## **EXECUTIVE SUMMARY**

The Directorate General of Audit Local Councils Balochistan conducted Performance Audit of “Zarghoon Housing Scheme of Quetta Development Authority” in April, 2017. The main objectives of Performance Audit were to: (a) examine the role of this project in providing housing facilities to public (b) ensure significant improvement in the living environment for community of Quetta (c) ensure the addition of planned houses to the provincial /national housing stock (d) Whether activities performed by the organization were based on the principles of economy, efficiency and effectiveness or otherwise (e) The evaluation of results for the activities/services rendered by the organization, and (f) Effectiveness of internal controls. The Audit was conducted in accordance with INTOSAI Auditing Standards.

The Quetta Development Authority (QDA) launched the Zarghoon Housing Scheme in district Quetta at a distance of 9 KM in North of Quetta town adjacent to Nawa Killi. The Housing Scheme is proposed to be financed through the sale of commercial and residential plots of the scheme. The QDA intends to establish such a mechanism in which it is able to perform its business activities under well-defined protocols, which shall enable it to perform efficiently. The main objective of Housing scheme is to provide planned, affordable and accessible housing to the general public and to meet housing needs of Quetta city. The Housing Scheme was planned to be implemented through Quetta Development Authority to provide basic infrastructure such as construction of internal roads, installation of gas network, installation of electricity, water supply, sewerage, drainage and telecommunication systems.

The Audit observed that there was delay in completion of project. There were instances of land dispute, blockage of public funds, slow progress of developmental works, non-achievement of targets, cost overrun, time overrun, non-approval of the revised cost estimates, non-recovery of monthly installments, non-

construction of houses in Zarghoon Housing Scheme and non-handing over of plots to owners.

The Audit mainly recommends that QDA should generate extra resources of income by selling the commercial area and plots reserved for auctions. All the plots should be auctioned at market rate to improve the financial position of the project. Quetta Development Authority should improve the condition of central approach road for easy approach to Zarghoon Housing Scheme. It should reconsider the feasibility study for environmental impact assessment. A realistic approach should be followed while preparing the budget estimates. Government funds should be utilized for the intended purposes. All the activities should be accomplished as per approved time line. Action should be taken against the authorities found responsible for negligence. BPPRA rules should be strictly followed to achieve the goals. Purchases should be made in accordance with BPPRA Guidelines with observance of principles of economy, efficiency and effectiveness. Activities of strengthening the internal controls& financial management should be implemented in letter and spirit. Due participation of the technical representatives in the planning and implementation process should be ensured, for better coordination and supervision by the management. There should be environmental performance indicators kept in view while developing a housing scheme.

## **1. INTRODUCTION**

### **1.1 Program Background**

Quetta is the provincial capital of Balochistan, Pakistan and the ninth-largest city of Pakistan. The population of the city is estimated to be approximately 3 million. Quetta being the provincial capital is much more developed as compare to the rest of the districts in province. It has primarily good network of roads, rails, air and telecommunications. Lack of infrastructure and growing number of population has increased demand of housing facilities, which have direct impact on public and private sector. The overlapping and harsh climate of the region causes major viral diseases through the year. This creates a great demand for new housing schemes, hospital and clinics. Housing is a basic need and thousands of families are struggling to have shelter. Rapid population growth, scarcity of Government resources, urbanization and the developing imbalances between urban and rural areas has compounded the housing problem. Due to imbalance supply and demand of housing, the housing backlog is increasing rapidly. The yearly addition to housing stock hardly caters to the 70% of the population increase.

Quetta Development Authority was established in 1978 by the government of Balochistan. The main mission of QDA was to solve the housing requirements, organized planning, master planning, major, improvement and environment protection. Control over land use and expansion of the city according to the integrated Master Plan. Quetta Development Authority planned to start a housing project for accessible and affordable accommodation to general public known as Zarghoon Housing Scheme for which site was selected in 1987. Zarghoon housing scheme started by QDA spread over 252 acres amidst the beautiful landscape of Takatoo hills. Zarghoon housing scheme is located at a distance of 9 km in the north of Quetta town, adjacent to Nawa Killi. The scheme consists of fully developed plots for the residential and business purposes and connected with the main Quetta Chaman highway near kill Gul Mohammad through a 110 feet wide dual carriage access road and with Quetta Cantt on kach road. The zarghoon housing scheme offers calm tranquil and peaceful environment. Zarghoon housing scheme will

provide the basic needs of life such as education, basic health facilities, approach towards better business, better law and order situation and easy approach of agriculture from farm to market. The major components of zarghoon housing scheme include:

