier Works Organization (FWO)) dated 03.08.2022 at agreement cost of Rs 10,990,001,248.	85,963,629
Total	245,875,326

Audit observed that the evidence of procurement of bitumen/invoices from authorized Pakistan/local source was not on record. This indicated that the contractor did not procure the material from the specified origin directly, therefore, quality cannot be assured and by virtue of this, chances of failure of the asphaltic pavement cannot be ruled out. The quality of bitumen used in the work therefore, could not be ascertained. This resulted in unauthentic execution of asphaltic work items for Rs 245,875,327.

Audit maintains that the matter occurred due to weak internal controls.

Audit pointed out the matter in July 2023. The Authority replied that the procurement of bitumen/invoices were made through authorized published/local source. The quality testing was conducted through NUST Lab and C.E Lab CDA. The asphaltic wearing course was carried out as per approval. Furthermore, core thickness test along with other tests were also conducted.

The reply was not accepted because in one case purchase invoices were by different contractors other than the contractor under observation. IRI, Wearing Course thickness tests, JMF, etc., were not furnished in support of reply.

The matter was discussed in DAC meeting held on 31.01.2024 wherein Audit contended that bitumen procurement invoices were produced in one case which did not contain the name of contractor therefore it could not be established that the bitumen was used in the work in question or otherwise. DAC directed CDA to provide IRI, Wearing Course thickness tests, JMF to Audit for scrutiny.

Audit recommends compliance of DAC's directive.

(DP. 97)

3.4.34 Non-encashment of performance security and non-forfeiture the retention money due to default of contractor - Rs 235.438 million

Clause 63.1 (e) of contract agreement provides that the Employer may after giving 14 days' notice to the contractor, enter upon the site and the works and terminate the employment of the contractor without thereby releasing the contractor from any of his obligations or liabilities under the contract, or effecting the rights and authorities conferred on the Employer or the Engineer by the contract and may himself complete the work.

As per sub-clause 10.1 of the contract agreement, the contractor shall provide a performance security in the prescribed form annexed to those Documents. The said security shall be furnished by the Contractor within 28 days after the receipt of a letter of acceptance. The performance security shall be equal to 25 percent (due to imbalanced rates) of the Contract Price in the currency of the contract at the option of the bidder, in the form of a Bank Guarantee from any scheduled Bank in Pakistan or from a Bank located outside Pakistan duly counter-guaranteed by a scheduled bank in Pakistan or an insurance Company having at least AA rating from PACRA/JCR.

Audit noted that Deputy Director, I-15 CDA, Islamabad awarded work “Development of Infrastructure Work of Sector I-15/1 Islamabad” to M/s Zafar & Co at an agreed cost of Rs 778.978 million on 22.02.2021 with the completion period of eighteen (18) months. The total value of work done up to IPC No.7 paid to the contractor was Rs 813.899 million and price escalation paid was Rs 45.880 million. Audit further noted that contractor provided performance security amounting to Rs 194.744 million vide guarantee dated 23.02.2021.

Audit observed that the commencement letter was issued on 05.03.2021 and the stipulated time period for the completion of said work was eighteen (18) months (04.08.2022) but contractor could achieve only 75% progress of work against 100% progress up to June, 2023. Later on, the contractor demobilized from the site without complete the work. The Director General (Works) CDA Islamabad terminated the contract under contract clause 63.1 on 22.09.2023 but the Authority neither encashed the performance security nor forfeited the retention money of the contractor. Award of the work at the risk and cost of the defaulting contractor was also not initiated. This resulted in non-encashment of performance security and non-forfeiture the retention money Rs 235.438 million (performance security Rs 194.744 million + Retention money Rs 40.694 million).

Audit pointed out the matter during November 2023, but the Authority did not reply.

DAC meeting was not convened by PAO despite request made by Audit on 21.12.2023.

Audit recommends that action taken against the contractor towards encashment of performance security and forfeiture of the retention money and work to be awarded at the risk & cost of the contractor and outcome be shared with Audit.

(DP. 317)

3.4.35 Loss to the Authority due to non-recovery of extension charges - Rs 230.062 million

Rule-16 of the Islamabad Land Disposal Regulations, 2005, provides that the allottees shall have building completed within time. Extension in construction may be granted by the Authority on the merits of each case subject to payment of extension surcharges at such rate as may be prescribed by the Authority from time to time.

