

SPECIAL STUDY ON PUBLIC FUNDS EXPENDED THROUGH SCHOOL COUNCILS (EDUCATION SECTOR) DISTRICT BAHAWALPUR

AUDIT YEAR 2016-17

AUDITOR GENERAL OF PAKISTAN

PREFACE

The Auditor General conducts audit subject to Articles 169 and 170 of the Constitution of the Islamic Republic of Pakistan 1973, read with Sections 8 and 12 of the Auditor General's (Functions, Powers and terms and Conditions of Service) Ordinance 2001 and Section 115 of the Punjab Local Government Ordinance 2001. The Special Study on "Public Funds Expended through School Councils (Education Sector) District Government, Bahawalpur" was carried out accordingly.

The Directorate General Audit District Governments Punjab (South), Multan, conducted the Special Study during April, 2017 for the period July, 2011 to June, 2014. The programme aimed at improving the governance, education standards and accessibility in the field of education. Audit examined the economy, efficiency and effectiveness of the funds expended through School Councils. In addition, Audit also assessed, on test check basis whether the management complied with applicable laws, rules and regulations in utilizing funds through School Councils. The Report indicates specific actions that, if taken, will help the management to accomplish the objectives of the Government Funds expended through School Councils in future.

The Report has been finalized in the light of written responses of the management concerned and DAC directives wherever conveyed.

The Report is submitted to the Governor of the Punjab in pursuance of Article 171 of the Constitution of the Islamic Republic of Pakistan, 1973 for causing it to be laid before the Provincial Assembly.

Islamabad Dated:

(Javaid Jehangir) Auditor General of Pakistan

EXECUTIVE SUMMARY

Directorate General of Audit, District Governments, Punjab (South), Multan conducted Special Study on "Public Funds Expended through School Councils, District, Bahawalpur" during April, 2017. The main objectives of the study were to examine the allocation and utilization of funds as per SC policy, outcomes of the funds expended, examine monitoring system of management and internal control, examine the result-oriented impact of expenditure, whether the targets as laid down with reference to efficiency, economy and effectiveness were achieved or not, assessing the authenticity, competency and transparency while incurring expenditure and pointing out deficiencies, irregularities and recommendation for improvement in future. It was conducted in accordance with the INTOSAI Auditing Standards.

Government of the Punjab introduced the concept of School Councils (SCs) in 1990. Under Punjab Education Sector Reforms Program (PESRP), School Councils were revitalized across the province and were provided with annual flat grants to meet with basic school support/development needs. District Government, Bahawalpur also provided funds to School Councils through Deputy District Education Officers (Dy. DEOs).

In District Bahawalpur, an amount of Rs 359.163 million was transferred to School Councils of 1,694 including 1,186 Primary and 508 Elementary Schools from Financial Years 2011-12 to 2013-14. Audit selected 170 School Councils for study which were 10 percent of total population of 1,694 School Councils while expenditure incurred by selected school councils during 2011-14 was Rs 49.473 million.

Study of the funds expended through School Councils did not reflect a satisfactory performance in terms of achievement of the desired results as envisaged in the School Council Policy, 2007. Some key audit findings of this unsatisfactory performance are narrated below:

- i) Deficiencies in achievement of objectives due to:
 - a. Nominal increase in admission of students

- b. Uneven deployment of teachers
- c. Poor supervision in respect of release of funds and expenditure
- d. Release of funds without realistic assessment of need based demands
- ii) Holding of less than 10 SC meetings in a financial year and not having complete members in SC
- iii) Incurring expenditure beyond prescribed limit.
- iv) Incurrence of expenditure after closing of programme
- v) Procurement without adopting prescribed procedure and non-preparation of Annual Procurement / Development Plan.
- vi) Unauthentic expenditure without maintaining basic record as required in the School Council Policy.
- vii) Retention of Government funds in bank accounts of schools despite closing of programme without any justification.
- viii) Release of funds without adopting policy.
- ix) Excess/non transfer of funds in schools councils.
- x) Release of funds after closing of programme.
- xi) Non production of record of selected schools.
- xii) Non-reconciliations and back up record at higher office and difference of data between Education department and that of provided by the schools
- xiii) Ineffective monitoring, evaluation controls of higher offices and financial indiscipline by the schools.

Recommendations

The Report has been concluded with the following recommendations:

- i) Parent–teacher meetings should be held frequently, co-curricular activities be focussed and natives of area be motivated to send their children to schools.
- ii) According to prescribed policy management needs to deploy teachers, as per student-teacher ratio for optimal utilization of human resources.

- iii) Management needs to re-frame the policy besides capacity building in order to achieve better results.
- iv) Efforts should be made to strengthen the monitoring and evaluation mechanism for better results.
- v) Matter regarding holding of less than 10 SC meetings and lesser members in SC may be investigated and efforts be made to operate SC according to its policy.
- vi) Matter regarding incurrence of expenditure beyond prescribed limit and after closing of programme needs to be investigated and efforts be made to rationalize the expenditures in an economical manner.
- vii) Audit recommends proper training to members of school councils for utilization of funds besides investigation of the matter regarding violation of conditions regarding financial procedures laid down in the School Council Policy.
- viii) Timely disbursement of funds to School Councils should be ensured for achievement of goals.
- ix) As per School Council Policy, record should be maintained properly and produce record for audit verification besides strict disciplinary actions against the concerned for non-production of record.
- x) Audit recommends investigation of the matter of non-reconciliation, back up record at higher office and difference of data so provided for presentation of actual data.
- xi) Financial discipline and internal controls need to be strengthened in true spirit.

INTRODUCTION

Background and Programme Description

Government of the Punjab introduced the concept of School Councils (SCs) in 1990 and subsequently School Councils were revitalized across the province under Punjab Education Sector Reform Program (PESRP). The basic objective of this program was to improve the governance, education standard and accessibility in the field of education. This programme was closed on 30.06.2014 and replaced with another programme named as Non-Salary Budget (NSB).

Fifty six thousand (56,000) School Councils were functioning in the Province of Punjab, out of which 1,694 are in District Bahawalpur. A School Council consists of 9 to 17 members which includes more than 50 percent parent members. SC is authorized to incur expenditure upto Rs 400,000 during one financial year on purchase of furniture, sports material, stationery, construction / repair of school building, provision of electricity and water and temporary hiring of teachers. Furthermore, SCs have to inform Assistant Education Officers (AEOs) in case of prolonged absence of staff and teachers, make efforts to improve admission of children through ensuring 100 percent enrollment of students and educate the parents regarding importance of education.

Objectives of Programme

According to SC Policy 2007, the basic objective of SCs was to improve the governance, education standard and accessibility in the field of education by adopting following measures:

- i) Increasing the enrollment of children and reducing tendency of leaving school through frequent parent-teacher meetings and motivating parents/public regarding importance of education.
- ii) Ensuring easy accessibility of students to the educational institutions.
- iii) Ensuring better governance in the field of education through better conditions of school buildings, creating good environment for education.

iv) Maintenance of required record espially financial record.

Duties of School Council

- i. monitoring of attendance of teachers and other staff including reporting of long absentesim to higher offices.
- ii. motivation of management of school for enhancing co-curricular activities.
- iii. taking such initiatives to safeguard the rights of teachers and student besides provision of books and quarterly stipend to the students.
- iv. transparent and efficient utilization of funds made available to SC.
- v. maintenance of financial record for utilization of funds and proceedings of SCs.
- vi. arranging at least one SC meeting so that at least 10 meetings be held during a financial year.
- vii. preparation of development plan, execution and ensuring completion.
- viii. taking steps to safeguard land and building of school from misuse or occupation.

Sources of Funds

Government of the Punjab provided funds to School Councils (SCs) through Special Drawing Accounts (SDAs) in the following manners:

- i) Revenue portion of Tied Grants transferred in Special Drawing Accounts (SDAs) operated by District Coordination Officer (DCO) and EDO (F&P).
- ii) Annual School Council Fund transferred in Special Drawing Account (SDA) operated by EDO (Education) and District Monitoring Officer (DMO).
- iii) District Government, Bahawalpur also allocated funds in regular budget of Deputy District Education Officers (Dy. DEOs).