- i. Construction of internal Roads.
- ii. Installation of Gas network.
- iii. Installation of electricity.
- iv. Water supply system.
- v. Sewerage system.
- vi. Drainage system.
- vii. Telecommunication system.

## **1.2 Execution Plan**

The main objective of a zarghoon Housing Scheme was to provide planned, affordable and accessible housing to the general public and to meet the housing needs of the Quetta city.

Quetta is the biggest city of the Baluchistan province. Its centralizes location , mild weather easy accessibility, availability of health and education institutes and other infrastructure facilities of the modern living have almost out lived its capacity for further extension, especially in housing sector due to its geographical situation. Keeping in view the scarcity of housing facilities in and around Quetta valley. Quetta Development Authority has proposed to develop and construct a scheme named Zarghoon Housing Scheme near to the zarghoon hill range.

The project of Zarghoon Housing Scheme was started in 2012 and likely to be completed in two years as per PC I. The project of Zarghoon Housing Scheme was executed by the QDA through its own staff and private contractors. QDA will provide major components such as constructions of internal roads, installations of gas networks, installation of Electricity, water supply system, sewerage system, drainage system, boundary wall and telecommunication system.

### 1.3 Financing Plan

Budget for the project of Zarghoon housing scheme has been generated by the Quetta development authority himself through sale of plots. The estimate has been prepared in the month of November 2011 on CSR 1998 with a premium of 40% above on civil works and 120% premium on steel work. The supply of P.E pipes provided in the estimate are based on prevailing market rates. Annual operating and maintenance cost after completion of the project is estimated 24.50 million.

## **4. AUDIT FINDINGS AND RECOMMENDATIONS**

### **4.1 Organization and Management**

#### **4.1.1 Non-completion of housing schemes within stipulated time**

According to Clause-12 of implementation of schedule of the PC-I, the project shall be completed in two years i.e. which was extended upto 2015.

During the course of Performance Audit of the Zarghoon Housing Scheme for the financial year 2015-16, audit observed that the housing was launched in the year 2012 which was to be completed in all respects within three (3) years as per PC-1. After delay/lapse of almost 06 years, the project was still not completed due to failure of the QDA management and contractors to provide services. The Audit observed there was no construction of internal roads, installation of gas network, installation of electricity, supply of water, sewerage system, drainage system and telecommunication system. This resulted into non-completion of housing schemes within stipulated time.

Non-completion of project and non-provision of basic facilities shows negligence of the management and weakness of the internal controls, and cause the overrun of cost and time as well.

The irregularity was reported to the management in December 2016. In response, the management intimated that the work was executed in full swing but due to severe cold weather, the work could not be completed in time

Audit recommends that the Project may be completed in all respects without further delay and responsibility should be fixed against the person(s) at fault for non-completing the project within stipulated time period.

#### **4.1.2 Non-conducting of Internal Audit**

The Institute of Internal Auditors (IIA) defines Internal Auditing as “An independent, objective assurance and consulting activity designed to add value and improve an organization’s operations. The internal audit activity helps an organization accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, control

and governance processes.” Consistent with its mission, the Internal Audit Department provides management with information, appraisals, recommendations, and counsel regarding the activities examined and other significant issues.

During the course of Performance Audit of the Zarghoon Housing Scheme for the financial year 2015-16, audit observed that the management had not conducted internal audit and it is confined to the function of pre-audit. This may result into serious non-compliance, serious weaknesses and risks and may lead to non-achievement of targets.

Non-conducting of internal audit shows negligence of the management and weakness of the internal controls.

Audit recommends that internal audit may be carried out accordingly under intimation to Audit.