As per Clause 2 (D) of the allotment letter dated 29.06.2005, the firm will start construction as per approved plan from the date of handing over possession of plot and complete the construction work within three years.

According to lease deed dated 28.07.2005 signed between CDA and M/s BNP Pvt. Ltd. (the lessee), the lessee agreed to build a building and structure for five star or higher rating hotel complex together with service apartments, related facilities including but not limited to executive offices, shopping areas restaurants, leisure activities, business center, etc., in line with worldwide international standards within a period of three (03) years from the final approval of the drawings/plans.

Audit noted that CDA allotted two (02) plots to private companies. The first plot, Plot (01) Constitution Avenue measuring 13.50 Acres (65,098 Sq. Yd) of land was allotted to M/s BNP Pvt. Ltd. at a cost of Rs 4,882.350 million @ Rs 75,000 per sq. yard. The second plot, Plot (01) (Centaurus building), Jinnah Avenue, F-8/G-8, Islamabad, measuring 6.62 Acres (32040.8 Sq. Yd) of land, was allotted to M/s Pak Gulf Construction Pvt. Ltd. at a cost of Rs 6,090.956 million @ Rs 190,100 per sq. yard.

During the scrutiny of accounts record of the Directorate of Estate Management-II, CDA, Audit observed that Building Completion Certificates were not available on record which showed that the buildings (which were to be completed by the year 2008) were still under construction. But, neither the extension of construction period was granted by the Authority nor extension charges were imposed/recovered. This resulted in non-recovery of extension charges for Rs 230.062 million, as detailed below:

Class	Rates (Rs/sq yd)	Area (Sq yds)	Extension Charges	No. of years	Total (Rs)
Plot No. 01 (Centaurus building), Jinnah Avenue, F-8/G-8, Islamabad					
Rates 2001-07	180	32,040	5,767,200	03 (2005-08)	17,301,600
Rates 2007-17	270	32,040	8,650,800	15 (2008-22)	129,762,000
05 Star hotel Plot No. 01 Constitution Avenue, Grand Hyatt, Hotel					

Class	Rates (Rs/sq yd)	Area (Sq yds)	Extension Charges	No. of years	Total (Rs)
Rates 2001-07	50	65,098	3,254,900	03 (2005-08)	9,764,700
Rates 2007-17	75	65,098	4,882,350	15 (2008-22)	73,235,250
Total					230,063,550

Audit holds that the loss was due to non-adherence to the terms and conditions of allotment letter and ineffective implementation of the internal and financial controls.

Audit pointed out non-recovery of extension charges during March 2023, but the Authority did not reply.

DAC meeting was not convened by PAO despite repeated requests made by Audit on 04.10.2023, 20.10.2023, 06.11.2023, 12.12.2023, 19.12.2023 and 21.12.2023.

Audit recommends for recovery of extension charges, besides improvement in the monitoring system for strict implementation and compliance of term & conditions of the allotment letter.

(DP. 215)

3.4.36 Unauthentic expenditure on the closing dates of the financial year - Rs 225.025 million

As per rule 6 of CDA Procedure Manual (Part-II), each head of the directorate is responsible for enforcing financial order and strict economy at every step. Further, Rule 96 of GFR (Vol-I) provides that it is contrary to the interest of the state that money should be spent hastily or in ill-considered manner merely because it is available or that the lapse of a grant could be avoided. In the public interest, grants that cannot be profitably utilized should be surrendered. The existence of likely savings should not be seized as an opportunity for introducing fresh items expenditure which might wait till next year. A rush of expenditure particularly in the closing months of the financial year will ordinarily be regarded as a breach of financial regularity.

During scrutiny of the accounts record relating to the Treasury Division CDA for the financial year 2021-22, Audit noted that Treasury Division CDA Islamabad made a payment of Rs 225.025 million on account of different works of Water Distribution Divisions CDA (**Annexure-V**).

Audit observed that the expenditure was incurred on the closing dates of the financial year in hastily manner. Incurring of huge expenditure against special nature works without evidence of actual execution/test checks seems merely utilization of funds. Approval of these works in the Annual Budget Estimates was not available in the record. This resulted in unauthentic expenditure on the closing dates of the financial year for Rs 225.025 million.

Audit maintains that the irregularity occurred due to violation of rules and procedure and weak internal controls.