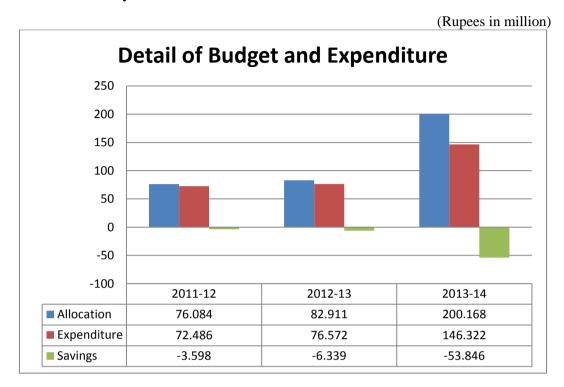

Year-wise breakup of funds allocated and transferred to SCs during Financial Years 2011-12 to 2013-14

(Rupees in Million)

	(Rupees in Million) 2011-12 2012-13 2013-14									
Sr. No.	Description	Allocation	Expenditure	Balance	Allocation	Expenditure	Balance	Allocation	Expenditure	Balance
1	Funds transferred by the District Government through budget of Dy. DEOs	26.565			36.620			43.651		
2	Funds transferred by the Finance Department as Tied Grant	-	72.486	3.598	2.501	76.572	6.338	107.373	146.322	53.846

	Grand Total for 3 years						359.163	295.380	63.783	

Source: Summary provided by Deputy DEOs along with releases.

Graphical presentation of funds allocated / transferred to School Councils from financial years 2011-12 to 2013-14 is as under:

Outcomes and Achievements

Outcomes and A	_	-				
Activity	Output	Outcomes/Achievements	Remarks/Comments			
Increase the enrollment of children by Motivation of parents for importance of education.	Increase in admission of students	Nominal increasing trend was observed in admission of students.	SCs members failed to motivate the parents for admission of their children in public sector schools.			
Monitoring of teachers and other staff attendance	Availability of teachers and staff	Optimal utilization of services of teachers was not ensured	Rationalization of deployment of teachers is required.			
Maintain school building and other assets.	Availability of infrastructure	Head Teachers of various schools in response to the questionnaire, pointed out many deficiencies regarding insufficient class rooms, non-availability of staff room, dilapidated condition of toilets, insecure boundary walls, water and electricity problems, non-availability of trees/greenery and insufficient furniture etc.	Appropriate action required for provision of missing facilities by the Government.			
Constitution of School Council according to the procedure defined in the School Council Policy	Providing equal opportunity to all to become member of SC.	Prescribed procedure was not adopted for constitution of SC. Members were added / replaced with one another on sole discretion of Head Teacher.	Responsibility needs to be fixed on AEOs who did not remain vigilant in discharge of their duties.			
Preparation of annual development plan	Determination of annual requirement of funds and providing base for planning.	Active involvement of SCs in preparation of Annual Development Plan was lagging behind.	Proper training needs to be provided to AEOs, Head Teachers and members of SC.			
Procurement according to procedure defined in the School Council Policy	Execution of financial transaction in transparent manner.	Procurement procedures were not adopted while making procurement.	Proper training needs to be provided to AEOs, Head Teachers and members of SC.			
Keeping the record of financial transaction and other affairs of SC.	Keep available documentary evidences / track record of activities of performance of SC's members.	Proper record was not maintained	Proper training needs to be provided to AEOs, Head Teachers and members of SC to handle the affairs.			
Prevent unauthorized use of school land and building.	Proper use of Public resources	Instances of illegal occupation of school land were also observed.	Appropriate preventive measures need to be adopted.			

Objectives of Special Study

The main objectives of the study were to:

- i) examine the allocation and utilization of funds.
- ii) examine the outcomes of the funds expended.
- iii) examine the utilization of funds as per SC policy and codal rules.
- iv) examine the monitoring system of management and internal control.
- v) examine the result-oriented impact of expenditure.
- vi) observe the economy, efficiency and effectiveness in implementation of SC Policy.
- vii) assess the authenticity, competency and transparency while incurring the expenditure.
- viii) point out major deficiencies, irregularities and recommendations for improvement in future.

Scope of Study

The study was conducted in District Bahawalpur by selecting the sample to examine the performance of the SCs for the period from July, 2011 to June, 2014 in coordination with EDO (Education), Bahawalpur. An amount of Rs 359.163 million was transferred to School Councils of 1,694 Primary and Elementary schools from 2011-12 to 2013-14. Audit selected 170 School Councils for study which was 10 percent of total population of 1,694 School Councils. Expenditure incurred by selected schools was Rs 49.473 million.

Methodology

Following methodology was adopted keeping in view the School Council Policy, Financial and Procurement Guidelines.

i) Collection of detail of funds transferred to SCs and sample selection from the population in District Bahawalpur.

- ii) Analyses of the data of selected schools with the help of analytical procedures.
- iii) Developing the questionnaire for obtaining various information about functioning of SCs and supervision of higher office (Annex-A).
- iv) Assessment of the reliability and validity of information provided by the Education Department.
- v) Preliminary discussions with officers/staff of District Education Department, Head Teachers and evaluation of feedback.
- vi) Analyzing the reports of District Monitoring Officer and Education Authorities

Scope of Audit

Data/information regarding transfer of funds to SCs was demanded from the EDO (Education) Bahawalpur. Although, EDO (Education) and Liaison Officer cooperated with the Audit yet complete requisite information was not provided as the data / record was scattered in remote areas. Most of the data was collected from Head Teachers concerned. Abnormal delays in provision of record by some entities and non provision of important data limited the scope of Audit.

STUDY FINDINGS

1 Non-production of Record

Following issues were noticed during special study:

1.1 According to Clause 14 (1) (b) of the Auditor General's (Functions, Powers and Terms and Conditions of Service) Ordinance 2001, "the Auditor General shall in connection with the performance of his duties under this ordinance, have authority to inspect any office of accounts, under the control of Federation or of the Province or of District including Treasuries and such offices responsible for the keeping of initial and subsidiary accounts".

Education Department Bahawalpur did not cooperate and did not provide record of seven schools selected for special study. Audit checked record of 163 schools and record of seven schools was not produced. It is worth mentioning that Education Department did not cooperate for preparation of TORs and record of some schools was also not provided during execution which showed poor cooperation on the part of the management. **Annex-B**

Audit is of the view that due to negligence of management, record was not produced to Audit for verification.

Legitimacy of expenditure could not be ensured due to non provision of record.

The matter was reported to CEO (District Education Authority) in June, 2017. Management replied that the amount came from Account-1 (SDA) and did not fall under the audit purview of concerned audit office. Reply was not tenable as AGP is fully empowered to carry out audit of expenditure incurred out of public money and this study was a part of audit plan.

DAC, in its meeting held during October, 2017 directed Dy.DEOs concerned for provision of the desired record within one month. No progress was intimated till finalization of this Report.

Audit recommends that desired record be produced for verification at the earliest and necessary action be initiated against the persons at fault who evaded provision of record.

1.2 According to Clause 14 (1) (b) of the Auditor General's (Functions, Powers and Terms and Conditions of Service) Ordinance 2001 "the Auditor General shall in connection with the performance of his duties under this ordinance, have authority to inspect any office of accounts, under the control of Federation or of the Province or of District including Treasuries and such offices responsible for the keeping of initial and subsidiary accounts".

Various Deputy DEOs (Male & Women) did not provide record of release of funds of various financial years due to which audit could not check detail of funds received and disbursed with the list of schools. In the absence of requisite record, it could not be ascertained when amounts were transferred and what was actual number of schools to which funds were transferred. Audit calculated amounts from summaries provided by the offices. Detail is given below:

(Amount in rupees)

DDOs	Financial Year	Amount of funds
Dy. DEO (EE-M) Ahmed Pur East	2012-13	5,720,000
Dy. DEO (EE-W) Khair Pur Tamewali	2011-14	9,908,860
Dy. DEO (EE-W) Ahmed Pur East	2012-14	12,090,000
Dy. DEO (EE-M) Yazman	2012-13	3,694,074
Dy. DEO (EE-M) Khair Pur Tamewali	2011-13	811,913
Total		32,224,847

Audit is of the view that due to negligence, record of release of funds of various financial years was not provided.