#### **4.1.3 NON-development of capacity**

Capacity building for government employees is important for multiple reasons, including efficient management of public finance, maintaining administrative control, continuity of development planning, policy formulation and plan, program and project implementations for basic social service delivery, and infrastructure development and monitoring and evaluation.

During the course of Performance Audit of the Zarghoon Housing Scheme for the financial year 2015-16, audit observed that the employees of QDA were lacking the good record keeping and reporting skills as they were not imparted trainings. Besides, there was no training plan in place. This may result into inappropriate planning, design, monitoring and evaluation, and execution of the schemes.

Non-development of capacity shows negligence of the management and weakness of the internal controls.

It is recommended that necessary annual training plan should be developed and capacity building of the officers and staff should be ensured, under intimation to audit.

The detail is given below:

(Amount in Rs)

S. No.	Quantity Paid	6% Shrinkage to be deducted	Rate paid Per %Cft	Amount
1	275,160	16509.6	431.85	71,297
2	26,871	1612.3074	163.25	263,209
3	82,783	4966.9797	163.25	810,859
Add 20% above Earth work				229,073
<b>Total</b>				<b>1,374,438</b>

Audit is of the view that allowing/non-deduction of shrinkage resulted into undue financial benefit to the contractor.

Overpayment due to non-deduction of shrinkage allowance shows negligence of the management and weakness of the internal controls.

The irregularity was reported to the management in December 2016. The management failed to justify the expenditure.

Thus, non collection of Government dues resulted into a loss of Rs2.449 million in respect of Capital Value Tax. Further detail is in **Annexure-A**.

(Amount in Rs)

Name of Scheme	Total Cost	Capital Value Tax 4%/5%
Zarghoon Housing Schemes	61,243,500	2,449,740
<b>Total:</b>	<b>61,243,500</b>	<b>2,449,740</b>

<b>Total</b>		<b>245</b>	<b>227,229,105</b>

5	Syed Shahab Ud Din	11.01.16	335	2700	700	1,890,000
<b>Total</b>						<b>10,350,000</b>

Audit is of the view that the allotment of plots observing Governing Body meeting decision was due to weak internal control and willful negligence of Authority from prescribed rules and regulations. Allotment of plots without fulfilling proper codal formalities was un-authorized.

M/s Cameos Consultant, engineers and consultants were hired for preparation of PC-I for the said scheme including detailed estimates, design of electrification, PTCL, gas and water supply scheme. The consultant submitted PC-I at estimated cost of Rs1,224.05 million mentioned abstract cost of components instead of a detailed estimate and design of electrification, PTCL, gas and water supply scheme. Accordingly the management approved the PC-I with total cost of Rs1,224.05 million for the scheme although the consultant had not prepared the detailed estimates.

Audit is of the view that the payment of consultancy fee for preparation of PC-I to M/s Cameos consultants without design and detailed estimates for electrification, PTCL Gas and water supply scheme and its approval by the management was unjustified. Further, cost of material was increasing day by day and electrification work had not been carried out which would increase manifold cost due to inflation and might result into huge financial burden on QDA.

Unjustified payment of consultancy fees shows negligence on the part of management and weakness of the internal controls.

The irregularity was reported to the management in December 2016. In response, the management intimated that copy of agreement and detail estimates will be provided.

Audit recommends that management should justify the payment of consultancy fees without completion of the assignment and matter may be enquired at appropriate level to probe the lapse and efforts should be made for completion of work under intimation to audit.

<b>Cheq No./Dated</b>	<b>Paid to</b>	<b>Name of Scheme</b>	<b>Amount</b>
13-35425246/9.12.15	QESCO	Zarghoon Housing Scheme	431.893

The rates for items other than those given in the schedule are treated as non-schedule items. Analysis of rates for such items required to be prepared by the concerned engineer and approved by the competent authority in keeping with provisions of the delegation of financial powers”.

During Performance Audit of the Quetta Development Authority for the financial year 2015-16, audit observed that the management incurred an expenditure of Rs2,732,768 against non-schedule items. The expenditure was incurred on NSR basis without preparing detailed analysis of the items and getting its approval from the competent authority. The detail is as under:

According to Para 2.82 of B&R Code and Rule 178 of Central Financial Rules, Volume-I, no work can be executed unless the competent authority approves the technical sanction and the detail design and estimates. According to Para 10 (i) of GFR, Vol.-I “Every public officer is expected to exercise the same vigilance in respect of expenditure incurred from public moneys, as a person of ordinary prudence would exercise in respect of expenditure of his own money.”