Audit pointed out the matter in May 2023, but the Authority did not reply.

The matter was discussed in DAC meeting held on 19.01.2024. The management did not provide any tenable reply. DAC directed CDA that the complete record including approval of schemes shall be provided to Audit for verification within seven days.

Audit recommends that responsibility be fixed against officers concerned for violation of rules besides verifying actual execution of works at site.

(DP. 30)

3.4.37 Non-recovery of delayed payment charges against possession able plots - Rs 225.099 million

Terms and conditions of allotment letter of plots of Park Enclave Scheme Phase-I, Phase-II and Phase-I Extension, provides that if allottee failed to deposit any installment within the given time schedule delay payment charges @ 15% or as may be revised from time to time will be charge by the Authority. Absence of any infrastructure facility at site will be no justification for withholding payment or any dues of the Authority.

The Director, Estate Management-I, CDA, Islamabad allotted 45 plots in Park Enclave Phase-1, Phase-I Extension and Park Enclave Phase-II, measuring 500 sq. yards and 1000 sq. yards. Allotment letters were issued in July 2012.

Audit observed that allottees of certain plots did not deposit payments/installments on time, and in most cases, payments were delayed for 3 to 7 years. However, the CDA Management did not impose/recover delay payment charges. Further, possession of these plots was announced in May 2017, so, the allottees were required to pay the remaining dues along with the delayed payment charges before taking possession. . However, the Authority waived off/re-imbursed the delayed payment charges, resulting in a non-recovery of Rs 225.099 million as detailed below:

S. No.	Para No. of AIR	No. of Plots	Amount of delay charges (Rs in million)
	7	04	37.800
	9	13	66.945
	10	11	64.529
	11	09	22.907
	13	01	5.639
	14	01	8.333
	15	01	7.191
	18	05	11.755
			225.099

Audit maintains that non-recovery of delay payment charges occurred due to weak administration, monitoring, financial and internal controls.

Audit pointed out the irregular waiver/non-recovery of delay payment charges in May 2023, but the Authority did not reply.

DAC meeting was not convened by PAO despite repeated requests made by Audit on 20.10.2023, 06.11.2023, 12.12.2023, 19.12.2023 and 21.12.2023.

Audit recommends early recovery of the charges from all the allottees who delayed the payment of cost of land which also caused delay in development of the schemes and enjoying the money payable to CDA unduly; once in shape of bank profit/any business with the amount and once in shape of getting plots without any delay charges. Investigation into the matter for fixing the responsibility/making the loss good against/from the person(s) who irregularly waived off/reimburse the charges to allottees, besides strengthening the internal and financial controls.

(DP. 231)

3.4.38 Doubtful allotment of 22 residential plots - Rs 220.00 million

According to CDA Land Acquisition and Rehabilitation Regulation 2007 (Land Sharing Basis), land will be acquired on land sharing basis, meaning a developed plot of one (01) kanal will be allotted to the affectee/land owner for every four (04) kanals of land acquired from him in the same sector.

Audit noted that as per the land revenue/patwari report and Fard maintained through Naqsha-II the land measuring 88 kanal 6 marla was the property of Mr. Muhammad Akthar Tahir S/o Muhammad Ashraf Tahir. The owner submitted a request to the Authority that he changed his name from M. Akthar Tahir S/o Muhammad Ashraf Tahir to Muhammad Azhar S/o Mirza Muhammad Ali in the CNIC from NADRA. He further requested that allotment of 22 plots against 88 kanals and 6 marlas land be made in the name of Muhammad Azhar S/o Mirza Muhammad Ali. The Authority accepted the request and allotted 22 plots (50x90) in sector D-13 Islamabad.

Audit observed that allotment of 22 plots was made simply on the basis of CNIC without corresponding change in the Revenue Record i.e., (land award, Naqsha-II, Qabz-ul-wasool & Farad) and without verification/confirmation from educational degrees, certificates, nikah nama, police report. Apparently, this was a doubtful allotment on the basis of an unauthentic title. In the Land Revenue record, ownership of above 88 kanal 6 marla land still existed in the name of Muhammad Akthar Tahir S/o Muhammad Ashraf Tahir.

This resulted in doubtful allotment of 22 residential plots without detailed verification and fact finding inquiry for real owner amounting to Rs 440 million. (Number of plots 22 @ Rs 20.00 million each).