Non provision of record of releases created doubts regarding legitimacy of expenditure amounting to Rs 32.225 million.

The matter was reported to CEO (District Education Authority) in June, 2017. Management replied that audit of SC funds conducted by the audit party of RDA Bahawalpur was violation of the Notification No. IT (FD)3-13/202 dated

07.01.2004 as SC funds did not fall under the audit purview. Reply was not tenable as AGP is fully empowered to carry out audit of expenditure incurred out of public money and this study was a part of audit plan.

DAC, in its meeting held during October, 2017 directed Dy.DEOs concerned to produce the relevant record within one month. No progress was intimated till finalization of this Report.

Audit recommends strict action against the person(s) at fault along with production of the requisite record to Audit.

1.3 According to Clause 14 (1) (b) of the Auditor General's (Functions, Powers and Terms and Conditions of Service) Ordinance 2001, "the Auditor General shall in connection with the performance of his duties under this ordinance, have authority to inspect any office of accounts, under the control of Federation or of the Province or of District including Treasuries and such offices responsible for the keeping of initial and subsidiary accounts".

Various Deputy DEOs (Male & Women) did not provide bank statements of SC accounts during 2011-14 due to which audit could not check details of funds received and disbursed. In the absence of bank statements, the total amount received, disbursed and balance (if any) could not be ascertained. Detail is given below:

(Amount in rupees)

Sr. No.	DDOs	Total funds transferred by Dy.DEOs
1	Dy.DEO(EE-M)Ahmed Pur East	15,668,490
2	Dy.DEO(EE-W) Ahmed Pur East	15,035,039
3	Dy.DEO(EE-W)KhairPur Tamewali	2,291,913
4	Dy.DEO(EE-M)Khair Pur Tamewali	5,267,951
5	Dy.DEO(EE-M)Yazman	12,758,148
6	Dy.DEO(EE-W)Yazman	10,420,072
7	Dy.DEO(EE-W)Hasilpur	9,908,860
8	Dy.DEO(EE-M)Hasilpur	9,506,445
9	Dy.DEO(EE-W)Bahawalpur City Women	14,756,309
10	Dy.DEO(EE-M) Bahawalpur City Male	-
	Total	95,613,227

Audit is of the view that due to negligence, record of bank statements of various financial years was not provided to Audit.

Non provision of bank statements created doubts regarding legitimacy of expenditure amounting to Rs 95.613 million.

The matter was reported to CEO (District Education Authority) in June, 2017. Management replied that audit of SC funds conducted by the audit party of RDA Bahawalpur was violation of the Notification No. IT (FD)3-13/202 dated 07.01.2004 as SC funds did not fall under the audit purview. Reply was not tenable as AGP is fully empowered to carry out audit of expenditure incurred out of public money and this study was a part of audit plan.

DAC, in its meeting held during October, 2017 directed Dy.DEOs concerned to produce the relevant record within one month. No progress was intimated till finalization of this Report.

Audit recommends strict action against the person(s) at fault along with production of the requisite record to Audit.

2 Fraud/Embezzlement

Following issues were noticed during special study:

2.1 According to Rule 2.31 of PFR Vol-I a drawer of bill for pay, allowance, contingent & other expenses will be held responsible for any over charge, fraud and misappropriation.

Funds amounting to Rs 217,000 were misappropriated by Deputy DEO (EE-M) Ahmad Pur East during 2011-12. The record of release of funds showed that funds were shown transferred through bank to various schools but when cross checked in bank statements the same were not reflected / found in relevant school record. Furthermore, Audit checked the record of a sample of 10% selected schools only but chances of non transfer of funds in many other schools could not be ruled out. **Annex-C**

Audit is of the view that due to weak financial controls, funds were shown to be transferred but actually not transferred to schools.

Non transferring funds to schools resulted in misappropriation of funds amounting to Rs 217,000.

The matter was reported to CEO (District Education Authority) in June, 2017. Management did not reply the audit observation.

DAC, in its meeting held during October, 2017 directed Deputy DEO (EE-M) Ahmad Pur East to recover the amount from the concerned besides fixing responsibility on the concerned within 15 days. No progress was intimated till finalization of this Report.

Audit recommends holding of inquiry for probing the matter and recovery of amount besides fixing responsibility on the person(s) at fault.

3 Organization and Management

Organization and management refers to optimum utilization of resources through meticulous planning and control at the work place. According to Para 3 of School Council Policy 2007 the heads of schools were authorized to utilize funds through School Councils comprising of 9 to 17 members including atleast 50% parents. The School Councils were working under the supervision of AEOs, Deputy DEOs, DEOs and EDO. Main objective of this programme was to improve the governance, education standard and accessibility through increasing enrollment of students, curtail trend of absentesim of teachers and staff and to provide clean and healthy atmosphere in schools. Issues regarding management of resources with a focus on improving management, especially with reference to economy, efficiency and effectiveness in management of resources have been tried to bring into limelight.

Following issues were noticed during special study:

3.1 According to the School Council Policy, 2007 (notified for primary and middle schools in the Punjab) specific procedure is defined for formulation/reformulation of SCs, holding of meeting, recording of minutes of meetings and composition of SCs.

Contrary to the provisions of the School Council Policy, 2007, following deficiencies / managerial and implementation flaws were noticed in various schools which reflect lack of interest on the part of management and SCs. **Annex-D**

- i. Expenditure was incurred after expiry of prescribed tenure of SCs in 81 schools i.e. 30.06.14.
- ii. AEO did not attend the meetings for constitution of SCs in 124 schools.
- iii. AEO did not issue the SC Notification in 124 schools.
- iv. Minutes of meeting, for constitution of SCs, addition and cancellation of SCs memberships in various schools were not recorded.

- v. Membership of School Councils remained below the minimum requirement of 9 members in 125 schools.
- vi. Members of SCs were required to be in odd numbers but in subject case, the same were in even numbers i.e. 12.
- vii. Representation of parent members remained below 50 percent in 4 schools.
- viii. Prescribed procedure was not observed for addition/replacement of members.
 - ix. Signatures of SC members did not match with those of mentioned / recorded in minutes of meeting register of many schools.
 - x. Number of SC meetings remained less than 10 in one financial year in 108 schools.

Above deficiencies reflected weak managerial control and lack of interest on the part of management towards implementation of spirit of programme.

Audit is of the view that due to weak managerial controls, deviation from School Council Policy occurred.

Deviation from School Council Policy resulted in irregular working of SCs.

The matter was reported to CEO (District Education Authority) in June, 2017. Management replied that all formalities were fulfilled as per SC Policy. Reply was not tenable as no documentary evidence was produced in support of reply.

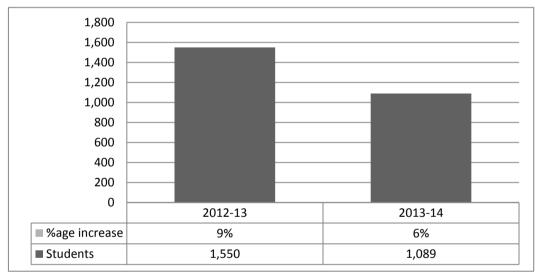

DAC, in its meeting held during October, 2017 directed Dy.DEOs concerned to make concrete efforts for reducing the managerial lapses in incurring of expenditure on account of SC funds. No progress was intimated till finalization of this Report.

Audit recommends investigation for lack of vigilance in running affairs of schools without considering provisions of the School Council Policy besides capacity building of Head Teachers, AEOs and members of SC to achieve better results.

3.2 According to Para 4.1(ii) and (iii) of the School Council Policy, 2007, it is the responsibility of SCs to take steps to increase the admission of students and to motivate the parents regarding importance of education.