During the course of audit of the Quetta Development Authority for the financial year 2015-16, audit observed that an amount of Rs11.44 million paid to M/s Al-Saat and Company, Government Contractor, on account of construction of footpaths at Zarghoon Housing Scheme was unauthorized as:

1. Work was started before obtaining Technical Sanction from the competent authority.
2. Agreement with contractor was not prepared before execution of work.

The detail is as under.

(Amount in million)

<b>Name of Contractor</b>	<b>Name of Scheme</b>	<b>Amount</b>
M/S Al-Saat and Company, Government Contractor	Construction of Footpaths at Zarghoon Housing Scheme	11.44
	<b>Total</b>	<b>11.44</b>

The irregularity was reported to the management in December 2016. In response, the management intimated that the relevant record will be provided.

Audit recommends for fixing of responsibility against the person(s) at fault and taking remedial measures to avoid such lapses in future.

For monitoring and evaluation of Zarghoon Housing Scheme a Committees at Quetta Development Authority is framed. The said committees were required to monitor routine field operations.

During the course of audit of the Quetta Development Authority for the financial year 2015-16, audit observed that monitoring of the development of different components of Zarghoon Housing Scheme the central level was not effective. Systems were also not in place to check non-compliance of rules by Quetta Development Authority. This resulted into delayed and non-completion of the scheme.

The lapse shows improper monitoring and weakness of internal controls.

#### **4.5 Overall Assessment**

##### **4.5.1 Efficiency**

The project was not implemented within the time frame as stipulated in the PC-1 as more than two years has lapsed as on 30<sup>th</sup> June, 2017. Undue delay in completion of the project has resulted in inefficiency in delivering the project outcomes. The project could not provide basic needs of life such as education, health facilities, and installation of Gas network, installation of electricity, water supply system, sewerage system, drainage system and telecommunication system. And during project implementation approximately 1692 temporary jobs opportunities will not be generated. The project has failed to provide these facilities to residents.

##### **4.5.2 Economy**

The economy of the scheme was rated low. Cost overrun has been noticed in the audit. Quetta Development Authority initiated the project in 2012 with the

completion period of three years, however, the project is still not completed after the lapse of time. Delay in completion of project increases the escalation factor of developmental activities. Expenditure without PC-I provision was seen as well besides the project failed to generate benefits for residents. Further, many excess expenditure and overpayments were made.

#### **4.5.3 Effectiveness**

The performance evaluation of the project revealed that planning process was very weak and without adequate need assessment. The project could not achieve its targets as planned. The management failed to place internal controls and devise an adequate and effective monitoring and evaluation system. No periodic review or inspection were carried out by the office to achieve project objective. The project failed to achieve the project objectives. Therefore, the efficiency of project has been rated as low.

#### **4.5.4 Compliance with Rules:**

There were violation of the rules as unauthorized expenditure was incurred by the BPPRA Rules, improper monitoring and appointment of contingent paid staff without proper rules and regulations were evidence for violation of rules.

#### **4.5.5 Risk Rating of Program:**

High

### **5. CONCLUSION**

The Audit observed that there was delay in completion of project. There were instances of land dispute, blockage of public funds, slow progress of developmental works, non-achievement of targets, cost and time overrun, non-approval of the revised cost estimates, non-recovery of monthly installments, non-construction of houses in Zarghoon Housing Scheme and non-handing over of plots to owners. The scheme can still give the better result if it is run economically, efficiently and effectively. All the required is the managerial commitment as well as efficiency.

**5.1. Lessons learnt:**

- i. Clear understanding of the issues is extremely important for proper planning.
- ii. Only integrated planning & complete system produce desired & sustainable results.
- iii. Merit-based selection and capacity building of staff is crucial for implementation of a plan.
- iv. Sustainability and smooth running of QDA staff is not possible without training, proper supervision, strengthening of internal controls and awareness of the community.