Audit pointed out doubtful allotment during June 2023. The Authority replied that Civil Judge Lahore vide order dated 30.06.2016 directed NADRA to cancel CNIC issued in the name of Mr.

Muhammad Akhtar Tahir. Hence, Deputy Commissioner, CDA took all the due measures while making change of name in revenue record.

The reply was not accepted because complete case along with judgment of Civil Judge Lahore as referred in the reply, proceedings/details of name change in DC CDA record in favour of allottee in question were not produced in support of reply.

DAC meeting was not convened by PAO despite repeated requests made by Audit on 04.10.2023, 20.10.2023, 06.11.2023, 12.12.2023, 19.12.2023 and 21.12.2023.

Audit recommends provision of complete case along with judgment of Civil Judge Lahore and proceedings/details of name change in DC CDA record in favour of allottee in question to Audit.

(DP. 89)

3.4.39 Loss to Authority due to double allotment of plots - Rs 180.00 million

Para 4(1) of the Islamabad Displaced Persons Rehabilitation Policy, 1996 regarding allotment of residential plots provides that the residential plot shall be allotted to the affectees where the land acquired is with or without built up property thereon. Area of Acquired Land (a) 4 kanals or more but less than 10 kanals Plot of 25x50 (b) 10 kanals or more Plot of 30x60 for every complete unit of ten (10) kanals of acquired land. Provided that where the land acquired is less than four (04) kanals the affectee will be allowed to join other affectees to make up the deficiency in the minimum area of four (04) kanals to be eligible for joint allotment of plot.

Audit noted that land award for Khanpur Dam water supply scheme was issued on 20.01.1991 and Authority acquired ninety-three (93) kanal and fifteen (15) marla land from Mr. Muhammad Zuhraab and as per package deal five (05) plots were allotted to the affectees family on 08.01.1997. Allotment letters were issued and entry recorded in red entry registered against S. No. 159 to 163 as detailed below.

S. No.	Red Entry S. No.	Name	Plot No.	Plot Size	Allotment Date
01	159	Tahir Mehmood Abbasi S/o Muhammad Zuhrab	1473-C (I/11-2)	30x60	26.09.1996
02	160	Babar Mehmood S/o Muhammad Zuhrab	1474-C (I/11-2)	30x60	09.01.1997
03	161	Aamir Mehmood S/o Muhammad Zuhrab	1475 (I/11-2)	30x60	09.01.1997
04	162	Musarrat Jabeen D/o Muhammad Zuhrab	1476 (I/11-2)	30x60	09.01.1997
05	163	Ulfat Jan W/o Muhammad Zuhrab	1477 (I/11-2)	30x60	09.01.1997

Audit further noted that in March 2016, family of Mr. Muhammad Zuhrab (affectee) again approached to CDA (L&R) Directorate for allotment of nine (09) plots against the land acquired by the CDA in 1991 and submitted an affidavit that they were not allotted any plot against the acquired land. The dealing assistant stated vide para 18/n of the Noting Sheet of concerned file that no plot was allotted against the said acquired land. The Authority approved nine (09) plots (30x70) i.e., 1579, 1580, 1581, 1573, 1574, 1586, 1588, 1589 and 1590 in sector I-11/2 and same were allotted in March 2016 and recorded in red entry register against serial No. 73, 74, 79, 80, 81, 86, 88, 89 & 90.

Audit observed that CDA had already allotted five (05) plots against said acquired land in 1997 and after 19 years, nine (09) plots were again allotted unauthorisedly without proper verification of the previously allotted plots.

This resulted in loss to Authority due to double allotment of plots amounting Rs 180.00 million (09 plots x Rs 20.00 million each approximately).

Audit pointed out the loss to Authority during June 2023. The Authority replied that the issue for allotment of nine plots in Sector I-11/2 was already taken up by FIA. The outcome of the inquiry shall be shared.

DAC meeting was not convened by PAO despite repeated requests made by Audit on 04.10.2023, 20.10.2023, 06.11.2023, 12.12.2023, 19.12.2023 and 21.12.2023.

Audit recommends investigation into the matter and taking strict action against the person(s) responsible and recovery of the same.

(DP. 81)

3.4.40 Overpayment due to execution of concrete class D1 for rigid pavement instead of required and economical item of concrete class A1 - Rs 174.702 million