During analysis of data regarding admission of students in 155 schools from 2011-12 to 2013-14, it was observed that increasing trend in the student admission was nominal which might be due to increase in population growth instead of efforts of SCs. This situation revealed that objective of the policy could not be achieved in true spirit. Furthermore, 15 schools did not submit information about enrollment of students. Detail is given below:

Year	Number of Students	Increase	Percent Increase
2011-12	18,009	-	Base Year
2012-13	19,559	1,550	9%
2013-14	20,648	1,089	6%

Furthermore, it was also observed that in 45 schools there was decreasing trend of students in Government schools whereas in 105 schools, number of students increased and in five schools, it remained at par.

Annex-E

Trend	Trend Range	
Dograging	-1% to -25%	40
Decreasing	-26% to -58%	5
	45	
	01% to 50%	82
Increasing	51% to 100%	14
	101 % to 200%	9
	Total	105
No Change	0%	5
	5	
	155	

It was also observed that total number of students during FY 2013-14 were less than 100 in 69 schools which resulted in improper utilization of human resource and infrastructure of schools. **Annex-E-ii**

Above stated facts revealed that SCs failed to realize / motivate the parents regarding importance of education and consequently enrollment could not be increased.

Audit is of the view that due to weak managerial controls, admissions of students were less increased.

Less increase in admission of students resulted in wastage of Government resources.

The matter was reported to CEO (District Education Authority) in June, 2017. Management replied that as per Chief Minister's (CM) road map, report regarding new admission in Government schools was being submitted on daily basis and admission graph was going up day by day. Reply was not tenable as selected schools for SC study did not show proper increase.

DAC, in its meeting held during October, 2017 directed Dy. DEOs concerned to make concrete efforts for increasing the ratio of admissions of

students in the Government schools as per requirement. No progress was intimated till finalization of this Report.

Audit recommends that strenuous efforts be made for motivation of parents as well as students to increase number of admissions in Government institutions. Furthermore, slow progress in this regard may be investigated.

3.3 According to Para 3 of Government of the Punjab, School Education Department letter No.SO (SE-III) 2-13/2007 dated 31.05.2012 "A proper School should have six teachers and six classrooms for six classes and it should also have an enrollment of 200 or above @40 students per teacher per classroom".

Data regarding deployment of teachers in various schools revealed that the criteria fixed by Government of the Punjab, was not observed in true spirit. Optimal use of human resources was not ensured in 81 schools and quality of education suffered with adverse impact in 24 out of 159 schools as detailed below: **Annex-F**

Sr. No.	Range (No. of students per teacher)	Number of Schools	%age	Remarks		
1	8-30	81	51%	Non-optimal utilization of human resources		
2	31-49	54	34%	Not according to policy		
3	50-298	24	15%	Education quality suffered with adverse impact		
	Total	159	100%			

It appeared that deployment of teachers was not uniform resulting in failure of optimum utilization of human resources and adverse impact on quality of education.

Audit is of the view that due to weak managerial controls, teacherstudents and class rooms ratio was not observed.

Non observance of teacher-students and class room ratio resulted in violation of instructions as well as non-optimal utilization of human resources.

The matter was reported to CEO (District Education Authority) in June, 2017. Management replied that sufficient posts of teachers were lying vacant and interviews were carried out and candidates were selected to be posted in the schools. Reply was not tenable as teachers were deployed in uneven manner in violation of policy and no evidence was provided in support of reply.

DAC in its meeting held during October, 2017 directed Dy. DEOs concerned to get the matter regularized from the competent authority within 15 days. No progress was intimated till finalization of this Report.

Audit recommends regularization of the matter from the competent authority besides rationalization of the deployment of teachers.

3.4 According to Para 5 of the Financial Rules and Procedures given in the School Council Policy, bi-annual scrutiny of record (Cash Book, bills and allied record) will be carried out by School Councils.

Contrary to the provision of the School Council Policy, bi-annual scrutiny of record was not conducted even in a single school which resulted in maintenance of unauthentic record of SCs and spirit of the programme was not implemented in ture manner. And as a result there were various problems occurring in schools i.e improper record maintenance etc.

Audit is of the view that due to weak managerial controls, bi-annual scrutiny of record (cash book, bills and allied record) was not conducted.

Non conducting bi-annual scrutiny of record (cash book, bills and allied record) resulted in irregular working.

The matter was reported to CEO (District Education Authority) in June, 2017. Management replied that every inspecting officer checked the record of SCs as and when visited the school and sufficient recoveries were affected from defaulters who misused SC funds. Reply was irrelevant as no record was produced in support of reply.

DAC, in its meeting held during October, 2017 directed Dy. DEOs concerned to make concrete efforts for conducting field inspections as required. No progress was intimated till finalization of this Report.

Audit recommends investigation of matter in the light of instructions of the School Council Policy and fixing responsibility in case of deficiency besides providing training to AEOs, Head Teachers and members of SCs.

3.5 According to Section 4.3 of the School Council Policy, 2007, it is compulsory for School Council to maintain record of Notification of School Council, Notification for cancellation of membership of SC, members of Schools Council, inspection register for members of School Council, minutes of meeting, development work, approved resolutions, cash book, moveable/immoveable property, curricular/co-curricular activities and correspondence file.

Record of 163 schools indicated that Form-I was not maintained by 50 schools whereas record of 113 schools indicated that the same was maintained in hurriedness without observing the format given in the School Council Policy. Furthermore, none of the schools maintained Form-2, Form-3, Form-4 and other essential record as detailed below:

	Record not Maintained								
Sr. No.	Description of record	Record not maintained by number of schools	Record maintained by number of schools	Total number of schools checked	%age of non- maintenance of record				
1	Form-1 Notification of School Council	50	113	163	66%				
2	Form-2 Notification for cancellation of membership of SC	163	0	163	100%				
3	Form-3 Record of members of Schools Council	163	0	163	100%				
4	Form-4 Inspection registers for members of School Council	163	0	163	100%				
5	Record of Moveable / Immoveable Property	163	0	163	100%				
6	Record of curriculum / non-curriculum activities	163	0	163	100%				
7	Correspondence file	163	0	163	100%				

Audit is of the view that due to weak managerial controls, prescribed record was not maintained.

Legitimacy of the expenditure amounting to Rs 49.473 million could not be ensured due to non maintenance of prescribed record.

The matter was reported to CEO (District Education Authority) in June, 2017. Management replied that audit of SC funds conducted by the audit party of RDA Bahawalpur was violation of the Notification No. IT (FD) 3-13/202 dated 07.01.2004 as SC funds do not fall under the audit purview. Reply was not tenable as AGP is fully empowered to carry out audit of expenditure incurred out of public money and this study was a part of audit plan.

DAC, in its meeting held during October, 2017 directed Dy. DEOs concerned to maintain record as per requirements of School Council Policy. No progress was intimated till finalization of this Report.

Audit recommends investigation of the matter and fixing responsibility for non-maintenance of basic record besides capacity building of AEOs, Head Teachers and SC members.

4 Financial Management

Financial Management of a programme deals with proper utilization of financial resources in such a manner as to accomplish its pre-defined goals and objectives. According to School Council Policy 2007 the School Councils were authorized to incur expenditure for the prescribed purposes upto Rs 400,000 during a financial year. Required procedure was to open bank account with Chairman of council and Head teacher being co-signatory and payments were to be made after approval of School Councils. The heads of schools were authorized to utilize funds according to their needs / requirements through School Councils under the supervision of AEOs, Deputy DEOs, DOs and EDO.

Following issues were noticed during special study:

4.1 According to Para 4.9.1 read with Para 4.8.1 of the School Council Policy, 2007, School Council was authorized to incur expenditure for the prescribed purposes upto Rs 400,000 during a financial year.

It was observed that School Councils (SCs) of 20 schools incurred expenditure of Rs 1.544 million in excess of authorized limit of Rs 400,000 in a financial year on various activities including civil works. Irregularity depicted weak financial controls and lack of vigilance on the part of Head Teachers and SC members. **Annex-G**

Audit is of the view that due to weak financial controls, expenditure was incurred in excess of authorized limit of Rs 400,000 during a financial year.

Expenditure in excess of authorized limit of Rs 400,000 resulted in irregular expenditure amounting to Rs 1.544 million.

The matter was reported to CEO (District Education Authority) in June, 2017. Management replied that School Council was empowered to incur expenditure upto Rs 500,000 and all expenditure was within budgetary provisions. Reply was not tenable as supporting documents were not produced.

DAC in its meeting held during October, 2017 directed Dy. DEOs concerned to get the expenditure regularized from the competent authority within one month. No progress was intimated till finalization of this Report.

Audit recommends regularization of expenditure besides fixing responsibility on the person(s) at fault for incurring expenditure in excess of authorized limit.

4.2 According to Section 3.8 of the Procurement and Financial Guidelines for School Councils, SCs were required to inform EDO (Education) and DMO regarding calling of tenders for purchase/construction/repair work. The tender notices were to be affixed/pasted at five different places as well as on school notice board, 15 days response time was to be provided for submission of bids, the time and date for opening of tenders and complete specifications of items were to be mentioned in the tender notice. Furthermore, comparative statements of bids were to be prepared for evaluation of most economical bids and DMO was to be informed regarding supply/work order issued to the lowest bidders on procurements and execution of construction works having cost of Rs 100,000 to Rs 400,000.

School Councils incurred expenditure of Rs 89.414 million which was released by EDO (Education) during 2013-14 for purchase of furniture without observing the pre-requisites like; informing EDO (Education) and DMO regarding calling of tenders and all tendering process. Proper purchase process was not in practice in any of schools checked and there was nothing on record regarding completion of purchase process. So, the transparency of the whole process could not be deemed as valid.

Audit is of the view that due to weak managerial controls, prescribed peocedure was not followed in purchase of furniture.

Non compliance of prescribed procedures in purchase of furniture resulted in irregular expenditure amounting to Rs 89.414 million.

The matter was reported to CEO (District Education Authority) in June, 2017. Management replied that vide Govt. of the Punjab Finance Department Notification No. IT(FD)3-13/2002, dated 07.01.2014 "SC funds do not fall under the audit preview. Reply was not tenable as it was violation of Section 3.8 of the Procurement and Financial Guidelines for School Councils and furthermore AGP is fully empowered to carry out audit of expenditure incurred out of public money and this study was a part of audit plan.

DAC, in its meeting held during October, 2017 directed Dy. DEOs concerned to get the expenditure regularized from the competent authority within one month. No progress was intimated till finalization of this Report.

Audit recommends regularization of expenditure besides fixing responsibility on the person(s) at fault for incurring expenditure without fulfilling procedural requirements.

4.3 According to Section 4.4.2, 4.4.7 & 4.4.8 of financial procedure for School Councils, AEO shall be intimated about the development plan and AEO in case of any objection will intimate that to Chairperson / Head Teacher in writing alongwith copy sent to Dy DEO. Development work shall be done according to the design and specification approved by the Government and if such type of development work has to be done requiring technical guidance then School Council will submit application in writing to AEO or Dy. DEO for provision of technical guidance and relevant officers are bound for compliance and School Council shall incur development expenditure at market or lesser rates with consideration of school benefit. Moreover, on completion of development work, a written report shall be submitted to Dy. DEO".

Head Teachers of 140 schools incurred expenditure of Rs 29.773 million on account of development activities without fulfillment of prescribed formalatities. Available record indicated that approval of Annual Development Plan and technical guidelines by the AEOs, technical estimates and completion reports by the SCs were not on the record. Furthermore, expenditure was incurred

in pieces without calling quotations and fulfilling the tendering formalities. **Annex-H**

Audit is of the view that due to weak managerial controls, expenditure was incurred without fulfillment of prescribed formalities i.e. annual development plan, prior approval from SC, preparation of detailed estimates, specification, technical guideline by the AEOs and completion report.

Non observance of prescribed formalities resulted in irregular expenditure amounting to Rs 29.773 million.

The matter was reported to CEO (District Education Authority) in June, 2017. Management replied that expenditure was incurred for security measures. Hence, no above procedures were required. Reply was not tenable as there was no documentary evidence produced for payment regarding security measures without applying SC Procurement and Financial Guidelines for School Councils.

DAC, in its meeting held during October, 2017 directed Dy. DEOs concerned to get the expenditure regularized from the competent authority within one month. No progress was intimated till finalization of this Report.

Audit recommends regularization of expenditure besides fixing responsibility on the person(s) at fault for incurring expenditure without fulfilling prescribed formalties.

4.4 According to Para 4.8.2 of the School Council Policy, 2007, SC was authorized to hire temporary teacher for the maximum period of four months and in case of extension in contract the case will be submitted to EDO who being authorized officer would grant extension upto maximum period of four months and full efforts would be made to allocate regular teacher during such period.

During special study, it was observed that H/M GPS 152/AB of Yazman hired a teacher on temporary basis and paid salaries @ Rs 2,500 per month for periods of 13 months but approval of excess periods of 9 months was not obtained by EDO (Education), involving irregular expenditure of Rs 22,500.

Audit is of the view that due to weak financial management, temporary teacher was hired for period beyond four months.

Hiring of temporary teacher for period beyond four months resulted in irregular expenditure amounting to Rs 22,500.

The matter was reported to CEO (District Education Authority) in June, 2017. Management did not reply the audit observation.

DAC, in its meeting held during October, 2017 directed Dy. DEO (EE-M) Yazman to get the expenditure regularized from the competent authority within one month. No progress was intimated till finalization of this Report.

Audit recommends regularization of the expenditure from the competent authority and implementation of better internal controls to improve financial management.

4.5 According to Para 3.4 of the Procurement & Financial Guidelines and Para 4.4 of the School Council Policy, annual procurement and development plan have to be prepared after determining requirements and finalization of priorities.

District Government, Bahawalpur allocated funds of Rs 106.836 million against the DDO codes of Deputy District Education Officers (Dy. DEOs) during 2011-14. Deputy DEOs deposited funds in their bank accounts after withdrawal from the Government Treasury. Subsequently, funds were transferred to School Councils periodically over the year without need assessment for funds and without preparation of annual procurement / development plan by SCs.

Audit is of the view that due to weak financial and managerial controls, funds were transferred to School Councils without need assessment and without preparation of annual procurement/development plan by SCs.

Transfer of funds without need assessment and without preparation of annual procurement/development plan by SCs resulted in irregular expenditure amounting to Rs 106.836 million.

The matter was reported to CEO (District Education Authority) in June, 2017. Management replied that funds were transferred @ Rs 20,000 per primary and Rs 50,000 per elementary school. However, funds were allocated to needy schools through pen-slips as well. Reply was not tenable as need assessment plan was not produced to Audit.

DAC, in its meeting held during October, 2017 directed Dy. DEOs concerned to get the expenditure regularized from the competent authority within one month. No progress was intimated till finalization of this Report.

Audit recommends regularization of the expenditure besides development of proper mechanism for need assessment on school to school basis before allocation and withdrawal of funds from treasury.

4.6 According to Government of the Punjab, School Education Department Order No.SO (SNE) PMIU/2008(P) dated 11.12.2013, funds were allocated for transfer to SCs @ Rs 20,000 for each Primary School, Rs 40,000 for each Model Primary School and Rs 50,000 for each Elementary School.

Contrary to the above, EDO (Education), Bahawalpur transferred funds to School Councils of 39 schools, in excess of authorized limit, during Financial Years 2011-2014 from SDA which resulted in excess payment of Rs 12.304 million to favourite SCs. **Annex-I**

Audit is of the view that due to financial mismanagement, excess funds were released to SCs in excess of authorized limit.

Release of funds in excess of authorized limit to SCs resulted in irregular expenditure amounting to Rs 12.304 million.

The matter was reported to CEO (District Education Authority) in June, 2017. Management replied that the amount came from Account-1 (SDA) and did not fall under the audit purview of concerned audit office. Reply was not tenable as AGP is fully empowered to carry out audit of expenditure incurred out of public money and this study was a part of audit plan.

DAC, in its meeting held during October, 2017 directed Dy. DEOs concerned to get the expenditure regularized from the competent authority within one month. No progress was intimated till finalization of this Report.

Audit recommends regularization of expenditure from the competent authority besides investigation of the matter and fixing responsibility on the person(s) at fault.

4.7 According to guidelines the programme was closed on 30.06.2014.

Scrutiny of record of schools revealed that funds amounting to Rs 500,000 were released after closure of programme 30.06.2014. Audit checked bank statements and it was noticed that funds were credited after 30.06.2014 and reasons for that were not on the record. Thus, funds were deliberately kept with the DDOs and transferred just to fulfill the formality of transfer resulting in irregular / unauthorized transfer of funds after closing of programme. **Annex-J**

Audit is of the view that due to financial mismanagement, funds were released after closing of programme.

Release of funds after closing of programme resulted in irregular expenditure amounting to Rs 500,000.

The matter was reported to CEO (District Education Authority) in June, 2017. Management replied that the amount came from Account-1 (SDA) and did not fall under audit purview of concerned audit office. Furthermore, audit of SC funds conducted by the audit party of RDA Bahawalpur was violation of the Notification No. IT (FD)3-13/202 dated 07.01.2004 as SC funds do not fall under the audit purview. Reply was not tenable as AGP is fully empowered to carry out audit of expenditure incurred out of public money and this study was a part of audit plan.

DAC, in its meeting held during October, 2017 directed Dy. DEOs concerned to get the expenditure regularized from the competent authority within one month. No progress was intimated till finalization of this Report.

Audit recommends regularization of expenditure from the competent authority besides investigation of the matter and fixing responsibility on the person(s) at fault.

4.8 According to School Council Policy 2007, it was responsibility of head teacher to maintain record of release of funds in specific manner.

Scrutiny of record of a few schools revealed that funds amounting to Rs 397,646 were credited in bank statements more than the amount transferred by Deputy DEO (EE-M) Ahmed Pur East during 2011-12. Record of release of funds showed that funds of Rs 180,000 were transferred through bank on dated 08.06.2012 to various schools but cross checking with the bank statements revealed that funds of Rs 577,646 were transferred in those schools. The status of excess transfer was not on the record and it put question marks on the whole process of transfer of funds. As audit checked the record of a sample of 10 % schools only, there were chances of transfer of much more amount in doubtful manner. **Annex-K**

Audit is of the view that due to weak financial controls, funds were transferred more than realeased fund.

Excess transfer of funds in schools than releases resulted in doubtful process of releases.

The matter was reported to the CEO (District Education Authority) in June, 2017. Management did not reply the audit observation.

DAC, in its meeting held during October, 2017 directed Deputy DEO (EE-M) Ahmed Pur East to get the expenditure regularized from the competent authority within one month. No progress was intimated till finalization of this Report.

Audit recommends regularization of expenditure from the competent authority besides investigation of the matter and fixing responsibility on the person(s) at fault. 4.9 According to guidelines the programme was closed on 30.06.2014.

During examination of selected schools it was observed that expenditure of Rs 14.942 million was incurred by various schools even after closing date of programme i.e. 30.06.2014. It was noticed that programme was closed on 30.06.2014 but funds were even used after stipulated period. Furthermore, it is worth mentioning that this programme was replaced with another programme "Non Salary Budget (NSB)" and schools were provided with huge amount of funds under NSB which meant that schools utilized double amount. **Annex-L**

Audit is of the view that due to financial mismagement, expenditure was incurred by various schools even after closing of programme i.e. 30.06.2014.

Expenditure after closing of programme resulted in irregular expenditure of Rs 14.942 million.

The matter was reported to CEO (District Education Authority) in June, 2017. Management replied that the amount came from Account-1 (SDA) and did not fall under audit purview of concerned office in the light of the Notification No. IT (FD)3-13/202 dated 07.01.2004. Reply was not tenable as AGP is fully empowered to carry out audit of expenditure incurred out of public money and this study was a part of audit plan.

DAC, in its meeting held during October, 2017 directed Dy. DEOs concerned to get the expenditure regularized from the competent authority within one month. No progress was intimated till finalization of this Report.

Audit recommends regularization of expenditure from the competent authority besides investigation of the matter and fixing responsibility on the person(s) at fault.

4.10 According to the supplement B, para 9 of instruction of SC grant from the Government of Punjab, amount allocated for one term cannot be utilized for another term.

During scrutiny of record of various schools, it was revealed that funds of Rs 15.572 million were lying in the bank accounts on closing of programme i.e 30.06.2014 despite the fact that funds were transferred for specific purpose. Furthermore, it showed inefficiency of Education Department as they did not ensure fulfillment of schools requirements, proper timely release of funds and status of unspent balance available in bank account at the time of releasing funds. It showed inefficiency on the part of SCs for not ensuring timely utilization of funds. Detail of some instances is given in **Annex-M** which showed that even specific funds i.e. purchase of furniture and construction etc. were also not utilized within stipulated time that caused no-acheivement of objectives of the programme in true spirit.

Audit is of the view that due to financial mismanagement, funds were not utilized within the stipulated time.

Non utilization of funds within the stipulated time resulted in non utilization of funds and objectives of programme were not achieved in true spirit.

The matter was reported to CEO (District Education Authority) in June, 2017. Management replied that vide Govt. of the Punjab Finance Department Notification No. IT (FD) 3-13/2002, dated 07.01.2014 "SC funds do not fall under the audit preview". Reply was not tenable as AGP is fully empowered to carry out audit of expenditure incurred out of public money and this study was a part of audit plan.

DAC, in its meeting held during October, 2017 directed Dy. DEOs concerned to get the expenditure regularized from the competent authority within one month. No progress was intimated till finalization of this Report.

Audit recommends regularization from the competent authority and disciplinary action against the person(s) at fault besides improving efficiency and monitoring system of utilization of funds within the period and for the specific purposes.

5 Monitoring, Evaluation and Internal Controls

Monitoring and evaluation is a process that helps the management to improve the performance of a programme and to achieve desired results. Its goal is to improve current and future management of outputs, outcomes and impact. According to School Council Policy, 2007, it was compulsory to report attendance of teachers and report long term absence periods to CEO (EDOs) accordingly, to hold monthly meetings, to keep record of all financial matters including record of moveable/immoveable property and all records pertaining to SC meetings. Furthermore, all funds disbursed by different authorities and received by schools were to be reconciled. The heads of schools were authorized to utilize funds according to their requirements through School Councils under the supervision of AEOs, Deputy DEOs, DEOs and EDO.

Following issues were noticed during special study:

5.1 According to Para 6.2 of the School Council Policy, EDO (Education) will obtain three months bank statement of SC's bank account through Deputy DEO for scrutiny of utilization of SC Fund. Furthermore, according to Para 2.2(b) of revised procedure for operation of special drawing accounts issued by Government of the Punjab, Finance Department vide letter dated 11.09.2007 "The drawing authority shall be primarily responsible for recording and accounting of the expenditure on daily basis. The drawing authority will reconcile expenditure with DAO/TO on monthly basis by 7th of each month and will ensure its inclusion in the monthly accounts.

It was noticed that releases were made to the SCs from SDA and from District Budget but reconciliation of expenditure with District Accounts Office was not done. Furthermore, the cash flow of transactions carried out through Deputy DEOs could not be authenticated due to non-maintenance of ancillary record i.e. cash book, reconciliation statements, sanction orders, acknowledgements, bank statements, bills/vouchers, detail of schools to whom funds transferred etc. The weak and ineffective monitoring mechanism adopted

by the Education authorities resulted in financial indiscipline. Moreover, due to non-maintenance/non-availability of basic record, Audit could not apply analytical and substantive testing procedures.

Audit is of the view that due to weak monitoring system, releases made to the SCs from SDA and from District Budget were not reconciled with District Accounts Office.

Non reconciliation of expenditure with DAO created doubts regarding legitimacy of expenditure of Rs 295.380 million.

The matter was reported to CEO (District Education Authority) in June, 2017. Management replied that the amount came from Account-1 (SDA) and did not fall under audit purview of concerned audit office. As SC funds were drawn by the Deputy DEOs from DAO on a simple receipt form, the question of reconciliation was not justified. Reply was not tenable as reconciliation was mandatory and furthermore AGP is fully empowered to carry out audit of expenditure incurred out of public money and this study was a part of audit plan.

DAC, in its meeting held during October, 2017 directed Dy. DEOs concerned to reconcile the account on monthly basis and submit report to audit within one month. No progress was intimated till finalization of this Report.

Audit recommends maintenance of requisite record besides fixing responsibility on the person(s) at fault.

5.2 The School Council Policy was framed to ensure the responsibilities regarding financial matters, civil works, procurement issues, petty expenses, maintenance of record, safeguard/security of assets, operation of bank accounts, deployment of temporary teachers etc. For obtaining effective results in an economical manner, capacity building of the concerned staff was essential.

It was noticed that no measures were adopted to provide required training to Head Teachers and members of School Councils except to provide a guideline for implementation without indicating the proper mechanism to control the financial matters. During examination of record it was observed that teachers were facing numerous problems in maintaining records of SC. They withdrew cash without keeping essential record. Owing to lack of vigilance and non provision of desired trainings, targeted objectives suffered at the implementation stage.

Audit is of the view that due to weak monitoring controls, efforts were not made to provide required training to Head Teachers and members of School Councils.

Non provision of training resulted in hardships towards implementation of spirit of programme and objectives were not achieved.

The matter was reported to CEO (District Education Authority) in June, 2017. Management replied that all the teachers were trained in Lahore for proper utilization of funds. AEOs were instructed to study SC booklets and convey proper knowledge to teachers. Reply was not tenable as no documentary evidence was produced in support of reply.

DAC, in its meeting held during October, 2017 directed Dy. DEOs concerned to make concrete efforts for provision of training to the staff. No progress was intimated till finalization of this Report.

Audit recommends provision of effective training to AEOs, Head Teachers and SC members besides appointing experienced personnel as Head Teachers on regular basis.

5.3 According to Para 2.2(b) of revised procedure for operation of special drawing accounts issued by Government of the Punjab, Finance Department vide letter dated 11.09.2007 "The drawing authority shall be primarily responsible for recording and accounting of the expenditure on daily basis. The drawing authority will reconcile expenditure with DAO/TO on monthly basis by 7th of each month and will ensure its inclusion in the monthly accounts.

There was a huge difference between data provided by Education Department and data provided by schools. The data provided for PSR/TORs was compared with the data of selected number of schools and there was difference in the figures of budget & expenditure. Thus, authenticity of the data could not be ascertained. **Annex-N**

Audit is of the view that due to weak monitoring controls, different figures of budget & expenditure were provided for PSR and by selected schools during execution.

Difference in the figures of budget & expenditure created doubts on maintenance of record of releases and expenditure thereof.

The matter was reported to CEO (District Education Authority) in June, 2017. Management replied that there was a clerical mistake in (Budget/Expenditure statement) provided by the education department and difference also came due to the reason that some SC grants were directly allocated by the DMO to the schools. Reply was not tenable as no evidence was produced in support of reply.

DAC, in its meeting held during October, 2017 directed Dy. DEOs concerned to get the matter regularized from the competent authority within one month. No progress was intimated till finalization of this Report.

Audit recommends appropriate inquiry besides regularization of the matter from the competent authority and taking action against the concerned.

5.4 According to Para 6.1 of the School Council Policy 2007, evaluation of School Council performance will be made in accordance with procedure defined by the Provincial and District Government. Monitoring and Evaluation Assistants (MEAs) will evaluate performance of School Council each month according to prescribed proforma. AEOs / Dy. DEOs can check the record of School Council and can meet the members of School Councils to solve the problems for the improvement of school. District Monitoring Officer (DMO) or any other

Government representative may also check the record of School Council and meet the members of School Council.

Contrary to the provision of the School Council Policy, in 163 schools no internal/departmental audit/inspection was conducted by the Education Authority that showed that spirit of programme was not achieved. Furthermore, in various schools departmental inspection was shown to be carried out but reports were not issued to Head Teachers/SCs in violation of SC policy, discrepancies remained unattended and objective of monitoring could not be achieved and it apprehended that just formalities were tried to be fulfilled. Monitoring and internal control systems were found weak/ineffective as following irregularities were observed:

- i) Need assessment was not observed at the time of transfer of funds.
- ii) School Council was constituted, members of SC increased/replaced by violating the basic rules / provision of the School Council Policy.
- iii) Specimen signature of SC members did not match with SC Notification/signature in Minutes of meeting register.
- iv) School Councils remained working after expiry of two years tenure.
- v) SC meetings were not held according to policy.
- vi) Expenditure was incurred without observing the procedure given in financial and procurement guide and in the School Council Policy.
- vii) Hiring of employees without fulfilling the requirements at excessive rate.

All the above observations denoted poor monitoring on the part of higher offices and weak internal control system towards implementation of spirit of the programme as if proper monitoring had been done then there would have been no such irregularities in schools.

Audit is of the view that due to poor monitoring & evaluation and weak internal controls, no internal/departmental audit/inspection was conducted.

Non conducting of internal/departmental audit/inspection resulted in non-achievement of objectives of programme.

The matter was reported to CEO (District Education Authority) in June, 2017. Management replied that MEAs visited all schools every month and submitted report as well as. AEOs also visited 100% schools and check SC record. Reply was not tenable as no documentary evidence was produced in support of reply.

DAC, in its meeting held during October, 2017 directed Dy. DEOs concerned to make concrete efforts for conducting internal audit within one month. No progress was intimated till finalization of this Report.

Audit recommends appropriate action to ensure periodic inspection of each school, issuance of inspection report and proper follow-up for implementation of contents of inspection reports. Furthermore, efforts be made for strengthening monitoring and evaluation controls.

5.5 According to Para 2.1(c) of revised procedure for operation of Special Drawing Accounts issued by Government of the Punjab, Finance Department vide letter dated 11.09.2007 "On release of funds to SDA, the funds released will be noted in the Appropriation Register. The expenditure shall be recorded in the accounts when endorsement is given on the Cheque by the DAO/TO and Appropriation Register will be updated against relevant budget head". Furthermore, according to Rule 2.2 of PFR Vol-I "A simple Cash Book in P.F.R. Form I should be kept in every office, receiving or disbursing money for recording all transactions.

Special Drawing Account was jointly operated by EDO (Education) Bahawalpur and District Monitoring Officer and funds of Rs 359.163 million were withdrawn for distribution to SCs but cash book/register for recording utilization of funds was not maintained as required in above referred criteria. This act showed poor monitoring and weak internal control towards utilization and

keeping record of government funds. Resultantly actual expenditure incurred, could not be ascertained.

Audit is of the view that due to weak internal controls, cash book/register for recording utilization of funds was not maintained.

Non maintenance of cash book/register for recording utilization of funds created doubts regarding legitimacy of expenditure.

The matter was reported to CEO (District Education Authority) in June, 2017. Management replied that the amount came from Account-1 (SDA) and did not fall under audit purview of concerned office. Reply was not tenable as AGP is fully empowered to carry out audit of expenditure incurred out of public money and this study was a part of audit plan.

DAC, in its meeting held during October, 2017 directed Dy. DEOs concerned to maintain the record as per requirements of SC policy. No progress was intimated till finalization of this Report.

Audit recommends investigation of the matter and fixing responsibility for non-maintenance of requisite record.

5.6 According to Para 4.3 of School Council Policy 2007 amended in 2013, it was compulsory for School Council to maintain record of moveable/immoveable property.

It was observed that moveable/immoveable property & stock register was not maintained to ensure the safeguard of Government assets. Furthermore, no physical verification of assets was carried out and no mechanism was adopted to carry out the physical verification of moveable/immoveable assets in all schools by the higher offices or School Councils that showed lapses on account of monitoring and evaluation. Owing to improper maintenance of record and non-conducting of physical verification of assets, chances of misuse / theft of assets coult not be ruled out.

Audit is of the view that due to weak internal controls and weak monitoring and evaluation system, moveable / immoveable property & stock register was not maintained.

Non maintenance of moveable/immoveable property & stock register created doubts regarding legitimacy of government assests.

The matter was reported to CEO (District Education Authority) in June, 2017. Management replied that record was available in schools. However, a committee was being constituted to refresh the instructions of audit. Reply was not tenable as no documentary evidence was produced in support of reply.

DAC, in its meeting held during October, 2017 directed Dy. DEOs concerned to produce the record within one month. No progress was intimated till finalization of this Report.

Audit recommends constitution of a special committee for physical verification of assets of schools and maintenance of record of assets besides fixing responsibility for non-compliance.

5.7 According to School Council Policy 2007, schools were responsible to maintain all kind of record in the school.

Various records were missing/improperly maintained by the schools which denoted that Education Department did not implement proper monitoring & and internal control system for keeping essential records. Detail of some schools is given in **Annex-O** with the remarks thereof.

Audit is of the view that due to weak internal controls, various records were missing/improperly maintained by the schools.

Missing / improper maintenance of record resulted in non-acheivement of spirit of programme.

The matter was reported to CEO (District Education Authority) in June, 2017. Management replied that audit of SC funds conducted by the audit party of RDA Bahawalpur was violation of the Notification No. IT (FD)3-13/202 dated

07.01.2004 as SC funds did not fall under the audit purview. Reply was not tenable as AGP is fully empowered to carry out audit of expenditure incurred out of public money and this study was a part of audit plan.

DAC, in its meeting held during October, 2017 directed Dy. DEOs concerned for maintenance of record as per requirement of SC policy. No progress was intimated till finalization of this Report.

Audit recommends maintenance of requisite record besides taking action against the person(s) at fault.

Environment

The basic objective of SCs was to improve the governance, education standard and accessibility besides provision of basic facilities. In order to achieve the desired objectives and increase in literacy rate, a friendly and healthy environment was necessary. During formulation and implementation of the policy, following issues were not given due importance:

- i) Un-healthy environment due to deteriorated condition of buildings, utilization of saline water, irreparable furniture and non-mentioning of cleanliness of schools.
- ii) To improve healthy environment beautification of schools was not given due weight to make the environment more attractive for students and parents. Furthermore, plantation efforts were not visible at schools.

Audit is of the view that due to inefficiency at planning and execution stages, efforts were not made to provide healthy environment in government schools as compared to schools in private sector.

Audit recommends higher authorities to reframe the policy by prioritizing the environmental aspects as well.

Sustainability

Programme was planned to improve governance, increase education standards and accessibility in the field of education. The objectives could only be achieved with active, effective and efficient functioning of SCs through a standing internal monitoring system ensuring financial discipline and reviewing policies from time to time. Appropriate measures were not taken to ensure sustainability of the programme and as a result it was discontued on 01.07.2014 and was replaced with another programme i.e NSB.

Lessons Identified

In addition to the recommendations given in this Report, Audit suggests to consider the following aspects for better outcomes.

- i) Latest information technology equipment including smart phones be utilized for data collection and effective monitoring.
- ii) Training/capacity building activities for AEOs, Head Teachers and SC members need special attention.
- iii) Private sector may be engaged to participate in implementation of literacy related program and for its expert opinion
- iv) Availability of Class-IV employees and supportive staff be ensured in each school.
- v) Health, Environment and Agriculture Departments be involved to cope with health and environmental issues in schools.
- vi) Interlinked coordination be improved with the higher management and staff by adoption of proper reporting & monitoring.
- vii) A comparative evaluation of SCs on monthly basis be made with reference to the efficiencies and effectiveness achieved in other districts.
- viii) Punjab Procurement Rules, Financial Rules and Internal Audit should be followed while incurring expenditure through SCs for economy and efficiency.
- ix) Efforts should be made to mobilize the community for active participation in SCs.
- x) Minimum criteria for becoming member of SC i.e. qualification, experience etc. should be included in the School Council Policy to avoid ineffective members.
- xi) The School Council Policy can be restricted in city/rural areas, members be minimized by inducting AEOs and teachers in the SC for better results.
- xii) Mechanism should be framed to inform relevant Head Teacher/SC regarding transfer of funds in relevant bank account.
- xiii) The services of school staff should not be utilized for the purposes other than Education.

Possibilities and opportunities for scaling up / Options

The constitution of School Councils is a vital step of the Government for participation of populace of the area in administration of Schools.

• Relevance

Better healthy and secured education environment can be provided through involvement of School Councils comprising educated and active members. The policy was highly relevant to the objectives of school education department.

• Efficacy

Due to lack of vigilance, financial indiscipline, violation of policy rules and releases of funds without need assessment resulted in declining impact on delivery of education services.

Economy

Economy was not achieved due to non-observance of procurement procedure provided in Financial and Procurement Guideline for School Councils.

• Efficiency

As no financial benefits were provided to the members of SCs, especially in rural areas, members did not take interest in activities of School Councils.

Effectiveness

Lack of capacity building of AEOs, Head Teachers and SC members was main hindrance towards achievement of the objectives of School Councils as mentioned in the School Council Policy.

Ethics

The objective of the Government is to provide better educational environment at a very low cost to poor people at their door step but desired results could not be achieved due to uneven deployment of teachers, non-deployment of indispensable staff and inactive participation of SC members.

Environment

The basic objective of SCs was to improve the governance, education standard and accessibility besides provision of basic facilities. In order to achieve the desired objectives and increase in literacy rate, a friendly and healthy environment was necessary. During formulation and implementation of the policy, due efforts were not made to provide healthy environment in government sector schools as compared to schools in private sector.

• Performance Rating of the SCs

Unsatisfactory

• Performance Rating of the Programme

Unsatisfactory

• Risk Rating of the Programme

High

Conclusion

This programme was launched in July 2011 with the objective to improve governance, education standards and accessibility in the field of education through increasing enrollment of students, monitoring of teachers, motivation of parents for importance of education, maintenance of financial record for utilization of funds and to prepare development plan, take steps for safeguard of school land. Audit observed that said objectives could not be achieved in true spirit due to lack of vigilance, improper planning, non-adoption of economy measures, inadequate monitoring system and financial deficiencies. Furthermore, training of the staff (which included AEOs, Head Teachers and members of SCs) was totally ignored at planning and execution stages. Launching of programs without adequate financial & monitoring measures resulted in uneconomical use of public resources as indicated through different audit observations. Until and unless, proper vigilance is not exercised before launching such programmes on the basis of ground realities and authentic survey reports, envisaged objectives cannot be achieved. However, by adopting measures as suggested in this Special Study Report, better results may be achieved.

ANNEX

Questionnaire for School Councils (SCs)

Name of School _____

1	Do you have copy of the School Council Policy	Yes	No
2	Are the amendments in the School Council Policy being properly circulated to you by higher-ups	Yes	No
3	Was Form-I prepared for specimen signature of members if YES then please enclose the copy of same	Yes	No
4	Have you been properly trained for handling matters relating to SC	Yes	No
5	If answer to serial 4 is "Yes" then please list down the same		
6	How the members of councils are informed before meetings / agenda		
7	Dates of general body meetings for formulation/re-formulation of SC		
8	Hard ships (if any) being faced for smooth running/ operationalization of SC	•	
9	Suggestions for improvement in formulation of SC and performing functions	by SC	
10	Is there any illegal occupation of school land / property if "Yes" then please provide detail	Yes	No
11	Was any temporary teacher hired during 2011-12 to 2013-14	Yes	No
12	Was Annual Development Plan / Annual Procurement Plan prepared for each Financial Year	Yes	No
13	Was Bi-annual scrutiny of record conducted by SC members in each Financial Year (in line with Para 5 of Financial Rules & Procedure	Yes	No
14	Were detailed estimates / specifications prepared for repair/ construction of building, Boundary Walls etc. before execution	Yes	No
15	Was there any internal / departmental audit /inspection conducted during 2011- 2014, if Yes please enclose the copy	Yes	No
16	Is there any mechanism for periodical verification of stocks/material, if Yes then please described the same.	Yes	No
17	Whether any inspection of materials received from FTF/Grants was conducted by higher authorities, if Yes then please enclose copy of the same	Yes	No
18	Do you think that existing composition of SC is suitable for smooth running of Rules of Business of the Council, if reply is "No" then please suggest new composition and any proposed amendments in functioning/Rules of Business of SC	Yes	No
19	Are you satisfied with the response of SC members in performing activities for overall betterment of school, if reply is "No" then please suggest how the active participation members may be attained	Yes	No

20	Please list out weaknesses of existing Rules of Business /functioning of School Councils
